Budget Activity: 8 - Training, Medical and Other General Personnel Activities

I. Description of Operations Financed

This Budget Activity incorporates three personnel oriented programs: (1) Training, (2) Health Care and (3) General Personnel Support from recruitment to retirement. In addition, base operations costs to support these programs are included.

The principal effort of Training and Education is to maintain a trained force of personnel able to man and support our active fleet of ships, aircraft and installed complex weapons systems. In recent years, the complexity of our weapons systems has increased dramatically necessitating a proportionate increase in required training. It is an integral part of every sailor's career beginning with recruit training and continuing with the specialized training necessary to provide the unique skills required of a chosen speciality. Unless updated through continuing training, skills quickly become obsolescent in the face of our rapidly improving technology and changing fleet needs. Education is provided where considered necessary to enable our managers to remain current in their respective professional areas and to ensure their leadership and managerial abilities.

Health care is administered to all active duty personnel and, where facility and staff capacity permit, care is provided to retired and dependent personnel. The need for care of retired and dependent personnel, while not directly related to combat readiness, impacts significantly on the mental attitudes of our active personnel as their perception of our care of their dependents and former Navy comrades can have a positive or negative motivational effect. Additionally, funding responsibility for Navy beneficiaries CHAMPUS costs has been transferred to the Navy.

General personnel support includes the numerous functions necessary to the maintenance of well ordered combat and support forces. Recruit advertising, recruiting, career counseling, morale, welfare, and recreation, human resource management, off-duty and voluntary education, civilian education and the Navy Junior Reserve Officers Training Corps are included in this category.

Budget Activity: 8 - Training, Medical and Other General Personnel Activities

Base operations support includes such costs as maintenance and repair of real property, operation of utilities, engineering support, administration, base communications and other base services. This budget activity contains programs necessary to ensure the healthy, well trained and highly motivated personnel required for the successful pursuit of naval warfare.

We have allocated the large budget reductions in FY 1988 in this area recognizing that these programs are necessary, but that some must be deferred in order to fund must pay bills and direct readiness costs. In execution, it may be necessary to restructure these programs if the reductions are unexecutable, and this restructure may require that funds be reprogrammed.

All available audit savings have been incorporated into the following budget estimates.

12. FY 1989 Amended Estimate

Department of the Navy
Operation & Maintenance, Navy

Activity Group: Recruit Training

Budget Activity: VIII Training, Medical, and Other Personnel Activities

I. Description of Operations Financed.

Recruit Training indoctrinates recruits in basic military principles and basic naval skills, and provides a realistic understanding of fleet environment and shipboard life.

Operations are conducted at the Navy Recruit Training Commands located at Great Lakes, IL, San Diego, CA, and Orlando, FL. The Recruit Training Program accomplishes its purpose through integration of an individual into a structured environment that stresses order and discipline, teamwork, responsive behavior, loyalty, and pride in service. Resources support costs associated with administrative staff salaries and travel, classroom supplies, and other training and equipment.

The Recruit Training syllabus is structured to provide the required training to meet the program's objective in a minimum of time, a 7.7 week period.

The request includes funds for the Academic Remedial Training (ART) program. The program provides basic skill training in order to increase the number of successful recruit graduates. The curriculum is 5 weeks long - with 4 weeks of individualized language arts training and 1 week of study skills. To a large extent, the curriculum is based upon commercially available basic skill training materials.

Department of the Navy
Operation & Maintenance, Navy

Activity Group: Specialized Skill Training
Budget Activity: VIII Training, Medical, and Other Personnel Activities

I. Description of Operations Financed.

Specialized skill training resources are used to maintain a trained force of personnel able to man and support surface, sub-surface, and aviation operating forces and their installed complex weapons systems. Navy specialized skill training is conducted at schools located at Naval Training Center, Great Lakes, IL; San Diego, CA; Orlando, FL; Newport, RI; and at the Naval Technical Training Center, Corry Field, Pensacola, FL; Treasure Island, San Francisco, CA; These activities are under the command of the Chief of Naval Technical Training, Millington, TN. Specialized training is conducted at other schools managed by Commander, Training Command Atlantic (CONTRALANT) and Pacific (CONTRAPAC). In addition, specialized training is obtained by contractual services.

Funding for the Specialized Skill Training Program finances the cost of civilian labor, travel, supplies and materials consumed in conducting training courses, contractor training, and general administrative expenses. Funding is also provided for contracting out instructor effort to augment military instructors to support training loads, and funds are provided for contractor maintenance in support of training programs.

In addition, Specialized Skill Training funds the Job-Oriented Basic Skill (JOBS program). JOBS was developed to provide career field basic skills and knowledge to assist marginal and sub-qualified service members to successfully complete "A" schools.

Specialized Skill Training is also conducted at the Naval Justice School which acts as the primary educational institution for instruction of legal matters relating to the Naval Service. The school conducts training in: military criminal law; military evidence; military justice procedures; international law; legal administration; legal clerkship; open and closed microphone reporting; and management and budget.

Activity Group: Specialized Skill Training (cont'd)

The subactivity groups for Specialized Skill Training are:

Initial General - provides enlisted personnel with basic technical knowledge and skills required for job entry level performance and further specialized training, and provides post-commissioning formal training for officers.

Initial Apprentice - provides "hands-on" enlisted training prior to fleet assignments.

General Progression - provides senior enlisted training to broaden knowledge and prepare for supervisory duties, and provides advanced officer training.

General Functional - provides team training of short duration to fleet personnel.

Initial Intelligence - provides basic technical knowledge and skills for entry level intelligence jobs.

Intelligence Progression - provides advanced skills for specialized jobs in intelligence.

Intelligence Functional - provides training aimed at a particular environment or type of intelligence equipment.

Initial Cryptic - provides formal training toward ratings in the crypto field.

Cryptic Progression - provides advanced knowledge and skills in the crypto field.

Nuclear Power Operator Training - provides training in nuclear power operations and maintenance at three land based prototypes.

Officer Indoctrination - indoctrination training for warrant officers, limited duty officers and direct commission officers.

Activity Group: Specialized Skill Training (con't)

Department of the Navy
Operation & Maintenance, Navy

Activity Group: Officer Acquisition
Budget Activity: VIII Training, Medical, and Other Personnel Activities

I. Description of Operations Financed.

Officer Acquisition programs support operations of the U. S. Naval Academy and provide orientation and indoctrination for officer candidates, preparatory training for selection for an officer accession program, refresher training for personnel selected for entrance to the U.S. Naval Academy and academic study at higher education institutions for baccalaureate degrees. Those programs included with this activity group which require O&M fund support are:

1. The United States Naval Academy is an accredited four year undergraduate level educational institution which awards baccalaureate degrees in eighteen major programs. There is also a technically oriented "core curriculum" which every midshipmen takes regardless of major.

In providing academic, professional, and physical instructions, the Naval Academy maintains programs, facilities, support organizations, and staff which constitute all essential ingredients to meet its unique mission of preparing midshipmen to be professional officers in the naval service. These elements are:

- a. Berthing and messing of midshipmen.
 - b. Initial acquisition of midshipmen.
 - c. The academic program.
 - d. The academic faculty and staff.
 - e. Professional training operations (summer cruise, physical education, and midshipmen training/counseling operations).
 - f. Instructional resources and facilities (library operations, instructional facilities, educational resources center operations, and academic computing center operations).
2. The Officer Candidate School (OCS) provides naval orientation and officer indoctrination to college graduates for commissioning as Reserve Officers for duty with the active forces. It is a short range officer acquisition program responsive to current requirements.

Activity Group: Officer Acquisition (cont'd)

3. The Broadened Opportunity for Officer Selection and Training (BOOST) program is part of the Navy Affirmative Action Plan. It prepares selected young men and women from culturally or educationally disadvantaged and racial/ethnic minority groups who have shown a potential for service as officers to successfully compete for a Naval Reserve Officer Training Corps (NROTC) scholarship or entrance to the Naval Academy.
4. Naval Academy Preparatory School (NAPS) - Selected enlisted personnel are provided a course of instruction to qualify for admission to the Naval Academy. It offers upward mobility for enlisted members of the active and reserve components of the Navy and Marine Corps seeking commissions as officers through attendance and graduation from the Naval Academy.
5. The Officer Candidate Preparatory School (OCPS) was developed to increase minority officer accessions by preparing minority candidates for Officer Candidate School (OCS).
6. Merchant Marine Reserve (MMR) - Under the "Maritime Education and Training Act of 1980", Departments of Naval Science have been established at the United States Merchant Marine Academy, and the several State Maritime Academies, to provide eligible students a course of instruction in Naval Science leading to commissions in the Naval Reserve.

The funds for the Officer Candidate School (OCS), Departments of Naval Science (DNS), Officer Candidate Preparatory School (OCPS), Broadened Opportunity for Officer Selection and Training (BOOST), and Naval Academy Preparatory School (NAPS) support the instructor and student manpower and the operating expenses to administer the courses of instruction. Training for the Officer Candidate School and Naval Academy Preparatory School is conducted aboard Naval Education and Training Center, Newport, RI, and at Service School Command, San Diego, CA for the Broadened Opportunity for Officer Selection and Training. Included within this activity group are various programs which require no O&M fund support. The Enlisted Commissioning Program and the Enlisted Education Advancement Program are assigned to CNET and the associated military manpower has been reflected herein. The Civil Engineer Corps Collegiate Commissioning Program and the Nuclear Propulsion Officer Candidate Program resources are programmed to Chief of Naval Education and Training although management responsibility resides with Commander, Navy Recruiting Command. These programs are:

1. Civil Engineer Corps Collegiate Commissioning Program (CEC) - The Civil Engineer Collegiate Program is open to male and female undergraduate engineering or architecture students within one year of graduation. Candidates accepted for the program are enlisted into the Naval Reserve, receiving E-3 pay and allowances. Upon receipt of the baccalaureate degree in engineering or architecture, candidates are commissioned Ensign, USNR, and designator 5105.

Activity Group: Officer Acquisition (cont'd)

2. Enlisted Commissioning Program (ECP) - The Enlisted Commissioning Program (ECP) is an undergraduate education program for outstanding Navy enlisted personnel on active duty with previous college credit. The program provides a full-time opportunity to complete requirements for a baccalaureate degree at one of 12 Naval Reserve Officer Training Corps (NROTC) host universities and earn a Regular commission in the Unrestricted Line. Participants receive full pay and allowances, but must defray all costs for tuition, fees, books, and other expenses. Participants are expected to complete degree requirements in not more than 30 calendar months for non-technical degrees and not more than 36 calendar months for technical degrees.

3. Enlisted Education Advancement Program (EEAP) - The Enlisted Education Advancement Program (EEAP) provides an opportunity to highly qualified and motivated career-enlisted personnel to complete requirements for an associate degree within 24 months. This program is designed to enhance the enlisted person's ability in his/her special skill or rating and to develop general supervisory and managerial skills. This program provides a full-time college program in a selected junior community college. Participants receive full pay and allowances, but must defray all costs for tuition, fees, books and other expenses.

4. Nuclear Propulsion Officer Candidate Program (NUPOC) - The Nuclear Propulsion Officer Candidate Program (NUPOC) provides recruited college students, who enlist on active duty, an opportunity to complete a technical curriculum leading to a commission as a submarine officer. This program provides critically needed technical-oriented accessions to the nuclear submarine community, and augments regular commissioning sources (i.e., U.S. Naval Academy (USNA), NROTC) in attaining nuclear submarine officer requirements.

Department of the Navy
Operation & Maintenance, Navy

Activity Group: Professional Development Education
Budget Activity: VIII Training, Medical, and Other Personnel Activities

I. Description of Operations Financed.

This program support professional education necessary to provide training and education for career officer personnel to prepare them for more demanding assignments, particularly for higher command staff positions, as they progress in their military careers. It is concerned with the broad professional goals in such subjects as military science, engineering, and management.

With relatively few exceptions, the type of expenses incurred and operations of Service Schools financed are similar in nature. The Naval Postgraduate School is organized along a matrix plan of both academic departments and civilian members. The Faculty, however, is primarily civilian with many holding scholarly positions in their respective technical societies.

At the Armed Forces Staff College, the Navy is responsible for providing logistic support and the Commandant is responsible directly to the Joint Chiefs of Staff. He receives advice and assistance from a representative of each of the military services and the Department of State. Equal representation of each military service is maintained throughout in key positions normally rotated among the services. The faculty consists of all military personnel.

The Senior Enlisted Academy provides professional military training to senior enlisted personnel (pay grades E-8 and E-9) from all ratings and warfare communities to better fulfill their leadership and management responsibilities. The Academy is open to qualified members of other U. S. military services. The faculty consists of all military personnel.

The North Atlantic Treaty Organization Defense College is a Joint North Atlantic Treaty Organization effort staffed by the various military services of the participating countries. Funding in this program package supports the administrative costs of the U.S. Navy element and travel of assigned U.S. students.

Funding for Officer Short Courses provides payment for tuition, fees and books, and also supports travel, and per diem related to travel, required by curriculum. This program further covers reimbursement to foreign countries for students attending War Colleges of those countries requiring tuition payments for such attendance. Tuition, fees, and books for various courses in U.S. institutions, course development and travel associated with Chaplain's training is also included.

O&M,N

Activity Group: Professional Development Education (cont'd)

I. Description of Operations Financed (cont'd)

The Naval War College is organized into several distinct colleges and centers. The College of Naval Warfare is the Navy's senior service college, whose students are Commanders and Captains and equivalent grades from other services and agencies; the College of Naval Command and Staff is the intermediate service college attended by Lieutenant Commanders and equivalent; the Center for War Gaming conducts war games in support of various courses of the school as well as for Naval Operations and the Fleets. Other centers and colleges offer correspondence programs, conduct advance strategic and tactical research, and provide resident education for senior and intermediate international naval officers that is similar to the work of their U. S. counterparts. The faculty of the Naval War College is composed of civilian and military teachers. Most have advanced degrees in their areas of specialization. The faculty is not assigned to any particular college or center, but teaches all resident students on a rotational trimester system. It is organized in three academic departments: Strategy, Defense Economics and Decision Making, and Naval Operations.

Department of the Navy
Operation & Maintenance, Navy

Activity Group: Naval Reserve Officer Training Corps
Budget Activity: VIII Training, Medical, and Other Personnel Activities

I. Description of Operations Financed.

The Navy Reserve Officer Training Corps (NROTC) produces unrestricted line Navy and Marine Officers. Training is conducted at civilian colleges and universities providing instruction to highly qualified baccalaureate degree students and results in commission in the Navy, the Navy Reserve, the Marine Corps, and the Marine Corps Reserve. NROTC is comprised of Scholarship and College programs conducted at selected colleges and universities. The Scholarship Program is a long-range career officer accession program for the Regular Navy and Marine Corps. The College Program provides Naval Reserve and Marine Corps Reserve Officers for active duty. Selectees enter either the two-year or four-year program as a College or Scholarship Program student and must attain a baccalaureate degree prior to commissioning. The funds requested represent the cost of educational subsidies for Scholarship Program students and administrative expenses for the units. The number of scholarships has been decreased.

