Operations and Reports

FOREWORD

Prime Contract Awards is published semiannually by the Office of the Secretary of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (WHS/DIOR). It contains a wide range of summary data covering prime contract awards made during the reporting period as well as historical data to provide the perspective required for the analysis of Defense procurement trends.

Requests for additional information should be addressed to the WHS/DIOR Special Projects Division, Room 1C535, The Pentagon, Washington, D.C., 20301.

The contents of this publication may be reprinted without permission.

Please Note: Since the first printing of this report, Tables 9 and 10 (pages 41-45) have been updated to show corrected competitive and noncompetitive figures.

INTRODUCTION

PURPOSE AND SCOPE

This report presents a variety of current and historical data pertaining to Department of Defense (DOD) prime contract awards. Some data reflect fiscal years as early as 1973, providing a ten year perspective on Defense procurement.

Seven categories of data on DOD prime contracts are provided. Data are displayed by type of contractor, by procurement program, by method of procurement, and by type of contract pricing provision. Awards publicized to small businesses and awards for research, development, test, and evaluation (RDT&E) are discussed separately, as is the DOD Small Business Subcontracting Program.

NOTES ON COVERAGE

Amounts in this report are shown for the DOD agency that awards the prime contracts and not the department or agency that budgets for the supplies or services. In addition, data for the Army, Navy, and Air Force include prime contracts awarded on behalf of the National Aeronautics and Space Administration (NASA) and other Federal agencies, as well as for foreign countries whose Defense purchases are reimbursable. Percentages given in tables may not add due to rounding.

This report includes awards made by Other Defense Agencies (ODA), which are listed in the Glossary. It does not include obligations for "in-house" work performed at military-owned and-operated establishments such as Navy shipyards, Army

arsenals, and Air Force research laboratories, except to the extent that such establishments place contracts for supplies and services with industry or other Federal agencies. The estimated dollar amounts of indefinite-quantity petroleum contracts are included in this report, but the number of individual orders written against these contracts have not been included in the totals for procurement actions.

For definitions of terms used in this publication, see the Glossary.

HIGHLIGHTS OF FISCAL YEAR 1982

DOD procurement actions during Fiscal Year (FY) 1982 totaled \$124,724,875 thousands, as shown below:

<u>Category</u>	<u>Amount</u>
Intragovernmental/FMS	\$ 12,755,040
Work Outside United States	7,522,294
Educational and Nonprofit Institutions	1,984,448
Business Firms Inside United States	<u>102,463,093</u>
	\$124,724,875

Foreign military sales (FMS), a reimbursable portion of intragovernmental orders, totaled \$9,896 millions.

AWARDS BY TYPE OF CONTRACTOR

DOD PROCUREMENT BY TYPE OF CONTRACTOR

DOD procurement awards during FY 1982 (October 1981 through September 1982) totaled \$124,725 million. This was an increase of \$19,502 million (18.5 percent) over the \$105,223 million awarded during fiscal year 1981. Contract awards to U.S. businesses for work inside the United States increased by \$15,268 million. Awards to or through other Government agencies increased by \$2,957 million, awards for work outside the United States increased by \$963 million, and awards to educational and nonprofit institutions increased by \$313 million. See Tables 1 and 2.

PROCUREMENT TRENDS

DOD procurement has increased steadily from \$40.1 billion in FY 1974 to \$124.7 billion in FY 1982. The long-term trend in prime contract awards is shown in Table 3.

SMALL BUSINESS PERFORMANCE

Small businesses received \$20,143 million during FY 1982, an increase of \$2,373 million over the \$17,770 million for FY 1981. In terms of net value, small businesses received 19.7 percent of the prime contracts awarded to all businesses for work done in the United States during FY 1982, compared with 20.4 percent in FY 1981.

During FY 1982, 7,723,941 contract actions, or 69.8 percent of the total 11,064,434 actions awarded to business firms, involved small businesses.

AWARDS BY PROCUREMENT PROGRAM

Data on the net value of prime contract awards to businesses in the United States by procurement program are shown in Table 5 for FY 1981 and FY 1982, and in Table 6 for FY 1973 through FY 1982. Table 6a provides data on awards by procurement program, according to the Defense component making the awards, for FY 1973 through FY 1982.

