- **LEADERSHIP**

A Total Army whose leaders at all levels possess the highest ethical and professional standards committed to mission accomplishment and the well-being of subordinates.

- **MATERIEL**

- **FUTURE DEVELOPMENT**

- **STRATEGIC DEPLOYMENT**

A Total Army organized, manned, and equipped so as to be capable of deploying, with transportation assistance, to any part of the globe to counter a wide spectrum of threats.

- **MANAGEMENT**

1. The updated FY 1984 Army Study Program presented herein includes the status of individual command and agency programs for the remainder of this fiscal year. This volume, in conjunction with the two volumes of the FISCAL YEAR 84 REPORT: THE ARMY STUDY PROGRAM published in October 1983, presents the most current information available on the FY 1984 program.
2. The next update of the FY 1984 program will be requested at the end of this fiscal year. That update will be used to obtain the final status of the program and to prepare end-of-year reports for the Office of the Secretary of Defense.
3. Omissions of Defense Technical Information Center (DTIC) and contract numbers for many of the on-going and completed studies remain. Your efforts to properly obtain and report these vital pieces of information must be intensified. Only through reporting of this information are we able to present an accurate and complete picture of the Army's study efforts.
