Acknowledgments

The Office of People Analytics (OPA) is indebted to numerous people for their assistance with the *2022 Service Academy Gender Relations Survey (2022 SAGR)*, which was conducted on behalf of the Office of the Under Secretary of Defense for Personnel and Readiness (OUSD[P&R]). The survey program is conducted under the leadership of Dr. Ashlea Klahr, Director of OPA's Health and Resilience (H&R) Research Division. OPA's H&R research is conducted under the oversight of Ms. Lisa Davis, Deputy Director. The project manager for this effort was Mr. William Xavier Klauberg of Fors Marsh.

Service Academy officials contributing to the development and administration of this survey included Ms. Stacey Rosenberg, Mr. Russ Strand, and Dr. Corrine Wilsey (U.S. Military Academy); CAPT Greg Mendenhall and LCDR Andrew Lingg (U.S. Naval Academy); and Ms. Sonja Strickland, Mr. Glen Popejoy, Ms. Heidi Huff, and Capt. Andrew Nelson (U.S. Air Force Academy).

Policy officials contributing to the development of this survey include Dr. Nathan Galbreath (Sexual Assault Prevention and Response Office) and Ms. Shirley Raguindin (Office of Diversity, Equity, and Inclusion).

The lead survey design analysts were Mr. William Xavier Klauberg and Dr. Becky Lane of Fors Marsh. Ms. Margaret Coffey, Senior Scientist, Fors Marsh, was responsible for the creation of survey database and archiving standards. The lead operations analyst on this survey was Kim Hylton and Margaret Coffey of Fors Marsh.

The *2022 SAGR* would not have been possible without the hard work of the data collection team, headed by Mr. William Xavier Klauberg, Dr. Becky Lane, and Mr. Mark Petusky. Those who assisted in survey administration at the MSAs include Dr. Becky Lane, Mr. Mark Petusky, Mr. Alex Fernandes, Ms. Alycia White, Ms. Alyssa McHoes, Dr. Andrew Pomerville, Dr. Anna Sheveland, Mr. Chris Spar, Mr. DaCota Hollar, Mr. Dom Salomone, Mr. Dwayne Beebe, Ms. Liz Richards, Ms. Jess Tercha, Dr. Kate Elvey, Ms. Kimi Mirani, Ms. Kim Hylton, Ms. Krystyna Poznanski, Ms. Maddi Miles, Ms. Michelle Wheatley, Ms. Nativita Kaminski, Mr. Bobby McClintock, Mr. Sam Fishman, and Dr. Sela Harcey.

OPA's Methods, Analysis, and Systems Support (MASS) team, under the guidance of Mr. David McGrath, Branch Chief, and Wendy Barboza, Research Mathematical Statistician, were responsible for all statistical aspects of this survey, including weighting, nonresponse bias analysis, imputation, and the implementation of statistical hypothesis testing used in the survey program. Mr. Marcus Maher and Mr. Nathan Coe under the supervision of Mr. Stephen Busselberg, all of the Fors Marsh Scientific Techniques and Analysis Team (STAT), were responsible for coordinating, implementing, and documenting the weighting process and developed the statistical weights based on the respondents for this survey.

A team consisting of Mr. William Xavier Klauberg, Ms. Margaret Coffey, Ms. Divya Alukal, and Ms. Emilee Wakefield, of Fors Marsh contributed to the writing in this report.

2022 SERVICE ACADEMY GENDER RELATIONS SURVEY: ADMINISTRATION, DATASETS, AND CODEBOOK

Introduction

The *Center for Health and Resilience* (H&R), Office of People Analytics (OPA), conducts both web-based and paper-and-pen surveys to support the personnel information needs of the Under Secretary of Defense for Personnel and Readiness (USD[P&R]). These surveys assess the attitudes and opinions of the entire Department of Defense (DoD) community—active, Reserve component members, and civilian employees—on a wide range of personnel issues. H&R surveys are in-depth studies on topics which impact the health and well-being of the DoD community, often administered using both paper-and-pen and web-based surveys.

The *2022 Service Academy Gender Relations Survey* (2022 *SAGR*) is designed to track unwanted sexual contact and sexual harassment issues at the DoD Military Service Academies (MSA). The U.S. Code, Title 10, Armed Forces, as amended by Section 532 of the John Warner National Defense Authorization Act (NDAA) for Fiscal Year 2007, codified an assessment cycle at the Academies that consists of alternating surveys and focus groups. This requirement applies to the DoD Academies (U.S. Military Academy [USMA], U.S. Naval Academy [USNA], and U.S. Air Force Academy [USAFA]). The first assessment in this series was conducted in 2004 by the DoD Inspector General (IG). Responsibility for subsequent assessments was transferred in 2005 to the H&R Research Division within OPA.

Although not covered by the requirement of U.S. Code 10, U.S. Coast Guard Academy (USCGA) leadership requested they be included, beginning in 2008, in order to evaluate and improve their programs addressing sexual assault and sexual harassment. The USCGA is surveyed under authority of U.S. Code 14, Section 1.

The United States Merchant Marine Academy (USMMA), within the Department of Transportation (DoT), is not required to participate in the assessments codified by U.S. Code 10. The Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 required the Secretary of Transportation and USMMA to address sexual assault and harassment at the Academy, including assessment. USMMA officials requested they be included in the *SAGR*, beginning in 2012, in order to evaluate and improve their programs addressing sexual assault and sexual harassment.

The DoD Preparatory Schools are also not covered by the requirement of U.S. Code 10. However, officials at the U.S. Military Academy Preparatory School (USMAPS), U.S. Naval Academy Preparatory School (USNAPS), and U.S. Air Force Academy Preparatory School (USAFAPS) requested they be included in the *SAGR*, beginning in 2014, in order to evaluate and improve their programs addressing sexual assault and sexual harassment.

Data were collected in person at each of the Academy and Preparatory School locations between March 21, 2022 and April 22, 2022, as well as between August 29, 2022 and August 30, 2022. The sample consisted of 15,282 Academy and Preparatory School students. However, OPA only collected 15,016 questionnaires (not 15,282) during the *SAGR* survey administration because 266 students did not check in. Completed surveys were received from 12,304 eligible

respondents. The overall weighted response rate was 81% for the DoD Academies, 83% for USCGA, 76% for USMMA, and 67% for the Academy Preparatory School.

Overview of Report

This report documents the procedures used to develop the survey instrument, design the sample, conduct the survey, process the data, and prepare analysis weights. The methods section details how the survey was conducted. Details about these procedures are reported in OPA (2023a). A comprehensive review of all statistically significant differences of all data points for the DoD Academies and Preparatory Schools as well as USCGA are published in *2022 SAGR Results and Trends Volume* (2023b), while results and trends of all data points for USMMA are reported in OPA (2023c). Following the summary of the survey methodology is a description of the survey analysis file layout and key variables. Appendices A through H address key concepts required for the analysis of complex survey data and the structure of records in the survey analysis files are introduced in this section. The appendices in this report include:

- Appendix A—Annotated survey instrument with variable names and values.
- Appendix B—Survey and resource information sheets and the pre-survey brief for each academy.
- Appendix C—Conventions for variable naming, construction, and cleaning.
- Appendix D—List of the names of all variables in the basic use and the full file. The variables are in the order they appear in the dataset. Variables with the same function are grouped together (i.e., all variables used for weighting are located together).
- Appendix E—Frequencies of each variable with the SAS values, OS flat file¹ values, and SAS labels in the order the variables appear in the dataset. Due to file size, Appendix E is in a separate file.
- Appendix F—Record layout for the basic use flat file. This provides the variable names, positions, and variable description to load the flat file into other statistical packages.
- Appendix G—SAS code used to construct the analytic variables.
- Appendix H—Paper survey instrument.

¹ The OS flat file is a text version of the dataset. The variables are in the columns and the records are in the rows. This data can be loaded into any statistical software package.

Method

Survey Instrument

The 2022 *SAGR* asked students for their perspectives on a number of topics and whether they had experienced a variety of unwanted verbal and/or physical behaviors. As these questions were highly personal and included sensitive topics, the survey was presented in paper form. Furthermore, to ensure participant anonymity, no personally identifiable information (i.e., name, address) was collected and responses are not retrievable by a personal identifier. There is no way to link the names of those checked in with the paper survey form that was returned. Participants were briefed not to include any information that could identify themselves or others when completing the open-ended question on the survey. Furthermore, certain demographic responses were not released on the basic dataset if too few people are in those demographics, in an effort to further protect their anonymity.

Many key topics covered by the 2022 *SAGR* were also included in its predecessors; however, questions have been updated, expanded, or streamlined in the 2022 *SAGR*. The survey was administered by a paper-and-pen questionnaire, which appears in Appendix A.

The survey was subdivided into the following 10 topic areas:

1. *Background Information*—Service Academy, gender, and Academy class year (Q1–Q3). These items are used to create demographic reporting groups for the tabulation volume.
2. *Gender-Related Experiences*—Experiences of Military Equal Opportunity (MEO) violations, including sexual harassment (sexually hostile work environment, Q4–Q31; sexual quid pro quo, Q32–Q35) and gender discrimination (Q36–Q40), since June 2021.
3. *The Gender-Related Situation With Greatest Effect*—Circumstances pertaining to the experience of MEO violation(s) since June, 2021 that had the greatest impact on respondents, including characteristics of offender(s); whether they would describe the unwanted situation as hazing or bullying; to whom behaviors were discussed/reported and resulting actions; and/or reasons for not reporting to someone above them in their chain of command or a person who enforces sexual harassment policy (Q41–Q48). Students who experienced more than one situation were instructed to select the one situation since June 2021 that had the greatest effect on them. In these cases, the situation selected may or may not have been the one that met criteria for sexual harassment and/or gender discrimination.
4. *Unwanted Sexual Behaviors*—Details pertaining to behaviors of unwanted sexual contact experienced since June 2021; number of separate experiences; whether the experiences were abusive or humiliating; whether the person(s) used force or threats; (Q49–Q52).

5. *Unwanted Sexual Contact Situation With the Greatest Effect*—Students who experienced unwanted sexual contact in the past year were asked to think of the situation that had the greatest effect on them when answering the following items: specific behaviors experienced; characteristics of offender(s); involvement of a dating application or website; location and time of the assault (e.g., during duty hours, on leave); bystander intervention; whether they would describe the unwanted situation as hazing or bullying; experiences of stalking, harassment, and sexual assault before or after the situation; drug and alcohol involvement; effects on academic and personal life caused by the unwanted situation; whether behaviors were reported and type of report; reasons for reporting or not reporting; and whether they would make the same decision to report (Q53–Q72).
6. *Outcomes Associated With Experiencing Sexual Assault*—Behaviorally-based questions designed to capture perceptions of negative actions that align with ostracism, maltreatment, and professional reprisal as a result of reporting a sexual assault; characteristics of who took the action(s); overall perceived impact of these experiences; and actions that may have occurred as a result of these perceived behaviors (Q73–Q82).
7. *Prior Experiences*—Experiences of unwanted sexual contact before entering the Academy or Preparatory School or after entering the Academy or Preparatory School before June 2021 (Q83).
8. *Bystander Intervention*—Whether the respondent observed a situation where a sexual assault was occurring or about to occur and the response (Q84–Q85); and participation in prevention program at USAFA (for USAFA students only, Q86).
9. *Academy Climate and Culture*—Students’ extent to intervene or seek help while witnessing sexual harassment (Q87); students’ perception of the cultural aspects of their Academy related to responsibility and intervention (Q88); awareness of the CATCH a Serial Offender Program (Q89–Q90); students’ perceptions of cultural aspects of their Academy related to sexual harassment response (Q91); trust in the Academy to protect one’s privacy, ensure safety, and treat him/her with dignity and respect (Q92); experience of workplace hostility (Q93); the amount of alcohol consumed on a typical day when drinking, the frequency of binge drinking in the past 30 days, and the frequency of any alcohol-induced amnesia in the past year (Q94–Q96); students’ perceptions on what extent different persons make honest and reasonable efforts to stop sexual harassment and sexual assault (Q97); whether students’ are a member of an intercollegiate sports team (Q98); and students’ perceptions of cultural aspects of their Academy related to sexual assault prevention and response (Q99).
10. *Additional Information*—Additional demographic data on sexual identity, birth sex, gender identity, and race and ethnicity (Q100–Q104); and students’ perceived impact of the Covid-19 pandemic restrictions since 2021 (Q105).

Population

The 2022 *SAGR* was a census of all eligible Military Service Academies and DoD Preparatory Schools (14,658 Academy and 624 Preparatory School) students, totaling 15,282. The population of interest consisted of all students at the Military Service Academies (USMA, USNA, USAFA, USCGA, and USMMA) in class years 2022 through 2025, and DoD Preparatory Schools (USMAPS, USNAPS, and USAFAPS) in class year 2026. Visiting foreign nationals, exchange students, and students under 18 years of age were excluded and marked as “ineligible” on Academy rosters. This selection was designed for maximum reliability of results in the sections where the survey questions applied to only a subset of students, such as those questions asking details of an unwanted sexual contact, especially among men. Ultimately, 12,304 students (11,889 Academy and 415 Preparatory School) provided usable survey responses.

Constructing the Frame

OPA survey administration staff coordinated with Academy POCs to obtain rosters from their Academy based on a provided template that included pertinent variables needed for population frame development. These rosters were either generated with administrative data from Academy staff or were generated by students. As rosters were received, survey staff conducted a quality check and made revisions with Academy POCs as needed. The roster counts are the basis of generating survey weights and response rates. The roster was used to create a check-in file by pulling names of students and their survey briefing session time, date, and location assigned by their Academy. Academies assigned students to sessions during a time they were already meeting, or they allowed students to sign up for particular times and dates. These sessions lasted one class period to best fit with the Academy schedule.

Contact, Cooperation, and Response Rates

OPA response rates and completion rates were computed in accordance with the recommendations of the American Association of Public Opinion Researchers (AAPOR, 2016) for the population subgroups after the field closed and data were received. Table 1 provides contact, cooperation, and response rate information. For more information on respondents, see OPA (2023a).

Table 1.
Contact, Cooperation, and Response Rates by Academy Type

	DoD Academies	USCGA	USMMA	DoD Preparatory Schools
Contact rate	99%	98%	95%	94%
Cooperation rate	82%	84%	80%	71%
Response rate for eligible	81%	83%	76%	67%

Note. For a census sample, the sample weight is 1. Hence the weighted and unweighted are the same values are the same.

Survey Administration

Data were collected at each Academy in March, April, and August 2022, see Table 2. A team of survey administrators and proctors worked closely with staff from each Academy to administer the paper-and-pen survey in group sessions. The OPA survey administration staff checked students in using barcode scanners to read information off the student's CAC and automatically recorded attendance and check eligibility within the check-in file. If there was an error with the scanner, the survey staff checked in students manually by searching for the student's name. Students who were ineligible to take the survey, were instructed that their obligation to report for the survey was fulfilled, and no further action was required. After being checked-in, students were instructed on which room to enter for the briefing and were provided a survey packet, an Academy-specific information sheet, and a pen.² Males and females were briefed and surveyed in separate rooms. The Academy-specific information sheet contained information on where students could obtain help if they became upset or distressed while taking the survey or afterwards and are presented in Appendix B. The survey staff briefed the students on the purpose and importance of the survey at the beginning of each session, underscoring the anonymous and voluntary nature of participation, and that students could leave the session at the completion of the mandatory briefing.

Students returned surveys in sealed envelopes to survey staff as they exited the session, resulting in one returned survey per student briefed. At the end of each session, survey staff collected survey packets and counted returned packets to verify they matched the number of students checked in. These surveys were then batched together in groups of 50 and sealed, with tape, with batching sheets, which contained the Academy, gender, session ID, and batcher ID, and packed in a shipping box. All survey materials and returned surveys were kept in a secure room at the end of each day throughout the week of data collection. This secure room had limited access by few Academy staff and materials were locked with access only by survey staff. At the end of data collection, the packed box containing survey batches were shipped to the survey operations contractor for scanning and data compilation.

² Survey booklets contained no printed identifying or tracking information.

Table 2.

Survey data collection dates and session counts by Academy and Preparatory School

Academy or Preparatory School	Data Collection Dates	Number of Scheduled Sessions
USMMA–Visit 1	03/21/2022–03/25/2022	19
USCGA	03/28/2022–04/01/2022	68
USNAPS	04/01/2022	2
USAFA	04/03/2022–04/08/2022	48
USAFAPS	04/04/2022; 04/07/2022	2
USMA	04/11/2022–04/15/2022	58
USMAPS	04/13/2022	2
USNA	04/18/2022–04/22/2022	75
USMMA–Visit 2	08/29/2022–08/30/2022	7

Note. USMMA had two site visits. Some students were on sea year during the first visit. The second visit ensured all students had a chance to take the survey.

