FOREWORD

Prime Contract Awards is published semiannually. This publication displays current and historical summarized information on Department of Defense prime contract awards using a variety of categories and report formats. The primary purpose of this publication is to provide the perspective required for the analysis of Defense procurement trends related to the six categories shown.

GLOSSARY OF TERMS	59

INTRODUCTION

Purpose and Scope

This report presents a variety of current and historical data pertaining to Department of Defense (DoD) prime contract awards. All historical tables commence with fiscal year (FY) 1985 data.

Six categories of data on DoD prime contracts are provided. Data are displayed by type of contractor, by procurement program, by competition, and by type of contract pricing provision. Awards for research, development, test, and evaluation (RDT&E) are discussed separately, as is the DoD Small Business Subcontracting Program.

Notes on Coverage

Amounts in this report are shown for the DoD Agency that awards the prime contracts and not the department or agency that budgets for the supplies or services. In addition, data for the Army, Navy, and Air Force include prime contracts awarded on behalf of the National Aeronautics and Space Administration (NASA) and other Federal agencies, as well as for foreign countries whose Defense purchases are reimbursable. Percentages are derived by dividing the detail line or the subtotal line by the base line designated by 100 percent, unless otherwise noted. Column headings, footnotes, or section narrative are used to identify these exceptions. Indentation is used to provide assistance in recognizing total, subtotal, and detail line information. The data are collected in whole dollars and the totals given in some tables may not add due to rounding. This report includes awards made by Other Defense Agencies (ODAs), which are listed in the Glossary. Commencing with FY 1989, it also includes tariff or regulated acquisitions under \$25,000. It does not include obligations for "in house" work performed at government owned and operated establishments,

such as Navy shipyards, Army arsenals, and Air Force research laboratories, except to the extent that such establishments place contracts for supplies and services with industry or other Federal Agencies. The estimated dollar amounts of indefinite quantity petroleum contracts are included in this report, but the number of individual orders written against these contracts has not been included in the totals for procurement actions.

For the definition of terms used in this publication, see the Glossary.

Highlights

DoD procurement actions during FY 1994 totaled \$132,219,300 thousand (rounded), as shown below:

<u>Category</u>	<u>Amount</u>
Intragovernmental/FMS	\$ 11,097,605
Work Outside United States	5,602,092
Educational and Nonprofit Institutions	3,315,355
Business Firms Inside United States	112,013,450
Tariff or Regulated Acquisitions	190,799
Total	\$132,219,300

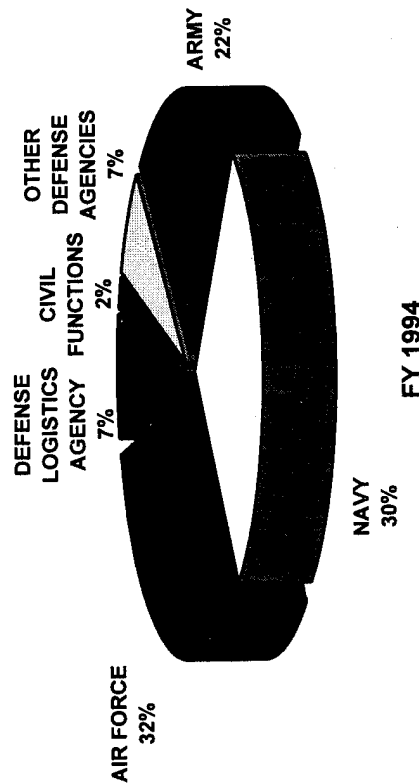

Foreign Military Sales (FMS), a reimbursable portion of intragovernmental orders, totaled \$8,517 million as follows: Army, \$2,249 million; Navy \$1,340 million; Air Force \$4,783 million; Defense Logistics Agency, \$139 million, and Other Defense Agencies, \$7 million.

AWARDS BY TYPE OF CONTRACTOR

DoD Procurement by Type of Contractor

DoD procurement awards during FY 1994 (October 1993 through September 1994) totaled \$132,219 million. This was a decrease of \$6,088 million (1.5 percent) from the \$138,307 million awarded during FY 1993. Contract awards to U.S. businesses for work inside the United States decreased by \$3,994 million. Awards to or through other Government Agencies decreased by \$1,766 million, awards to educational and nonprofit institutions decreased by \$128 million, and awards for work outside the United States decreased by \$224 million. See Tables 1 and 2 on pages 5 and 7.

