A. Mission Description and Budget Item Justification

This program supports the Department's initiatives to Defend the Homeland, Build Sustainable and Long-Term Advantage, and Taking Care of People.

The Homeland Defense Technology Transfer program ensures a successful and balanced transfer of dual-use technology equipment and information to first responders without impeding military readiness. Accelerates dual-use tech transfer to first responders, increases effectiveness of equipment transfers to first responders, and transfers technology through a transitional effort that has dual utility to improve homeland security and enhance public safety without degrading military readiness. The program meets the Congressional intent of Sec 1401 of the National Defense Authorization Act for FY 2003 (P.L. 107-314) and supports the National Defense Strategy through continuously delivering performance with affordability and speed as we change Departmental mindset, culture, and management systems.

The program consolidates and coordinates various military endeavors that pass technology and equipment to first responders. Works with a variety of DoD activities, interagency partners, and first responder organizations to ensure that dual-use military technology is expedited into the commercial sector for use by law enforcement, fire, and emergency medical service personnel. Works with the Military Departments and Defense Logistics Agency to ensure that appropriate excess military equipment is made available to the first responder community on an expedited basis. Fulfills Congressional intent to help improve public safety and enhance public security.

Change Summary Explanation

No change in FY 2025 from previous PB.

Minimal programmatic adjustments from FY 2024 to FY 2025 to support a successful and balanced transfer of dual-use technology equipment and information to first responders without impeding military readiness.

C. Accomplishments/Planned Programs (\$ in Millions)	FY 2023	FY 2024	FY 2025
Title: Homeland Defense Technology Transfer Program	1.732	1.879	1.867
Description: Provide outreach through coordination and cooperation with inter-agency partners to provide dual-use technology and equipment to first responders. Ensure DoD components conduct Technology Transfer programs that are appropriate for the respective component. Provide information to stakeholders on equipment and technology use and availability.			
FY 2024 Plans:			
Continue efforts in support of the first responder community.			
- Use a consortium of subject matter experts/governance councils to prioritize technology transfer requirements and expedite DoD dual-use technologies.			
- Continue program outreach activities and prioritize outreach to reflect efficiencies.			
- Enhance and expedite excess equipment transfer capabilities from service level divestiture efforts and overseas contingency operations.			
FY 2025 Plans:			
Continue FY 2024 efforts in support of the first responder community.			
- Use a consortium of subject matter experts/governance councils to prioritize technology transfer requirements and expedite DoD dual-use technologies.			
- Continue program outreach activities and prioritize outreach to reflect efficiencies.
