INTRODUCTION

Purpose and Scope

This report presents a variety of current and historical data pertaining to Department of Defense (DoD) prime contract awards. All historical tables commence with fiscal year (FY) 1984 data.

Six categories of data on DoD prime contracts are provided. Data are displayed by type of contractor, by procurement program, by competition, and by type of contract pricing provision. Awards for Research, Development, Test, and Evaluation (RDT&E) are discussed separately. The DoD Small Business Subcontracting Program is also briefly addressed.

Notes on Coverage

Figures for the first half of the prior fiscal year may differ from those shown in last year's publication. This is due to changes made during the second half of the fiscal year.

Amounts in this report are shown for the DoD agency that awards the prime contracts and not the department or agency that budgets for the supplies or services. In addition, data for the Army, Navy, and Air Force include prime contracts awarded on behalf of the National Aeronautics and Space Administration (NASA) and other Federal agencies, as well as for foreign countries whose Defense purchases are reimbursable. Percentages are derived by dividing the detail line or the subtotal line by the base line designated by 100 percent, unless otherwise noted. Column headings, footnotes, or section narratives are used to identify these exceptions. Indentation is used to provide assistance in recognizing total, subtotal, and detail line information. The data are collected in whole dollars and the totals given in some tables may not add due to rounding. This report includes awards made by Other Defense Agencies (ODAs), which are listed in the Glossary.

Commencing with FY 1989, it also includes tariff or regulated acquisitions under \$25,000. It does not include obligations for "in house" work performed at government owned and operated establishments such as Navy shipyards, Army arsenals, and Air Force research laboratories, except to the extent that such establishments place contracts for supplies and services with industry or other Federal agencies. The estimated dollar amounts of indefinite quantity petroleum contracts are included in this report, but the number of individual orders written against these contracts have not been included in the totals for procurement actions.

For the definition of terms used in this publication, see the Glossary.

Highlights

DoD procurement actions during the first half of FY 1994 totaled \$53,608,979 thousand (rounded), as shown below:

<u>Category</u>	<u>Amount</u>
Intragovernmental/FMS	\$ 4,040,914
Work Outside United States	2,039,169
Educational and Nonprofit Institutions	1,741,568
Business Firms Inside United States	45,737,207
Tariff or Regulated Acquisitions	<u>47,121</u>
TOTAL	\$53,608,979

Foreign Military Sales (FMS), a reimbursable portion of intragovernmental orders, totaled \$3,134 million as follows: Army, \$1,057 million; Navy, \$492 million; Air Force, \$1,532 million; Defense Logistics Agency, \$50 million; and Other Defense Agencies, \$3 million.

AWARDS BY TYPE OF CONTRACTOR

DoD Procurement by Type of Contractor

DoD procurement awards during the first half of FY 1994 (October 1993 through March 1994) totaled \$53,609 million. This was a decrease of \$7,632 million (12.5 percent) from the \$61,241 million awarded during the first half of FY 1993. Contract awards to U.S. businesses for work inside the United States decreased by \$6,610 million. Awards to or through other Government agencies decreased by \$946 million, awards to educational and nonprofit institutions increased by \$216 million, and awards for work outside the United States decreased by \$273 million. See Tables 1 and 2.

Procurement Trends

DoD procurement increased from \$146.0 billion in FY 1984 to \$163.7 billion in FY 1985; however, it decreased to \$158.8 billion in FY 1986 and continued to decrease each year through FY 1989. During FY 1990, an upward trend is again shown which continued through FY 1991. In FY 1992 awards decreased to \$136.3 billion, the lowest FY total in the last ten years. Although in FY 1993 procurement increased slightly, it

is the second lowest FY total in the last ten years, and has the lowest amounts in the last ten years for awards for work outside the United States and for awards to U.S. businesses for work inside the United States. The long term trend in prime contract awards is shown in Table 3.

Small Business Performance

Small businesses received \$8,544 million during the first half of FY 1994, a decrease of \$942 million from the \$9,486 million during the first half of FY 1993. As shown in Table 3, in FY 1993, small businesses received the largest percentage in the last ten years (21.4 percent) of the prime contracts awarded to all business firms for work done in the United States.

Chart 1 shows that 2,288,897 procurement actions, or 80.4 percent of the total 2,845,232 actions awarded to business firms, involved small businesses.

Chart II shows total awards to business firms, to small business firms, and percent to small businesses for FY 1984 through FY 1993.

