19. ABSTRACT (Continue on reverse if necessary and identify by block number) This report presents in Appendix A the CHAMPUS Catastrophic Quarterly Payment Reports for the First Quarter Fiscal Year (FY) 1993 for each of the thirty- eight Army Gateway catchment areas. Each Payment Report lists Privacy Act protected hospitalization patient cases having CHAMPUS claims totaling more than the catchment area's specific FY 1993 catastrophic cutoff amount at the end of the Fourth Quarter FY 1992 and/or at the end of the First Quarter FY 1993. The difference between the reported and prior quarters' net claim payments equals the catastrophic net payment made for each patient during the quarter. Table 1 at the end of the Summary contains the CHAMPUS Catastrophic Quarterly Payment Schedule, summarizing for each catchment area the catastrophic case cutoff limit, the total net claim payments for each of the two quarters, the payment total between the quarters, and the number of catastrophic cases comprising these First Quarter FY 1993 payment differences.

Executive Summary

This report presents in Appendix A the CHAMPUS Catastrophic Quarterly Payment Reports for the First Quarter Fiscal Year (FY) 1993 for each of the thirty-eight Health Services Command Gateway catchment areas. Each Payment Report lists Privacy Act protected hospitalization patient cases having CHAMPUS claims totaling more than the catchment area's specific FY 1993 catastrophic cutoff amount at the end of the Fourth Quarter FY 1992 and/or at the end of the First Quarter FY 1993. The difference between the reported and prior quarters' net claim payments equals the catastrophic net payment made for each patient during the quarter. Table 1 at the end of this Summary contains the CHAMPUS Catastrophic Quarterly Payment Schedule, summarizing for each catchment area the catastrophic case cutoff limit, the total net claim payments for each of the two quarters, the payment total between the quarters, and the number of catastrophic cases comprising these First Quarter FY 1993 payment differences.

Appendix A (pp. A-1-61) contains the CHAMPUS Catastrophic Quarterly Payment Reports for the First Quarter FY 1993. For each of the Gateway catchment areas, Privacy Act protected patient cases having CHAMPUS claims totaling more than the catchment area's specific catastrophic cutoff amount for FY 1993 are listed with the changes in their net claim payments between the reported First Quarter FY 1993 and the prior Fourth Quarter FY 1992. Each Payment Report includes the following for each catastrophic patient: (1) the patient unique Inpatient Record Number; (2) the last hospital ending date on record; (3) the last hospital and professional services voucher payment dates; (4) an indicator of whether the case involved a consolidation of hospital stays due to FI adjudication action; (5) the DRG and diagnosis codes and their shortened names; (6) number of days spent in the hospital; (7) number of professional services; (8) patient age, sex and beneficiary category; (9) the catastrophic amounts above the site's specified catastrophic cutoff amount as of the first and last days of the reported quarter; and (10) the difference of these two catastrophic totals which equals the catastrophic net payment made for each patient during the quarter.

The Payment Reports in Appendix A only include cases with claim payment totals exceeding the catchment area's catastrophic cutoff amount in one or both of the two reported quarters. Quarterly catastrophic payment amounts in the appendix are the differences between the most recent and the prior quarters' catastrophic totals. A negative payment amount represents net recoupment actions/adjustments during the quarter. Each site's cutoff amount is noted in the footnote area of the catchment area's Payment Report output. An explanation of how the catastrophic case limits were computed for the Gateway catchment areas for FY 1993 is presented in the Health Services Command Publication Fiscal Year 1993 CHAMPUS Catastrophic Case Limits, Gateway Catchment Areas, RP 93-009, DTIC: In Press, February 1993.

In general, finding the status of any catastrophic patient case from quarter to quarter is accomplished by comparing the Inpatient Record Numbers (INPT RCD #'s) from the previous quarterly report with those on the current Catastrophic Payment Report. However, these reports for the First Quarter FY 1993 were computed using catastrophic cutoff amounts derived from FY 1992 data. Prior published catastrophic payments reports presented cases for only the thirteen initial Gateway areas whose cutoffs were computed from Calendar Year (CY) 1990 data. With different cutoff amounts for the previously reported sites and twenty-five catchment areas having no earlier recounted catastrophic case history, the comparison method of tracking catastrophic patient cases from quarter to quarter is not applicable at present; beginning with the Second Quarter FY 1993, correlations may be made. If the Inpatient Record Number is on both the previous report and the current one, the catastrophic patient had positive or negative net claims in at least one quarter and is a continuing catastrophic case. Otherwise, a catastrophic case can appear to be newly added or dropped when compared with a previous report depending on whether a case surpasses or drops below the catastrophic cutoff for that catchment area, and whether or not claim payment activity took place during the reporting quarter. An example of how cases can appear and disappear from quarterly Payment Reports is given on the second page of the Executive Summary in the Health Services Command Publication CHAMPUS Catastrophic Payments, First Through Third Quarter, Fiscal Year 1992, Gateway Catchment Areas, RP 92-015, DTIC: AD B166-677, July 1992. Another example will be presented in the forthcoming Second Quarter FY 1993 Catastrophic Payments published report.

Table 1 at the end of this Summary (p. 3) contains the CHAMPUS Catastrophic Quarterly Payment Schedule and lists the summary totals of each catchment area's number of catastrophic cases and catastrophic totals from the Payment Reports for the quarter. Each site's FY 1993 cutoff amount is additionally listed. Table 1 shows that CHAMPUS catastrophic re-insurance payments for the First Quarter FY 1993 had lows of \$-33,137 at Fort Leonard Wood MEDDAC with ten catastrophic cases and a cutoff amount of \$88,500, and at Beaumont AMC with payments of \$2,404 for two cases with a cutoff at \$231,000. At the high end of the range, Fort Meade MEDDAC with a \$94,000 cutoff amount had 15 cases on their Payment Report and catastrophic re-insurance payments of \$785,740, and Fort Bragg MEDDAC had \$608,360 in payments, 49 cases with a \$28,500 cutoff amount. Quarterly catastrophic payments totaled to \$7,881,675 over all Gateway sites for the First Quarter and included care for a total of 553 catastrophic patients.

Technical Note. The following TCSDP data were utilized for report:

- A) Composite Institutional Record (CIR) V2.0
- B) Composite Professional Record (CPR) V1.0
- C) TCSDP Indexing Logic Module #C3B13.
