DMC QUALITY INSPECTED 4

Released by  
R. G. Walter, CAPT, DC, USN  
Commanding Officer  
Naval Submarine Medical Research Laboratory

Approved for public release; distribution unlimited

CUMULATIVE BIBLIOGRAPHY  
(1942 - 1997)

RESEARCH REPORTS AND PUBLICATIONS  
ORIGINATING IN THE  
NAVAL SUBMARINE MEDICAL RESEARCH LABORATORY  
Groton, Connecticut 06349

Edited by  
Susan D. Monty

Naval Submarine Medical Research Laboratory  
Special Report 97-1

Approved and Released by

R. G. Walter, CAPT, DC, USN  
Commanding Officer  
NavSubMedRschLab

Reports listed herein are available as follows:

Qualified users (Armed Forces agencies,  
Government officials and their contractors)  
should submit their requests to:

Defense Technical Information Center  
8725 John J. Kingman Rd., Suite 0944  
Ft. Belvoir, VA 22060-6218

All others should obtain copies from:

National Technical Information Service  
U. S. Department of Commerce  
P. O. Box 1553  
Springfield, VA 22151

## CHRONOLOGICAL LIST OF NSMRL REPORTS

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 1 The development of methods for the selection of sound listening personnel. C. W. Shilling. 1942. AD 622168
- 2 The determination of night vision of submarine personnel. C. W. Shilling and W. S. Verplanck. 1942<sup>1</sup> AD 622169
- 3 Report on night lookout training school conducted at U.S. Submarine Base-New London. C. W. Shilling and W. S. Verplanck. 1942. AD 622187
- 4 Memorandum on the selection and training of sound operators. W. D. Neff. 1942. AD 663544
- 5 Report on reliability test of NDRC Adaptometer Model II conducted at the Submarine-Base-New London. C. W. Shilling and W. S. Verplanck. 1942. AD 663543
- 6 Binoculars with treated surfaces. W. S. Verplanck and N. R. Bartlett. 1942. AD 663542
- 7 Study of significance of responses of color-normal individuals to the A-O plates: preliminary report on trial of R. C. N. Lantern. C. W. Shilling and J. D. Reed. 1942. AD 622180
- 8 Night lookout training and testing devices developed at the U.S. Submarine Base-New London. C. W. Shilling and W. S. Verplanck. 1942. AD 622177
- 9 Selection and training of sound listening personnel — Progress Report. C. W. Shilling and W. D. Neff. 1942. AD 102868
- 10 Comparative study of adaptometers. W. S. Verplanck. 1942. AD 638156
- 11 Memorandum on test-retest reliability of pitch discrimination tests. W. D. Neff. 1942. AD 492078.
- 11-a Memorandum on the use of the audiogram in the selection of sound operators. W. D. Neff. 1942. AD 663545
- 12 Memorandum on inventory of musical background form. W. D. Neff. 1942. AD 663546
- 13 Memorandum comparing the scores obtained by testing submarine school candidates with the Otis-self-administering test of mental ability with the scores received on the general classification test as recorded in the service records of these candidates. C. W. Shilling and N. R. Bartlett. 1942. AD 492079.
- 14 Further report on the testing of efficiency of night vision: Comparative reliability and validity measures of the adaptometer and the self-luminous tele-silhouette adaptometer. L. S. Beals and W. S. Verplanck. 1943. AD 622170.
- 15 Report on trial of Royal Canadian Navy colour vision lantern in comparison with other tests of color vision. C. W. Shilling and J. D. Reed. 1943. AD 622181
- 16 A report on the test-retest reliability of the Admiralty Mark I Adaptometer. W. S. Verplanck and D. T. Reed. Feb 1943. AD 622171.
- 17 A report on the test-retest reliability of the Miles Four-Plaque Adaptometer. W. S. Verplanck and D. T. Reed. 1943. AD 622172
- 18 A report on the test-retest reliability of the Wright Adaptometer. W. S. Verplanck and D. T. Reed. 1943. AD 622175

---

1 Four Memorandum Reports to BuMed made during 1941 are included as enclosures in Item No. 2 above, senior author W. C. Ives.

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 19 A rapid procedure for testing of night vision. W. S. Verplanck. 1943. [AD 622173](#)
- 20 A report on the NDRC Model HI Adaptometer. W. S. Verplanck. 1943. [AD 663533](#)
- 21 Night vision testing of the members of the crew of the USS NEW JERSEY. C. W. Shilling and W. S. Verplanck. 1943. [AD 622174](#)
- 22 Report of incidental data of interest in connection with night vision testing of the crew of the Battleship NEW JERSEY, C. W. Shilling and W.S. Verplanck. 1943. [AD 663535](#)
- 23 A report of research on selection tests at the U.S. Submarine Base, New London, Conn., OSRD Report 1770. C. H. Graham, L. A. Riggs, N. R. Bartlett, R. N. Berry, W. S. Verplanck, R. L. Solomon and C. G. Mueller. 1943. [AD 663861](#)
- 24 Report on a comparison of rigid binoculars with the standard adjustable binocular on interpupillary distance setting gauge. C. W. Shilling and W. S. Verplanck. 1943. [AD 622178](#)
- 25 General procedure for investigating personnel selection tests at the U.S. Submarine Base, New London, Conn. N. R. Bartlett. 1943. [AD 638158](#)
- 26 Reliability coefficients and intercorrelation coefficients for personnel selection tests at the U.S. Submarine Base, New London, Conn. N. R. Bartlett. 1943. [AD 622176](#)
- 27 Preliminary analysis of the New London Submarine Performance Report. N. R. Bartlett. 1943. [AD 638157](#)
- 28 Investigation of the Harrower-Erickson modification of the Rorschach Test. N.R. Bartlett. 1943. [AD 663536](#)
- 29 Neuropsychiatric misfits screened by the personal inventory and by the New London NDRC confidential questionnaire. N. R. Bartlett. 1943. [AD 622179](#)
- 30 A survey of methods used in administering pseudo-isochromatic plates for color vision. D. Farnsworth and J. D. Reed. 1943. [AD 622183](#)
- 31 Examination of the Williams Lantern as a test for color vision. D. Farnsworth and J. D. Reed. 1943. [AD 622184](#)
- 32 The effects of certain illuminants on scores made on pseudo-isochromatic tests. D. Farnsworth and J. D. Reed. 1943. (re-issued 1948). [AD 622185](#)
- 32-a The relationship of scores on Form 3, Officer Qualification Test, to grades in the Officers' Submarine School, New London, Conn. N. R. Bartlett. 1943. [AD 622186](#)
- 33 Field tests of the Radium Plaque Adaptometer. W. S. Verplanck, G. E. Watson, and D. T. Reed. 1943. [AD 622182](#)
- 34 Outline and discussion of methods used in selecting enlisted candidates for submarine training. T. L. Willmon. 1943. [AD 663601](#)
- 35 The effect of changing the illumination on the colors in pseudo-isochromatic plates. D. Farnsworth and J. D. Reed. 1944. [AD 622220](#)
- 36 Development of a method for obtaining personal preferences from within small groups and the relationship of such evaluations to other psychiatric and psychological data. B. E. Wiggin and N. R. Bartlett. 1944. [AD 622219](#)
- 37 Tests for estimating the sizes of ear defenders of the V-51(r) type. A. Everley and E. G. Emrich. 1944. [AD 622218](#)

