INTRODUCTION

Since some candidates for the Class of 1981 had both College Board Scores and American College Test Scores (CEER and ACEER), each candidate was evaluated for admission using the higher score. However, most candidates have only the CEER or the ACEER.

Tables 1A through 14A show the scores for the various categories of candidates and cadets who were evaluated for admission using CEER.

Tables 1B through 14B show similar scores for those who were evaluated using ACEER. For example, Table 4A shows the scores of the 1,102 cadets who were admitted using CEER, and Table 4B shows the scores of the 367 cadets who were admitted using ACEER. The sum of these two gives the total of the admitted class: 1,469.

All data were obtained from the Pre-cadet Master File.

The following abbreviations apply to this report:

ACEER:	A weighted composite score of three ACT tests and a standardized High School Rank score.
ACT-EN:	American College Test, English.
ACT-MA:	American College Test, Mathematics.
ACT-NA:	American College Test, Natural Science.
CEER:	A weighted composite score of two College Entrance Examination Board tests and a standardized High School Rank score.
HSR:	High School Rank, a score derived by converting the actual high school rank to a standard score.
LPS:	Leadership Potential Score.
PAE:	Physical Aptitude Examination.
SAT-M:	Scholastic Aptitude Test-Mathematics.
SAT-V:	Scholastic Aptitude Test-Verbal.
WCS:	Whole Candidate Score, a weighted composite score of the CEER (or ACEER), LPS and PAE.

This report, along with three other reports--Characteristics of the Class of 1981 (prepared in September 1977), Trends in Admission Variables through the Class of 1981 and New Cadets and Other College Freshmen, Class of 1981 (both to be prepared in early 1978)--comprise the general reports of the Office of the Director of Institutional Research to describe the Class of 1981 at the time members of the Class entered the Military Academy.