Educational subsidies consist of payments for tuition, fees, and books for college courses required for a baccalaureate degree taken by scholarship or college program students. The administrative expenses include unit operating costs, purchasing of Naval Science course textbooks, course references and training aids, and the costs associated with operating several summer training sites.

Operation & Maintenance, Navy

Activity Group: Flight Training
Budget Activity: VIII Training, Medical, and Other Personnel Activities

I. Description of Operations Financed.

Flight Operations costs include fuel consumed, cost of flight gear issued, organizational and intermediate level aircraft maintenance, aviation depot level repairables, and contractor services for maintenance of certain training aircraft (T34C, TH57A, T2C, T47A, T44A, and T44J). These factors are accumulated for each type, model and series of aircraft and converted to a cost rate per flight hour. The cost per hour is then multiplied by the number of flight hours required to produce the pilot and Naval Flight Officer (NFO) training rates prescribed by the Chief of Naval Operations. There are 493,813 direct flying hours required in FY 1989, generating a direct dollar requirement of \$242,233. Included therein are 6,235 flight hours and \$2,389,000 for other than undergraduate pilot and Naval Flight Officer training programs.

Other funds of \$52,790 are for academic training and flight support. Funds for academic training finance the operation of the Naval Aviation Schools Command, including civilian salaries. Funds for flight support cover contractor services for maintenance of training simulators, contract flight instructors, squadron support costs, aircraft refueling/defueling operations, intermediate maintenance departments, aircraft operations departments, and training departments of the Naval Air Stations, including civilian salaries. Beginning in FY 1989 the aircraft intermediate maintenance departments will be converted to contract maintenance replacing Navy enlisted personnel.

The remaining funds of \$711,000 are for operation of the Naval Aircrew Candidate School and the Rescue Swimmers School located at Naval Aviation Schools Command, including initial issue of flight gear.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Training Carrier Operations
Budget Activity: VIII Training, Medical and Other General Personnel Activities

I. Description of Operations Financed Mission of the USS LEXINGTON (AVT-16) is to provide a landing platform for pilot qualifications in carrier landings. This carrier qualification process includes the initial training of undergraduate students (45%); maintenance of carrier landing proficiency by reserve pilots (10%); and the maintenance of carrier landing proficiency by fleet pilots (45%) flying those models compatible to AVTs catapult/arresting gear systems. In a contingency role, the USS LEXINGTON can serve in a humanitarian role--hospital, evacuations, disasters and operationally can be used as an LPH. Historical CARQUAL landings per day for the USS LEXINGTON are 220, with the fleet average being 150. Also, because of its specialized mission, the crew is more familiar with the degree of student skills in the carrier landing phase of training, thereby providing the potential for a greater margin of safety in this evolution. Funds required represent the cost of ship fuel/utilities, supplies and equipage, TAD and AVCAL. The USS LEXINGTON is homeported in Pensacola, FL and operates almost entirely in the Gulf of Mexico.

1. Supplies and Equipage (S&E). This subelement provides essential material and services required in the operation and maintenance of the ship. The following categories of S&E are included in this program package:

- a. Repair parts. This category of expenditures is required to accomplish preventive and corrective maintenance on shipboard equipment at the organizational level including depot level repairables.
- b. Facilities maintenance related material. This category is associated with maintaining, preserving and cleaning the ship's hull and spaces and includes the cost of cleaning supplies, light bulbs, paint, tile, life lines, ladder treads, etc.
- c. Engineering consumables. These are costs associated with providing the consumable supplies necessary to operate the engineering plant on a day-to-day basis and includes lubricants, chemicals, lube oil, boiler compound, bilge cleaner, etc.
- d. Phased replacement items. This category of costs covers a wide variety of shipboard material requiring replacement on a relatively routine and predictable basis. Included in this category are such end items as bedding, mess gear, hand tools, mooring lines, fire hoses, underway replenishment gear, vehicle lashing gear, and other similar nondurable or semi-durable items.

e. Equipage. This category of non-durable costs also covers a wide variety of shipboard material; however, O&MN funded equipage is more durable and usually of higher unit cost (but less than \$5,000) than material in the phased replacement category. Equipage includes damage control pumps and blowers, labor-saving devices, such as power tools, office machines, duplicators and other items like movie projectors, test equipment, galley equipment, and general purpose electronic test equipment.

f. Administrative costs. The cost of paper, administrative supplies and maintenance services on items such as typewriters, duplicator and communication equipment are included in this cost category.

g. Ship's force material. This is the cost of material, including repair parts and maintenance related consumables required by ship's force personnel to accomplish selected, essential jobs within their capacity during shipyard overhaul or extended restricted availabilities.

h. Medical and dental. Material required for ship's medical and dental services.

2. Fleet TAD. Fleet TAD funds travel and transportation costs in support of operational, training and administrative responsibilities. Such costs include transportation via commercial and Military Air Command (MAC) aircraft, private and commercial vehicles such as taxis and rental cars and per diem costs which are in accordance with Joint Travel Regulations and Navy Travel Instruction guidance on enlisted/officer support and geographic rate differentials. Costs incurred support conferences, briefings, hospitalization, emergency leave, and training.

3. AVCAL. A substantial quantity of fuel and aviation lube oil must be on board the carrier to support flight operations. During an operation, fuel may become contaminated beyond use or fuel may be lost during transfer operations. The replacement of these lost quantities is essential to operations. In addition, fuel and lube oil is removed during Depot Maintenance Availabilities. These products must be replaced prior to exiting the shipyard. LEXINGTON is the only ship dependent on AVCAL dollars to buy fuel, all other ships were stock funded in FY82 under the AV-207 program.

4. Ship fuel/utilities. In general, activity within this program requires the USS LEXINGTON to maintain an average quarterly optempo of 30 days underway in order to provide sufficient training carrier deck availability for CARQUAL landings. This cost element covers ship propulsion fuel in support of underway time, plus homeport costs at Pensacola, FL for utilities (electricity, steam, sewage, feed water).

Activity Group: Training Carrier Operations (cont'd)

Activity Group: Other Training Support

Budget Activity: VIII - Training, Medical, and Other Personnel Activities

I. Description of Operations Financed

Other Training Support encompasses several programs which provide Navy-wide support for requirements of technical training activities and Command Headquarters. Programs description of operations financed follows:

A. Command and Administration. Supports headquarters personnel and associated operating cost for the Chief of Naval Education and Training (CNET) at Pensacola, FL, and two functional headquarters commands: The Chief of Naval Air Training (CNATRA), Corpus Christi, TX, and The Chief of Naval Technical Training (CNTECHTRA), at Memphis, TN.

B. Initial (Factory) Training. Provides operating resources for training or instruction of a system, equipment, device, or training aid conducted at the contractors site or government facility. Initial (factory) training may be initial training of a cadre of instructors and other personnel needed to support a new item, or follow-up training. The initial (factory) training program consists of course curriculum deliverables and instructor presentations.

C. Training Equipment Installation. Provides funds to install equipments procured for Navy Training Plan requirements developed by the Naval Space and Warfare Systems Command and contained in the technical training equipment priority list at naval training sites. Funding for this effort is included in the Training Support category beginning in FY 1988.

D. Simulator Acquisition Program. Encompasses the responsibility of developing and acquiring air, surface and subsurface training materials and services to meet the training and education objectives and requirements of the Navy and Marine Corps. All simulator acquisition costs relate to material and to civilian personnel in support of the program.

E. Organic Simulator Operation and Maintenance Program. Effects logistics support required for simulator/training devices throughout the Navy and Marine Corps for: organization and intermediate maintenance repair parts and services; maintainability, reliability, and safety modifications; rework and refurbishment; technical publication updates and retraining of Navy and Marine Corps maintenance personnel; services and materials for reinstallation and removal of trainers; Field Engineering Representative (FER) and Quality Assurance and Revalidation (QA&R) services; and salaries or other compensation for in-house logistic support personnel.

Activity Group: Other Training Support

F. General Library Program. Provides library services to Navy Personnel aboard ships and to Navy/Marine Corps personnel and their dependents ashore. Funds for library materials are for books, sound recordings, films and paperback publications.

G. Advancement in Rate and Procurement of Texts and References Programs. Funds provide textbooks for resident schools and reference material used to prepare for enlisted advancement examinations and specialized jobs for which there exists no formal schools. Personnel Qualification Standards printing is also supported. Program funds are for distribution, composition, printing and procurement.

H. Training Support. Finances planning, management, and installation of technical training equipment, development/review/update of Navy Training Plans, periodic audits of specialized courses for technical accuracy, and depot level overhaul and calibration of Commander, Naval Sea Systems Command and Commander, Naval Space and Warfare Systems Command technical training equipment positioned in the Naval Education Training Command.

I. Other Training Equipment Maintenance. Supports overhaul and repair of aviation training equipment and trainers and other aviation support; training equipment installation for non-turnkey production programs, out-of-production programs, and modifications kits to flight simulators and maintenance trainers. Provides: drone support services for maintenance and technical support of serviceable targets and drones which are available for Fleet use in anti-aircraft and air-to-air firing exercises; trainer/training effectiveness evaluations and Navy training plan development; trainer overhauls; technical audit of training courses; software support services for normal life cycle in-production and out-of-production aircraft; trainer peculiar equipment (8N COG) component repair; and stock funding on non-aviation depot level repairables which are integral to the operation of prime systems used throughout the training command.

J. AEGIS Ship Training Support. Supports combat system training of Navy personnel prior to assignment on AEGIS cruisers to assure cruiser battle readiness and effectiveness under all operational conditions.

K. General Purpose Electronic Test Equipment (GPETE). Provides for replacement of GPETE which is beyond the authorized repair capability of the end user. Since General Purpose Electronic Test Equipment is a 72 cognizance Navy stock funded item, various technical schools having "end item replacement" requirements require funds to "buy out" of stock these items.

L. Contractor Operation and Maintenance of Simulators (COMS). Provides funds for contractor operation and maintenance of training simulators in direct support of training activities.

Activity Group: Other Training Support

M. Outfitting. Provides non-aviation initial and follow-up outfitting support for training activities of the Naval Education and Training Command.

N. Forces Afloat Maintenance Improvement (FAMI). Provides support for the establishment, retention and improvement of essential forces afloat maintenance capabilities at the organizational and intermediate levels. These efforts provide on-board assistance to forces afloat in support of the general Navy policy of accomplishing ship maintenance at the lowest level consistent with available resources in order to reduce maintenance costs and maximize the operational readiness of Fleet units.

O. Training Performance Data Center (TPDC). Provides training related information and management support to the Office of the Secretary of Defense, the Military Departments and the entire Department of Defense training community. TPDC collects, integrates, stores, and analyzes available training information and responds to analytical and specific information requests from the DOD manpower, personnel and training community. Funding of this program is transferred out of Navy beginning in FY 1988.

P. Defense Personnel Security Research and Education Center (PERSEREC). Performs security research and analysis for the Department of Defense and furnishes educational assistance, instruction and advice on personnel security matters to Department of Defense components. This program was established in the FY 1987 President's Budget.

Q. Curriculum Development and Assessment. Resources support the Instructional System Development program operated through three Instructional Program Development Centers and three Training Development Units which are engaged in job/training analysis for design/development of training curriculum and supporting media, and evaluation of Navy schools/courses. Resources also support the On-Board Training program (OBT) which develops and produces OBT products for surface, air, and submarine communities to support fleet requirements.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Care in Regional Defense Facilities (Teaching Hospitals)
Budget Activity: 8 - Training, Medical and Other General Personnel Activities

I. Description of Operations Financed

The mission is to operate the Navy Medical Establishment at that level which provides the ability to deliver essential inpatient, outpatient, and adjunctive health care services to the active duty forces to insure their physical fitness for combat duty. This permits the continuing operation of those activities required to meet wartime contingency planning requirements. Medical health care treatment facilities are located worldwide and the continuation of their operation provides the capability for the direct delivery of both primary and specialized inpatient operative procedures. These financial and manpower resources provide the capability for the delivery of health care at 4 Teaching Hospitals located at Bethesda, Maryland; Portsmouth, Virginia; Oakland, California; and San Diego, California. Naval Medical Teaching Hospitals provide residency-type training for Navy to meet the requirements for the various forms of specialized medical care. These centers provide the specialized care beyond the capability of Station Hospitals.

Resources are added to support the increase in clinical workload. Recognition of savings achieved by ensuring procedural efficiency is included. Direct Service funding associated with automated clinical systems previously funded by the Department of Defense for systems installed in Fiscal Year 1987 under the funding auspices of the Tri-Service Medical Information System (TRIMIS) program is instituted. Contracting resources are added to increase the availability of medical care for eligible beneficiaries and reduce total medical costs. Resources for the substitution of non-medical military manpower for civilian personnel are included in order to support the Hospital Ship and Fleet Hospital programs.

II. Financial Summary (In Thousands of Dollars)

A. Subactivity Group Breakout:

	FY 1987	Budget Request	FY 1988 Appropriated	Current Estimate	FY 1989 Initial Estimate	Change	Amended Estimate	Change FY 88/89

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Station Hospitals and Medical Clinics
Budget Activity: 8 - Training, Medical and Other General Personnel Activities

I. Description of Operations Financed

The mission is to operate the Navy Medical Establishment at that level which provides the ability to deliver essential inpatient, outpatient, and adjunctive health care services to the active duty forces to insure their physical fitness for combat duty. This permits the continuing operation of those activities required to meet wartime contingency planning requirements. These financial and manpower resources provide the capability for the delivery of health care at 29 Naval Hospitals, 11 Medical Clinics, and 189 Branch Medical Clinics located at or near worldwide Navy and Marine Corps Stations and Bases. Medical health care treatment facilities are located worldwide and the continuation of operation provides the capability for the direct delivery of both primary and specialized forms of patient treatment for the Services' beneficiary population. The range of treatment runs from routine outpatient sick call visits to selective and specialized inpatient operative procedures.

Resources are added to support the increase in clinical workload. Recognition of savings achieved by ensuring procedural efficiency is included. Direct Service funding associated with automated clinical systems previously funded by the Department of Defense for systems installed in Fiscal Year 1987 under the funding auspices of the Tri-Service Medical Information System (TRIMIS) program is instituted. Contracting resources are added to increase the availability of medical care for eligible beneficiaries and reduce total medical costs. Resources for the substitution of non-medical military manpower for civilian personnel are included in order to support the Hospital Ship and Fleet Hospital programs.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Dental Care Activities
Budget Activity: 8 - Training, Medical and Other General Personnel Activities

I. Description of Operations Financed

The mission is to provide outpatient dental care for the Navy and Marine Corps to ensure their physical fitness for combat duty. These financial and manpower resources provide the capability for the direct delivery of both primary and specialized forms of dental treatment at 23 Regional Dental Centers and 149 Branch Dental Clinics located at or near worldwide Navy and Marine Corps Stations and Bases. The range of outpatient treatment runs from dental prophylaxis to specialized operative and prosthetic procedures. Resource requirements are based on experience and forecasted dental disease converted to manpower requirements and then converted to dollar requirements based on workload.

