REPORT USE AND EVALUATION

Feedback from consumers concerning the utilization of reports is a vital element in improving products so that they better respond to specific needs. To assist the Chief of Naval Personnel in future planning, it is requested that the use and evaluation form on the reverse of this page be completed and returned. The page is pre-addressed and franked; fold in thirds, seal with tape, and mail.

1. Officer Course Costs	7

I. INTRODUCTION

A. Problem

Available officer cost data are several years old. They do not, therefore, meet the needs of manpower managers since various elements effecting cost data have undergone changes in recent years.

B. Background

Navy manpower managers have a variety of uses for personnel cost data. For example: training costs for various officer programs can be compared for use in training budget decisions; solutions to retention problems can be, in part, based on this data; manpower planners can use these cost factors in projecting future needs.

Previous to this report officer cost data were contained in five separate reports:

1. Officer Personnel Costs: Naval Academy Graduate, WRM 65-3
2. Officer Personnel Costs: NROTC Regular, NROTC Contract, WRM 65-6
3. Officer Personnel Costs: Aviation Officer Candidate (AOC), WRM 66-1
4. Officer Personnel Costs: Naval Aviation Cadet (NAVCAD), WRM 66-14
5. Officer Personnel Costs: Pilots and Naval Flight Officers Procured through AVROC and OCS Programs, WRM 70-29

This mixture of reports has three basic handicaps: (1) the data are from 2 to 6 years old; (2) related data are contained in separate reports; (3) and the methods of arriving at the cost factors vary in these reports. This report eliminates these handicaps by combining uniformly developed and current cost data under one cover.

II. APPROACH

A. Methodology

Officer cost information was gathered from the Bureau of Naval Personnel, Bureau of Medicine and Surgery, Chief of Naval Air Training (Pensacola, Fla.), FY 1970 pay schedules, and Navy cost publications. After the cost information was received and reviewed, determinations were made as to which items were pertinent and would be included in developing cost data included in this report. Amortization cost on BuPers schools were unavailable; therefore, figures on amortization have been excluded from the cost information gathered from other sources thereby providing a common basis for cost comparison. The data were then arranged according to the three general fields of endeavor with which this report is concerned; Naval Aviators; Naval Flight Officers; and Surface, Submarine and Nuclear Power Officers. The officer cost data were developed and computed for each officer area of specific qualification within the major reporting field e.g. A-6 Navigator, A-3 Pilot. These computations included such items as procurement, travel, and medical. A comprehensive explanation of the costs contained in this report is contained in the discussion section that follows.

III. DISCUSSION

The following is a brief explanation of the costs reported in Appendix

A.

A. Pre-Commissioning Costs

1. Procurement

The costs included all expenses attributable to officer procurement such as, salaries of personnel involved in officer procurement; travel and per diem of such personnel; vehicle costs; office rentals; advertising; communications; medical services; shipping costs; repairs to office machines and equipment; office supplies; furniture and equipment. The average cost of procurement for OCS is \$1,397 (as reported by Pers-B6). Being an average cost there is no way to report procurement cost differentials between programs. Procurement costs of \$35 and \$50 for Naval Academy and NROTC respectively are Pers-B6 estimates.

2. Accession and Training Travel

Accession travel includes movements from home or recruiting (procurement) station to a training center and to the first permanent duty station after initial training. The first permanent duty station may be an operational billet or a school of 20 weeks or more duration. Training travel consists of movements on permanent change of station orders for duty under instruction at a school or installation for a period of 20 weeks or more duration, except when the school or installation is the member's first permanent duty station and the movements from duty under instruction at such schools or installations to the next permanent duty station. Average costs of accession and training travel as supplied by Pers-H11 are:

a. Naval Academy The FY 1969 accession travel cost for Naval Academy Midshipmen is \$57.

b. NROTC-R The FY 1969 total travel cost for an NROTC-R graduate is \$658.

c. NROTC-C The FY 1969 total travel cost for an NROTC-C graduate is \$200.

3. Training

a. Naval Academy This is the FY 1969 cost per Midshipman (as supplied by Pers-Cb11) multiplied by 4 years to arrive at an estimated cost per graduate.

b. NROTC-R & C. Based on the total cost for tuition, fees, and books, administrative expenses, and military and faculty staff pay and allowances per graduate of these programs as provided by Pers-H222.

c. OCS. Based on FY 1969 per capita cost of training report prepared by Pers-C.

4. Pay & Allowances

a. Basic Pay. The pay table used is that for Military Basic Pay, effective 1 January 1970. The basic monthly pay for a Naval Academy Midshipman is \$208.80. Pay and allowances for NROTC-R and C Midshipmen are the amounts provided by Pers-H222. Basic pay of an E-5 (Less than 2 years of service), \$275.40 is used in the computation of OCS pay.

b. Subsistence. Subsistence credited to the Naval Academy Midshipman is at the rate of \$1.52 per day. The value of subsistence in kind for NROTC-R and C graduates is \$231 and \$70 respectively as provided by Pers-H222.

c. FICA. FICA is costed at the rate of 4.8% on basic pay up to \$7,800 per year.

d. Clothing. The Naval Academy Midshipman does not receive a clothing allowance. Individual and organizational clothing costs for NROTC-R&C are \$400 and \$443 respectively. A clothing allowance of \$200 is given OCS candidates.

