FOREWORD

This index lists reports published by the U. S. Army Construction Engineering Research Laboratory (USACERL) from October 1984 through December 1990. It contains a Report Number Index that lists complete bibliographic information on each report. It also contains Author, Subject, Title and AD Number indexes that are cross-referenced to the Report Number Index.

The letter at the end of each entry in the Report Number Index refers to the distribution category of the report. The letter codes and categories are as follows:

- a. Approved for public release; distribution is unlimited.
- b. Distribution authorized to U. S. Government agencies only.
- c. Distribution authorized to U. S. Government agencies and their contractors.
- d. Distribution authorized to the Department of Defense and DoD contractors only.
- e. Distribution authorized to DoD components only.

Reports with an "a" distribution code are available from

National Technical Information Service (NTIS)
Springfield, VA 22161
(703) 487-4650

Reports with other distribution codes are available to registered users of the Defense Technical Information Center:

Defense Technical Information Center (DTIC)
Cameron Station
Alexandria, VA 22304-6145
(202) 274-7633

Both NTIS and DTIC charge for reports based on the format (microfiche or paper copy) and the length of the report. Contact NTIS or DTIC for the exact price. For faster service, cite the AD number when ordering.

An index to reports published by USACERL from the laboratory's inception in 1969 through September 1984 is available from NTIS. The order number is ADA168728.

REPORT NUMBER INDEX

E-85/01 Sliwinski, BJ; Development of civil works energy goals for dredging operations. Oct 1984. Technical Report. E-85/01. ADA149493. a.

E-85/02 Hittle, DC; Johnson, DL; New control design principles based on measured performance and energy analysis of HVAC systems. Jan 1985. Interim Report. E-85/02. ADA151708. a.

E-85/03 Amber, JA; Leverenz, DJ; Herron, DL; Automated building design review using BLAST. Jan 1985. Technical Report. E-85/03. ADA151707. a.

E-85/04 Pierce, ET; Fox, EC; Thomas, JF; Fuel-burning technology alternatives for the Army. Jan 1985. Interim Report. E-85/04. ADA151527. a.

E-85/05 Percivall, G; PI control of a single-duct VAV HVAC system. Jun 1985. Technical Manuscript. E-85/05. ADA159049. a.

E-85/06 Ducey, RA; Joncich, DM; Griggs, KE; Sias, SR; Heat recovery incineration : a summary of operational experience. Mar 1985. Special Report. E-85/06. ADA152236. a.

E-85/07 Lawrie, LK; Development and use of the Life Cycle Cost in Design Computer Program (LCCID). Nov 1985. Technical Report. E-85/07. ADA162522. a.

E-85/08 Bishop, RL; Adaptive identification and control of HVAC systems. Sep 1985. Technical Report. E-85/08. ADA161203. a.

E-86/01 Joncich, DM; Ducey, RA; Photovoltaic power system performance : a case study at Fort Huachuca, Arizona. Oct 1985. Technical Report. E-86/01. ADA162248. a.

E-86/02 vI Sliwinski, BJ; Model of U.S. Army Materiel Command (AMC) energy consumption, vI, Development of monthly energy consumption equations. Mar 1986. Technical Report. E-86/02 vI. ADA167366. a.

E-86/02 vII Sliwinski, BJ; Model of U.S. Army Materiel Command (AMC) energy consumption, vII, Installation equations and related statistics. Mar 1986. Technical Report. E-86/02 vII. ADA167327. a.

E-86/03 Pierce, ET; Barkenbus, J; Fox, EC; Joncich, DM; Sigmon, EB; Fuels selection alternatives for Army facilities. Dec 1986. Technical Report. E-86/03. ADA177062. a.

E-86/04 Kedl, RJ; Sohn, CW; Assessment of energy storage technologies for Army facilities. May 1986. Technical Report. E-86/04. ADA171513. a.

E-86/05 Herron, DL; Chu, D; Burton, CL; Preliminary recommendations for improving the construction and acceptance testing of energy-efficient facilities. Jun 1986. Interim Report. E-86/05. ADA169913. a.

E-86/06 Spitler, JD; Hittle, DC; Fan electricity consumption for variable-air-volume systems. Sep 1986. Technical Report. E-86/06. ADA173399. a.

E-86/07 Krajnovich, L; Hittle, DC; Measured performance of variable-air-volume boxes. Sep 1986. Interim Report. E-86/07. ADA173266. a.

E-87/02 Barton, CK; Development of Lite--a graphic module for lighting analysis in the Computer-Aided Engineering and Architectural Design System (CAEADS). Mar 1987. Technical Report. E-87/02. ADA179821. a.

E-88/01 Bahnfleth, WP; Herron, DL; Ruby, K; Evaluation of building design/analysis software for microcomputers. Nov 1987. Technical Report. E-88/01. ADA188134. a.

E-88/02 Chu, D; Burton, CL; Imel, MR; Identification of ways to improve military construction for energy-efficient facilities. Dec 1987. Technical Report. E-88/02. ADA189632. a.

E-88/03 Barton, CK; Williams, AJ; ECP - A proposed program for electrical circuitry analysis. Feb 1988. Technical Report. E-88/03. ADA190494. a.

E-88/04 Griggs, KE; Chamberlin, GA; Ducey, RA; Schanche, GW; Characteristics of incinerators with heat recovery capability. Apr 1988. Technical Report. E-88/04. ADA194537. a.

E-88/05 Pierce, ET; Caion, RN; Fitzgerald, KF; Joncich, DM; Heat recovery at Army Materiel Command (AMC) facilities. Jun 1988. Technical Report. E-88/05. ADA197926. a.

E-88/06 Barton, CK; Corps of Engineers National Energy Team (CENET) Technology Transfer Test Bed (T3B) demonstration of the LITE and DUCT programs. Jul 1988. Technical Report. E-88/06. ADA198840. a.

E-88/07 Sohn, CW; Tomlinson, J; Design and construction of an ice-in-tank diurnal ice storage cooling system for the PX building at Fort Stewart, GA. Jul 1988. Technical Report. E-88/07. ADA197925. a.

E-88/08 Westervelt, ET; Northrup, GR; Allen, EQ; Applying energy conservation retrofits to standard Army buildings: project design and initial energy data. Jul 1988. Interim Report. E-88/08. ADA198953. a.

E-88/09 Griggs, KE; Singer, RJ; Schanche, GW; Proposed performance evaluation acceptance test for heat recovery incinerators. Aug 1988. Technical Report. E-88/09. ADA199895. a.

E-88/10 Case, MP; Sieros, A; Hardy, B; Vegetable oil derived fuels for Civil Works diesel engine applications. Jul 1988. Technical Report. E-88/10. ADA199910. a.

E-88/11 Chu, D; Burton, CL; Imel, MR; Development and initial evaluation of an acceptance testing procedure for air supply and distribution systems in new Army facilities. Sep 1988. Interim Report. E-88/11. ADA202580. a.

E-88/12 Windingland, LM; Lilly, BP; Shonder, JA; Underwood, DM; Augustine, LJ; Dolan, WH; Installation-wide energy conservation demonstration at Fort McClellan, Alabama. Nov 1988. Technical Report. E-88/12. ADA202083. a.

E-89/01 Frantzis, L; Teagan, WP; Applications survey for remote photovoltaic power systems. Oct 1988. Technical Report. E-89/01. ADA201937. a.

E-89/02 Chu, D; Krajnovich, L; Lawrie, LK; Improved planning and programming for energy efficient new Army facilities. Nov 1988. Technical Report. E-89/02. ADA202086. a.

E-89/03 Harmon, JA; Davidson, JE; Hartsock, DK; Combustion of anthracite-bituminous coal blends in a spreader stoker boiler at Holston Army Ammunition Plant. Nov 1988. Technical Report. E-89/03. ADA202082. a.

E-89/04 Augustine, LJ; Evaluation of the effectiveness of ceiling fans for reducing heating requirements in Army facilities. Jan 1989. Technical Report. E-89/04. ADA203143. a.

E-89/05 Northrup, J; Jongkind, C; Schanche, GW; Survey of microcleaning methods for application to Army coal-fired plants. Feb 1989. Technical Report. E-89/05. ADA206949. a.

