INTRODUCTION

Purpose and Scope

This report presents a variety of current and historical data pertaining to Department of Defense (DoD) prime contract awards. Some historical tables reflect data as early as fiscal year 1978.

Seven categories of data on DoD prime contracts are provided. Data are displayed by type of contractor, by procurement program, by competition, and by type of contract pricing provision. Awards publicized to small businesses and awards for research, development, test, and evaluation (RDT&E) are discussed separately, as is the DoD Small Business Subcontracting Program.

Notes on Coverage

Beginning with FY 1983, the dollar threshold for reporting detailed information on procurement actions was raised from over \$10,000 to over \$25,000. While some of the enclosed tables have either column or stub headings of over \$25,000, FY 1982 and prior data figures really represent awards over \$10,000.

Amounts in this report are shown for the DoD agency that awards the prime contracts and not the department or agency that budgets for the supplies or services. In addition, data for the Army, Navy, and Air Force include prime contracts awarded on behalf of the National Aeronautics and Space Administration (NASA) and other Federal agencies, as well as for foreign countries whose Defense purchases are reimbursable. Percentages are derived by dividing the detail line or the subtotal line by the base line designated by 100 percent, unless otherwise noted. Column headings, footnotes, or section narrative are used to identify these exceptions. Indentation is used to provide assistance in recognizing total, subtotal, and detail line information. Percentages given in tables may not add due to rounding.

This report includes awards made by Other Defense Agencies (ODA) which are listed in the Glossary. It does not include obligations for "in-house" work performed at military-owned-and-operated establishments such as Navy shipyards, Army arsenals, and Air Force research laboratories, except to the extent that such establishments place contracts for supplies and services with industry or other Federal agencies. The estimated dollar amounts of indefinite quantity petroleum contracts are included in this report, but the number of individual orders written against these contracts have not been included in the totals for procurement actions.

For definitions of terms used in this publication, see the Glossary.

Highlights

DoD procurement actions during Fiscal Year 1987 totaled \$156,507,586 thousand, as shown below:

<u>Category</u>	<u>Amount</u>
Intragovernmental/FMS	\$ 8,808,963
Work Outside United States	8,863,365
Educational and Nonprofit Institutions	3,494,958
Business Firms Inside United States	<u>135,340,300</u>
	\$156,507,586

Foreign military sales (FMS), a reimbursable portion of intragovernmental orders, totaled \$4,958 million as follows: Army, \$899 million; Navy, \$2,159 million; Air Force, \$1,831 million; Defense Logistics Agency, \$53 million; and Other Defense Agencies, \$16 million.

AWARDS BY TYPE OF CONTRACTOR

DoD Procurement by Type of Contractor

DoD procurement awards during FY 1987 (October 1986 through September 1987) totaled \$156,508 million. This was a decrease of \$2,322 million (1.5 percent) over the \$158,829 million awarded during FY 1986. Contract awards to U.S. businesses for work inside the United States decreased by \$1,157 million. Awards to or through other Government Agencies decreased by \$1,075 million, and awards for work outside the United States decreased by \$217 million, while awards to educational and nonprofit institutions increased by \$127 million. See Tables 1 and 2.

Procurement Trends

DoD procurement has increased steadily from \$65.2 billion in FY 1978 to \$163.7 billion in 1985; however, it

decreased to \$158.8 billion in FY 1986 and has continued to decrease during FY 1987. The long-term trend in prime contract awards is shown in Table 3.

Small Business Performance

Small businesses received \$26,624 million during FY 1987, a decrease of \$290 million over the \$26,914 million for FY 1986. In terms of net value, small businesses received 19.7 percent of the prime contracts awarded to all business firms for work done in the United States during this year, which was the same percentage as during fiscal year 1986.

As shown in Chart 1, 8,886,569 contract actions, or 69.2 percent of the total 12,837,129 actions awarded to business firms, involved small businesses.

B/ Includes foreign firms for performance in U.S.
* Less than \$500,000.

Chart II

Net Value of DoD Prime Contract Awards to Small Businesses and to All Businesses
and Percent Distribution to Small Businesses: FY 1978 - 1987

AWARDS PUBLICIZED TO SMALL BUSINESSES

Table 4 indicates the extent to which the small business community was notified of pending procurement actions and how successful small businesses were in competing for publicized procurements.

The types of procurement included in the category "Awards Publicized to Small Businesses" are: (1) proposed procurements which were listed in the Department of Commerce publication *Commerce Business Daily* (CBD); (2) modifications to contracts which were listed in the CBD; (3) formally advertised procurements which were not published in the CBD; and (4) all other procurements on which small firms were specifically requested to submit proposals.

