Activity Group: Mission Forces

Budget Activity: 1 - Mission Forces

I. Description of Operations Financed. This program provides the funds to assure accomplishment of the Marine Corps Reserve mission to provide trained units to selectively augment and reinforce the active forces, provide a Marine Expeditionary Brigade (MEB) Headquarters, or if augmentation/reinforcement is not ordered, provide a Fourth Marine Division, Fourth Wing, and Fourth FSSG. Base Operations funding for training facilities is generally for costs of a recurring nature. The funds provided to the Commanding Generals, Fourth Marine Division and Fourth Marine Aircraft Wing are managed so that requirements for operation and maintenance are met in the most economical and effective manner. The commanders are afforded flexibility in administration within materiel allowances, personnel ceilings, and broad policies established by the Commandant of the Marine Corps.

A. Training. This program provides support of exercises; weekend training, both at and away from Reserve training centers; annual training duty; Mobilization Operational Readiness Deployment Tests (MORDT's); and individual training through formal schools, civilian institutions (VOTEC), and mobile training teams. Includes transportation and travel costs for exercises, inspections, training aids and directives; operating costs of equipment used in training; officer and enlisted billeting fees at training sites; and hire of commercial vehicles to support operations.

B. Material Readiness. This is for the purchase and replacement of expense type items authorized by unit training allowances, local repair of equipment, second destination transportation costs related to movement of major end items of equipment between depot maintenance activities and training centers, and mount-out materials for training and in preparation for mobilization.

C. Base Operations. This category consists of the maintenance and repair, minor construction, operation of utilities and other engineering support necessary to operate and maintain 193 training centers and the headquarters of the Fourth Marine Division and Fourth Marine Aircraft Wing. This category also provides the administrative services and support for the Individual Ready Reserve, to include civilian personnel support at the 4th Marine Division and 4th Marine Aircraft Wing.

Budget Activity: 2- Depot Maintenance

I. Description of Operations Financed. Fifth echelon maintenance of Marine Corps Reserve major end items of equipment is accomplished on a scheduled basis by the depot maintenance activities at the Marine Corps Logistics Base, Albany, Georgia and Marine Corps Logistics Base, Barstow, California. Depot repair and rebuild has proven to be an effective program whereby major end items of equipment can be sustained and operated for their maximum useful life. The requested program is required to insure that major end items are available to meet unit training and mobilization requirements. Items programmed for repair have been screened to insure that valid requirements exist and that Repair and Rebuild is the most cost effective means of satisfying the requirement.