E-89/06 Windingland, LM; Teagan, WP; Frantzis, L; Technology selection criteria and methodology for prioritizing energy research and development programs. Jan 1989. Technical Report. E-89/06. ADA205051. a.

E-89/07 Binder, MJ; Energy forecasting and analysis system for the U.S. Army Materiel Command. Feb 1989. Technical Report. E-89/07. ADA205673. a.

E-89/08 Chu, D; Field demonstration of the Energy Planning Module's Energy Conservation Options proposed for the DD Form 1391 Processor. May 1989. Technical Report. E-89/08. ADA208835. a.

E-89/09 Windingland, LM; Frantzis, L; Teagan, WP; Leary, KJ; Review of facility technology options and their development status. Jun 1989. Technical Report. E-89/09. ADA210412. a.

E-89/10 Jennings, SA; Moore, VA; Lorand, RT; Chamberlin, GA; Design guidance for Command, Control, Communications, and Intelligence (C3I) facility cooling systems. May 1989. Technical Report. E-89/10. ADA208810. a.

E-89/11 Bahnfleth, WP; Three-dimensional modelling of heat transfer from slab floors. Jul 1989. Technical Manuscript. E-89/11. ADA210826. a.

E-89/13 Sohn, CW; Cler, GL; Market potential of storage cooling systems in the Army. Sep 1989. Technical Report. E-89/13. ADA213977. a.

E-89/15 Lawrie, LK; Bahnfleth, WP; Guidelines for evaluating energy analysis software. Sep 1989. Technical Report. E-89/15. ADA214171. a.

E-90/01 Amber, JA; Multiple-input transfer function model of heat transfer from square slab floors. Jan 1990. Technical Manuscript. E-90/01. ADA219193. a.

E-90/02 Lawrie, LK; Bahnfleth, WP; Morton, JD; Surveys of architectural, electrical, and mechanical hardware/software use and needs. Jan 1990. Special Report. E-90/02. ADA218230. a.

E-90/03 vI Savoie, MJ; Maples, G; Dyer, DF; U.S. Air Force Central Heating Plant Tuneup Workshop, volume I: Introduction. Jan 1990. Special Report. E-90/03 vI. ADB142803. b.

E-90/03 vII Maples, G; Dyer, DF; Savoie, MJ; Moshage, RE; U.S. Air Force Central Heating Plant Tuneup Workshop, volume II: Description of boilers. Jan 1990. Special Report. E-90/03 vII. ADB142129L. b.

E-90/03 vIII Maples, G; Dyer, DF; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume III: Description of burners. Jan 1990. Special Report. E-90/03 vIII. ADB143333L. b.

E-90/03 vIV Maples, G; Dyer, DF; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume IV: Fuel oil quality. Jan 1990. Special Report. E-90/03 vIV. ADB141113L. b.

E-90/03 vIX Maples, G; Dyer, DF; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume IX: Combustion control--coal. Jan 1990. Special Report. E-90/03 vIX. ADB143011L. b.

E-90/03 vV Biederman, R; Blazek, CF; McCammon, S; Moshage, RE; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume V: Coal quality. Jan 1990. Special Report. E-90/03 vV. ADB142914L. b.

E-90/03 vVI Standerfer, JF; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume VI: Coal handling and storage. Jan 1990. Special Report. E-90/03 vVI. ADB143136L. b.

E-90/03 vVII Schmidt, CM; Davidson, JE; McCammon, S; Moshage, RE; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume VII: Coal combustion equipment. Jan 1990. Special Report. E-90/03 vVII. ADB141114L. b.

E-90/03 vVIII Maples, G; Dyer, DF; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume VIII: Combustion control--oil/gas. Jan 1990. Special Report. E-90/03 vVIII. ADB141115L. b.

E-90/03 vX Maples, G; Dyer, DF; Standerfer, JF; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume X: Steam and condensate systems. Jan 1990. Special Report. E-90/03 vX. ADB141454L. b.

E-90/03 vXI Maples, G; Dyer, DF; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume XI: Efficiency. Jan 1990. Special Report. E-90/03 vXI. ADB141661L. b.

E-90/03 vXII Maples, G; Dyer, DF; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume XII: Water quality. Jan 1990. Special Report. E-90/03 vXII. ADB141116L. b.

E-90/03 vXIII Maples, G; Dyer, DF; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume XIII: Operation and maintenance. Jan 1990. Special Report. E-90/03 vXIII. ADB141117L. b.

E-90/03 vXIV Maples, G; Dyer, DF; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume XIV: Economics. Jan 1990. Special Report. E-90/03 vXIV. ADB141373L. b.

E-90/03 vXV Standerfer, JF; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume XV: Ash handling. Jan 1990. Special Report. E-90/03 vXV. ADB143291L. b.

E-90/03 vXVI Richards, J; Savoie, MJ; U.S. Air Force Central Heating Plant Tuneup Workshop, volume XVI: Air pollution control systems. Jan 1990. Special Report. E-90/03 vXVI. ADB142292L. b.

E-90/04 Rondus, RE; Edgar, LA; Evaluation of advanced single-phase electricity metering products. Apr 1990. Technical Report. E-90/04. ADB144862L. b.

E-90/05 Grimes, BJ; Bahnfleth, WP; Study of current and potential use of daylight in designing military facilities. May 1990. Technical Report. E-90/05. ADA223913. a.

E-90/06 Chamberlin, GA; Underwood, DM; Herron, DL; Storm, VL; Retrofit of standard analog-electronic control panels at existing Army facilities. Aug 1990. Technical Report. E-90/06. ADA226688. a.

E-90/07 Taylor, WR; Dubravec, MA; Evaluation of electrical energy consumption and reduction potential at the 7th Army Training Command (ATC), U.S. Army, Europe. May 1990. Technical Report. E-90/07. ADA223569. a.

E-90/08 Chu, D; Imel, MR; Field demonstration of the acceptance test procedure for air supply and distribution systems. May 1990. Technical Report. E-90/08. ADA224453. a.

E-90/09 Case, MP; DeVelle, S; Caron, RN; Pierce, ET; Performance of a condensing heat exchanger in recovering waste heat from a natural gas-fired boiler. May 1990. Technical Report. E-90/09. ADA222456. a.

E-90/10 Sohn, CW; Cler, GL; Kedl, RJ; Performance of an ice-in-tank diurnal ice storage cooling system at Fort Stewart, GA. Jun 1990. Technical Report. E-90/10. ADA224739. a.

E-90/11 Westervelt, ET; Northrup, GR; Lawrie, LK; Applying energy conservation retrofits to standard Army buildings: data analysis and recommendations. Sep 1990. Technical Report. E-90/11. ADA229526. a.

E-90/12 Healey, HM; Cler, GL; Investigation of privately financed renewable energy projects for Army installations. Sep 1990. Technical Report. E-90/12. ADA227584. a.

E-90/13 Sohn, CW; Cler, GL; Kedl, RJ; Ice-on-coil diurnal ice storage cooling system for a barracks/office/dining hall facility at Yuma Proving Ground, AZ. Sep 1990. Technical Report. E-90/13. ADA228C23. a.

E-90/14 Schwenk, DM; Herron, DL; Alessi, VE; Standard single-loop digital controllers for HVAC systems. Sep 1990. Technical Report. E-90/14. ADA228326. a.

E-91/01 Underwood, DM; Modeling and nonlinear control of a hot-water-to-air heat exchanger. Oct 1990. Technical Manuscript. E-91/01. ADA228443. a.

REPORT NUMBER INDEX

M-85/01	Smith, A; Bur, AJ; Radar frequency energy absorption by polymer materials : camouflage applicability. Nov 1984. Technical Report. M-85/01. ADB088885L. b.
M-85/02	Boy, JH; Hock, VF; Olson, MJ; Kumar, A; Improved ceramic anodes for corrosion protection. Nov 1984. Technical Report. M-85/02. ADA149492. a.
M-85/04	Solverson, SC; Shahin, MY; Burns, DR; Development of a railroad track maintenance management system for Army installations : initial decision report. Nov 1984. Technical Report. M-85/04. ADA149491. a.
M-85/05	Rosenfield, MJ; Doyle, C; Sloped roof conversions for small, flat-roof buildings. Dec 1984. Technical Report. M-85/05. ADA154519. a.