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 38 Report of 500 subjects tested and retested for fifty trials each on the Navy Radium Plaque Adaptometer. W. S. Verplanck and R. H. Peckham. 1944. AD 622217
- 39 Retention of discriminable hue of ten colors at small subtense. D. Farnsworth and J. D. Reed. 1944. AD 492080
- 40 Design of a method for recording medical data significant in medical examinations for submarine school candidates in order to permit rapid analysis by punch card techniques. T. L. Willmon and N. R. Bartlett. 1944. AD 622216
- 41 Analysis of attrition in the submarine school and of factors contributing to attrition: School drops, school referrals, and courts-martial. N. R. Bartlett. 1944. AD 663537
- 42 The effects of paredrine on night vision test performance. W. S. Verplanck. 1944. AD 638160
- 43 Comparison of results obtained on the experimental form of the Officer Mechanical Aptitude Test, Form X-1 (NavPers-16640) with (1) results of the Officer Qualification Test, Form 3 (NavPers-16563) and (2) grades in submarine school. N. R. Bartlett. 1944. AD 622215
- 44 Determinations of sky brightnesses (a) Tables of sky brightness measurements. W. S. Verplanck. 1944. AD 622213
- 45 A report on the night vision testing of 5750 men. W. S. Verplanck. 1944. AD 663538
- 46 Intercorrelations of NDRC selection tests, and correlations of these tests with the aptitude scores recorded on the Enlisted Personnel Qualifications Card. N. R. Bartlett. 1944. AD 622214
- 47 Design of a method for recording medical data significant in medical examinations for submarine school candidates in order to permit rapid analysis by punch card techniques. T. L. Willmon and N. R. Bartlett. 1944. AD 622212
- 48 Relationship of personnel selection devices to the behavior criteria of school performance and overall performance on a submarine patrol. T. L. Willmon and N. R. Bartlett. 1944. AD 638159
- 49 Studies in group audiometry on submarine personnel. J. D. Harris. 1944. AD 492081
- 50 Propeller noise discrimination. J. D. Harris. 1944. U-59717
- 51 Comparison of various screening devices with standard medical procedures. D. Farnsworth, N. R. Bartlett, and M. Kindred. 1945. AD 492082
- 52 Functions of pitch in submarine sonar operation. J. D. Harris. 1945. AD 224774
- 53 Analysis of disqualifications for submarine school according to source from which men are received. N. R. Bartlett. 1945. AD 638162
- 54 Correlations of tests with grades in submarine school. N. R. Bartlett. 1945. AD 638199
- 55 Comparison and evaluation of American Optical Co. Pseudo-Isochromatic Plates, first and second Editions. D. Farnsworth and J. D. Reed. 1945. AD 636632
- 56 Disqualifications for submarine school of men processed by Bainbridge Selection Procedure. N. R. Bartlett. 1945. AD 492083
- 57 Functions of loudness discrimination in submarine sonar operation. J. D. Harris. 1945. AD 638200
- 58 Comparison of various screening devices with standard medical procedures. D. Farnsworth, N. R. Bartlett and M. Kindred. 1945. AD 492084

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 59 Analysis of rejections in examinations for submarine school. A. T. Malinosky and N. R. Bartlett. 1945. AD 638201
- 60 Analysis of rejections in examinations for submarine school. A. T. Malinosky and N. R. Bartlett. 1945. AD 663539
- 61 Report on the standardization of night lookout stages. W. S. Verplanck. 1945. AD 663540
- 62 Submarine duty completed by enlisted personnel ordered to New London for assignment to new construction. N. R. Bartlett. 1945. AD 638202
- 63 Analysis of rejections in examinations for submarine school. N. R. Bartlett and A. T. Malinosky. 1945. AD 492085
- 64 Intercorrelations of items of the NDRC personal inventory and correlations of these items with Otis Intelligence Scores. N. R. Bartlett. 1945. AD 492086
- 65 The relation between the audiogram at high frequencies and proficiency in sonar performance. J. D. Harris. 1945. AD 492087
- 65-a Report of sound conference: 14-15 June. 1945. J. W. Kohl. AD 493811
- 66 Pitch discrimination in noise. J. D. Harris. 1945. AD 492088
- 67 An evaluation of the Officer Classification Test as a device for selecting officer candidates for submarine school. N. R. Bartlett. 1945. AD 663528
- 68 Comparison and evaluation of American Optical Co. Pseudo-Isochromatic Plates, first and second editions. J. H. Sulzman. 1945. AD 638203
- 69 Analysis of rejections in examinations for submarine school. A. T. Malinosky and N. R. Bartlett. 1945. AD 663527
- 70 Observations on efficiency of submarine personnel during prolonged submergence when the atmospheric oxygen is maintained at 17% and the carbon dioxide at 3TO. J. E. Karlin and J. F. Curtis. 1945. AD 639625
- 71 Analysis of rejections in examinations for submarine school. A. T. Malinosky and N. R. Bartlett. 1945. AD 636638
- 72 Lookout, a manual for lookout officers, supervisors, and shore-based instructors. NavPers 16198. 1945. AD 663531
- 73 The effect of colored lenses upon color discrimination. D. Farnsworth. 1945. AD 636641
- 73-a An evaluation of the personal inventory and certain other measures in the prediction of submarine officers' evaluations of enlisted men. OSRD Rpt M05557. 1945. AD 636825
- 74 The effect of increasing the difficulty of the RPT test of night vision. W. S. Verplanck. 1945. AD 636636
- 75 The ship recognition trainer. W. B. Brown. 1945. AD 102867
- 76 The target angle trainer. W. B. Brown. 1945. AD 636637
- 77 The relative bearing and target angle trainer. W. B. Brown. 1945. AD 636633

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 78 Studies on the comparative efficiency of the free voice and pure-tone audiometer for routine testing of auditory acuity. J. D. Harris. 1945. AD 636634
- 79 The vessel length calculator. W. B. Brown. 1945. AD 636635
- 80 Investigation of the combat information center test (NavPers 16680) as a selection device for enlisted submarine radar school. N. R. Bartlett. 1945. AD 663541
- 81 Observations made during simulated schnorchel operations carried out at Portsmouth Navy Yard aboard the USS SIRAGO (SS-485) on 11, 12 and 13 Sep 1945. R. Hayter and J. G. Bateman. 1945. AD 224260
- 82 Inclined plane trainer and the step trained as used for instruction in hull down recognition and range estimation. W. B. Brown. 1945. AD 663521
- 83 Comparison of various screening devices with standard medical visual procedure. J. H. Sulzman, E. B. Cook, N. R. Bartlett, D. Farnsworth and M. I. Kindred. 1945. AD 224259
- 84 An investigation of the billet qualification Blank (NavPers 16418) for its suitability with combat experienced candidates for submarine training. N. R. Bartlett. 1946. AD 663514
- 85 The results of dental therapy in fifty cases of aerotitis media in submarine personnel based upon a new functional concept of eustachian tube blockage. W. J. Kelly. 1946. AD 638166
- 86 Description of an abstract of the service record for analysis of examinations of experienced submarine personnel received for reassignment. N. R. Bartlett. 1946. AD 663516
- 87 Average Navy Basic Battery Aptitude Test scores for enlisted submariners. N. R. Bartlett. 1946. AD 663517
- 88 A comment on submarine personnel classification. C. W. Shilling and N. R. Bartlett. 1946. AD 663519
- 89 Dental treatment of trismus, tinnitus, otalgia, and obscure neuralgias. W. J. Kelly. 1946. AD 224510
- 90 A rapid dental treatment for the prevention of aerotitis media. W. J. Kelly. 1946. AD 224511
- 91 An evaluation of shipboard indoctrination of officer candidates for Submarine training. N. R. Bartlett. 1946. AD 102870
- 92 Comparative reaction times to christmas tree signal lights with respect to color deficiency. Farnsworth and J. D. Reed. 1946. AD 224512
- 93 Visual acuity measurements with three commercial screening devices. J. H. Sulzman, E. B. Cook and N. R. Bartlett. 1946. AD 222860
- 94 A description of disqualifications of enlisted applicants for submarine training. C. W. Shilling and N. R. Bartlett. 1946. AD 638161
- 95 An evaluation of dynamic concept of dental treatment based upon a functional classification of malocclusion. W. J. Kelly. 1946. AD 224513
- 96 Aerotitis media in submariners. H. L. Haines and J. D. Harris. 1946. AD 224403
- 97 Comparative study of measures of hetrophoria. J. H. Sulzman, E. B. Cook and N. R. Bartlett. 1946. AD 663547
- 98 The effect of increased atmospheric pressure on blood pressure. M. H. Young and W. E. Cook. 1946. AD 663526

