FOREWORD

→ *Prime Contract Awards* is published semiannually by the Office of the Secretary of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (WHS/DIOR). It contains a wide range of summary data covering prime contract awards made during the reporting period as well as historical data to provide the perspective required for the analysis of Defense procurement trends.

The report is approved for public release at cost; distribution unlimited. Requests for additional copies should be addressed to the Director for Information Operations and Reports, Washington Headquarters Services, The Pentagon, Room 1C535, Washington, D.C. 20301. (When ordering, cite publication number P03.)

A-1

INTRODUCTION

PURPOSE AND SCOPE

This report presents a variety of current and historical data pertaining to Department of Defense (DOD) prime contract awards. Some data reflect fiscal years as early as 1974, providing a ten year perspective on Defense procurement.

Seven categories of data on DOD prime contracts are provided. Data are displayed by type of contractor, by procurement program, by method of procurement, and by type of contract pricing provision. Awards publicized to small businesses and awards for research, development, test, and evaluation (RDT&E) are discussed separately, as is the DOD Small Business Subcontracting Program.

NOTES ON COVERAGE

Beginning with FY 1983, the dollar threshold for reporting detailed information on procurement actions was raised from over \$10,000 to over \$25,000. While many of the enclosed tables have either column or stub headings of over \$25,000, FY 1982 and prior data figures really represent awards over \$10,000.

Amounts in this report are shown for the DOD agency that awards the prime contracts and not the department or agency that budgets for the supplies or services. In addition, data for the Army, Navy, and Air Force include prime contracts awarded on behalf of the National Aeronautics and Space Administration (NASA) and other Federal agencies, as well as for foreign countries whose Defense purchases are reimbursable. Percentages given in tables may not add due to rounding.

This report includes awards made by Other Defense Agen-

cies (ODA), which are listed in the Glossary. It does not include obligations for "in-house" work performed at military-owned-and-operated establishments such as Navy shipyards, Army arsenals, and Air Force research laboratories, except to the extent that such establishments place contracts for supplies and services with industry or other Federal agencies. The estimated dollar amounts of indefinite-quantity petroleum contracts are included in this report, but the number of individual orders written against these contracts have not been included in the totals for procurement actions.

For definitions of terms used in this publication, see the Glossary.

HIGHLIGHTS OF FISCAL YEAR 1983

DOD procurement actions during Fiscal Year (FY) 1983 totaled 140,482,972 thousands, as shown below:

Category	Amount
Intragovernmental/FMS	\$ 9,902,800
Work Outside United States	7,236,372
Educational and Nonprofit Institutions	2,247,933
Business Firms Inside United States	121,095,867
	\$140,482,972

Foreign military sales (FMS), a reimbursable portion of intragovernmental orders, totaled \$6,350 millions as follows: Army, \$2,009 million; Navy, \$1,623 million; Air Force, \$2,679 million; and Defense Logistics Agency, \$30 million; and other Defense agencies, \$9 million.

AWARDS BY TYPE OF CONTRACTOR

DOD PROCUREMENT BY TYPE OF CONTRACTOR

DOD procurement awards during FY 1983 (October 1982 through September 1983) totaled \$140,483 million. This was an increase of \$15,758 million (12.6 percent) over the \$124,725 million awarded during FY 1982. Contract awards to U.S. businesses for work inside the United States increased by \$18,633 million. Awards to educational and nonprofit institutions increased by \$264 million, while awards to or through other Government agencies decreased by \$2,852 million, and awards for work outside the United States decreased by \$286 million. See Tables 1 and 2.

PROCUREMENT TRENDS

DOD procurement has increased steadily from \$40.1 billion in FY 1974 to \$140.5 billion in FY 1983. The long-term trend in prime contract awards is shown in Table 3.

SMALL BUSINESS PERFORMANCE

Small businesses received \$22,769 million during FY 1983, an increase of \$2,626 million over the \$20,143 million for FY 1982. In terms of net value, small businesses received 18.8 percent of the prime contracts awarded to all business firms for work done in the United States during FY 1983, compared with 19.7 percent for FY 1982. See Chart II for the long term trend for awards to all business firms, and small business firms.

As shown in Chart I, 8,799,456 contract actions, or 70.6% of the total 12,462,210 actions awarded to business firms, involved small businesses.

* Less than \$500,000.