B. Post-Commissioning Costs

1. Training

a. Surface Ship. In view of the many courses of instruction to which this officer could be assigned, no effort has been made to include a post-commissioning training cost in his fact sheet. Table I is a sampling of course costs which may be applied to the per capita worth of the officer illustrated in the fact sheet. The costs per student week were derived from the Per Capita Cost of Training - Fiscal Year 1969 - Functional and Fleet Schools Report prepared by Pers-C, Bureau of Naval Personnel. (FY 1968 costs for submarine training are used due to non-receipt of FY 1969 cost data from the Submarine Base, New London.)

b. Conventional Submarine. The officer basic submarine training period is of 24 weeks duration. The FY 1968 per capita cost of training - Functional and Fleet Schools, prepared by the Pers-C, Bureau of Naval Personnel, reflects an expenditure, less student pay and allowances, of \$8,495,454 for 73,363 student weeks of training. Division of the total expenditure by the total number of student weeks results in a student week cost of \$115.80. The student week cost multiplied by 24 weeks results in a cost of \$2,779.20 for officer basic submarine training.

c. Nuclear Power. The cost of nuclear power training as provided by Pers-C, Bureau of Naval Personnel, is based on the weighted average cost per student week for the two nuclear power schools and three nuclear power training units.

A weighted average cost per student week of \$72.72 multiplied by 24 weeks amounts to \$1,745 per student for Nuclear Power Schools.

A weighted average cost per student week of \$188.35 multiplied by 26 weeks provides a weighted average cost of \$4,897 per student for the nuclear power training units.

The two costs combined result in a total of \$6,642 for nuclear power training.

2. Pay & Allowances

Based on grade and length of service. Time in grade for Ensign and Lieutenant (JG) are based on current accelerated promotion policy.

Ensign - 1 yr.

LTJG - 2 yrs.

a. Subsistence. Subsistence is credited at the rate of \$47.88 per month.

b. Quarters. Individuals are not assumed to be married until after they are commissioned. Quarters are credited at the following rates throughout post-commissioning service.

Ensign - \$110.10
 LTJG - 120.00
 LT - 130.05

c. FICA. FICA is costed at the rate of 4.8% on basic pay up to \$7,800 per year.

d. Submarine Pay. During basic submarine training the student spends approximately 20 days underway. At a rate of \$3.33 per day, this amounts to \$67 which is charged off to basic submarine training.

For subsequent service, submarine pay is credited at the following monthly rates.

<u>Pay Grade</u>	<u>2 or Less</u>	<u>Over 2</u>	<u>Over 3</u>	<u>Over 4</u>
Ensign	\$100	--	--	--
LTJG	115	\$125	\$150	--
LT	--	--	155	\$165

e. Clothing. A post-commissioning clothing allowance of \$300 is credited to NROTC-R&C and one of \$100 for OCS candidates. While this amount is charged off on the Basic Submarine line on the pay charts for the conventional and nuclear powered submarine officers, it is not considered a training cost and must be deducted from the line total to arrive at the student's pay and allowances. The same applies to the Surface Nuclear Power Officer except that it is included on the Nuclear Power Training line.

3. Transportation

The following are FY 1969 average costs per move as provided by Pers-H112. Each officer is assumed to make the moves indicated during the period costed.

*Training to first Duty Station - \$1,035
 Operational Move to Second
 Duty Station - 1,291

4. Medical

Medical costs charged in the post-commissioning cost computations are the FY 1969 medical cost per man per year of \$148.32 as reported by BuMed (Code 465).

The following is a brief explanation of the costs reported in Appendix B (Pilot Cost Comparison) and Appendix C (Naval Flight Officer Cost Comparison) of this report.

C. Pre-Commissioning Costs

1. Procurement

This is the FY 1969 average cost of \$1,397 for officer procurement as reported by Pers-B6. Being an average cost, there is no way to report procurement cost differentials between programs.

2. Accession Travel

The FY 1969 accession travel cost for the various officer candidate programs, with the exception of NROTC. The travel costs for NROTC are included in the figure which represents pre-commissioning pay. Below are the travel costs used:

Naval Academy & NAVCAD	- \$ 57.00
AOC	108.00
AVROC	200.00
OCS	95.00

3. Training

a. Naval Academy. This is the FY 1969 cost per Midshipman multiplied by 4 years to arrive at an estimated cost per graduate.

b. NROTC-C&R. Based on the FY 1969 cost of graduates of the NROTC-C and NROTC-R programs prepared by Pers-H2.

c. AOC. The AOC pre-commissioning cost is based on the cost per equivalent student trained in the NAOC School and Primary Flight for FY 1969 as reported by CNATRA.

d. NAVCAD. The CNATRA by 1969 costs for NAOC School, Primary Flight, Basic, and Advanced flight training for pilots and NAOC School, VT-10 training for NFOs are used for the NAVCAD Program.

e. AVROC. The AVROC pre-commissioning costs are based on FY 1969 cost data for two (8 week) summer training sessions held in Pensacola, Fla. with pay at paygrade E-5.

f. OCS. The OCS pre-commissioning costs are based on FY 1969 cost data for 18 weeks of officer training at Newport, R.I. with the pay of an Officer Candidate Under Instruction (OCUI-2).