The following chart displays the percentage of obligations awarded by each Defense Component during FY 1994.

Procurement Trends

DoD procurement decreased from \$163.7 billion in FY 1985 to \$158.8 billion in FY 1986, and continued to decrease each year through FY 1989. During FY 1990, an upward trend is shown which continued through FY 1991. In FY 1992, awards decreased to \$136.3 billion. In FY 1993, procurement increased slightly. In FY 1994, awards decreased to \$132.2 billion, the lowest FY total in the last ten years. The long term trend in prime contract awards is shown in Table 3, page 11.

Small Business Performance

Small businesses received \$24,805 million during FY 1994, a decrease of \$67 million from the \$24,872 million received during FY 1993. Although the FY 1994 dollar amount of awards to small businesses decreased from the FY 1993 dollar amount, the proportion of small business to all business firms continued to show an increase. In FY 1994, small businesses received the largest percentage in the last ten years (22.1 percent) of the prime contracts awarded to all business firms for work done in the United States.

Chart I, page 9, shows that 6,438,730 procurement actions, or 66.8 percent of the total 9,636,308 actions awarded to business firms, involved small businesses.

Chart II, page 13, shows total awards to business firms, to small business firms, and percentage to small businesses for FY 1985 through FY 1994.

Operations and Reports

Chart II

Net Value of DoD Prime Contract Awards to Small Businesses, to All Businesses,
and Percent Distribution to Small Businesses: FY 1985 - 1994

Percent to Small Business

AWARDS BY PROCUREMENT PROGRAM

Data on the net value of prime contract awards to businesses in the United States, by procurement program, are shown in Table 5, page 17, for FY 1994 and FY 1993, and in Table 6, page 21, for FY 1985 through FY 1994. Table 6a, page 23, provides data on awards, by procurement program, according to the Defense Component making the awards, for FY 1985 through FY 1994.

Total DoD procurement from U.S. businesses for work performed in the United States during FY 1994 totaled \$112,013 million; \$3,994 million (3.4 percent) less than FY 1993. A comparison of FY 1994 totals show a decrease in the Major Hard Goods Category, with a relatively slight increase in Services and All Other Categories.

The largest decreases in the procurement programs were in Ships, \$2,171 million; Electronics and Communication Equipment, \$1,771 million; and Ammunition, \$1,209 million. The programs with the largest increases were Construction, \$2,787 million; Airframes and Related Assemblies and Spares, \$521 million; and Combat Vehicles, \$280 million.

Chart III, page 19, shows awards to all businesses and percentage distribution to small businesses by procurement program for FY 1994 and FY 1993.

Operations and Reports

AWARDS FOR RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

The net value and percentage distribution of awards for research, development, test, and evaluation (RDT&E), by type of contractor, for FY 1985 through FY 1994 are shown in Table 7, page 31.

The total dollar value of RDT&E awards, excluding awards for work outside the United States and orders to other Government Agencies, amounted to \$21,491 million during FY 1994 and accounted for 18.6 percent of all DoD procurement. During FY 1993, the comparable amount was \$21,694 million, which was 18.2 percent of the total awards.

As shown in Table 7, the Department of the Air Force had the largest amount of RDT&E awards in each of the last ten years. RDT&E awards accounted for 73.3 percent of the contracts awarded by the Department-of the Air Force to Educational and Nonprofit Institutions during FY 1994.

Between FY 1985 and FY 1989, the relative dollar share of RDT&E procurement to total procurement (excluding awards for work outside the United States and orders to other Government agencies) steadily increased from 13.1 percent in FY 1985 to 17.9 percent in FY 1989. Decreases are shown for both FY 1990 and FY 1991 to 17.3 percent and 15.8 percent, respectively. Awards again increased in FY 1992, to 17.7 percent, and again in FY 1993 to 18.2 percent. In FY 1994, the percentage of RDT&E procurement to total procurement reached a ten year high of 18.6 percent.