P-90/12	Lessons learned on Army commercially financed facilities
Facilities Engineering and Housing Annual Summary	
P-90/22	Relevance of Red Book information to the Directorate of Engineering and Housing decisionmaking process
Facilities Engineering Management System (FEMS)	
P-88/15 vI	Facilities Engineering Management System study, Volume I: An automation survey of Army installation Directorates of Engineering and Housing
P-88/15 vII	Facilities Engineering Management System study, Volume II: Directorate of Engineering and Housing tasks and systems used
Facility design	
E-85/03	Automated building design review using BLAST
N-87/24	Expedient methods for rattle-proofing certain housing components

N-87/25	Mitigation of the building vibration and rattle induced by blastnoise: Development of a test facility and systematic investigative procedures
P-85/02	Prototype concept design for U.S. Army type IIIA Air Traffic Control Tower (ATCT)
P-85/13	Design criteria upgrade for U.S. Army type II Air Traffic Control Towers
Family housing	
M-87/14	Evaluation of residential sprinklers for use in military housing
P-86/06	Two-year summary of Fort Irwin, CA, family housing comparison test : operation and maintenance costs of manufactured vs. conventionally built units
P-86/08	Family Housing Self-Help Program : evaluation and recommendations for improvements
P-87/10	Three-year summary of Fort Irwin, CA, family housing comparison test : operation and maintenance costs of manufactured vs. conventionally built units
P-87/14	Evaluation of recommended improvements to the Family Housing Self-Help Program
P-88/09	Four-year summary of Fort Irwin, CA, family housing comparison test : operation and maintenance costs of manufactured vs. conventionally built units
P-89/01	Facility cost simulation models: a basis for replacement policy
P-89/14	May 1984 to September 1988 summary of Fort Irwin, CA, family housing comparison test: operation and maintenance costs of manufactured vs. conventionally built units
P-90/11	Five-year summary of Fort Irwin, CA, family housing comparison test: operation and maintenance costs of manufactured vs. conventionally built units
Fatigue testing	
M-86/02	Preliminary results of Army rail fatigue failure testing for mobilization planning
FEAP	
E-90/06	Retrofit of standard analog-electronic control panels at existing Army facilities
E-90/13	Ice-on-coil diurnal ice storage cooling system for a barracks/office/dining hall facility at Yuma Proving Ground, AZ
M-90/21	Demonstration of ROOFER, an engineered management system for bituminous built-up roofs
M-90/22	Maintenance management of U.S. Army railroad networks--the RAILER system: demonstration of system setup at Fort Stewart, GA
M-90/23	Maintenance management of U.S. Army railroad networks--the RAILER system: demonstration of system setup at Hunter AAF, GA

Fiber reinforced concrete

M-85/15 Evaluation of glass fiber reinforced concrete panels for use in military construction

Field Laundry Wastewater Recycling System (FLWRS)

 N-86/08 Development of a field laundry wastewater recycling system

 N-87/01 Testing of a Field Laundry Wastewater Recycling System

Field Shower Wastewater Recycling System (FSWRS)

 N-87/07 Field Shower Wastewater Recycling System : development of a program of instruction and preliminary analysis of its potential health implications

Field tests

 M-86/06 Development of a portable test kit for field-screening paints

File management

 P-87/09 Quick reference manual for data communications and file management

 P-90/21 Quick reference manual for data communications and file management

Fire sprinklers

 M-87/14 Evaluation of residential sprinklers for use in military housing

Fire testing

 M-85/17 Full-scale fire tests of polyurethane foam dome structures

Footbridges

 M-86/13 Refining a polyurethane foam floating footbridge

 M-88/04 Concepts in polyurethane foam bridging and rafting systems: Development and field tests

Force Structure Tradeoff Analysis Model (FSTAM)

 P-88/24 Force Structure Tradeoff Analysis Model (FSTAM) user's manual

FORCEM

 P-87/15 Conceptual design of the Engineer Module for the theater-level Force Evaluation Model (FORCEM)

FORSCOM

 N-88/09 Computer program to help evaluate MCA project priorities

Fortifications

 M-86/20 Overhead Cover for Individual Fighting Position : feasibility study

Ft. Benning, GA

 M-90/09 Long term field test results of experimental EPDM and PUF roofing

Ft. Bragg, NC

 N-88/12 Development of the pipe loop system for determining effectiveness of corrosion control chemicals in potable water systems

Ft. Carson, CO

 E-90/11 Applying energy conservation retrofits to standard Army buildings: data analysis and recommendations

 N-85/03 Effects of tactical vehicle training on the lands of Fort Carson, Colorado--an ecological assessment

 N-86/02 Annual variation in populations of birds and small mammals on an Army installation

N-86/03	Wildlife as an indicator of site quality and site trafficability during Army training maneuvers
N-87/20	Growth rate of Pinyon pine (<i>Pinus edulis</i>) on Fort Carson and Pinon Canyon Maneuver Site, Colorado
N-90/08	Return-on-investment study for rehabilitation of military training areas damaged by tracked vehicles
Ft. Devens, MA P-90/33	Review of field test evaluations of the Self-Help Management System Program
Ft. Hood, TX N-87/05	Juniper chaining : a vegetative and soil erosion assessment of a method of rangeland improvement on Ft. Hood, TX
N-90/14	Computer program for optimal control of water supply pump stations : development and testing
Ft. Huachuca, AZ E-86/01	Photovoltaic power system performance : a case study at Fort Huachuca, Arizona
Ft. Irwin, CA N-85/13	Ecological assessment of the effects of Army training activities on a desert ecosystem : National Training Center, Fort Irwin, California
P-85/14	Fort Irwin, CA, family housing comparison test : operation and maintenance costs of manufactured vs. conventionally built units
P-86/06	Two-year summary of Fort Irwin, CA, family housing comparison test : operation and maintenance costs of manufactured vs. conventionally built units
P-87/10	Three-year summary of Fort Irwin, CA, family housing comparison test : operation and maintenance costs of manufactured vs. conventionally built units
P-88/09	Four-year summary of Fort Irwin, CA, family housing comparison test : operation and maintenance costs of manufactured vs. conventionally built units
P-89/14	May 1984 to September 1988 summary of Fort Irwin, CA, family housing comparison test: operation and maintenance costs of manufactured vs. conventionally built units
P-90/11	Five-year summary of Fort Irwin, CA, family housing comparison test: operation and maintenance costs of manufactured vs. conventionally built units
Ft. Leonard Wood, MO M-85/10	Field testing of a lightweight relocatable structure in a temperate environment
Ft. Lewis, WA M-90/09	Long term field test results of experimental EPDM and PUF roofing
N-89/04	Analysis of usage data for Central Vehicle Wash Facilities at three Army installations
Ft. McClellan, AL	

E-88/12	Installation-wide energy conservation demonstration at Fort McClellan, Alabama
P-90/33	Review of field test evaluations of the Self-Help Management System Program
Ft. Monroe, VA N-88/12	Development of the pipe loop system for determining effectiveness of corrosion control chemicals in potable water systems
Ft. Polk, LA N-89/04	Analysis of usage data for Central Vehicle Wash Facilities at three Army installations
Ft. Riley, KS N-87/02 vI	Development of environmental guidelines for Multipurpose Range Complexes, vI, Application test and environmental management plan development
N-87/02 vII	Development of environmental guidelines for Multipurpose Range Complexes, vII, Description of field tests, sediment yields, and option analysis

Ft. Stewart, GA E-88/07	Design and construction of an ice-in-tank diurnal ice storage cooling system for the PX building at Fort Stewart, GA
E-90/10	Performance of an ice-in-tank diurnal ice storage cooling system at Fort Stewart, GA
M-90/22	Maintenance management of U.S. Army railroad networks--the RAILER system: demonstration of system setup at Fort Stewart, GA
Fuel E-86/03	Fuels selection alternatives for Army facilities
E-88/10	Vegetable oil derived fuels for Civil Works diesel engine applications
P-90/15	Modeling the economic effects of using alternate fuels in light trucks for U.S. Army installation Directorates of Engineering and Housing
Fuel costs E-85/04	Fuel-burning technology alternatives for the Army
Fuel oil E-90/03 vIV	U.S. Air Force Central Heating Plant Tuneup Workshop, volume IV: Fuel oil quality
Generator insulation REMR-EM-4	Hydroelectric generator and generator-motor insulation tests
Geographic information systems N-88/01	Sources of digital spatial data for geographic information systems
N-90/02	GRASS/GIS implementation guide
Glass fibers M-85/15	Evaluation of glass fiber reinforced concrete panels for use in military construction
Graphics translators	