Chart II
Net Value of DOD Prime Contract Awards to Small Businesses and to All Businesses and
Percent Distribution to Small Businesses: FY 1974-1983

AWARDS PUBLICIZED TO SMALL BUSINESSES

Table 4 indicates the extent to which the small business community was notified of pending procurement actions and how successful small businesses were in competing for publicized procurements.

The types of procurement included in the category "Awards Publicized to Small Businesses" are: (1) proposed procurements which were listed in the Department of Commerce publication *Commerce Business Daily (CBD)*; (2) modifications to contracts which were listed in the *CBD*; (3) formally advertised procurements which were not published in the *CBD*; and (4) all other procurements on which small firms were specifically requested to submit proposals.

For the most part, procurements which are not publicized to small businesses relate to classified work, goods or services involving an unusual or compelling emergency, modifications

of contracts which were not listed in the *CBD*, and delivery orders under contracts which were not listed in the *CBD*.

During FY 1983, 85.9 percent of the total awards to businesses were publicized to small businesses, compared with 86.3 percent during FY 1982. Small businesses did not submit bids on 69.6 percent of these publicized procurements in FY 1983, compared with 68.5 percent in 1982. They were successful in bidding on 21.9 percent of the publicized total this year and were unsuccessful bidders on 8.4 percent. In FY 1982, small businesses bid successfully on 22.8 percent of the publicized total and unsuccessfully on 8.7 percent.

The portion of procurement synopsized during FY 1983 amounted to 78.6 percent, as compared to 78.8 percent for last year.

AWARDS BY PROCUREMENT PROGRAM

Data on the net value of prime contract awards to businesses in the United States by procurement program are shown in Table 5 for FY 1982 and FY 1983, and in Table 6 for FY 1974 through FY 1983. Table 6a provides data on awards by procurement program, according to the Defense component making the awards, for FY 1974 through FY 1983.

Total DOD procurement from U.S. businesses for work performed in the United States during FY 1983 totaled

\$121,096 million, \$18,633 million (18.2 percent) higher than last year. A comparison of FY 1982 and FY 1983 totals shows an increase in all major categories. The largest increases within the procurement programs were in: airframes and related assemblies and spares, \$4,497 million; all actions of \$25,000 and less, \$3,286 million; ships, \$3,262 million; services, \$2,508 million; and electronics and communications equipment, \$2,477 million.

AWARDS FOR RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

The net value and percent distribution of awards for research, development, test, and evaluation (RDT&E), by type of contractor, for FY 1974 through FY 1983 are shown in Table 7.

The total dollar value of RDT&E awards, excluding awards for work outside the United States and orders to other Government agencies, amounted to \$15,413 million during FY 1983 and accounted for 12.5 percent of all DOD procurement. During FY 82, the comparable dollar amount was \$14,445 million, which was 13.8 percent of the total awards.

Between FY 1974 and FY 1978, there was an annual increase in the dollar value of RDT&E awards. During FY 1979

RDT&E procurement declined to \$8,481 million but has since increased each year.

Although there has been a general upward trend in both total and RDT&E awards since FY 1975, the relative share of RDT&E procurement to total procurement has declined from 17.5 percent in FY 1976 to 11.7 percent in FY 1981 but it increased to 13.8 percent during FY 1982 and decreased to 12.5 percent in FY 1983..

Contract awards for RDT&E by procurement program are shown for FY 1974 through FY 1983 in Table 8. This table shows the percentages of RDT&E awards in each program based on the totals shown in Table 6.

AWARDS BY METHOD OF PROCUREMENT

COMPETITION IN DOD PROCUREMENT

Prime contracts awarded after solicitation and receipt of responsive offers for competitive price, design, or technical proposals totaled \$47,845 million and represented 39.8 percent of the net amount of procurement during FY 1983 (excluding intragovernmental orders and other exclusions), compared to \$42,222 million or 41.1 percent for FY 1982. Competitive methods accounted for 55.2 percent of the total number of procurement actions during this fiscal year, compared with 52.6 percent for last year. Table 9 gives the total for both competitive and noncompetitive awards for FY 1982 and FY 1983.

NON-COMPETITIVE PROCUREMENTS

During FY 1983, supplemental or follow-on contracts placed with companies which had competed successfully for the price, design, or technical phase of a project or weapon system accounted for approximately 42 percent (in terms of dollar value) of noncompetitive awards. The remaining noncompetitive solicitations were for such goods and services as: patented or other proprietary items; experimental, developmental, test, or research work; and industrial mobilization in the interest of national defense. Table 10 provides a

general indication of the types of items for which only one source was solicited and show that substantial use of competitive procedures is made even when sealed-bid (formally advertised) methods are not employed.