For the most part, procurements which are not publicized to small businesses relate to classified work, goods or services involving an unusual or compelling emergency.

modifications of contracts which were not listed in the CBD, and delivery orders under contracts which were not listed in the CBD.

During both fiscal years 1987 and 1986, 90.3 percent of the total awards to businesses were publicized to small businesses. Small businesses did not submit bids on 69.2 percent of these publicized procurements during FY 1987, compared with 69.0 percent during FY 1986. They were successful in bidding on 21.8 percent of the publicized total this year (the same as fiscal year 1986) and were unsuccessful bidders on 8.9 percent (9.1 percent last year).

The portion of procurement synopsized during fiscal year 1987 amounted to 81.3 percent, as compared to 81.8 percent during fiscal year 1986.

* Less than 0.05 percent.

TABLE 4 (concluded)

DoD Prime Contract Awards Publicized to Small Businesses by Method and Results of Publicizing, According to Defense Component: FY 1987 - FY 1986

(AMOUNTS IN THOUSANDS)

[illegible]

NOTE: Refer to first page of this table for footnotes.

AWARDS BY PROCUREMENT PROGRAM

Data on the net value of prime contract awards to businesses in the United States by procurement program are shown in Table 5 for FY 1987 and FY 1986, and in Table 6 for FY 1978 through FY 1987. Table 6a provides data on awards by procurement program, according to the Defense component making the awards, for FY 1978 through FY 1987.

Total DoD procurement from U.S. businesses for work performed in the United States during FY 1987, totaled \$135,340 million, \$1,157 million (0.8 percent) less than last

year. A comparison of FY 1987 and FY 1986 totals shows a slight increase in the Services and Major Hard Goods categories with a decrease of \$1,947 million in the All Other Category. The largest increases in the procurement programs were in Electronics and Communication Equipment, \$2,824 million; Ships, \$2,062 million; and Construction, \$1,263 million.

The programs with the largest decrease were Petroleum, \$4,139 million, and Airframes & Related Assemblies and Spares, \$3,259 million.

AWARDS FOR RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

The net value and percent distribution of awards for research, development, test, and evaluation (RDT&E), by type of contractor, for FY 1978 through FY 1987, are shown in Table 7.

The total dollar value of RDT&E awards, excluding awards for work outside the United States and orders to other Government agencies, amounted to \$21,516 million during FY 1987 and accounted for 15.5 percent of all DoD procurement. During fiscal year 1986, the comparable amount was \$19,566 million, which was 14.0 percent of the total awards.

Between FY 1978 and FY 1986, the relative share of RDT&E procurement to total procurement remained consistently around 13 or 14 percent, except for FY 1978 (16.0 percent) and FY 1981 (11.7 percent), and then during FY 1987 it rose to 15.5 percent.

Contract awards for RDT&E by procurement program are shown for FY 1978 through FY 1987 in Table 8. This table shows the percentage of RDT&E awards in each program based on the totals shown in Table 6.

* Less than 0.05 percent.
NOTE: Percentages are based on total dollars shown in Table 6.

AWARDS BY COMPETITION

Awards by Extent of Competed

Procurement

As shown in Table 9, total DoD awards subject to competition during fiscal years 1987 and 1986 totaled \$135,792 million and \$137,602 million, respectively. A breakout of these awards is as follows:

	FY 1987		FY 1986	
	Dollars	Percent	Dollars	Percent
Total	\$135,792	100.0%	\$137,602	100.0%
Competed 1/	81,865	60.3	78,718	57.2
Follow-on	24,031	17.7	29,690	21.6
Not Competed	29,896	22.0	29,194	21.2

Table 9 gives the total for both actions and dollars by reporting component for each of these categories.

1/ See Glossary of Terms for definition.

Table 10 displays the extent of competed procurements by each Competition in Contracting Act (CICA) solicitation procedure where applicable. Full and open competition procedures accounted for 76.5 percent of the competed post-CICA awards during FY 1987, which is the same as FY 1986. Actions of \$25,000 or less accounted for 12.7 percent (15.5 last year), and other than full and open competition 10.8 percent (8.0 percent last year).