P-85/03 Graphics translators for computer-aided drafting and design : interface alternatives for the A/E community

GRASS

N-88/01 Sources of digital spatial data for geographic information systems

N-89/18 Proceedings of the 1988 Geographical Resource Analysis Support System (GRASS) User Group meeting

N-89/20 Options for acquiring elevation data

N-89/21 GRASS hardware configurations guide

N-89/22 Testing guidelines for GRASS ports and drivers

N-89/23 Guidelines for running GRASS benchmarks

N-89/25 Methodology for performing return-on-investment (ROI) studies for implementation of GRASS on military installations

N-90/02 GRASS/GIS implementation guide

N-90/16 Cartographic issues in the development of a digital GRASS database

Grease

N-87/15 Evaluation of grease management alternatives for Army wastewater collection and treatment systems

Ground permittivity

M-89/05 Relationship between ground permittivity and the input impedance of a horizontal dipole near ground

Grounding

M-89/01 Integrated grounding and bonding practices in command, control, communications, and intelligence facilities

M-89/12 Optimization of a surface wire electrical grounding system for tactical operations

Guidance systems

P-87/02 Sensor and guidance technology related to mobile robots

P-87/07 Development of a guidance system for an automated warehouse equipped with mobile robots

P-90/27 Enhancements to a guidance system for an automated warehouse equipped with mobile robots

Guilds

N-86/07 Proceedings : Conference on Applications of the Guild Concept to Environmental Management

N-86/07 Addendum Proceedings : Conference on Applications of the Guild Concept to Environmental Management, addendum

Hardened facilities

M-85/11 Literature survey of underground construction methods for application to hardened facilities

Hardware

E-90/02 Surveys of architectural, electrical, and mechanical hardware/software use and needs

Hays Army Community Hospital, Ft. Ord, CA
M-91/10 Strong-motion records at Army hospitals in California from the Loma Prieta Earthquake of 17 October 1989

Hazardous materials
N-89/02 Hazard Expertise (HAZE) knowledge-based system: description and user guide

Hazardous Materials Management System
N-85/09 Trade Name Translator (TNT) subsystem of the Hazardous Materials Management System : description and user instructions

Hazardous wastes
N-87/12 International Conference on Innovative Biological Treatment of Toxic Wastewaters : proceedings

N-88/23 Conceptual basis for a hazardous waste component of the Army Environmental Data Management System (AEDMS)

N-90/07 Economic analysis for minimizing hazardous wastes, version 2.1: User's manual

N-90/10 Validation of the U.S. Army's current hazardous waste data

HAZE
N-89/02 Hazard Expertise (HAZE) knowledge-based system: description and user guide

Heat distribution systems
M-86/16 Evaluation of techniques for locating leaks in underground heat distribution systems

M-86/17 Corrosion of aluminum jackets on aboveground heat distribution systems

Heat exchangers
E-90/09 Performance of a condensing heat exchanger in recovering waste heat from a natural gas-fired boiler

E-91/01 Modeling and nonlinear control of a hot-water-to-air heat exchanger

Heat recovery
E-88/05 Heat recovery at Army Materiel Command (AMC) facilities

Heat recovery incinerators
E-85/06 Heat recovery incineration : a summary of operational experience

E-88/04 Characteristics of incinerators with heat recovery capability

E-88/09 Proposed performance evaluation acceptance test for heat recovery incinerators

N-86/04 Air pollution aspects of modular heat-recovery incinerators

Heat transfer
E-89/11 Three-dimensional modelling of heat transfer from slab floors

E-90/01 Multiple-input transfer function model of heat transfer from square slab floors

Helicopter noise

N-85/14 Role of vibration and rattle in human response to helicopter noise

N-88/04 Operational noise data from CH-47D and AH-64 Army helicopters

Hexachloroethane smoke screens

 N-87/17 Quantification of hexachloroethane munitions and associated environmental chemical loads

 N-87/26 Revised health risk assessment for the use of hexachloroethane smoke on an Army training area

High temperature superconductors

 M-91/09 Selective screening of high temperature superconductors by resonant eddy current analysis

Hohenfels, Federal Republic of Germany

 M-89/08 Sediment control at Army training areas case study: Hohenfels, Federal Republic of Germany

Holston Army Ammunition Plant, TN

 E-89/03 Combustion of anthracite-bituminous coal blends in a spreader stoker boiler at Holston Army Ammunition Plant

Honduras

 M-86/07 annex 1 Construction manual for Central and South America, annex 1: Honduras

Hospitals

 M-91/10 Strong-motion records at Army hospitals in California from the Loma Prieta Earthquake of 17 October 1989

Hunter Army Airfield, GA

 M-90/23 Maintenance management of U.S. Army railroad networks--the RAILER system: demonstration of system setup at Hunter AAF, GA

HVAC systems

 E-85/02 New control design principles based on measured performance and energy analysis of HVAC systems

 E-85/05 PI control of a single-duct VAV HVAC system

 E-85/08 Adaptive identification and control of HVAC systems

 E-86/06 Fan electricity consumption for variable-air-volume systems

 E-86/07 Measured performance of variable-air-volume boxes

 E-88/01 Evaluation of building design/analysis software for microcomputers

 E-88/11 Development and initial evaluation of an acceptance testing procedure for air supply and distribution systems in new Army facilities

 E-90/06 Retrofit of standard analog-electronic control panels at existing Army facilities

 E-90/14 Standard single-loop digital controllers for HVAC systems

 E-91/01 Modeling and nonlinear control of a hot-water-to-air heat exchanger

Hydraulic structures

TITLE INDEX

Acoustic directivity patterns for Army weapons : supplement 3--the Bradley Fighting Vehicle	N-60 supp3
Acoustic directivity patterns for Army weapons : supplement 4--the Multiple Launch Rocket System	N-60 supp4
Adaptive identification and control of HVAC systems	E-85/08
Advanced concepts for ammunition storage site improvement	M-85/18
Air Force Region of Influence Model (AFROI) : user manual	N-87/08
Air pollution aspects of modular heat-recovery incinerators	N-86/04
Alternative chemical paint strippers for Army installations, volume I: Identification and laboratory analysis	M-88/12
Alternative construction and acquisition methods for Department of the Army child development centers	P-85/07
Analysis of the building renewal problem	P-87/11
Analysis of usage data for Central Vehicle Wash Facilities at three Army installations	N-89/04
Annotated directory of endangered wildlife on selected U.S. Army installations west of the Mississippi River	N-85/08
Annual variation in populations of birds and small mammals on an Army installation	N-86/02
Applications of videodisc technology to combat engineering	P-86/12
Applications survey for remote photovoltaic power systems	E-89/01
Applying energy conservation retrofits to standard Army buildings: data analysis and recommendations	E-90/11
Applying energy conservation retrofits to standard Army buildings: project design and initial energy data	E-88/08
Appraisal of the Army's facilities: Managerial implications, value measures, and computational methods	P-88/21
Arc-sprayed coatings for electromagnetic pulse protection: assessment of physical and electrical properties	M-89/15
Architectural modeler and its incorporation into the Design 4D program	P-90/34
ARMSED, a runoff and sediment yield model for Army training land watershed management volume I: parameter estimation guide	N-89/12 vI
ARMSED, a runoff and sediment yield model for Army training land watershed management volume II: program documentation	N-89/12 vII
Army blast Noise Warning and Monitoring System	N-88/03
Army master planning: An analysis of policy and procedures	N-88/16

