13. ABSTRACT (Maximum 200 words) This grant provided essential financial support for the Gordon Research Conference on Point & Line Defects which was held July 20-24, 1987 at Plymouth State College in Plymouth, New Hampshire. The objective of this conference was to bring together scientists so that they could exchange recent research results and the conference provided a mechanism for the development of close interactions between these scientists. The conference was attended by conferees from academia, industry and government. In addition, there were participants from the following countries: West Germany, The Netherlands, Italy, France, Canada, Iceland, Poland, UK, Japan, Sweden, and India. The quality of all of the lectures was exceptionally high and considerable discussion followed each lecture. Many of the conferees expressed very favorable comments about the intellectual stimulation provided by this conference.