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 99 Night lookout training stage. W. S. Verplanck. 1946. ATI 102866
- 100 A study of the physiological blind-spot of the dark-adapted fovea. J. H. Sulzman. 1946. AD 224514
- 101 Experimental evaluation of the ship recognition trainer. W. S. Verplanck. 1946. AD 461126
- 102 An investigation of the red illumination of the submarine conning tower. W. S. Verplanck. 1946. AD 614713
- 103 A brief experiment on the legibility of the TDC under several conditions of illumination and adaptation. W. S. Verplanck. 1946. AD 224407
- 104 A brief history of lanterns for testing color sensation and description of the essential principles. D. Farnsworth and P. Foreman. 1946. AD 224413
- 105 Development and trial of New London Navy lantern as a selection test for serviceable color vision. D. Farnsworth and P. Foreman. 1946. AD 224412
- 106 Field test of dark adaptation of divers. I. A. Everley and W. Kennett. 1946. AD 638163
- 107 Reliability of the RPA over long test-retest intervals. W. S. Verplanck. 1946. AD 224411
- 108 Preliminary report on confusion of colored lights at small subtense by protans and deuterans. D. Farnsworth. 1946. AD 224393
- 109 Comprehensive validation of submarine sonar selection tests. J. D. Harris. 1946. AD 614714
- 110 Compilation of research on abridgment and administration of the A.O. 1st edition Pseudo-Isochromatic Plates. Farnsworth and P. F. Kimble. 1946. AD 224392
- 111 A preliminary study of the medical aspects of schnorchel Operations. J. G. Bateman, R. Hayter, H. L. Haines and N. L. Cook. 1947. AD 224515
- 111a Field test of optical instruments. W. S. Verplanck. 1947. ATI 34673
- 112 History of submarine medicine in World War II. C. W. Shilling and J. W. Kohl. 1947. AD 486413
- 113 A field test of the use of filters in penetrating haze. W. S. Verplanck. 1947. AD 224516
- 114 An investigation of corrective training of color blindness. D. Farnsworth. 1947. AD 638154
- 115 Proposed specifications of red and green signal lights. D. Farnsworth. 1947. AD 636631
- 116 Evaluation of an electronic cooking device (Radarange) for submarines. L. Sussman. 1947. AD 224517
- 117 Medical report on snorkel operations of USS AMBERJACK (SS-522). R. Hayter. 1947. AD 461124
- 118 Detection thresholds and pure tone thresholds in auditory acuity. C. K. Myers and J. D. Harris. 1948. AD 663531
- 119 Studies on pitch discrimination in masking: The effect of signal noise differential. J. D. Harris. 1948. AD 461125
- 120 Pitch discrimination and absolute pitch. J. D. Harris. 1948. AD 224551
- 121 Suggestions for constructing tests of pitch discrimination. G. L. Rose and J. D. Harris. 1948. AD 224554
- 122 Some statistical remarks on the method of constant stimulus differences. H. von Schelling. 1948. AD 224553

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 123 Interpretations of measurements of auditory thresholds. J. D. Harris. 1948. AD 638164
- 124 The feasibility of group audiometry. C. K. Myers and J. D. Harris and E. P. Fowler, Jr. 1948. AD 224518
- 125 Consideration of submarine medical problems and current status of investigations at U.S. NMRL. T. L. Willmon. 1948. AD 224519.
- 126 Proposed specifications of red and green Navy signal lights. D. Farnsworth. 1948. AD 636631
- 127 Outline and discussion of methods for selection of submarine reserve personnel. T. L. Willmon. 1948. AD 224520
- 128 The emergence of a tonal sensation. C. K. Myers and J. D. Harris. 1948. AD 638155
- 129 Comparison of the semi-rigid stretcher (NMRI Model A) now carried by most submarines with the Peters Emergency Stretcher. E. F. Kopecky, L. M. Biggs, and H. A. Lindsey, 31 Mar 1948. AD 224521
- 130 Relative efficiency of goggles for dark adaptation. Z. J. Schoen and F. L. Dimmick. 1948. AD 224522
- 131 Noise levels aboard a fleet submarine. J. D. Harris and A. D. Stover. 1948. AD 224523
- 132 Report on the effects of prolonged snorkelling on the health of the officers and men and on the general habitability of the guppy-snorkel submarine USS TRUMPETFISH (SS425). T. G. Ritch. 1948. AD 224526
- 133 Visual acuity measurements with three commercial screening devices. J. H. Sulzman, E. B. Cook, and N. R. Bartlett. 1948. AD 222860
- 134 Investigation of feasibility of employment of underwater demolition teams from a submerged submarine. F. X. Meehan. 1948. C-54684
- 135 Some relations between vision and audition. J. D. Harris. 1948. AD 224409
- 136 Some suggestions for speech reception testing. J. D. Harris. 1948. AD 224408
- 137 Intensity discrimination for white noise. J. D. Harris and C. K. Myers. 1948. AD 224405
- 138 A factor analysis of acuity and phoria measurements obtained with commercial screening devices and by standard clinical methods. E. B. Cook. 1948. AD 224404
- 139 Comparative performance of commercial screening devices and far and near wall charts utilizing the same test targets. E. B. Cook. 1948. AD 224394
- 140 Standards for general purpose sunglasses. D. Farnsworth. 1948. AD 224528 AD 224528
- 140-a Report on the general health and morale of the officers and crew during a 30-day simulated war patrol aboard a snorkel submarine. T. L. Willmon and T. G. Ritch. 1948. AD 224529
- 141 Checkerboard visual acuity targets: An experimental validation. F. L. Dimmick and L. M. Rudolph. 1948. ATI 72174
- 142 A study of the interrelationships of psychological and physiological measures on submarine enlisted candidates: I. History, experimental design, and statistical treatment of data. E. B. Cook and R. J. Wherry. 1949. AD 639630
- 143 The inherent stability of the auditory threshold. C. K. Myers and J. D. Harris. 1949. AD 224398

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 144 Trichromatic specifications of the munsell 100-Hues at 5/5 for illuminant. A. H. von Schelling and D. Farnsworth. 1949. AD 636617
- 145 The effect of sensation level on intensity discrimination for white noise. J. D. Harris, C. K. Myers, A. D. Stover and S. E. Stuntz. 1949. ATI 202904
- 146 The effect of low color temperature illumination and red illumination upon subsequent dark adaptation. R. T. Mitchell. 1949. TIP-U-8474
- 147 A battery of pass-fail tests for detecting degree of color deficiency. D. Farnsworth, H. G. Sperling and P. F. Kimble. 1949. TIP-U-8465
- 148 A method for calculating the effect of filters on color vision. H. von Schelling. 1949. TIP-U-8338
- 149 Studies of oxygen toxicity. I. Preliminary report on underwater swimming while breathing oxygen. K. E. Schaefer, H. J. Alvis, A. P. Webster and T. L. Willmon. 1949. TIP-U-9365
- 150 Mapping the central scotoma of the dark adapted retina: Comparison of a moving stimulus with a stationary presentation. L. S. MacMartin and F. L. Dimmick. 1949. TIP-U-9503
- 151 Suggestions for working celloidin sections with special reference to the inner ear. K. G. Wing. 1949. ATI-98639
- 152 A revision of the Navy Pitch Memory Test. J. D. Harris and D. Charney. 1950. TIP-U-55316
- 153 Review of research and development in examination for aptitude for submarine training, 1942-1945. N. R. Bartlett. 1950. TIP-U-12724
- 154 The discrimination of color: I. An experimental evaluation of four methods for measuring the difference limen of chromaticity. H. G. Sperling and D. Farnsworth. 1950. ATI-95751
- 155 Premodulation speech clipping and filtering: A consideration of their effects on the intelligibility of speech. S. E. Stuntz. 1950. AD 663600
- 156 Loudness perception for pure tones and for speech. J. D. Harris and C. K. Myers. 1950. ATI-97750
- 157 Periscope acuity at night, central and paracentral acuity as a function of contrast and adaptation. H. G. Sperling and D. Farnsworth. 1950. ATI-98160
- 158 Standards for sunglasses. D. Farnsworth. 1950. AD 224550
- 159 Color vision. D. Farnsworth. 1950. AD 224552
- 160 Illumination. D. Farnsworth. 1950. AD 224401
- 161 Graphs for determining the significance of the difference in proportions (and for determining sample size when proportion values are estimated). D. Newman. 1950. ATI-208559
- 162 Visual acuity at scotopic levels of illumination. A. Morris and F. L. Dimmick. 1950. ATI 108750
- 163 The effects of sound intensity level on judgments of "tonal range" and "volume level": An interpretation of the loudness function. S. E. Stuntz. 1950. AD 224402
- 164 The microphonic action of the cochlea: A selected bibliography. K. G. Wing. 1950. ATI-205869
- 165 Variability of the auditory threshold with time. C. K. Myers and J. D. Harris. 1950. ATI-95748