FORMALLY ADVERTISED AND OTHER AWARDS

Table 11 shows the dollar volume of procurements placed with small businesses and other contractors through unrestricted formal advertising and other statutory authority during FY 1982 and FY 1983. During FY 1983, 5.5 percent of total procurement was conducted through unrestricted formal advertising methods, compared to 6.7 percent last year. Table 12 shows information on these types of awards for FY 1974 through FY 1983.

In discussions relating to "competition" and "formally advertised and other awards," it should be noted that sealed-bid procedures are used not only for unrestricted formal advertising, but also for small business restricted advertising (restricted to small businesses). These procurements are conducted in the same manner as prescribed for formal advertising; however, they are classified as negotiated procurements.

If small business restricted advertising is included in the total of advertised awards, the dollar value and percentages for FY 1983 are as follows:

	(Amounts in Millions)			
	FY 1982		FY 1983	
	Amount	%	Amount	%
Total Procurement Except Intragovernmental and FMS	\$111,970	100.0	\$130,580	100.0
All Advertised Awards	12,266	11.0	12,614	9.7
Unrestricted Formal Advertising	7,488	6.7	7,120	5.5
Small Business Restricted Advertising	4,778	4.3	5,494	4.2

STATUTORY AUTHORITY

Tables 13, 14, and 15 present data on the types of procurement authority specified in Title 10, Section 2304(a) of the United States Code. The five clauses used most extensively to negotiate contracts during FY 1983 were: (10) "Impractical to Secure Competition by Formal Advertising;" (14) "Technical or Specialized Supplies Requiring Substantial Initial Investment or Extended Period of Preparation for Manufacture;" (11) "Experimental, Developmental, Test, or Research;" (1) "National Emergency;" and (16) "Purchases to Keep Facilities Available in the Interest of National Defense or Industrial Mobilization".

