		See attached.	
19. ABSTRACT (Continue on reverse if necessary and identify by block number)			
<p>The period of performance was from 17 January 1983 through 31 October 1987. Work was performed in several areas of importance for the Marine Corps Combat Readiness Evaluation System (MCCRES) and for general concerns for system performance measurements. The references list all publications and technical reports for the contract. <i>Reliability, Training Readiness</i></p>
