MEMORANDUM FOR RECORD

FROM: AFOSR/RT
875 North Randolph Street
Suite 325, Room 3112
Arlington VA 22203

SUBJECT: Missing Final Technical Report

1. No Final Technical Report has been obtain for grant number FA9550-11-1-0183. I have attempted on multiple occasions to reach the Principal Investigator and his/her organization (as well as my colleagues at MIT) to obtain the Final Technical Report but was unsuccessful. Note that there were 2 previous program managers that transferred it to the next program officer, and then that person transferred to me. Hence, the most recent Program Officer before me was not aware of the work and it has been almost a decade since the project was funded.
2. The research project for this grant was originally in the dynamics and control portfolio. From his publications https://scholar.google.com/scholar?hl=en&as_sdt=0%2C36&q=Gregory+Wornell+&btnG=, I am guessing the research was in wireless sensor networks.
3. My contact details are DSN 703-696-7311 or erik.blasch.1@us.af.mil.

MEMORANDUM FOR AFRL/AFOSR

I approved the waiver for technical reports for this particular grant to DTIC as the assigned program officer has demonstrated due diligence in his/her attempt in obtain the required deliverable documents. This is in accordance with AFRLI 61-201 dated 9 February 2016 and AFRL guidance regarding unobtainable deliverables.

JASON B. MELLO, Colonel, USAF
Chief, Science & Engineering Division