If necessary, OPA survey administration staff supplied daily lists of “no-shows” to Academy staff (including SAPR, SHARP, SARC, and faculty members). No-shows are students who were assigned to one of the sessions and failed to check-in. The Academy staff sent emails to the no-shows reminding them that the briefing was mandatory. The no-show students were instructed to meet with OPA survey administration staff to arrange a time to complete the briefing. These survey procedures were reviewed by a DoD Human Subjects Protection Officer as part of the Office of Management and Budget (OMB) survey approval and licensing process.³

Survey Materials and Distribution

Description of Mailings

Prior to site visitation for survey administration, the operations contractor sent a delivery of survey booklets to each Academy (Table 3). The mailed materials were shipped in boxes and included at least one survey per cadet/midshipman, plus several hundred extra surveys to be used if needed. These materials were mailed to an Academy POC by name to a secure physical address with limited access to Academy personnel. Tracking information was provided to the Academy POC for maximum situational awareness. The materials were held in a secure location, often the SAPR or SHARP office, until the OPA survey administration staff arrived on site. The location was restricted to few personnel and was locked when no one was present.

³ OMB CONTROL NUMBER: 0704-0623

Table 3.***Number of Surveys in Shipments with Mail Dates by Academy and Preparatory School***

Shipment Type	Mail Received Date	Number on Roster	Number Sent	Overage Percentage
Shipment of Surveys to USMMA	03/16/2022	736	800	8.0%
Shipment of Surveys to USCGA (Included USNAPS)	03/23/2022	~1,300	1,400	~7.1%
Shipment of Surveys to USAFA (Included USAFAPS)	03/30/2022	4,830	5,050	4.4%
Shipment of Surveys to USMA (Included USMAPS)	04/06/2022	4,573	4,750	3.7%
Shipment of Surveys to USNA	04/13/2022	4,404	4,600	4.3%

Note. USNAPS surveys were mailed to USCGA due to the location proximity.

As an extra layer of caution, 300 surveys were mailed to the OPA offices as “backup” surveys if necessary. A member of the survey staff picked up this shipment and stored them in a secure location, accessible only by keycard, until needed.

Survey Return Mailing

After data collection was complete, the survey staff sealed the survey batches in the cardboard boxes in which they were originally shipped in a secure, locked location. Survey staff affixed return mailing labels, provided by the operations contractor, to the outside of the box. Survey staff either left the boxes for the Academy POC to mail or dropped the boxes off at UPS themselves. The boxes were stored in a secure location until they were ready to be mailed. The operations contractor received the shipment of surveys to begin processing returned surveys.

Processing Returned Surveys

All returned paper survey batches were logged and opened by the operations contractor upon receipt. Survey packet counts were verified with the batch sheets to ensure proper number received. If the envelope contained the survey booklet and other materials (e.g., extra comments, photographs, non-relevant items), the operations contractor separated it from the survey.

Survey booklets were assigned a unique batch number and prepared for image scanning. The booklets were separated by pages, stacked in page/booklet, and scanned. As the surveys were scanned, batch and serial numbers were printed on each page of the survey. The data on the survey pages were edited via image capture software for issues such as light marks, multiple marks, and alignment. Damaged forms were repaired, if possible, and scanned with non-damaged forms. If damages to the pages were so extensive that they could not be scanned, they were processed as white mail.

The operations contractor processed all survey information according to OPA approved administration plans and coding schemes.

Twenty-Record Check

Prior to scanning the Academies returned survey; the contracted research support team conducted a “20-record check.” The support team received a delivery of surveys from the operations contractor, filled the surveys out as if they were an Academy student, then mailed the surveys back to the operations contractor. The operations contractor sent the support team copies of surveys and the matching scanned data to compare. This check verifies that data from scanned surveys match responses in the survey. The data and survey copies were reviewed for marks on the survey being captured or not captured. If minor corrections to these procedures were necessary as a result of this check, they were reviewed by OPA prior to scanning Academy surveys returns.

OPA Coding Scheme

To convert the raw data into the item scores that appear in the basic use file, OPA provided the operations contractor with an annotated copy of the survey form (Appendix A) and the coding notes (contained in Appendix C). Every attempt is made to capture all information from completed surveys and preserve the data so secondary analysts can later create variables not anticipated by OPA researchers. To accomplish these goals, OPA subscribes to a variety of coding conventions for all OPA surveys. See Appendix C for in-depth coverage of these coding conventions.

Coding or Keying Open-Ended Items

The survey contained one open-ended item. The operations contractor entered all responses verbatim. After validation, the contracted research support team cleaned all open-ended and other specify responses, as defined by OPA for each project, for personally identifiable information. Identifiers (e.g., proper names, ranks, addresses, e-mail addresses, phone numbers, locations, or social security numbers) were replaced with generic terms. Open-ended responses are kept on a separate, secure OPA server and are not able to be linked to quantitative survey responses.

Fifty-Record Check

After at least one male and female batch were scanned from each school (n=8811), OPA conducted a “50-record check.” This check verifies the coding scheme and skip patterns cleanings are working. OPA checked the resulting data to determine if there were any unanticipated problems in the coding procedures (e.g., respondents were consistently answering in an unexpected manner). If minor corrections to these procedures were necessary as a result of this check, they were reviewed by OPA prior to production of the initial SAS dataset. At the completion of the 50-record check, the operations contractor compiled the full set of returned surveys. The data were then cleaned and edited following the coding scheme.

Survey Analysis Files

This section (a) provides an overview of requirements for analysis of the data, (b) documents the structure of survey analysis files created for the 2022 SAGR survey, (c) describes

the assembly of the analysis files, and (d) provides an overview of the variables in the survey analysis files.

Estimation

Analysis of this data requires use of weights to compensate for the unequal selection probabilities and to account for differential nonresponse among population subgroups. The analytic weights were controlled to population totals so that weighted sample estimates would reflect population values.

In general, the procedures used to compute sample estimates of population parameters (including population totals, means, and proportions), tests of hypotheses, regression relations, and their associated variances are derived from the probability structure that gives rise to the observations. As with other surveys involving complex probability structures, most of the parameter estimates of interest in this survey take the form of non-linear statistics. Examples include domain means and proportions where the denominator values are unknown and must be estimated from the sample data. The estimator takes the form of a ratio of random variables (i.e., the ratio of the estimated numerator and denominator totals or counts). In general, ratio estimates are not unbiased and their variances cannot be expressed in closed form. The variances are, therefore, approximated. The bias in a ratio estimate depends on the variance associated with the denominator total or count and can usually be ignored in samples having a large number of observations. As a working rule, the bias may be assumed negligible if the number of observations on which the estimate is based exceeds 30 or is otherwise large enough so that the coefficient of variation $[SE(x)/x]$ of the denominator is less than .10 (cf., Cochran, 1977, pp. 153-165).

Two common variance estimation methods for complex sample data are linearization (Taylor series approximation) and replication. Wolter (2007) provides a detailed discussion on methods used for variance estimation from sample surveys, including Taylor series approximation and replication methods.

Many of the standard statistical software packages, such as SPSS and older versions of SAS, do not properly compute variance estimates from weighted data that were collected with a design other than simple random sampling. Using standard statistical programs with the appropriate eligibility indicator (ELIGFLGW) and the analytic weight (FINALWGT) to analyze this data will produce accurate point estimates, but variance estimates will not account for the complex sample design.

Data Structure

Care was taken in the preparation of the survey analysis files to provide access to data from the survey with sufficient information for accurate estimations, while meeting requirements for participant and non-participant anonymity. As described below, some detailed variables have been removed from the basic use files either because (a) they are typically needed only to analyze survey methods and not needed to analyze the survey data or (b) they provide too great a chance of identifying an individual. For the latter reason, some demographic variables are available on basic use files only in a collapsed version.

In addition to the basic use file, a full dataset (containing a more complete set of variables than the basic use file) has been prepared for internal OPA use. Files were prepared as SAS system files. An ASCII (Operating System or OS) flat file was prepared from the basic use SAS system file. File names are indicated in Table 4.

Table 4.
Analysis File Names

Type of File	File Name
Basic Use File—SAS	SAGR2201B.7BDAT
Full File—SAS	SAGR2201C.7BDAT
Basic Use File—OS	SAGR2201B.DAT

The full file contains the basic use file plus additional confidential variables and both contain the same number of records. The structure of the full file is shown in Table 5. All variables in the full file are documented in this report. Appendix D lists all variables with a notation to indicate which variables are available only in the full file and show where each variable is documented. Intermediate weighting variables that appear only in the full file are documented by OPA (2023a). Variables that appear in collapsed form in the basic use file and in a fuller version only in the full file are discussed later.

Analyses

Both the full file and basic use file contain 15,016 records, one for every briefed individual. The *full file* contains the basic use and confidential variables and the *basic use file* contains only the basic use variables. Note that there are no records for ineligible participants, thus all briefed individuals are eligible for the survey.

As depicted in Table 5, records can be divided into four subgroups based on eligibility and completion status. The *Record ineligible unweighted* subgroup includes all records that were ineligible based on administrative data before the survey opened (ELIGFLGW=4; n=0), and as *SAGR* is a census survey, all persons were eligible. The *Non-response unweighted* subgroup includes all records indicated by ELIGFLGW=3, where no usable response was received or no information was received to indicate ineligibility (n=2,712).

Assignment of a record to the other two subgroups was based on whether (a) an individual returned a “completed” survey; and (b) the person was eligible to be included in the population of interest. Final eligibility was limited to those in the school’s rosters as of March 2022 who did not contact the operations contractor to indicate they were ineligible.

The *Ineligible weighted* (ELIGFLGW=2) subgroup includes records for each members reported as ineligible for the survey, either through self-report on the survey or through direct or proxy report to the survey operations contractor. As *SAGR* is a census survey, all sample

members are eligible for the survey. The *Ineligible weighted* subgroup is null because ineligible students were excluded from the briefing and obtaining a survey; they do not have a record in the database. The final subgroup, *Eligible weighted* (ELIGFLGW=1), consists of sample members who were eligible for the survey and met the survey completion rules. Both the *Ineligible weighted* and *Eligible weighted* types of records are typically used to develop weights that sum to the population total.

For the calculation of estimates of survey items, the data file is typically subset to *Eligible weighted* records. To do this, use the analytic weight, FINALWGT, with the file subset by ELIGFLGW equals 1.

Table 5.
Record Types on Basic Use and Full Files

Record Disposition	Variable Level	Number of Records
Record ineligible unweighted	ELIGFLGW=4	0
Non-response unweighted	ELIGFLGW=3	2,712
Ineligible weighted	ELIGFLGW=2	0
Eligible weighted	ELIGFLGW=1	12,304

Variables in the Survey Analysis Files

Basic Use File

The variables in the basic use file can fall into four categories: (1) information gathered on the survey, (2) variables constructed for analysis, (3) information from sampling and record data, and (4) information on weighting. Variables are grouped in these categories in Appendices D and E.

Information Gathered on the Survey. These variables came directly from the survey or were constructed using only information from the survey. The annotated questionnaire (see Appendix A) contains the item names, the values used to code the pre-specified alternatives, and references to applicable coding notes in Appendix C.

Although the first part of Appendix C extensively documents the conventions OPA uses to name survey variables, a brief overview of the naming convention is also given here. Variables common to OPA surveys are assigned identical names and values across surveys; maintaining the same variable name and values over time aids in the ability to perform trend analysis. All variables on the survey have standard names in the expectation of repeated fielding.

The “SR” variables are a set of primarily demographic items that are identically named across all OPA surveys. The “SR” serves as a mnemonic for self-report with the remainder of

the name indicating the data being collected. For example, SRCLASS is the variable name for the item that asks sample members what their class year is, or the year they will graduate the Academy they attend. Although all survey data are self-reported, the “SR” is used to distinguish survey-reported information from OPA-provided information.

Variables for Analysis. Certain key demographic variables were constructed for OPA analyses. These analytic variables, starting with “X,” are based primarily on self-reported information from the survey. Typically, where the self-reported information was missing on important demographics (e.g., Academy and respondent gender) data were imputed from the Academy and gender listed on the batching sheet.

The race and ethnicity questions were combined to be reported in accordance with the Standards for Maintaining, Collecting, and Presenting Federal Data on Race and Ethnicity (1997).

An “R” as the last letter of a variable listed in Appendices D and E is an indication that the variable may have been recoded to create special analysis variables and that the original variable is available only on the full file. For example, SEXORIENTR is a recode of SEXORIENT. Appendix G documents decisions made in the analyses reported by OPA (2023d), OPA (2023e), and OPA (2023c).

Information on Operations. The operations contractor identification number, INRECNO, is unique and can be used to sort records.

Information on Weighting. Derivation of weights is discussed in detail in OPA (2023a). Key weighting variables include:

- ELIGFLGW—Eligibility Flag
- FINALWGT—Final Weight with Nonresponse and Raking Adjustments

Full File

In addition to variables in the basic use file, the full file also has five additional categories of variables: (1) the full version of survey items that appear in a collapsed form in the basic use section, (2) the full version of key demographic variables used in analyses that appear in a collapsed form in the basic use section; (3) detailed variables created by the operations contractor to document operations, (4) detailed variables used in sampling, and (5) detailed variables used in weighting. Variables are grouped in these categories in Appendices D and E.

Information Gathered on the Survey—Confidential Variables. This section of the full file contains the original full version of survey variables. To the extent possible, recoded versions of these variables are in the basic use file section for variables constructed for analysis.

Variables for Analysis—Confidential Variables. This section of the full file contains the original full version of analytic variables constructed by OPA. To the extent possible, recoded versions of these variables are in the basic use file section for variables constructed for analysis.

Information on Operations—Confidential Variables. This section of the full file contains operational variables created by the operations contractor. These variables are useful for methodological studies and/or were used in determining eligibility and response status.

The identifying variables describe how the record was processed once a survey was returned. The variables BATCH and SERIAL uniquely identify each returned survey. BATCH and SERIAL are the codes printed on the survey during scanning to identify the scan batch number and scan order of each survey. These numbers can be used to retrieve the paper copy of a survey for a short time after it has been scanned (e.g., should researchers want to check electronically-stored information against the respondent's answer on the paper survey). DENTDATE is the date the survey was scanned and INRECNO is the unique identification number assigned to each record.

Information From Sampling and Record Data—Confidential Variables. This section of the full file contains administrative file variables and constructed variables used in determining the sampling design. It also includes the sampling strata identifiers and counts.

Information on Weighting—Confidential Variables. This section of the full file contains variables used in analysis of nonresponse and in the construction of the weights. The classification variables describe how individual sample member's records were grouped and indexed. FLAG_FIN indicates the final disposition status of a sample member (i.e., survey returned, blank survey returned, not locatable, or no return). Several other classification variables were used to categorize a survey's final disposition. These variables are BLKREAS, SCSINEL, and REFUSE. SCSINEL indicates the reason given by the sample member for being ineligible, and REFUSE indicates whether a sample member refused to complete a survey. BLKREAS codes the reason given by the sample member for returning a blank survey.

Using Appendix E

Regardless of whether analysts use all or only portions of the database, all analysts should replicate the frequencies found in the tables in Appendix E. It is only by replicating these results that analysts can be sure they are reading the data correctly. An annotated example of an Appendix E table is listed in Figure 1. However, the table does not reflect actual results.

