Operations and Reports

FOREWORD

500 Contractors Receiving the Largest Dollar Volume of Prime Contract Awards for Research, Development, Test and Evaluation (RDT&E) is published annually. This report provides information on the 500 contractors that received the largest dollar volume in Department of Defense (DOD) prime contract awards over \$25,000 for RDT&E. These data are presented in five tables showing:

1. An alphabetical listing of the top 500 companies, with rank;
2. The ranking of and net value of awards to business firms operating in the United States;
3. The ranking of and net value of awards to educational and other nonprofit institutions operating in the United States;
4. The ranking of and net value of awards to foreign contractors; and
5. The ranking of and net value of awards to U.S. Government agencies.

TABLE OF CONTENTS

Table 1. Alphabetical Listing of the Top 500 DOD Prime Contractors for Research, Development, Test, and Evaluation	5
Table 2. Net Value of DOD Prime Contract Awards Over \$25,000 for RDT&E to Business Firms	11
Table 3. Net Value of DOD Prime Contract Awards Over \$25,000 for RDT&E to Educational and Non-profit Institutions	25
Table 4. Net Value of DOD Prime Contract Awards Over \$25,000 for RDT&E to Foreign Contractors	29
Table 5. Net Value of DOD Prime Contract Awards Over \$25,000 for RDT&E to U.S. Government Agencies	31

INTRODUCTION

This report presents summary data on the 500 prime contractors receiving the largest dollar volume in Department of Defense (DOD) awards over \$25,000 for research, development, test, and evaluation (RDT&E) work during Fiscal Year (FY) 1984. RDT&E work can include research, exploratory development, advanced development, engineering development, operational systems development, or management and support services. (Full definitions for each of these categories are provided in DFARS 35.001.

Table 1 (page 5) lists the 500 contractors in alphabetical order, shows the ranking for each, and shows how each has been categorized for reporting purposes. The categories are business firm (B), foreign contractor (F), and nonprofit institution (N). Table 2 (page 11) shows the net value of awards to business firms operating in the United States, by rank. Those firms which qualify as small businesses are further identified by an "S". The net value of awards to each of the firm's individual locations is also provided. Tables 3, 4, and 5 (pages 25, 29, and 31, respectively) provide the net value of awards to educational and other nonprofit institutions operating in the United States, foreign contractors, and U.S. government agencies, respectively. (While awards to U.S. government agencies are listed separately in Table 5, these agencies are categorized as nonprofit institutions in Table 1.) As in Table 2, contractors in Tables 3 through 5 are shown by rank, along with the net value of awards to each of the contractor's individual locations.

NOTES ON COVERAGE

The dollar amounts shown here include prime contract awards over \$25,000 for RDT&E work only. Data on awards for other services, such as training, and on any supplies furnished by the contractors in support of research being done are excluded. Contract awards for civil functions have been included in these data. Civil functions encompass planning, programming, designing, constructing, and operating Federal water resource projects for navigation, flood control, hydroelectric power production, water supply, and other related activities.

The locations shown in the tables are the places where the work was to be performed. Normally, this is a facility of the concern awarded the contract. However, if the work was scheduled to be performed at a Defense facility, such as an Air Force base, the location shown is that of the Defense facility rather than the contractor.

DATA RELATING TO COMPANIES IN THIS PUBLICATION ARE SUBJECT TO THE ACCURACY OF THE DUN & BRADSTREET CORPORATION'S DATA UNIVERSAL NUMBERING SYSTEM AND ITS ABILITY TO DESCRIBE RELATIONSHIPS OF COMPANIES.

HIGHLIGHTS

The following table shows the net value and percent distribution of all RDT&E awards, RDT&E awards to the top 500 companies, and all other RDT&E awards for FY 1984.

U.S. GOVERNMENT AGENCIES	9	20,549	*	4	19,082	*	5	1,467	*
FOREIGN	76	29,747	*	2	21,658	*	74	8,089	3

The distribution of FY 1984 awards varies only slightly from that in FY 1983. In FY 1984, the top 500 contractors included 382 U.S. business firms (192 of which were small businesses); 112 educational and nonprofit institutions; 2 foreign contractors; and 4 U.S. government agencies.

In FY 1983 the top 500 consisted of 382 business firms (175 were small businesses); 110 educational and nonprofit institutions; 5 foreign contractors; and 3 U.S. government agencies.

In addition to the top 500 contractors, there were 1,533 other contractors for whom RDT&E procurement actions over \$25,000 were reported, for a total of 2,033 contractors for FY 1984. In FY 1983, the total number of contractors was 1,901. The top 500 RDT&E contractors received awards totaling \$17,958 million in FY 1984, compared to \$16,014 million in FY 1983, an increase of \$1,944 million or 12.1 percent. The \$17,958 million represents 98.3 percent of the \$18,277 million total prime contract awards over \$25,000 for RDT&E work in FY 1984.

Of the 36 contractors with RDT&E awards of \$100 million or more in FY 1984, 31 were business firms and 5 were educational and other nonprofit institutions. These 36 contractors had a total of \$13,965 million in RDT&E awards. In FY 1983, there were 32 contractors who reached the \$100 million plateau, with awards totaling \$11,370 million. Of these 32 contractors, 28 were business firms and 4 were educational and other nonprofit institutions. The amount of awards for this \$100 million group increased by \$2,595 million or 22.8 percent between FY 1983 and 1984.

The following table shows the type of RDT&E work the contractors were engaged in and the net value and percent distribution of all awards for each of these types in FY 1984. Engineering development accounted for the majority (55.6 percent) of RDT&E awards, followed by operational systems (16.0 percent).

TYPE	AWARDS (\$000)	PERCENT OF TOTAL
RDT&E - TOTAL	<u>\$18,277,017</u>	<u>100.0</u>
Engineering Development	10,154,318	55.6
Operational Systems	2,918,943	16.0
Advanced Development	2,542,299	13.9
Exploratory Development	1,245,750	6.8
Research	956,558	5.2
Management and Support	459,149	2.5

The following table shows the net value and percent distribution of all RDT&E awards by type of program. Within the RDT&E contracts, the largest volume of awards was for the research, development, test, or evaluation of missile & space systems and electronics & communications equipment. In FY 1984, a combined total of \$11.940 million or 65.3 percent of all RDT&E awards over \$25,000 was for work connected with these programs.

PROGRAM	AWARDS (\$000)	PERCENT OF TOTAL
RDT&E - TOTAL	<u>\$18,277,017</u>	<u>100.0</u>
Missile & Space Systems	7,295,659	39.9
Electronics & Communication Equipment	4,643,988	25.4
Aircraft	2,315,927	12.7
Services	2,087,834	11.4
Ships	662,247	3.6
Weapons	564,164	3.1
Ammunition	297,224	1.6
Tank-Automotive	136,544	.7
All Other	273,430	1.5