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 166 The relation of dark adaptation to duration of prior red adaptation. R. T. Mitchell, A. Morris, and F. L. Dimmick. 1950. AD 658746
- 167 Studies in short-duration auditory fatigue. 1. Frequency differences as a function of intensity. J. D. Harris, A. I. Rawnsley and P. A. Kelsey. 1950. ATI-95753
- 168 Studies in short duration auditory fatigue. II. The effect of the duration of the stimulating tone. III. The effect of the interval between stimuli. J. D. Harris. 1950. AD 075689
- 169 The effect of ultraviolet radiation from fluorescent lights on dark adaptation and visual acuity. M. Sexton, F. Malone and D. Farnsworth. 1950. ATI-95276
- 170 Impaction goggle for checking visible spectral quality of lighting for dark adaptation. D. Farnsworth. 1951. AD 663530
- 171 A dietary study of a submarine patrol in the arctic. J. H. Schulte. 1951. AD 61383
- 172 A field study of therapeutic effect of dramamine. J. Vogel. 1951. AD 224530.
- 173 An ophthalmological study of visual acuity under dim illumination. C. Pratt and F. L. Dimmick. 1951. ATI-115369
- 174 The parameters of scotopic sensitivity: (1) The effect of size. J. A. Smith and F. L. Dimmick. 1951. ATI-115370
- 175 The effect of inhalation of low oxygen concentration (10.5% O<sub>2</sub> in N<sub>2</sub>) over a period of 33 minutes on respiration, pulse rate, arterial oxygen saturation (oximeter) and oxygen uptake. K. E. Schaefer and H. J. Alvis. 1951. AD 638165
- 176 Evaluation of Beckman Model "C" Gas Analyzer. J. J. MacArthur. 1951. AD 224395
- 177 Breath-holding breakpoint at various increased pressures. H. J. Alvis. 1951. ATI-136615
- 178 Visual acuity tasks in a submarine. D. Farnsworth and F. L. Dimmick. 1951. ATI-155137
- 179 Oxygen consumption and carbon dioxide excretion of guinea pigs under basal conditions on air and exposed for four hours to 3% CO<sub>2</sub> and 21% O<sub>2</sub>. K. E. Schaefer, E. R. Cornish, Jr., and F. S. Smith. 1951. ATI-136613
- 180 Proposed Armed Forces Color Vision Test for screening. D. Farnsworth. 1951. TIP-U-21224
- 181 Studies of carbon dioxide toxicity: (1) Chronic CO<sub>2</sub> toxicity in submarine medicine. K. E. Schaefer. 1951. TIP-U-20013
- 182 The detectability of yellows, yellow-reds and reds, in air-sea rescue. F. L. Malone, M. S. Sexton, and D. Farnsworth. 1951. ATI-135904
- 183 A mathematical climate curve outside the tropics. H. von Schelling. 1951. ATI-135326
- 184 Manual of free escape from submarines. H. J. Alvis. 1952. ATI-139475
- 185 Theoretical considerations of the use of the air-filled submarine escape appliance from great depths. H. J. Alvis. 1952. ATI-139627
- 186 The decline of pitch discrimination with time. J. D. Harris. 1952. AD 224535

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 187     Studies on short-duration auditory fatigue: IV. Recovery time. A. I. Rawnsley and J. D. Harris. 1952. ATI-150890
- 188     Effects of changes in arterial oxygen and carbon dioxide upon cochlea microphonics. K. G. Wing, J. D. Harris, A. D. Stover, and J. H. Brouillette. 1952. ATI-157988
- 189     Respiration and circulation during and after inhalation of various concentrations of carbon dioxide. K. E. Schaefer, E. R. Cornish, Jr., C. A. Lukas, and C. R. Carey. 1952. ATI-155032
- 190     Comparative evaluation of anomaloscopes. M. P. Willis and D. Farnsworth. 1952. AD 22706
- 191     A report on the use of the submarine exposure suit: III. Cold weather operations. J. L. Kinsey, 1952. ATI-151436
- 192     Effect of inhalation of various carbon dioxide concentrations on the inhibitory effect of light stimuli on alpha waves and muscle potential output of the forehead. K. E. Schaefer, et al. 1952. ATI-154070
- 193     Thickness adjustments of glass filters to a given total transmittance. H. von Schelling. 1952. ATI-161771
- 194     Factors in night vision sensitivity: The effect of brightness. S. G. deGroot, J. M. Dodge, and J. A. Smith. 1952. ATI-158321
- 195     The relative detectability of red-purples, reds, and yellow-reds in air-sea rescue. M. S. Sexton, F. L. Malone, and D. Farnsworth. 1952. AD 270537
- 196     Experiments on fluctuation of auditory acuity. J. D. Harris and C. K. Myers. 1952. ATI-186773
- 197     Observations on habitability of submarines in northern waters. J. L. Kinsey. 1952. R-6555
- 198     Remarks on the climate of Alaska. H. von Schelling. 1952. AD 492089
- 199     Studies in short duration auditory fatigue. V. An investigation of the spread of fatigue within the narrow frequency limits. A. I. Rawnsley and J. D. Harris. 1952. AD 638179
- 200     Historical and critical review of loudness recruitment. J. D. Harris. 1952. ATI-186772
- 201     Current program of research in the selection of submarine sonar operators. S. E. Stuntz. 1952. AD 224396
- 202     The interview: I. A selectively abstracted bibliography. S. Pashalian, W. J. E. Crissy, A. I. Siegel, and E. P. Buckley. 1952. AD 271005
- 203     Never Issued.
- 204     Tritanopia with abnormally heavy ocular pigmentation. D. B. Judd, L. Plaza, and D. Farnsworth. 1952. AD 224397
- 205     Pitch discrimination. J. D. Harris. 1952. ATI-186771
- 206     Influence of sensory distance between stimuli on identification of absolute pitch. E. B. Hartman. 1952. AD 38485
- 207     Never Issued.
- 208     Carbon monoxide toxicity in submarine medicine. H. J. Alvis. 1952. AD 222861
- 209     Developments in submarine and small vessel lighting. D. Farnsworth. 1952. ATI-171103

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 210 Three charts for measuring chromaticity shifts resulting from changes in illumination, macular pigmentation, and intraocular absorption. H. von Schelling. 1952. AD 30664
- 211 The interview: II. Aids to the interview -The confidential questionnaire. F. J. McCabe, A. I. Siegel, S. Pashalian, and W. J. E. Crissy. 1952. AD 13391
- 212 [Never Issued]
- 213 [Never Issued]
- 214 The interview: III. Aids to the interview -submariner stereotype. W. J. E. Crissy and S. Pashalian. 1952. AD 73392
- 215 Submarine atomic defense. J. H. Ebersole. 1952. AD 224406
- 216 The interview: IV. The reliability and validity of the assessment interview as a screening and selection technique in the submarine service. S. Pashalian and W. J. E. Crissy. 1953. AD 13393.
- 217 Habitability study in a fleet type submarine in areas of sea ice. J. Vogel. 1953. AD 61382
- 218 Some aspects of habitability of attack class submarines in warm and cold waters. J. L. Kinsey. 1953. AD 272358
- 219 A comparison of specifications for dark adaptation red. D. Farnsworth and B. Hillman. 1953. AD 20956
- 220 Some medical aspects of controlled submarine atmospheric conditions including a method of determining the metabolic requirements of submarine personnel. R. Dykhuizen. 1953. AD 9010
- 221 The suitability of submarine compressed air for use in the submarine escape appliance. C. P. Yaglou and V. F. Borum. 1953. AD 272422
- 222 The effect of dramamine on visual and auditory acuity. R. E. Faucett. 1953. AD 20957
- 223 Carbon monoxide as a habitability factor in prolonged submarine submergence. G. Nichols, Jr. and J. L. Kinsey. 1953. AD 224536
- 224 Adaptation of the ear to sound stimuli: Intensity—time relationship. P. A. Kelsey and A. I. Rawnsley. 1953. AD 270674
- 225 A survey of the submarine medical allowance and its usage. A. J. Blanchard. 1953. AD 222862
- 226 The etiological factors in the disqualification of submarine personnel. J. L. Kinsey and B. B. Weybrew. 1953. AD 20958
- 227 Selected socio-cultural factors affecting interpersonal relations as revealed by the Blacky Pictures: 1. Discrimination between "unsuitable" and "normal" recruits. D. L. Briggs, Lyon, Molish and Deen. 1953. AD 20959
- 228 OPERATION HIDEOUT: A preliminary report. R. E. Faucett and P. P. Newman. 1953. AD 65201
- 229 Report of oxygen consumption in the U.S.S. HADDOCK. P. P. Newman and J. J. MacArthur. 1953. AD 64664
- 230 Report of psychiatric studies on OPERATION HIDEOUT. J. L. Kinsey. 1953. AD 64665
- 231 Correction factor on the photometric square law for area of source and receiver. H. von Schelling. 1953. AD 30643