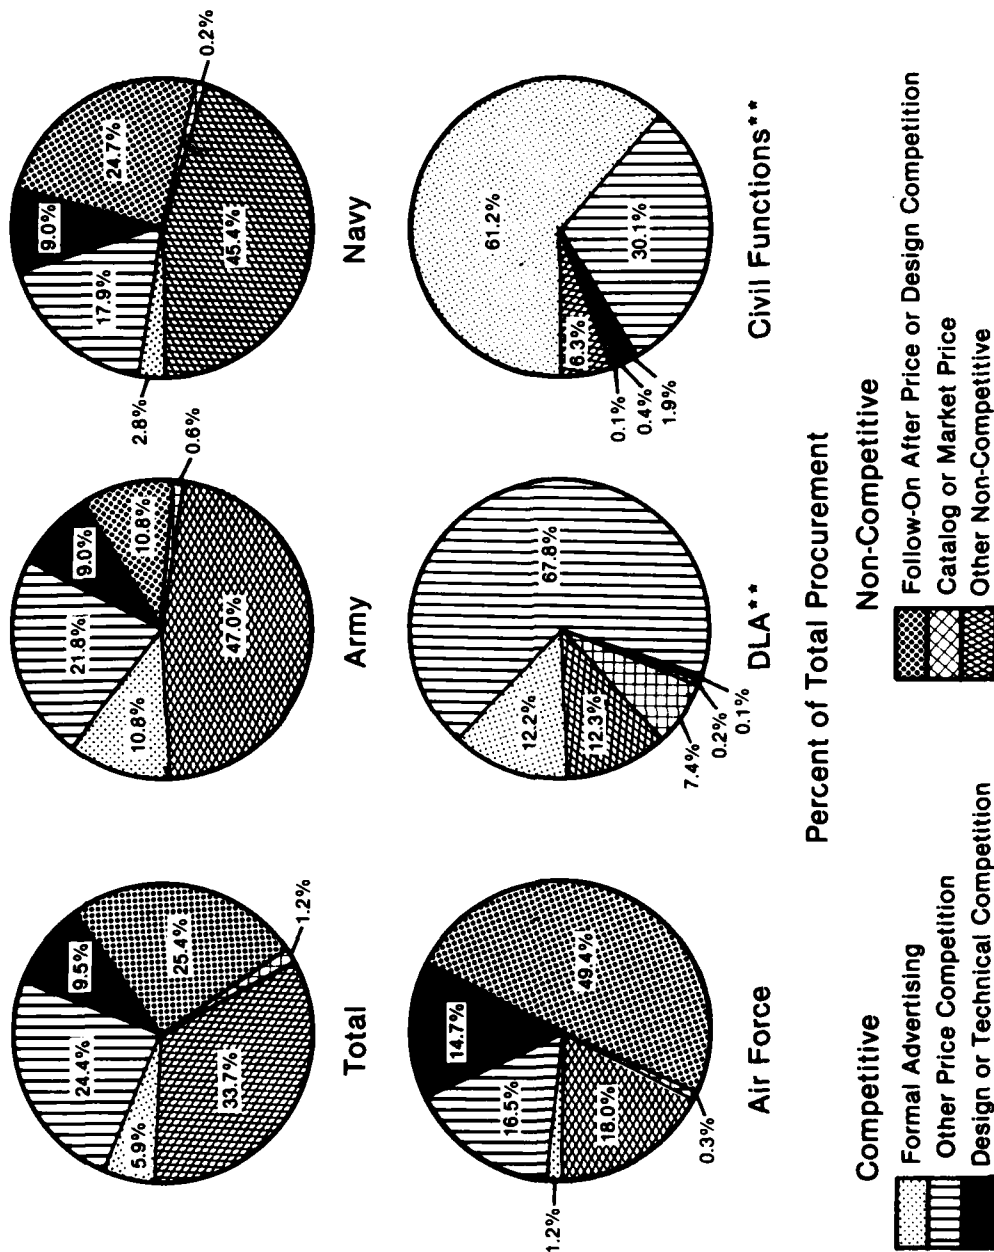

Small business and labor surplus set-asides totaled \$11,828 million this year, representing 9.1 percent of the total, compared with \$10,194 million (9.1 percent) last year.

Table 14 shows a total of 14,766,545 procurement actions for FY 1983, an increase of 1,803,817 actions over last year. Dur-

ing this fiscal year 98.4 percent, or 14,525,103 actions were for \$25,000 or less compared to 12,542,435 actions and 96.8 percent last year.

Of the 241,442 larger actions (those over \$25,000) in the current period, 23,972 were for intragovernmental awards. Of the remaining 217,470 actions, 43.5 percent were for new contracts or supplemental awards for additional supplies or services; the remaining 56.5 percent were delivery orders or modifications such as price redeterminations or incremental funding actions pursuant to the terms of existing contracts. Five negotiation clauses accounted for 76.8 percent of the total number of negotiated contract actions over \$25,000: (10) "Impractical to Secure Competition by Formal Advertising," 42.1 percent; (1) "National Emergency," 17.2 percent; (11) "Experimental, Developmental, Test, or Research," 7.2 percent; (6) "Purchases Outside the United States," 6.0 percent; and (2) "Public Exigency," 4.3 percent.

Chart IV
Percent Distribution of DOD Competitive and Non-Competitive Procurements,
According to Defense Component: FY 1983

* Intragovernmental actions and actions over \$25,000 or less are excluded.
 ** Amounts of less than 0.05 percent are not shown.

AWARDS BY TYPE OF CONTRACT PRICING PROVISION

Table 16 shows the net value and percent distribution of DOD prime contract awards over \$25,000 for FY 1982 and FY 1983. Data are shown by type of contract pricing provision, according to Defense component. Table 17 provides annual data for fiscal years 1974 through 1983.