Operations and Reports

Chart II

Net Value of DoD Prime Contract Awards to Small Businesses, to All Businesses, and Percent Distribution to Small Businesses: FY 1984 - 1993

AWARDS BY PROCUREMENT PROGRAM

Data on the net value of prime contract awards to businesses in the United States by procurement program are shown in Table 5 for the first half of FY 1994 and the first half of FY 1993, and in Table 6 for FY 1984 through FY 1993. Table 6a provides data on awards by procurement program, according to the Defense Component making the awards, for FY 1984 through FY 1993.

Total DoD procurement from U.S. businesses for work performed in the United States during the first half of FY 1994 totaled \$45,737 million; \$6,610 million (12.6 percent) less than the first half of FY 1993. A comparison between the first

half of FY 1993 and FY 1994 shows a decrease in all three major categories. Of the 14 mid-level categories, 11 showed a decrease, only the tank-automotive, miscellaneous hard goods, and construction categories showed increases.

The individual program categories with the largest decreases were Ships, \$1,697 million; All Actions of \$25,000 or Less, \$1,665 million; and Petroleum, \$837 million.

Chart III shows awards to all businesses and percent distribution to small businesses by procurement program for the first half of FY 1994 and the first half of FY 1993.

Operations and Reports

AWARDS FOR RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

The net value and percent distribution of awards for research, development, test, and evaluation (RDT&E), by type of contractor, for FY 1984 through FY 1993 are shown in Table 7.

The total dollar value of RDT&E awards, excluding awards for work outside the United States and orders to other Government agencies, amounted to \$21,694 million during FY 1993 and accounted for 18.2 percent of all DoD procurement. During FY 1992, the comparable amount was \$21,342 million, which was 17.7 percent of the total awards.

As shown in Table 7, the Department of the Air Force had the largest amount of RDT&E awards in each of the last ten years. RDT&E awards accounted for 80.9 percent of the contracts awarded by the Department of the Air Force to

Educational and Nonprofit Institutions during FY 1994.

Between FY 1984 and FY 1986, the relative share of RDT&E procurement to total procurement remained consistently around 13 or 14 percent. During FY 1987, it rose to 15.5 percent and continued to rise each year through FY 1989. Decreases are shown for both FY 1990 and FY 1991 to 17.3 percent and 15.8 percent, respectively. Awards again increased in FY 1992 to 17.7 percent. In FY 1993, the percentage of RDT&E procurement to total procurement reached a ten year high of 18.2 percent.

Contract awards for RDT&E by procurement program are shown for FY 1984 through FY 1993 in Table 8. This table shows the percentage of RDT&E awards in each program based on the totals shown in Table 6.

 Directorate for Information
 Operations and Reports

AWARDS BY COMPETITION

Awards by Extent of Competed

Procurement

As shown in Table 9, total DoD awards subject to competition during the first half of FY 1994 and the first half of FY 1993 totaled \$45.851 million and \$49.974 million, respectively. A breakout of these awards is as follows:

	FY 1994		FY 1993	
	Dollars	Percent	Dollars	Percent
Total	\$ 45.851	100.0%	\$ 49.974	100.0%
Competed 1/	29.952	65.3	32.967	66.0
Follow-on	4.531	9.9	4.129	8.3
Not Competed	11.368	24.8	12.878	25.8

Table 9 gives the total for both actions and dollars by reporting Component for each of these categories.

1/ See Glossary of Terms for definition.

Table 10 displays the extent of competed procurements by each Competition in Contracting Act (CICA) solicitation procedure where applicable. Full and open competition procedures accounted for 79.6 percent of the competed post-CICA awards during the first half of FY 1994 compared to 75.4 percent for the first half of FY 1993. Actions of \$25,000 or less accounted for 8.1 percent (7.8 percent last year), and other than full and open competition accounted for 12.3 percent (16.8 percent last year).