Changes in the operations financed in the budget year relate to price growth, and the dental infection control program, which prevents the transmission of infectious diseases through a set of infection control procedures recommended by the Center for Disease Control and was directed by the Navy Inspector General.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Care in Non-Defense Facilities
Budget Activity: 8 - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

The program finances all bona fide expenses incurred by Navy and Marine Corps beneficiaries for health care services in Veteran's Administration, Coast Guard, and civilian facilities including civilian operated Uniformed Services Treatment Facilities (USTFs) and CHAMPUS. Significant changes in FY 1989 are the transfer of the CHAMPUS Fiscal Intermediary costs from OSD to the Military Departments and the Navy IG directed additional requirements in the operation of 10 NAVCARE Clinics.

II. Financial Summary (In Thousands of Dollars)

IV. Personnel Summary: There are no personnel in this Activity Group.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Other Health Activities

Budget Activity: 8 - Training, Medical and Other General Personnel Activities

I. Description of Operations Financed

Operations financed include the operation of 16 separate field activities and 8 Geographic Naval Medical Commands. Direct disease and environmental health support services are provided by 4 Environmental Preventive Medicine Units, 2 Disease Vector and Ecological Control Centers and 1 Environmental Health Center. Also included in this Activity Group are 1 Naval Medical Data Services Center, 1 Aviation Medical Support Facility, 1 Naval Medical Material Support Command, 1 Naval Ophthalmic Support Facility and 5 Naval Drug Screening Laboratories. Centralized spectacle fabrication support provides the capability for manufacturing spectacles for active duty members. Financing of the Environmental Health Center allows for the delivery of specialized environmental health services to all shore facilities in the Navy and Marine Corps establishment. The operation of a centralized automated processing activity permits system standardization. This activity group contains the resources necessary to provide occupational/industrial health surveillance to Navy Fleet and Industrial activities. The budget year includes funding of mandated standard changes with the Occupational Safety and Health program, Mobile Medical Augmentation Readiness Team (MMART) material changes precipitated by experience gained by the Lebanon and Grenada Operations, and increases for the Fleet Hospital program.

Operation and Maintenance, Navy

Activity Group: Education and Training - Health Care
Budget Activity: 8 - Training, Medical and Other General Personnel Activities

I. Description of Operations Financed

The general education and training sub-activity provides the resources for the operation of all Navy medical and dental basic training, for the part-time training of medical personnel, and operational training of primary health care professionals, for other health professional full-time and service specialty training, and for out-service medical and dental specialty residencies. This technical and specialty training requirement also covers travel to professional meetings, seminars, and short courses, which are the primary and most critical means for the acquisition of new health care knowledge and techniques relating to current practices, procedures, and operations. Training of medical personnel in operational techniques is also included. The Armed Forces Health Professions Scholarship Program provides for the payment of costs in civilian institutions for medical student tuition, fees, and other authorized expenses. Resources provide for expansion of fleet hospital training capabilities.

B. Reconciliation of Increases and Decreases (cont'd) Amount

4. Program Increases

108

A. Other Program Growth in FY 1989

(+108)

(1) National Microcomputer Maintenance - Maintenance +28

on the current inventory of microcomputers owned by the Navy Recruiting Command is funded through a blanket national maintenance contract. The inventory of Navy-owned microcomputers is scheduled to increase in FY 1988 when over 1,000 units will be purchased, thereby increasing associated maintenance costs.

(2) Computer Timesharing - Increased use of microcomputers at field recruiting locations +80

required additional connect time on the commercial mainframe computer which processes applications of recruits prior to their entry into the Navy.

9. Program Decreases

-7,100

A. Annualization of FY 1988 Decreases

(-175)

(1) Efficiency Review - Projected end strength and dollar savings resulting from scheduled Efficiency Reviews. -158

(2) Civilian Workforce Mix - Dollar savings associated with application of historic economical mix of full-time permanent and temporary employees. -17

Activity Group: Recruiting Activities (cont'd)

Amount

B. Reconciliation of Increases and Decreases (cont'd)

B. Other Program Decreases in FY 1989

(-6,925)

-113

(1) Paid Days - Two fewer civilian personnel workdays in FY 1989 than in FY 1988.

-168

(2) Military End Strength and Support Funding - Funding levels reflect a reduction associated with a programmed decrease of fifty enlisted end strength.

-134

(3) Workload Changes - The recruiting workload programmed for FY 1989 represents a 1,759 decrease from the current FY 1988 workload plan. This workload reduction produces fewer costs for applicant travel, lodging, and subsistence costs.

-6,510

(4) Recruiting Support Reductions - Decreased usage results in a ten percent reduction in passenger-carrying vehicle inventory and a ten percent reduction in mileage on the remaining passenger-carrying vehicles. Reductions will also be achieved through negotiated communications contracts, fewer and shorter trips by the recruiting staff, extended equipment life cycles, national contracts (where feasible) to take advantage of economies of scale, and reduced printing requirements and lower stockage levels of supplies.

Activity Group: Advertising Activities

Budget Activity: 8 - Training, Medical and Other General Personnel Activities

I. Description of Operations Financed

The Navy's advertising is built around a national advertising plan which is complemented by local advertising and an active public service campaign. Included in the overall advertising strategy is a media campaign targeted at the minority audience with the objective of increasing the number of minority accessions. To increase public awareness, portray opportunities and generate leads, the Navy relies on a media mix that includes television, printed advertising in magazines and newspapers, outdoor advertising, direct mail campaigns and recruiting booklets, pamphlets and posters. The advertising effort is aimed at four program areas, and the media mix is as follows:

- A. General Enlisted - placements in general circulation and high school magazines, outdoor advertising and direct mail.
- B. Officer Programs - selected magazines, college newspaper placements and direct mail.
- C. Medical - magazines, placements in selected medical journals and direct mail.
- D. NROTC - magazine placements and direct mail.

In addition to the general program areas supported by national advertising, Navy supports the priority nuclear officer program, aviation officer program, and prior service/reenlistment through point-of-sale literature and field advertising funding. The advertising for each program area is designed to reach a specific target audience, and the media mix is adjusted for maximum impact.

In addition to the media represented, advertising dollars also fund certain support requirements such as public service advertising production, agency creative production, marketing research and commercial advertising agency labor and overhead.

Activity Group: Advertising Activities (cont'd)

IV. Personnel Summary

Personnel who administer this program are included in the Recruiting Activities Activity Group.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Other Personnel Activities

Budget Activity: 8 - Training, Medical and Other General Personnel Activities

I. Description of Operations Financed

This activity group finances the following operations:

- A. Morale, Welfare and Recreation (MWR) - Provides for the development of operational guidance, implementation of training, on-site field technical maintenance of MWR programs for Naval personnel. This subactivity group finances the following major programs:
1. The Fleet Motion Picture Program provides maintenance and repair for motion picture equipment and entertainment motion picture films to the Fleet and isolated stations where few or no recreational alternatives are available. Under such adverse conditions of duty, fees for admission are not charged.
 2. The Open Mess Equipment Program provides for the purchase and installation of food preparation and service equipment in support of food service operations and for the purchase of furnishings and equipment to provide improved dining facilities.
 3. The Fleet/Shore Recreation and Fitness Program provides recreation and fitness equipment and supplies for deploying units, recreation and fitness equipment for shore activities and outfits personnel with athletic equipment to train for interservice competition. Priority consideration is given to overseas, semi-remote and isolated activities, deploying units and those activities that provide recreation service support at Fleet Concentration Centers.
 4. The Child Care Program satisfies the basic physical needs of children supervised and offers a program of activities to meet emotional and developmental needs of children. Training for Navy Child Care Center directors is provided along with new/replacement equipment necessary to properly outfit the child care centers.
 5. The Youth Center Program offers constructive, supervised recreation activities for school-age children. Training for youth center directors is provided along with new/replacement equipment for youth centers and programs.

Activity Group: Other Personnel Activities (cont'd)

I. Description of Operations Financed (cont'd)

B. Human Resource Management Support System (HRMSS) - Provides for the Human Resource Management Support System which is designed to improve organizational and individual effectiveness and to promote increased personnel management skills that impact on retention, unit effectiveness, and efficiency. This subactivity group finances the following major programs:

1. The Leadership and Management, Education and Training (LMET) Program provides proven, competency-based leadership and management skills and knowledge to E-5 through O-6 personnel in the Navy. This program is directed at skills for enhancement of retention, command effectiveness and Navy readiness.
2. The Human Resource Management (HRM) Program is focused on enhancing command operational performance through improvement of individual and organizational performance. This program incorporates elements of LMET, Overseas Duty Support Program (ODSP), Drug and Alcohol, and Equal Opportunity (EO) Programs. This incorporation provides the systematic framework for setting policy, implementing and evaluating the Navy's quality of life.
3. The Alcohol and Drug Program provides rehabilitative and preventive services for personnel whose performance and continued military service are adversely affected through the diseases of alcoholism and drug dependence. Also, this program provides primary alcohol and drug prevention and early intervention services Navy-wide in support of the Navy Alcohol and Drug Safety Action Program (NADSAP). The Navy's four Alcohol Rehabilitation Centers can accommodate over 480 residents in a six week treatment program. Preventive education is conducted at all levels of command and through NADSAP sites.
4. The Health and Physical Readiness Program is charged with assisting active duty members in meeting fitness requirements, as well as developing an overall healthy lifestyle that is conducive to enhancing combat readiness, sustainability and personal productivity. These standards are in accordance with the Department of Defense (DOD) guidance. The objective of this program is to establish an environment in the Navy which supports total fitness and to concentrate efforts on the whole person each and every day of their active duty service. This Program addresses seven components selected for immediate applicability to Navy lifestyle. The seven elements are: weight control/nutrition, physical fitness/exercise, smoking cessation, stress management, prevention of alcohol and drug abuse, high blood pressure control and prevention of lifestyle related accidents.

Activity Group: Other Personnel Activities (cont'd)

I. Description of Operations Financed (cont'd)

C. Per Diem for Less Than 20 Weeks Training (TEMPOUNTS) - This program provides the per diem costs incurred during training which prepared personnel to match the skill level required in their next duty station while enroute from one permanent duty station to another.

D. Other Personnel Support - This subactivity group finances the following major programs:

1. The Chaplains Program supports the Chief of Chaplains' mission to: (a) provide ministries; (b) manage the Chaplain Corps accession, detailing, professional development and supervision; (c) act as the technical sponsor for the Religious Program Specialist (RP) rating; (d) advise the Naval Establishment in matters and policies pertaining to religious and moral well-being; (e) interpret Navy policy and programs to the Nation's religious bodies; and (f) inform the Naval Establishment regarding the positions of the Nation's religious leaders.

2. The Navy Music Program provides operational support to the Navy's Fleet/Area Bands and the U.S. Navy Band, Washington, DC. Their primary responsibility is to provide musical support services to the White House, State Department, Department of Defense and Fleet Commanders as directed in support of the Navy's morale, retention, recruiting and community relations programs and initiatives.

3. The Career Counseling/Retention Media Program informs and motivates Navy enlisted personnel to take full advantage of Navy career opportunities.

4. The Printing and Reproduction Program provides management, printing, addressing and mailing services for initial and routine distribution of revised administrative manuals and related publications and directives and forms that are distributed and stocked Navy-wide in support of Naval personnel management.

5. The Officer/Enlisted Selection Boards provide travel and per diem for qualified members from outside the Washington area to serve on selective boards in accordance with Title 10 U.S. Code and Secretary of the Navy Affirmative Action Plan requirements.

6. The Temporary Disability Retired List (TDRL) Program provides for travel and per diem of all personnel on the TDRL to have a physical examination at the nearest military hospital every 18 months, and for appearance, if requested, at formal hearings by the Physical Examination Board under the authority of Title 10 U.S. Code.

O&M,N

8 - 119

Activity Group: Other Personnel Activities (cont'd)

I. Description of Operations Financed (cont'd)

7. Other Mission Essential Travel provides for interviews of prospective Navy White House Fellows; two to three weeks of classroom instruction for adult dependents on cultural characteristics of the foreign country to which their sponsor has been assigned; on-the-job training for law students in Navy legal offices during their summer vacations; Bachelor Enlisted Quarters/Bachelor Officer Quarters Management team visits; round trip transportation to the Continental United States (CONUS) for eligible enlisted personnel who extend overseas; travel and transportation allowance for dependents to attend the burial ceremonies of a member who dies while on active duty for a period of 30 days or more; and other mission essential travel.

8. The Reserve Short Tours Program funds the travel costs necessary to recall inactive duty naval reservists to active duty for short tours at the request and for the benefit of the active military personnel component.

9. The Deserter Apprehension Program provides for routine operating costs of twelve Absentee Collection Units and one Detention Center within Continental United States (CONUS) and support costs for guards/escorts accompanying member deserters from point of apprehension to duty station and/or Navy processing activity for appropriate disposition.

10. The Corrections Management Information System (COMNIS) is designed to integrate all the requirements to manage and administer the Navy Corrections Program and operate individual facilities. The Corrections Management Information System will increase security through better control and accounting of prisoners, support operational and administrative functions, reduce staff paperwork, and supply current information to the brig staffs, major claimants and the Chief of Naval Personnel.

11. The Care of Deceased Personnel Program provides Navy and Marine Corps members with all expenses incurred in connection with the recovery, preparation, encasement service, when applicable, and memorial services when remains are non-recoverable.

12. The Naval Aviation Museum provides support for maintenance of 30 acres of grounds, preventive and routine maintenance of all equipment required for groundkeeping, workshop, audiovisual requirements, aircraft movement and upkeep of museum exhibits and facilities.

E. Flight Demonstration Team - Provides for conducting flight demonstrations and public appearances. This operation includes the training necessary to perform these demonstrations.

O&M,N

2,907

3. Program Increases

A. Other Program Growth in FY 1989

(+2,907)

(1) Fleet/Shore Recreation and Fitness Program -
Increase provides for the procurement of recreation support equipment for Fleet Concentration Centers. Recreation equipment provides for constructive use of leisure time. The sailor must look within the command for health and fitness equipment such as weight machines, treadmills, fitness courses and basketball goals.

+343

Activity Group: Other Personnel Activities (cont'd)

B. Reconciliation of Increases and Decreases

Amount

A. Other Program Growth in FY 1989 (cont'd)

- (2) Alcohol and Drug Program - Increment supports an annual attendance increase of 2,344 students in Navy's Alcohol and Drug Safety Action Program. Increased student loading is in direct response to the Personal Excellence Program, which includes drug and alcohol prevention programs as one of its basic components. By increasing student throughput, a larger percentage of the active force is better trained in recognizing the potentially detrimental effects resulting from the use of harmful substances.
- +256

(3) TEMUINS - Increase supports officer and enlisted training in the following areas:

+1,123

Officer training supports:

- a) As more ships shift homeport away from major training centers, the opportunity to accomplish required officer training at no cost is eliminated. In FY 1989, additional ships are scheduled to move to non-fleet concentrated areas.

- b) The nuclear surface community has increased training requirements due to new construction, overhaul manning requirements (Surface DCAs, Radiation Control Officers, CVN XOs, CVN/CGN Engineering Officers) and final manning of CVN 72 Aviation Wing.

- c) Increased training is required to man CVN 72, fully introduce E6A aircraft to two squadrons and provide for scheduled VQ-1 pilot and NFO manning increase.

Enlisted training provides for additional courses to support TRIDENT training which is scheduled to come on-line in FY 1989 at TRITAFAC, Kings Bay. In addition, throughput of the Engineering Watch Supervisor Course will be increased in response to its designation as a Nuclear Surface Warfare Readiness Conference (NSWRC) action item.