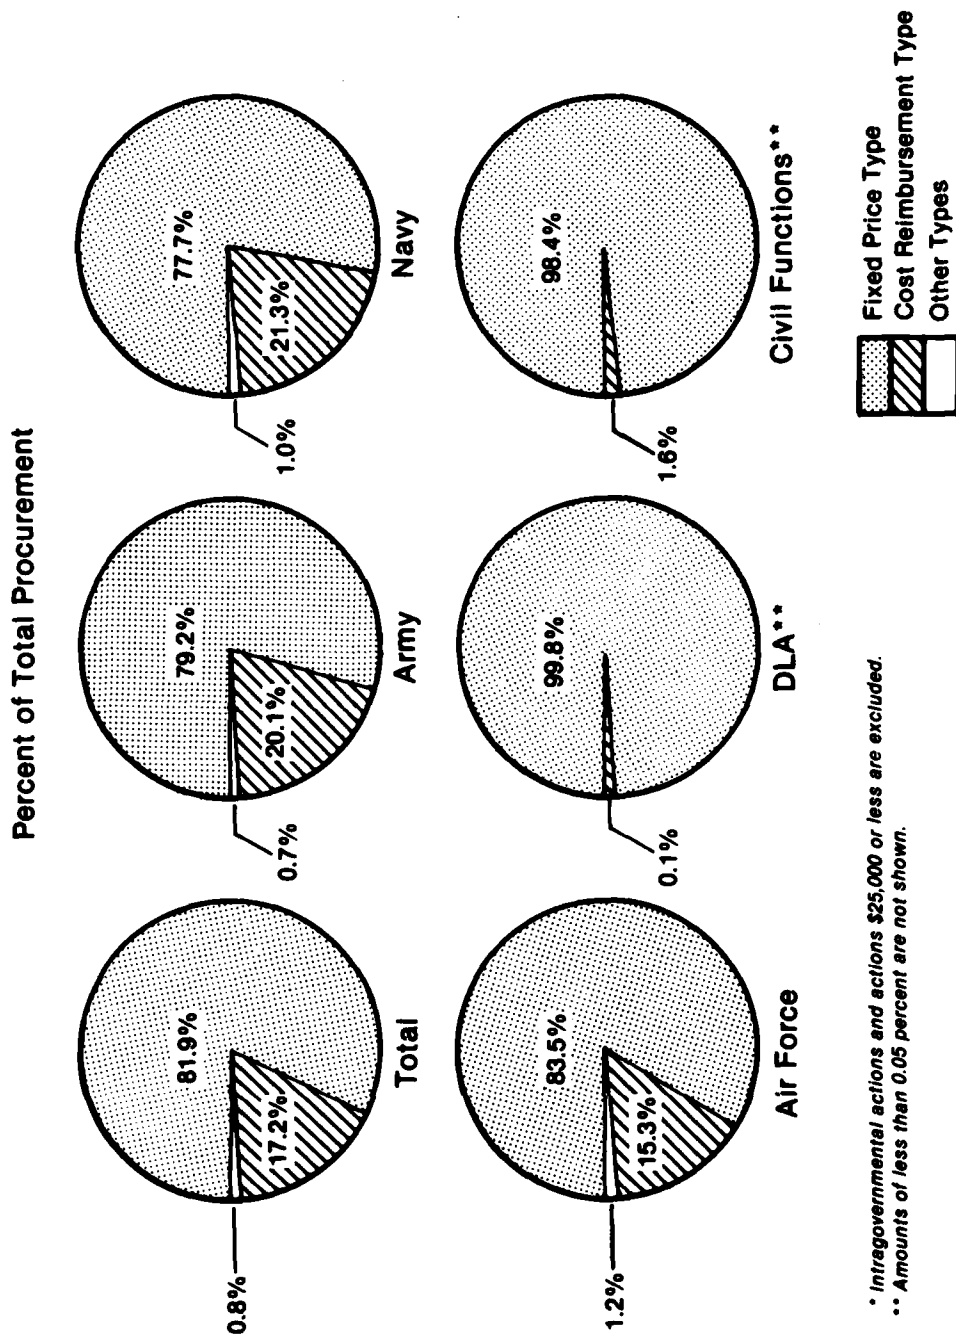

During FY 1983 awards over \$25,000 (excluding intra-governmental awards) totaled \$119,805 million, of which \$98,130 million, or 81.9 percent, was awarded under fixed-price procedures and \$20,658 million, or 17.2 percent, under cost reimbursement procedures. Other types (time and materials and labor hours) accounted for \$1,017 million, or 0.8 percent.

Cost-plus-fixed-fee (CPFF) contracts accounted for 9.4 percent of the total contract awards over \$25,000 in FY 1983.

The use of incentive contracts (both fixed and cost-types combined) increased from 23.3 percent of total contract dollars in FY 1982 to 24.9 percent in FY 1983. The use of firm fixed-price contracts decreased from 50.3 percent to 46.1 percent.

The total of 217,470 contract actions over \$25,000 for FY 1983 (see Table 16) includes 94,508 original contract actions and modifications calling for additional work and 122,962 actions representing delivery orders and modifications made pursuant to the terms of existing contracts. Actions for new work decreased by 44.4 percent, and actions representing delivery orders and modifications pursuant to the terms of the original contract decreased by 39.6 percent.

Chart V
Percent Distribution of DOD Prime Contract Awards by Contract Pricing Provision,
According to Defense Component: FY 1983

* Intragovernmental actions and actions \$25,000 or less are excluded.
 ** Amounts of less than 0.05 percent are not shown.

