ANNUAL REPORT

VOLUME 1

PART 2

TASK 1: DIGITAL EMULATION TECHNOLOGY LABORATORY

REPORT NO. AR-0142-91-001

September 27, 1991

DIGITAL EMULATION TECHNOLOGY LABORATORY

Contract No. DASG60-89-C-0142

Sponsored By

The United States Army Strategic Defense Command

COMPUTER ENGINEERING RESEARCH LABORATORY

Georgia Institute of Technology

Atlanta, Georgia 30332 - 0540

Contract Data Requirements List Item A005

Period Covered: FY 91

Type Report: Annual

91-12579

TABLE OF CONTENTS

PART 1

1. Introduction	1
1.1. Objectives	1
1.1.1. GN&C Test and Evaluation -- EXOSIM.....	3
1.1.2. Education and Technical Support	4
1.2. Schedules and milestones	5
2. Hardware and Facilities.....	9
2.1. Parallel Function Processor (PFP)	9
2.1.1. Physical Description.....	10
2.1.2. Intel 310 Host.....	12
2.1.3. Sun 386i Host	12
2.2. Seeker Scene Emulator (SSE).....	12
2.3. Other computer systems	13
2.4. Secure laboratory	14
3. FPP/FPX Development Tools	16
3.1. Introduction.....	16
3.2. FPP/FPX object module loader	16
3.3. FPP/FPX program downloader.....	17
4. Software Development Tools	18
4.1. Introduction.....	18
4.2. Sequential programming tools.....	18
4.2.1. INITIAL program.....	18
4.2.2. DECLARE program	21
4.2.3. STRUCTURE program	25
4.2.4. CTIMER program	27

4.3. Parallel programming tools	31
4.3.1. NETWORK program.....	31
4.3.2. USAGE program.....	37
4.3.3. ETIMER program	41
4.4. Special purpose tools.....	45
4.4.1. NAMELIST program	45
4.4.2. EQUIVALENCE program.....	46
4.4.3. COMMON program	49
4.4.4. PROLOG utility	51
5. Application Software.....	63
5.1. EXOSIM.....	63
5.1.1. EXOSIM 1.0	65
5.1.2. EXOSIM 2.0.....	66
5.1.2.1. SSV19.3.....	70
5.1.2.2. SSV19.5.....	71
5.1.2.3. SSV19.6.....	74
5.1.2.4. SSV19.7 and SSV19.8	76
5.1.2.5. SSV20.8.....	77
5.1.2.6. SSV20.9.....	78
5.1.2.7. SSV20.10.....	80
5.1.2.8. SSV20.11.....	81
5.1.2.9. SSV20.12.....	85
5.1.2.10. SSV20.13.....	88
5.1.2.11. SSV20.14.....	91
5.1.2.12. SSV20.15.....	94
5.1.2.13. SSV20.16.....	98
5.1.2.14. SSV21.16.....	102
5.1.2.15. SSV22.16.....	103
5.1.2.16. SSV22.19.....	108
5.2. LEAP.....	114
6. Appendix A: Environment file format	117
7. Appendix B: vield program source.....	119
8. Appendix C: loadfpp program source.....	135

PART 2

9. Appendix D: common program source	1
10. Appendix E: ctimer program source	43
11. Appendix F: declare program source	109
12. Appendix G: equivalence program source	169
13. Appendix H: etimer program source	213
14. Appendix I: initial program source	285
15. Appendix J: namelist program source	328
16. Appendix K: network program source	343
17. Appendix L: structure program source	393
18. Appendix M: usage program source	426

PART 3

19. Appendix N: EXOSIM 2.0 (End-to-end)	1

9. Appendix D: common program source

FILE: common/Makefile