O&M,N

Activity Group: Other Personnel Activities (cont'd)

B. Reconciliation of Increases and Decreases (cont'd) Amount

A. Other Program Growth in FY 1989 (cont'd) (+2,907)

+28

(4) Chaplain Program - Increase supports the expansion of the Chaplain Religious Enrichment and Development Operations (CREDO), Okinawa by adding additional cultural workshops and retreats, as well as beginning ethics, personal excellence programs and marriage enrichment/growth experiences. The program will expand to include cultural and professional workshops, such as church leadership training conferences, faith development in adult life workshops and spirituality seminars, to facilitate the ongoing professional education needs of chaplains throughout the Chaplain Corps.

+194

(5) Printing and Reproduction Program - The use of printed material/media allows Navy's personnel to be better informed on all significant changes to policies and procedures.

+232

(6) Other Mission Essential Travel - Incentive Option "C" provides 15 days rest and recuperative absence plus round trip transportation at government expense from the location of the extended tour of duty to the nearest port in the Continental United States and return via Military Airlift Command (MAC) channel, if available. Annually more personnel are electing to extend overseas and are selecting Incentive Option "C". With long range operations in the Mediterranean and West Pacific, usage of Option "C" is anticipated to increase further. Funding supports an increase in the number of trips provided under Option "C".

Activity Group: Other Personnel Activities (cont'd)

<u>B. Reconciliation of Increases and Decreases (cont'd)</u>	<u>Amount</u>
(7) Reserve Short Tours Program - Increase supports an additional 287 officer and 95 enlisted accessions in the following areas: a) The Reserve Medical Officer Program provides inactive Naval Reserve medical personnel to assist Naval Hospitals during peak periods; b) The Judge Advocate General Program recalls reservists to develop Naval law skills at active duty commands; and c) The Discretionary program which recalls reservists on a case by case basis to meet commands' urgent need.	+115
(8) Corrections Management Information System (CORMIS) - Increase provides for additional travel, communications, supplies and equipment maintenance due to full implementation of CORMIS. Also, increase for additional support necessary to maintain CORMIS, to analyze the data requirements and provide training for the new consolidated brigs.	+177
(9) Increase in supplies, equipment, printing and contract funding for support of the Flight Demonstration Team.	+439
4. Program Decreases	-1,172
A. Annualization of FY 1988 Decreases	(-26)
(1) Efficiency Reviews - Annualization of savings resulting from Efficiency Reviews.	-26

Activity Group: Other Personnel Activities (cont'd)

<u>B. Reconciliation of Increases and Decreases (cont'd)</u>	<u>Amount</u>
<u>B. One-Time FY 1988 Costs</u>	(-33)
(1) <u>Health and Physical Readiness (HAPR) Program</u> - Decrease for one-time procurement of automated data processing equipment.	-21
(2) <u>Care of the Dead</u> - Decrease reflects one time FY 1988 increase in workload.	-12
<u>C. Other Program Decreases in FY 1989</u>	(-1,113)
(1) <u>TEMUINS</u> - A portion of this reduction is due to a decrease in officer accessions. Reductions in enlisted training are a result of: Two F4 Aviation Maintenance FRAMPS being cancelled due to aircraft phase out; throughput at a radar course will decrease by 12 counts; and CTT Senior Non-Morse Collection Supervisor Course will be deleted.	-177
(2) <u>Paid Days</u> - Two fewer civilian personnel workdays in FY 1989 than in FY 1988.	-41
(3) <u>Alcohol and Drug Program</u> - Decrease reflects fewer personnel computers being procured for the Alcohol and Drug Management Information Tracking System (ADMITS).	-31
(4) <u>Navy Flight Demonstration Team</u> - Reduction in logistics support and flight hours.	-836
(5) <u>Care of the Dead</u> - Decrease in purchased services.	-28

Training Camps	14	14	14
Camp Participants	435	435	435
Ships Outfitted	157	157	157
Shore Equipment	-	20	55

1/ The number of messes receiving equipment each year is based on a three-year cycle for providing one-third of the facilities some support. Nominal increase in resources will not alter this number significantly. Dollar projections and number of messes involved are estimates and cannot be rigidly followed because of emergency/urgent requirements due to equipment failures, renovation projects, and Congressional desire to support overseas messes on a priority basis. In addition, there are considerable differences between types of messes. For example, multiple building/food service facilities influence projections on the number of messes to receive equipment each year.

2/ Major categories of equipment include items such as food preparation, handling and service equipment including items that support food service operations to improve sanitation, safety, efficiency and attractiveness of mess facilities.

Department of the Navy
Operation & Maintenance, Navy

Activity Group: Off-Duty and Voluntary Education
Budget Activity: VIII Trainings, Medical, and Other Personnel Activities

I. Description of Operations Financed.

A. Navy Campus Network. The organization provides under the CMO's Personnel Excellence Program Navy-wide management, administration, and on-site operation of all off-duty education programs. It provides personnel and command advice and counseling on educational matters, testing services, coordinates on-base and afloat courses, and conducts other services in support of off-duty education programs. The current network consists of 395 permanent education specialists and education technicians located at 77 sites throughout the world. Civilian personnel limitations prevent all Navy installations from being serviced by a Navy Campus Office.

B. Tuition Assistance (TA). This program supports the Personal Excellence Program and is the major financial support system through which personnel can continue their education during off-duty hours. Funds provided to the active duty service members pay 75 percent of tuition for post-secondary vocational and academic courses taken from approved educational institutions and 100 percent of tuition costs for high school completion courses. Projections of participation/enrollments are based on historical performance and variables such as predictable increased use of TA by individuals not eligible for G.I. Bill benefits, demographic information on the current and projected force levels, and the national economy.

C. Program for Afloat College Education (PACE). The PACE Program also supports the Personal Excellence Program. Funds are provided for contracting with colleges and universities to conduct post-secondary academic and vocational courses for Navy personnel assigned to deployed shipboard duty. PACE provides courses to afloat personnel of the same quality available to shore duty personnel through the TA program. Colleges and universities are under contract to provide ship riding college professors and technical teachers and Interactive Video Computer Assisted instruction to conduct accredited academic and vocational courses.

D. Functional Skills Program. This is an on-duty program which promotes and supports the Personal Excellence Program for afloat and ashore personnel. The program is designed to improve the mathematics, reading, composition and grammar levels beyond the elementary school level and enhance individual career potential and performance. Instruction is provided by contracting with accredited civilian educational institutions. Costs of this program include development, stocking, and distribution of a standard Navy-relevant curriculum to all contractors in the form of workbooks and computer software and hardware. The contractor uses this material for courses delivered in Personal Excellence Program under contract with the Chief of Naval Education and Training.

O&M, N

Activity Group: Off-Duty and Voluntary Education (cont'd)

E. Defense Activity for Non-Traditional Education Support. The Defense Activity for Non-Traditional Education Support (DAIDES) is under the policy guidance of the Department of Defense with funding and administrative support provided by the Navy. The program supports the voluntary education functions of the Office of the Secretary of Defense and the Military Services, by administering non-traditional education programs, managing specified contracts for educational services, providing educational and informational materials, conducting special projects and developmental activities, and performing other management and educational support tasks.

F. Veterans Educational Assistance Program (VEAP). A contributory educational assistance program in which the service member can put a maximum of \$2,700 into an educational fund. The resources identified to this program are the Navy's two-for-one matching funds required under Public Law 94-502. Thus, the total educational funds available to a participant, including the Navy's two-for-one matching funds, is \$8,100.

G. Educational Assistance Test Program (EATP). This special test program included several different sections. Each section provides different benefits to personnel under a Congressionally authorized test program which took place from 1 December 1980 to 30 September 1981.

Section 901 - In FY 1988, includes \$1,654 per year for four years for tuition and a \$412 monthly stipend for a maximum of thirty-six months; and, under certain conditions, the right to cash out at 60% of the value of total benefits, or transfer unused benefits to spouse and dependents.

Section 902 - Loan repayment for personnel who have government financed student loans made after 1 October 1975 and before entering active duty. Payment is one-third of loan or \$1,500, whichever is greater, for each year of completed service in a designated rating and funds are paid to the lender.

III. Performance Criteria and Evaluation

1. Navy Campus Network - Personnel are assigned to operate offices Navy wide and provide education and services locally to Navy personnel assigned to their area of responsibility in support of CMO's Personal Excellence Program (PEP).

Commanders or individuals remote from Navy Campus Field Offices must obtain assistance by correspondence with the nearest field office or the respective Naval Education and Training Support Center, Atlantic/Naval Education and Training Support Center, Pacific command. Network personnel are responsible for the management of PACZ, Tuition Assistance, Functional Skills Program, Testing Apprentice, and Enlisted Education Advancement Program (EEAP) programs. Additionally, the staff provides counseling and testing services, education records maintenance, and advice to host afloat and ashore commanding officers. The measure of performance is the number of participants in all of the off-duty education programs, the number of personnel counseled in a given FY, programs in the network, the proximity of Navy personnel to the established field offices, and the number of ships Network personnel can assist in preparing educational programs for deployments.

5. Defense Activity for Non-Traditional Education Support (DANTES)

Through a system of approximately 850 testing sections, DANTES provides examination programs for the voluntary education programs of each military service. Additionally, DANTES has agreements with 20 nationally recognized certification agencies for administration of certification examinations and agreements to administer the Graduate Record Examination (GRE), Graduate Management Admissions Test (GMAT), Law Schools Admissions Test (LSAT) and National Teachers Examination (NTE) for admission to various graduate programs.

The Independent Study Program supports the voluntary education programs of the military services and the availability of independent study courses and programs through civilian educational institutions.

O&M,N

Activity Group: Off-Duty and Voluntary Education (cont'd)

III. Performance Criteria (Cont'd)

DANTES purchases or develops educational guides used by Education Services Officers, Test Control Officers and education counselors which detail policies and procedures for testing, describe program alternatives and opportunities and generally support the voluntary education program activities of each service.

In addition, the American Council on Education (ACE) Guide is printed bi-annually. This guide is published and updated to allow college credit to military personnel in specialized fields equivalent to college level experience. The guide was scheduled to be published in FY 1988 at a cost of \$140,000. Due to funding constraints, printing will be deferred. Mission audio-visual support for DANTES will be eliminated in FY 1988 due to affordability.

The test and examination program, although increasing in volume in FY 1988, will decrease in cost by approximately \$300,000. This is due to the severe reduction in Graduate Record Examinations, which are among the most costly to administer.

1,396

- (1) Career Management Programs - Funding to support the addition of 100 end strength and associated travel and training costs in the Logistics and Procurement/Contracting intern development programs.

23

- (2) Executive/Management Development Program - Increase provides additional support costs for new and mid-career managers in the XD/MD Program.

35

- (3) NAF Labor Relations Training Course - Funding required for the design and development of the Non-Appropriated Fund (NAF) Labor Relations Training Course which will be directed toward the Senior Managers Supervisors and Labor Relations Specialists. This course will be specifically directed to NAF personnel policies and procedures. It will provide professional, direct impact information and knowledge so that NAF managers and supervisors may adequately bargain in an increasingly active NAF Labor Relations World.

190

- (4) Procurement Training - Additional funds are required to support training of 150 new procurement/contracting intern personnel scheduled for employment in FY 1988-89. These entry level personnel will require initial professional training through three courses: Defense Cost and Price Analysis, Defense Negotiation Workshop and Management of Defense Acquisition Contracts-Basics, total increase of 15 classes or 5,250 student classroom days.

Department of the Navy
Operation & Maintenance, Navy

Activity Group: Naval Junior Reserve Officers Training Corps
Budget Activity: VIII Training, Medical, and Other Personnel Activities

I. Description of Operations Financed.

The Naval Junior Reserve Officers Training Corps (NJROTC) Program is a congressionally sponsored youth citizenship program mandated by Public Law 88-647. NJROTC provides the opportunity for secondary school students to be exposed to the basic concepts and principles of naval history, seamanship, and military leadership. Eighty percent of the NJROTC operation and maintenance budget is currently being expended for the government's share of instructor salaries. Other expenses include cadet orientation travel, training aids, texts and educational material, drill rifles, and unit operating expenses. Administrative support costs include office operating costs, travel, and per diem for eight Area Managers.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Maintenance of Real Property
Budget Activity: 8 - Training, Medical and Other General Personnel Activities

I. Description of Operations Financed

This program provides maintenance, repair and minor construction of all buildings, structures, grounds and utility systems required at the more than 600 training, medical and personnel support facilities to permit assigned forces and tenants to perform their mission. The major elements of this program are:

- o Facilities Maintenance - finances scheduled, day-to-day recurring maintenance, and emergency service work needed to preserve facilities.
- o Major Repairs - provides major repairs necessary to bring existing facilities into adequate condition to support assigned missions.
- o Minor Construction - finances the erection, installation or assembly of a real property facilities; the addition, extension, alteration, conversion or replacement of existing real property facilities; the relocation of real property facilities; and the installation of equipment which becomes part of a facility.

B. Reconciliation of Increases and Decreases (cont'd)

Amount

from falling into the highway. Lastly, modifications will be made to the presently inadequate fire alarm system to make it capable of attracting the attention of the blind and hearing impaired residents.

- (2) Music Program - Increases is required to rehabilitate the Navy Band, Washington, DC Commodores and Country Current rehearsal rooms. The structure is unsafe and will not pass building inspection. Rehearsal rooms are inadequate in size and acoustically inferior which distorts the sound effect of music. Both rehearsal rooms present morale, safety and welfare problems for the Band's personnel and are counter-productive to the mission of the Band. +140

B. Other Program Growth in FY 1989

(+12,225)

- (1) Consolidated Briggs - Increase associated with full year costs for Consolidated Briggs at Charleston, SC and Miramar, CA. +34
- (2) Recreation Special Projects - Increase is required to reduce the backlog of minor construction deficiencies. This increase is due to deferral of Navy Military Construction (MILCON) replacement facilities to out-years. Existing structures need to be renovated for extended use. Funds will reduce the loss of Military Construction (MILCON) "quality of life" support and expand project scopes to more readily accommodate local command program requirements. +265
- (3) Naval Training Systems Center - Increase funds alteration of the electrical systems in Naval Training Systems Center software support facility. +55

Operation and Maintenance, Navy

Activity Group: Base Operations Support

Budget Activity: 8 - Training, Medical and Other General Personnel Activities

I. Description of Operations Financed

This activity group provides the base support services and material required at the more than 600 training, medical and personnel support activities to permit assigned forces to perform their mission.