Total DOD procurement from U.S. businesses for work performed in the United States during FY 1982 totaled \$102,463 million, \$15,268 million (17.5 percent) higher than last year. A

comparison of FY 1981 and FY 1982 shows an increase in all major categories, except the All Other category. The largest increases within the procurement programs were in: airframes and related assemblies and spares, \$4,352 million; electronics and communications equipment, \$2,487 million; missile and space systems, \$2,480 million; ships, \$2,164 million; services, \$2,043 million; and ammunition, \$1,506 million. The program with the largest decrease was petroleum, \$2,704 million.

AWARDS PUBLICIZED TO SMALL BUSINESSES

Table 4 indicates the extent to which the small business community was notified of pending procurement actions and how successful small businesses were in competing for publicized procurements.

The types of procurement included in the category "Awards Publicized to Small Businesses" are: (1) proposed procurements which were listed in the Department of Commerce publication *Commerce Business Daily (CBD)*; (2) modifications to contracts which were listed in the *CBD*; (3) formally advertised procurements which were not published in the *CBD*; and (4) all other procurements on which small firms were specifically requested to submit proposals.

For the most part, procurements which are not publicized to small businesses relate to classified work, goods or services involving an unusual or compelling emergency, modifica-

tions of contracts which were not listed in the *CBD*, and delivery orders under contracts which were not listed in the *CBD*.

During FY 1982, 86.3 percent of the total awards to businesses were publicized to small businesses, compared with 84.7 percent during FY 1981. Small businesses did not submit bids on 68.5 percent of these publicized procurements in FY 1982, compared with 66.7 percent in FY 1981. They were successful in bidding on 22.8 percent of the publicized total this year and were unsuccessful bidders on 8.7 percent. In FY 1981, small businesses bid successfully on 24.1 percent of the publicized total and unsuccessfully on 9.2 percent.

The portion of procurement synopsized during FY 1982 amounted to 78.8 percent, as compared to 76.3 percent for FY 1981.

AWARDS FOR RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

The net value and percent distribution of awards for research, development, test, and evaluation (RDT&E), by type of contractor, for FY 1973 through FY 1982 are shown in Table 7.

The total dollar value of RDT&E awards, excluding awards for work outside the United States and orders to other Government agencies, amounted to \$14,445 million during FY 1982 and accounted for 13.8 percent of all DOD procurement. During FY 1981, the comparable dollar amount was \$10,412 million, which was 11.7 percent of the total awards.

Between FY 1974 and FY 1978, there was an annual increase in the dollar value of RDT&E awards. During FY 1979

RDT&E procurement declined to \$8,481 million but has since increased each year.

Although there has been a general upward trend in both total and RDT&E awards since FY 1975, the relative share of RDT&E procurement to total procurement has declined from 17.5 percent in FY 1976 to 11.7 percent in FY 1981 but increased to 13.8 percent during FY 1982.

Contract awards for RDT&E by procurement program are shown for FY 1973 through FY 1982 in Table 8. This table shows the percentages of RDT&E awards in each program based on the totals shown in Table 6.

AWARDS BY METHOD OF PROCUREMENT

COMPETITION IN DOD PROCUREMENT

Prime contracts awarded after solicitation, and receipt of responsive offers for competitive price, design, or technical proposals totaled \$42.222 million and represented 41.1 percent of the net amount of procurement during FY 1982 (excluding intragovernmental orders and other exclusions), compared to \$35.915 million or 40.7 percent for FY 1981. Competitive methods accounted for 52.6 percent of the total number of procurement actions during this fiscal year, compared with 48.1 percent last year. Table 9 gives the total for both competitive and non-competitive awards for FY 1981 and FY 1982.

NON-COMPETITIVE PROCUREMENTS

In FY 1982, supplemental or follow-on contracts placed with companies which had competed successfully for the price, design, or technical phase of a project or weapon system accounted for approximately 43 percent (in terms of dollar value) of non-competitive awards. The remaining non-competitive solicitations were for such goods and services as: patented or other proprietary items; experimental, developmental, test, or research work; and industrial mobilization in the interest of national defense. Table 10 provides a general indication of the types of items for which only one source was solicited and show that substantial use of com-

petitive procedures is made even when sealed-bid (formally advertised) methods are not employed.

FORMALLY ADVERTISED AND OTHER AWARDS

Table 11 shows the dollar volume of procurements placed with small businesses and other contractors through unrestricted formal advertising and other statutory authority during FY 1981 and FY 1982. In FY 1982, 6.7 percent of total procurement was conducted through unrestricted formal advertising methods, compared to 7.3 percent last year. Table 12 shows information on these types of awards for FY 1973 through FY 1982.

