*The data in this publication regarding Foreign Military Sales Agreements and Deliveries portrays only sales and deliveries of defense articles and defense services. In accordance with Section 29 of the Arms Export Control Act, Foreign Military Construction Sales Agreements and Deliveries have been extracted and are shown separately in tables on pages 16 and 18 of this publication.

NARRATIVE DESCRIPTION OF STATISTICAL TABLES

1. Foreign Military Sales Agreements - Total dollar value of defense articles and defense services purchased (for cash and credit) by a foreign government or international organization in any fiscal year.

2. Foreign Military Sales Deliveries - Total dollar value of defense articles and defense services delivered to a foreign government or international organization in any fiscal year. For example, an airplane or a destroyer may have been purchased by a country in FY 1980 but delivered in FY 1982 due to the lead time required to manufacture the item and prepare it for shipment to the recipient country.

3. Foreign Military Construction Sales Agreements - Total dollar value of design and construction services purchased by a foreign government in any fiscal year.

4. Foreign Military Construction Sales Deliveries - Total dollar value of disbursements against design and construction services provided to a foreign government in any fiscal year.

5. Foreign Military Sales Financing Program - The amount of credit extended to a foreign government or international organization in any fiscal year for the procurement of defense articles, defense services, and design and construction services. Such procurements may be from U.S. military departments under FMS, or may be negotiated directly with U.S. commercial suppliers following the approval of DoD. FMS credits are issued in the form of either DOD direct loans or DOD guarantied loans, both of which require repayment, or DOD direct loans for which repayment has been waived by the Congress. Annual FMS financing programs may be applied to FMS or commercial procurement contracts negotiated in prior, current or subsequent years within the parameters of the applicable purchase agreements and FMS loan financing agreements.

6. Commercial Exports - The total dollar value of deliveries made against purchases of munitions-controlled items by foreign governments directly from U.S. manufacturers. This data is compiled by the Office of Munitions Control, Department of State from manufacturers' export licenses.

7. Military Assistance Program Merger Funds - Approved funds which are transferred to the FMS Trust Fund and merged with countries' FMS funds. MAP "merger" funds are non-repayable, and may be used solely to meet obligations of the recipient countries for payment of FMS purchases; they are not available to finance procurements from U.S. commercial suppliers.

8. Military Assistance Program - The dollar amount of materiel and services (other than training) programmed for a particular foreign country in any fiscal year for which the U.S. Government receives no dollar reimbursement.

9. Military Assistance Program Deliveries/Expenditures - The dollar amount of materiel and services (other than training) delivered or expended against amounts programmed in the current fiscal year or prior fiscal years. As with Foreign Military Sales Deliveries, the lead time necessary to effect the deliveries or perform the services is an important factor in implementing this program.

10. Excess Defense Articles Program - Acquisition Cost - Total dollar value of excess defense articles transferred to a foreign country or international organization at the original acquisition cost. Excess defense articles are defined as being owned by the U.S. Government and not procured in anticipation of military assistance or sales requirements, or pursuant to a military assistance or sales order, which are excess to Department of Defense requirements at the time such articles are dropped from inventory by the supplying agency.

11. Excess Defense Articles Delivered - Acquisition Cost - Total dollar value of excess defense articles delivered to a recipient country in any fiscal year at original acquisition cost.

12. International Military Education & Training Program - The dollar value allocated in any fiscal year for the training of foreign military students both overseas and in the continental United States, and the cost of training aids and materials associated with such training, for which the U.S. Government receives no dollar reimbursement.

13. International Military Education & Training Deliveries/Expenditures - The dollar value of training services and materials received by a recipient country during any fiscal year.
