INTRODUCTION

PURPOSE AND SCOPE

This report presents a variety of current and historical data pertaining to Department of Defense (DOD) prime contract awards. Some data reflect fiscal years as early as 1974, providing more than a ten year perspective on Defense procurement.

Seven categories of data on DOD prime contracts are provided. Data are displayed by type of contractor, by procurement program, by method of procurement, and by type of contract pricing provision. Awards publicized to small businesses and awards for research, development, test, and evaluation (RDT&E) are discussed separately, as is the DOD Small Business Subcontracting Program.

NOTES ON COVERAGE

Beginning with FY 1983, the dollar threshold for reporting detailed information on procurement actions was raised from over \$10,000 to over \$25,000. While many of the enclosed tables have either column or stub headings of over \$25,000, FY 1982 and prior data figures really represent awards over \$10,000.

Amounts in this report are shown for the DOD agency that awards the prime contracts and not the department or agency that budgets for the supplies or services. In addition, data for the Army, Navy, and Air Force include prime contracts awarded on behalf of the National Aeronautics and Space Administration (NASA) and other Federal agencies, as well as for foreign countries whose Defense purchases are reimbursable. Percentages given in tables may not add due to rounding.

This report includes awards made by Other Defense Agen-

cies (ODA), which are listed in the Glossary. It does not include obligations for "in-house" work performed at military-owned and-operated establishments such as Navy shipyards, Army arsenals, and Air Force research laboratories, except to the extent that such establishments place contracts for supplies and services with industry or other Federal agencies. The estimated dollar amounts of indefinite-quantity petroleum contracts are included in this report, but the number of individual orders written against these contracts have not been included in the totals for procurement actions.

For definitions of terms used in this publication, see the Glossary.

HIGHLIGHTS OF FIRST HALF FISCAL YEAR 1984

DOD procurement actions during Fiscal Year (FY) 1984 totaled \$146,031,610 thousands, as shown below:

<u>Category</u>	<u>Amount</u>
Intragovernmental/FMS	\$ 10,098,092
Work Outside United States	8,311,482
Educational and Nonprofit Institutions	2,709,888
Business Firms Inside United States	124,912,148
	<u>\$146,031,610</u>

Foreign military sales (FMS), a reimbursable portion of intragovernmental orders, totaled \$6,751 million as follows: Army, \$1,710 million; Navy, \$2,206 million; Air Force, \$2,749 million; Defense Logistics Agency, \$45 million; and other Defense agencies, \$41 million.

AWARDS BY TYPE OF CONTRACTOR

DOD PROCUREMENT BY TYPE OF CONTRACTOR

DOD procurement awards during FY 1984 (October 1983 through September 1984) totaled \$146,032 million. This was an increase of \$5,549 million (4.0 percent) over the \$140,483 million awarded during FY 1983. Contract awards to U.S. businesses for work inside the United States increased by \$3,816 million. Awards for work outside the United States increased by \$1,075 million, awards to educational and nonprofit institutions increased by \$462 million and awards to or through other Government Agencies increased by \$195 million. See Tables 1 and 2.

PROCUREMENT TRENDS

DOD procurement has increased steadily from \$45.8 billion in FY 1975 to \$146.0 billion in FY 1984. The long-term trend in prime contract awards is shown in Table 3.

SMALL BUSINESS PERFORMANCE

Small businesses received \$23,816 million during FY 1984, an increase of \$1,047 million over the \$22,769 million for FY 1983. In terms of net value, small businesses received 19.1 percent of the prime contracts awarded to all business firms for work done in the United States during FY 1984, compared with 18.8 percent for FY 1983. See Chart II for the long term trend for awards to all business firms, and small business firms.

As shown in Chart I, 8,743,104 contract actions, or 70.2% of the total 12,461,790 actions awarded to business firms, involved small businesses.

Chart II
Net Value of DOD Prime Contract Awards to Small Businesses and to All Businesses and
Percent Distribution to Small Businesses: FY 1975-1984

AWARDS PUBLICIZED TO SMALL BUSINESSES

Table 4 indicates the extent to which the small business community was notified of pending procurement actions and how successful small businesses were in competing for publicized procurements.