The major elements of this program are:

- o Utility Operations - Includes operating expenses for purchased electricity, electricity generating plants, purchased steam and hot water, heat plants, utility distribution systems, waste systems, air conditioning and refrigeration plants.
- o Personnel Operations - Support required for personnel related functions include expenses for:
 - Bachelor Messing Operations and Furnishings - provides support for the operation of barracks and the purchase and maintenance of personnel support equipment related to this housing.
 - Other Personnel Support - provides for mess halls, sales activities, laundry and dry cleaning facilities.
 - Morale, Welfare and Recreation - provides authorized appropriated fund support for shore based recreation activities.
 - Station Hospitals, Medical and Dental Clinics - provides direct and indirect health care costs for Health Care Facilities not under the financial control of the Naval Medical Command.
 - Human Goals - provides support for programs which focus on improving organizational and individual effectiveness and the administrative support of the Alcohol and Drug programs.
- o Base Operations - Mission - Support for those Base Operations functions which are required in direct support of the mission of the base. For example, Fleet Training Support, Logistics Support, etc. Expenses are included for the following functions:

O&M,N

8 - 163

Activity Group: Base Operations Support (cont'd)

I. Description of Operations Financed (cont'd)

- Retail Supply Operations - in addition to standard supply functions, this item includes the procurement, receipt, storage and issue of bulk liquid fuel, including operating aircraft fuel servicing facilities. Additionally, waterfront operations such as handling incoming and outgoing cargo and loading/unloading live ammunition onto and from combatant vessels are included.
- Maintenance of Installation Equipment - provides for maintenance of major shore based equipment including: service and miscellaneous craft, construction equipment (non-deployable), weapons, electronics, electronic engineering, and fleet moorings.
- Other Base Services - provides for the maintenance and operation of vehicles/other transportation equipment, port services (includes navigational assistance to ships, operation of service craft, degaussing operations, and oil spillage cleanup).
- Station Aircraft Flight Operations - includes the cost of petroleum, oil and lubricants (POL) consumed in the operations of aircraft assigned to shore activities. POL costs include oil, lubricants and additives used as inflight consumables.
- Station Aircraft Operations Maintenance - includes the cost of consumable supplies, repair parts, replacement of Individual Material Readiness List items, labor and services which have accumulated as a result of organizational and intermediate level maintenance performed on, or in support of, aircraft assigned to shore activities.
- Other Air Operations Support - includes flight operation costs not specifically identifiable to Aircraft Flight Operations and Aircraft Operations Maintenance, such as: costs associated with simulator training; target range costs; and ground support equipment and consumable supplies.
- o Base Operations - Ownership - Support required at shore bases regardless of type of mission being performed which must be sustained to have a functional base. Expenses are included for the following functions:
 - Other Engineering Support - provides Public Works Department Administration, engineering services, custodial services, refuse/garbage collection and disposal, snow removal, rental and leasing of real property, and fire protection and firefighting for Naval activities and their tenants.

O&M,N

8 - 164

Activity Group: Base Operations Support (cont'd)

I. Description of Operations Financed (cont'd)

- Administration - provides support related to financial/resource management, civilian manpower management, and maintaining military personnel records.
- Automated Data Processing - provides analysis, programming, equipment rental, operations and maintenance, contractual services and supplies.
- Hazardous Waste Material Handling - includes personnel, supplies and training associated with the identification and disposal of hazardous wastes.
- Audiovisual - provides supplies and services required for audiovisual support.

4. Program Increases

(+1,854)

A. One-Time FY 1989 Costs

-846

- (1) Naval Bases and Stations Information System (BASIS) -
Naval Bases and Stations Information System (BASIS)
program will provide ADP support to naval bases, naval
stations and naval air stations throughout the Navy.
Many of the functions associated with naval base and
naval stations operation have been identified through that
a number of studies. These studies have documented that
ADP support for naval bases and stations has been
fragmented and inadequate. BASIS provides equipment
for the development of a functionally standard,
centrally designed and multi-user system for bases
and stations. Funds will provide for implementation
of BASIS at three Medical (\$295K) and Training (\$551K)
activities.

+1,008

- (2) Telephone System - This increase reflects a
requirement to replace the current telephone system
to upgrade data and voice communication at the
United States Naval Academy. The present system, a
608D Centrex, is obsolete. A digitized system will
be installed which will include the replacement of
the switchboard and all associated telephone equipment
and lines. The new system will provide better service
and improve capabilities for expansion.

5. Program Decreases	-8,958
A. Annualization of FY 1988 Decreases	(-2,605)
(1) Annualize MILSUB for Non-Medical CIVPERS - Reflects substitution of military enlisted for civilian personnel to meet mobilization requirements.	-1,636
(2) Contractor Support Services - Reduces contract support for Information Technology Systems.	-65
(3) Commercial Activities Administration - Reduces end-strength used to administer commercial activities program.	-100
(4) Maintenance Decrease - Reduction of equipment maintenance for TRIMIS Program Office which was transferred to other medical categories in FY 1988.	-174
(5) Energy Conservation - Annualization of decreases in FY 1988 of Shared Energy Savings, Third Party Contracting and Active Energy Assistance.	-18
(6) Commercial Activities Contracting - Projected savings for commercial activities studies performed in FY 1988.	-230
(7) MEO - Savings as a result of most efficient organization studies in FY 1988.	-556

Activity Group: Base Operations Support (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

Amount

B. One-Time FY 1988 Costs

(-1,208)

- (1) Deserter Apprehension Program (DAP) - Decrease for one-time purchase of cellular telephones for the Navy Absentee Collection Units (NACUs) operated vehicles. -34
- (2) Upgrade Twenty-Nine Palms - Decrease of installation of ADP equipment in upgrading Branch Hospital, Twenty-Nine Palms to a Naval Hospital in FY 1988. -28
- (3) Beneficial Occupancies - Decrease from costs for telephone installations and for Naval Hospital San Diego security system. -385
- (4) Naval Bases and Station Information System (BASIS) - Decrease resulting from implementation of BASIS at three facilities in FY 1988. -761

C. Other Program Decreases in FY 1989

(-5,145)

- (1) Paid Days - Two fewer paid days in FY 1989. -1,762
- (2) Music program - Reduction to convert leased vehicles to Navy-owned vehicles is based on the Naval Facilities Engineering Command, Chesapeake Division cost study. The conversion is viewed as an economical option to provide adequate vehicular support by replacing the over-aged vehicles, minimize downtime and reduce maintenance costs. -35
- (3) Naval Home - Decrease in contractor support costs as as a result of internal reorganization. -3

O&M,N

Activity Group: Base Operations Support (cont'd)

- (4) Efficiency Reviews - Projected savings from implementation -224
of most efficient organizations resulting from Efficiency
Reviews.
- (5) Commercial Activities Administration - Reduction in -100
personnel used to administer commercial activities
program.
- (6) Commercial Activities Savings - Savings resulting from -511
commercial activities studies.
- (7) Public Works Center Management Efficiency - Reflects -97
savings due to more efficient management of Navy Public
Works Centers.
- (8) Energy Conservation - Represents savings resulting from -332
cogeneration contract for steam and electric power,
utilities savings resulting from contract energy audits
and the use of geothermal energy sources on Navy lands.
- (9) Military Substitution - Substitution of non-military -1,636
medical personnel for civilians at medical activities.
- (10) Utility Operations - Reduction in electrical, water and -115
heat consumption at Naval Training Systems Center.
- (11) Other Engineering Support - Reduction in janitorial -106
services support to Naval Training Systems Center.
- (12) Other Personnel Support - Reduction in clinical supplies -36
required for First Aid Station at the new Naval Training
Systems Center facility.

Budget Activity : 9 - Administration and Associated Activities

I. Description of Operations Financed.

This program provides for the cost of Department of the Navy administration, service-wide support, manpower management activities, and a number of general and special support programs. All available audit savings have been incorporated into the budget estimates which follow.

Support for headquarters staffs of the Secretary of the Navy and the Chief of Naval Operations accounts for \$79.4 million of the FY 1989 budget request.

The service-wide support category comprises \$205.1 million of the FY 1989 budget request. Included in this category are the finance activities and audit service which develop policies and procedures for financial management systems and provide a full range of accounting, disbursing and auditing functions. This category also includes the Naval Data Automation Command, Public Affairs, and the Board of Inspection and Survey (INSURV), Legal and Administrative Activities.

Military and civilian manpower management programs account for \$149.8 million of the FY 1989 budget request. These activities include the headquarters cost of the Chief of Naval Personnel, and support activities which develop staffing standards, document and recommend the optimum use of manpower resources, monitor and promote career development, and distribute officer and enlisted personnel.

General program support includes reimbursement to the General Services Administration for leased office space, payment to the U.S. Postal Service for official mail costs, reimbursement to the Department of Labor for employee and unemployment compensation benefits paid on behalf of the Department of the Navy, and base operations costs. Special programs include White House Helicopter Support, Vice President's Grounds Support and Congressional travel. The FY 1989 budget request for these programs is \$384.1 million.

Department of the Navy
Operation and Maintenance, Navy
Exhibit OP-5

Activity Group: Secretary of the Navy Staff Offices
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

The Under Secretary of the Navy and the Assistant Secretaries are the principal policy advisors and assistants to the Secretary of the Navy for the administration of the affairs of the Department of the Navy. Supported by the offices and boards which they supervise, the Civilian Executive Assistants are assigned department-wide responsibility for manpower, material, facilities, shipbuilding and logistics, research and development, business and military law, financial management, and general departmental administration. The funds requested represent the cost of compensation for the civilian professional and clerical work force; the cost of providing administrative support such as travel, office supplies and equipment for military and civilian personnel assigned to the headquarters staff; and miscellaneous administrative costs such as disbursing officer losses, losses in foreign exchange transactions, payments to support the Armed Services Board of Contract Appeals, and costs of printing Congressional material.

Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

The Chief of Naval Operations Staff Offices (OPNAV) are the headquarters staff for the Chief of Naval Operations (CNO). Their overall mission is to advise and assist the Chief of Naval Operations in the discharge of his responsibilities as the principal naval advisor and naval executive to the Secretary of the Navy on the conduct of the activities of the Department of the Navy, and as the Navy member of the Joint Chiefs of Staff.

The headquarters staff is composed of offices which are responsible to the Chief of Naval Operations for policy, planning and management control of communications, reconnaissance and surveillance, readiness information, anti-submarine warfare, manpower, logistics, aviation, and research and development. The funds requested represent the cost of support and compensation for personnel assigned to the headquarters staff.

3. Functional Program Transfers	-836
A. Transfers In	(178)
1) Intra-Appropriation	178
a) Transfer of civilian personnel and function to the Naval Inspector General, from the Commander, Naval Medical Command (145).	
b) Transfer of one civilian from Commander in Chief, U.S. Pacific Fleet (CINCPACFLT), in exchange for a military billet (33).	
B. Transfers Out	(-1,014)
1) Intra-Appropriation	-1,014
a) Transfer of the Civilian Manpower Career Program to the Naval Military Personnel Command (-37).	
b) Transfer of Communications Tactical (COMTAC) publication distribution function from OPNAV to the Navy Tactical Support Activity (-977).	

Activity Group: Chief of Naval Operations Staff Offices (cont'd)

-1,997

4. Program Decreases

(-243)

A. Annualization of FY 1988 Decreases

- 1) Annualization of the Departmental Headquarters Activities personnel reductions in accordance with Section 601 of the Goldwater-Nichols Reorganization Act (P.L. 99-433).

-217

- 2) Annualization of the personnel transfer from CNO Staff to form the Navy Office of Technology Transfer and Security Assistance (NAVOTTSa) in the SECNAV Claimancy

-26

(-390)

B. One-Time FY 1988 Costs

- 1) Decrease reflects the FY 1988 purchases of office furniture and equipment.
- 2) Decrease relating to the FY 1988 printing of the Standard Organization and Regulations of the U.S. Navy and the Unrestricted Line Officer's and Warrant Officer/LDO Career Planning Guides.

-108

-282

(-1,364)

C. Other Program Decreases in FY 1989

-177

- 1) Two fewer paid days for civilians.
- 2) Decrease reflects a postponement in the OPNAV automation program.

Activity Group: Navy Finance Activities
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

Navy Finance Activities perform the following functions:

- o Centralized Military Pay and Allotment Systems - Design, develop and operate the active duty centralized military pay and allotment systems of the Navy and perform accrual accounting to provide periodic reports of obligations; disbursements and other related accounting; and financial and statistical data.
- o Inactive Military Pay - Design, develop and operate the retired and fleet reserve pay systems and the Naval Reserve Drill Pay; Naval Reserve Officer Training Corps; Armed Forces Health Scholarship; and other reserve pay systems.
- o Personnel Support Activity - Maintain military personnel and military pay accounts for the region supported, pay military and civilian travel vouchers, and provide passenger transportation services.
- o Accounting Transactions - IDA Operations - Perform authorization accounting activity services and pay vendor invoices in an Integrated Disbursing and Accounting (IDA) project mode, submit accounting reports, and review accuracy of appropriation and cost accounting data.
- o Fiscal Operations - Prepare check and cash payments for military and civilian payrolls, issue savings bonds, receive and account for miscellaneous cash collections, and prepare various reports of financial transactions for recording on the Navy's central books of accounts.
- o Accounting Policy and Systems - Formulate and prescribe policies, principles and procedures to be followed in the design, development and operation of financial management systems throughout the Department of the Navy.

Activity Group: Navy Finance Activities (cont'd)

- o Financial Management Improvement - Centrally plan, program, design and execute improvements to the Navy's financial management systems under the direction of the Comptroller of the Navy.
- o Standard Financial Systems - Design, develop, implement, operate and maintain standard Navy financial systems in accordance with applicable Department of the Navy automatic data processing (ADP) standards; provide for equipment and services acquisition; perform contract management; and conduct functional and economic analyses.
- o Administration - Provide timely management planning programs, training, comptrollership and overall command direction to ensure effectiveness and efficiency in the operation function

Activity Group: Naval Audit Service
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

The Naval Audit Service is responsible for conducting internal audits of Navy and Marine Corps activities, programs, systems, and functions to determine whether planned and budgeted program results are being achieved and to assess compliance with applicable laws and directives. The Naval Audit Service received its statutory authority through the Naval Security Act Amendments of 1949 and the Budget and Accounting Procedures Act of 1950.

The Naval Audit Service continues to redirected its audit effort in the FY 1988 DON Audit Plan toward program-result auditing. This is in response to peer review recommendations by Arthur Anderson & Company and the DOD Inspector General. In order to support these recommendations, the Naval Audit Service must perform travel-intensive audits and requires microcomputers to support the larger number of complex, program-result oriented audits.

Audits are classified into five broad categories:

- o Multi-location Audits - assess regional or Service-wide problems, performance trends, and accomplishments using data collected on programs or problems at two or more activities. Expanded emphasis is being placed in this category to respond to the needs of Navy management by applying resources against those audit categories which have the potential for generating the greatest savings and efficiencies.
- o Special Purpose - review commercial activity initiatives, nonappropriated fund activities, and perform assist and request audits for various Navy commands and other government agencies.
- o ADP Systems - evaluate developmental and operational automated systems to appraise the adequacy of controls; verify compliance with applicable standards, regulations, and design specifications; review system documentation; and assess the efficiency and economy of system operations or developmental efforts.

Activity Group: Naval Audit Service (cont'd)

- o Weapons Systems - determine the effectiveness of the management and control of major weapons procurement projects and ensure compliance with requirements and regulations relating to contractual procurement.
- o Research and Follow-up - review past audit recommendations and conduct research for use in building the DON Audit Plan for the following fiscal year.