4. Pay & Allowances

a. Basic Pay. The pay table used is that for Military Basic Pay, effective January 1970. The following are the basic monthly pays used for Naval Academy, AOC, AVROC, OCS, and NAVCAD. Training pay for NROTC-C &R is included in the lump sum figure shown as Basic Pay on the Pay & Allowances Computation Sheets. This figure also includes subsistence clothing, and travel costs.

Naval Academy	-	\$208.80
AOC	-	275.40
AVROC	-	275.40
OCS	-	275.40
NAVCAD	-	208.80

b. Subsistence. Subsistence credited to the Naval Academy and NAVCAD costs is as follows.

Naval Academy	-	\$ 1.52 per day
NAVCAD	-	47.88 per month

c. FICA. FICA is costed at the rate of 4.8% on basic pay up to \$7,800 per year.

d. Flight Pay. The only program which involves flight pay during the pre-commissioning phase is NAVCAD. During the Primary, Basic, and Advanced training phases, the NAVCAD is credited with \$50 per month.

e. Clothing.

(1) Special Initial Allowance. The NAVCAD and AOC receive a special initial clothing allowance of \$281, while OCS candidates receive \$200. The Naval Academy Midshipman does not receive a clothing allowance. Clothing allowance for NROTC-C&R is included in the lump sum under basic pay.

(2) Basic Maintenance Clothing Allowance. The NAVCAD, after completion of 6 months of active duty, is credited with a basic maintenance clothing allowance of \$4.80 per month.

D. Post-Commissioning Costs

1. Training

a. Naval Academy, NROTC-C&R, OCS, and AVROC. These individuals attend NAVAVSCOLSCOM, Primary Flight and Flight Systems and basic flight training as Ensigns and Advanced Flight training as Ensigns and LTJGs. Following this period, they proceed to CRAW/RAG training, depending upon the type of aircraft they are to be trained in.

b. AOC

(1) Pilot. The AOC is commissioned an Ensign upon completion of VT-1 and serves in this grade during the Basic and Advanced phases of flight training. Following this, the individual proceeds to CRAW/RAG training.

(2) NFO. The AOC is commissioned an Ensign upon completion of the first 5 weeks of VT-10 and serves in this grade during the remaining 11 weeks of VT-10, specialty training and CRAW/RAG.

c. NAVCAD. The post-commissioning training for the NAVCAD is conducted in CRAW/RAG squadrons.

d. CRAW and RAG Training. The costs for this training are based on cost data from the Navy Program Factors Manual and the CRAW/RAG Planning Factors.

2. Pay and Allowances

Based on grade and length of service. Time in grade for officers is based on current accelerated promotion policies.

Ensign - 1 year
LTJG - 2 year

Pre-Commissioning service credited to longevity for pay purposes:

Naval Academy	- None
NROTC-C&R	- None
AOC	- 3.93 Months - Pilot
	- 3.69 Months - NFO
NAVCAD	- 14.90 Months - Pilot
	- 8.00 Months - NFO
AVROC	- 24.00 Months
OCS	- 4.16 Months

a. Subsistence. Subsistence is credited at the rate of \$47.88 per month.

b. Quarters. Individuals are not assumed to be married until after they are commissioned. Quarters are credited at the following rates throughout post-commissioning service.

Ensign - \$110.00
LTJG - 120.00
LT - 130.05

c. FICA. FICA is costed at the current rate of 4.8% on basic pay up to \$7,800 per year.

d. Flight Pay. Flight Pay is credited at the following monthly rates.

Pay Grade	2 or Less	Over 2	Over 3	Over 4	Over 6
Ensign	\$100	\$105	--	--	--
LTJG	115	125	\$150	--	--
LT	--	--	155	\$165	\$180

e. Clothing. The following post-commissioning clothing allowances have been credited to the programs entitled to such allowances.

NAVCAD - \$175
AOC - 175
NROTC-C&R - 300
OCS - 100
AVROC - 300

3. Transportation

The following are FY 1969 average costs per move as provided by Pers-H112. Each officer is assumed to make the moves indicated during the period costed.

Training to first OpSquadron - \$1,035
Operational move to second OpSquadron - 1,291

4. Medical

Medical costs charged in the Post-Commissioning (operational phases only) cost computations are the FY 1969 medical cost per man per year of \$148.32 as reported by BuMed (Code 465).