The types of procurement included in the category "Awards Publicized to Small Businesses" are: (1) proposed procurements which were listed in the Department of Commerce publication *Commerce Business Daily (CBD)*; (2) modifications to contracts which were listed in the *CBD*; (3) formally advertised procurements which were not published in the *CBD*; and (4) all other procurements on which small firms were specifically requested to submit proposals.

For the most part, procurements which are not publicized to small businesses relate to classified work, goods or services involving an unusual or compelling emergency, modifications

of contracts which were not listed in the *CBD*, and delivery orders under contracts which were not listed in the *CBD*.

During FY 1984, 83.5 percent of the total awards to businesses were publicized to small businesses, compared with 85.9 percent during FY 1983. Small businesses did not submit bids on 68.0 percent of these publicized procurements in FY 1984, compared with 69.6 percent in FY 1983. They were successful in bidding on 22.8 percent of the publicized total this year and were unsuccessful bidders on 9.1 percent. In FY 1983, small businesses bid successfully on 21.9 percent of the publicized total and unsuccessfully on 8.4 percent.

The portion of procurement synopsized during FY 1984 amounted to 75.3 percent, as compared to 78.6 percent for last year.

AWARDS BY PROCUREMENT PROGRAM

Data on the net value of prime contract awards to businesses in the United States by procurement program are shown in Table 5 for FY 1983 and FY 1984, and in Table 6 for FY 1974 through FY 1984. Table 6a provides data on awards by procurement program, according to the Defense component making the awards, for FY 1974 through FY 1984.

Total DOD procurement from U.S. businesses for work performed in the United States during FY 1984 totaled \$124,912 million, \$3,816 million (3.2 percent) higher than last

year. A comparison of FY 1983 and FY 1984 totals shows an increase in all major categories except services which decreased by \$1,919 million. The largest increases within the procurement programs were in: electronics and communication equipment, \$2,997 million; missile and space systems, \$1,973 million; and airframes and related assemblies and spares, \$1,901 million. The program with the largest decrease was ships, \$3,466 million.

AWARDS FOR RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

The net value and percent distribution of awards for research, development, test, and evaluation (RDT&E), by type of contractor, for FY 1974 through FY 1984 are shown in Table 7.

The total dollar value of RDT&E awards, excluding awards for work outside the United States and orders to other Government agencies, amounted to \$17,787 million during FY 1984 and accounted for 13.9 percent of all DOD procurement. During FY 1983, the comparable dollar amount was \$15,413 million, which was 12.5 percent of the total awards.

Between FY 1974 and FY 1978, there was an annual increase in the dollar value of RDT&E awards. During FY 1979 RDT&E procurement declined to \$8,481 million but has since increased each year.

Although there has been a general upward trend in both total and RDT&E awards since FY 1975, the relative share of RDT&E procurement to total procurement has declined from 17.5 percent in FY 1976 to 11.7 percent in FY 1981, but it increased to 13.8 percent during FY 1982, decreased to 12.5 percent during FY 1983 and increased to 13.9 during FY 1984.

Contract awards for RDT&E by procurement program are shown for FY 1974 through FY 1984 in Table 8. This table shows the percentages of RDT&E awards in each program based on the totals shown in Table 6.

AWARDS BY METHOD OF PROCUREMENT

AWARDS BY EXTENT OF COMPETITION

Total DOD awards subject to competition during FY 1984 totaled \$124,366 million compared to \$120,203 during FY 1983. The following shows the changes in the extent of competition categories for fiscal years 1984 and 1983:

(Millions of Dollars)	Change		
	1984	1983	Percent of Total
Formally Advertised	\$ 6,774	\$ 7,110	- 336 - 0.4
Negotiated Price Competition	34,971	29,270	+ 5,701 + 3.7
Design and Technical Competition	11,634	11,465	+ 169 - 0.1
Follow-On After Price Competition	4,141	3,012	+ 1,129 + 0.8
Follow-On After Design and Technical Competition	31,616	27,462	+ 4,154 + 2.5
Catalog/Market Price	931	1,418	- 487 - 0.4
Non-Competitive	34,299	40,466	- 6,167 - 6.1

Table 9 gives the total for both actions and dollars by reporting component for each of these categories, and Table 10 provides a general indication of the types of items that fall into each competition category.