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 232 Studies of oxygen toxicity: A warning sign of acute symptoms of oxygen toxicity. K. E. Schaefer. 1953. AD 36520
- 233 Effect of prolonged exposure to carbon dioxide upon oxygen consumption of liver tissue and barbiturate detoxication time in guinea pigs and rats. P. J. Killion and K. E. Schaefer. 1953. AD 36519
- 234 Factors in night vision sensitivity: III. The interrelation of size, brightness and location. S. Degroot, J. Dodge and J. Smith. 1953. AD 24342
- 235 Relative evaluation of earphones by search tube microphone techniques as applied to the permoflux PDR-8 and the telex twinset units. C. E. White. 1953. AD 24344
- 236 Recovery curves and equinoxious exposures in reversible auditory fatigue following stimulation up to 140 db plus. J. D. Harris. 1953. AD 30642.
- 237 Preliminary field evaluation of the relative detectability of colors for air-sea rescue. F. Malone. 1953. AD 24341
- 238 A helmet-held bone conduction helmet. J. D. Harris, H. L. Haines, and C. K. Myers. 1953. AD 30641
- 239 Q-Methodology in criterion research. B. B. Weybrew. 1953. AD 36618
- 240 The locus of short duration auditory fatigue or adaptation. J. D. Harris and A. I. Rawnsley. 1954. AD 36617
- 241 The effect of exposure to elevated carbon dioxide tension over a prolonged period on basal physiological functions and cardiovascular capacity. V. F. Borum, K. E. Schaefer and B. J. Hastings. 1954. AD 79948
- 242 An evaluation of the modified Alvis dials proposed for the receiver section panel of the MK-4 torpedo data computer. P. C. Squires and D. Farnsworth. 1954. AD 272660
- 243 A study of the thematic apperception test stories and sentence completions of subjects in OPERATION HIDEOUT. L. D. Eron and F. Auld, Jr. 1954. AD 36749
- 244 The roles of sensation level and of sound pressure in producing reversible auditory fatigue. J. D. Harris. 1954. AD 23616
- 245 Effect of refractive error on acuity through binoculars. J. A. Smith and C. H. Pratt. 1954. AD 36615
- 246 Effect of various durations of red adaptation on the course of subsequent dark adaptation. M. S. Katz, A. Morris and F. L. Dimmick. 1954. AD 36614
- 247 Signs of increased adrenal cortical activity in man during the stress of prolonged exposure to elevated concentrations of carbon dioxide. C. T. G. King and K. E. Schaefer. 1954. AD 224531
- 248 Comparative analysis of normal speech with delayed side tone by means of sound spectrograms. A. I. Rawnsley and J. D. Harris. 1954. AD 36613
- 249 Effects of prolonged exposure to CO<sub>2</sub> on pituitary-adrenal inter-relations in the male albino rat. C. T. G. King, E. E. Williams, J. L. Mego, and K. E. Schaefer. 1954. AD 36750
- 250 Effect of prolonged exposure to elevated concentrations of CO<sub>2</sub> on respiration, alveolar CO<sub>2</sub> tension and lung volume. Hastings, Schaefer, Nichols and Carey. 1954. AD 272423
- 251 Influence of exposure to various CO<sub>2</sub> concentrations on flicker-fusion frequency and alpha blocking. K. E. Schaefer and C. R. Carey. 1954. AD 46698

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 252 Visual Characteristics of the Submarine Population. I. Schwartz and N. E. Sandberg. 1954. AD 39423
- 253 Effect of time in submarine service on vision. I. Schwartz and N. E. Sandberg. 1954. AD 46699
- 254 Introduction to principles of color deficiency. D. Farnsworth. 1954. AD 48969
- 255 Progress report on hypoglycemia and cochlear microphonics. K. G. Wing. 1954. AD 43803
- 256 Effects of prolonged exposure to 1.5% CO<sub>2</sub> in air for periods up to 91 days on body weight, carbohydrate metabolism, and adrenal cortical activity in guinea pigs. Schaefer, Mego, C. King and Williams. 1954. AD 48781
- 257 Color perception of small stimuli with central vision. B. Hillmann, K. Connolly and D. Farnsworth. 1954. AD 55159
- 258 Effect of prolonged exposure to low carbon dioxide concentrations on flicker fusion frequency and alpha blocking. K. E. Schaefer. 1954. AD 79947
- 259 Predicting success in submarine school. B. B. Weybrew. 1954. AD 62498
- 260 Studies of lung volumes in instructors at the escape training tank. C. R. Carey, K. E. Schaefer and H. J. Alvis. 1954. AD 62497
- 261 Frequency response of condenser microphone at increased atmospheric pressures. C. E. White. 1955. AD 72943
- 262 Claustrophobic reactions to some stresses of the submarine service. J. L. Kinsey and H. B. Murphree. 1955. AD 72945
- 263 Prediction of submarine school success through the use of selected themes in the Navy Thematic Apperception Test. R. J. Foster and J. G. Carnaghan. 1955. AD 72947
- 264 Submarine escape training experience — summary of twenty-five year period, July 1929 through December 1954. J. H. Peirano, H. J. Alvis and G. J. Duffner. 1955. AD 72944
- 265 Field study of detectability of colored targets at sea. Human Engineering Branch. 1955. AD 74708
- 266 Brightness thresholds as a function of target contrast and retinal position. B. Hillmann, G. B. Lee and H. G. Sperling. 1955. AD 81559
- 267 Hypothetical basis for quantitative scoring of the Navy Thematic Apperception Test (N-TAT). H. B. Murphree and J. G. Carnaghan. 1955. AD 81560
- 268 Dark adaptation and the near ultraviolet. G. Moeller, G. Fooks, H. G. Sperling, D. Farnsworth and H. W. Wendt. 1955. AD 84646
- 269 Relation of tooth loss to gingivitis. W. R. Stanmeyer. 1955. AD 84429
- 270 Survey of toothbrushing habits of young adults. W. R. Stanmeyer. 1955. AD 279984
- 271 An evaluation of ear defender devices: Two earplugs, four cushions and three combinations. J. D. Harris. 1955. AD 91438
- 272 An evaluation of the use of baralyme in the submarine escape appliance. H. W. Gillen. 1956. AD 92382
- 273 A new formula of using the audiogram to predict hearing loss for speech. J. D. Harris, H. L. Haines and C. K. Myers. 1956. AD 99142

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 274 Tritanomalous vision as a threshold function. D. Farnsworth. 1956. AD 117557
- 275 The shape of the normal work area. P. C. Squires. 1956. AD 117556
- 276 Measure of tissue response to frequency of toothbrushing. W. R. Stanmeyer. 1956. AD 224400
- 277 The detection of signals and their attributes. H. S. Hoffman. 1956. AD 128700
- 278 An investigation of motivation for submarine duty and its relation to submarine success. R. P. Youniss. 1956. AD 218417
- 279 An exploratory study designed to suggest clusters of traits and assessment tests related to submariner adjustment. B. B. Weybrew. 1957. AD 138158
- 280 A short summary of the findings of the 265-hour completely submerged habitability cruise made by the USS NAUTILUS (SSN-571). T. C. Barton and B. B. Weybrew. 1957. AD 224399
- 281 Psychological and psychophysiological effects of long periods of submergence. I. Analysis of data collected during a 265-hour, completely submerged, habitability cruise made by the USS NAUTILUS (SSN-571). B. B. Weybrew. 1957. AD 272611
- 282 Survey and analysis of engine room noise in representative submarines and associated vessels. J. D. Harris. 1957. AD 272612
- 283 Report of the U.S. Naval Dental Corps' assistance to the support force for the U.S. participation in the international geophysical year. W. R. Stanmeyer. 1957. AD 128956
284. New digit designs for use under reflected red light of low brightness. P. C. Squires. 1957. AD 159357
- 285 Pilot studies of a scotopic sensitivity test. G. Fooks, E. Sweeney, and F. L. Dimmick. 1957. AD 270676
- 286 Stereo-distance identification. P. C. Squires. 1957. AD 270677
- 287 The area-intensity relationship at threshold for three stimulus durations in the human fovea. H. G. Sperling and G. B. Lee. 1957. AD 270678
- 288 A proposed new battery of selection tests for submarine sonar operators. J. D. Harris. 1957. AD 488523
- 289 Peak vs total energy in thresholds for very short tones. J. D. Harris. 1957. AD 159852
- 290 Personal inventory barometer, I. Development of the questionnaire. B. B. Weybrew and R. P. Youniss. 1957. AD 217104
- 291 Some correlates of disqualification in the submarine service. B. T. King. 1957. AD 217105
- 292 Replaced by report no. 380 which is out of stock (AD 288451). See also No. 422, No. 423 and No. 425.
- 293 Evaluation of the radarange for submarine use. L. R. Kaufman. 1957. AD 222863
- 294 The measurement of dextrose in standard solutions with Dreywood's Reagent and the Klett-Sumerson Photoelectric Colorimeter. K. G. Wing. 1958. AD 271443
- 295 Comparison of scotopic, mesopic, anti photopic spectral sensitivity curves. J.A.S. Kinney. 1958. AD 221499
- 296 Measurement of the light adaptation of the rods. S. W. Smith and F. L. Dimmick. 1958. AD 221500