Department of the Navy
Operation and Maintenance, Navy
Exhibit OP-5

Activity Group: Naval Data Automation Command
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

The Naval Data Automation Command (NAVDAC), located in Washington, D.C., exercises operational direction, and technical management and control over the Navy's information systems management program. NAVDAC's mission includes acting as activity group manager for the Navy industrial funded Navy Regional Data Automation Centers (NARDACs) and Navy Data Automation Facilities (NAVDAFs) which provide regional Automation Data Processing (ADP) services to Navy activities. In addition, this Command is the principal staff support and coordination authority for the Assistant Secretary of the Navy (Financial Management), who is the Senior ADP Policy Official for the Chief of Naval Operations (CNO), and the Director, Information Systems Division in carrying out the Department of the Navy (DON) responsibilities for data automation which include formulating and implementing ADP policies and procedures.

To facilitate accomplishment of its missions, the NAVDAC staff is composed of the following directorates:

- o Systems Evaluation Policy Directorate - Provides in-depth support to the Director, NAVDAC, CNO, and the Senior ADP Policy Official for review and evaluation of Automated Information Systems Life Cycle management plans, and ADP equipment acquisition requests.
- o Data Communications Directorate - Provides control of ADP system software through the review and approval of requests for specific software and computer languages.
- o Software Directorate - Manages development and implementation of policies, procedures and guidelines relative to applications software engineering and quality assurance, and provides technical guidance in application software and supporting technology areas to all Navy ADP activities.
- o Computer Systems Operations Directorate - Provides technical direction for computer systems operations Navy-wide and develops policies, plans, standards and procedures governing establishment, growth and management of the Navy's non-tactical data processing installations.

Activity Group: Naval Data Automation Command (cont'd)

- o Advanced Technology, Planning and Marketing - Develops DON information systems concepts and objectives into time-phased resource requirements, and formulates major policy on all aspects of Navy information systems management.
- o Navy Directives Postal and Records Management - Manages the creation, utilization, maintenance and disposition of records throughout DON; develops, manages, administers and provides guidance for programs regarding modern technology of records management and Naval administration; and develops and implements official Navy mail management policies and programs.
- o Command Staff, Comptroller and Administration - Provides full range of managerial support for the command, including uniform administrative policies and procedures; correspondence control and routing, public information services, preparation of the Navy POM, control of manpower and operating budgets, review and markup of the Navy-wide ADP budget and preparation and submission of the ADP budget to the Secretary of Defense/OMB and the Congress.

Department of the Navy
Operation and Maintenance, Navy
Exhibit OP-5

Activity Group: Public Affairs

Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

Public Affairs is a command function which includes all responsibility for contracts with the public and the effect of these contracts on the Navy, evaluation of public opinion and consideration of it in formulating and administering Navy policy, dissemination of information about the Navy in the United States and overseas, and actions taken to promote understanding of the Navy and its many programs and activities.

The purpose of external public affairs is to make available accurate and timely information about the Navy so that members of the general public, the media and Congress may understand and assess the Navy's programs, operations, and needs. Additional functions are Community Relations activities undertaken for the purpose of fostering a spirit of mutual friendship and cooperation with the Navy and people, organizations, and communities in the United States and overseas. Included is the requirement to provide information in accordance with the Freedom of Information and Privacy Acts.

Funds provide for operation of public affairs staffs for major Navy commands, including the Secretary of the Navy and the Chief of Naval Operations, geographically dispersed field activities and the Overseas Community Relations Program.

Public Affairs operations include: assisting top officials of the Navy and Department of Defense in answering queries by various news media, Congress, and the public on local, national and international operations, activities and actions of the Navy; determining those Navy programs and operations which will be of interest to various public organizations, and developing public affairs plans and programs for release of information; maintaining photos of Navy units and news-worthy operations, furnishing the photos on request to news media representatives and the public; providing stock movie footage and "featurettes" on Navy activities to requesting media outlets, schools and organizations; providing assistance, advice, and materials to commercial radio, television, and motion picture producers, and providing guidance to the Recruiting Command's public affairs and advertising campaigns to ensure compliance with Legislative and Executive Branch policy. The Overseas Community Relations Program supports miscellaneous expenses in support of community relations projects such as repair of schools, orphanages and hospitals, minor expenses for organized group participation in local celebrations or festivities, and other materials required to promote and enhance overseas community relations.

Operation and Maintenance, Navy
Exhibit OP-5

Activity Group: INSURV, Legal and Administrative Activities
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

This activity group finances the operations of several diverse administrative functions. The activities included are the Board of Inspection and Survey (INSURV), the Naval Safety Center (NAVSAFECEN), the Naval Historical Center (NAVHISTCEN), operating cost of historical ships, the OPNAV Support Activity, the Naval Legal Service Offices (NAVLEGSVOFF), field activities of the Judge Advocate General (JAG), the Office of Civilian Personnel Management (OCPM) field activities and the Navy Office of Technology Transfer and Security Assistance (NAVOTTSA).

The INSURV conducts trials of ships, service craft and aircraft to determine the adequacy of construction and suitability for the intended purpose, and makes recommendations for acceptance by the Navy. INSURV also conducts surveys and recommends disposition of ships and service craft that are considered to be worn beyond economic repair or, because of obsolescence, to be beyond economical repair and modernization.

The NAVSAFECEN promotes and monitors safety to reduce the incidence of accidents. Safety programs fall into four major categories: aviation safety, submarine safety, surface ship safety, and occupational safety and health. The Safety Center administers a reporting system for collection, analysis, evaluation and publication of accident data; maintains a repository for accident reports; exchanges ideas and information on safety with Navy commands and other government and private agencies to help identify problem areas and correct deficiencies; produces, reviews and edits material for technical and other publications; conducts safety surveys and accident investigations to gather information which is used to recommend policy changes or formulation of new policy; and assists in development and administration of Navy-wide accident prevention programs.

The NAVHISTCEN provides a center for naval historical activities; operates the Navy Department Library; operates the archives for naval operational and other selected records; manages the collection, preservation, exhibition and distribution of objects of historical interest; provides historical information services; and carries out other historical activities. The center is organized into several branches including the Navy Memorial Museum, the Navy Department Library, the Operational Archives Branch, the Curator Branch, the Historical Research Branch, the Ship's Histories Branch, and the Administrative and Fiscal Branch.

Activity Group: INSURV, Legal and Administrative Activities (cont'd)

The Historical Ships Program provides resources to maintain and display the USS Constitution and the ex-USS Nautilus. The USS Constitution serves the nation in a commissioned status as the centerpiece in the Boston National Historical Park. The ex-USS Nautilus was established as a national monument at the United States Naval Submarine Base, Groton, Connecticut.

The OPNAV Support Activity performs functions of an operational nature that support the Chief of Naval Operations Staff Offices. Costs include travel, office supplies and equipment, and salaries of the civilian professional and clerical staff.

NAVLEGSVOFF and detachments provide legal services and counsel in a given geographical area. Services include assigning judge advocates for any command legal matter including, but not limited to, military justice, conducting investigations, adjudicating claims, and providing legal assistance. Operating costs of the 22 NAVLEGSVOFFs and 18 detachments are primarily civilian salaries and general administrative expenses.

JAG field offices provide legal support in military and administrative law, excluding business and commercial law. These offices process and review court-martial cases, provide officers as Government and defense counsel, provide certified military judges, provide legal services for implementation of the Status of Forces Agreement relating to the exercise of criminal jurisdiction and processing of claims in Italy, and provide legal services to the Navy in the area of civilian law (i.e., international law, administrative law, admiralty civil litigation and claims). This activity group supports the administrative costs of civilian personnel, travel and supplies for the Navy-Marine Corps Appellate Review Activity, the United States Navy-Marine Corps Trial Judiciary, the United States Sentencing State Office for Italy, and the Naval Civil Law Support Activity.

OCPM field activities provide resources in support of OCPM regional offices. The regional offices represent OCPM within an assigned geographic area by providing consultation and technical services to Navy field activities on civilian personnel matters and providing advice and guidance as well as exercising control over administration of civilian personnel policy. Programs provided for within this activity group include Employment Classification and Position Management, Equal Employment Opportunity, Labor and Employee Relations and Personnel Management Evaluation.

The Procurement Support Office provides staff support for the development of Navy acquisition policies and programs. In addition to performing reviews of contracts and processing Navy contracts, the staff is involved in promoting competition in procurement, providing support for acquisition streamlining initiatives, and implementing policies and directives for reliability, maintainability and quality for naval development and procurement.

Activity Group: INSURV, Legal and Administrative Activities (cont'd)

The NAVOTTTSA, established on 1 October 1987, consolidates Security Assistance, Technology Transfer and Technology Assessment functions previously performed by several program offices.

II. Financial Summary (Dollars in Thousands).

9-40

Activity Group: INSURV, Legal and Administrative Activities (cont'd)

4. Program Decreases

-3,436

A. Annualization of FY 1988 Decreases	(-363)
1) Annualization of the decrease in personnel at Non-departmental Headquarters activities in accordance with Section 601 of the Goldwater-Nichols Reorganization Act (P.L. 99-433).	-264
2) Annualization of the personnel reduction at the Navy Safety Center.	-86
3) Decrease associated with the reduction of 1 civilian workyear for the Board of Inspection and Survey.	-13
B. One-Time FY 1988 Costs	(-479)
1) Reduction reflects the one-time equipment purchases at various activities.	-434
2) Cost of moving JAG Field Activities to Building 111.	-45
C. Other Program Decreases In FY 1989	(-2,594)
1) Two fever paid days for civilians.	-315
2) Decrease reflects postponement of the implementation of the Safety and Hazard Awareness Information Management System (SHAIMS).	-910
3) Reduction reflects savings realized through employment of the Navy Headquarters Programming System (NHPS) as a replacement system for other systems.	-799
4) Reduced level of personnel support required through automation.	-129
5) Printing reduction associated with the Defense Federal Acquisition Regulation (DFAR), Defense Acquisition Circulars (DAC), Federal Acquisition Regulation (FAR), Federal Acquisition Circulars (FAC), Navy Supplemental Acquisition Regulation (NSAR) and Navy Acquisition Circular (NAC).	-82
6) Submarine Safety Program decreases associated with reduction of backlog in HAWKIT revisions and completion of support effort needed to accommodate personnel in new facility.	-65

0&M,N
9-41

Activity Group: INSURV, Legal and Administrative Activities (cont'd)

- 7) Cancellation of continued expansion of the Naval Historical Center. -224
- 8) Reduction reflects the completion of several "lease to own" contracts at the Board of Inspection and Survey. -45
- 9) Civilian personnel reduction at the Board of Inspection and Survey due to consolidation of functions. -25

I. Description of Operations Financed.

This activity group funds costs associated with the operation of the Civilian Personnel Management Headquarters (OCPM-HQ). OCPM-HQ is responsible for providing staff support for the development of the Department of the Navy's appropriated and non-appropriated fund civilian personnel (Civpers)/equal opportunity (EEO) policies and programs; executing and evaluating DON Civpers/EEO policies and programs based on established policies; and providing resources and direction in support of the regional offices in the performance of their missions. This activity group provides for the following programs and functions:

- o Equal Employment Opportunity (EEO) Program - Develops and manages a comprehensive EEO program for the Department of the Navy. Provides DON-wide program direction and guidance for the development and management of an effective EEO program.
- o Labor and Employee Relations - Develops policy, provides program direction and guidance on DON-wide matters pertaining to labor and employee relations and on the performance management as well as the incentive awards program. Coordinates OCPM regional efforts and provides technical advice and assistance on labor relation and employee relation issues.
- o Personnel Management Evaluation (PME) - Provides program direction and guidance for the evaluation of DON's personnel management. Includes planning and management of DON's on-site PME program and oversight and development of annual on-site evaluation schedules. Provides liaison with outside agencies regarding program matters, development of program manuals and procedures, and oversight and technical guidance to OCPM regional offices.
- o Employment and Classification - Provides advice and guidance on matters pertaining to employment and classification programs; develops and disseminates guides on the application of employment and classification policy and program requirements to operational situations.

Activity Group: Civilian Manpower Management Headquarters (cont'd)

- o Management Information Systems - Provides program direction and defines requirements for the Naval Civilian Personnel Data System (NCPDS).
- o Other Functions - Other functions performed include support for management of the Senior Executive Service, Command Inspector General, legal counsel and assistance.

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout.

	FY 1988			FY 1989		Change FY 88/89		
	FY 1987	Budget Request	Appropriation	Current Estimate	Initial Estimate		Amended Estimate	
							Change

Activity Group: Naval Military Personnel Command
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

This activity group provides resources in support of officer and enlisted personnel distribution, career development, personnel administration and other functions in support of the Chief of Naval Personnel. Such functions include: operation of automated military manpower and personnel management information systems; administration of centralized morale, welfare and recreation efforts; administration of drug and alcohol abuse prevention efforts; monitoring of the operation of a detention center and absentee collection units; budgeting and accounting for the Military Personnel, Navy (MPN) appropriation, Training and Administration of the Naval Reserve (TAR) portion of the Reserve Personnel, Navy (RPN) appropriation and Navy's portion of the Retired Pay, Defense (RPD) appropriation. The following are major components within the Naval Military Personnel Command (NAVMIIPERSCOM):

- o Management Information System (MIS) - Supports the Deputy Chief of Naval Operations for Manpower, Personnel and Training/Chief of Naval Personnel mission requirements for Total Force Management by collecting, maintaining and reporting factual data about manpower and personnel. Distribution systems provide processing and management information support to the officer and enlisted distribution divisions.
- o Data Resource Management (DRM) - Improves the quality of manpower, personnel and training (MPT) data; registers and standardizes data elements; and improves response to management's needs for information resource directory and is producing plans, policies, assessments and techniques for Manpower, Personnel and Training Information Systems (MPTIS). DRM will enhance productivity through data management, ensure consistency of data elements and improve integration among MPTIS.
- o Source Data System (SDS) - Is being implemented to provide automated support to the world-wide network of Personnel Support Activities and Personnel Support Detachments. SDS will assist in the performance of field level pay and personnel functions by decreasing deficiencies in data reporting and information management. SDS will also provide timely and accurate reporting to Navy's central personnel systems under NAVMIIPERSCOM. SDS software will maintain synchronization between field and central data bases.

Activity Group: Naval Military Personnel Command (cont'd).

- o Navy Automated Civilian Management Information System (NACHIS) - Provides a central data base system designed to improve the accuracy and timeliness of civilian manpower information. The Program provides automated support to local civilian personnel offices (CPOs) and to all levels of Navy management, including interfaces to federal agencies other than Navy. NACHIS also supplies automated support in the areas of employment, training, litigation, demographics and performance appraisal. NACHIS is comprised of three major portions: Naval headquarters systems; NACHIS I, which currently supports Civilian Personnel Offices (CPOs); and Navy Civilian Personnel Data System (NCPDS) which will replace NACHIS I and encompass all headquarters and field systems.
- o Decision Support System (DSS) - Provides manpower, personnel and training (MPT) managers with automated models on personnel projections and allocations, goal and recruiting modeling, policy analysis, economic analysis, policy execution and personnel management/distribution. DSS provides support for planning and budgeting of critical manpower requirements of such programs as Selective Re-enlistment Bonus (SRB), Career Re-enlistment Objectives (CREO), Class "A" School Plans and Military Personnel, Navy (MPN) budget models. The Navy Manpower Planning System (NAMPS) provides alternative plans and policies based on manpower requirements and constraints. Additionally, NAMPS provides managers with manpower and training requirement determinations for total force manning of ships, squadrons and shore activities under current conditions, reserve augmentation, mobilization or other wartime scenarios.
- o Real-Time Automated Personnel Identification Data System (RAPIDS) - Finances the development of a more secure identification card system to eliminate fraud and waste in the benefits programs provided to the Armed Services. Navy is designated the executive agent for world-wide project implementation. The proposed system will use an embossed electrically readable identification card. RAPIDS will interface with the Defense Enrollment Eligibility Reporting System (DEERS) to verify eligibility status of military medical care, exchange and commissary privileges.
- o Military Personnel Records System (MPRS) - Controls and administers the personnel records of all current and former members of the Navy and Naval Reserve. This automated system maintains and updates the military personnel records in a microfiche format and then distributes the records to authorized users.