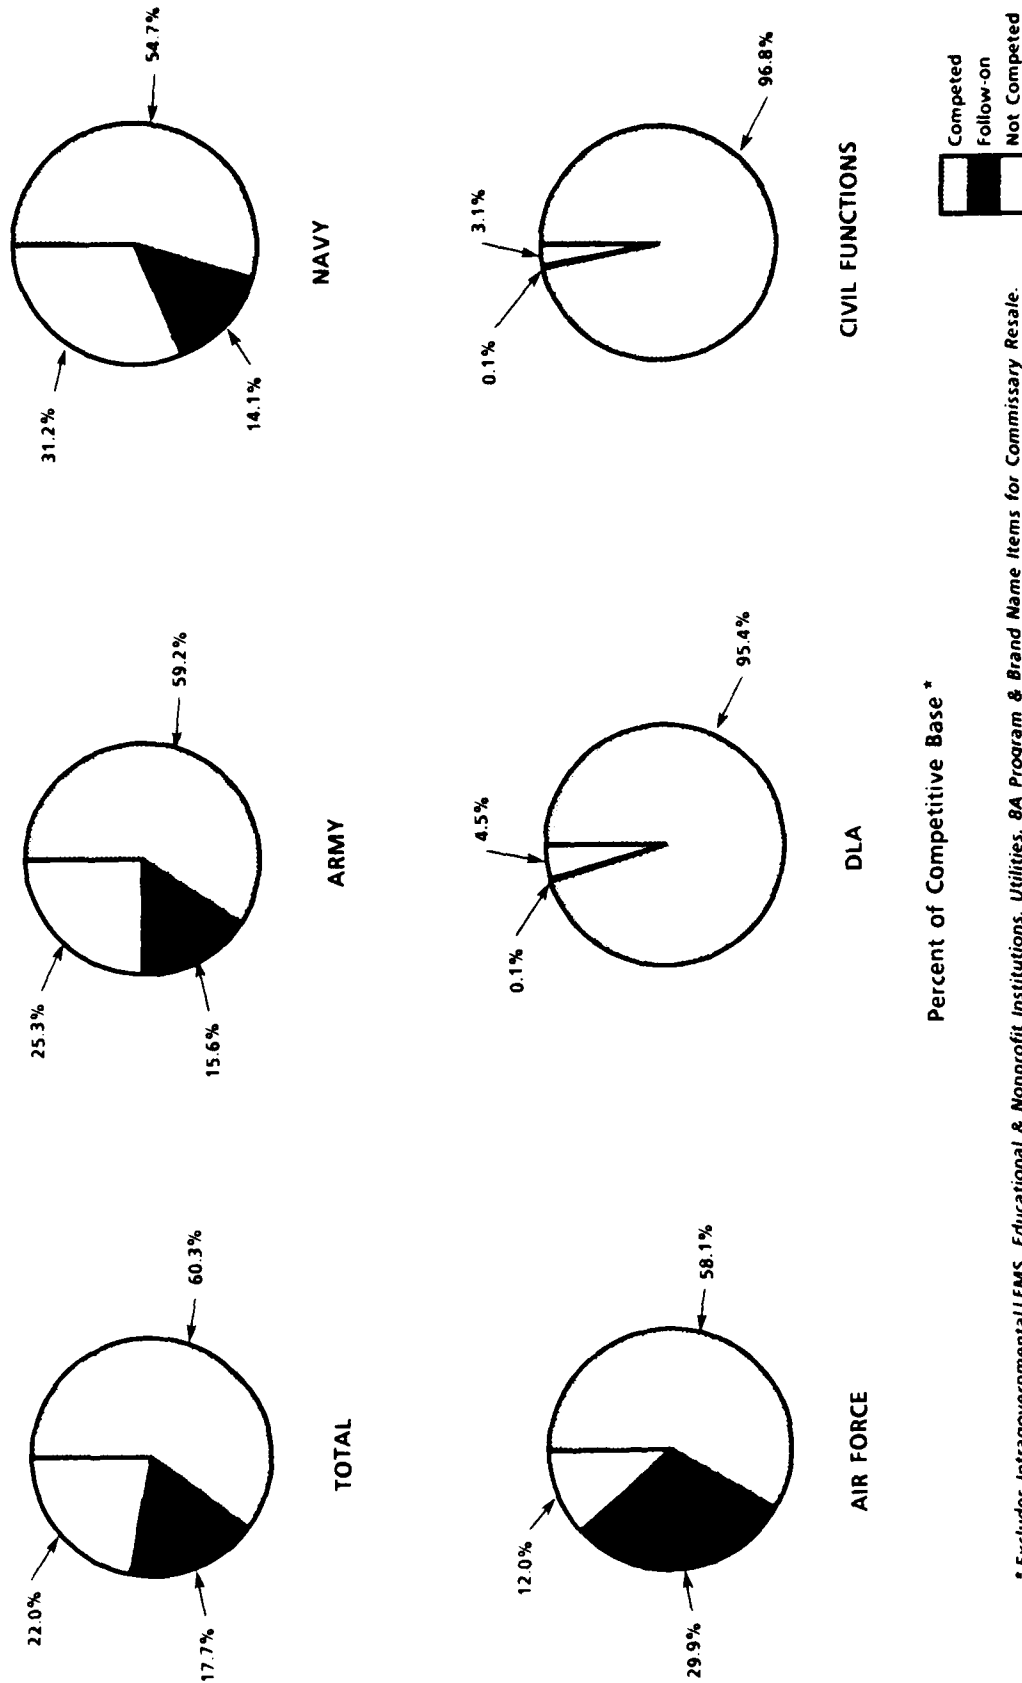

Solicitation Procedures

Tables 13 and 14 highlight the dollars and procurement actions respectively, for each of the CICA solicitation procedures used by the Department of Defense to procure supplies and services during both fiscal years 1987 and 1986. See the Federal Acquisition Regulation, Part 6 for a more descriptive definition of the solicitation procedures listed in these tables. Similar data are not collected on awards in support of the Foreign Military Sales (FMS) program and awards of \$25,000 or less.

As can be seen in Table 13, the total awards reported during FY 1987 amounted to \$156.5 billion, which was a \$2.3 billion decrease from FY 1986. Of the FY 1987 total, \$18.8 billion (12.1 percent) were for "Foreign Military Sales" and "Actions of \$25,000 or Less". Of the remaining \$137.6 billion, \$97.4 billion (62.3 percent) were pursuant to CICA procedures. The "Full & Open Competition" category accounted for \$47.4 billion or 48.6 percent of the CICA awards. The "Other Than Full & Open Competition" category accounted for \$50.1 billion or 51.4 percent. Similar data are also depicted by DoD component in this table.

Table 14 shows a total of 15,307,009 procurement actions for FY 1987, an increase of 865,446 actions over FY 1986. The major change was an increase in actions of \$25,000 and less which accounted for 98.0 percent of the procurement actions during both years. There was an increase of 33,399 post-CICA actions which are shown as an increase of 25,298 in the "Full & Open Competition" and an increase of 8,101 actions in the "Other than Full & Open Competition". Distribution by kind of contracting action is also depicted.

Chart IV
Percent Distribution of DoD Extent of Competed Procurement