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 297 Relationship between stimulus size and threshold intensity measured at four exposure times. B. B. Hillmann. 1958. AD 221501
- 298 Brief tone audiometry: Temporal integration in the hypacusic. J. D. Harris, H. L. Haines, and C. K. Myers. 1958. AD 221480
- 299 Respiratory pattern and respiratory response to CO<sub>2</sub>. K. E. Schaefer. 1958. AD 221476
- 300 Mechanisms in development of interstitial emphysema and air embolism on decompression from depth. K. E. Schaefer, W. P. McNulty, C. Carey and A. A. Liebow. 1958. AD 234199
- 301 Relationship between submarine school performance and scores on the Navy Thematic Apperception Test. B. T. King. 1958. AD 232980
- 302 Dental observations made while wintering in Antarctica, 1956-1957. D. Knoedler and W. Stanmeyer. 1958. AD 614315
- 303 How red is red? F. L. Dimmick and R. E. Wienke. 1958. AD 232981
- 304 Comparison of high acuity scores on Snellen and Ortho-Rater tests. I. Schwartz and F. L. Dimmick. 1958. AD 232982
- 305 Exploration study of the efficacy of Dioctyl Sodium Sulfosuccinate (Colace) in the control of constipation of submariners during a prolonged snorkel cruise. B. B. Weybrew, R. A. Ellas and J. Vogel. 1958. AD 228376
- 306 Auditory fatigue following high frequency pulse trains. J. D. Harris. 1959. AD 235459
- 307 Exploratory study of the relation of autonomic resiliency to manifest anxiety and selected personality traits. B. B. Weybrew and D. J. Alves. 1959. AD 232983
- 308 Standardization of a scotopic sensitivity test. E. J. Sweeney, J. A. S. Kinney and A. P. Ryan. 1959. AD 232984
- 309 The personal inventory barometer: II: Obverse factor analysis with PIB items as a validating technique with submarine school criteria. B. B. Weybrew. 1959. AD 232985
- 310 Identification of signal lights: I: Blue, green, white and purple: II: Elimination of the purple category. R. M. Halsey. 1959. AD 232986
- 311 Studies of basic cochlear physiology and the energy metabolism of the cochlear response of the cat. K. G. Wing. 1959. AD 228369
- 312 Patterns of reaction to stress as revealed by factor analysis of autonomic change measures of behavioral observations. B. B. Weybrew. 1959. AD 256232
- 313 Predicting submarine school attrition from the Minnesota Multiphasic Personality Inventory. B. T. King. 1959. AD 256207
- 314 Loudness difference limen for tones in noise. C. R. Pettie. 1959. AD 232894
- 315 Combined ventilatory and breath-holding evaluation of sensitivity to respiratory gases. R. C. Stroud. 1959. AD 232895
- 316 Some primary auditory abilities in pitch and loudness. J. J. O'Hare, J. D. Harris, R. H. Ehmer, and B. H. Cohen. 1959. AD 256383

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 317 Masking patterns of tone. R. H. Ehmer. 1959. AD 256042
- 318 Effect of test stimulus on measurement of dark adaptation. E. J. Sweeney. 1959. AD 256043
- 319 Relationship of tattoos to personal adjustment among enlisted submarine school volunteers. R. P. Youniss. 1959. AD 255574
- 320 Airborne condensation droplets, ions, as health factors in closed spaces. K. E. Schaefer. 1959. AD 256044
- 321 Approaches to the study of motivation of officer candidates for submarine service. B. B. Weybrew and H. B. Molish. 1959. AD 256045
- 322 Experiences with submarine atmospheres. K. E. Schaefer. 1959. AD 256382
- 323 Selecting a space cabin atmosphere. K. E. Schaefer. 1959. AD 255636
- 324 Nature of the limit of the color zone in perimetry. P. A. Kelsey and I. Schwartz. 1959. AD 255577
- 325 Antarctic day of a Naval dentist. R. J. Adams and W. R. Stanmeyer. 1959. AD 255548
- 326 Visual acuity under red vs white illumination. S. M. Luria and I. Schwartz. 1960. AD 256046
- 327 Physiological problems of submarine and space medicine. K. E. Schaefer. 1960. AD 255534
- 328 Effect of contact lenses upon red/green ratio. R. Wienke and I. Schwartz. 1960. AD 255549
- 329 Relationship of past aquatic experience to performance in pressure chamber and escape training tank. B. B. Weybrew and R. P. Youniss. 1960. AD 255575
- 330 Intrapulmonary air trapping in submarine escape casualties. A. A. Liebow, J. E. Stark, J. Vogel, and K. E. Schaefer. 1960. AD 255641
- 331 Absolute visual threshold: (1) For extremely wide fields, and (2) in relation to age. S. M. Luria. 1960. AD 260905
- 332 Some comparisons between foveal spectral sensitivity data obtained at high brightness and absolute threshold. H. G. Sperling and W. G. Lewis. 1960. AD 260877
- 333 Masking by tones vs noise bands. R. H. Ehmer. 1960. AD 639118
- 334 Reduced oral temperatures and acid production rates in dental plaques. W. R. Stanmeyer and R. J. Adams. 1960. AD 639121
- 335 Effects of prolonged antarctic isolation on oral and intestinal bacteria. R. J. Adams and W. R. Stanmeyer. 1960. AD 639119
- 336 Case of congenital tritanopia with implications for a trichromatic model of color reception. H. G. Sperling. 1960. AD 639134
- 337 Effect of differential binocular adaptation on scotopic sensitivity. S. M. Luria and I. Schwartz. 1960. AD 639122
- 338 Seasonal changes in scotopic sensitivity. E. J. Sweeney, J. A. S. Kinney, and A. P. Ryan. 1960. AD 639123
- 339 The importance of hearing at 3kc for understanding speeded speech. J. D. Harris, H. L. Haines and C. K. Myers. 1960. AD 639125

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 340 An experimental investigation of the relationship between colour mixture and luminous efficiency. H. G. Sperling. 1960. AD 638494
- 341 Refractive error and the green/red ratio. R. W. Wienke. 1960. AD 639124
- 342 A new test of scotopic sensitivity. J. A. S. Kinney, E. J. Sweeney, and A. P. Ryan. 1960. AD 639117
- 343 Effect of red vs white adaptation and target illumination on the temporal course of scotopic acuity. S. M. Luria and I. Schwartz. 1960. AD 639120
- 344 The use of a standard psychiatric interview to predict motivation of enlisted men for the submarine service. E. H. Ninow. 1960. AD 256047
- 345 The etiology and pathological physiology of decompression sickness. J. D. Kern. 1960. AD 260756
- 346 Deep submarine escape. G. F. Bond and W. F. Mazzone. 1960. AD 255219
- 347 The interruption of dark adaptation. S. M. Luria and J. A. S. Kinney. 1961. AD 266966
- 348 The self-reported motivational questionnaire. B. A. Rubin and J. W. Parker. 1961. AD 268339
- 349 Methods of computing simple statistics by means of the Type 026 Cardpunch and type 082 card sorter. J. Auwood. 1961. AD 267232
- 350 Prediction of adjustment to the Antarctic. B. B. Weybrew, H. B. Molish, and R. P. Youniss. 1961. AD 266979
- 351 The stability of a standard of loudness as measured by compensatory tracking. J. D. Harris and A. G. Pikler. 1961. AD 675653
- 352 Accommodation and scotopic visual acuity. S. M. Luria. 1961. AD 675611
- 353 Scaling of pitch intervals. J. D. Harris. 1961. AD 675654
- 354 Compensatory and pursuit tracking of loudness. A. G. Pikler and J. D. Harris. 1961. AD 675612
- 355 Orientation to the vertical during water immersion. J. L. Brown. 1961. AD 675628
- 356 The effect of spectacles and contact lenses on the Rayleigh Equation. R. Wienke and I. Schwartz. 1961. AD 675625
- 357 A concept of triple tolerance limits based on chronic carbon dioxide toxicity studies. K. E. Schaefer. 1961. AD 675610
- 358 The impact of isolation upon personnel. B. B. Weybrew. 1961. AD 677458
- 359 Ascorbic acid plasma levels and gingival health in personnel wintering over in Antarctica. M. J. Perlitsh, A. G. Nielsen, and W. R. Stanmeyer. 1961. AD 675649
- 360 Effect of prolonged exposure to 15% CO<sub>2</sub> on calcium and phosphorus metabolism. K. E. Schaefer, M. Hasson, and H. Niemoeller. 1961. AD 675650
- 361 A study of binocular color mixture. F. H. Thomas, F. L. Dimmick, and S. M. Luria. 1961. AD 675621
- 362 The cytochemistry of anoxic and anoxic-ischemic encephalopathy in rats, II. Alterations in neuronal mitochondria identified by DPNH and TPNH diaphoreses. N. H. Becker. 1961. AD 675652