Figure 1.
Annotated Example of a Table from Appendix E

1 February 2012 Status of Forces Survey of Active Duty Members

E-38

- Codebook title and item text.** The codebook title is the same for every table in Appendix E of this codebook. It lists both the general study and the specific survey form being summarized. If applicable, the indented text under the title presents the verbatim question or instructions that accompany a specific item in the survey.
- Survey item text.** For survey items, this text is the verbatim item wording. For other variables, this text provides a verbal description of the variable.
- Variable name.** The variable name for a survey item corresponds to the variable name used in the SAS-based, basic use file. The conventions for naming survey-derived variables are documented in Appendix C. Appendix D contains a full listing of the basic use file variables, as well as short descriptions of what the variables document.
- Location of the item on the OS data file.** This block provides the location of the variable on the OS (ASCII) data file. The OS data block documents (a) the starting

- and ending column numbers where the data are stored and (b) the number of columns that the data occupy.
5. **SAS data file information.** This block indicates format name, variable type, length, and informat of the data in the SAS data file. The last block indicates the informat appropriate for reading the data from the OS data file.
 6. **Counts of item value responses.** This column indicates the number of sample members who fall into the category corresponding to each value for the variable. The count provided for each variable value should correspond exactly to those analysts would obtain when running unweighted frequencies on all 15,016 records in the accompanying database. Before running complex statistical analyses, analysts are encouraged to re-create these frequency tables. Re-creating the counts minimally ensures the data are being correctly read by the analysts' computers and programs.
 7. **Respondent percentages for each value.** This column indicates the percentage of sample members who marked each variable value. The percentages are calculated by dividing the row value in the "FREQ" column by the total listed at the bottom of the "FREQ" column. The percentages provided for each variable value should correspond exactly to those analysts would obtain when running unweighted frequencies on all 15,016 records in the accompanying database.
 8. **Response OS values.** This column presents the OS (ASCII) code for the actual or re-coded response values for each survey item. Further details on the values in this column are found in either the annotated survey form (Appendix A) or in Appendix C. For example, all negative values are found in Appendix C.
 9. **Response SAS values.** This column presents the SAS code for the actual or re-coded response values for each survey item. Further details on the values in this column are found in either the annotated survey form (Appendix A) or in Appendix C. Negative values are found in Appendix C.
 10. **Explanation of the item value codes.** This column presents brief verbal explanations of the OS and SAS coding for each survey item. If the coded information corresponds to survey response alternatives, the text in the table is the verbatim response from the survey instrument. More detailed explanations are found in either the annotated survey form (Appendix A) or in Appendix C.
 11. **Total of response frequencies and percentages.** The number appearing at the bottom of the "FREQ" column is the total number of sample members in the basic use file. This number is the same for every table in this codebook. That is, every sample member in the database is accounted for on every variable even if the variable indicates only that the information was missing for that sample member. The number appearing at the bottom of the "PERCENT" column is typically 100.0. Rounding error, however, occasionally causes the total percentage to be slightly above or below 100.0.

12. **Messages to analysts.** The messages alert analysts to situations specific to a variable including (a) rounding errors resulting in a total percentage other than 100 percent; (b) the variable having values that are “too numerous to list;” (c) extraction of the variable from another specified database; (d) creation of the variable from two or more variables specified in the message; and (e) further clarification of the survey item corresponding to the variable.
13. **Codebook page number.** This is the Appendix E page number corresponding to a specific variable. Appendix D identifies the page number in Appendix E where the variable can be found.

GLOSSARY

Term	Description
CACAD	Variable created from the Academy or Preparatory School identified on the batch sheet based on the survey administration location.
MEO_FLAG	Flag created from positive endorsement of at least one of the following questions: Q5-Q6, Q8-Q9, Q11-12, Q14-15, Q17-18, Q20-21, Q24, Q27-28, Q30-31, Q33, Q35, Q37, and Q40. Endorsement of at least one of these items or set of items indicates meeting the survey's criteria to be considered sexual harassment or gender discrimination.
USC_FLAG	Flag created from positive endorsement of Q49. Endorsement of at least one of these items indicates meeting the survey's criteria to be considered unwanted sexual contact.

BACKGROUND INFORMATION

SRACAD

1. Which Service Academy/Preparatory School do you attend?
- 1 ☒ United States Military Academy
 - 2 ☒ United States Military Academy Preparatory School
 - 3 ☒ United States Naval Academy
 - 4 ☒ United States Naval Academy Preparatory School
 - 5 ☒ United States Air Force Academy
 - 6 ☒ United States Air Force Academy Preparatory School
 - 7 ☒ United States Coast Guard Academy
 - 8 ☒ United States Merchant Marine Academy

SRSEX

2. Are you...?
- 1 ☒ Male
 - 2 ☒ Female

SRCLASS

3. What is your Class year (the year you will graduate from the Academy)?
- 1 ☒ 2022
 - 2 ☒ 2023
 - 3 ☒ 2024
 - 4 ☒ 2025
 - 5 ☒ 2026 (Preparatory School only)

GENDER-RELATED EXPERIENCES

In this section, you will be asked about several things that someone from your Academy might have done to you that were upsetting or offensive to you and that happened since June 2021.

When the questions say "someone from your Academy," please include any person you have contact with as part of your **Academy life**. "Someone from your Academy" could be an officer or non-commissioned officer, fellow cadet or midshipman, civilian employee, or contractor. These persons can be Academy leadership, faculty, athletic department personnel, or support service staff.

These things may have occurred on- or off-duty or on- or off-campus. Please include them as long as the person who did them to you was someone from **your Academy**.

MEOBEGA

4. Since June 2021, did someone from your Academy repeatedly tell sexual "jokes" that made you uncomfortable, angry, or upset?
- 2 ☒ Yes
 - 1 ☒ No

MEOCONTA

5. [Ask if Q4 = "Yes"] Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?
- 1 ☒ Yes
 - 3 ☒ Not applicable, they did not know I or someone else wanted them to stop
 - 2 ☒ No

MEOOFFA

6. [Ask if Q4 = "Yes"] Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended by these jokes if they had heard them? If you aren't sure, choose the best answer.
- 2 ☒ Yes
 - 1 ☒ No

MEOBEBB

7. Since June 2021, did someone from your Academy embarrass, anger, or upset you by repeatedly suggesting that you do not act like a cadet/midshipman of your gender is supposed to? For example, by calling you a fag or gay, a dyke or butch.
- 2 ☒ Yes
 - 1 ☒ No

MEOCONTB

8. [Ask if Q7 = "Yes"] Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?
- 1 ☒ Yes
 - 3 ☒ Not applicable, they did not know I or someone else wanted them to stop
 - 2 ☒ No

MEOOFFB

9. [Ask if Q7 = "Yes"] Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended if someone had said these things to them? If you aren't sure, choose the best answer.
- 2 ☒ Yes
 - 1 ☒ No

MEOBEBD

10. Since June 2021, did someone from your Academy display, show, or send sexually explicit materials like pictures or videos that made you uncomfortable, angry, or upset?
- 2 ☒ Yes
 - 1 ☒ No

MEOCONTD

11. [Ask if Q10 = "Yes"] Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?
- 1 ☒ Yes
- 3 ☒ Not applicable, they did not know I or someone else wanted them to stop
- 2 ☒ No

MEOOFFD

12. [Ask if Q10 = "Yes"] Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended by seeing these sexually explicit materials? If you aren't sure, choose the best answer.
- 2 ☒ Yes
- 1 ☒ No

MEOBEHE

13. Since June 2021, did someone from your Academy repeatedly tell you about their sexual activities or make sexual gestures/body movements (for example, thrusting their pelvis or grabbing their crotch) in a way that made you uncomfortable, angry, or upset?
- 2 ☒ Yes
- 1 ☒ No

MEOCONTE

14. [Ask if Q13 = "Yes"] Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?
- 1 ☒ Yes
- 3 ☒ Not applicable, they did not know I or someone else wanted them to stop
- 2 ☒ No

MEOOFFE

15. [Ask if Q13 = "Yes"] Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended by hearing about these sexual activities or by having someone make sexual gestures/body movements (for example, thrusting their pelvis or grabbing their crotch)? If you aren't sure, choose the best answer.
- 2 ☒ Yes
- 1 ☒ No

MEOBEHF

16. Since June 2021, did someone from your Academy repeatedly ask you questions about your sex life or sexual interests that made you uncomfortable, angry, or upset?
- 2 ☒ Yes
- 1 ☒ No

MEOCONTF

17. [Ask if Q16 = "Yes"] Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?
- 1 ☒ Yes
- 3 ☒ Not applicable, they did not know I or someone else wanted them to stop
- 2 ☒ No

MEOOFFF

18. [Ask if Q16 = "Yes"] Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended if they had been asked these questions? If you aren't sure, choose the best answer.
- 2 ☒ Yes
- 1 ☒ No

MEOBEHG

19. Since June 2021, did someone from your Academy make repeated sexual comments about your appearance or body that made you uncomfortable, angry, or upset?
- 2 ☒ Yes
- 1 ☒ No

MEOCONTG

20. [Ask if Q19 = "Yes"] Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?
- 1 ☒ Yes
- 3 ☒ Not applicable, they did not know I or someone else wanted them to stop
- 2 ☒ No

MEOOFFG

21. [Ask if Q19 = "Yes"] Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended if these remarks had been directed to them? If you aren't sure, choose the best answer.
- 2 ☒ Yes
- 1 ☒ No

MEOBEHH

22. Since June 2021, did someone from your Academy either take or share sexually suggestive pictures or videos of you when you did not want them to?
- 2 ☒ Yes
- 1 ☒ No

MEOBEHACTH

23. [Ask if Q22 = "Yes"] Did this make you uncomfortable, angry, or upset?

- 2 ☒ Yes
1 ☒ No

MEOOFFH

24. [Ask if Q22 = "Yes" AND Q23 = "Yes"] Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended if it happened to them? If you aren't sure, choose the best answer.

- 2 ☒ Yes
1 ☒ No

MEOBEHI

25. Since June 2021, did someone from your Academy make repeated attempts to establish an unwanted romantic or sexual relationship with you? These could range from repeatedly asking you out to asking you for sex or a "hookup."

- 2 ☒ Yes
1 ☒ No

MEOBEHACTI

26. [Ask if Q25 = "Yes"] Did these attempts make you uncomfortable, angry, or upset?

- 2 ☒ Yes
1 ☒ No

MEOCONTI

27. [Ask if Q25 = "Yes" AND Q26 = "Yes"] Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?

- 1 ☒ Yes
3 ☒ Not applicable, they did not know I or someone else wanted them to stop
2 ☒ No

MEOOFFI

28. [Ask if Q25 = "Yes" AND Q26 = "Yes"] Do you think that this was ever severe enough that most cadets/midshipmen at your Academy would have been offended by these unwanted attempts (Q25)? If you aren't sure, choose the best answer.

- 2 ☒ Yes
1 ☒ No

MEOBEHK

29. Since June 2021, did someone from your Academy repeatedly touch you in a way that made you uncomfortable, angry, or upset? This could include almost any unnecessary physical contact including hugs, shoulder rubs, or touching your hair, but would not usually include handshakes or routine uniform adjustments.

- 2 ☒ Yes
1 ☒ No

MEOCONTK

30. [Ask if Q29 = "Yes"] Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?

- 1 ☒ Yes
3 ☒ Not applicable, they did not know I or someone else wanted them to stop
2 ☒ No

MEOOFFK

31. [Ask if Q29 = "Yes"] Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended by this unnecessary touching? If you aren't sure, choose the best answer.

- 2 ☒ Yes
1 ☒ No

MEOBEHL

32. Since June 2021, has someone from your Academy (permanent party, civilian faculty/staff, and/or cadets/midshipmen in leadership positions) made you feel as if you would get some benefit in exchange for doing something sexual? For example, they might hint that they would give you a good evaluation/fitness report, a better cadet/midshipman assignment, or better academic grade in exchange for doing something sexual. Something sexual could include talking about sex, undressing, sharing sexual pictures, or having some type of sexual contact.

- 2 ☒ Yes
1 ☒ No

MEOWRKBENA MEOWRKBENB MEOWRKBENC

33. [Ask if Q32 = "Yes"] What led you to believe that you would get a benefit if you agreed to do something sexual? *Mark "Yes" or "No" for each item.*

	1 No
	2 Yes
a. They told you they would give you a reward or benefit for doing something sexual	☒ ☒

	1 No
	2 Yes
b. They hinted you would get a reward or benefit for doing something sexual. For example they reminded you about your evaluation/fitness report about the same time they expressed sexual interest	☒ ☒
c. Someone else told you they got benefits from this person by doing sexual things	☒ ☒

MEOBEHM

34. Since June 2021, has someone from your Academy (permanent party, civilian faculty/staff, and/or cadets/midshipmen in leadership positions) made you feel like you would get punished or treated unfairly at your Academy if you did not do something sexual? For example, they hinted that they would give you a bad evaluation/fitness report, a bad grade, or treat you badly if you were not willing to do something sexual. This could include being unwilling to talk about sex, undress, share sexual pictures, or have some type of sexual contact.

2 ☒ Yes
1 ☒ No

MEOPUNISHA MEOPUNISHB MEOPUNISHC

35. [Ask if Q34 = "Yes"] What led you to believe you would get punished or treated unfairly at your Academy if you did not do something sexual? *Mark "Yes" or "No" for each item.*

	1 No
	2 Yes
a. They told you that you would be punished or treated unfairly if you did not do something sexual.	☒ ☒
b. They hinted you would be punished or treated unfairly if you did not do something sexual. For example, they reminded you about your evaluation/fitness report near the same time that they expressed sexual interest.....	☒ ☒
c. Someone else told you they were punished or treated unfairly by this person for not doing something sexual.....	☒ ☒

MEOBEHN

36. Since June 2021, did you hear someone from your Academy say that someone of your gender is not as good as the opposite gender as a future officer, or that someone of your gender should be prevented from becoming a future officer?

2 ☒ Yes
1 ☒ No

MEOHRMCARA

37. [Ask if Q36 = "Yes"] Do you think their beliefs about someone of your gender ever harmed or limited your cadet/midshipman career? For example, did they hurt your evaluation/fitness report, or affect your grades or chances for leadership positions?

2 ☒ Yes
1 ☒ No

QPQAUTH1

38. [Ask if Q36 = "Yes"] Was anyone who did this unwanted behavior in a position of authority/ leadership over you (permanent party, civilian faculty/ staff, and/or cadets/midshipmen in leadership positions)?

2 ☒ Yes
1 ☒ No

MEOBEHO

39. Since June 2021, do you think someone from your Academy (permanent party, civilian faculty/staff, and/or cadets/midshipmen in leadership positions) mistreated, ignored, excluded, or insulted you because of your gender?

2 ☒ Yes
1 ☒ No

MEOHRMCARB

40. [Ask if Q39 = "Yes"] Do you think this treatment ever harmed or limited your cadet/midshipman career? For example, did they hurt your evaluation/fitness report, or affect your grades or chances for leadership positions?

2 ☒ Yes
1 ☒ No

GENDER-RELATED SITUATION WITH THE GREATEST EFFECT

The following questions ask about the unwanted situation that had the greatest effect on you. Before you continue, please choose the one unwanted situation since June 2021 that you consider to be the worst or most serious.

GROFFENDA GROFFENDB GROFFENDC GROFFENDD GROFFENDE GROFFENDF GROFFENDG GROFFENDH GROFFENDI GROFFENDJ GROFFENDK GROFFENDL

41. [Ask if [MEO_FLAG] = "True"] Who was the person(s) in this situation who did this to you? *Mark one answer for each item.*

	3 Don't know
	2 No
	1 Yes
a. A fellow Academy student who was in a <u>higher</u> class year.....	☒ ☒ ☒

	3 Don't know	2 No	1 Yes
b. A fellow Academy student who was in the <u>same</u> class year	☐	☐	☐
c. A fellow Academy student who was in a <u>lower</u> class year.....	☐	☐	☐
d. A fellow Academy student who was higher in the cadet/midshipman chain of command.....	☐	☐	☐
e. A member of an intramural or club sports team at your Academy.....	☐	☐	☐
f. A member of an intercollegiate (NCAA/ Division I/III) sports team at your Academy	☐	☐	☐
g. Academy military/uniformed faculty or staff	☐	☐	☐
h. Academy civilian faculty or staff	☐	☐	☐
i. A DoD/DHS/DOT person not affiliated with the Academy.....	☐	☐	☐
j. A person not affiliated with DoD/DHS/ DOT.....	☐	☐	☐
k. Unknown person	☐	☐	☐
l. [Ask if [CACAD] = "USMMA"] USMMA ONLY. A person affiliated with the maritime industry	☐	☐	☐

MEONUM

42. [Ask if [MEO_FLAG] = "True"] How many people did this to you? *Mark one.*
- 1 ☐ One person
- 2 ☐ More than one person
- 3 ☐ Not sure

MEOGEN

43. [Ask if [MEO_FLAG] = "True"] Was/Were this person(s)... *Mark one.*
- 1 ☐ A man?
- 2 ☐ A woman?
- 3 ☐ A mix of men and women?
- 4 ☐ Not sure?

GR1SITHZE GR1SITBUL

44. [Ask if [MEO_FLAG] = "True"] Would you describe this situation as... *Mark "Yes" or "No" for each item.*

	1 No	2 Yes
a. Hazing? Hazing refers to so-called initiations or rites of passage in which individuals are subjected to physical or psychological harm to achieve status or be included in an organization.	☐	☐

	1 No	2 Yes
b. Bullying? Bullying refers to acts of aggression intended to single out individuals from their fellow cadets/midshipmen or to exclude them from an organization.....	☐	☐

MEODSCSSA MEODSCSSB MEODSCSSC MEODSCSSD
MEODSCSSE

45. [Ask if [MEO_FLAG] = "True"] Thinking about this upsetting situation, did you discuss it with... *Mark "Yes" or "No" for each item.*

	1 No	2 Yes
a. The person(s) who did this to you?	☐	☐
b. Someone in your company/squadron?	☐	☐
c. Your friends or family outside of your company/squadron?	☐	☐
d. A chaplain, counselor, or medical person? ...	☐	☐

m. You did not want to hurt the career of the person(s) who did it	☐	☐
n. You did not want to bring undue attention or discredit on the Academy	☐	☐

UNWANTED SEXUAL BEHAVIORS

Please read the following special instructions before continuing the survey.