FORMALLY ADVERTISED AND OTHER AWARDS

Table 11 shows the dollar volume of procurements placed with small businesses and other contractors through formal advertising and other statutory authority during FY 1983 and FY 1984. During FY 1984, 5.0 percent of total procurement was conducted through formal advertising methods, compared to 5.5 percent last year. Table 12 shows information on these types of awards for FY 1974 through FY 1984.

STATUTORY AUTHORITY

Tables 13, 14, and 15 present data on the types of procurement authority specified in Title 10, Section 2304(a) of the United States Code. The five clauses used most extensively to negotiate contracts during FY 1984 were: (10) "Impractical to Secure Competition by Formal Advertising;" (14) "Technical or Specialized Supplies Requiring Substantial Initial Investment or Extended Period of Preparation for Manufacture;" (11) "Experimental, Developmental, Test, or Research;" (1) "National Emergency;" and (16) "Purchases to Keep Facilities Available in the Interest of National Defense."

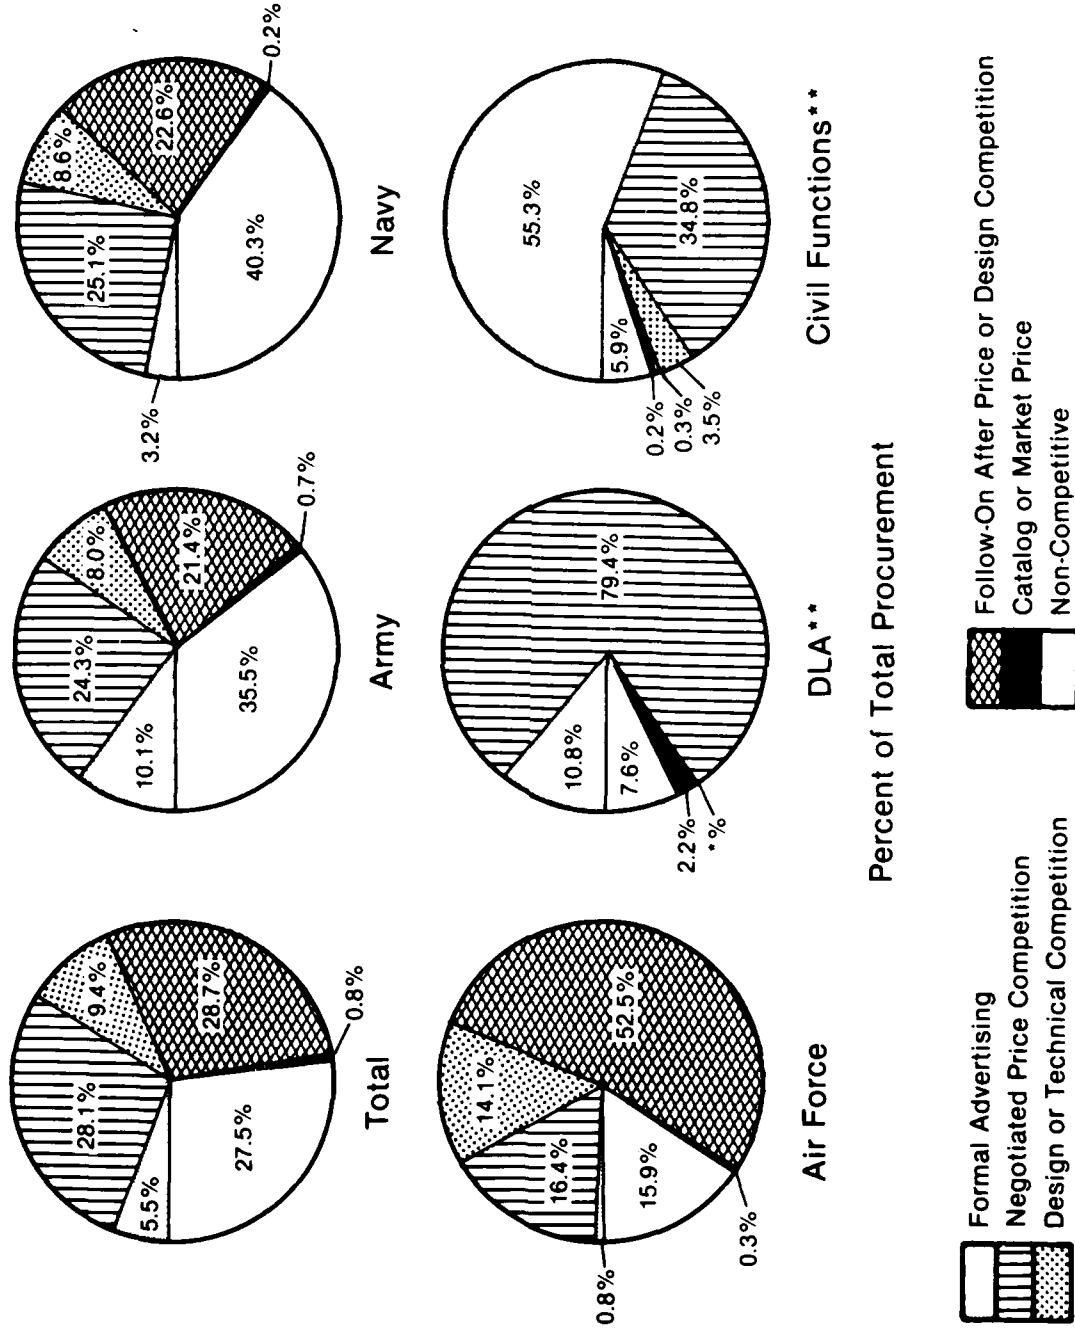

Small business and labor surplus set-asides totaled \$12,477 million for this year, representing 9.2 percent of the total, compared with \$11,828 million (9.1 percent) last year.

Table 14 shows a total of 14,770,589 procurement actions for FY 1984, an increase of 4,044 actions over last year.

During this fiscal year 98.4 percent, or 14,533,478 actions were for \$25,000 or less compared to 14,525,103 actions and also 98.4 percent last year.

