FOREWORD

Military Manpower Statistics (MMS) is a quarterly publication generated from an integrated data base containing Department of Defense (DoD) work force information. The MMS report consists of 28 statistical tables providing a variety of information on various aspects of military personnel. In addition to summary data, detailed data are provided by Military Service or Defense Component, type of personnel (officer, enlisted), grade, and location. Selected tables also provide data on women in the military.

GENERAL NOTES:

Excluded from all total DoD military strength figures for fiscal year 1996 are approximately 65,000 full-time military personnel who are paid from other than active duty military personnel appropriations. This group is funded from appropriations for reserve components.

Selected Reserve strengths ordered to active duty by the President under Title 10, United States Code 12304, are also excluded, except where noted, from total DoD strength figures for fiscal year 1996.

INTERNET AVAILABILITY:

Selected information presented in the MMS publication is available on DefenseLINK, a World Wide Web server on the Internet, at the following address: <http://web1.whs.osd.mil/mm/mid/military/milktop.htm>.