Questions in this next section ask about unwanted sexual experiences of an abusive, humiliating, or sexual nature. These types of unwanted experiences may vary in severity. Some of them could be viewed as an assault. Others could be viewed as hazing or some other type of unwanted experience.

They can happen to both women and men.

Please include experiences even if you or others had been drinking alcohol, using drugs, or were intoxicated.

The following questions will ask you about situations that happened SINCE June 2021. You will have an opportunity to describe experiences that happened BEFORE June 2021 later in the survey.

USCA USCB USCC USCD USCE

49. Since June 2021, have you experienced any of the following intentional sexual contacts that were against your will or which occurred when you did not or could not consent in which someone... *Mark "Yes" or "No" for each item.*

	1 No	2 Yes
a. <u>Sexually touched you</u> (for example, intentional touching of genitalia, breasts, or buttocks), or made you sexually touch them?	☐	☐
b. <u>Attempted</u> to make you have sexual intercourse, but was not successful?	☐	☐
c. <u>Made you</u> have sexual intercourse?	☐	☐
d. <u>Attempted</u> to make you perform or receive oral sex, anal sex, or penetration by a finger or object, but was not successful?	☐	☐
e. <u>Made you</u> perform or receive oral sex, anal sex, or penetration by a finger or object?	☐	☐

d. Did you take time off (for example, sick in quarters, leave of absence) because of the situation?	☐	☐
e. Did the situation damage your personal relationships, for example with a person you were dating or a friend?	☐	☐

DoD provides two ways in which to report a sexual assault:

- A Restricted report of sexual assault allows the sexual assault victim to make a confidential report, to certain individuals, and to receive medical treatment and counseling without starting an official investigation of the assault and without notifying the command the victim was sexually assaulted.
- An Unrestricted report allows the sexual assault victim to receive the same level of support services as a victim who elects the restricted reporting option, but unlike a restricted report, command is notified of the sexual assault of the victim, and an official investigation is undertaken for purposes of holding the alleged offender appropriately accountable.

REPUSC

68. [Ask if [USC_FLAG] = "True"] Did you officially report that you were a victim of a sexual assault? This could have been either a restricted or unrestricted report.

- 2 ☐ Yes
 1 ☐ No

REPINIT

69. [Ask if [USC_FLAG] = "True" AND Q68 = "Yes"] What type of report did you make? *Mark one.*

- 1 ☐ Restricted report that remained restricted
 2 ☐ Restricted report that you converted to unrestricted
 3 ☐ Restricted report, but an independent investigation occurred anyway (e.g., someone you talked to about it notified your chain of command and they initiated an investigation)
 4 ☐ Unrestricted report
 5 ☐ Unsure what type of report you made

SARPTRESA SARPTRESB SARPTRESC SARPTRESD SARPTRESE SARPTRESF SARPTRESG SARPTRESH SARPTRESI SARPTRESJ SARPTRESK SARPTRESL

70. [Ask if [USC_FLAG] = "True" AND Q68 = "Yes"] What were your reasons for reporting the situation? *Mark all that apply.*

- ☐ Someone else made you report it or reported it themselves
☐ To stop the person(s) from hurting you again
☐ To stop the person(s) from hurting others
☐ It was your civic/military duty to report it
☐ To punish the person(s) who did it
☐ To discourage other potential offenders
☐ To get medical assistance
☐ To get mental health assistance
☐ To stop rumors
☐ Someone you told encouraged you to report
☐ Raise awareness that it occurs at the Academy
☐ Other

71. [Ask if [USC_FLAG] = "True" AND Q68 = "No"] What were your reasons for not reporting the situation to an authority? *Mark all that apply.*

- ☒ You thought it was not serious enough to report
- ☒ You took care of the problem yourself by avoiding the person who assaulted you
- ☒ You took care of the problem yourself by confronting the person who assaulted you
- ☒ You took care of the problem yourself by forgetting about it and moving on
- ☒ You did not want more people to know
- ☒ You felt uncomfortable making a report
- ☒ You thought reporting would take too much time and effort
- ☒ You did not want people talking or gossiping about you
- ☒ You felt shame/embarrassment
- ☒ Other

SAMEREP

72. [Ask if [USC_FLAG] = "True" AND (Q68 = "Yes" OR Q68 = "No")] In retrospect, would you make the same decision about reporting if you could do it over?

- 2 ☒ Yes
- 1 ☒ No

PRIOR EXPERIENCES

The questions so far have been about things that occurred in the past Academic Program Year (since June 2021). For the next question, please think about situations that happened more than one Academic Program Year ago, BEFORE June 2021. These are all experiences that you did not tell us about earlier in the survey.

These questions assess experiences of an abusive, humiliating, or sexual nature, and that occurred even though you did not want them and did not consent.

Please include an experience regardless of who did it to you or where it happened.

We appreciate your participation in this survey. In the event you would like to discuss issues related to the survey with someone from OPA during (or after) our visit to the U.S. Merchant Marine Academy, please contact Dr. Ashlea Klahr at (703) 819-5356.

If you wish to provide feedback regarding this survey process or the survey content, please send us an e-mail at: SA-Survey@mail.mil. If you know of others who might like to contact a member of the OPA team, please share this information with them.

The Academy has its own dedicated RAINN supported helpline to assist survivors experiencing Sexual Assault or Sexual Harassment:

CLICK: Logging on to www.usmmasashhelpline.org allows users to receive live, one-on-one confidential help with a trained professional through a secure instant-messaging format. The website also provides vital information about recovering from and reporting sexual assault.

CALL: Calling the telephone hotline (844) 356-7137 allows users to speak with trained Safe Helpline staff for access to resources and support. Safe Helpline staff can also transfer callers to Academy Sexual Assault Response Coordinators (SARCs)/On-call SAPR Victim Advocates (VAs), civilian rape crisis centers or the Suicide Prevention Lifeline.

TEXT: Texting their location to 844-356-7137 allows users to receive automated contact information for the SARC at their location.

Download: Download the USMMAHelpline app to connect yourself with resources through your phone. Simply search USMMAHelpline in the IOS or android app store on your phone.

If you feel uncomfortable or uneasy after participating in this survey, and/or if you are a survivor of sexual assault, or have experienced sexual harassment or stalking, we strongly encourage you to contact the following resources that are available to you:

USMMA Sexual Assault 24/7 Hotline: (516) 462-3207

Safe Center Long Island Hotline: (516) 542-0404

SEXUAL ASSAULT is a heinous crime that has no place at our Academy, or ANYWHERE!

NOTE: Before beginning the briefing, be sure the cadets are spread out in every other seat; do not begin until everyone is seated correctly. Be sure everyone has an envelope/survey and a pen.

[Slide 1] On screen while cadets enter

- Has everyone registered at the desk outside this room? You need to register so we can document that you attended the briefing session.
- Does everyone have a survey, a handout, and an envelope? (Hold up examples of each – distribute as necessary)
- Does anyone need a pen? We ask that you use a black or blue pen to complete the survey. Answers in pencil or any other color ink will not be captured by the scanner. (Distribute pens as necessary)

[Slide 2] COVER SLIDE

- Good morning, my name is _____. We are part of a team from the Office of People Analytics, or OPA. We are here this week to administer the Congressionally-mandated Service Academy Gender Relations Survey.
- Some of you may remember the survey being administered by DMDC, the Defense Manpower Data Center. OPA used to be located within DMDC, but became an independent agency in support of the Defense Human Resource Agency/DHRA in 2016, and is staffed by many of the same individuals who administered the survey in prior years.
- This survey covers topics on sexual assault, sexual harassment & gender discrimination, leadership response, training, & other related topics here at your Academy.

WHO WE ARE

- **OPA administers DoD-wide personnel surveys and focus groups**
- **Collect accurate information to inform policy decisions**
- **Results used by senior DoD officials to evaluate policies & practices regarding**
 - Sexual Assault
 - Sexual Harassment
 - Gender Discrimination
 - Other unwanted gender-related issues
- **We need your help to collect the best data possible!**

2022 SAGR | 3

[Slide 3] WHO WE ARE

- Let me start by explaining who we are. Our agency is responsible for administering DoD-wide personnel surveys and focus groups. Our role as researchers is to collect accurate information so that DoD leaders can make well-informed policy decisions. We conduct research on a variety of topics that directly impact DoD policies.
- We are here today to administer a biennial survey that senior DoD officials rely on to evaluate policies and practices regarding sexual assault, sexual harassment, gender discrimination and other gender-related issues at the Academies. The Gender Relations surveys and focus groups have helped shape DoD policy and programs on these critical topics since 2005. These are policies that will affect you and future cadets, so we need your help in ensuring we collect the best data possible. No one knows these issues like you do, so we come to the source. Your input is what we need.

WHY WE ARE DOING THIS SURVEY

- Congress, DoD leaders, and USMA want to understand the true extent of unwanted sexual behaviors and your ideas on how to prevent them
- We need your participation and honest responses to help us understand these issues
- Congressional requirement (10 USC Sec. 6951)
- Your input *makes a difference*
- This voluntary survey is the only way we can truly understand the facts of sexual assault and sexual harassment here at USMA and how they impact you

2022 SAGR | 4

[Slide 4] WHY ARE WE DOING THIS SURVEY?

- I think we can all agree that the West Point and the Department as a whole have received our share of attention from the press and Congress about these issues – some positive, some negative. I think we can also agree that we all want to resolve the problems related to unwanted sexual behaviors in the military. The only way to address these issues and ensure the safest environment for all cadets/midshipmen here at the Academy is to truly understand the extent of the problem, the dynamics surrounding these issues, and the impact of efforts put in place to combat them. In order to do this, we need everyone's participation and honest responses.
- We know you're asked to take a lot of surveys every year, but this is not just another survey—this is THE Congressionally-mandated survey the Department uses to monitor progress and the effectiveness of current programs and policies related to these issues. While the press and others may claim to know what is going on here at the Academies, members of Congress, Secretary Mattis, and your senior leaders want to hear directly from you.
- We are often asked what happens to the results of the survey. Does my input make a difference? It absolutely does. The Department and the Academies have made major changes in programs over the years as a result of these surveys. Additionally, the increased national focus on sexual assault in the military from

the White House and Congress has been informed in no small part by the information learned from these surveys at the Academies.

- We know you get a lot of attention on these issues, and we understand your time is precious, but the few minutes it takes you to take this survey will have far-reaching significance. This is the only way we can really understand the realities of the situation regarding sexual assault and sexual harassment here at **your** academy and how it does or doesn't impact **you**.

WHAT THE SURVEY IS ABOUT

- **This survey is voluntary**
- **Asks about your personal experiences of sexual assault and sexual harassment during this academic year**
 - June 2021 through today
- **Survey participants sometimes ask “I haven’t experienced any of these behaviors, so why should I take the survey?”**
 - We need to hear from those of you who have and have not experienced gender-related behaviors in order to develop accurate survey results for USMA
 - This survey is your opportunity to provide straightforward feedback to senior DoD leaders who shape policies and programs that directly affect you
- **Privacy Advisory (page 1 of survey)**
 - This survey is anonymous
 - Please avoid putting *any* identifying information in your responses

If you have questions about the survey, our survey team members are available to talk to you

2022 SAGR | 5

[Slide 5] WHAT IS THIS SURVEY ABOUT

- That said, I want to stress that this is a **VOLUNTARY SURVEY**. The decision to participate is totally yours. You’re not required to complete the survey, but I hope I have stressed the importance of your participation and your help.
- The survey asks about your personal views and experiences regarding these behaviors. Please note that for this survey we ask about unwanted behaviors you might have experienced in the past academic year. The academic year started in June 2017 and runs through today. Later in the survey you will also have the opportunity to indicate any other unwanted behaviors that might have occurred before this current academic year.
- You might be thinking to yourself, ‘I’ve never experienced unwanted sexual behaviors, this survey isn’t relevant to me.’ Please consider that we are trying to understand the extent of unwanted behaviors at the Academy, so it is really important to hear from everyone so that we can get an accurate estimate of how often these things are really happening. There are also questions on the survey that apply to everyone. The more we can learn **directly from you** about your views on existing trainings, leadership response, and the culture here at the Academy, the easier it is for senior DoD leaders to implement changes in these areas based on your feedback. Even if you have not experienced any of these unwanted behaviors, you can still provide insight into these critical issues on the

survey.

- Some of you might consider the questions personal in nature. If you are upset while answering this survey or afterward, or wish to discuss issues further, your survey envelope includes a handout regarding where to go for assistance. Of course, we're also here to help in any way possible.
- Because it is anonymous, no individual situation can be addressed. Please avoid putting any identifying information in your responses. We will not collect or use any personally identifiable information, and responses are not tied to any personal identifiers. As a result, this is not the vehicle to report something that requires further attention or action by Academy officials. The first page of the survey booklet includes the "Privacy Advisory" with additional information.
- If you have any questions about the survey, please feel free talk to any of our team members after turning in your survey.

HOW TO FILL OUT THE SURVEY

- Please answer all questions that apply to you, and do so completely and honestly
- Please see the “Completion Instructions” at the bottom of the cover page
 - Write an “X” in a blank box for your answer
 - To change an answer, black out the wrong answer and write an “X” in the box for the correct one
- In order to preserve your anonymity, please do not use *any* personal/unit names, or other identifying information *anywhere* on this survey (such as dates, names of schools, towns/cities, individuals, etc.) that would disclose your identity
 - If you do not have enough room for written comments, please use the comments section at the end of the survey, or ask for additional blank paper
- Please note the handout in the envelope
 - This handout provides contact information for you in the event you become distressed as a result of taking this survey and/or would like to discuss issues or survey content with someone

2022 SAGR | 6

[Slide 6] HOW TO FILL OUT THE SURVEY

- Please look at the “Completion Instructions” at the bottom of the cover page for instructions on how to fill out the survey. It’s straightforward, but we are here if you have any questions about completing the survey or changing a response. If you need anything, please ask.
- I want to reiterate that the survey is anonymous, so please do not use any personal or unit names or other identifying information anywhere on this survey that would disclose your identity such as dates, name of schools, towns/cities, other people, etc..
- Some survey items allow you to write in comments. If you do not have enough room in the space provided, please use the comments section at the end of the survey. If you need more space to write, please raise your hand and we will provide you with extra paper.
- Again, please note the handout with resources that are available to you.

FINISHING THE SURVEY

- **To turn in the survey please do the following**
 - Place your completed survey in the provided envelope
 - Seal the envelope
 - Place the envelope in the survey box
- **The list of resources is yours to keep**

Thank you for your participation!

Surveys are conducted under the authority of 10 United States Code (USC), Section 136, Under Secretary of Defense for Personnel and Readiness, and Section 532 of the John Warner National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2007, Revision and Clarification of Requirements with Respect to Surveys and Reports Concerning Sexual Harassment and Sexual Violence at the Service Academies

2022 SAGR | 7

[Slide 7] FINAL INSTRUCTIONS

- We really want to thank you for taking the time out of your very busy schedules to hear us out today. We know the results of this survey will impact you, but you are also impacted by the number of official reports filed, the high-profile incidents that hit the press, and the attention of senior leaders. This survey is about solving these problems, not masking or ignoring them.
- We want our data to accurately reflect what is going on at here at your Academy. Only you can do that. We encourage you to stay, take the survey, and to be honest in your responses so we can all work towards solving this problem.
- This survey is an extremely important tool in this process and we hope you see the value not only to the Academy and the DoD, but also to you and your fellow cadets/midshipmen. This is your Academy and this is an extremely important and easy way to try to make it better.
- To conclude, when you finish your survey, please put it in the envelope, seal it, and place it in the box on the way out. The handout is yours to keep. Thank you again for your participation. You may begin.

APPENDIX C: Coding Scheme for the 2022 Service Academy Gender Relations Survey

Analysts, both at OPA and other organizations (government, academic, and private-sector), analyze OPA datasets repeatedly over time. Care is taken in organizing and documenting OPA surveys so secondary analysts can be reasonably certain they understand both how the data are coded and the limitations of the data. This appendix describes (1) conventions for naming variables, (2) methods for capturing data from the survey instrument, and (3) the process of editing survey response variables created for the analysis file.

Variable Naming

Variable naming conventions are discussed in the following section.