In discussions relating to "competition" and "formally advertised and other awards," it should be noted that sealed-bid procedures are used not only for unrestricted formal advertising, but also for procurements made under balance-of-payments restricted advertising (restricted to U.S. end products and services) and small business restricted advertising (restricted to small businesses). These procurements are conducted in the same manner as prescribed for formal advertising; however, they are classified as negotiated procurements.

If small business restricted advertising and balance-of-payments restricted advertising are included in the total of advertised awards, the dollar value and percentages for FY 1982 are as follows:

	(Amounts in Millions)			
	FY 1981		FY 1982	
	Amount	%	Amount	%
Total Procurement Except Intragovernmental and FMS	\$95,425	100.0	\$111,970	100.0
All Advertised Awards	11,035	11.6	12,267	11.0
Unrestricted Formal Advertising	6,977	7.3	7,488	6.7
Small Business Restricted Advertising	4,044	4.2	4,778	4.3
Balance-of-Payments Restricted Advertising	14	*	1	*

*Less than 0.05 percent

STATUTORY AUTHORITY

NOTE: Negotiation Authority (3) shown on Tables 13, 14, and 15 states "Purchases not more than \$10,000." Effective January 1982 this was changed to "Purchases not more than \$25,000."

Tables 13, 14, and 15 present data on the types of procurement authority specified in Title 10, Section 2304(a) of the United States Code. The five clauses used most extensively to negotiate contracts during FY 1982 were: (10) "Impractical to Secure Competition by Formal Advertising;" (14) "Technical or Specialized Supplies Requiring Substantial Initial Investment or Extended Period of Preparation for Manufacture;" (11) "Experimental, Developmental, Test, or Research;" (1) "National Emergency;" and (6) "Purchases Outside the United States".

Small business and labor surplus set-asides totaled \$10,193 million this fiscal year, representing 9.1 percent of the total, compared with \$8,464 million (8.9 percent) in FY 1981.

Table 14 shows a total of 12,962,728 procurement actions

during FY 1982, an increase of 216,775 actions over last year. For this fiscal year, 96.8 percent, or 12,542,435 actions were for \$10,000 or less. In FY 1981, actions of \$10,000 or less numbered 12,380,331 or 97.1 percent of all actions.

Of the 420,293 larger actions (those over \$10,000) in the current period, 46,678 were for intragovernmental awards. Of the remaining 373,615 actions, 45.5 percent were for new contracts or supplemental awards for additional supplies or services; the remaining 54.5 percent were delivery orders or modifications such as price redeterminations or increments; funding actions pursuant to the terms of existing contracts. Five negotiation clauses accounted for 72.8 percent of the total number of negotiated contract actions over \$10,000: (10) "Impractical to Secure Competition by Formal Advertising," 33.9 percent; (1) "National Emergency," 16.3 percent; (9) "Perishable or Non-Perishable Subsistence," 9.1 percent; (3) "Purchases Not More Than \$25,000," 7.5 percent, and (6) "Purchases Outside the United States," 6.0 percent.

AWARDS BY TYPE OF CONTRACT PRICING PROVISION

Table 16 shows the net value and percent distribution of DOD prime contract awards over \$10,000 for FY 1981 and FY 1982. Data are shown by type of contract pricing provision, according to Defense component. Table 17 provides annual data for fiscal years 1973 through 1982.

During FY 1982 awards over \$10,000 (excluding intragovernmental awards) totaled \$104,776 million, of which \$80,327 million, or 76.7 percent, was awarded under fixed-price procedures and \$23,486 million, or 22.4 percent, under cost reimbursement procedures. Other types (time and materials and labor hours) accounted for \$963 million, or 0.9 percent.

Cost-plus-fixed-fee (CPFF) contracts accounted for 9.5 percent of the total contract awards over \$10,000 in FY 1982. The use of incentive contracts (both fixed and cost-types com-

bined) increased from 20.9 percent of total contract dollars in FY 1981 to 23.3 percent in FY 1982. The use of firm fixed-price contracts increased from 47.6 percent to 50.3 percent.

The total of 373,615 contract actions over \$10,000 in FY 1982 (see Table 16) includes 170,128 original contract actions and modifications calling for additional work and 203,487 actions representing delivery orders and modifications made pursuant to the terms of existing contracts. The total number of procurement actions over \$10,000 increased during the current period by 14.5 percent compared with the total number of actions last year. Actions for new work increased by 17.0 percent, and actions representing delivery orders and modifications pursuant to the terms of the original contract increased by 12.4 percent.

