NAVAL POSTGRADUATE SCHOOL
Monterey, California

June 1984

The faculty and students at the Naval Postgraduate School participate in complementary research and educational programs. As part of the advancement of knowledge, contributions to their career fields are actively disseminated to colleagues through conference presentations, and various publications. This report has been prepared in order to document such professional efforts over the last four years.

The Naval Postgraduate School wishes to acknowledge the efforts of Mr. Kevin McHugh and Ms. Theresa Nance of the NPS Library for their portion of the production of this book.

Requests for NPS Technical Reports and theses cited in this volume may be made according to the directions indicated on the following page. Requests for other publications should be directed to the specific authors.

PROCEDURES FOR REQUESTING NAVAL POSTGRADUATE SCHOOL
TECHNICAL REPORTS AND THESES

Copies of publications with unlimited distribution may be obtained from either of the following agencies depending upon the particular circumstances:

Individuals affiliated with a research and development activity within the U.S. Government or its associated contractors, subcontractors, or grantees, under current U.S. Government contract, order from:

Defense Technical Information Center
Cameron Station
Alexandria, Virginia 22314

Organizations or individuals who do not fall within the above categories may order from:

National Technical Information Service
U.S. Department of Commerce
Springfield, Virginia 22161

A given document may be obtained by submitting a bibliographic citation including: (1) author, (2) title, (3) publication date and (4) the Naval Postgraduate School Technical Report Number or reference to the document as a Naval Postgraduate School Thesis.

General inquiries concerning faculty and student research at the Naval Postgraduate School should be addressed to:

Superintendent
Naval Postgraduate School
(Attn: Research Administration, Code 012)