Artificial intelligence approach to obstacle planning	P-86/04
Artificial intelligence for U.S. Army wastewater treatment plant operation and maintenance	N-88/26
Artificial intelligence optimization process for battlefield planning	P-87/05
Assessing ecosystem impacts from simulant and decontaminant use	N-88/15
Assessment of energy storage technologies for Army facilities	E-86/04
Assessment of the need for standards for preparing maintenance and repair contracts, volume I: Analysis and recommendations	P-88/01 vI
Assessment of the structural integrity of the People Center, Building 16, Chanute Air Force Base, IL	M-89/02
Attenuation of blast waves using foam and other materials	N-89/01
Automated building design review using BLAST	E-85/03
Automated cost and scheduling for military construction: a conceptual algorithm for trial design	P-89/16
Automation and robotics in construction: Japanese research and development	M-90/03
Automation of military civil engineering and site design functions: software evaluation	P-89/22
AutoPAVER, a software package for automated pavement evaluation	M-90/15
Birds in human modified environments and bird damage control: Social, economic, and health implications	N-90/03
Bright Star 85 : water operations	N-87/13
Bright Star 87 water operations	N-88/22
Building technology forecast and evaluation (BTFE), volume 1: Development and application of a prototype BTFE cycle	P-91/01 vI
Building technology forecast and evaluation (BTFE), volume II: Evaluation of two structural systems	P-91/01 vII
Calcium carbonate scale dissolution in water stabilized by carbon dioxide treatment	N-90/01
Calculation of manpower requirements for vehicle maintenance at U.S. Army installation Directorates of Engineering and Housing, based on Air Force, Navy, and Army Reserves staffing techniques	P-89/05
Carbon dioxide treatment for scale removal and control in potable water systems	N-87/16
Cartographic issues in the development of a digital GRASS database	N-90/16
Case study of a prototype computer-aided architectural design system	P-88/17
Characteristics of incinerators with heat recovery capability	E-88/04
Characterization of aircraft washrack effluent at Fort Rucker, Alabama	N-87/11

Climatic basis for planning military training operations and land maintenance activities	N-90/13
Closed-loop concepts for the Army : water conservation, recycle, and reuse	N-85/01
Combat Engineer Mission Management Module (CEMS3) : VI, User's manual for version 86.0	P-86/05 VI
Combat Engineer Mission Management Module (CEMS3) : VII, Engineer task algorithm reference guide for version 86.0	P-86/05 VII
Combat engineer simulation, volume I : overview	P-86/01 VI
Combat engineer simulation, volume II : user's manual for CORDIVEM engineer model, version 86.1	P-86/01 VII
Combat engineer simulation, volume III : programmers manual for CORDIVEM engineer module	P-86/01 VIII
Combustion of anthracite-bituminous coal blends in a spreader stoker boiler at Holston Army Ammunition Plant	E-89/03
Communications alternatives for transparent data transfer in civil works computer systems	P-89/19
Comparison of TT-F-1098 solvent-thinner block fillers with water-thinnable block fillers	M-85/09
Computer program for optimal control of water supply pump stations : development and testing	N-90/14
Computer program to help evaluate MCA project priorities	N-88/09
Computerization of the Preliminary Pollutant Limit Value concept	N-86/13
Concept for integrating computer-aided drafting and design with cost engineering and specification preparation	P-90/13
Concepts in polyurethane foam bridging and rafting systems: Development and field tests	M-88/04
Conceptual basis for a hazardous waste component of the Army Environmental Data Management System (AEDMS)	N-88/23
Conceptual description of a Commercial Activities Management System (CAMS)	P-88/05
Conceptual design of the Engineer Module for the theater-level Force Evaluation Model (FORCEM)	P-87/15
Consequence of layer separation on pavement performance	M-87/08
Constructibility and design reviews: analysis and recommendations for improvement	P-89/15
Construction manual for Central and South America	M-86/07
Construction manual for Central and South America, annex 1: Honduras	M-86/07 annex 1
Corps of Engineers National Automation Team (CENAT) Technology Transfer Test Bed (T3B) demonstration of the Design 4D Program	P-90/03

Corps of Engineers National Energy Team (CENET) Technology Transfer Test Bed (T3B) demonstration of the LITE and DUCT programs	E-88/06
Corps of Engineers painting and its compliance with Clean Air Act regulations	M-88/15
Corrosion and coatings review of specifications and drawings of facilities for the Oman Military Construction Program at Masirah Island, Oman	M-85/07
Corrosion mitigation and materials selection guide for military construction in a severely corrosive environment	M-88/03
Corrosion of aluminum jackets on aboveground heat distribution systems	M-86/17
Corrosion protection for military construction in the Middle East	M-85/16
Data envelopment analysis as a tool to evaluate efficiency of Army Real Property Management Activities (RPMA) spending	P-89/09
DEH Automated Graphics Guide: Selection, acquisition, implementation, and management	P-88/19
Demonstration of ROOFER, an engineered management system for bituminous built-up roofs	M-90/21
Demonstration of the Pipe Corrosion Management System (PIPER)	M-86/08
Description and evaluation of a construction demonstration for wood-frame expedient mobilization structures	P-87/06
Design and construction of an ice-in-tank diurnal ice storage cooling system for the PX building at Fort Stewart, GA	E-88/07
Design and evaluation of a bracing system for McDonald's Ranch	M-89/06
Design criteria upgrade for U.S. Army type II Air Traffic Control Towers	P-85/13
Design guidance for Command, Control, Communications, and Intelligence (C3I) facility cooling systems	E-89/10
Design of computer-related workstations in relation to job functions and productivity	P-85/09
Determination of the environmental fate of decontamination agent C-8 using soil microcosms	N-89/05
Determination of the ultimate loads for corrugated-steel, barrel-type shell structures	M-88/01
Development and description of a computer program for predicting impulse noise reduction by barriers	N-87/10
Development and evaluation of a procedure for the rapid analysis of fresh concrete	M-85/08
Development and initial evaluation of an acceptance testing procedure for air supply and distribution systems in new Army facilities	E-88/11
Development and use of the Life Cycle Cost in Design Computer Program (LCCID)	E-85/07

Development of a field laundry wastewater recycling system	N-86/08
Development of a guidance system for an automated warehouse equipped with mobile robots	P-87/07
Development of a knowledge base on alternative construction methods	P-90/05
Development of a phosphorus-eutrophication management strategy for Vermont : evaluating available phosphorus loads	N-86/01
Development of a portable test kit for field-screening paints	M-86/06
Development of a railroad track maintenance management system for Army installations : initial decision report	M-85/04
Development of an abrasive waterjet cutting robot for explosive ordnance disposal	M-90/17
Development of civil works energy goals for dredging operations	E-85/01
Development of environmental guidelines for Multipurpose Range Complexes, VI, Application test and environmental management plan development	N-87/02 vI
Development of environmental guidelines for Multipurpose Range Complexes, VII, Description of field tests, sediment yields, and option analysis	N-87/02 vII
Development of Lite--a graphic module for lighting analysis in the Computer-Aided Engineering and Architectural Design System (CAEADS)	E-87/02
Development of new materials and design configurations to improve ceramic anode performance	M-87/03
Development of overhead cover for individual fighting positions	M-88/06
Development of the BUILDER engineered management system for building maintenance: initial decision and concept report	M-90/19
Development of the pipe loop system for determining effectiveness of corrosion control chemicals in potable water systems	N-88/12
Development of the Regulatory Communication and Knowledge Base System and investigation of possible augmentation technologies	N-88/10
Development of the U.S. Army Railroad Track Maintenance Management System (RAILER)	M-86/01
Development, design, construction, and testing of a copper-arc-sprayed shielded enclosure	M-86/11
Differing site conditions module for the Claims Guidance System: Initial development of an expert system	P-88/26
Discuss with Experts Environmental Problems (DEEP) knowledge-based system : description and user guide	N-86/09
Discuss with Experts Environmental Problems (DEEP) knowledge-based system: Description and user guide	N-86/09 Rev
Drinking water treatment optimization using the Pipe-Loop System: demonstration at Aberdeen Proving Ground, MD	N-90/05

