FOREWORD

This publication provides data on worldwide active duty military personnel casualties as reported during the period October 1, 1979 through March 31, 1992. It is intended to provide summary information for the Office of the Secretary of Defense and various other Department of Defense (DoD) and Federal Government offices. Starting with Fiscal Year 1991, an annual list of active duty military personnel who died since October 1, 1979, will be available which contains data on military service, name, pay grade, date of death, and home of record. This listing entitled, "Worldwide U.S. Active Duty Military Deaths, Alphabetical Index by Name (ST33)," is available each fiscal year from the following:

The information has been generated from an automated data base of casualty information certified and reported monthly by the military services. Hence, responsibility for the accuracy of these data is that of each of the reporting military services. The reports presented in this publication are based on the reporting requirements set forth in DoD Instruction 1300.18, "Military Personnel Casualty Matters, Policies, and Procedures," dated December 27, 1991. This publication includes only those personnel casualties reported by date of publication. Subsequent casualty reports will be included in future publications with appropriate adjustments.

.....NOTE.....

This publication is designed to be used as a planning document and is not a record of day-to-day casualty counts. Since there is a lead time for casualty information to be reported by field activities to the military service casualty offices and then to the Office of the Secretary of Defense, the data cannot be used for publication or release as current data. It is imperative that the detailed information and the resulting casualty statistics be treated with the utmost sensitivity.

Since all casualty data, including any changes or modifications are as reported to the Office of the Secretary of Defense by the respective military service casualty offices, inquiries regarding individual casualties or other proposed changes to the data in this publication should be directed to the appropriate military service casualty offices:

GLOSSARY OF TERMS

Active Duty. Full-time duty in active military service, regardless of duration or purpose. The term includes active duty for training.

Active Duty for Training. A tour of active duty that is used for training members of the reserve components to provide trained units and qualified persons to fill the needs of the military services in time of war or national emergency and such other times as national security requires. The tour of duty is under orders that provide for return to nonactive duty status when the period of active duty for training is completed. It includes annual training, special tours of active duty for training, school tours, and the initial tour performed by nonprior service enlistees.

Casualty. Any person who is lost to the organization by reasons of having been declared dead, missing, captured, interned, wounded, injured, or seriously ill.

Hostile, Hostile Conditions or Hostile Actions. Meets the requirements of a battle casualty. A battle casualty is any casualty incurred in action. "In action" characterizes the casualty status as having been the direct result of hostile action; sustained in combat or relating thereto; or sustained going to or returning from a combat mission provided that the occurrence was directly related to hostile action. Included are persons killed or wounded mistakenly or accidentally by friendly fire directed at a hostile force or what is thought to be a hostile force. However, injuries due to the elements or self-inflicted wounds and, except in unusual cases, wounds or deaths inflicted by a friendly force while the individual is in an absent-without-leave or dropped from the rolls status or who is voluntarily absent from a place of duty are not to be considered as sustained in action and are, thereby, not to be interpreted as battle casualties.

Died. Active duty military personnel lost to their organization by reason of having been declared dead.

Missing. Active duty military personnel who are not present at their duty station due to apparent involuntary reasons and whose location is not known. Excluded are personnel who are in an absent-without-leave or deserter status or those who have been dropped from the rolls of their military service.

Captured or Interned. Active duty military personnel who have been detained as the result of action of an unfriendly military or paramilitary force in a foreign country.

Returned to Military Control (RMC). Active duty military personnel previously missing, captured, or interned who have been returned to U.S. military authority.