Survey Variables

Standard survey response and operational variables. Variables common to OPA surveys are assigned identical names and values across surveys. The prefix “SR” is used for self-reported demographic survey items. Common survey response variables occurring in the 2022 Service Academy Gender Relations Survey (2022 SAGR) include SRACAD (for Academy they attend), SRCLASS (for class year at their Academy), SRRACEA-E (for race), and SRHISPA1 (for Hispanic ethnicity). Examples of common operational variables are CMTFLAG (indicates whether the respondent entered a comment) and DARVDATE (date the survey arrived at the processing center).

Project-specific survey variables. Survey item variables for this project are named according to the following conventions:

- The variable names are abbreviations of the question content. The survey item “What is your class year (the year you will graduate from the Academy)?” is named SRLCASS. All variables on the survey have standard names in the expectation of repeated fielding
- When items are asked in a group presentation (matrix), the variable names will start with the same stem. The last letter demarks the sub item’s distinction. In some cases, the last letter will not match the order in which the items were presented. See Appendix A for variable names.
- Variable functions are marked by appending special letters to the end of the variable name. “SK” is used to identify skip pattern flags. “SP” is used for specify flags. “U” indicates the values have not been edited to enforce skip pattern consistency. “R” indicates the original values have been recoded for analytical reasons.

Crossing (domain) variables. Survey response variables may be recoded to define cross-tabulation categories for reports or analyses. Missing values for gender and Academy are imputed from batching sheets. The first position of the variable name is “X.” See Appendix G for the SAS code that defines these variables.

Administrative Record Variables

The OPA standard processes for the naming of sampling frame variables is to retain the original frame variable name, values, and value labels when administrative record data are unchanged,. Any edit to the frame variable's values or formats (e.g., collapsing) causes a change in the variable name in the sample file. 2022 SAGR's sample file variables were not loaded with the returns dataset. The paper surveys were fielded with a method that makes it impossible to match sample file date with the survey returns.

Value Coding and Formats

Datasets are prepared as SAS system files. A flat file and the SPSS version of the basic survey file are then prepared from the SAS system file. This section describes how values are treated in creating the SAS system files and notes any differences in the flat and SPSS files.

In the SAS system files, variables are declared as numeric unless the variables contain true alphabetic characters. Although numeric variables can take more storage space, many statistical and logical operations can be done only with numeric variables.

Raw-Data Encoding Process

Paper surveys are scanned using Intelligent Character Recognition (ICR) technology. If any documents cannot be scanned, they are batched separately and the data are key-entered. The paper survey form's "other specify" and open-ended comments are collected in a comment file and linked to the data by an identifier (INRECNO) given to each survey as it is scanned. The long comment item at the end of the questionnaire is keyed in a separate process. All text entries are cleaned and edited to remove identifying information and expletives by the contracted research support team. The comments data are confidential and are not merged into the returns dataset. Prior to providing each dataset to OPA, the operations contractor copies the indexed file to their internal network. The data are then converted to a sequential format, and the validate program reads and loads the data to the dataset.

The data are then cleaned in an iterative multi-step process. In the first step, values are assigned to valid responses (see Appendix A for the annotated survey instrument) and item nonresponse is coded as "." in SAS and "-9" in the flat file. In the second step, flag variables are created and codes are assigned to indicate whether respondents should have been asked particular questions. In the third step, the flag variables are used to validate and code skip pattern variables. Special codes for valid skips are assigned to variables within skip patterns using a "forward coding" process. In the coding sequence, coding in the later steps builds on prior steps and usually involves values in multiple items to resolve edits.

Missing Data Codes

The instructions used to assign missing data codes and other special codes are shown in Table C-1. In this table, the labels associated with each assigned value are shown in italicized text; these are the SAS format labels used in the SAS dataset. Table C-1 contains SAS and flat file missing data values.

The values presented in Table C-1 are missing data values that are common on OPA surveys. This table has separate columns for values used for SAS system files and flat files. The biggest difference between the flat files and SAS system files is in the treatment of missing values. SAS implements special missing values and formats that may not be compatible with other statistical analysis software such as SPSS. The missing data values in Table C-1 are shown in hierarchical order of application; for example, if a respondent did not meet the skip requirement on an item that did not appear on their survey form, the higher-level *Not on form* code (.F or -5) would be applied, as it supersedes the lower-level *Not applicable per skip* (.N or -6) code.

SAS can represent up to 27 missing data values for numeric variables as either a period or a period-letter combination. While SAS can read alpha characters representing missing data in a raw data field declared to be numeric, other programs such as SPSS do not accept these characters in numeric fields. Missing numeric data are represented in the flat files by negative numbers declared as missing values. For example, an out-of-range error in flat files is coded as a “-7,” which can be declared as a missing value when the data are input in SPSS—in the SAS file, the value “.O” is used to represent an out-of-range error.

Data requirements of SUDAAN are also considered in coding. Primarily this means avoiding the use of a zero in coding, as zero has a special use for certain procedures in SUDAAN, for a variable that will be used as a categorical independent variable.

Table C-1.
SAS and Flat File Missing Data Values

SAS File		Flat File		Description
Numeric	Alpha	Numeric	Alpha	
.B	.B	-1	.B	<i>No survey returned.</i> Filler values for survey variables when either a blank survey is returned or no survey is returned. Control system variables retain assigned values.
.S	.S	-8	.S	<i>Survey self-report ineligible.</i> Applies to all questions following eligibility questions.
.F	.F	-5	.F	<i>Not on form.</i> This value is reserved for surveys with multiple forms or modules. Applies to variables on one form but not another.
.G	.G	-3	.G	<i>Telescoped.</i> This value is used to remove responses on key questions regarding an event if the respondent indicated the reported event occurred outside the timeframe of interest. This is most often used on Gender Relations surveys.
.D	.D	-2	.D	<i>Does not apply; did not experience.</i> For surveys with deep skips, OPA uses this value to differentiate the reason respondents did not see the items.
.N	.N	-6	.N	<i>Not applicable, per skip.</i> Applies to variables skipped due to a prior response on the survey and skip variable coding.
.O	.O	-7	.O	<i>Out-of-range.</i> Applies to variables with values outside of the acceptable range (i.e., improper date).
.I	.I	-4	.I	<i>Incomplete grid error.</i> Applies to variables with improper values based on the response anticipated (e.g., a letter in a number field), or not enough data across a set of items to have a complete answer, or multiple responses on a paper survey form.
.	.	-9	.	<i>No response.</i> Respondent left a question blank.

Records are included in the files for sampled members regardless of whether or not they returned a survey. If a member did not return a survey or returned a blank survey, every survey variable is assigned a value of “-1” (SAS: .B). Self-reported survey ineligibility is coded as “-8” (SAS: .S).

Multiple survey forms, modules, or modes (e.g., paper and web) are sometimes used in a single effort, and the data from the related forms may be combined into a single dataset for analysis. Questions may appear in one survey form or module but not another. In a combined dataset, a code of “-5” (SAS: .F) indicates missing data for variables not on the form/module completed by a respondent.

Many types of missing data are common to scanned surveys and are self-explanatory. Items within a skip pattern that are not applicable are coded as “-6” (SAS: .N). Out-of-range responses (e.g., number of days or weeks in a year larger than 365 or 52, respectively) are coded as “-7” (SAS: .O). Multiple response errors and incomplete responses in grids that could not be resolved by visual inspection are coded as “-4” (SAS: .I).¹ In general, missing data are coded as “-9” (SAS: .) for item nonresponse. When multiple items can be affected by a skip pattern or when items have multiple ways to be not applicable, other specific codes are used. This type of coding is discussed later in the section entitled “Special Codes for Skip Patterns.”

Standard Flag Variables

This survey employs two standard flag variables: specify flags and skip flags. These flag variables are created during the second and third edit steps.

Skip pattern flags indicate whether one or more questions were or were not to be asked of respondents. On the paper instrument, respondents are given instructions to go to a specific question based on their response. For example, if respondents indicated “no” on Q4 (MEOBEHA) that “Since June 2021, did someone from your Academy repeatedly tell sexual “jokes” that made you uncomfortable, angry, or upset?” they were expected to skip Q5. MEOCONTASK is a flag variable indicating whether Q5 (MEOCONTA) was answered consistently with the skip pattern. The skip flag is then used to remove incongruent responses from the data. Skip flags are useful for evaluating the effectiveness of the skip pattern and for screening out ambiguous response patterns during analysis. Skip flags are set in the manner discussed in Table C-1; however, the specifics for each skip flag are detailed in the next section.

Specify flags indicate whether a respondent provided a response to select open-ended questions. These are set during the data editing process in accordance with Table C-1.

Special Codes for Skip Patterns

Discrepancies in skip patterns are resolved during data editing. First, skip flags are created based on the survey skip logic defined in Appendix A. If the respondent meets the skip criteria, they are assigned a value of 2 (Asked) on the skip flag. If the respondent does not meet the skip criteria, they are assigned a value of 1 (Not asked) on the skip flag. After the creation of the skip flags, variables within the skip patterns are forward coded to make them consistent with the variables that start the skip patterns. To preserve all data, the variables within skip patterns are first copied to a set of confidential variables. The naming convention for these “raw” variables is to end the name with “U” for Unedited. Figure C-1 provides an example of how to assign the special values to variables within the skip patterns. The remainder of this section describes the logic behind coding skip patterns.

¹ Multiple response errors can only occur for users of the paper form. The web instrument, through the use of radio buttons, does not allow multiple responses for one item.

Figure C-1.
Example of Skip Cleaning

Sample Question	Sample Skip Cleaning
HOUSING 5. Which of the following best describes where you live? <i>Mark one.</i> 1 ☒ Military housing, on base 2 ☒ Military housing, off base 3 ☒ Civilian housing MILBASE 6. [Ask if Q5 = "Military housing, off base" or Q5 = "Civilian housing"] How close do you live to a military base/installation? <i>Mark one.</i> 1 ☒ Less than 30 minutes 2 ☒ 30 minutes to less than 1 hour 3 ☒ 1 to 2 hours 4 ☒ More than 2 hours	MILBASESK is an indicator of whether MILBASE were or were not to be asked of a respondent and its initial value is 1 (Not asked). If (HOUSING = 2 OR HOUSING = 3) then MILBASESK = 2 (Asked). The skip variable is used for forward coding of respondents who did not meet the requirement to see the item. Cleaning syntax: If MILBASESK = 1 then do; MILBASE = .N; end;

While an analyst can ignore discrepancies between a respondent's answer on an item containing a conditional direction to skip items and answers to those items, it is generally better to resolve the discrepancies. Two ways of resolving the discrepancies are termed backward and forward coding. Backward coding involves correcting the discrepancy by editing back from the skip pattern items to make the initial question conform. Forward coding involves correcting the discrepancy by editing forward from the initial question to make the skip pattern items conform. Data for this survey are forward coded with data on the starting question accepted as marked and data for the items within the skip pattern edited to be consistent with the starting question.

If a starting item is marked in such a way that the respondent should skip, items within the skip pattern have the not applicable value (.N) assigned regardless of what the respondent marked on the items within the skip pattern. These values differentiate items with data missing because the item should have been skipped from items where data are missing because the respondent could have answered them but did not.

Standard Survey Eligibility Requirements

In addition to cleaning based on skip patterns, variables are cleaned based on responses to key eligibility questions in the survey. If a respondent indicates ineligibility on a key eligibility question(s), the subsequent variables are coded as ".S," *Survey self-report ineligible*. The survey form did not have eligibility questions. The survey team has a high confidence that the sampling frame excluded those ineligible for to take the survey.

Data Editing

After the skip cleanings are applied, remaining values are cleaned to ensure logical consistency with the survey question and/or other answers. For example, a question about the number of days poor health was experienced in the past 30 days should not have a value exceeding 30. In those cases where a respondent provided a value greater than 30, the value will be edited to the special missing value “Out of range” (SAS: .O). Other cleanings may set a maximum or minimum valid value rather than setting the value to missing. See Table C-2 for details on the cleanings applied.

Table C-2.
Logical Cleanings

Variable Name	Question Number	Cleaning
SA1NUM	50	Setting .O: Values equal to 0 are considered Out-of-range.
SAGRPGEN	55	Updated .I to correct values based on visual inspection of the paper survey forms. If participants marked that their alleged offender/s was/were “A man” and “A woman” their marks were changed to “A mix of men and women.”
OFFRELA— OFFRELF	56	Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.)
SARPTRESA— SARPTRESL	70	Paper Scanning: Apply double capture (once as Mark One and once as Mark All) to adjust for stray marks. Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.)
USCNOREPA— USCNOREPJ	71	Paper Scanning: Apply double capture (once as Mark One and once as Mark All) to adjust for stray marks. Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.)
LEADACTA— LEADACTK	73	Paper Scanning: Apply double capture (once as Mark One and once as Mark All) to adjust for stray marks. Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.) Contradictory response cleaning: If participants respond that they experienced behaviors (marking response options 1—10), and marked “Does not apply, you have not experienced any of the above” their mark on “Does not apply, you have not experienced any of the above” was set to not marked.
TYPELEADA— TYPELEADB	74	Paper Scanning: Apply double capture (once as Mark One and once as Mark All) to adjust for stray marks. Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.)
OSTRSMA— OSTRSMD	77	Paper Scanning: Apply double capture (once as Mark One and once as Mark All) to adjust for stray marks. Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.) Contradictory response cleaning: If participants respond that they experienced behaviors (options 1—3), and marked “You did not experience any of the above” their mark on “You did not experience any of the above” was set to not marked.

Variable Name	Question Number	Cleaning
MLTRTA— MLTRTF	80	Paper Scanning: Apply double capture (once as Mark One and once as Mark All) to adjust for stray marks. Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.) Contradictory response cleaning: If participants respond that they experienced behaviors (options 1—5), and marked “Does not apply, you did not experience any of the above” their mark on “Does not apply, you did not experience any of the above” was set to not marked.
PRIORUSCA1 —PRIORUSCA3	83 a	Paper Scanning: Apply double capture (once as Mark One and once as Mark All) to adjust for stray marks. Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.) Contradictory response cleaning: If participants respond that they experienced behaviors (options 2—3), and marked “No, have not experienced” their mark on “No, have not experienced” was set to not marked.
PRIORUSCA1 —PRIORUSCA3	83 b	Paper Scanning: Apply double capture (once as Mark One and once as Mark All) to adjust for stray marks. Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.) Contradictory response cleaning: If participants respond that they experienced behaviors (options 2—3), and marked “No, have not experienced” their mark on “No, have not experienced” was set to not marked.
PRIORUSCA1 —PRIORUSCA3	83 c	Paper Scanning: Apply double capture (once as Mark One and once as Mark All) to adjust for stray marks. Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.) Contradictory response cleaning: If participants respond that they experienced behaviors (options 2—3), and marked “No, have not experienced” their mark on “No, have not experienced” was set to not marked.
PRIORUSCA1 —PRIORUSCA3	83 d	Paper Scanning: Apply double capture (once as Mark One and once as Mark All) to adjust for stray marks. Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.) Contradictory response cleaning: If participants respond that they experienced behaviors (options 2—3), and marked “No, have not experienced” their mark on “No, have not experienced” was set to not marked.
PRIORUSCA1 —PRIORUSCA3	83 e	Paper Scanning: Apply double capture (once as Mark One and once as Mark All) to adjust for stray marks. Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.) Contradictory response cleaning: If participants respond that they experienced behaviors (options 2—3), and marked “No, have not experienced” their mark on “No, have not experienced” was set to not marked.
ALCBINGE	95	Setting .O: Values greater than 30 are considered Out-of-range.
SRRACEA— SRRACE	104	Paper Scanning: Apply double capture (once as Mark One and once as Mark All) to adjust for stray marks. Mark All cleaning: If all sub items are equal to 1 (Not marked), then all sub items are set to missing (.)

Application of “Does not apply; did not experience”

The 2022 SAGR survey has two sections where .D “*Does not apply; did not experience*” are applied. The first section is “GENDER-RELATED SITUATION WITH THE GREATEST EFFECT,” for the one situation of sex-based Military Equal Opportunity (MEO). Those that did not experience an MEO violation are coded as .D. On the survey instrument, this skip was defined as having experienced an MEO violation with survey criteria that mimics the criteria for a DoD-based MEO violation (MEO_FLAG = “True”). See Appendix A for coding notes. To meet the definition of the UCMJ, OPA narrowed the MEO rate calculation to include gender discrimination subscale from leadership. To be included in the rate, a survey respondent had to positively endorse that “someone of your gender is not as good as the opposite gender as a future officer, or that someone of your gender should be prevented from becoming a future officer” (Q36) and also positively endorse that the behavior “harmed or limited” their career (Q37) and the person who did the behavior was in a leadership position (Q38). The MEO one situation section was cleaned to match the MEO rate construction. The MEO rate is a roll up of Sexual Harassment and Sex Discrimination from Leadership. The variable used for the cleaning was MEO_FLAG_L = “True”. Where MEO_FLAG_L = “Not True” are set to .D values for all items Q41—Q48 indicating they did not experience a DoD-based MEO violation.