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 363 The shape of the red and green color zone gradients. M. M. Connors and P. A. Kelsey. 1961. AD 675622
- 364 Blood pH and PCO<sub>2</sub> homeostasis in chronic respiratory acidosis related to the use of amine and other buffers. K. E. Schaefer. 1961. AD 675623
- 365 The effects of a closely supervised oral hygiene program upon oral cleanliness. R. J. Adams and W. R. Stanmeyer. 1961. AD 675624
- 366 Tooth sensitivity during Operation Deepfreeze. W. R. Stanmeyer and R. J. Adams. 1961. AD 280731
- 367 Atmosphere control in closed space environment (submarine). R. T. Arnest. 1961. AD 270896
- 368 The syndrome of decompression sickness in historical perspective. M. W. Goodman. 1961. AD 290167
- 369 Attitude changes during and after prolonged periods of marine submergence. B. B. Weybrew, H. B. Molish, and E. H. Ninow. 1961. AD 380069
- 370 Antarctic stress and the teeth. W. R. Stanmeyer and R. J. Adams. 1962. AD 280729
- 371 A cytochemical study of the neuronal golgi in experimental diphtheritic encephalitis in rats. N. H. Becker and S. Goldfischer. 1962. AD 675629
- 372 Concurrent repetition of a continuous flow of words. R. L. Sergeant. 1962. AD 675620
- 373 Discrimination in auditory and visual patterns. J. A. S. Kinney. 1962. AD 280730
- 374 Prolonged exposure of animals to pressurized normal and synthetic atmospheres. R. D. Workman, G. F. Bond, and W. F. Mazzone. 1962. AD 401646
- 375 Antarctic stress and vitamin requirements. R. J. Adams and W. R. Stanmeyer. 1962. AD 675391
- 376 Cytochemistry of anoxic and anoxic-ischemic encephalopathy in rats: III. Alterations in the neuronal golgi apparatus identified by nucleoside diphosphatase activity. N. H. Becker. 1962. AD 675613
- 377 Relative red-green sensitivity as a function of retinal position. M. M. Connors and J. A. S. Kinney. 1962. AD 631981
- 378 Behavioral energetics: I. A factor analytical study of individual differences in modes of energy discharge resulting from experimentally induced frustration. B. B. Weybrew. 1962. AD 290170
- 379 A follow-up study of basic enlisted submarine school graduates. J. W. Parker and E. H. Ninow. 1962. AD 298847
- 380 Interaction of aerosols and air ions. K. E. Schaefer and J. H. Dougherty. 1962. AD 288451
- 381 Pilot study of possible acquired hemostatic defects in submarine personnel. T. N. Gynn. 1962. Never Issued
- 382 An unusual case of air embolism precipitated by decompression. J. J. Collins, Jr. 1962. AD 405527
- 383 (U) Prediction of adjustment to prolonged submergence aboard a fleet ballistic missile submarine: I. Interrelation of adjustment criteria. B. B. Weybrew. 1962. (Classified). AD 368377
- 384 Prediction of adjustment to prolonged submergence aboard an FBM submarine: II. Background variables. E. N. Epstein. 1962. AD 298848

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 385 Current methods of preparing and stowing sterile equipment aboard submarines, and suggested methods for prolonging their sterility. A. R. Taurig. 1962. AD 401751
- 386 The bacterial flora in fleet ballistic missile submarines during prolonged submergence. D. G. Boyden. 1962. AD 401762
- 387 A method for improving accuracy of air particulate activity measurements. C. H. Darby, Jr. (Restricted Distribution). 1962. AD 401763
- 388 Prediction of adjustment to prolonged submergence aboard a fleet ballistic missile submarine: III. Objective tests. J. W. Parker. 1962. AD 298849
- 389 Discrimination of color. I. Comparison of three psychophysical methods and II. Sensitivity as a function of spectral wavelength, 510 to 630 M\*. M. H. Siegel and F. L. Dimmick. 1962. AD 406450
- 390 Alveolar pathways during 90-foot breath-hold dives. K. E. Schaefer and C. R. Carey. 1962. AD 404956
- 391 Development of hyaline membranes and atelectasis in experimental chronic respiratory acidosis. N. Niemoeller and K. E. Schaefer. 1962. AD 675656
- 392 Palmar perspiration index and pursuit tracking. G. Moeller and C. P. Chattin. 1962. AD 404975
- 393 Effect of oxygen-rich atmospheres on cerebral lipid peroxides. N. H. Becker and J. F. Galvin. 1962. AD 409811
- 394 Intensity and contour effects in visual masking. P. A. Kolers. 1962. AD 406173
- 395 Sensitivity to unidirectional frequency modulation. R. L. Sergeant and J. D. Harris. 1962. AD 449553
- 396 Antarctic environment and gingival health. J. S. Lindsay and A. G. Nielsen. 1962. AD 449558
- 397 Radiation monitoring team training manual. J. R. Briggs. 1962. (Out of print - being replaced). AD 401761
- 398 Auditory problems in the Navy. J. D. Harris. 1962. AD 401475
- 399 Bibliography of submarine human engineering. G. Moeller and C. P. Chattin. 1963. AD 401484
- 400 Factors affecting induced color. J. A. S. Kinney. 1963. AD 427831
- 401 Night vision sensitivity during prolonged restriction from sunlight. J. A. S. Kinney. 1963. AD 427877
- 402 A difference between real and apparent visual movement. P. A. Kolers. 1963. AD 427816
- 403 Basic physiology in SCUBA and skin diving. K. E. Schaefer. 1963. AD 427857
- 404 Compensatory pursuit tracking of pitch. J. D. Harris, A. G. Pikler and J. E. Murphy. 1963. AD 427848
- 405 Clinical problems of SCUBA Diving. G. F. Bond. 1963. AD 675666
- 406 Alveolar gas exchange during submarine escape. A. B. DuBois, G. F. Bond, and K. E. Schaefer. 1963. AD 427801
- 407 The relation of perstimulatory adaptation to other short-term threshold shifting mechanisms. R. L. Sergeant and J. D. Harris. 1963. AD 427973
- 408 Ultraviolet air sterilization for polaris submarines. J. A. Zimble. 1963. AD 449528

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 409 Submarine psychiatry. E. H. Ninow. 1963. AD 427988
- 410 Discrimination of color: III. Effect of spectral bandwidth. M. H. Siegel. 1963. AD 427979
- 411 Evaluation of bicaloric test of vestibular function. L. M. Davey. 1963. AD 457873
- 412 Speech during respiration of a mixture of helium and oxygen. R. L. Sergeant. 1963. AD 427938
- 413 (U) Survey of visual tasks in polaris submarines. M. M. Connors and J. A. S. Kinney. (Classified). 1963. Not listed
- 414 Medical officer duties aboard FBM submarines. H. H. Green. 1963. AD 449529
- 415 Report of dental officer for Antarctic support activities for Operation Deep Freeze '62. R. J. Koss. 1963. AD 638606
- 416 Prediction of adjustment to prolonged submergence aboard an FBM submarine: IV. Psychophysiological indices. B. B. Weybrew. 1963. AD 449530
- 417 Loudness discrimination. J. D. Harris. 1963. AD 449501
- 418 Respiratory adaptation to chronic hypercapnia. K. E. Schaefer. 1963. AD 449562
- 419 Exercise tolerance studies in an artificial atmosphere under increased barometric pressure. J. I. Lynch. 1964. AD 449531
- 420 Decompression sickness, an emerging recreational hazard. A. W. Dewey. 1964. AD 449561
- 421 Behavioral periodicity: I. Bibliography of literature pertaining to human beings. M. Greenwood and B. B. Weybrew. 1964. AD 457874
- 422 Calcium phosphorus metabolism in man during acclimatization to carbon dioxide. K. E. Schaefer, G. Nichols, Jr., and C. R. Carey. 1964. AD 449555
- 423 Respiratory acclimatization to carbon dioxide. K. E. Schaefer, B. J. Hastings, C. R. Carey, and G. Nichols, Jr. 1964 AD 449554
- 424 Effect of body position on meridional variations in scotopic acuity. S. M. Luria. 1964. AD 449557
- 425 Acid-base balance and blood and urine electrolytes of man during acclimatization to carbon dioxide. K. E. Schaefer, G. Nichols, Jr., and C. R. Carey. 1964. AD 449556
- 426 Effects of acute hypoxia and hypercapnia on pulmonary circulation. H. G. Kennedy, Jr. 1964. AD 466989
- 427 A factor analytic study of three signal detection abilities. J. D. Harris. 1964. AD 449559
- 428 A review of the rationale of the visual standards for submarine duty. P. R. Kent. 1964. AD 449500
- 429 An annotated department reference file for Polaris medical officers. T. Richter. 1964. AD 466990
- 430 Reaction time under three viewing conditions: Binocular, dominant eye and non-dominant eye. P. K. Minucci and M. M. Connors. 1964. AD 449560
- 431 The psychological dimensions of color. F. L. Dimmick. 1964. AD 612551