Of the 237,111 larger actions (those over \$25,000), 23,229 were for intragovernmental awards. Of the remaining 213,882 actions, 46.4 percent were for new contracts or supplemental awards for additional supplies or services; the remaining 53.6 percent were delivery orders or modifications such as price redeterminations or incremental funding actions pursuant to the terms of existing contracts. Five negotiation clauses accounted for 76.9 percent of the total number of negotiated contract actions over \$25,000: (10) "Impractical to Secure Competition by Formal Advertising," 40.7 percent; (1) "National Emergency," 19.1 percent; (11) "Experimental, Developmental, Test, or Research," 6.8 percent; (6) "Purchases Outside the United States," 6.1 percent; and (9) "Perishable or Non-Perishable Subsistence," 4.2 percent.

Chart IV
Percent Distribution of DOD Procurement by Extent of Competition
According to Defense Component: FY 1984

* Intragovernmental actions and actions \$25,000 or less are excluded.
 ** Amounts of less than 0.05 percent are not shown.

(Percenages may not add due to rounding.)

AWARDS BY TYPE OF CONTRACT PRICING PROVISION

Table 16 shows the net value and percent distribution of DOD prime contract awards over \$25,000 for FY 1983 and FY 1984. Data are shown by type of contract pricing provision, according to Defense component. Table 17 provides annual data for fiscal years 1974 through 1984.

During FY 1984 awards over \$25,000 (excluding intragovernmental awards) totaled \$125,019 million, of which \$100,917 million, or 80.7 percent, was awarded under fixed-price procedures and \$22,943 million, or 18.4 percent, under cost reimbursement procedures. Other types (time and materials and labor hours) accounted for \$1,159 million, or 0.9 percent.

