A WORLD OF NUCLEAR POWERS?

USAFARP 212-1, DECEMBER 1966, NUMBER 2

INTRODUCTION

This bibliography was prepared to assist the participants in the Ninth AFA Assembly to be held in the spring of 1967. Because of the great volume of material on the subject, this bibliography is, therefore, highly selective. These examples from the principal sources may be used as guides to further research.

A list of reference sources will be found at the end of the bibliography, for use in more extensive study.

In coordination with the Director of the AFA Assembly and his staff, this bibliography was compiled by Mrs. Ottie Sutton and Mrs. Evelyn Myers, Reference Librarians at the USAF Academy Library.