Drought contingency planning on fixed Army installations	N-87/14
Dynamic analysis of the parallel-plate EMP simulator using a wire mesh approximation and the numerical electromagnetics code	M-87/15
Ecological assessment of the effects of Army training activities on a desert ecosystem : National Training Center, Fort Irwin, California	N-85/13
Ecological baseline--Pinon Canyon Maneuver Site, Colorado	N-85/02
Economic analysis : Description and methods (supersedes Technical Report P-151)	P-89/08
Economic analysis for minimizing hazardous wastes, version 2.1: User's manual	N-90/07
Economic assessment of renovating temporary wood frame buildings	N-88/21
Economic evaluation of air stripping to remove volatile organic compounds from water	N-87/23
ECP - A proposed program for electrical circuitry analysis	E-88/03
Effects of tactical vehicle training on the lands of Fort Carson, Colorado--an ecological assessment	N-85/03
Electromagnetic shielding tests on a room shielded with foil-faced foam board	M-86/19
Electromagnetic wave propagation through circular waveguides containing radially inhomogeneous lossy media	M-89/11
Emergency water supply planning for fixed Army installations	N-86/11
EMP/EMI evaluation and testing of a shielded electric power raceway, compounds on conduit joints, and a radio frequency continuous wave test technique for installed conduit systems	M-87/09
Employing expert system technologies to real property management decisionmaking	P-90/14
Energy forecasting and analysis system for the U.S. Army Materiel Command	E-89/07
Engineer Command and Control System data dictionary (for software version 2.0)	P-90/09
Engineer Data Checker, volume I: User's manual	P-87/12 vI
Engineer Data Checker, volume II: Programmer's manual	P-87/12 vII
Enhanced Engineer Module of the Vector-in Commander (VIC) battle simulation	P-90/06
Enhancements to a guidance system for an automated warehouse equipped with mobile robots	P-90/27
Environmental Early Warning Systems (EEWS) : data input manual	N-87/03
Environmental Early Warning Systems (EEWS) : equation writer's manual	N-86/14
Environmental Early Warning Systems (EEWS) : topic area brief documentation	N-87/04

Environmental Early Warning Systems (EEWS) : user's manual	N-86/06
Environmental gradient analysis, ordination, and classification in environmental impact assessments	N-87/19
Equipment evaluation program for U.S. Army installation Directorates of Engineering and Housing	P-87/04
Erosion Control Management Plan for Army training lands	N-90/11
Erosion control methods for Army training land rehabilitation: Survey of current technology	N-88/05
Estimating depth of cut from blade forces on the Army Counter Obstacle Vehicle	P-88/11
Evaluating and improving water treatment plant processes at fixed Army installations	N-85/10
Evaluation and guidelines for the use of temporary wood buildings at U.S. Army installations	N-88/06
Evaluation of abrasion-resistant metallized coatings for civil works applications	M-90/06
Evaluation of advanced single-phase electricity metering products	E-90/04
Evaluation of bird pest problems at U.S. Army Corps of Engineers civil works projects	REMR-EM-2
Evaluation of building design/analysis software for microcomputers	E-88/01
Evaluation of computer-based equipment management systems for equipment shops in U.S. Army Directorates of Engineering and Housing	P-90/26
Evaluation of electrical energy consumption and reduction potential at the 7th Army Training Command (ATC), U.S. Army, Europe	E-90/07
Evaluation of existing bridge maintenance management practices for application to the Army	M-87/18
Evaluation of existing condition rating procedures for civil works structures and facilities	REMR-OM-1
Evaluation of explosive bonding for patching aluminum with aluminum	M-88/09
Evaluation of glass fiber reinforced concrete panels for use in military construction	M-85/15
Evaluation of grease management alternatives for Army wastewater collection and treatment systems	N-87/15
Evaluation of microcomputer-based operation and maintenance management systems for Army water/wastewater treatment plant operation	N-86/18
Evaluation of protective coatings for aluminum torpedoes: Phase II	M-88/08
Evaluation of recommended improvements to the Family Housing Self-Help Program	P-87/14
Evaluation of residential sprinklers for use in military housing	M-87/14

Evaluation of techniques for locating leaks in underground heat distribution systems	M-86/16
Evaluation of the consolidation of Real Property Maintenance Activities (RPMA) in the U.S. Army Engineer Activity, Capital Area (USAEA,CA), volume I: Executive summary	P-90/04 vi
Evaluation of the consolidation of Real Property Maintenance Activities (RPMA) in the U.S. Army Engineer Activity, Capital Area (USAEA,CA), volume II: Evaluation	P-90/04 vii
Evaluation of the effectiveness of ceiling fans for reducing heating requirements in Army facilities	E-89/04
Evaluation of the MULTSED simulation model to predict sediment yield	N-87/27
Expedient methods for rattle-proofing certain housing components	N-87/24
Experimental polyvinyl chloride (PVC) roofing : field test results	M-87/04
Exterior insulation and finish systems (EIFS) on U.S. Army facilities: lessons learned	M-91/02
Facilities Engineering Management System study, Volume I: An automation survey of Army installation Directorates of Engineering and Housing	P-88/15 vi
Facilities Engineering Management System study, Volume II: Directorate of Engineering and Housing tasks and systems used	P-88/15 vii
Facilities Engineering Management System study: a review of functional areas in selected Army installation Directorates of Engineering and Housing	P-89/17
Facilities Engineering Management System study: catalog of automatic data processing applications developed by USACERL for Army installation Directorates of Engineering and Housing	P-89/18
Facility and component inspection technology concepts: Potential use in U.S. Army maintenance management	M-90/01
Facility cost simulation models: a basis for replacement policy	P-89/01
Family Housing Self-Help Program : evaluation and recommendations for improvements	P-86/08
Fan electricity consumption for variable-air-volume systems	E-86/06
Field demonstration of the Energy Planning Module's Energy Conservation Options proposed for the DD Form 1391 Processor	E-89/08
Field demonstration of the acceptance test procedure for air supply and distribution systems	E-90/08
Field Shower Wastewater Recycling System : development of a program of instruction and preliminary analysis of its potential health implications	N-87/07
Field test of life-cycle cost analysis method for solvent management	N-86/21
Field test results of aluminum standing-seam roofing	M-86/14
Field testing of a lightweight relocatable structure in a temperate environment	M-85/10

Five-year summary of Fort Irwin, CA, family housing comparison test: operation and maintenance costs of manufactured vs. conventionally built units	P-90/11
Followup studies of embedded instruction for CAD systems	P-90/10
Force Structure Tradeoff Analysis Model (FSTAM) user's manual	P-88/24
Fort Irwin, CA, family housing comparison test : operation and maintenance costs of manufactured vs. conventionally built units	P-85/14
Four-year summary of Fort Irwin, CA, family housing comparison test : operation and maintenance costs of manufactured vs. conventionally built units	P-88/09
Frequency domain solution to electromagnetic pulse energy propagation by an infinite array of waveguides of finite length	M-87/06
Fuel-burning technology alternatives for the Army	E-85/04
Fuels selection alternatives for Army facilities	E-86/03
Full-scale fire tests of polyurethane foam dome structures	M-85/17
Full-scale test program for a shower wastewater recycling system : technical evaluation	N-87/06
Function requirements for combat engineer command and control in the Maneuver Control System	P-86/10
Functional requirements for the Theater Construction Management System (TCMS)	P-90/02
Graphics translators for computer-aided drafting and design : interface alternatives for the A/E community	P-85/03
GRASS hardware configurations guide	N-89/21
GRASS/GIS implementation guide	N-90/02
Growth rate of Pinyon pine (Pinus edulis) on Fort Carson and Pinon Canyon Maneuver Site, Colorado	N-87/20
Guide for inspection of coatings applied to hydraulic structures	M-86/09
Guide for quality assurance inspection of commercial activities contracts for real property maintenance activities	P-85/04
Guide for quality assurance inspection of commercial activities contracts for real property maintenance activities, supplement	P-85/04 suppl
Guidelines for evaluating energy analysis software	E-89/15
Guidelines for running GRASS benchmarks	N-89/23
Guidelines for the development of annual and long range pavement work plans using PAVER	M-90/08
Handbook for repairing nonconventional roofing systems	M-89/04
Hazard Expertise (HAZE) knowledge-based system: description and user guide	N-89/02