DOD SMALL BUSINESS SUBCONTRACTING PROGRAM

Commitments for DOD small business subcontracting work by 1,173 reporting large contractors totaled \$39,796 million in FY 1983, which was a 12.6 percent increase from the \$35,329 million reported by 1,170 large contractors in FY 1982.

Small businesses received 39.2 percent of the total committed for subcontracting work during FY 1983, compared with 37.9 percent for FY 1982. Comparative data for FY 1974 through FY 1983 are given below.

(Amounts in Millions)

	1974	1975	1976	1977	1978	1979	1980	1981	1982	1983
1. Number of Large Contractors Reporting	713	701	703	737	810	832	1,023	1,133	1,170	1,173
2. Military Subcontract Commitments	\$12,072	\$12,734	\$11,887	\$15,038	\$17,482	\$21,245	\$25,499	\$33,937	\$35,329	\$39,796
a. Small Businesses	4,609	5,002	4,475	5,863	7,115	9,071	10,824	13,006	13,380	15,598

3. Percent of Total to Small Business Concerns (Line 2a + Line 2)	38.2	39.3	37.6	39.0	40.7	42.7	42.4	38.3	37.9	39.2

GLOSSARY OF TERMS

Businesses. Businesses are companies, individuals, or partnerships organized for profit, including small businesses as defined below.

Civil Functions. Functions primarily associated with the Civil Works program of the Army Corps of Engineers. This program encompasses planning, programming, designing, constructing, and operating Federal water resource projects for navigation, flood control, hydroelectric power production, water supply, recreation, and related activities. Also included are cemeterial work and conservation management.

Defense Logistics Agency. The Defense Supply Agency (DSA) was established on January 1, 1962, to manage, procure, and distribute certain common supplies, activities which had previously been the responsibility of the individual military departments. The agency name was changed on January 1, 1977, to the Defense Logistics Agency (DLA).

Educational and Nonprofit Institutions. Any corporation, foundation, trust, or institution operating on a not-for-profit basis. Included are educational and scientific institutions, hospitals of a nonprofit nature, and state, local, and other non-Federal government agencies. If the work of these institutions meets the criteria of the category "Work Outside the United States" (see below), it is included in the data for that category.

Intragovernmental Order. Orders written by a military department or Defense agency purchasing office requesting that a non-Defense Federal agency furnish supplies or services from its stocks, in-house manufacturing facilities, or contracts.

Location of Work. The place where an item is to be manufactured, assembled, or otherwise supplied by the prime contractor; the place where the service is to be performed; or the site of a construction project.

Military Functions. Activities normally associated with the support of the Uniformed Services.

Net Value. The net amount of debit and credit procurement actions recorded during the period.

Other Defense Agencies

American Forces Radio & Television Service
 Defense Audio Visual Agency
 Defense Commercial Communications Office
 Defense Communications Agency
 Defense Mapping Agency
 Defense Nuclear Agency
 Defense Supply Service — Washington
 National Security Agency
 Office for the Civilian Health & Medical Program of the Uniformed Services (CHAMPUS)
 Uniformed Services University of Health Services

Prime Contract Award. A legally binding agreement executed by a department or an agency of DOD to obtain supplies, services, or construction.

Procurement Action. An action involving the obligation or deobligation of funds which officially awards or changes a prime contract. This may include the award of a new prime contract, a debit or credit change to an existing prime contract, or an order written against an indefinite delivery-type contract or basic ordering agreement.

Small Businesses. A small business is defined by the Small Business Administration in the Federal Register (Title 13, Chapter I, Part 121). The definition also appears in the Defense Acquisition Regulation (1-701). Generally, a small business is one that is independently owned and operated, is not dominant in its field of operations, and with its affiliates does not employ more than a specified number of employees (usually not more than 500, 750, or 1,000, depending on the type of product called for by the contract). For construction and some service industries, the criterion is a specified annual dollar volume of sales or receipts, rather than the number of employees.

Subcontract Commitment. A legal agreement between contractors establishing the value of goods and services required to fulfill a contract. The goods or services are provided by one

contractor (called the subcontractor) to the contractor with the major or prime contract.

Subcontract Payment. A cash payment made by one contractor to another for supplies, services, or construction required by a prime contract.

United States. The 50 states and the District of Columbia, U.S. possessions, the Commonwealth of Puerto Rico, the Trust Territories of the Pacific, and other areas subject to complete U.S. sovereignty.

Work Inside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government agency with a place of performance inside the United States (see above).

Work Outside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government agency with a place of performance outside of the United States (see above).
