The faculty and students at the Naval Postgraduate School participate in complementary research and educational programs. As part of the advancement of knowledge, contributions to their career fields are actively disseminated to colleagues through conference presentations and various publications. This report has been prepared in order to document such professional efforts over the last four years.

The Naval Postgraduate School wishes to acknowledge the efforts of Mr. Kevin McHugh and Ms. Theresa Nance of the Naval Postgraduate School Library for their portion of the production of this book.

Requests for NPS Technical Reports and theses cited in this volume may be made according to the directions indicated on the following page. Requests for other publications should be directed to the specific authors.