Contract awards for RDT&E, by procurement program, are shown for FY 1985 through FY 1994 in Table 8, page 33. This table shows the percentage of RDT&E awards in each program based on the totals shown in Table 6.

AWARDS BY COMPETITION

Awards by Extent of Competed Procurement

As shown in Table 9, page 39, total DoD awards subject to competition during FY 1994 and 1993 totaled \$110,187 million and \$112,455 million, respectively. A breakout of these awards is as follows:

	FY 1994		FY 1993	
	Dollars in		Dollars in	
	<u>Millions</u>	<u>Percent</u>	<u>Millions</u>	<u>Percent</u>
Total	\$ 110,187	100.0	\$ 112,455	100.0
Competed 1/	71,261	64.7	73,320	65.2
Follow-on	10,425	9.5	10,384	9.2
Not Competed	28,501	25.9	28,752	25.6

1/ See Glossary of Terms for definition.

Table 9 also gives the total for both actions and dollars by reporting Component for each of these categories.

Table 10, page 41, displays the extent of competed procurements by each Competition in Contracting Act (CICA) solicitation procedure, where applicable. Full and open competition procedures accounted for 80.7 percent of the competed post-CICA awards during FY 1994, compared to 76.7 percent for FY 1993. Actions of \$25,000 or less accounted for 10.0 percent (10.1 percent last year), and other than full and open competition, 9.2 percent (13.2 percent last year).

