20. ABSTRACT (Continue on reverse side if necessary and identify by block number) This directory identified 77 experts located in 24 countries. The bio- graphic information on each expert includes his major areas of research inter- ests in priority order, a description of his professional experience, his publications and honors.		

FOREWORD

The Working Commission, W-65, Organization and Management of Construction, of the International Council for Building Research Studies and Documentation (CIB), has completed the compilation of the second edition of a directory of experts throughout the world on the subject of the Commission. This directory identifies 77 experts located in 24 countries. The biographic information on each expert includes his major areas of research interests, a description of his professional experience, his publications and honors.

The intent of this directory is to identify these experts to the construction community at large in order to foster the interchange among experts by providing ready access to each other who have mutual research interests. The directory can also serve as listing of some of the most influential writings in the world on the subject.

W-65 intends to update the directory on a regular basis. Biographies of additional experts are welcomed; they should be forwarded to Dr. L. R. Shaffer, Coordinator, W-65, USACERL, P.O. Box 4005, Champaign, IL 61820, USA. Additional copies of the directory will be available at a modest charge from the National Technical Information Service (NTIS), Springfield, VA 22151, USA.

Suggestions for improving the utility of this directory are also welcomed; they should also be sent to the Coordinator, W-65.

Information on CIB can be obtained by contacting, Dr. Gy Sebestyen, Secretary General, CIB, Postbus 20704, Weena 704, Rotterdam, Holland.

L. R. SHAFFER
Coordinator, W-65

PROFESIONAL EXPERIENCE (positions held/when)

1979-1980	Visiting Professor, Faculty of Engineering, University of Waterloo, Ontario, Canada
1978	Member Development Committee, Faculty of Civil Engineering
1978	Member, Tuition Committee, Faculty of Civil Engineering
1978	Director, Computer Center, Technion
1977-1978	Chairman, Committee for Post Graduate
1976	Member Committee for Post-Graduate Studies, Option of Structural Design
1976	Director, Computer Center, Technion
1975-1978	Member Committee on Computer Development
1975-1978	Building-Science and Construction Management
1972	In charge of Computer Services, Faculty of Civil Engineering
1972	Member, Disciplinary Court of the Technion
1972	Member, Tuition Committee, Faculty of Civil Engineering
1970	Guest Lecturer, Technical University, Munich
1969	Member of the Curriculum Committee Faculty of Civil Engineering
1968	Consultant (Construction Management) to Israeli Government Offices and Construction Firms
1966-1968	Engineer (Project Scheduling) at the Institute of Construction Management, Technical University at Munich
1965	Acting Director Technion Research and Development Foundation
1964	Director-Technion Research and Development Foundation

David Armon (cont)

1961-1970	Part-Time Teacher at the National Senior Technicians School
1959-1961	Consulting Engineer (Design and Supervision) to Construction Firms in Liberia (i.e., The Liberia Construction Co., established by the Mayer Bros., Tel-Aviv)
1959-1961	Professor and Head of Engineering Department, University of Liberia
1957-1959	Engineer (Structural design) Office of Prof. J. Edleman, Haifa, ISRAEL

NAME Beiu, Eugen
ADDRESS Piata Mihai Viteazul 35
 Cluj-Napoca, ROMANIA

PROFESSIONAL EXPERIENCE (positions held/when)

1968-1980 A sustained teaching and educational activity
 as a professor at the Polytechnical Institute from
 Cluj-Napoca, research activity in the Central
 Institute for Research in Construction, as a head
 of staff

1963-1968 Activity carried on the higher education at the
 Polytechnical Institute of Cluj-Napoca - carried
 on a research activity being chief of a department
 in the Central Research Institute for Building

1945-1957 &
1960-1963 Activity carried on the field of completion within
 construction companies employed as a manager, a
 manager of a development group and chief engineer
 of a building company

1958-1960 Activity carried on the field of building design,
 employed as chief engineer at a design institute

1945 Graduated in the Faculty Civil Engineering from the
 Polytechnical Institute in Bucharest, Romania

NAME Chakrabarty, Bibhuti Kumar

ADDRESS Manager (Project Appraisal)
Housing & Urban Development Corp, Ltd.
12A, Jamnagar House
New Delhi-110011, INDIA

PROFESSIONAL EXPERIENCE (positions held/when)

Obtained a Bachelor of Engineering Degree in Civil Engineering in 1960, Post Graduate Diploma in Town and Regional Planning, Post Graduate Degree in Structural Engineering and completed a certificate course on "Housing in Development Countries" in the Development Planning Unit, University College, London.

Extensive experience (over 20 years) in planning, design and construction covering almost all branches of civil engineering such as buildings (housing as well as industrial structures), roads, water supply, sanitary sewerage, storm drainage, etc., in large towns as well as in small townships.

Has handled such works as Assistant Engineer up to September 1966 and thereafter as Executive Engineer and as Chief Civil Engineer in large industrial and housing projects. In his present assignment, he is specially involved in appraisal, evaluation and implementation of housing and urban development projects with special emphasis on cost reduction in such projects of HUDCO using various new construction materials/design and construction techniques.

PUBLICATIONS

Paper on design of machine foundation (dynamic analysis) published in Indian Concrete Journal, August 1970 issue (this is the result of his in-depth study of the subject, developing practical method to ensure complimentary role of design and construction, i.e., research and practice).

Paper on design and construction of brickwork structure (related to building construction) published in January 1977 issue of the Journal of the Institution of Engineers (India).

Paper on ultimate strength design of reinforced concrete slab incorporating a simplified, economic and easily applicable design procedure for practicing engineers has been published in September 1978 issue of the Journal of the Institution of Engineers, India.

Bibouti Kumar Chakrabarty (cont'd)

Presented a paper on structural aspects of low cost housing design in the seminar on "Housing Environment" held at Calcutta in March 1977 sponsored by the Association of Engineers, India.

Presented a paper entitled "A Strategy for Housing and Urban Poor in India" incorporating planning, economic, architectural and engineering aspects of housing in India and a suggested strategy. The paper was presented in a seminar held at Development Planning Unit, University College, London.

Prepared evaluation report on "Low Cost Prefabricated House" developed by the Tamil Nadu Housing Board.

Prepared evaluation report on "Siporex" Technique identifying limitations and effectiveness and practicability of its use in low cost housing.

HONORS (including societies)

Member of the Expert Committee appointed by the Government of India on "Strength Mix Design of Concrete" and actively participated in formulation of the report submitted by the Expert Group to the Government of India.

Member of Prefabricated and Composite Construction Sectional Committee of the Indian Standards Institute and besides is a member of several other committees of the Indian Standard Institute concerning civil engineering standards/specifications.

Engineer in Charge of Design for the Rapide de Quinze
Dam Notre Dame du Nord, Quebec

Logging Research Associates, Montreal - Consultant for
Stress Analysis and Stability Problems

Gerzi-Textile-Organization, Consulting Engineerings, Zurich,
Switzerland - Design of Reinforced and Prestressed Concrete
Elements and Systems for Industrial Structures,
Warehouses, Cooling Towers - Design of Roads, Sewers,
Water Supply Systems and Underground Construction - Stream
Deviation Studies

Precast Concrete Co., Progresul, General Contractors and
Precast Concrete Manufacturers and Erectors, Engineer -
Design and Supervision of Precast and Prestressed Concrete
Structures

Doric Vaults, Inc. Houston, Texas, Consultant for Precast
Concrete Technology

Benjamin E. Lazar (cont)

Associated Testing Laboratories, Houston, TX Consultant
for Construction Materials Testing

Consultant for Stress Analysis, Structural Engineering
and Piping Engineering to the Following Companies:

Erhardt Division of Proncon Incorporated

S.I.P. Inc.

G.D.S. Engineering Inc.

The Lummus Company

Foster Wheeler Energy Corp.

Celanese Chemical Company

Southland Paper

Arco Chemical Company

Houston General Insurance Company

Houston Metal Recovery Company

PUBLICATIONS

Lazar, B., "The Building Systems Industry, State-of-the-Art," Construction,
July 1958 and November 1958

Lazar, B., "Advanced Reinforcing Techniques for Precast Concrete," Construction,
October 1959

Lazar, B., Model Investigation of Cable Stayed Bridges, Sir George Williams
University, 1969-1970

Report No. 1, Preliminary Considerations

Report No. 2, Influence Lines for Cable Stayed Bridges

Report No. 3, Structural Analysis of Cable Stayed Bridges

Report No. 4, Nonlinear Behavior

Report No. 5, Post-Tensioning of Cables

Report No. 6, Conclusions

Lazar, B., Model Analysis and Design of Cable Stayed Bridges, Proceedings of
the Institution of Civil Engineers, March 1971, London, England

Lazar, B., A Model Technique for Analysis of Structures Displaying Geometrical
Nonlinearity, Paper presented at the October 1971 Meeting of the Society for
Experimental Stress Analysis