Activity Group: Naval Military Personnel Command (cont'd).

- o Pay and Personnel Administrative Support System (PASS) - Provides Personnel Support Activities and Personnel Support Detachments with automated pay, personnel and transportation support world-wide. This Program utilizes interim word processing equipment pending implementation of the Source Data System (SDS). The Electronic Reservation and Ticketing Service (ERTS) is used to reduce Navy-wide travel costs through the leasing of electronic reservation and ticketing equipment. This equipment is located in the PASS offices and allows Navy Passenger Transportation Offices to make reservations and issue tickets at the least expensive rate.
- o Navy Occupational Development and Analysis Center (NODAC) - Collects and analyzes occupational data to support Navy manpower management, personnel administration and training programs. This data is used in specifying occupational skill requirements and in the development and revision of personnel classification systems and career structures. This categorization facilitates the updating of Navy advancement examinations, training course curriculum, rate training manuals, Navy correspondence courses and supports the Rating Review; Navy Enlisted Occupational Classification System (NEOCS) Board.
- o Computerized Adaptive Testing (CAT) - Is a Department of Defense (DOD) Five-Service Selection and Classification Testing Program for non-prior service applicants to be implemented as replacement for the paper/pencil Armed Services Vocational Aptitude Battery (ASVAB) test. CAT is designed to improve the selection and job classification process of recruits for the Navy, Army, Air Force, Marine Corps and Coast Guard. CAT measures the applicant's aptitude/mental group levels more precisely, improves accession test security and will reduce testing costs. Navy is designated the executive agent for implementation and operation for the CAT Program.
- o Officer and Enlisted Retention Programs - Provide retention team travel and per diem to overseas and Continental United States Fleet concentration areas to enhance personal contact between constituents and their detailers.
- o Submarine/Underwater Demolition/Diver/Explosive Ordnance Disposal Teams - Provides travel and per diem for motivation teams to encourage Navy personnel to volunteer for these unique career programs, to enhance retention efforts and to publicize and explain reenlistment and program benefits.

Activity Group: Naval Military Personnel Command (cont'd).

- o Manpower Authorization Division - Manages military manpower allocations at the unit level by developing and maintaining military manpower authorization documents. This Division maintains balance between programmed manpower resources reflected in the Five Year Defense Plan (FYDP) and billets/positions contained in unit level manpower documentation; approves deviations from manpower, personnel and training (MPT) policy and from FYDP/billet balance in processing manpower change requests; ensures consistency with current policies; and initiates final action on manpower authorization requests.
- o Navy Appellate Leave Program - Was established to consolidate the tracking of individuals on appellate leave, reduce inaccuracies associated with the existing process and reduce cost of entitlement for medical and other benefits.

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout.

		FY 1987		FY 1988		FY 1989		
		Budget Request	Appropriation	Current Estimate	Initial Estimate	Amended Estimate	Change	
								FY 88/89
Naval Military Personnel Command,								
Total		117,939	121,453	112,135	111,225	131,403	-18,839	112,564
								1,339

Activity Group: Naval Military Personnel Command (cont'd).

B. Reconciliation of Increases and Decreases.

1. FY 1988 Current Estimate		\$111,225
2. Pricing Adjustments		2,889
A. Annualization of FY 1988 Direct Pay Raise		
1) Classified	(189)

2) Other Purchases Inflation	2,301	
3) Other	161	
3. Functional Program Transfers		-174
A. Transfers In	(58)	
1) Intra-Appropriation	58	
a) Appellate Leave - Functional transfer between CNET, CINCLANTFLT, CINCPACFLT and NMPC.		
B. Transfers Out	(-232)	
1) Intra-Appropriation	-232	
a) SLUC funds to rent commercially leased space realigned to Budget Activity 9, Base Operations Support, for direct payment to General Services Administration Federal Building Fund.		

Activity Group: Naval Military Personnel Command (cont'd).

4. Program Increases

3,760

A. One-Time FY 1989 Costs

(536)

- 1) Data Resource Management (DRM) - One-time cost for contractor support to assist in conversion of data elements and logical data structures for existing application systems which will interface with Integrated Military Personnel Data Base (IMPDB) and which require access to personnel data.

536

B. Other Program Growth in FY 1989

(3,224)

- 1) Management Information System (MIS) - Increase provides for the following:

1,139

- a) Additional software lease and maintenance costs associated with providing connectivity of additional user applications to the Naval Military Personnel Command (NAVMILPERSCOM) data center computers. Also, implementation of automated data processing programmer productivity tools in fourth generation language (98).
- b) Operation of six mainframe computer systems installed at NAVMILPERSCOM (124).
- c) Incorporation of several stand-alone systems into the Integrated Military Personnel Data Base (IMPDB) along with integration of the personnel and pay systems (707).
- d) Develop and implement the mandated Information Resources Management Program for the Chief of Naval Personnel Community (210).

O&M,N
9-65

2) Decision Support System (DSS) -
Increase support the following:

- a) Redesign of Advancement, Strength and Training Planning (ADSTAP) MPT computer models to work under fourth generation software, graphics and a data base management system. Twenty-two distinct operational ADSTAP models require redesign and documentation (200).
 - b) Additional contractor support for the Reserve Force Management Information System (RFMIS) to redesign all Reserve automated data processing models into one Life Cycle Management (LCM) information system (140).
 - c) Implementation of an Information Technology Center (ITC) for technical support of end-user computing and for development of end-use applications (200).
 - d) Additional contractor support for the Navy Headquarters Programming and Budgeting System (NHPS/BS) to implement the secure network, develop and implement the financial management data base and applications for the resource sponsor and claimancy functions (289).
- 3) Data Resource Management (DRM) - Increment provides contractor support in the area of data base design for the Integrated Military Personnel Data Base (IMPD8); thus, consolidating all automated records for military personnel. IMPD8 will provide a single authorization source for data relating to Navy officer and enlisted (active and inactive) personnel. IMPD8 is being designed to implement requirements of the Paperwork Reduction Act (Reform 83) and General Accounting Office reports mandating elimination of redundancies and inconsistencies in personnel.

Activity Group: Naval Military Personnel Command (cont'd).

- 4) Real-Time Automated Personnel Identification Data System (RAPIDS) - Increase provides for development of personal computer (PC) software to access all DoD sites on their available equipment. This development is specifically designated for reserve, small, etc., activities that do not merit the purchase of work stations hardware, but still need the benefits of performing computerized updates. 643
- 5) The Pay and Personnel Administrative Support System (PASS) - Increase will support word processing system requirements, travel for quality assurance visits, conferences and the start-up of an audiovisual training program designed to educate/improve the quality of service provided by the Personnel Support Detachments. 236
- 6) Navy Occupational Development and Analysis Center (NODAC) - Increase provides support to maintain the Navy's enlisted and officer occupational data bases and conduct task analysis in support of manpower, personnel and training requirements determinations. 115
- 7) Office Automation - Increase required to purchase office automation equipment including upgrading spaces with more efficient work stations. Word processing equipment has surpassed its economically useful life and must be replaced with more efficient equipment capable of handling the increasing workload. 31
- 8) Command Travel - Recent Navy incidents such as those experienced by the USS Stark, have resulted in adverse publicity for the Navy because of the manner in which funeral honors and casualty assistance calls were handled. To alleviate the situation and produce a more informed Navy Casualty Program world-wide, NMPC has initiated a training program for casualty assistance officers and Navy personnel providing military funeral honors. To administer the training program and provide follow-up and assistance visits, travel and per diem is required. 21

5. Program Decreases

-5,136

A. Annualization of FY 1988 Decreases (-143)

- 1) Decrease reflects full workyear costs for civilian end strength associated with the completion of Navy Civilian Personnel Data System (NCPDS) base and headquarters level system deployment needed for NACHIS I maintenance programs. -138

- 2) Civilian Work Force Mix - Dollar savings associated with application of historic economic mix of full-time permanent and temporary employees. -5

B. One-Time FY 1988 Costs (-1,097)

- 1) Decrease reflects one-time procurement of microcomputer boards, tops, drop cables and bus interface units. -310
- 2) Decrease reflects one-time procurement of microcomputers. -787

C. Other Program Decreases In FY 1989 (-3,896)

- 1) Distribution Systems - Decrease is due to the implementation of the Officer Assignment Information System (OAIS), Enlisted Assignment Information System (EAIS) and Support Programs for Incentives, Retention and Training (SPIRIT) on minicomputers; thereby, requiring less development work to be contracted out. Also, decrease reflects competitive market trends toward less expensive hardware maintenance. -113

Activity Group: Naval Military Personnel Command (cont'd).

- 2) Navy Automated Civilian Management Information System (NACHIS) - Decrease for the following: -2,994
 - a) Contractor support for implementation of NCPDS. NCPDS base and HQ level systems development are planned to be completed by end FY 1988 (-712).
 - b) Maintenance of data point automated data processing equipment (ADPE) being discontinued since ADPE was replaced by C3 equipment; C3 user training (Capital Region and Hawaii) was completed in FY 1988 (-217).
 - c) Completion of NCPDS base level system data conversion and load support by the Department of Energy (-82).
 - d) NARDAC support for NACHIS I field software maintenance, HQ system ADPE time and NCPDS implementation (-1,983).
- 3) The Source Data System (SDS) - Decrement reflects delayed implementation of 11 geographically separated sites until FY 1990; resulting in reduced hardware maintenance. -258
- 4) Navy Manpower Planning Systems (NAMPS) - Decrease reflects reduction of contractor support in programming and development efforts. -7
- 5) Decrease reflects completion of the second phase of automated data processing and efficiency measures in administrative functions initiative that began in FY 1988. -122
- 6) Two fewer paid days for civilians. -285
- 7) Efficiency Reviews - Projected savings resulting from scheduled Efficiency Reviews. -117

6. FY 1989 President's Budget Request \$112,564

Activity Group: Naval Military Personnel Command (cont'd).

Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

The Navy Manpower Engineering Center (NAVMEC) is tasked to execute the Navy Manpower Engineering Program (NAVMEP) by developing manpower requirements including the Ship Manpower Document (SMD) and Squadron Manpower Document (SQMD). These documents identify manpower requirements for individual fleet units, all classes of ships and for all squadrons within the aviation community. NAVMEC also provides training for manpower requirements development and use; designs, develops, operates and maintains assigned databases and information systems; and integrates related manpower systems to ensure consistent data availability. NAVMEC is also responsible for the formulation of policies and procedures for the efficiency review (ER) program, although actual efficiency reviews will be conducted by claimant/field activities commencing in FY 1988.

Activity Group: Navy Family Allowance Activity
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

The Navy Family Allowance Activity (NAVFAMALVACT) is tasked to determine and certify eligibility of dependents of active, retired and deceased Navy personnel for certain allowances, benefits and privileges; administer policy regarding financial support of dependents of active duty enlisted members and of all retired members; control allotments and pay account data of missing members; administer the waiver of indebtedness of erroneous payments to members and former members of the Naval service and certain non-military persons; effect the garnishment of pay and allowances for enforcement of child support and alimony obligations of Navy members active and retired; process involuntary child or child and spousal support allotments of active duty Navy members; administer the provisions of the Uniformed Services Former Spouses' Protection Act; perform tasks as directed by the Commander, Naval Military Personnel Command in the operation of the Permanent Change of Station (PCS) and Operation and Maintenance, Navy (O&M,N) cost systems which develop the Navy's estimated obligations for PCS moves for Naval personnel and their dependents; perform analysis of Per Diem for Less Than 20 Weeks Training account; produce reports and other data; review voucher payments; and make necessary adjustments for the Training and Administration of the Naval Reserve (TAR) Program chargeable to the Reserve Personnel, Navy (RPN) appropriation.

Exhibit OP-5

Activity Group: Military Manpower Management
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

This activity group provides resources in support of the following individual programs:

Enlisted Personnel Management Center (EPMAC)

EPMAC provides centralized management support for the distribution of active duty enlisted personnel in accordance with the overall personnel management policies established by the Commander, Naval Military Personnel Command and the manning policies of the Manning Control Authorities (MCAs).

Navy Personnel Evaluation Boards

The Naval Council of Personnel Boards is comprised of the Central Physical Evaluation Board, Physical Review Council, Naval Discharge Review Board, Naval Complaints Review Board, Naval Clemency and Parole Board, Naval Physical Disability Review Board and the Employee Appeals Review Board. The Board for Correction of Naval Records is a statutory civilian board established in accordance with the provisions of 10 U.S.C. 1552. Its purpose is to relieve the Congress of the necessity to consider private relief laws for the correction of errors and injustices suffered by members and former members of the military services. The Secretary of the Navy, acting through his civilian board, is authorized to correct any naval record where such action is necessary to correct an error or remove an injustice. The Board conducts hearings and prepares reports containing findings, decisions and recommendations for Secretarial review and action. It is the forum for appealing the decisions of most other administrative boards and is the highest administrative tribunal with respect to military personnel matters within the Department of the Navy. The Board of Decorations and Medals has overall responsibility to assist and advise the Secretary of the Navy on all matters of policy, procedure and administration with regard to decorations and medals in the Department of the Navy to maintain and preserve the high standards and integrity of the Navy Awards System.

3. Program Increases

375

A. Other Program Growth in FY 1989

(375)

- 1) EPHAC is a major distribution information processing and support site within the Manpower and Personnel Training Information System architecture. To accomplish EPHAC's goal of efficiently and effectively managing military personnel, state-of-the-art software and training is required.
- 2) Increase supports the Manning Control Authority for Reserve by developing a plan for automated data processing integration and synchronization of various manpower programs. This provides a Navy-wide inventory and provides the Fleet with manpower information to enable efficient evolution of manpower, enhancing the effectiveness and capability in personnel distribution management. In order to provide this capability, software enhancement and maintenance is required.

101

274

4. Program Decreases

-193

A. Other Program Decreases in FY 1989

(-193)

- 1) Two fewer paid days for civilians.
- 2) Reduction due to the completed purchase of additional automated data processing modules and supplies required to support full operation of the computer floor.
- 3) Reduction in programming assistance from the Naval Regional Data Automation Center (NARDAC) to convert and update the ADP systems for the Naval Discharge Review Board, the Naval Clemency and Parole Board, and the Disability Evaluation Board.

