2. Reporting shall be accomplished through magnetic tapes or cartridges, labeled as specified in enclosure 2, and formatted as described in enclosure 3.

3. Each report shall be accompanied by a letter of transmittal that identifies the files transmitted and states the number of records in each file.

4. DoD standard data elements and codes established by DoD Directive 5000.11 and DoD Instruction 5000.12 (references (b) and (c)) shall be used where specified. Other data elements and codes should be registered in the DoD Data Element Program. If specific coding instructions are not provided, reference shall be made to DoD 5000.12-M (reference (d)).