Lazar, B., Model Investigation of Cable Stayed Bridges, Paper presented at
"CanCam 71," the Third Canadian Congress of Applied Mechanics, University of
Calgary, May 1971

Lazar, B., A Technique for Determination of Two Dimensional Joint Displace-
ments, Experimental Mechanics, February 1973

Lazar, B., Load Balancing of Steel Structures, Proceedings of the American
Society of Civil Engineers, Journal of the Structural Division, August 1972

Benjamin E. Lazar (cont)

Lazar, B., Analysis of Cable Stayed Bridges by the Stiffness Method, Proceedings of the American Society of Civil Engineers, Journal of the Structural Division, July 1972

Lazar, B., A Structural Analog for Determination of Post-Tensioning Forces of a Cable Stayed Bridge, Strain, October 1971, London, England

Lazar, B., Tubular Rigid Connections, Research Report No. 1, Sir George Williams University, Faculty of Engineering, 1971

Lazar, B., A Model Technique for Analysis of Structures Displaying Geometrical Nonlinearity, Experimental Mechanics, May 1972

Lazar, B., Tubular Rigid Connections, Final Report, Sir George Williams University, Faculty of Engineering, 1972

Lazar, B., Moment Connections Between Square Tubular Sections, paper presented at CanCam 1973, the Canadian Congress of Applied Mechanics, May 1973

Lazar, B., Strengthening of an Industrial Structure to Resist Increased Loads, Paper presented at the 1974 Spring Meeting of the American Society of Civil Engineers, Texas Section

Lazar, B., A New Course on Prefabricated Concrete Systems, Paper presented at the 1974 meeting of the International Association of Housing Science held in Montreal, Canada

Lazar, B., Education and Training of Professionals for the Prefabricated Concrete Industry, Paper presented at the 1975 annual meeting of the American Society of Civil Engineers held at Kansas City, Missouri

Lazar, B., The Use of Commodity Futures for Estimating the Cost of Long Range Construction Projects, Paper presented at the Conference on Advanced Construction Estimating and Cost Control Methods held at the University of Houston on April 2, 1976

Discussion of Paper No. 7903, Full-size Lightweight Concrete Columns, Proceedings of the American Society of Civil Engineers, Journal of the Structural Division, July 1971

Discussion of Paper No. 8116, Analysis of Cable Stayed Girder Bridges, Proceedings of the American Society of Civil Engineers, Journal of the Structural Division, 1971.

Discussion of Paper No. 9151, Design of Cable Stayed Girder Bridges, Proceedings of the American Society of Civil Engineers, Journal of the Structural Division, May 1971

Benjamin E. Lazar (cont)

NAME Yadav, Hari Krishan

ADDRESS Manager (Project Appraisal)
Housing & Urban Development Corporation, Ltd.
12-A Jamnagar House
New Delhi-110011, INDIA

PROFESSIONAL EXPERIENCE (positions held/when)

Obtained National Diploma in Architecture & Regional Planning
in 1958

Completed Course on "Urban Management, Urban Development Operations, Urban Policy Integration & Implementation" in the PCL, London, under Colombo Plan

Also attended short-term courses/programmes on network technique/Performance Budgeting, Execution Development Programme on Project Evaluation & Managerial Effectiveness through Behavioral Science Applications, conducted by various Institutes

Has extensive experience (over 20 years) in the field of Architecture, Town Planning, Design and Execution of Housing, Urban Development, Scientific and Institutional buildings, while working as Architect in Delhi Development Authority and Council of Scientific and Industrial Research

During 4 years stay in Delhi Development Authority, designed and supervised a large number of housing complexes for various categories of income groups in Delhi

In his present assignment, he is especially involved in appraisal, evaluation and implementation of housing and urban development projects with special emphasis on economical layouts, building designs and on cost reduction through the application of various new construction material/design and construction techniques.

PUBLICATIONS

Works and write-ups/articles on the following topics published in National Journals:

Low Cost Housing
Rural Housing
Economy in Housing Projects
Housing for Flood Affected People

Hari Krishan Yadav (cont'd)

Paper presented in course on "New Skills & Perspective for Urban Managers"
under Colombo Plan held in London in March 1979 - Sites and Services Programme: A Solution to India's Massive Housing Problem

HONORS (including societies)

A member of Institute of Architects, Council of Architecture,
and Institute of Town Planners

Faculty Member - School of Planning and Architecture

Visiting lecturers to Post Graduate studies in Urban Design and
Women Polytechnic

Besides is a member of several other committees of the Indian
Standard Institution and Architectural Institutions