Solicitation Procedures

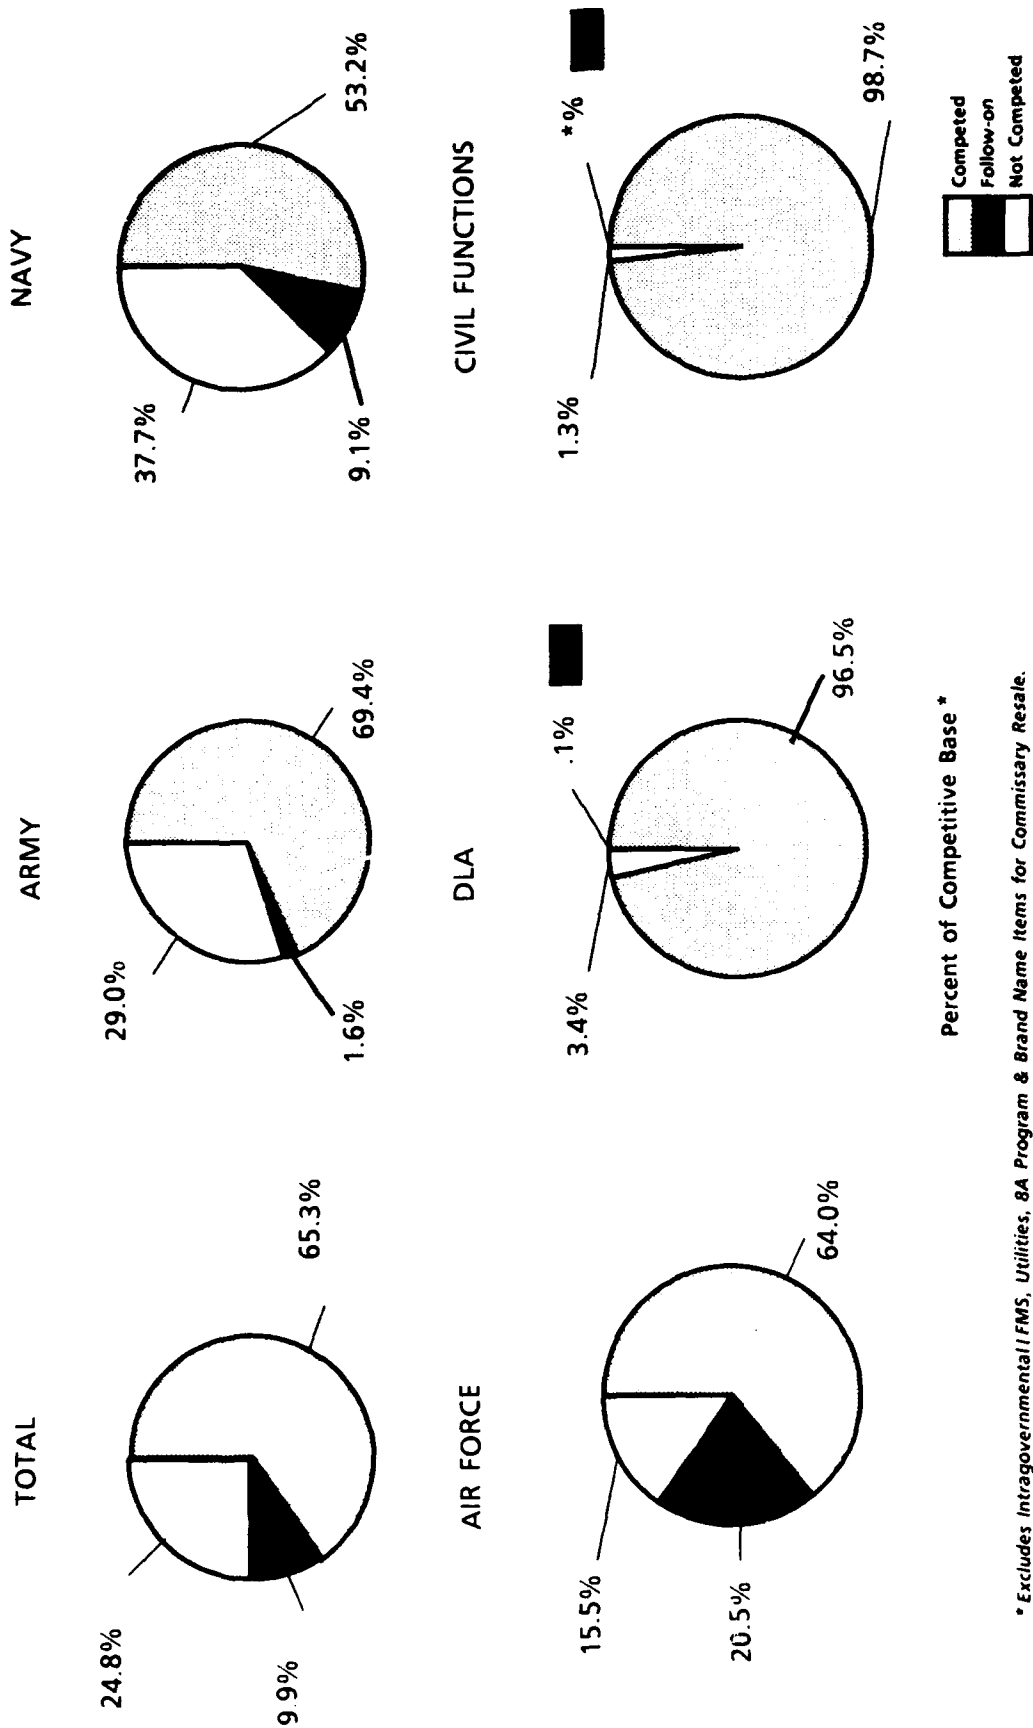

Tables 13 and 14 highlight the dollars and procurement actions, respectively, for each of the CICA solicitation procedures used by the DoD to procure supplies and services during the first half of FY 1994 and the first half of FY 1993. See the Federal Acquisition Regulation, Part 6, for a more descriptive definition of the solicitation procedures listed in these tables. Similar data are not collected on awards in support of the Foreign Military Sales (FMS) program and awards of \$25,000 or less.

As can be seen in Table 13, the total awards reported during the first half of FY 1994 amounted to \$53.6 billion, which was a \$7.6 billion decrease from the first half of FY 1993. Of the FY 1994 total, \$6.9 billion (12.8 percent) were for "Foreign Military Sales" and "Actions of \$25,000 or Less." Of the remaining \$46.7 billion, 84.9 percent were awarded pursuant to CICA procedures. The "Full & Open Competition" category accounted for \$23.5 billion, or 51.8 percent of the post-CICA awards. The "Other Than Full & Open Competition" category accounted for \$21.9 billion, or 48.2 percent of the post-CICA awards. Similar data are also depicted by DoD Component in this table.

Table 14 shows a total of 3,412,170 procurement actions during the first half of FY 1994, a sharp decrease from the 4,521,887 reported during the first half of FY 1993. Most of the decrease can be found in the Actions of \$25,000 or Less category which decreased by 1,065,769 or 24.4 percent from the first half of FY 1993. Distribution by kind of contracting action is also depicted.

Chart IV shows percent distribution of DoD awards by extent of competed procurement according to Defense Component for the first half of FY 1994.

Chart IV
Percent Distribution of DoD Awards by Extent of Competed Procurement,