The second section is “UNWANTED SEXUAL CONTACT SITUATION WITH THE GREATEST EFFECT” for the event of Unwanted Sexual Contact (USC) with the biggest effect, including the sub-section, “OUTCOMES ASSOCIATED WITH EXPERIENCING SEXUAL ASSAULT.” Those that did not experience USC are coded as .D for Q53—82. The cleaning was based on USC_FLAG. See Appendix A for coding notes.

Variable Name	Type	Start	Stop	Length	Label
EXTWILLA	Num	0001	0002	002	To what extent are you willing to... Mark one answer for each item. Point out to someone that you think they "crossed the line" with gender-related comments or jokes?
EXTWILLB	Num	0003	0004	002	To what extent are you willing to... Mark one answer for each item. Seek help from the chain of command in stopping other students who continue to engage in sexual harassment after having been previously spoken to?
COCENVIRA	Num	0005	0006	002	Since June 2021, to what extent have you witnessed people in your company/squadron... Mark one answer for each item. Promoting a climate based on mutual respect and trust?
COCENVIRB	Num	0007	0008	002	Since June 2021, to what extent have you witnessed people in your company/squadron... Mark one answer for each item. Leading by example by refraining from sexist comments and behaviors?
COCENVIRC	Num	0009	0010	002	Since June 2021, to what extent have you witnessed people in your company/squadron... Mark one answer for each item. Recognizing and immediately correcting incidents of sexual harassment?
COCENVIRD	Num	0011	0012	002	Since June 2021, to what extent have you witnessed people in your company/squadron... Mark one answer for each item. Encouraging bystander intervention to assist others in situations at risk for sexual assault or other harmful behaviors?
CATCHHEAR	Num	0013	0014	002	Have you heard of the CATCH a Serial Offender Program?
FTREEXPA	Num	0015	0016	002	If you were to experience sexual assault in the future, to what extent would you... Mark one answer for each item. Trust the Academy to protect your privacy following the reported incident?
FTREEXPB	Num	0017	0018	002	If you were to experience sexual assault in the future, to what extent would you... Mark one answer for each item. Trust the Academy to ensure your safety following the reported incident?
FTREEXPC	Num	0019	0020	002	If you were to experience sexual assault in the future, to what extent would you... Mark one answer for each item. Trust the Academy to treat you with dignity and respect following the reported incident?
STOPSHSAA	Num	0021	0022	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Cadet/midshipman leaders

Variable Name	Type	Start	Stop	Length	Label
STOPSHSAB	Num	0023	0024	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Cadets/midshipmen not in appointed leadership positions
STOPSHSAC	Num	0025	0026	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Commissioned officers directly in charge of your unit
STOPSHSAD	Num	0027	0028	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Non-commissioned officers or senior/chief petty officers directly in charge of your unit
STOPSHSAE	Num	0029	0030	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Academy senior leadership (for example, Superintendent, Commandant, Vice/Deputy Commandant, Dean)
STOPSHSAF	Num	0031	0032	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Military/uniformed academic faculty
STOPSHSAG	Num	0033	0034	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Civilian academic faculty

Variable Name	Type	Start	Stop	Length	Label
STOPSHSAH	Num	0035	0036	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Intercollegiate (NCAA/Division I/II) coaches and trainers
STOPSHSAI	Num	0037	0038	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Intercollegiate (NCAA/Division I/II) officer representatives/advisors
STOPSHSAJ	Num	0039	0040	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Club team coaches and trainers
STOPSHSAK	Num	0041	0042	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Club team officer representatives/advisors
STOPSHSAL	Num	0043	0044	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Intramural coaches and trainers
STOPSHSAM	Num	0045	0046	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Intramural officer representatives/advisors

Variable Name	Type	Start	Stop	Length	Label
STOPSHSAN	Num	0047	0048	002	At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? Mark one answer for each item. Physical education instructors
CULTUREA	Num	0049	0050	002	At your Academy, to what extent do you think... Mark one answer for each item. High-profile cases of sexual assault deter other victims from reporting sexual assault?
CULTUREB	Num	0051	0052	002	At your Academy, to what extent do you think... Mark one answer for each item. Potential scrutiny by the media makes victims less likely to come forward to report sexual assault?
CULTUREC	Num	0053	0054	002	At your Academy, to what extent do you think... Mark one answer for each item. Potential negative reaction from Academy peers makes victims less likely to report sexual assault?
CULTURED	Num	0055	0056	002	At your Academy, to what extent do you think... Mark one answer for each item. People "cry rape" to avoid punishment or after making a regrettable decision?
CULTUREE	Num	0057	0058	002	At your Academy, to what extent do you think... Mark one answer for each item. "Victim blaming" occurs (i.e., holding a victim partly or entirely responsible for a sexual assault)?
CULTUREF	Num	0059	0060	002	At your Academy, to what extent do you think... Mark one answer for each item. A victim's reputation affects whether Academy peers believe he or she was assaulted?
CULTUREG	Num	0061	0062	002	At your Academy, to what extent do you think... Mark one answer for each item. The other cadets/midshipmen watch out for each other to prevent sexual assault?
CULTUREH	Num	0063	0064	002	At your Academy, to what extent do you think... Mark one answer for each item. Your cadet/midshipman leaders enforce rules (such as rules against fraternization and drinking in the dormitory)?
CULTUREI	Num	0065	0066	002	At your Academy, to what extent do you think... Mark one answer for each item. Your commissioned officers (AOCs, TACs, Company Officers) set good examples in their own behavior and talk?

Variable Name	Type	Start	Stop	Length	Label
CULTUREJ	Num	0067	0068	002	At your Academy, to what extent do you think... Mark one answer for each item. Your non-commissioned officers (AMTs, TAC NCOs, SELs) set good examples in their own behavior and talk?

2022 Service Academy Gender Relations Survey

AGENCY DISCLOSURE NOTICE & PRIVACY ADVISORY

AGENCY DISCLOSURE NOTICE: The public reporting burden for this collection of information, 0704-0623, is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or burden reduction suggestions to the Department of Defense, Washington Headquarters Services, at whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

PRIVACY ADVISORY: This survey is anonymous, does not collect or use personally identifiable information, and responses are not retrievable by personal identifier. In order to better protect your privacy, do not include information that may identify you or others when completing write-in responses. The purpose of this survey is to solicit information to identify and assess gender issues and discrimination among cadets/midshipmen at the Service Academies and to evaluate the effectiveness of each Service Academy's sexual assault/harassment policies, training, and procedures. Your responses will be aggregated and will provide senior Department of Defense officials (for the Department of Homeland Security, or Department of Transportation officials, those survey results will be aggregated separately) a benchmark to track reported sexual assault/harassment trends over time.

These aggregated results will also be reported to Congress. Completing this survey is voluntary. There will be no attempt to trace responses back to the respondent. There is no penalty for not responding or skipping questions; however, maximum participation is encouraged so that the data will be complete and representative. Because the survey is anonymous, no individual situation can be addressed. Please avoid putting any identifying information in your responses. This is not the vehicle to report something that requires further attention or action by Academy officials.

Statement of Risk: The data collection procedures are not expected to involve any risk or discomfort to you. The only risk to you is accidental or unintentional disclosure of any identifying data you provide. However, OPA has a number of policies and procedures to ensure that survey data are kept anonymous and protected, to the extent provided by law. If you have any questions about this survey, please contact SA-Survey@mail.mil.

Authority to Survey: The John Warner National Defense Authorization Act for Fiscal Year 2007, Section 532 requires annual assessments of gender-related issues at the Military Service Academies (10 USC 481). DoD Service Academies are surveyed per DoDI 6495.02, Sexual Assault Prevention and Response (SAPR) Program Procedures. Preparatory Schools are covered under 32 CFR Part 217. USCGA officials requested the Coast Guard be included, beginning in 2008, in order to evaluate and improve their programs addressing sexual assault and sexual harassment. Beginning in 2012, at the request of the U.S. Merchant Marine Academy (USMMA), USMMA officials contracted with OPA to include USMMA in the Service Academy Gender Relations Survey and Focus Group efforts. Results for the USCGA and USMMA are reported separately from the DoD.

COMPLETION INSTRUCTIONS

- Please take your time and select answers you believe are most appropriate.
- Please PRINT where applicable. Do not make any marks outside of the response and write-in boxes.
- If you need more room for comments, use the back page or ask a survey proctor for a blank piece of paper.
- Place an "X" in the appropriate box or boxes.

RIGHT

WRONG

- To change an answer, completely black out the wrong answer and put an "X" in the correct box as shown below.

CORRECT ANSWER

INCORRECT ANSWER

BACKGROUND INFORMATION

1. Which Service Academy/Preparatory School do you attend?

- ☐ United States Military Academy
- ☐ United States Military Academy Preparatory School
- ☐ United States Naval Academy
- ☐ United States Naval Academy Preparatory School
- ☐ United States Air Force Academy
- ☐ United States Air Force Academy Preparatory School
- ☐ United States Coast Guard Academy
- ☐ United States Merchant Marine Academy

2. Are you...?

- ☐ Male
- ☐ Female

3. What is your Class year (the year you will graduate from the Academy)?

- ☐ 2022
- ☐ 2023
- ☐ 2024
- ☐ 2025
- ☐ 2026 (Preparatory School only)

GENDER-RELATED EXPERIENCES

In this section, you will be asked about several things that someone from your Academy might have done to you that were upsetting or offensive to you and that happened since June 2021.

When the questions say “someone from your Academy,” please include any person you have contact with as part of your **Academy life**. “Someone from your Academy” could be an officer or non-commissioned officer, fellow cadet or midshipman, civilian employee, or contractor. These persons can be Academy leadership, faculty, athletic department personnel, or support service staff.

These things may have occurred on- or off-duty or on- or off-campus. Please include them as long as the person who did them to you was someone from **your Academy**.

4. Since June 2021, did someone from your Academy repeatedly tell sexual “jokes” that made you uncomfortable, angry, or upset?

☐ Yes ☐ No ⇒ GO TO Q7

5. Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?

☐ Yes
☐ Not applicable, they did not know I or someone else wanted them to stop
☐ No

6. Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended by these jokes if they had heard them? If you aren't sure, choose the best answer.

☐ Yes ☐ No

7. Since June 2021, did someone from your Academy embarrass, anger, or upset you by repeatedly suggesting that you do not act like a cadet/midshipman of your gender is supposed to? For example, by calling you a fag or gay, a dyke or butch.

☐ Yes ☐ No ⇒ GO TO Q10

8. Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?

☐ Yes
☐ Not applicable, they did not know I or someone else wanted them to stop
☐ No

9. Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended if someone had said these things to them? If you aren't sure, choose the best answer.

☐ Yes ☐ No

10. Since June 2021, did someone from your Academy display, show, or send sexually explicit materials like pictures or videos that made you uncomfortable, angry, or upset?

☐ Yes ☐ No ⇒ GO TO Q13

11. Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?

☐ Yes
☐ Not applicable, they did not know I or someone else wanted them to stop
☐ No

12. Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended by seeing these sexually explicit materials? If you aren't sure, choose the best answer.

☐ Yes ☐ No

13. Since June 2021, did someone from your Academy repeatedly tell you about their sexual activities or make sexual gestures/body movements (for example, thrusting their pelvis or grabbing their crotch) in a way that made you uncomfortable, angry, or upset?

☐ Yes

☐ No ⇒ GO TO Q16

14. Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?

☐ Yes

☐ Not applicable, they did not know I or someone else wanted them to stop

☐ No

15. Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended by hearing about these sexual activities or by having someone make sexual gestures/body movements (for example, thrusting their pelvis or grabbing their crotch)? If you aren't sure, choose the best answer.

☐ Yes

☐ No

16. Since June 2021, did someone from your Academy repeatedly ask you questions about your sex life or sexual interests that made you uncomfortable, angry, or upset?

☐ Yes

☐ No ⇒ GO TO Q19

17. Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?

☐ Yes

☐ Not applicable, they did not know I or someone else wanted them to stop

☐ No

18. Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended if they had been asked these questions? If you aren't sure, choose the best answer.

☐ Yes

☐ No

19. Since June 2021, did someone from your Academy make repeated sexual comments about your appearance or body that made you uncomfortable, angry, or upset?

☐ Yes

☐ No ⇒ GO TO Q22

Continue to next column

20. Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?

☐ Yes

☐ Not applicable, they did not know I or someone else wanted them to stop

☐ No

21. Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended if these remarks had been directed to them? If you aren't sure, choose the best answer.

☐ Yes

☐ No

22. Since June 2021, did someone from your Academy either take or share sexually suggestive pictures or videos of you when you did not want them to?

☐ Yes

☐ No ⇒ GO TO Q25

23. Did this make you uncomfortable, angry, or upset?

☐ Yes

☐ No ⇒ GO TO Q25

24. Do you think that this was ever severe enough that most cadets/midshipmen at your Academy would have been offended if it happened to them? If you aren't sure, choose the best answer.

☐ Yes

☐ No

25. Since June 2021, did someone from your Academy make repeated attempts to establish an unwanted romantic or sexual relationship with you? These could range from repeatedly asking you out to asking you for sex or a "hookup."

☐ Yes

☐ No ⇒ GO TO Q29

26. Did these attempts make you uncomfortable, angry, or upset?

☐ Yes

☐ No ⇒ GO TO Q29

27. Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?

☐ Yes

☐ Not applicable, they did not know I or someone else wanted them to stop

☐ No

28. Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended by these unwanted attempts (Q25)? If you aren't sure, choose the best answer.

☐ Yes ☐ No

29. Since June 2021, did someone from your Academy repeatedly touch you in a way that made you uncomfortable, angry, or upset?

This could include almost any unnecessary physical contact including hugs, shoulder rubs, or touching your hair, but would not usually include handshakes or routine uniform adjustments.

☐ Yes ☐ No ⇒ GO TO Q32

30. Did they continue this unwanted behavior after they knew that you or someone else wanted them to stop?

☐ Yes
☐ Not applicable, they did not know I or someone else wanted them to stop
☐ No

31. Do you think this was ever severe enough that most cadets/midshipmen at your Academy would have been offended by this unnecessary touching? If you aren't sure, choose the best answer.

☐ Yes ☐ No

32. Since June 2021, has someone from your Academy (permanent party, civilian faculty/staff, and/or cadets/midshipmen in leadership positions) made you feel as if you would get some benefit in exchange for doing something sexual? For example, they might hint that they would give you a good evaluation/fitness report, a better cadet/midshipman assignment, or better academic grade in exchange for doing something sexual. Something sexual could include talking about sex, undressing, sharing sexual pictures, or having some type of sexual contact.

☐ Yes ☐ No ⇒ GO TO Q34

Continue to next column

33. What led you to believe that you would get a benefit if you agreed to do something sexual? Mark "Yes" or "No" for each item.

	Yes	No
a. They told you they would give you a reward or benefit for doing something sexual	☐	☐
b. They hinted you would get a reward or benefit for doing something sexual. For example, they reminded you about your evaluation/fitness report about the same time they expressed sexual interest	☐	☐
c. Someone else told you they got benefits from this person by doing sexual things.....	☐	☐

34. Since June 2021, has someone from your Academy (permanent party, civilian faculty/staff, and/or cadets/midshipmen in leadership positions) made you feel as if you would get punished or treated unfairly at your Academy if you did not do something sexual? For example, they hinted that they would give you a bad evaluation/fitness report, a bad grade, or treat you badly if you were not willing to do something sexual. This could include being unwilling to talk about sex, undress, share sexual pictures, or have some type of sexual contact.

☐ Yes ☐ No ⇒ GO TO Q36

35. What led you to believe you would get punished or treated unfairly at your Academy if you did not do something sexual? Mark "Yes" or "No" for each item.

	Yes	No
a. They told you that you would be punished or treated unfairly if you did not do something sexual.	☐	☐
b. They hinted you would be punished or treated unfairly if you did not do something sexual. For example, they reminded you about your evaluation/fitness report near the same time that they expressed sexual interest.	☐	☐
c. Someone else told you they were punished or treated unfairly by this person for not doing something sexual.....	☐	☐

36. Since June 2021, did you hear someone from your Academy say that someone of your gender is not as good as the opposite gender as a future officer, or that someone of your gender should be prevented from becoming a future officer?

