Directorate for Information
Operations and Reports

FOREWORD

Prime Contract Awards by Region and State is published annually. This issue provides information on the geographical distribution of Department of Defense prime contract awards over $25,000 for Fiscal Years (FY) 1982, 1983, and 1984 by the United States census region and state.

This information is detailed in ten tables and three figures showing:

1. The net value and percent distribution of awards, by region and state, for FY 1982, 1983, and 1984;
2. The net value and percent distribution of awards within the seven major hard goods programs, by region, for FY 1982, 1983, and 1984;
3. The net value and percent distribution of awards in the 25 major procurement programs for each state for FY 1982, 1983, and 1984; and
4. Data on research, development, test, and evaluation (RDT&E) awards by region and state according to the type of contractor for FY 1982, 1983, and 1984.

LIST OF TABLES

		PAGE
I-1	Net Value and Percent Distribution of DOD Prime Contract Awards Over $25,000, by Region and State: FY 1982, 1983, and 1984	6
II-1	Net Value and Percent Distribution of DOD Prime Contract Awards Over $25,000 for Major Hard Goods, by Region: FY 1982, 1983, and 1984	12
II-2	Net Value and Percent Distribution of DOD Prime Contract Awards Over $25,000 by Hard Goods Program: FY 1982, 1983, and 1984	14
III-1	Net Value and Percent Distribution of DOD Prime Contract Awards Over $25,000 for the 25 Major Procurement Programs, by State: FY 1982, 1983, and 1984	17
III-2	Percent Distribution of DOD Prime Contract Awards Over $25,000 for the Top Five States in each of the 25 Major Procurement Programs: FY 1984	69
IV-1	Distribution of Prime Contract Awards Over $25,000 for Research, Development, Test, and Evaluation According to Type of Contractor: FY 1982, 1983, and 1984	72
IV-2	Net Value and Percent Distribution of DOD Prime Contract Awards Over $25,000 for RDT&E, by Region: FY 1983 and 1984	73
IV-3	Net Value and Percent Distribution of DOD Prime Contract Awards Over $10,000 for RDT&E, by Region and State, According to Type of Contractor: FY 1982	74
IV-4	Net Value and Percent Distribution of DOD Prime Contract Awards Over $25,000 for RDT&E, by Region and State, According to Type of Contractor: FY 1983	77
IV-5	Net Value and Percent Distribution of DOD Prime Contract Awards Over $25,000 for RDT&E, by Region and State, According to Type of Contractor: FY 1984	80

INTRODUCTION

This report contains a variety of data on the distribution of prime contract awards over $25,000 within the United States, by census region and state, for Fiscal Years (FY) 1982, 1983 and 1984.

This publication is divided into four Parts. Part I, Distribution of Prime Contract Awards Over $25,000 by Region and State. Part II, Distribution of Prime Contract Awards Over $25,000 for Major Hard Goods. Part III, Distribution of Prime Contract Awards Over $25,000 by State. Part IV, Distribution of Prime Contract Awards Over $25,000 for Research, Development, Test, and Evaluation (RDT&E).

Prime contract data are not a means of measuring the total volume of defense work performed within a state, as a substantial amount of the work may be subcontracted.

Notes on Coverage

Contract work is not necessarily performed in the state where the contract is awarded. Most manufacturing contracts have been attributed to the contractor's location where the product will be processed and assembled. When contract work has been performed at more than one plant, the contract has been attributed to the location where the largest dollar amount of work was produced. Both construction and service contracts have been attributed to the state where the work is to be performed. Contracts for transportation and communication services in most cases have been attributed to the state where the contractor's home office is located. For purchases from wholesale or other distribution firms, the location is the contractor's business address.

Amounts not distributed by state include contract actions of $25,000 or less, contract actions performed in classified locations, Foreign Military Sales (FMS) contract actions entered into overseas, and other contract actions for work performed outside the United States. For FY 1982, the data contained in this report represents contractual actions greater than $10,000. Begining in FY 1983, the dollar value threshold for contractual actions included in the data was raised to $25,000.

Some special characteristics of the data on prime contract awards by procurement program category should be noted.

1. The Electronics and Communication Equipment category includes all electronics procured separately under prime contract. However, in the case of Missiles and Space Systems or Aircraft Engines and Related Spares, electronics work is often a basic part of the assembly prime contract; therefore, awards for electronics are included in the statistics for these categories.