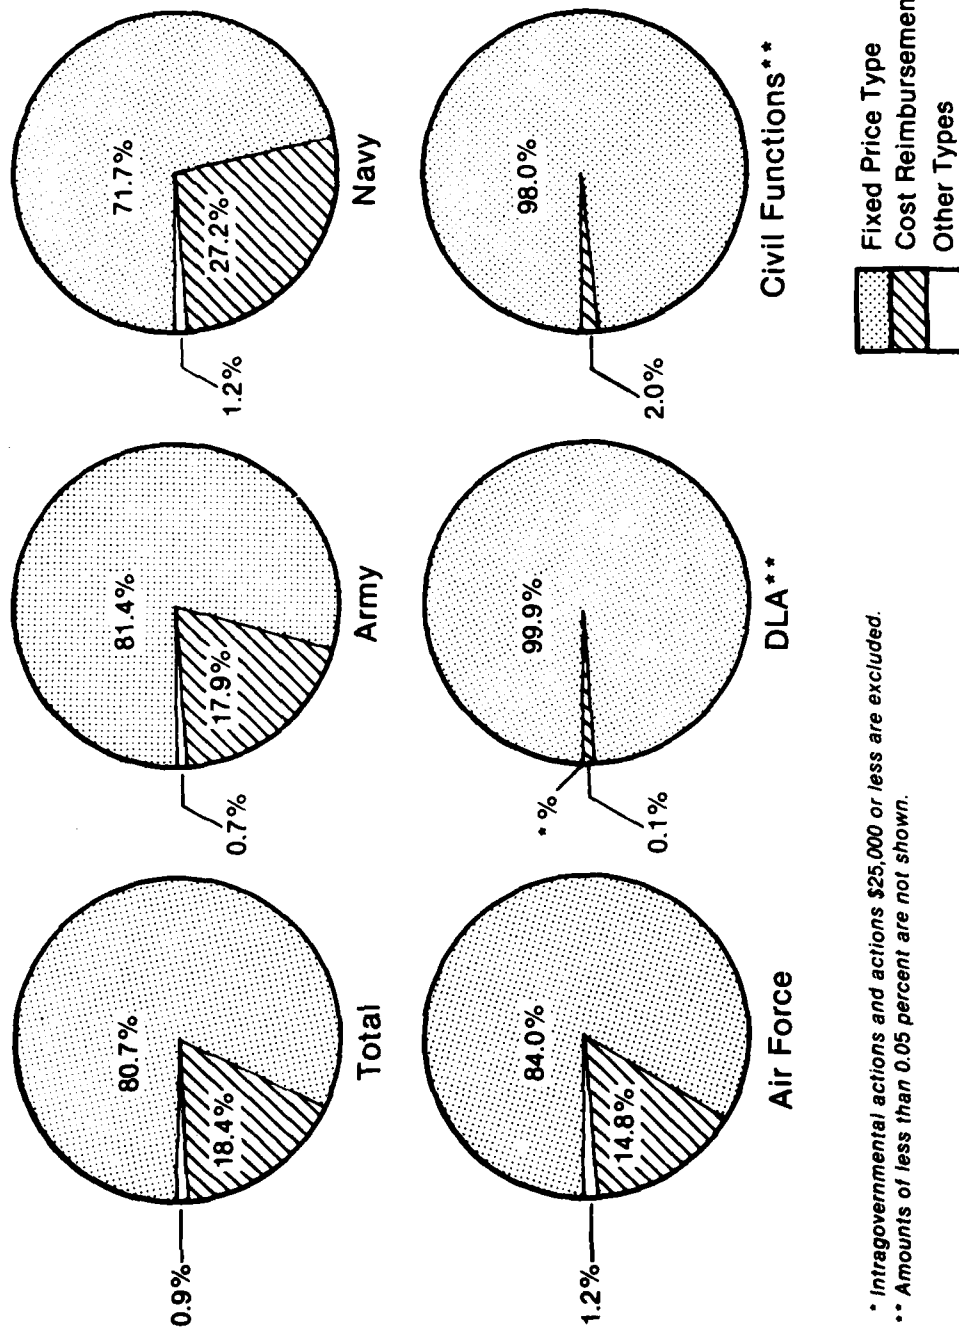

Cost-plus-fixed-fee (CPFF) contracts accounted for 8.4

percent of the total contract awards over \$25,000 in FY 1984. The use of incentive contracts (both fixed and cost-types combined) decreased from 25.0 percent of total contract dollars in FY 1983 to 22.8 percent in FY 1984. The use of firm fixed-price contracts increased from 46.1 percent to 50.3 percent.

The total of 213,882 contract actions over \$25,000 for 1984 (see Table 16) includes 99,133 original contract actions and modifications calling for additional work and 114,749 actions representing delivery orders and modifications made pursuant to the terms of existing contracts. Actions for new work increased by 2.9 percent, and actions representing delivery orders and modifications pursuant to the terms of the original contract decreased by 2.9 percent.