Solicitation Procedures

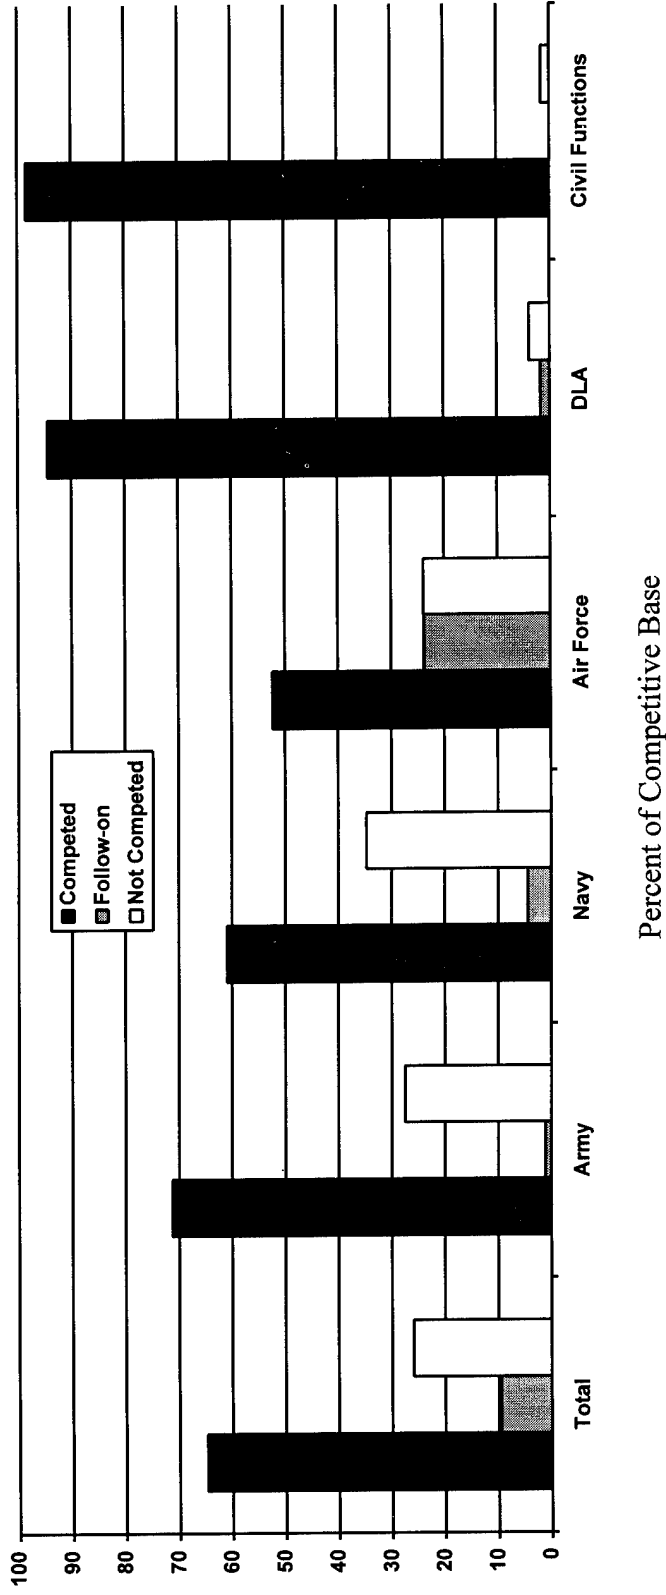

Tables 13 and 14, on pages 43 and 45, highlight the dollars and procurement actions, respectively, for each of the CICA solicitation procedures used by the DoD to procure supplies and services during FY 1994 and FY 1993. See the Federal Acquisition Regulation, Part 6, for a more descriptive definition of the solicitation procedures listed in these tables. Similar data are not collected on awards in support of the Foreign Military Sales (FMS) program and awards of \$25,000 or less.

As can be seen in Table 13, the total awards reported during FY 1994 amounted to \$132.2 billion, a decrease of \$6.1 billion from the FY 1993 amount. Of the FY 1994 total, \$22.8 billion (17.3 percent) were for "Foreign Military Sales" and "Actions of \$25,000 or Less." Pre-CICA actions accounted for \$3.7 billion, or 2.8 percent, while \$105.7 billion, or 79.9 percent, were awarded pursuant to CICA procedures. Within the Post-CICA categories the "Full & Open Competition" category accounted for \$56.6 billion, or 53.5 percent, and the "Other Than Full & Open Competition" category accounted for \$49.1 billion, or 46.5 percent. Similar data are also depicted by DoD Component in this table. Table 14 also shows a total of 11,216,563 procurement actions during FY 1994. This is a slight decrease from the 11,902,807 reported during FY 1993. Distribution by kind of contracting action is also depicted.

Chart IV, page 37, shows percentage distribution of DoD awards by extent of competed procurement, according to Defense Component, for FY 1994. The Civil Functions percentage for "Not Competed" awards decreased dramatically from FY 1993 to FY 1994. Emergency procurements due to damage caused by natural disasters were the reason for the larger than normal 10.2 percent in FY 1993.

Chart IV

Percent Distribution of DoD Awards by Extent of Completed Procurement
According to Defense Component: Fiscal Year 1994

Note: Chart excludes Intragovernmental FMS, Utilities, 8A Program & Brand Name Items for Commissary Resale.

AWARDS BY TYPE OF CONTRACT PRICING PROVISION

Table 16, page 51, shows the net value and percentage distribution of DoD prime contract awards over \$25,000 for both fiscal years 1994 and 1993. Data are shown by type of contract pricing provision, according to Defense Component. During FY 1994, awards over \$25,000 (excluding intragovernmental awards) totaled \$108,350 million, of which \$72,078 million, or 66.5 percent, were awarded under fixed price procedures and \$32,274 million, or 29.8 percent, under cost reimbursement procedures. Other types (time and materials and labor hours) accounted for \$3,998 million, or 3.7 percent.

Cost-plus-fixed fee (CPFF) contracts accounted for 13.3 percent of the total contract awards over \$25,000 during FY 1994. The use of incentive contracts (both fixed price and cost-type combined) increased from 15.5 percent of total contract dollars in FY 1993 to 17.3 percent in

FY 1994. The use of firm fixed-price contracts decreased from 50.1 percent to 47.5 percent.

