I. Description of Operations Financed:

A. The Congress has directed the Secretary of the Army to promote, among able-bodied citizens of the United States, who are not reached through training programs of the Armed Forces, practice in the use of military-type individual small arms; to promote competitions in the use of arms; and to issue equipment and awards therefore, under authority of Title 10, U.S.C., Sections 4307-4313, 4652, and Title 32, U.S.C., Section 316. The operation and maintenance of ranges, sale of arms and ammunition, conduct of the matches, support of competitors at state, regional, national and international shooting events and conduct of marksmanship training of citizens are specific legislative requirements as associated with the Civilian Marksmanship Program (CMP). The National Board for the Promotion of Rifle Practice (NBPRP) was established by legislation for the purpose of advising the Secretary of the Army on the implementation and promotion of the CMP. The CMP conducted by the Secretary of the Army has been approved by Congress and funds have been appropriated by Congress for 90 years.

B. The CMP is implemented through the Director of Civilian Marksmanship, the executive agency of the NBPRP, and reaches citizens 10 years of age and older. The CMP primarily provides marksmanship and rifle safety instruction for the youth of the United States. The concept of "citizen soldier" is implicit in the legislation.

C. No appropriated funds are requested for the CMP for FY96. The Office of the Secretary of Defense has directed the CMP become fully self-sufficient.