Chart V
Percent Distribution of DOD Prime Contract Awards by Contract Pricing Provision,
According to Defense Component: FY 1984

Percent of Total Procurement

* Intragovernmental actions and actions \$25,000 or less are excluded.

** Amounts of less than 0.05 percent are not shown.

DOD SMALL BUSINESS SUBCONTRACTING PROGRAM

Commitments for DOD small business subcontracting work by 1,208 reporting large contractors totaled \$47,582 million in FY 1984, which was a 19.6 percent increase from the \$39,796 million reported by 1,173 large contractors in FY 1983.

Small businesses received 37.7 percent of the total committed for subcontracting work during FY 1984, compared with 39.2 percent for FY 1983. Comparative data for FY 1975 through FY 1984 are given below.

(Amounts in Millions)

	1975	1976	1977	1978	1979	1980	1981	1982	1983	1984

GLOSSARY OF TERMS

Businesses. Businesses are companies, individuals, or partnerships organized for profit, including small businesses as defined below.

Civil Functions. Functions primarily associated with the Civil Works program of the Army Corps of Engineers. This program encompasses planning, programming, designing, constructing, and operating Federal water resource projects for navigation, flood control, hydroelectric power production, water supply, recreation, and related activities. Also included are cemeterial work and conservation management.

Defense Logistics Agency. The Defense Supply Agency (DSA) was established on January 1, 1962, to manage, procure, and distribute certain common supplies, activities which had previously been the responsibility of the individual military departments. The agency name was changed on January 1, 1977, to the Defense Logistics Agency (DLA).

Educational and Nonprofit Institutions. Any corporation, foundation, trust, or institution operating on a not-for-profit basis. Included are educational and scientific institutions, hospitals of a nonprofit nature, and state, local, and other non-Federal government agencies. If the work of these institutions meets the criteria of the category "Work Outside the United States" (see below), it is included in the data for that category.

Intragovernmental Order. Orders written by a military department or Defense agency purchasing office requesting that a non-Defense Federal agency furnish supplies or services from its stocks, in-house manufacturing facilities, or contracts.

Location of Work. The place where an item is to be manufactured, assembled, or otherwise supplied by the prime contractor; the place where the service is to be performed; or the site of a construction project.

Military Functions. Activities normally associated with the support of the Uniformed Services.

Net Value. The net amount of debit and credit procurement actions recorded during the period.

Other Defense Agencies

American Forces Radio & Television Service
 Defense Audio Visual Agency
 Defense Commercial Communications Office
 Defense Communications Agency
 Defense Mapping Agency
 Defense Nuclear Agency
 Defense Supply Service — Washington
 National Security Agency
 Office for the Civilian Health & Medical Program of the
 Uniformed Services (CHAMPUS)
 Uniformed Services University of Health Services

Prime Contract Award. A legally binding agreement executed by a department or an agency of DOD to obtain supplies, services, or construction.

Procurement Action. An action involving the obligation or deobligation of funds which officially awards or changes a prime contract. This may include the award of a new prime contract, a debit or credit change to an existing prime contract, or an order written against an indefinite delivery-type contract or basic ordering agreement.

Small Businesses. A small business is defined by the Small Business Administration in the Federal Register (Title 13, Chapter I, Part 121). The definition also appears in the Defense Acquisition Regulation (1-701). Generally, a small business is one that is independently owned and operated, is not dominant in its field of operations, and with its affiliates does not employ more than a specified number of employees (usually not more than 500, 750, or 1,000, depending on the type of product called for by the contract). For construction and some service industries, the criterion is a specified annual dollar volume of sales or receipts, rather than the number of employees.

Subcontract Commitment. A legal agreement between contractors establishing the value of goods and services required to fulfill a contract. The goods or services are provided by one

contractor (called the subcontractor) to the contractor with the major or prime contract.

Subcontract Payment. A cash payment made by one contractor to another for supplies, services, or construction required by a prime contract.

United States. The 50 states and the District of Columbia, U.S. possessions, the Commonwealth of Puerto Rico, the Trust Territories of the Pacific, and other areas subject to complete U.S. sovereignty.

Work Inside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government agency with a place of performance inside the United States (see above).

Work Outside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government agency with a place of performance outside of the United States (see above).

ND