☐ Yes

☐ No ⇒ GO TO Q39

37. Do you think their beliefs about someone of your gender ever harmed or limited your cadet/midshipman career? For example, did they hurt your evaluation/fitness report, or affect your grades or chances for leadership positions?

☐ Yes

☐ No

38. Was anyone who did this unwanted behavior in a position of authority/leadership over you (permanent party, civilian faculty/staff, and/or cadets/midshipmen in leadership positions)?

☐ Yes

☐ No

39. Since June 2021, do you think someone from your Academy (permanent party, civilian faculty/staff, and/or cadets/midshipmen in leadership positions) mistreated, ignored, excluded, or insulted you because of your gender?

☐ Yes

☐ No ⇒ GO TO Q41

40. Do you think this treatment ever harmed or limited your cadet/midshipman career? For example, did they hurt your evaluation/fitness report, or affect your grades or chances for leadership positions?

☐ Yes

☐ No

If you answered "Yes" to ANY Q4 - Q40, continue to Q41. Otherwise ⇒ GO TO Q49.

GENDER-RELATED SITUATION WITH THE GREATEST EFFECT

The following questions ask about the unwanted situation that had the greatest effect on you. Before you continue, please choose the one unwanted situation since June 2021 that you consider to be the worst or most serious.

41. Who was the person(s) in this situation who did this to you? **Mark one answer for each item.**

	Don't know		
	No		
	Yes		
a. A fellow Academy student who was in a <u>higher</u> class year	☐	☐	☐
b. A fellow Academy student who was in the <u>same</u> class year	☐	☐	☐
c. A fellow Academy student who was in a <u>lower</u> class year	☐	☐	☐
d. A fellow Academy student who was higher in the cadet/midshipman chain of command	☐	☐	☐
e. A member of an intramural or club sports team at your Academy	☐	☐	☐
f. A member of an intercollegiate (NCAA/Division I/III) sports team at your Academy	☐	☐	☐
g. Academy military/uniformed faculty or staff	☐	☐	☐
h. Academy civilian faculty or staff	☐	☐	☐
i. A DoD/DHS/DOT person not affiliated with the Academy	☐	☐	☐
j. A person not affiliated with DoD/DHS/DOT	☐	☐	☐
k. Unknown person	☐	☐	☐
l. USMMA ONLY. A person affiliated with the maritime industry	☐	☐	☐

42. How many people did this to you? **Mark one.**

☐ One person

☐ More than one person

☐ Not sure

43. Was/Were this person(s)... **Mark one.**

☐ A man?

☐ A woman?

☐ A mix of men and women?

☐ Not sure?

44. Would you describe this situation as... Mark "Yes" or "No" for each item.

	Yes	No
a. Hazing? Hazing refers to so-called initiations or rites of passage in which individuals are subjected to physical or psychological harm to achieve status or be included in an organization.....	☒	☒
b. Bullying? Bullying refers to acts of aggression intended to single out individuals from their fellow cadets/ midshipmen or to exclude them from an organization	☒	☒

45. Thinking about this upsetting situation, did you discuss it with... Mark "Yes" or "No" for each item.

	Yes	No
a. The person(s) who did this to you?..	☒	☒
b. Someone in your company/ squadron?	☒	☒
c. Your friends or family outside of your company/squadron?	☒	☒
d. A chaplain, counselor, or medical person?	☒	☒
e. A Military Equal Opportunity (MEO) Officer, SARC, or SHARP Officer? ...	☒	☒

46. Did you make a complaint about this situation with/to any authority or organization?

- ☒ Yes
☒ No ⇒ GO TO Q48

47. What actions were taken in response to your complaint? Mark "Yes" or "No" for each item.

	Yes	No
a. The situation was corrected	☒	☒
b. Your situation was/is being investigated.....	☒	☒
c. You were kept informed of what actions were being taken.....	☒	☒
d. You were encouraged to let it go or tough it out.....	☒	☒
e. Your situation was discounted or not taken seriously.....	☒	☒
f. Disciplinary action was taken against you.....	☒	☒
g. Disciplinary action was taken against the offender.....	☒	☒
h. Administrative action (e.g., non-judicial punishment) was taken against you..	☒	☒
i. You were ridiculed or scorned	☒	☒
j. Some other action was taken.....	☒	☒
k. You don't know what happened.....	☒	☒

If you made a complaint ⇒ GO TO Q49.
Otherwise, continue.

48. What were your reasons for not making a complaint about this situation? Mark "Yes" or "No" for each item.

	Yes	No
a. You thought it was not important enough to make a complaint.....	☒	☒
b. You did not know how to make a complaint	☒	☒
c. You felt uncomfortable making a complaint	☒	☒
d. You took care of the problem yourself by <u>avoiding</u> the person who harassed you.....	☒	☒
e. You took care of the problem yourself by <u>confronting</u> the person who harassed you.....	☒	☒
f. You took care of the problem yourself by <u>forgetting</u> about it and moving on	☒	☒
g. You did not think anything would be done	☒	☒
h. You thought making a complaint would take too much time and effort.....	☒	☒
i. You thought you would be labeled a troublemaker	☒	☒
j. You thought your evaluations or chances for leadership positions would suffer	☒	☒
k. You did not want people talking or gossiping about you	☒	☒
l. You thought it would hurt your reputation and standing.....	☒	☒
m. You did not want to hurt the career of the person(s) who did it.....	☒	☒
n. You did not want to bring undue attention or discredit on the Academy	☒	☒

UNWANTED SEXUAL BEHAVIORS

Please read the following special instructions before continuing the survey.

Questions in this next section ask about unwanted sexual experiences of an abusive, humiliating, or sexual nature. These types of unwanted experiences may vary in severity. Some of them could be viewed as an assault. Others could be viewed as hazing or some other type of unwanted experience.

They can happen to both women and men.

Please include experiences even if you or others had been drinking alcohol, using drugs, or were intoxicated.

The following questions will ask you about situations that happened SINCE June 2021. You will have an opportunity to describe experiences that happened BEFORE June 2021 later in the survey.

49. Since June 2021, have you experienced any of the following intentional sexual contacts that were against your will or which occurred when you did not or could not consent in which someone... Mark "Yes" or "No" for each item.

	Yes	No
a. <u>Sexually touched you</u> (for example, intentional touching of genitalia, breasts, or buttocks), or made you sexually touch them?.....	☒	☒
b. <u>Attempted</u> to make you have sexual intercourse, but was not successful?	☒	☒
c. <u>Made you</u> have sexual intercourse? .	☒	☒
d. <u>Attempted</u> to make you perform or receive oral sex, anal sex, or penetration by a finger or object, but was not successful?	☒	☒
e. <u>Made you</u> perform or receive oral sex, anal sex, or penetration by a finger or object?.....	☒	☒

If you answered "No" to Q49a through Q49e ⇒ GO TO Q83.

50. Please give your best estimate of how many different times (on how many separate occasions) since June 2021, you had these unwanted experiences?

Times

51. Did the person(s) who did this to you... Mark "Yes" or "No" for each item.

	Yes	No
a. Do it for a sexual reason?	☒	☒
b. Do it to abuse or humiliate you?.....	☒	☒

52. Did the person(s) who did this to you... Mark "Yes" or "No" for each item.

	Yes	No
a. Use, or threaten to use, physical force to make you comply?	☒	☒
b. Threaten you (or someone else) in some other way such as using their position of authority or getting you in trouble with the authorities?	☒	☒
c. Do it while you were passed out, asleep, unconscious, or so drunk, high or drugged that you could not show them that you were unwilling?	☒	☒

UNWANTED SEXUAL CONTACT SITUATION WITH THE GREATEST EFFECT

The following questions ask about the unwanted situation that had the greatest effect on you since June 2021. Before you continue, please choose the one unwanted situation since June 2021 that you consider to be the worst or most serious.

53. Which of the following experiences happened during the situation you chose as the worst or most serious? Mark "Yes" or "No" for each item.

	Yes	No
a. <u>Sexually touched you</u> (for example, intentional touching of genitalia, breasts, or buttocks), or made you sexually touch them?.....	☒	☒
b. <u>Attempted</u> to make you have sexual intercourse, but was not successful?	☒	☒
c. <u>Made you</u> have sexual intercourse? .	☒	☒
d. <u>Attempted</u> to make you perform or receive oral sex, anal sex, or penetration by a finger or object, but was not successful?	☒	☒
e. <u>Made you</u> perform or receive oral sex, anal sex, or penetration by a finger or object?.....	☒	☒

Please continue to focus on this worst or most serious situation in the questions that follow.

54. How many people did this to you? *Mark one.*

- ☐ One person
☐ More than one person
☐ Not sure

55. Was/Were this person(s)... *Mark one.*

- ☐ A man?
☐ A woman?
☐ A mix of men and women?
☐ Not sure?

56. At the time of the situation, was/were the person(s) who did this to you... *Mark all that apply.*

- ☐ Someone you were currently dating?
☐ Someone you had previously dated?
☐ Someone you had a casual relationship with (for example, hooked up with)?
☐ Someone you knew from class or other activity?
☐ Someone you had just met?
☐ A stranger?

57. At the time of the situation, was/were the person(s) who did this to you... *Mark one answer for each item.*

	Don't know		
	No		
	Yes		
a. A fellow Academy student who was in a <u>higher</u> class year?	☐	☐	☐
b. A fellow Academy student who was in the <u>same</u> class year?	☐	☐	☐
c. A fellow Academy student who was in a <u>lower</u> class year?	☐	☐	☐
d. A fellow Academy student who was higher in the cadet/midshipman chain of command?	☐	☐	☐
e. A member of an intramural or club sports team at your Academy?	☐	☐	☐
f. A member of an intercollegiate (NCAA/Division I/III) sports team at your Academy?	☐	☐	☐
g. Academy military/uniformed faculty or staff?	☐	☐	☐
h. Academy civilian faculty or staff?	☐	☐	☐
i. A DoD/DHS/DOT person not affiliated with the Academy?	☐	☐	☐
j. A person not affiliated with DoD/DHS/DOT?	☐	☐	☐
k. Unknown person?	☐	☐	☐
l. USMMA ONLY. A person affiliated with the maritime industry?	☐	☐	☐

58. Have you ever communicated with the person(s) who did this to you via a dating application or website (such as Tinder, Hinge, OKCupid, or Grindr)? Regardless of whether or not you had communicated previously, you are not to blame for what happened.

- ☐ Yes
☐ No

59. Did the unwanted situation occur... *Mark one answer for each item.* If you have not been to these locations since June 2021 please mark "Not Applicable."

	Not Applicable		
	No		
	Yes		
a. On Academy grounds in a dormitory/living area?	☐	☐	☐
b. On Academy grounds not in a dormitory/living area?	☐	☐	☐
c. Off Academy grounds at a social event (for example, a party)?	☐	☐	☐
d. Off Academy grounds at an Academy-sponsored event (for example, a sports team trip, conference, club event, or training)?	☐	☐	☐
e. Off Academy grounds at the home of a sponsor or alumnus?	☐	☐	☐
f. Off Academy grounds at the home of a faculty or staff member?	☐	☐	☐
g. Some other location off Academy grounds?	☐	☐	☐

60. When did the situation occur? *Mark "Yes" or "No" for each item.*

	Yes	No
a. During normal duty hours	☐	☐
b. After duty hours not on a weekend or holiday	☐	☐
c. After duty hours on a weekend or holiday	☐	☐
d. On leave	☐	☐
e. During summer experience/training/sea duty	☐	☐
f. On exchange to another Academy..	☐	☐
g. USMMA ONLY. During maritime duty	☐	☐

61. At the time of this unwanted situation... *Mark "Yes" or "No" for each item.*

	Yes	No
a. Was there a cadet/midshipman present who stepped in to help you?	☐	☐
b. Was there a cadet/midshipman present who could have stepped in to help you, but did not?	☐	☐

62. Would you describe this situation as... Mark "Yes" or "No" for each item.

	Yes	No
a. Hazing? Hazing refers to so-called initiations or rites of passage in which individuals are subjected to physical or psychological harm to achieve status or be included in an organization	☒	☒
b. Bullying? Bullying refers to acts of aggression intended to single out individuals from their fellow cadets/midshipmen or to exclude them from an organization	☒	☒

63. Did the person(s) who did this... Mark "Yes" or "No" for each item.

	Yes	No
a. Sexually harass you <u>before</u> this situation?	☒	☒
b. Stalk you <u>before</u> this situation?	☒	☒
c. Sexually assault you (that is, sexually touched you, attempted sex, or completed sex) <u>before</u> this situation?	☒	☒
d. Sexually harass you <u>after</u> this situation?	☒	☒
e. Stalk you <u>after</u> this situation?	☒	☒
f. Sexually assault you (that is, sexually touched you, attempted sex, or completed sex) <u>after</u> this situation?	☒	☒

64. At the time of this unwanted situation had you been drinking alcohol? Even if you had been drinking, it does not mean you are to blame for what happened.

- ☒ Yes
☒ No
☒ Not sure

65. Just prior to this unwanted situation... Mark "Yes" or "No" for each item.

	Yes	No
a. Did the person(s) who did this to you buy or give you alcohol to drink?	☒	☒
b. Do you think that you might have been given a drug without your knowledge or consent?	☒	☒

66. At the time of this unwanted situation, had the person(s) who did it been drinking alcohol?

- ☒ Yes
☒ No
☒ Don't know

67. After this unwanted situation... Mark "Yes" or "No" for each item.

	Yes	No
a. Did you consider requesting a transfer to another company/squadron?	☒	☒
b. Did you think about leaving your Academy?	☒	☒
c. Did your academic performance suffer?	☒	☒
d. Did you take time off (for example, sick in quarters, leave of absence) because of the situation?	☒	☒
e. Did the situation damage your personal relationships, for example with a person you were dating or a friend?	☒	☒

DoD provides two ways in which to report a sexual assault:

- A Restricted report of sexual assault allows the sexual assault victim to make a confidential report, to certain individuals, and to receive medical treatment and counseling without starting an official investigation of the assault and without notifying the command the victim was sexually assaulted.
- An Unrestricted report allows the sexual assault victim to receive the same level of support services as a victim who elects the restricted reporting option, but unlike a restricted report, command is notified of the sexual assault of the victim, and an official investigation is undertaken for purposes of holding the alleged offender appropriately accountable.

68. Did you officially report that you were a victim of a sexual assault? This could have been either a restricted or unrestricted report.

- ☒ Yes ☒ No ⇒ GO TO Q71

69. What type of report did you make? Mark one.

- ☒ Restricted report that remained restricted
☒ Restricted report that you converted to unrestricted
☒ Restricted report, but an independent investigation occurred anyway (e.g., someone you talked to about it notified your chain of command and they initiated an investigation)
☒ Unrestricted report
☒ Unsure what type of report you made

70. What were your reasons for reporting the situation? *Mark all that apply.*

- ☐ Someone else made you report it or reported it themselves
- ☐ To stop the person(s) from hurting you again
- ☐ To stop the person(s) from hurting others
- ☐ It was your civic/military duty to report it
- ☐ To punish the person(s) who did it
- ☐ To discourage other potential offenders
- ☐ To get medical assistance
- ☐ To get mental health assistance
- ☐ To stop rumors
- ☐ Someone you told encouraged you to report
- ☐ Raise awareness that it occurs at the Academy
- ☐ Other

If you reported the situation ⇒ GO TO Q72.
Otherwise, continue.

71. What were your reasons for not reporting the situation to an authority? *Mark all that apply.*

- ☐ You thought it was not serious enough to report
- ☐ You took care of the problem yourself by avoiding the person who assaulted you
- ☐ You took care of the problem yourself by confronting the person who assaulted you
- ☐ You took care of the problem yourself by forgetting about it and moving on
- ☐ You did not want more people to know
- ☐ You felt uncomfortable making a report
- ☐ You thought reporting would take too much time and effort
- ☐ You did not want people talking or gossiping about you
- ☐ You felt shame/embarrassment
- ☐ Other

72. In retrospect, would you make the same decision about reporting if you could do it over?

- ☐ Yes
- ☐ No

OUTCOMES ASSOCIATED WITH EXPERIENCING SEXUAL ASSAULT

73. Thinking about the unwanted event, has anyone in a position of authority/leadership over you (i.e., permanent party leadership, such as TAC, Company Officer, AOC, Regimental Officer, TAC NCO, SEL, or AMT) either done or threatened to do any of the following after the unwanted event occurred? *Mark all that apply.*

- ☐ Denied you or removed you from a leadership position
- ☐ Denied you a training opportunity that could have led to a leadership position
- ☐ Rated you lower than you deserved on a performance evaluation
- ☐ Denied you an award or other form of recognition you were previously eligible to receive
- ☐ Assigned you new duties without doing the same to others
- ☐ Assigned you to duties that do not match your current class year or position within the company/squadron
- ☐ Made you perform additional duties that do not match your current class year or position within the company/squadron
- ☐ Transferred you to a different company/squadron without your request or agreement
- ☐ Ordered you to one or more mental health evaluations
- ☐ Disciplined you or ordered other corrective action
- ☐ Does not apply, you have not experienced any of the above ⇒ GO TO Q77

74. Which type of leadership took the actions you marked as happening to you? *Mark all that apply.*

- ☐ Cadet/midshipman leadership
- ☐ Academy permanent party leadership (e.g., faculty member, coach, TAC Officer, AOC, Company Officer, Regimental Officer)

If you did not report your sexual assault ⇒ GO TO Q77. Otherwise, continue.

