19. ABSTRACT (Continue on reverse if necessary and identify by block number) This report presents in Appendix A the CHAMPUS Catastrophic Quarterly Payment Reports for the Second Quarter Fiscal Year (FY) 1993 for each of the thirty-eight Army Gateway catchment areas. Each Payment Report lists Privacy Act protected hospitalization patient cases having CHAMPUS claims totaling more than the catchment area's specific FY 1993 catastrophic cutoff amount at the end of the First Quarter and/or at the end of the Second Quarter FY 1993. The difference between the reported and prior quarters' net claim payments equals the catastrophic net payment made for each patient during the quarter. Table 1 at the end of the Summary contains the CHAMPUS Catastrophic Quarterly Payment Schedule, summarizing for each catchment area the catastrophic case cutoff limit, the net claim totals for each of the two quarters, the payment total between the quarters, and the number of catastrophic cases comprising these Second Quarter FY 1993 payment differences.

Executive Summary

This report presents in Appendix A the CHAMPUS Catastrophic Quarterly Payment Report for the Second Quarter, Fiscal Year (FY) 1993. For each of the Health Services Command (HSC) thirty-eight Gateway catchment areas, Privacy Act protected patient cases having CHAMPUS claims totaling more than the catchment area's specific FY 1993 catastrophic cutoff amount are listed with the changes in their net claim payments between the reported and prior quarters. Each Payment Report includes the following for each patient: (1) the patient unique Inpatient Record Number; (2) the last hospital ending date on record; (3) the last hospital and professional services voucher payment dates; (4) an indicator of whether the case involved a consolidation of hospital stays due to FI adjudication action; (5) the DRG and diagnosis codes and their shortened names; (6) number of days spent in the hospital; (7) number of professional services; (8) patient age, sex and beneficiary category; (9) the catastrophic amounts above the site's specified catastrophic cutoff amount as of the first and last days of the reported quarter; and (10) the difference of these two catastrophic totals which equals the catastrophic net payment made for each patient during the quarter. Table 1 at the end of this Summary contains the CHAMPUS Catastrophic Quarterly Payment Schedule and lists the summary totals of each catchment area's number of catastrophic cases and catastrophic totals from the Payment Reports, summing over all catchment areas for the quarter.

Only cases with CHAMPUS claim payment totals exceeding the catchment area's catastrophic cutoff amount are presented. Each cutoff amount is noted in the footnote area on the catchment area's output in the Catastrophic Payment Report (Appendix A, pp. A-1-59) and on the CHAMPUS Catastrophic Payment Schedule (Table 1). The specific cutoff amounts used for each of the Gateway sites and the methods used to derive them were reported in the Health Services Command Publication Fiscal Year 1993 CHAMPUS Catastrophic Case Limits, Gateway Catchment Areas, RP 93-009, DTIC: Not Yet Known, February 1993. Quarterly catastrophic payment amounts are the differences between the most recent and the prior quarter's CHAMPUS catastrophic claim totals. A negative payment amount represents net recoupment actions/adjustments during the quarter. First Quarter FY 1993 quarterly catastrophic payment amounts for the thirty-eight sites were reported in the Health Services Command Publication CHAMPUS Catastrophic Payments For The First Quarter, Fiscal Year 1993, Gateway Catchment Areas, RP 93-011, DTIC: Not Yet Known, February 1993.

Finding the status of any catastrophic patient case from quarter to quarter is accomplished by comparing the Inpatient Record Numbers (INPT RCD #'s) from previous quarterly reports with those on the current Catastrophic Payment Report (Appendix A). If the Inpatient Record Number is on both the previous

report and the current one, the catastrophic patient had positive or negative net claims in at least one of the quarters and is a continuing catastrophic case. Otherwise, a catastrophic case can appear to be newly added or dropped when compared with a previous report depending on whether a case surpasses or drops below the catastrophic cutoff for that catchment area, and whether or not claim payment activity took place during the reporting quarter. For example, on the First Quarter FY 1993 Catastrophic Payments Report, Fort Campbell MEDDAC catchment area had seven CHAMPUS patient cases qualified as catastrophic under Campbell's \$96,000 FY 1993 catastrophic case limit (RP 93-011 as listed above, p. A-14). To be included in that report, each of those seven cases had government claim totals of \$96,000 or more as of 30 Sep 1992 and/or 31 Dec 1992, and each case had experienced some change in total net claims between the two dates. The Second Quarter FY 1993 Catastrophic Payments Report presented in Appendix A of this publication shows Fort Campbell with four patient cases, each having at least one catastrophic total above Campbell's catastrophic case cutoff amount and a change in claim totals between 1 Jan 1993 and 31 Mar 1993 (p. A-13). Only one of the previous quarter's seven CHAMPUS patient cases reappeared on the second quarter report (INPT RCD # 92101100013385, Current Hospital End Date 13 Aug 1992, DRG 622). The other six first quarter cases were likely omitted from the second quarter report due to payment inactivity between the two quarters; one or more of those patient cases may again appear on upcoming Catastrophic Payments Reports should catastrophic payment totals between quarters for those cases increase or decrease. The second quarter report also shows that, along with the one continuing case from the previous quarter, there are three "new" catastrophic cases for Fort Campbell. As listed on the report, the catastrophic payment total for each of these new cases as of 31 Dec 1992 was \$0, meaning that none of the three cases had claims totaling at or above Campbell's \$96,000 catastrophic case amount as of that date. By 31 Mar 1993 however, the end of the second quarter, each of these three patient cases had government claim payments totaling over Campbell's case limit, as shown under the 31 Mar 1993 catastrophic totals column (p. A-13).

Table 1 at the end of this Summary (p. 4) contains the CHAMPUS Catastrophic Quarterly Payment Schedule and lists the summary totals of each catchment area's number of catastrophic cases and catastrophic totals from the Payment Report for the quarter. Each site's FY 1993 cutoff amount is additionally listed. Table 1 shows that CHAMPUS catastrophic re-insurance payments for the Second Quarter FY 1993 had lows of \$-172,113 at Fort Ord MEDDAC catchment area with six catastrophic cases and a cutoff amount of \$76,000, and at Fort Leonard Wood MEDDAC with payments of \$-9,712 for eight cases with a cutoff at \$88,500. At the high end of the range, Fort Bragg MEDDAC with a \$28,500 cutoff amount had 44 cases on its Payment Report and catastrophic re-insurance payments of \$1,631,000, while Fort Eustis MEDDAC had \$693,067 in payments and fourteen cases with a \$41,500

cutoff amount. Quarterly catastrophic payments totaled to \$9,273,351 over all Gateway sites for the Second Quarter FY 1993 and included care for a total of 514 catastrophic patients.

Technical Note. The following Tri-Service CHAMPUS Statistical Database Project (TCSDP) data were utilized for report:

- A) Composite Institutional Record (CIR) V2.0
- B) Composite Professional Record (CPR) V1.0
- C) TCSDP Indexing Logic Module #C3B23.