2. Contracts for all other types of equipment and parts for repair, maintenance, overhaul, modification or other services, which can be identified with a specific category, are assigned to that category. As an example, the installation or inspection of equipment at ballistic missile sites is recorded as missile work in the state where the site is located. However, the contract for manufacturing such equipment is reported according to the location of the manufacturer's plant. Therefore, aircraft missile program contracts may be reported in states where there are no weapon assembly plants but where research laboratories, or suppliers of instruments, parts or subassemblies equipment may be located.

3. The dollar value shown for each category includes the RDT&E work associated with it. RDT&E coverage includes research, exploratory development, advanced development, engineering development, operational systems development, and management and support. Full definitions for each of these categories are provided in Federal Acquisition Regulation 35.001.

4. Figures in these tables may not add up due to rounding.

Highlights

Total prime contract awards in FY 1984 totaled $146,032 million, an increase of $5,549 or 3.9 percent over FY 1983. Awards over $25,000 for work performed within the United States, by census region and state, are shown in this report. These awards totaled $123,995 million in FY 1984. The kinds of awards not included in this report (see Notes on Coverage) are distributed as follows:

Type of Awards	Awards in FY 1982		Awards in FY 1983		Awards in FY 1984	
	Millions	Percent	Millions	Percent	Millions	Percent
TOTAL - Prime Contract Awards	$124,725	100	$140,483	100	$146,032	100
LESS						
Work Outside the United States	$ 7,522	6	$ 7,236	5	$ 8,311	6
Actions of $25,000 or Less	7,629	6	11,580	8	11,641	8
Not Assigned to a State	5,716	4	2,923	2	2,085	1
SUBTOTAL	$ 20,867	17	$ 21,739	18	$ 22,037	15
TOTAL - Awards Distributed to Regions and States	$103,858	83	$118,744	85	$123,995	85

PART I
DISTRIBUTION OF PRIME CONTRACT AWARDS OVER $25,000 BY REGION AND STATE

The U S census regions are shown in Figure I-1 (page 4). The three regions that received the largest share of the awards in FY 1984 were the Pacific (26 3 percent), the South Atlantic (14 7 percent), and the Middle Atlantic (12 9 percent). (See Figure I-2, page 5.) Those regions that make up the eastern part of the United States received a total of 51 1 percent of the awards. The western regions received the remaining 48 9 percent of the awards.

Table I-1 (page 6) shows the net value and percent distribution of awards, by region and state, for FY 1982, 1983, and 1984. The two regions showing the largest increases in the net value of total awards over FY 1983 were West North Central, up $1,943 million or 20 3 percent and Mountain, up $771 million or 19 7 percent. One region, South Atlantic, showed a decrease of 10.5 percent from FY 1983. The remaining regions had award increases in FY 1984 ranging from 9 9 to 2.8 percent.

In individual states, Wyoming nearly doubled its awards from FY 1983 to FY 1984. Fourteen other states showed award increases of between 20 and 50 percent. Twenty-seven states had award increases of less than 20 percent. The remaining nine states all had award decreases from FY 1983 to FY 1984.

The following table shows those states with the largest percentage change in awards from FY 1983 to FY 1984.

STATE	PERCENT CHANGE	DOLLAR CHANGE ($000)
Wyoming	88.7	$ 34,582
Kansas	49 9	787,388
Michigan	40 8	727,842
North Dakota	32 8	44,888
West Virginia	-40 8	-49,634
Virginia	-34 9	-2,466,977
District of Columbia	-28 0	-317,918

PART III
DISTRIBUTION OF PRIME CONTRACT AWARDS OVER $25,000 BY STATE

The net value and percent distribution of awards in each of the 25 major procurement programs for the fiscal years 1982 through 1984 for individual states are provided in Tables III-1, beginning on page 17. Table III-2 (page 69) shows the five leading states in each of these 25 procurement programs for FY 1984. While California ranked first in eleven of the programs, there was a broad representation of other states in the top five rankings. A total of 35 states appear in the table, one less than in FY 1983. In FY 1984, 11 states ranked first in one or more of the programs.