Heat recovery at Army Materiel Command (AMC) facilities	E-88/05
Heat recovery incineration : a summary of operational experience	E-85/06
HQ-IFS Maintenance Resource Prediction Model (MRPM) system manual	P-91/02
HQ-IFS Maintenance Resource Prediction Model (MRPM) user's manual	P-91/04
Hydroelectric generator and generator-motor insulation tests	REMR-EM-4
Ice-on-coil diurnal ice storage cooling system for a barracks/office/dining hall facility at Yuma Proving Ground, AZ	E-90/13
Identification of ways to improve military construction for energy-efficient facilities	E-88/02
Improved ceramic anode designs and installation for lock and dam gates	M-90/11
Improved ceramic anodes for corrosion protection	M-85/02
Improved planning and programming for energy efficient new Army facilities	E-89/02
In process measurement of hydrogen in welding	M-86/15
Industrialized building system/two-step procurement pilot projects : three case studies	P-85/05
Information requirements analysis for the Maneuver Control System Engineer Subordinate System (MCS-ENG)	P-88/12
Initial development of a MACOM Engineer Decision Support System (DSS)	P-88/06
Initial investigation of modified bitumen roofing systems for use in military construction	M-86/21
Initial investigation of three uncured elastomeric roofing membrane materials for use in military construction	M-86/03
Inspection and rating of miter lock gates	REMR-OM-7
Inspection of coating systems on civil works structures: lessons learned	M-89/16
Inspection of tension membrane and steel frame structures at Seeb and Thumrait, Oman	M-87/01
Installation-wide energy conservation demonstration at Fort McClellan, Alabama	E-88/12
Instrumental techniques in archeological research	N-88/24
Integrated grounding and bonding practices in command, control, communications, and intelligence facilities	M-89/01
Intelligent embedded instruction for computer-aided design (CAD) systems	P-89/03
Intelligent use of constraints for activity scheduling	N-86/15
Interactive Soils Information System user's manual	N-87/18
International Conference on Innovative Biological Treatment of Toxic Wastewaters : proceedings	N-87/12

Investigation of design concepts for large space structures to support military applications	M-87/16
Investigation of flexible electromagnetic interference (EMI) shielding for the seams of expandable tactical shelters	M-88/10
Investigation of privately financed renewable energy projects for Army installations	E-90/12
Investigation of standing seam metal roofing	M-86/10
Investigation of the Service Writer Methodology in Directorate of Engineering and Housing vehicle maintenance shops	P-87/16
Investigation to identify performance criteria and test methods for evaluating single-ply roofing systems	M-87/07
Juniper chaining : a vegetative and soil erosion assessment of a method of rangeland improvement on Ft. Hood, TX	N-87/05
Knowledge acquisition for expert systems in construction	M-89/10
Knowledge engineering approach to analysis and evaluation of construction schedules	P-90/07
Laboratory evaluation of concept for doorless waveguide below cutoff personnel entryways for electromagnetically shielded facilities	M-91/04
Laboratory evaluation of polyurethane foam as an infrared energy barrier	M-85/12
Laboratory testing of internal bracing systems for a lightweight relocatable structure	M-86/18
Lessons learned on Army commercially financed facilities	P-90/12
Life-cycle analysis of corroding sheet pile structures for a lock and dam	M-86/12
Literature survey of underground construction methods for application to hardened facilities	M-85/11
LOCKWALL: a microcomputer-based maintenance and repair management system for concrete navigation lock monoliths	REMR-OM-10
Long term field test results of experimental EPDM and PUF roofing	M-90/09
Low cost electromagnetic shielding using drywall composites: Results of RFI testing of shielding effectiveness	M-88/02
Lubricants for hydraulic structures	REMR-EM-5
Maintenance management of U.S. Army railroad networks--the RAILER system: component identification and inventory procedures	M-88/13
Maintenance management of U.S. Army railroad networks--the RAILER system: demonstration of system setup at Fort Stewart, GA	M-90/22
Maintenance management of U.S. Army railroad networks--the RAILER system: demonstration of system setup at Hunter AAF, GA	M-90/23
Maintenance Resource Prediction Model Summary System (MRPMSS) user's manual	P-91/03

MALOS Combat Engineer Simulation Environment (version 3.0) : vI, User's manual for the Scenario Generation System (SGS)	P-86/02 vI
MALOS Combat Engineer Simulation Environment (version 3.0) : vII, User's manual for running scenarios	P-86/02 vII
MALOS-QDX simulated combat environment (version 1.0), volume I: user's manual for the Scenario Generation System (SGS)	P-89/02 vI
MALOS-QDX simulated combat environment (version 1.0), volume II: user's manual for running scenarios	P-89/02 vII
Management of leachate from Army sanitary landfills	N-86/19
Management options for mitigating natural resource training impacts on Army installations	N-90/12
Managing underground storage tank data using dBase III Plus	N-87/21
Managing with A/E EASE	P-88/20
Market potential of storage cooling systems in the Army	E-89/13
Mat, an interactive calculator for matrix operations : description and application examples	N-86/16
Materiel Readiness Support Activity automation plan	N-86/23
Materiel Readiness Support Activity automation plan, appendix B: survey report	N-86/23 App B
May 1984 to September 1988 summary of Fort Irwin, CA, family housing comparison test: operation and maintenance costs of <i>manufactured</i> vs. conventionally built units	P-89/14
MCA Mobilization Program Subsystem (MOBPRO): functional description and subsystem design	P-90/01
Measured performance of variable-air-volume boxes	E-86/07
Mechanical properties and corrosion behavior of stainless steels for locks, dams, and hydroelectric plant applications	REMR-EM-6
Membrane and flashing condition indexes for built-up roofs, volume I: development of the procedure	M-87/13 vI
Membrane and flashing condition indexes for built-up roofs, volume II: Inspection and distress manual	M-87/13 vII
Methodology for development of expert systems: quality assurance in construction	M-90/07
Methodology for performing return-on-investment (ROI) studies for implementation of GRASS on military installations	N-89/25
Methods for detecting low-frequency signals in the presence of strong winds	N-90/09
MicroBNOISE : a user's manual	N-86/12
Mitigation of the building vibration and rattle induced by blastnoise: Development of a test facility and systematic investigative procedures	N-87/25

Mobilization Construction Scheduling System (MCSS) : VI, User's manual	P-86/14 VI
Mobilization Construction Scheduling System (MCSS) : VII, Functional description	P-86/14 VII
Mobilization Construction Scheduling System (MCSS) : VIII, Program specifications	P-86/14 VIII
Model for analysis of alternative performance structures for vehicle maintenance functions of U.S. Army installation Directorates of Engineering and Housing	P-86/07
Model of U.S. Army Materiel Command (AMC) energy consumption, VI, Development of monthly energy consumption equations	E-86/02 VI
Model of U.S. Army Materiel Command (AMC) energy consumption, VII, Installation equations and related statistics	E-86/02 VII
Modeling and nonlinear control of a hot-water-to-air heat exchanger	E-91/01
Modeling the economic effects of using alternate fuels in light trucks for U.S. Army installation Directorates of Engineering and Housing	P-90/15
Modification to Army Facilities Components System drawings to reflect use of metric-sized lumber	M-86/22
Multiple-input transfer function model of heat transfer from square slab floors	E-90/01
Network level REMR management system for civil works structures : concept demonstration on inland waterways locks	REMR-OM-6
New control design principles based on measured performance and energy analysis of HVAC systems	E-85/02
Nonconventional roof systems for in-house installation at Air Force bases (DEM-TR-89-01)	M-89/08
Nondestructive evaluation and inspection programs for Pershing II motors	M-90/16
Obstacle Planning Simulation (OPS) : introduction and user instructions	P-85/08
Obstacle Planning Simulation, version 1.1 : design and performance analyses	P-85/10
Office productivity : contributions of the physical setting	P-86/13
One-step and two-step facility acquisition for military construction: project selection and implementation procedures	P-90/23
Operation and maintenance of training ranges equipped with the Remoted Target System, VI : Development of a model statement of work for Infantry Rifle Marksmanship Ranges	P-86/15 VI
Operation and maintenance of training ranges equipped with the Remoted Target System, VII : Development of a model statement of work for the Multipurpose Range Complexes--Heavy and Light Infantry	P-86/15 VII
Operation and maintenance of training ranges equipped with the Remoted Target System, VIII : development of a staffing guide	P-86/15 VIII
Operational noise data for the LACV-30 air cushion vehicle	N-85/04