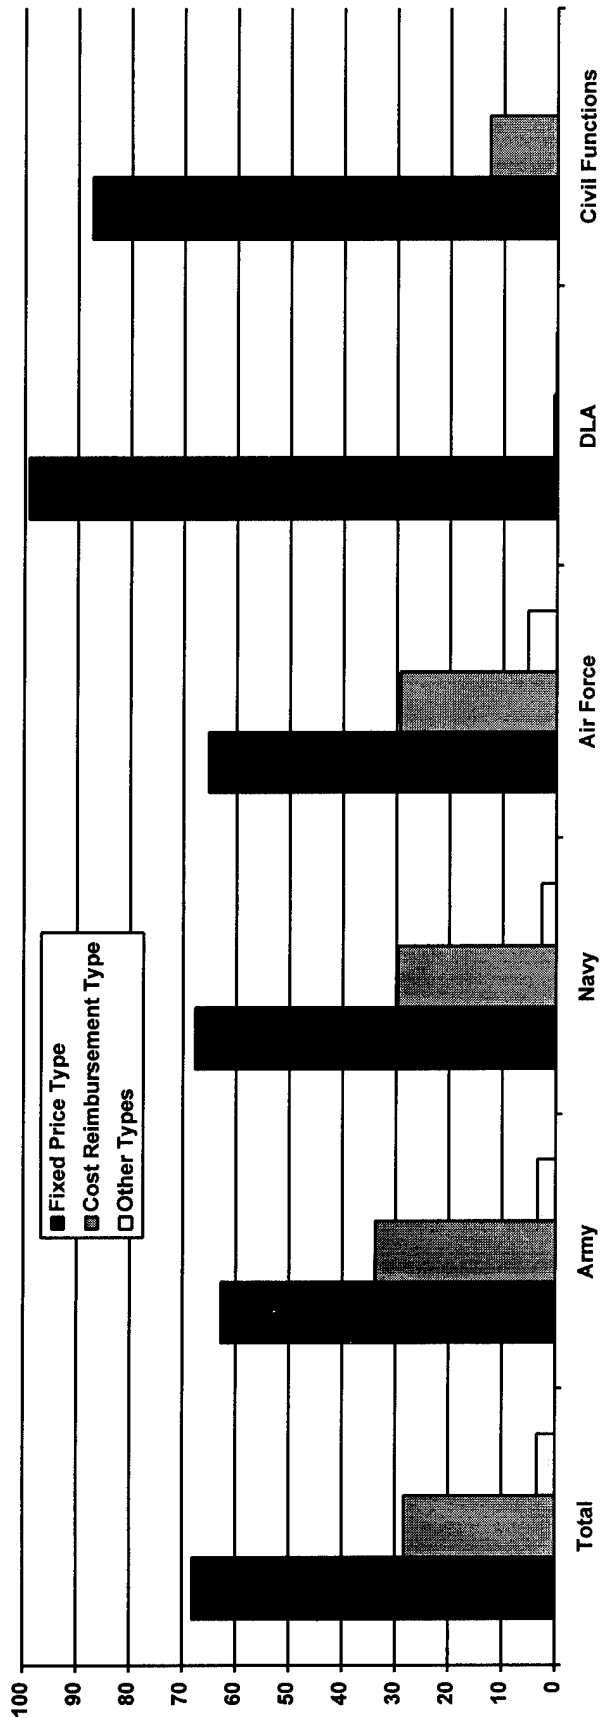

The total of 217,045 contract actions over \$25,000 for FY 1994, Table 16, includes 66,520 original contract actions and modifications calling for additional work and 150,525 actions representing delivery orders and modifications made pursuant to the terms of existing contracts. Actions for new work decreased by 7.4 percent and actions representing delivery orders and modifications, pursuant to the terms of the original contract, decreased by 2.8 percent. Table 17, page 55, provides annual data for FY 1985 through FY 1994, by type of pricing provision.

Chart V, page 49, shows percentage distribution of DoD Prime Contract Awards by contract pricing provision, according to Defense Component, for FY 1994.

Chart V

Percent Distribution of DoD Prime Contract Awards by Contract Pricing Provision, According to Defense Component: Fiscal Year 1994

Percent of Total Procurement*

* Intragovernmental actions and actions \$25,000 or less are excluded.

DOD SMALL BUSINESS SUBCONTRACTING PROGRAM

Commitments for DoD small business subcontracting work by 2,022 reporting large contractors totaled \$45,364 million in FY 1994, which was a 0.9 percent increase from the \$44,947 million reported by 1,863 large contractors in FY 1993.