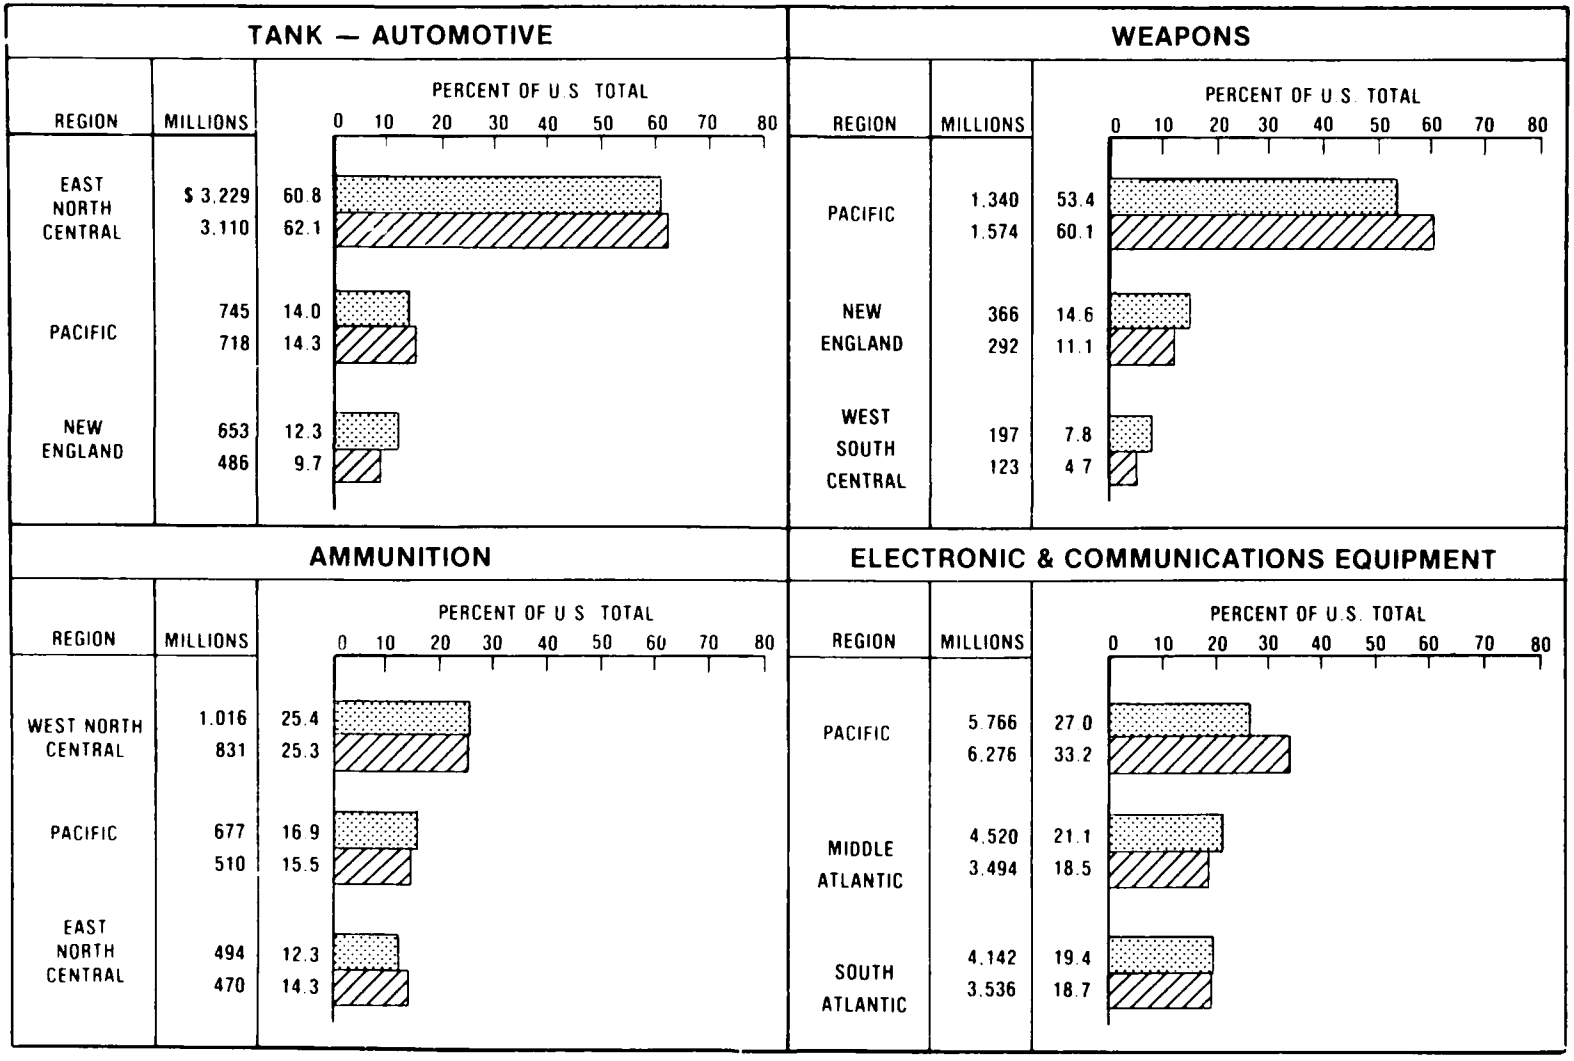

FIGURE II-1

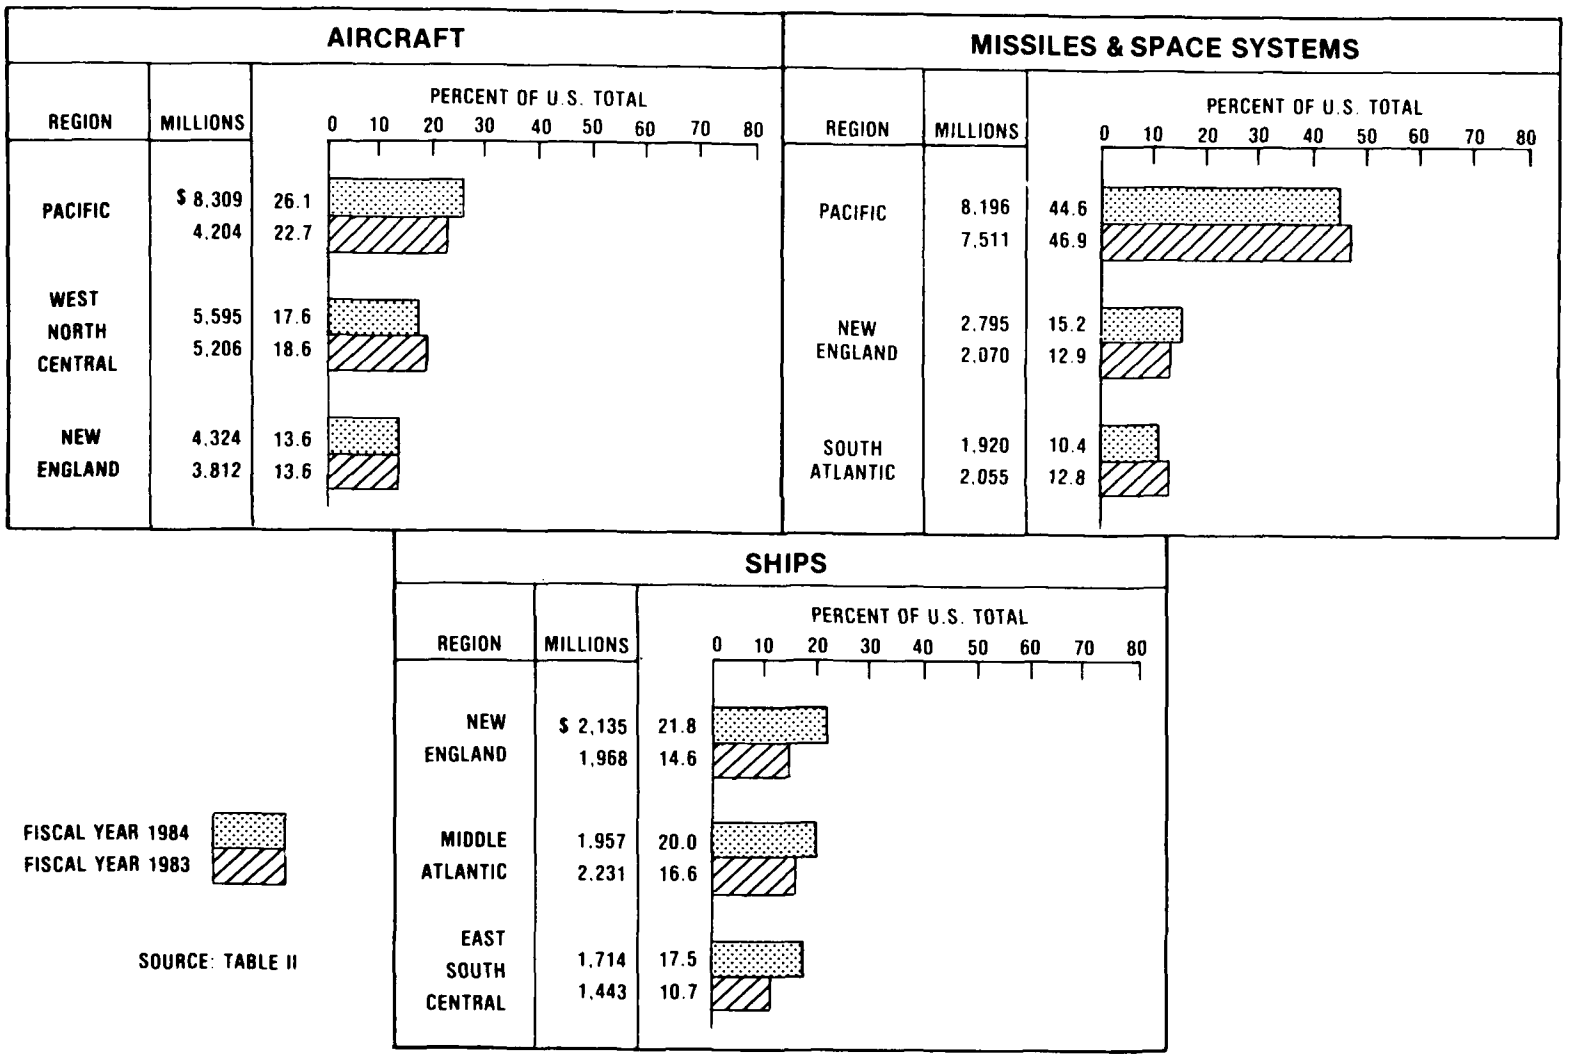
REGIONS WITH THE HIGHEST PROPORTION OF PRIME CONTRACT AWARDS OVER $25,000 FOR MAJOR HARD GOODS: FY 1983 AND 1984