Activity Group: Civilian Personnel Management
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

This activity group administers and executes civilian personnel (CIVPERS)/Equal Employment Opportunity (EEO) programs within the Chief of Naval Operations (CNO) in support of policies and direction from higher authority; manages DON-wide programs as assigned and performs such functions and tasks as may be directed by higher authority. This activity group provides the following programs:

- o Equal Employment Opportunity (EEO) Program - Implements and manages a comprehensive EEO Program for the Chief of Naval Operations organization as established by higher authority; ensures that programs are executed and monitored consistent with EEO laws, policies and regulations; manages the formal investigations of all civilian discrimination complaints and represents the CNO on all matters related to civilian equal employment opportunity issues.
- o Discrimination Complaint Investigators - Provides for Discrimination Complaint Investigators to meet Office of Personnel Management (OPM) regulations which impose minimum requirements for appeals examiners in adverse action cases and establish a requirement for grievance examiners to be used in connection with investigating and resolving the grievances of employees. These examiners are located in Washington, DC; Philadelphia, PA; Norfolk, VA; Walnut Creek, CA and San Diego, CA.
- o Staffing and Training - Establishes policies and programs to ensure the hiring, promotion and training of a highly competent civilian work-force; executes and monitors special programs aimed at improving technical skills related to fleet readiness; sponsors developmental programs to maximize recruitment of professional expertise; and executed programs to ensure the highest quality of applicants for professional, technical and administrative positions, as well as positions overseas.
- o Classification - Manages the implementation of position classification and compensation programs within the CNO; monitors legislative initiatives on retirement and alternative pay systems and develops CNO policy for delegation of classification authority to line managers.

Activity Group: Civilian Personnel Management (cont'd)

- o Labor and Employee Relations - Responsible for managing the implementation of labor relations and employee relations programs within the CNO.
- o Naval Civilian Personnel Data System (NCPDS) Center, San Antonio, Texas - Provides on-site management and support to the NCPDS, which is the official support system to meet the Navy's requirement for timely, accurate and comprehensive civilian personnel information.
- o Other Functions - Other functions performed include: Internal Review, Internal Control, Security, the development and administration of the Navy Civilian Research, Development and Studies (RD&S) program and serves as civilian coordinator for the CNO Manpower, Training and Personnel System (MANTRAPERS).

Activity Group: Special Program Support
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

Special Program Support provides for a variety of efforts which are specific in purpose and support either Navy-wide or extra-Navy requirements. The following programs are included in this activity group:

- o Employee Compensation Fund - Reimburses the Department of Labor for compensation and medical benefits paid to civilian employees of the Department of the Navy who sustain job-related illness or injuries. Under Department of Labor billing procedures, the actual payment by Navy to Labor is made two years after the period in which the costs were incurred. The FY 1989 request reflects actual costs for compensation and benefits incurred from 1 July 1986 through 30 June 1987.
- o Unemployment Compensation Fund - Provides resources to reimburse states, through the Department of Labor, for unemployment compensation paid to former employees of the Department of the Navy who meet eligibility criteria.
- o Postal Services Payments - Covers official mail costs derived from the United States Postal Service (USPS) Revenue, Pieces and Heights Sampling system. This activity group accommodates Navy-wide requirements satisfied by the USPS.
- o Vice Presidential Grounds - Program maintains the grounds surrounding the Official Residence of the Vice President. Its goals are to provide an aesthetically pleasant setting for the residence, to maintain a thermally controlled environment around the Naval Observatory's telescopes, and to provide sufficient fields of view for security forces. Funding supports expenses associated with planting, care, trimming, and pruning of lawns, shrubs, flower beds and trees; operation of greenhouses to provide plants for the residence and grounds; and general clean-up of the grounds.

Activity Group: Special Program Support (cont'd)

- o White House/Marine Corps Development and Education Command (MCDEC) Helicopter Program - Provides for the cost of petroleum, oil and lubrication, and temporary additional duty funds for flight operations in support of mission requirements. Funds are also included for organizational and intermediate level maintenance support for other than contractor maintained aircraft. The cost per operating hour of each model aircraft is computed using actual operating data for the past year. The mission of Helicopter Squadron ONE, located at Quantico, Virginia is directed toward:
 - Providing helicopter transportation for the President and Vice President of the United States, members of the President's Cabinet and foreign dignitaries.
 - Providing helicopter emergency evacuation support as directed by the Director, White House Military Office.
 - Planning, executing and evaluating projects of a technical or tactical nature originated by or assigned to the unit.
 - Furnishing aircraft, pilots and crews for administrative and logistical flights as directed by the Commanding General, MCDEC.
 - Providing local airborne search and rescue operations.
 - Maintaining and training flight crews to support the executive mission.
- o Congressional Travel - As part of their Department of Defense oversight responsibilities, the House and Senate Armed Services Committees and the Defense Subcommittees of the Appropriations Committees visit Defense contractors, naval bases, shipyards and air rework facilities. In addition, members of Congress are invited by the Navy to attend briefings, ceremonies and demonstrations. Transportation, per diem and incidental expenses are financed from this fund on an actual cost basis.

Activity Group: Maintenance of Real Property
Budget Activity: 9 - Administration and Associated Activities

1. Description of Operations Financed.

This program provides maintenance, repair and minor construction of buildings, structures, grounds and utility systems required for facilities located within the Naval District Washington as well as 44 activities located with other commands as tenants who reimburse the host commands for services received.

The major elements of this program are:

- o Facilities Maintenance - finances scheduled, day-to-day recurring maintenance and emergency service work needed to preserve facilities.
- o Major Repairs - provides major repairs necessary to bring existing facilities into adequate condition to support assigned missions.
- o Minor Construction - finances the erection, installation or assembly of real property facilities; the addition, extension, alteration, conversion or replacement of existing real property facilities; the relocation of real property facilities; and the installation of equipment which becomes part of a facility.

Activity Group: Base Operations

Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

This activity group provides base support services and material for activities in the Naval District Washington (NDW) and 44 other activities which are tenants of other commands and must reimburse the host commands for services received. This activity group also finances payments to the General Services Administration for space occupied by the Navy.

The major elements of this program are:

- o Utility Operations - Includes operating expenses for purchased electricity, electricity generating plants, purchased steam and hot water, heat plants, utility distribution systems, waste systems, air conditioning and refrigeration plants.
- o GSA Leasing - finances payments to the General Services Administration (GSA) for government owned/leased space occupied by the Department of the Navy.
- o Personnel Operations - Support required for personnel related functions include expenses for:
 - Bachelor Housing Operations and Furnishings - provides support for the operation of barracks and the purchase and maintenance of personnel support equipment related to this housing.
 - Other Personnel Support - provides for mess halls, sales activities, laundry and dry cleaning facilities.
 - Morale Welfare and Recreation - provides authorized appropriation fund support for shore based recreation activities.

Activity Group: Base Operations (cont'd)

- o Base Operations - Mission - Support for those base operations functions which are required in direct support of the mission of the base. Expenses are included for the following functions:
 - Retail Supply Operations - In addition to standard supply functions, this item includes the procurement, receipt, storage and issue of bulk liquid fuel, including operating aircraft fuel servicing facilities. Additionally, waterfront operations such as handling incoming and outgoing cargo are included.
 - Maintenance of Installation Equipment - provides for maintenance of major shore based equipment including services and miscellaneous craft, construction equipment (non-deployable), weapons, electronics, electronic engineering, and fleet moorings.
 - Other Base Services - provides for the maintenance and operation of vehicles/other transportation equipment, port services (includes navigational assistance to ships, operation of service craft, degaussing operations, and oil spillage cleanup).
- o Base Operations - Ownership - Support required at shore bases, regardless of type of mission being performed, which must be sustained to have a functional base. Expenses are included for the following functions:
 - Other Engineering Support - Public Works Department Administration, engineering services, custodial services, refuse/garbage collection and disposal, snow removal, rental and leasing of real property, and fire protection and firefighting for Navy activities and their tenants.
 - Administration - provides support related to financial/resource management, civilian manpower management, and maintaining military personnel records.
 - Physical Security - provides personnel and resources to ensure physical security of Naval bases and stations.

Activity Group: Base Operations (cont'd)

1,986

3. Functional Program Transfers

(2,032)
2,032

A. Transfers In

- 1) Intra-Appropriation
 - a) Transfer of funds from various other commands, in accordance with current directives, into the Federal Building Fund for payment of occupied leased space (1,677).
 - b) Transfer of civilian personnel from NAVTELCOM and MSC to the Consolidated Civilian Personnel Office (CCPO), in support of civilian personnel services (198).
 - c) Transfer of civilian personnel from NAVTELCOM in order to staff the Communications Center in the Naval District, Washington (133).
 - d) Transfer functions of the Naval Education and Training Program Management Support Activity (NETPMSA) (24).

(-46)
-46

B. Transfers Out

- 1) Intra-Appropriation
 - a) Transfer of civilian personnel to the Naval Printing and Publishing Service Office (NPPSO) from CCPO, Washington because classifying services are no longer required (-46).

Activity Group: Base Operations (cont'd)
 4. Program Increases

63

A. Other Program Growth in FY 1989

1) Increase required to support the full operation of Enlisted Personnel Management Center (EPMAC) computer floor.	(63)
2) Increase required to support additional staffing for Navy Manpower Engineering Center (NAVMEC).	4
3) Increase required to update communications equipment in heavy telephone traffic areas within the Naval Military Personnel Command (NMPC). These include providing headsets so hands will be free to research information; installation of telephone answering devices and expanding rotary telephone service. This equipment will enable NMPC to provide better service to the fleet by improving response time and accessibility.	3

56

5. Program Decreases

-2,491

A. Annualization of FY 1988 Decreases

1) Decrease reflects savings associated with efficiency reviews conducted throughout NDW.	(-689)
2) Savings resulting from reduced manning of shifts, associated with the renovated power supplies at the Washington Navy Yard.	-180
3) Personnel savings in Retail Supply Operations and Personnel Support functions through automation.	-110
4) Savings resulting from reduced firefighter levels due to improvements in fire prevention.	-28
5) Reduction reflects decreases in personnel at headquarters activities.	-26
6) Personnel savings for mail and messenger service associated with reduced number of routes.	-227
7) Reduction of civilian personnel required at Pay and Personnel Administrative Support System (PASS) offices.	-46
8) Reduced staffing in the Space Management Program.	-48
	-24

O&M,N
 9-120

Activity Group: Base Operations (cont'd)

B. One-Time FY 1988 Costs.

(-269)

- 1) Completion of initial training of personnel on the SECNAV budgeting system. -12
- 2) Purchase of ADP systems furniture. -31
- 3) Purchase of extinguishers and fire protection apparatus to support additional spaces and personnel at the Washington Navy Yard. -163
- 4) Furniture purchased for renovated training spaces at the CCPQ. -36
- 5) Purchase of a new filing system for CCPQ. -27

C. Other Program Decreases in FY 1989

(-1,533)

- 1) Two fever paid days for civilians. -169
- 2) Decrease reflects savings identified through efficiency reviews in the Naval District, Washington. -368
- 3) Reduction in administrative personnel requirements through automation. -260
- 4) Fever CCPQ personnel required in classification areas. -64
- 5) Reflects efforts to reduce energy utilization by one to two percent through conservation and facility improvements. -30
- 6) Savings resulting from contracting out the Capitol Region Motor Pool. -566
- 7) Decrease results from a change in billing procedures at NMPC. The resources made available by this adjustment have been realigned to support Maintenance of Real Property (MRP). -3
- 8) Resources realigned to NAVNEC non-BOS to support operational travel and ADP commercial contract associated with SMD and SQMD programs. -73

Activity Group: International Headquarters and Agencies
Budget Activity: Ten - Support to Other Nations

I. Description of Operations Financed.

The Support to Other Nations program provides resources for the Latin American Cooperation Program, and emergency medical travel for Navy personnel and their families at Military Assistance Advisory Groups (MAAGS), Missions, and Defense Attache Offices worldwide.

This activity group also supports the Technology Transfer Program. The goal of this program is to control the export of technology, goods and services which could contribute to the military potential of other countries to ensure that such exports are consistent with the national security interests of the United States. These funds provide for review and evaluation of munitions cases, strategic trade cases, technical data exchange agreements, science and technology agreements, reciprocal Memoranda of Understanding, and similar agreements.

Title 10 legislative initiatives provide support to the unified commanders' conduct of cooperative programs with friendly nations for joint/combined exercises, payment of foreign defense personnel expenses in conjunction with conference/seminars, and humanitarian/civic assistance (H/CA). H/CA programs are conducted to accomplish meaningful projects that directly benefit the social and economic well being of the countries involved. H/CA programs significantly improve the image of the U.S., develop outstanding relationships between U.S. armed forces personnel and the indigenous populations and directly enhance U.S. regional interests by fostering peace and stability while improving socio-economic factors.

Budget Activity: 11 Special Operations Forces (Summary)

I. Description of Operations Financed.

The mission of Navy Special Operations Forces (NAVSOFF) is to conduct unconventional warfare and amphibious pre assault operations in support of national or battle force commanders objectives with special attention given to operations in maritime, coastal, and riverine environments. Forces are required to be combat ready and are trained in a wide range of operations requiring skills in parachuting, electronic surveillance, small arms, and small craft handling. Funding requirements include funds for travel, equipment maintenance and repair, service and supplies for the Seal Teams, Seal Delivery Vehicle Teams, and Special Boat Units. Additionally funds support the operation of Naval Special Warfare Teams, and Joint Special Operations Command and the Naval Special Warfare Command.

Budget Activity XI was established in FY 1988 in accordance with Congressional direction. All programs were transferred from Budget Activities 2, 7, and 8 and consolidated in Budget Activity 11. All available audit savings have been incorporated into the following budget estimates.

Activity Group: Maintenance of Real Property
Budget Activity: II Special Operations Forces

I. Description of Operations Financed.

A. Maintenance and Repair of Class I and Class II Real Property. Charges which are considered appropriate for this activity group include maintenance and repair of all public works functions including buildings, structures, and grounds necessary for successful performance of the Naval Special Warfare Center, Coronado, CA.

B. Minor Construction. Expenses for the erection, installation or assembly of real property facilities; for the relocation of real property facilities; and for the installation of equipment which is made part of Naval Special Warfare Center facility. Specific undertakings financed with minor construction funds become necessary when existing facilities are not capable of satisfying habitability, operational, health, safety, morale, welfare, or energy needs. Also, projects for new facilities which have become necessary due to mission changes, criteria changes or regulatory considerations.

Activity Group: Base Operations
Budget Activity: 11 Special Operations Forces

I. Description of Operations Financed.

This program provides base operations support for the Naval Special Warfare Center, Coronado, CA. Shore based functions within this program include: Utility Operations; Personnel Operations; Other Personnel Support and Other Base Services; and Base Operations-Ownership (Administration and Automatic Data Processing).

Expenses financed by this program include civilian labor, fringe benefits, contractual services, materials and supplies associated with:

Procurement of utilities which are essential to the operation of Naval shore facilities, i.e., electrical energy, purchased steam and hot water, and other utilities.

Support of administrative transportation, motor pools, and rental of passenger-carrying motor vehicles.

Administrative functions related to financial resource management, office services, word processing services, and other miscellaneous administrative services and functions.

Automatic data processing (ADP) contractual services and supplies.