75. Do you have reason to believe that any of the leadership actions you experienced were only based on your report of sexual assault (that is, not based on your conduct or performance)?

- ☐ Yes
- ☐ No
- ☐ Not sure

76. Were any of the individual(s) who took the actions you marked as happening to you... **Mark one answer for each item.**

	Yes	No	Not sure
a. Trying to get back at you for making a report (unrestricted or restricted)? ..	☐	☐	☐
b. Trying to discourage you from moving forward with your report?	☐	☐	☐
c. Mad at you for causing a problem for them?	☐	☐	☐

77. Following the unwanted event, have any of your cadet/midshipman peers (including those in your cadet/midshipman chain of command) or your leadership done any of the following? **Mark all that apply.**

- ☐ Made insulting or disrespectful remarks or made jokes at your expense in public
- ☐ Excluded you or threatened to exclude you from social activities or interactions
- ☐ Ignored you or failed to speak to you despite your attempts to communicate (for example, gave you "the silent treatment")
- ☐ You did not experience any of the above ⇒ GO TO Q80

If you did not report your sexual assault ⇒ GO TO Q80. Otherwise, continue.

78. Did any of the individual(s) who took these actions know or suspect you made an official (unrestricted or restricted) sexual assault report?

- ☐ Yes
- ☐ No
- ☐ Not sure

79. Were any of the individual(s) who took these actions trying to discourage you from moving forward with your report or discourage others from reporting?

- ☐ Yes
- ☐ No
- ☐ Not sure

80. Following the unwanted event, have any of your cadet/midshipman peers (including those in your cadet/midshipman chain of command) done any of the following? **Mark all that apply.**

- ☐ Made insulting or disrespectful remarks or made jokes at your expense to you in private
- ☐ Showed or threatened to show private images, photos, or videos of you to others
- ☐ Bullied you or made intimidating remarks about the assault
- ☐ Was physically violent with you or threatened to be physically violent
- ☐ Damaged or threatened to damage your property
- ☐ Does not apply, you did not experience any of the above ⇒ GO TO Q83

If you did not report your sexual assault ⇒ GO TO Q83. Otherwise, continue.

81. Did any of the individual(s) who took these actions know or suspect you made an official (unrestricted or restricted) sexual assault report?

- ☐ Yes
- ☐ No
- ☐ Not sure

82. Were any of the individual(s) who took the actions you marked as happening to you... **Mark one answer for each item.**

	Yes	No	Not sure
a. Trying to discourage you from moving forward with your report or discourage others from reporting?	☐	☐	☐
b. Trying to abuse or humiliate you?	☐	☐	☐

PRIOR EXPERIENCES

The questions so far have been about things that occurred in the past Academic Program Year (since June 2021). For the next question, please think about situations that happened more than one Academic Program Year ago, BEFORE June 2021. These are all experiences that you did not tell us about earlier in the survey.

These questions assess experiences of an abusive, humiliating, or sexual nature, and that occurred even though you did not want them and did not consent.

Please include an experience regardless of who did it to you or where it happened.

- 83. Before June 2021, did you ever experience any of the following intentional sexual contacts that were against your will or which occurred when you did not or could not consent in which someone... Mark all that apply.**

	Yes, before entering the Academy	Yes, since entering the Academy	No, have not experienced
a. Sexually touched you (for example, intentional touching of genitalia, breasts, or buttocks), or made you sexually touch them?	☒	☒	☒
b. Attempted to make you have sexual intercourse, but was not successful?	☒	☒	☒
c. Made you have sexual intercourse?	☒	☒	☒
d. Attempted to make you perform or receive oral sex, anal sex, or penetration by a finger or object, but was not successful?	☒	☒	☒
e. Made you perform or receive oral sex, anal sex, or penetration by a finger or object?	☒	☒	☒

BYSTANDER INTERVENTION

The following questions will ask whether you observed a variety of situations since June 2021. These situations could have taken place at your Academy or outside of your Academy.

- 84. Since June 2021, did you... Mark "Yes" or "No" for each item.**

	Yes	No
a. See a situation you thought was a sexual assault or could have led to a sexual assault?	☒	☒
b. Observe someone who "crossed the line" by telling sexist comments or jokes?	☒	☒
c. Encounter a group or individual being hazed?	☒	☒
d. Encounter an individual being bullied?	☒	☒
e. See someone making unwanted sexual advances towards another cadet/midshipman?	☒	☒
f. See horseplay or roughhousing that "crossed the line" or appeared unwanted?	☒	☒
g. Encounter someone who drank too much and needed help (e.g., getting home)?	☒	☒
h. Encounter someone hooking up with someone who was passed out?	☒	☒

If you indicated "No" to all items in Q84 ⇒ GO TO Q86.

- 85. How did you respond to the situation(s) you observed? Mark "Yes" or "No" for each item.**

	Yes	No
a. I spoke up to address the situation.	☒	☒
b. I told someone else about it <i>while</i> it was happening?	☒	☒
c. I told someone else about it <i>after</i> it happened?	☒	☒
d. I created a distraction?	☒	☒
e. I talked to those who experienced the situation to see if they were okay?	☒	☒
f. I intervened in some other way?	☒	☒
g. I did not intervene?	☒	☒

- 86. [USAFA ONLY] Have you participated in any of the following programs at USAFA? Mark all that apply.**

- ☒ Healthy Relationships Training (HRT)
☒ Cadet Healthy Personal Skills (CHiPS)
☒ Enhanced Assess, Acknowledge, Act (EAAA)

All Cadets and Midshipmen please continue on Q87.

ACADEMY CLIMATE AND CULTURE

87. To what extent are you willing to... *Mark one answer for each item.*

	Not at all	Small extent	Moderate extent	Large extent	Very large extent
a. Point out to someone that you think they "crossed the line" with gender-related comments or jokes?	☐	☐	☐	☐	☐
b. Seek help from the chain of command in stopping other students who continue to engage in <u>sexual harassment</u> after having been previously spoken to?	☐	☐	☐	☐	☐

88. Since June 2021, to what extent have you witnessed people in your company/squadron... *Mark one answer for each item.*

	Not at all	Small extent	Moderate extent	Large extent	Very large extent
a. Promoting a climate based on mutual respect and trust?	☐	☐	☐	☐	☐
b. Leading by example by refraining from sexist comments and behaviors?	☐	☐	☐	☐	☐
c. Recognizing and immediately correcting incidents of sexual harassment?	☐	☐	☐	☐	☐
d. Encouraging bystander intervention to assist others in situations at risk for sexual assault or other harmful behaviors?	☐	☐	☐	☐	☐

89. Have you heard of the CATCH a Serial Offender Program?

☐ Yes ☐ No

90. Who can help you make a report in the CATCH a Serial Offender Program? *Mark "Yes" or "No" for each item.*

	Yes	No
a. Faculty member	☐	☐
b. Chaplain	☐	☐
c. Sexual Assault Response Coordinator (SARC)	☐	☐
d. Sports team coach	☐	☐

91. How much do you agree or disagree with the following statements regarding your company/squadron? *Mark one answer for each item.*

	Strongly disagree	Disagree	Neither agree nor disagree	Agree	Strongly agree
a. It would be risky for me to file a sexual harassment complaint. ...	☐	☐	☐	☐	☐
b. A sexual harassment complaint would not be taken seriously.	☐	☐	☐	☐	☐
c. A sexual harassment complaint would be thoroughly investigated.....	☐	☐	☐	☐	☐
d. I would feel comfortable reporting a sexual harassment complaint in my company/squadron.	☐	☐	☐	☐	☐
e. Sexual harassment is not tolerated in my company/squadron.	☐	☐	☐	☐	☐
f. Individuals who sexually harass others get away with it.....	☐	☐	☐	☐	☐
g. I would be afraid to file a sexual harassment complaint.	☐	☐	☐	☐	☐
h. Penalties against individuals who sexually harass others in my company/squadron are strongly enforced.	☐	☐	☐	☐	☐
i. Actions are being taken to prevent sexual harassment.....	☐	☐	☐	☐	☐

92. If you were to experience sexual assault in the future, to what extent would you... *Mark one answer for each item.*

	Not at all	Small extent	Moderate extent	Large extent	Very large extent
a. Trust the Academy to protect your privacy following the reported incident?	☐	☐	☐	☐	☐
b. Trust the Academy to ensure your safety following the reported incident?	☐	☐	☐	☐	☐
c. Trust the Academy to treat you with dignity and respect following the reported incident?.	☐	☐	☐	☐	☐

93. Since June 2021, how often have you experienced any of the following behaviors, where cadets/midshipmen... **Mark one answer for each item.**

	Very often	Often	Sometimes	Once or twice	Never
a. Did not provide information or assistance when you needed it?	☒	☒	☒	☒	☒
b. Were excessively harsh in their criticism of your performance? ..	☒	☒	☒	☒	☒
c. Took credit for work or ideas that were yours?	☒	☒	☒	☒	☒
d. Gossiped/talked about you?.....	☒	☒	☒	☒	☒
e. Used insults, sarcasm, or gestures to humiliate you?.....	☒	☒	☒	☒	☒
f. Yelled when they were angry with you?.....	☒	☒	☒	☒	☒

Thank you for answering the questions so far.
Remember that your answers are anonymous.

In the following questions, by "drink" we mean a bottle or can of beer, a wine cooler or glass of wine, a shot of liquor, or a mixed drink or cocktail.

94. How many drinks containing alcohol do you have on a typical day when drinking? *If you do not drink, please enter 0 drink(s).*

			Drink(s)

95. During the past 30 days, on how many days did you have 5 or more drinks (4 or more if you are a woman) on the same occasion? *By 'occasion,' we mean at the same time or within a couple of hours of each other.*

		Day(s)

96. During the past year, how often have you been unable to remember what happened the night before because you had been drinking?

- ☒ Never
☒ Monthly or less
☒ 2-4 times a month
☒ 2-3 times a week
☒ 4 or more times a week

97. At your Academy, to what extent do you think the persons below make honest and reasonable efforts to stop sexual harassment and sexual assault? For example, do these persons lead by example, stress the importance of sexual harassment and sexual assault prevention, and encourage reporting? **Mark one answer for each item.**

	No basis to judge	Not at all	Small extent	Moderate extent	Large extent	Very large extent
a. Cadet/midshipman leaders...	☒	☒	☒	☒	☒	☒
b. Cadets/midshipmen not in appointed leadership positions.....	☒	☒	☒	☒	☒	☒
c. Commissioned officers directly in charge of your unit.	☒	☒	☒	☒	☒	☒
d. Non-commissioned officers or senior/chief petty officers directly in charge of your unit.	☒	☒	☒	☒	☒	☒
e. Academy senior leadership (for example, Superintendent, Commandant, Vice/Deputy Commandant, Dean).....	☒	☒	☒	☒	☒	☒
f. Military/uniformed academic faculty.....	☒	☒	☒	☒	☒	☒
g. Civilian academic faculty	☒	☒	☒	☒	☒	☒
h. Intercollegiate (NCAA/Division I/III) coaches and trainers	☒	☒	☒	☒	☒	☒
i. Intercollegiate (NCAA/Division I/III) officer representatives/advisors	☒	☒	☒	☒	☒	☒
j. Club team coaches and trainers	☒	☒	☒	☒	☒	☒

m. Intramural officer representatives/advisors	☒	☒	☒	☒	☒	☒
n. Physical education instructors	☒	☒	☒	☒	☒	☒

98. Are you a member of an intercollegiate (NCAA/Division I/III) sports team at your Academy?

- ☒ Yes
☒ No

99. At your Academy, to what extent do you think... *Mark one answer for each item.*

	Not at all	Small extent	Moderate extent	Large extent	Very large extent
a. High-profile cases of sexual assault deter other victims from reporting sexual assault?.....	☐	☐	☐	☐	☐
b. Potential scrutiny by the media makes victims less likely to come forward to report sexual assault?	☐	☐	☐	☐	☐
c. Potential negative reaction from Academy peers makes victims less likely to report sexual assault?	☐	☐	☐	☐	☐
d. People “cry rape” to avoid punishment or after making a regrettable decision?	☐	☐	☐	☐	☐
e. “Victim blaming” occurs (i.e., holding a victim partly or entirely responsible for a sexual assault)?	☐	☐	☐	☐	☐
f. A victim’s reputation affects whether Academy peers believe he or she was assaulted? ...	☐	☐	☐	☐	☐
g. The other cadets/midshipmen watch out for each other to prevent sexual assault?.....	☐	☐	☐	☐	☐
h. Your cadet/midshipman leaders enforce rules (such as rules against fraternization and drinking in the dormitory)?	☐	☐	☐	☐	☐
i. Your <u>commissioned officers</u> (AOCs, TACs, Company Officers) set good examples in their own behavior and talk?	☐	☐	☐	☐	☐
j. Your <u>non-commissioned officers</u> (AMTs, TAC NCOs, SELs) set good examples in their own behavior and talk?	☐	☐	☐	☐	☐

ADDITIONAL INFORMATION

We ask for demographic information to provide DoD leaders information about the attitudes and concerns of all subgroups of personnel so that no groups are overlooked. Your answers to any demographic questions are strictly used for this purpose and will not be used to identify individual respondents as your responses are anonymous.

100. Do you consider yourself to be...? *Mark one.*

- ☐ Heterosexual or straight
- ☐ Gay or lesbian
- ☐ Bisexual
- ☐ Something else
- ☐ Prefer not to answer

101. What sex were you assigned at birth, on your original birth certificate? *Mark one.*

- ☐ Male
- ☐ Female

102. Do you currently describe yourself as male, female, or transgender? *Mark one.*

- ☐ Male
- ☐ Female
- ☐ Transgender
- ☐ None of these

103. Are you Spanish/Hispanic/Latino?

- ☐ No, not Spanish/Hispanic/Latino
- ☐ Yes, Mexican, Mexican-American, Chicano, Puerto Rican, Cuban, or other Spanish/Hispanic/Latino

104. What is your race? *Mark one or more races to indicate what you consider yourself to be.*

- ☐ American Indian or Alaska Native
- ☐ Asian (for example, Asian Indian, Chinese, Filipino, Japanese, Korean, or Vietnamese)
- ☐ Black or African American
- ☐ Native Hawaiian or other Pacific Islander (for example, Samoan, Guamanian, or Chamorro)
- ☐ White

105. Since June 2021, due to the COVID-19 pandemic, to what extent were you personally affected by...
Mark one answer for each item.

	Not at all	Small extent	Moderate extent	Large extent	Very large extent
a. Orders to remain at home?.....	☐	☐	☐	☐	☐
b. Restrictions from leaving your Academy?	☐	☐	☐	☐	☐
c. Restrictions from visiting off-campus establishments (for example, restaurants, bars, clubs, or other places where people gather)?	☐	☐	☐	☐	☐
d. Restrictions from visiting on-campus establishments (for example, dining halls, clubs, recreational facilities)?	☐	☐	☐	☐	☐
e. Restrictions from attending social gatherings of a certain size (for example, 10 or more)?.....	☐	☐	☐	☐	☐
f. Having to primarily attend classes from home?	☐	☐	☐	☐	☐
g. Requirements to social distance (for example, stay a certain distance away from others) while you were attending classes/Academy training?.....	☐	☐	☐	☐	☐
h. A personal decision to avoid social gatherings with friends or peers?.....	☐	☐	☐	☐	☐

106. If you have comments or concerns that you were not able to express in answering this survey, please enter them in the space provided. Any comments you make on this questionnaire will be kept confidential, and no follow-up action will be taken in response to any specifics reported. Your feedback is useful and appreciated. *Please do not include any personally identifiable information (PII) that would identify yourself or others in your comments (for example, names, addresses, company/squadron number, etc.).*

Please print.

REPORT DOCUMENTATION PAGE					<i>Form Approved OMB No. 0704-0188</i>	
The public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to Department of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (0704-0188), 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.						
PLEASE DO NOT RETURN YOUR FORM TO THE ABOVE ADDRESS.