Operational noise data from CH-47D and AH-64 Army helicopters	N-88/04
Operations guide and modification analysis for use of the CE Concrete Quality Monitor on roller-compacted concrete and soil cement	M-85/06 Rev
Opportunities for design quality improvement through architect/engineer (A/E) liability management	P-88/13
Optimization of a surface wire electrical grounding system for tactical operations	M-89/12
Options for acquiring elevation data	N-89/20
Overhead Cover for Individual Fighting Position : feasibility study	M-86/20
Pavement maintenance management : the Micro PAVER system	M-87/12
Pavement maintenance management for roads and streets using the PAVER system	M-90/05
Performance indicators for measuring pavement maintenance management	P-90/25
Performance of a condensing heat exchanger in recovering waste heat from a natural gas-fired boiler	E-90/09
Performance of an ice-in-tank diurnal ice storage cooling system at Fort Stewart, GA	E-90/10
Photovoltaic power system performance : a case study at Fort Huachuca, Arizona	E-86/01
Physical security in the eighties : a summary of the 1984 USA-CERL workshop	M-85/14
PI control of a single-duct VAV HVAC system	E-85/05
Potential data exchange between various Army systems using the Data Traffic Management System	P-88/03
Practical use of PAVER in planning, programming, and developing projects for pavement maintenance and repair	M-86/04
Preliminary recommendations for improving the construction and acceptance testing of energy-efficient facilities	E-86/05
Preliminary results of Army rail fatigue failure testing for mobilization planning	M-86/02
Preliminary study of effects of military obscurant smokes on flora and fauna during field and laboratory exposures	N-86/22
Preventing water loss in water distribution systems : money-saving leak detection programs	N-86/05
Preventive maintenance program: evaluation and recommendations for improvements	P-90/16
Procedures for conducting Installation Compatible Use Zone (ICUZ) studies	N-88/19
Procedures for estimating the flat-weighted peak level produced by surface and buried charges	N-88/07
Proceedings : Conference on Applications of the Guild Concept to Environmental Management	N-86/07

Proceedings : Conference on Applications of the Guild Concept to Environmental Management, addendum	N-86/07 Addendum
Proceedings : USACERL/ASCE First Joint Conference on Expert Systems, June 29-30, 1988	P-89/10
Proceedings of REMR Workshop on Management of Bird Pests	REMR
Proceedings of the 1988 Geographical Resource Analysis Support System (GRASS) User Group meeting	N-89/18
Proceedings: NATO CCMS Seminar Blue Book 159, Preservation of flora and fauna in military training areas	N-87/09
Proceedings: USA-CERL Technology Transfer (T2) Workshop	O-88/01
Proceedings: Workshop on Environmental Considerations in the Life-Cycle of Paints and Coatings	N-88/08
Programmable auger operations for the Counter Obstacle Vehicle	P-88/10
Project Documentation (ProjDoc) user's manual	P-89/04
Project manager's handbook for special projects	P-85/01
Proposed performance evaluation acceptance test for heat recovery incinerators	E-88/09
Prototype concept design for U.S. Army type IIIA Air Traffic Control Tower (ATCT)	P-85/02
Prototype Mutual Consistency Monitor in the Data Traffic Management System	P-88/22
Prototype report generation facility in the Data Traffic Management System	P-88/02
Quality assurance/quality control in construction: expert systems development for multilevel experienced users	M-89/03
Quantification of hexachloroethane munitions and associated environmental chemical loads	N-87/17
Quick reference manual for data communications and file management	P-87/09
Quick reference manual for data communications and file management	P-90/21
Radar frequency energy absorption by polymer materials : camouflage applicability	M-85/01
RAILER System for maintenance management of U.S. Army railroad networks: RAILER I computer user's guide	M-88/16
RAILER system for maintenance management of U.S. Army railroad networks: RAILER I description and use	M-88/18
Real-time imaging for construction site metrology	M-88/14
Recommended species for vegetative stabilization of training lands in arid and semi-arid environments	N-85/15
Recommended stainless steel welding procedures for Corps of Engineers construction	M-86/05

Reference guide for industrial wastewater treatment	N-85/06
Refining a polyurethane foam floating footbridge	M-86/13
Regulations and Compliance Expertise (RACE) knowledge-base system: Description and user guide	N-90/06
Relationship between ground permittivity and the input impedance of a horizontal dipole near ground	M-89/05
Relationship of pavement maintenance costs to the Pavement Condition Index	M-87/02
Relevance of Red Book information to the Directorate of Engineering and Housing decisionmaking process	P-90/22
Reliability of steel civil works structures	REMR-CS-24
Remodeling a TAC shop for indoor scheduled vehicle maintenance	N-88/18
REMR management system	REMR-OM-2
Retrofit of standard analog-electronic control panels at existing Army facilities	E-90/06
Return-on-investment study for rehabilitation of military training areas damaged by tracked vehicles	N-90/08
Review of bird pests and their management	REMR-EM-1
Review of facility technology options and their development status	E-89/09
Review of field test evaluations of the Self-Help Management System Program	P-90/33
Review of military and commercial aircraft washing/cleaning methods and facilities	N-88/17
Revised health risk assessment for the use of hexachloroethane smoke on an Army training area	N-87/26
Role of communications within technology transfer activities of the U.S. Army Construction Engineering Research Laboratory	O-87/01
Role of vibration and rattle in human response to helicopter noise	N-85/14
ROOFER: a management tool for maintaining built-up roofs	M-90/02
ROOFER: an engineered management system (EMS) for bituminous built-up roofs	M-90/04
Sanitary landfill leachate recycle and environmental problems at selected Army landfills : lessons learned	N-86/17
Scheduling for cost-plus construction projects, volume I: Lessons learned and PROMAN user's guide	P-90/31 vI
Scheduling for cost-plus construction projects, volume II: PROMAN source files	P-90/31 vII
Sediment control at Army training areas case study: Hohenfels, Federal Republic of Germany	N-89/08
Selective screening of high temperature superconductors by resonant eddy current analysis	M-91/09

Self-Help Service Center Management System: Concept description	P-88/18
Sensor and guidance technology related to mobile robots	P-87/02
Six case studies on alternative construction methods: One-Step "Turnkey" Facility Acquisition and Architectural Fabric Structure technology	P-88/14
Sloped roof conversions for small, flat-roof buildings	M-85/05
Software requirements specification for the Engineer Subordinate System to the Maneuver Control System (MCS-ENG)	P-90/08
Sources of digital spatial data for geographic information systems	N-88/01
Standard methods for ecological surveys of Army training lands : site selection, disturbance index, bird and mammal data collection	N-86/10
Standard single-loop digital controllers for HVAC systems	E-90/14
State-of-the-art technologies for construction in space : a review	M-87/17
Static and dynamic effects of the Pipe Insertion Machine technique	N-89/07
Statistical process control for evaluating contract service at Army installations	P-90/28
Strategies for controlling and removing trace organic compounds found in potable water supplies at fixed Army installations	N-85/11
Strong-motion records at Army hospitals in California from the Loma Prieta Earthquake of 17 October 1989	M-91/10
Structural property goals for low-density structural foams and composites for expedient military applications	M-85/19
Study of current and potential use of daylight in designing military facilities	E-90/05
Summary of Automated Construction Management System (ACMS) research in the 18th Engineer Brigade	P-87/03
Summary of methods for measuring electrical properties of geological strata to estimate electromagnetic shielding effectiveness	M-88/07
Survey of microcleaning methods for application to Army coal-fired plants	E-89/05
Survey of the state-of-the-art expert/knowledge based systems in civil engineering	P-87/01
Survey of water demand forecasting procedures on fixed Army installations	N-85/07
Surveys of architectural, electrical, and mechanical hardware/software use and needs	E-90/02
Technology for waste treatment at remote Army sites	N-86/20
Technology selection criteria and methodology for prioritizing energy research and development programs	E-89/06
Testing guidelines for GRASS ports and drivers	N-89/22

Testing of a Field Laundry Wastewater Recycling System	N-87/01
Three-dimensional modelling of heat transfer from slab floors	E-89/11
Three-year summary of Fort Irwin, CA, family housing comparison test : operation and maintenance costs of manufactured vs. conventionally built units	P-87/10
Timber dike management system	REMR-OM-5
Trade Name Translator (TNT) subsystem of the Hazardous Materials Management System : description and user instructions	N-85/09
Training Impact Prediction System users manual	N-85/12
Trickling filter/solids contact process: Application to Army wastewater plants	N-88/14
Two-year summary of Fort Irwin, CA, family housing comparison test : operation and maintenance costs of manufactured vs. conventionally built units	P-86/06
U.S. Air Force Central Heating Plant Tuneup Workshop, volume I: Introduction	E-90/03 vI