Small businesses received 38.3 percent of the total committed for subcontracting work during FY 1994, compared with 37.6 percent for FY 1993. Comparative data for FY 1985 through FY 1994 are given below.

(Amounts in Millions)

GLOSSARY OF TERMS

Businesses. Businesses are companies, individuals, or partnerships organized for profit, including small businesses as defined below.

Civil Functions. Functions primarily associated with the Civil Works program of the Army Corps of Engineers. This program encompasses planning, programming, designing, constructing, and operating Federal Water resource projects for navigation, flood control, hydroelectric power production, water supply, recreation, and related activities. Also included are cemetery work and conservation management.

Competed Procurement.

For solicitations issued prior to the Competition in Contracting Act (CICA):

Price Competition - Two or more bids or offers were received under formal advertising or negotiated methods of procurement and award was made to the lowest responsive and responsible bidder or offeror.

Technical & Design Competition - Two or more offers were received and award was made to the offeror with the best overall technical and design proposal. Cost is one of the factors in the evaluation. Sources for most major weapon systems resulted from initial competition in the design and development stage.

For solicitations issued subsequent to the Competition in Contracting Act:

Awards where solicitations were issued pursuant to full and open competition procedures or awards where two or more offers were received following solicitation pursuant to other than full and open competition procedures and award was made to the lowest responsive and responsive offeror.

Educational and Nonprofit Institutions. Any corporation, foundation, trust, or institution operating on a not-for-profit basis. Included are educational and scientific institutions, hospitals of a nonprofit nature, and state, local, and other non-Federal government agencies. If the work of these institutions meets the criteria of the category "Work Outside the United States" (see below), it is included in the data for that category.

Intragovernmental Order. Orders written by a Military Department or Defense Agency purchasing office requesting that a non-Defense Federal Agency furnish supplies or services from its stocks, in-house manufacturing facilities, or contracts.

Location of Work. The place where an item is to be manufactured, assembled, or otherwise supplied by the prime contractor; the place where the service is to be performed; or the site of a construction project.

Military Functions. Activities normally associated with the support of the Uniformed Services.

Net Value. The net amount of debit and credit procurement actions recorded during the period.

Other Defense Agencies

Armed Forces Radio & Television Service
Armed Forces Radiobiology Research Institute
Advanced Research Projects Agency
Ballistic Missile Defense Organization
Commander US Special Operations Command
Defense Commercial Communications Office
Defense Commissary Agency
Defense Evaluation Support Activity
Defense Information Systems Agency
Defense Mapping Agency
Defense Nuclear Agency
Defense Supply Service - Washington
Office for the Civilian Health & Medical Program
of the Uniformed Services (CHAMPUS)
On Site Inspection Agency
Uniformed Services University of Health Sciences
WHS Contracting Office

Prime Contract Award. A legally binding agreement executed by a Department of an Agency of DoD to obtain supplies or services.

Procurement Action. An action involving the obligation or deobligation of funds which officially awards or changes a prime contract. This may include the award of a new prime contract, a debit or credit change to an existing prime contract, or an order written against an indefinite delivery-type contract or basic ordering agreement.

Small Businesses. A small business is defined by the Small Business Administration in the Federal Register (Title 13, Chapter 1, Part 121). The definition also appears in the Federal Acquisition Regulation (19.101). Generally, a small business is one that is independently owned and operated, is not dominant in its field of operations, and, with its affiliates, does not employ more than a specified number of employees (usually not more than 500, 750, or 1,000, depending on the type of product called for by the contract). For construction and some service industries, the criterion is a specified annual dollar volume of sales or receipts rather than the number of employees.

Subcontract Commitment. A legal agreement between contractors establishing the value of goods and services required to fulfill a contract. The goods or services are provided by one contractor (called the subcontractor) to the contractor with the major or prime contract.

Subcontract Payment. A cash payment made by one contractor to another for supplies, services, or construction required by a prime contract.

United States. The 50 states, the District of Columbia, and the outlying areas of the United States.

Work Inside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government Agency with a place of performance inside the United States (see above).

Work Outside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government Agency with a place of performance outside of the United States (see above).
