FOREWORD

This bibliography presents periodical coverage on the subject of battlefield illumination, whether done by the use of flares, searchlights, or other means. Regardless of how accomplished the purpose is to bring the controlled use of light onto the darkened battlefield.

Arrangement is in two parts. Following a listing of periodicals consulted, Part Two A lists articles on illumination. Part Two B covers searchlights. Inclusion of an item, or omission, does not imply USAFAS indorsement or sanction of the compiler's point-of-view nor does it guarantee accuracy of content. Comment and criticism concerning this list is solicited.

LESTER L. MILLER, JR.
Supervisory Librarian
