DTIC/NTIS identification number for this publication is DIOR/M07 - 9 1/02.

## FOREWORD

This publication provides data on worldwide active duty military personnel casualties as reported during the period October 1, 1979 through March 31, 1991. It is intended to provide summary information for the Office of the Secretary of Defense and various other Department of Defense (DoD) and Federal Government offices. Starting with Fiscal Year 1991, an annual list of active duty military personnel who died since October 1, 1979, will be available which contains data on military service, name, rank/mos, date of death, and home of record. This listing entitled, "Worldwide U.S. Active Duty Military Deaths, Alphabetical Index by Name (ST33)," is available each fiscal year from the following:

For the public

Director  
National Technical Information Service  
5285 Port Royal Road  
Springfield, Virginia 22151 Phone (703) 487-4600

For the Federal Government and its contractors

Administrator  
Defense Technical Information Center  
Cameron Station  
Alexandria, Virginia 22304-6145 Phone (703) 274-7633

The information has been generated from an automated data base of casualty information certified and reported monthly by the military services. Hence, responsibility for the accuracy of these data is that of each of the reporting military services. These reporting requirements are set forth in DoD Instruction 7730.63, "Reports on Active Duty Military Personnel Casualties in Official Combat Areas and in Noncombat Areas," dated August 26, 1982. This publication includes only those personnel casualties reported by date of publication. Subsequent casualty reports will be included in future publications with appropriate adjustments.

..... NOTE .....

This publication is designed to be used as a planning document and is not a record of day-to-day casualty counts. Since there is a lead time for casualty information to be reported by field activities to the military service casualty offices and then to the Office of the Secretary of Defense, the data cannot be used for publication or release as current data. It is imperative that the detailed information and the resulting casualty statistics be treated with the utmost sensitivity.

Since all casualty data, including any changes or modifications are as reported to the Office of the Secretary of Defense by the respective military service casualty offices, inquiries regarding individual casualties or other proposed changes to the data in this publication should be directed to the appropriate military service casualty offices:
