

NAVAL SURFACE WARFARE CENTER INDIAN HEAD EOD TECHNOLOGY DIVISION

DISTRIBUTION A. Approved for Public Release: distribution unlimited.

Naval Surface Warfare Center (NSWC)

Naval Surface Warfare Center (NSWC) Indian Head Explosive Ordnance Disposal Technology Division (IHEODTD) brings together the largest full-spectrum energetics facility in the Department of Defense, with the largest concentration of EOD technology and resources in the world.

NSWC IHEODTD is one of 10 warfare center divisions within the Naval Sea Systems Command Enterprise. The warfare centers have a combined personnel of approximately 25,000 and maintain 164 unique research, development, test and evaluation facilities and 129 unique technical capabilities in their portfolios.

The command has the largest workforce in the DoD dedicated to EOD and energetics and is home to more than 2,300 employees, approximately 70 of which hold doctorates. NSWC IHEODTD also has eight detachments including sites in Picatinny, N.J.; Rock Island, Ill.; McAlester, Okla; Ogden, Utah and employees stationed throughout the world.

The command's unique synergy and balanced capabilities address all aspects of the energetic technical discipline to include basic research, applied technology and technology demonstration, and prototyping.