SOURCE: TABLE II

PART II
DISTRIBUTION OF PRIME CONTRACT AWARDS OVER $25,000 FOR MAJOR HARD GOODS

Figure II-1 (page 10) shows the top three regions for FY 1984 in each of the seven major hard goods programs as well as the net value and percent distribution of awards in each region for FY 1983 and 1984. The Pacific region ranked as one of the top three regions most frequently, placing in the top three for six out of the seven programs.

Table II-1 (page 12) shows the net value and percent distribution of awards within the seven major hard goods programs, by region, for FY 1982, 1983, and 1984. Table II-2 (page 14) shows that awards within these hard goods programs accounted for 75 percent of all prime contract awards in FY 1984, a one percent increase over the FY 1983 figure. However, the net value of awards in all hard goods programs experienced a 6.7 percent increase in FY 1984. The percentage distribution of awards within the seven major hard goods programs, both as a percentage of all awards and as a percentage of all hard goods awards, remained relatively steady during the 3-year period.

PART IV
DISTRIBUTION OF PRIME CONTRACT AWARDS FOR RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

As shown in Table IV-1 (page 72), RDT&E awards totaled $18,125 million in FY 1984, an increase of $1,926 million or 11.9 percent over the FY 1983 figure. The ratio of RDT&E awards to total awards remained relatively the same in FY 1984 as in FY 1983. Table IV-1 also shows that the distribution of RDT&E awards among the three types of contractors did not change significantly from FY 1983 to FY 1984.

Table IV-2 (page 73) shows the net value and percent distribution for both total awards and RDT&E awards, by region, and the percent distribution of RDT&E awards within each region for FY 1984. Seven of the nine regions received more RDT&E awards in FY 1984 than in FY 1983. The three regions that had the largest dollar increases were New England ($588 million), Pacific ($472 million), and Middle Atlantic ($423 million). In terms of the distribution of RDT&E awards, the New England region showed the most significant change. In FY 1983, 11.2 percent of RDT&E awards were in this region; this percentage increased to 13.2 percent in FY 1984.

The ratio of RDT&E awards to total awards showed an increase from FY 1983 to FY 1984. Regional RDT&E awards as a percent of regional total awards changed significantly. The seven regions that experienced increases were Pacific (.7 percent), South Atlantic (.8 percent), New England (2.9 percent), Middle Atlantic (2.3 percent), West South Central (1.4 percent), East North Central (2.2 percent), and East South Central (.7 percent). The Mountain and West North Central regions both showed decreases, 4.7 percent and 1.7 percent respectively.

Tables IV-3, IV-4, and IV-5 (pages 74, 77, and 80, respectively) show the net value and percent distribution of prime contract awards for RDT&E work, by region and state, according to type of contractor (educational and nonprofit institutions, other nonprofit institutions, and business firms), for FY 1982, 1983, and 1984, respectively. As shown in Table IV-5, the four states receiving the largest share of RDT&E awards in FY 1984 were California, Massachusetts, Washington, and New York.
