PREFACE

This publication is a listing of reprints which concern research of interest to the Department of Defense. The publication has three (3) major parts:

The KWIC INDEX displays in context each significant word of a title alphabetically in the center of the column.

The BIBLIOGRAPHY consists of descriptions of the reprints, including the journals in which the articles appear.

The AUTHOR INDEX is an alphabetical listing of personal authors with references to the item numbers in the BIBLIOGRAPHY.

ASTIA will not supply copies of these reprints. Articles of interest should be sought in the appropriate journals.