According to Defense Component: FY 1987

Percent of Competitive Base *

* Excludes Intragovernmental/FMS, Educational & Nonprofit Institutions, Utilities, 8A Program & Brand Name Items for Commissary Resale.

AWARDS BY TYPE OF CONTRACT PRICING PROVISION

Table 16 shows the net value and percent distribution of DoD prime contract awards over \$25,000 for fiscal years 1987 and 1986. Data are shown by type of contract pricing provision, according to Defense component. Table 17 provides annual data for fiscal years 1978 through 1987.

During FY 1987, awards over \$25,000 (excluding intragovernmental awards) totaled \$135,459 million, of which \$108,133 million or 79.8 percent was awarded under fixed price procedures and \$25,090 million or 18.5 percent, under cost reimbursement procedures. Other types (time and materials and labor hours) accounted for \$2,235 million, or 1.7 percent.

Cost-plus-fixed fee (CPFF) contracts accounted for 9.6 percent of the total contract awards over \$25,000 during FY 1987. The use of incentive contracts (both fixed price and

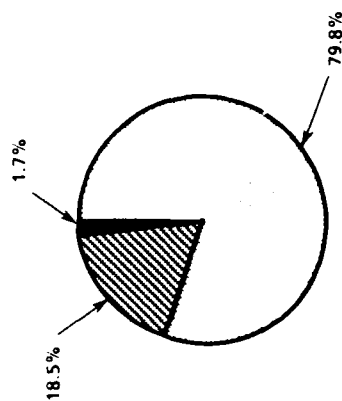

cost-types combined) decreased from 19.8 percent of total contract dollars in FY 1986 to 17.8 percent in FY 1987. The use of firm fixed-price contracts increased from 53.7 percent to 58.1 percent.

The total of 236,276 contract actions over \$25,000 for FY 1987 (see Table 16) includes 105,786 original contract actions and modifications calling for additional work and 130,490 actions representing delivery orders and modifications made pursuant to the terms of existing contracts. Actions for new work decreased by 4.3 percent and actions representing delivery orders and modifications pursuant to the terms of the original contract increased by 1.8 percent.