According to Defense Component: First Half Fiscal Year 1994

* Excludes Intragovernmental/FMS, Utilities, BA Program & Brand Name Items for Commissary Resale.

AWARDS BY TYPE OF CONTRACT PRICING PROVISION

Table 16 shows the net value and percent distribution of DoD prime contract awards over \$25,000 for the first half of FY 1994 and the first half of FY 1993. Data are shown by type of contract pricing provision, according to Defense Component. Table 17 provides annual data for FY 1984 through FY 1993.

During the first half of FY 1994, awards over \$25,000 (excluding intragovernmental awards) totaled \$46,329 million, of which \$27,201 million, or 58.7 percent, were awarded under fixed price procedures and \$17,481 million, or 37.7 percent, under cost reimbursement procedures. Other types (time and materials and labor hours) accounted for \$1,646 million, or 3.6 percent.

Cost-plus-fixed fee (CPFF) contracts accounted for 15.6 percent of the total contract awards over \$25,000 during the first half of FY 1994. The use of incentive contracts (both fixed price and cost-type combined) increased from 15.8 percent of total contract dollars in the first half of FY 1993 to

18.0 percent during the first half of FY 1994. The use of firm fixed-price contracts decreased from 44.0 percent to 41.3 percent during the same time period.

The total of 75,835 contract actions over \$25,000 for the first half of FY 1994 (see Table 16) includes 22,589 original contract actions and modifications calling for additional work and 53,246 actions representing delivery orders and modifications made pursuant to the terms of existing contracts. Actions for new work decreased by 9.0 percent and actions representing delivery orders and modifications, pursuant to the terms of the original contract, decreased by 6.8 percent.

