30 September 1961

LIST OF TRANSLATIONS ON
METEOROLOGY AND ATMOSPHERIC PHYSICS

PURPOSE: Air Weather Service Pamphlet O-15, Vol. II, "List of Translations on Meteorology and Atmospheric Physics," 1st Supplement, is published for the information of intelligence, scientific, technical, and climatological services activities in AWS units, and of other U.S. military activities concerned. This is a continuation of AWS Bibliography 15, April 1959.

OPT: AWSSS
DISTRIBUTION: X (see page 105)

INTRODUCTION

The scope and other background information about this pamphlet were given in the introduction to AWS Bibliography 15 and will not be repeated here. This volume contains translations which have come to the attention of Headquarters Air Weather Service since April 1959. The meaning of symbols used and the addresses of the various sources cited are as follows:

MEMORANDUM FOR DTIC-OQ

ATTENTION: LARRY DOWNING
8725 JOHN J. KINGMAN ROAD
FORT BELVOIR, VA 22060-6218

FROM: Air Force Weather Technical Library
151 Patton Ave, Rm 120
Asheville, NC 28801-5002

SUBJECT: CHANGE CLASSIFICATION AND DISTRIBUTION STATEMENTS

1. AD873241 – A model of ionospheric total electron content.
2. AD117710 – Constant-pressure trajectories.
3. AD265052 – List of translations on meteorology and atmospheric physics, vol.II.
4. AD284757 – List of translations on meteorology and atmospheric physics, vol.III.
5. AD862101 – Meteorological resources and capabilities in the '70's. Proceedings of the 5th AWS Technical Exchange Conference, Air Force Academy, 14-17 July 1969.
6. AD227459 – List of translations on meteorology and atmospheric physics, vol.I.

All the above documents need to be changed to "Approved for Public Release, Distribution Unlimited" please.

SUSAN A. TARBELL
Librarian, Classified Custodian,
DTIC Point of Contact

Attachment:

1. 6 copies of front covers
