INTRODUCTION AND EXPLANATION OF CODES

INTRODUCTION

This report presents a variety of subcontract data collected from Department of Defense (DoD) large business firms that have received at least one award in excess of \$500,000 (\$1,000,000 for construction). Public Law 95-507 requires that these contractors establish a small business and small disadvantaged business subcontracting program and report to DoD quarterly, using Standard Form 295, on subcontract awards made to these types of firms.

Table II-1 shows the dollar amounts and percent distribution of awards from DoD contractors to large, small, and small disadvantaged businesses for the Fiscal Year 1991 and Fiscal Year 1990.

Table II-2 summarizes DoD subcontracting program commitments, while Tables II-3 and II-4 summarize small and small disadvantaged business subcontracting goals and achievements for Fiscal Year 1991.

Detailed information from the Army, Navy, Air Force and Defense Logistics Agency (DLA) is presented in Part III, Sections 1 through 4. Commercial product information is presented in Part III, Section 5. The listings in Part III include all of the statistics on the Standard Form 295 submitted by each contractor and subcontractor.

Dollar amounts in the Summary, as well as the Detail table are given in thousands.