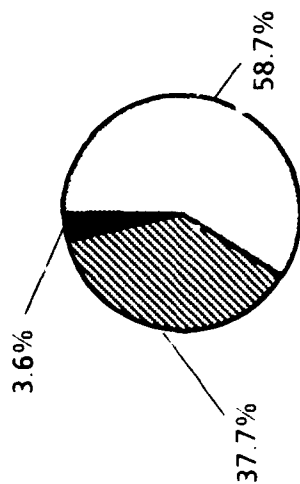

Chart V shows percent distribution of DoD Prime Contract Awards by contract pricing provision, according to Defense Component, for the first half of FY 1994. When compared to the first half FY 1993 percentages, the first half FY 1994 percentage for fixed price type contracts decreased by 4.9 percent; cost reimbursement type contracts increased by 4.4; and the other type contracts increased by 0.5.

DOD SMALL BUSINESS SUBCONTRACTING PROGRAM

Commitments for DoD small business subcontracting work by 1,863 reporting large contractors totaled \$44,947 million in FY 1993, which was a 5.0 percent decrease from the \$47,318 million reported by 1,742 large contractors in FY 1992.

Small businesses received 37.6 percent of the total committed for subcontracting work during FY 1993, compared with 38.4 percent for FY 1992. Comparative data for FY 1984 through FY 1993 are given below.

(Amounts in Millions)

	1993	1992	1991	1990	1989	1988	1987	1986	1985	1984

GLOSSARY OF TERMS

Businesses. Businesses are companies, individuals, or partnerships organized for profit, including small businesses as defined below.

Civil Functions. Functions primarily associated with the Civil Works program of the Army Corps of Engineers. This program encompasses planning, programming, designing, constructing, and operating Federal Water resource projects for navigation, flood control, hydroelectric power production, water supply, recreation, and related activities. Also included are cemetery work and conservation management.

Competed Procurement.

For solicitations issued prior to the Competition in Contracting Act (CICA):

Price Competition - Two or more bids or offers were received under formal advertising or negotiated methods of procurement and award was made to the lowest responsive and responsible bidder or offeror.

Technical & Design Competition - Two or more offers were received and award was made to the offeror with the best overall technical and design proposal. Cost is one of the factors in the evaluation. Sources for most major weapon systems resulted from initial competition in the design and development stage.

For solicitations issued subsequent to the Competition in Contracting Act:

Awards where solicitations were issued pursuant to full and open competition procedures or awards where two or more offers were received following solicitation, pursuant to other than full and open competition procedures, and award was made to the lowest responsive and responsive offeror.

Educational and Nonprofit Institutions. Any corporation, foundation, trust, or institution operating on a not-for-profit basis. Included are educational and scientific institutions, hospitals of a nonprofit nature, and state, local, and other non-Federal government agencies. If the work of these institutions meets the criteria of the category "Work Outside the United States", it is included in the data for that category.

Intragovernmental Order. Orders written by a Military Department or Defense Agency purchasing office requesting that a non-Defense Federal Agency furnish supplies or services from its stocks, in-house manufacturing facilities, or contracts.

Location of Work. The place where an item is to be manufactured, assembled, or otherwise supplied by the prime contractor; the place where the service is to be performed; or the site of a construction project.

Military Functions. Activities normally associated with the support of the Uniformed Services.

Net Value. The net amount of debit and credit procurement actions recorded during the period.

Health Sciences
WHS Contracting Office

Prime Contract Award. A legally binding agreement executed by a Department of an Agency of DoD to obtain supplies, services, or construction.

Procurement Action. An action involving the obligation or deobligation of funds which officially awards or changes a prime contract. This may include the award of a new prime contract, a debit or credit change to an existing prime contract, or an order written against an indefinite delivery-type contract or basic ordering agreement.

Small Businesses. A small business is defined by the Small Business Administration in the Federal Register (Title 13, Chapter 1, Part 121). The definition also appears in the Federal Acquisition Regulation (19.101). Generally, a small business is one that is independently owned and operated; is not dominant in its field of operations; and, with its affiliates, does not employ more than a specified number of employees (usually not more than 500, 750, or 1,000, depending on the type of product called for by the contract). For construction and some service industries, the criterion is a specified annual dollar volume of sales or receipts rather than a number of employees.

Subcontract Commitment. A legal agreement between contractors establishing the value of goods and services required to fulfill a contract. The goods or services are provided by one contractor (called the subcontractor) to the contractor with the major or prime contract.

Subcontract Payment. A cash payment made by one contractor to another for supplies, services, or construction required by a prime contract.

United States. The 50 states, the District of Columbia, and the outlying areas of the United States.

Work Inside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government Agency with a place of performance inside the United States (see above).

Work Outside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government Agency with a place of performance outside of the United States (see above).