DOD SMALL BUSINESS SUBCONTRACTING PROGRAM

Commitments for DOD small business subcontracting work by 1,170 reporting large contractors totaled \$35,329 million in FY 1982, which was a 4.0 percent increase from the \$33,937 million reported by 1,133 large contractors in FY 1981.

Small businesses received 37.9 percent of the total committed for subcontracting work during FY 1982, compared with 38.3 percent for FY 1981. Comparative data for FY 1973 through FY 1982 are given below.

(Amounts in Millions)

	1973	1974	1975	1976	1977	1978	1979	1980	1981	1982
1. Number of Large Contractors Reporting	765	713	701	703	737	810	832	1,023	1,133	1,170
2. Military Subcontract Commitments	\$11,094	\$12,072	\$12,734	\$11,887	\$15,038	\$17,482	\$21,245	\$25,499	\$33,937	\$35,329
a. Small Businesses	3,971	4,609	5,002	4,475	5,863	7,115	9,071	10,824	13,006	13,380

3. Percent of Total to Small Business Concerns (Line 2a ÷ Line 2)	35.8	38.2	39.3	37.6	39.0	40.7	42.7	42.4	38.3	37.9

GLOSSARY OF TERMS

Businesses. Businesses are companies, individuals, or partnerships organized for profit, including small businesses as defined below.

Civil Functions. Functions primarily associated with the Civil Works program of the Army Corps of Engineers. This program encompasses planning, programming, designing, constructing, and operating Federal water resource projects for navigation, flood control, hydroelectric power production, water supply, recreation, and related activities. Also included are cemeterial work and conservation management.

Defense Logistics Agency. The Defense Supply Agency (DSA) was established on January 1, 1962, to manage, procure, and distribute certain common supplies, activities which had previously been the responsibility of the individual military departments. The agency name was changed on January 1, 1977, to the Defense Logistics Agency (DLA).

Educational and Nonprofit Institutions. Any corporation, foundation, trust, or institution operating on a not-for-profit basis. Included are educational and scientific institutions, hospitals of a nonprofit nature, and state, local, and other non-Federal government agencies. If the work of these institutions meets the criteria of the category "Work Outside the United States" (see below), it is included in the data for that category.

Intragovernmental Order. Orders written by a military department or Defense agency purchasing office requesting that a non-Defense Federal agency furnish supplies or services from its stocks, in-house manufacturing facilities, or contracts

Location of Work. The place where an item is to be manufactured, assembled, or otherwise supplied by the prime contractor; the place where the service is to be performed; or the site of a construction project.

Military Functions. Activities normally associated with the support of the Uniformed Services.

Net Value. The net amount of debit and credit procurement actions recorded during the period.

Other Defense Agencies

American Forces Radio & Television Service
 Defense Audio Visual Agency
 Defense Commercial Communications Office
 Defense Communications Agency
 Defense Mapping Agency
 Defense Nuclear Agency
 Defense Supply Service — Washington
 National Security Agency
 Office for the Civilian Health & Medical Program of the Uniformed Services (CHAMPUS)
 Uniformed Services University of Health Services

Prime Contract Award. A legally binding agreement executed by a department or an agency of DOD to obtain supplies, services, or construction.

Procurement Action. An action involving the obligation or deobligation of funds which officially awards or changes a prime contract. This may include the award of a new prime contract, a debit or credit change to an existing prime contract, or an order written against an indefinite delivery-type contract or basic ordering agreement.

Small Businesses. A small business is defined by the Small Business Administration in the Federal Register (Title 13, Chapter I, Part 121). The definition also appears in the Defense Acquisition Regulation (1-701). Generally, a small business is one that is independently owned and operated, is not dominant in its field of operations, and with its affiliates does not employ more than a specified number of employees (usually not more than 500, 750, or 1,000, depending on the type of product called for by the contract). For construction and some service industries, the criterion is a specified annual dollar volume of sales or receipts, rather than the number of employees.

Subcontract Commitment. A legal agreement between contractors establishing the value of goods and services required to fulfill a contract. The goods or services are provided by one

contractor (called the subcontractor) to the contractor with the major or prime contract.

Subcontract Payment. A cash payment made by one contractor to another for supplies, services, or construction required by a prime contract.

United States. The 50 states and the District of Columbia, U.S. possessions, the Commonwealth of Puerto Rico, the Trust Territories of the Pacific, and other areas subject to complete U.S. sovereignty.

Work Inside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government agency with a place of performance inside the United States (see above).

Work Outside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government agency with a place of performance outside of the United States (see above).