DOD SMALL BUSINESS SUBCONTRACTING PROGRAM

Commitments for DoD small business subcontracting work by 1,469 reporting large contractors totaled \$53,116 million in FY 1987, which was a 0.4 percent increase from the \$52,898 million reported by 1,353 large contractors in FY 1986.

Small businesses received 40.6 percent of the total committed for subcontracting work during FY 1987, compared with 38.5 percent for FY 1986. Comparative data for FY 1978 through FY 1987 are given below.

(Amounts in Millions)

GLOSSARY OF TERMS

Businesses. Businesses are companies, individuals, or partnerships organized for profit, including small businesses as defined below.

Civil Functions. Functions primarily associated with the Civil Works program of the Army Corps of Engineers. This program encompasses planning, programming, designing, constructing, and operating Federal Water resource projects for navigation, flood control, hydroelectric power production, water supply, recreation, and related activities. Also included are cemetery work and conservation management.

Competed Procurement.

For solicitations issued prior to the Competition in Contracting Act (CICA):

Price Competition - Two or more bids or offers were received under formal advertising or negotiated methods of procurement, and award was made to the lowest responsive and responsible bidder or offeror.

Technical & Design Competition - Two or more offers were received, and award was made to the offeror with the best overall technical and design proposal. Cost is one of the factors in the evaluation. Sources for most major weapon systems resulted from initial competition in the design and development stage.

For solicitations issued subsequent to the Competition in Contracting Act:

Awards where solicitations were issued pursuant to full and open competition procedures or awards where two or more offers were received following solicitation pursuant to other than full and open competition procedures, and award was made to the lowest responsive and responsive offeror.

Defense Logistics Agency. The Defense Supply Agency (DSA) was established on January 1, 1962, to manage, procure, and distribute certain common supplies, activities which had previously been the responsibility of the individual military departments. The agency name was changed on January 1, 1977, to the Defense Logistics Agency (DLA).

Educational and Nonprofit Institutions. Any corporation, foundation, trust, or institution operating on a not-for-profit basis. Included are educational and scientific institutions, hospitals of a nonprofit nature, and state, local, and other non-Federal government agencies. If the work of these institutions meets the criteria of the category "Work Outside the United States" (see below), it is included in the data for that category.

Intragovernmental Order. Orders written by a military department or Defense agency purchasing office requesting that a non-Defense Federal agency furnish supplies or services from its stocks, in-house manufacturing facilities, or contracts.

Location of Work. The place where an item is to be manufactured, assembled, or otherwise supplied by the prime contractor; the place where the service is to be performed; or the site of a construction project.

Military Functions. Activities normally associated with the support of the Uniformed Services.

Net Value. The net amount of debit and credit procurement actions recorded during the period.

Other Defense Agencies

Armed Forces Radio & Television Service
Defense Advanced Research Projects
Agency
Defense Commercial Communications Office
Defense Communications Agency
Defense Mapping Agency
Defense Nuclear Agency
Defense Supply Service - Washington
National Security Agency
Office for the Civilian Health & Medical
Program of the Uniformed Services
(CHAMPUS)
Strategic Defense Initiative Organization
Uniformed Services University of
Health Sciences

Prime Contract Award. A legally binding agreement executed by a department of an agency of DoD to obtain supplies, services, or construction.

Procurement Action. An action involving the obligation or deobligation of funds which officially awards or changes a prime contract. This may include the award of a new prime contract, a debit or credit change to an existing prime contract, or an order written against an indefinite delivery-type contract or basic ordering agreement.

Small Businesses. A small business is defined by the Small Business Administration in the Federal Register (Title 13, Chapter 1, Part 121). The definition also appears in the Federal Acquisition Regulation (19.101). Generally, a small business is one that is independently owned and operated, is

not dominant in its field of operations, and with its affiliates does not employ more than a specified number of employees (usually not more than 500, 750, or 1,000, depending on the type of product called for by the contract). For construction and some service industries, the criterion is a specified annual dollar volume of sales or receipts, rather than the number of employees.

Subcontract Commitment. A legal agreement between contractors establishing the value of goods and services required to fulfill a contract. The goods or services are provided by one contractor (called the subcontractor) to the contractor with the major or prime contract.

Subcontract Payment. A cash payment made by one contractor to another for supplies, services, or construction required by a prime contract.

United States. The 50 states and the District of Columbia, U.S. possessions, the Commonwealth of Puerto Rico, the Trust Territories of the Pacific, and other areas subject to complete U.S. sovereignty.

Work Inside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government agency with a place of performance inside the United States (see above).

Work Outside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government agency with a place of performance outside of the United States (see above).