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 432 Interactions among bandwidth, center frequency, and type of distortion in speech intelligibility. R. L. Sergeant. 1964. AD 457875
- 433 Effect of field size and position on mesopic spectral sensitivity. J. A. S. Kinney. 1964. AD 612453
- 434 Tritium activity, monitoring, personnel protection and decontamination. A. R. Nice and F. Weinstein. 1964. AD 457876
- 435 Effect of surround stimulus luminance on discrimination of hue. M. M. Connors. 1964. AD 611902
- 436 Discrimination of color: IV. Sensitivity as a function of spectral wavelength, 410 through 500  $\mu$ . M. H. Siegel. 1964. AD 611725
- 437 Study of radiation effects on the eyes in relation to fleet ballistic missile submarines. T. N. Kleh. 1964. AD 471860
- 438 Casualties in individual submarine escape. H. Moses. 1964. AD 622337
- 439 Color mixture functions at low luminance levels. W. Richards and S. M. Luria. 1964. AD 618590
- 440 Environmental physiology of submarines and spacecraft. K. E. Schaefer. 1964. AD 618591
- 441 Psychological and psychophysiological effects of confinement in a high pressure helium-oxygen-nitrogen atmosphere for 284 hours. B. B. Weybrew, M. Greenwood, and J. W. Parker. 1964. AD 457909
- 442 New development in high pressure living. G. F. Bond. 1964. AD 618259
- 443 Studies of ciliary mucus transport in a closed cabin atmosphere. R. E. Sonneburg. 1964. AD 624754
- 444 Conservative, non-surgical management of appendicitis. B. H. Rice. 1964. AD 618775
- 445 Differential color sensitivity in the purple region. M. M. Connors and M. H. Siegel. 1965. AD 618592
- 446 Time course of changes in surface tension and morphology of alveolar epithelial cells in  $\text{CO}_2$  induced hyaline membrane disease. K. E. Schaeffer. 1965. AD 618593
- 447 Relative yellow-blue sensitivity as a function of retinal position and luminance level. S. Weissman and J. A. S. Kinney. 1965. AD 618594
- 448 Carbonic anhydrase isozymes of neonatal and adult human and some animal erythrocytes. D. V. Tappan, M. J. Jacey, and H. M. Boyden. 1965. AD 618595
- 449 Hearing loss trend curves and damage risk in engineroom personnel. J. D. Harris. 1965. AD 635291
- 450 Aerotitis media in submarine recruits. J. Alfandre. 1965. AD 636509
- 451 Monaural and binaural speech intelligibility and the stereoscopic effect based upon temporal cues. J. D. Harris. 1965. AD 622262
- 452 Control of chemical constituents of the submarine atmosphere. R. F. Schillaci. 1965. AD 488532
- 453 Low level alpha counting: description of a device for increasing counting efficiency aboard submarines. R. M. Swengel. 1965. AD 627586

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 454 Effect of continuously and discontinuously moving stimuli on the luminance threshold of a stationary stimulus. S. M. Luria. 1965. AD 621651
- 455 Signal rate, intersignal interval variability and auditory vigilance. R. L. Martz. 1965. AD 638607
- 456 Bibliography and index of research in human and animal vigilance for the period 1961-1965. R. L. Martz. 1965. AD 637994
- 457 Effect of exposure time on induced color. J. A. S. Kinney. 1965. AD 634190
- 458 Color mixture functions with a white desaturant. H. Matteson and S. M. Luria. 1965. AD 633933
- 459 Effect of luminance on the perception of red and green at various retinal positions. S. Weissman. 1965. AD 635293
- 460 Comparison of individual and group learning of nonsense syllables. B. L. Ryack. 1965. AD 633931
- 461 Effect of stimulus duration on perception of red-green and yellow-blue mixtures. S. M. Luria and S. Weissman. 1965. AD 633935
- 462 Estimation of size and distance underwater. S. M. Luria, J. A. S. Kinney, and S. Weissman. 1965. AD 485385
- 463 Circulatory adaptation to requirements of life under more than one atmosphere of pressure. K. E. Schaefer. 1965. AD 637116
- 464 Recovery of foveal acuity. J. A. S. Kinney and M. M. Connors. 1965. AD 633934
- 465 STANDIVE, FORTRAN solution of decompression tables. G. Moeller. 1966. AD 484623
- 466 Performance of Farnsworth Lantern in field and at NMRL for the period 1955-65. H. M. Paulson. 1966. AD 657059
- 467 Aerodontalgia under hyperbaric conditions. W. R. Shiller. 1966. AD 634123
- 468 Blood clotting studies in a submarine crew. G. Purcell, Jr. 1966. AD 631953
- 469 Oxygen breathing effects upon night vision thresholds. P. R. Kent. 1966. AD 634798
- 470 (U) Human factors evaluation of MK-113 fire control system: I. System description and simulation. B. L. Ryack and C. P. Chattin. 1966. (Classified). AD 376201
- 471 Pure-tone acuity and the intelligibility of everyday speech. J. D. Harris. 1966. AD 634270
- 472 Near-drowning: Its pathophysiology and treatment in man. G. E. Griffin. 1966. AD 634955
- 473 Viral disease diagnosis aboard nuclear submarines. R. N. Sawyer. 1966. AD 481461
- 474 Viral serology antibody survival versus storage temperatures available aboard nuclear submarines. R. N. Sawyer. 1966. AD 488771
- 475 A dissertation for the orientation of FBM submarine medical officers. J. Caruso. 1966. AD 481462
- 476 Visual resolution underwater. P. R. Kent and S. Weissman. 1966. AD 637818
- 477 A light scattering technique for measuring protein concentration. D. V. Tappan. 1966. AD 635038

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 478     Adaptation to breath-hold diving. K. E. Schaefer. 1966. AD 638451
- 479     Effect of wavelength and bandwidth of red light on recovery of dark adaptation. M. M. Connors. 1966. AD 638559
- 480     The effect of frequency passband upon the intelligibility of helium-speech in noise. R. L. Sergeant. 1966. AD641960
- 481     A longitudinal study of acuity and phoria among submariners. D. O. Weitzman, J. A. S. Kinney, and A. P. Ryan. 1966. AD 651739
- 482     Periodontal health of submarine school candidates: A correlative analysis. W. R. Shiller. 1966. AD 650215
- 483     Masked DL for pitch memory. J. D. Harris. 1966. AD 650212
- 484     Signal presentation rate, auditory threshold, and group vigilance. R. L. Martz. 1966. AD 650491
- 485     Voice communication problems in spacecraft and underwater operations. R. L. Sergeant. 1966. AD 642825
- 486     Variability of respiratory functions based on circadian cycles. K. E. Schaefer and J. H. Dougherty, Jr. 1966. AD 649641
- 487     The response analysis tester (RATER) and logical inference tester (LOGM: I. Some preliminary findings). J. W. Parker. 1967. AD 650182
- 488     Effect of isolation in a constant environment on periodicity of physiological functions and performance. K. E. Schaefer et al. 1967. AD 650671
- 489     Adaptation to carbon dioxide with particular relation to CO<sub>2</sub> retention in diving. K. E. Schaefer. 1967. AD 649674
- 490     Psychological and physiological changes associated with smoking deprivation. B. B. Weybrew and J. E. Stark. 1967. AD 819009
- 491     Breathing under high ambient pressure. G. P. Lord, G. F. Bond, and K. E. Schaefer. 1967. AD 652937
- 492     Clinical evaluation of stannous fluoride when used as a constituent of a compatible prophylactic paste, as a topical solution, and in a dentifrice in Naval personnel: I. Report of findings after first year. F. P. Scola and C. A. Ostrom. 1967. AD 651527
- 493     Cerebral air embolism: I. Basic studies. C. L. Waite, W. F. Mazzone, M. Greenwood, and R. T. Larsen. 1967. AD 651764
- 494     Color-name as a function of stimulus intensity and duration. S. M. Luria. 1967. AD 651895
- 495     Dental caries increments evaluated by use of bite-wing roentgenogram. W. R. Shiller, J. C. Dittmer, L. P. McElwaine, and F. P. Scola. 1967. AD 652936
- 496     Color induction using asynchronous flashes. J. A. S. Kinney. 1967. AD 653806
- 497     Regulation of plasma lactic dehydrogenases in chronic respiratory acidosis. M. J. Jacey and K. E. Schaefer. 1967. AD 654575
- 498     Vision underwater. P. R. Kent. 1967. AD 660271
- 499     Adaptation to a homochromatic visual world. J. A. S. Kinney and J. C. Cooper. 1967. AD 659496

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 500 Study of air embolism and extra-alveolar air accidents associated with submarine escape training 1956 to 1966. L. Van . Genderen, 1967. [AD 664957](#)
- 501 Phonemic analysis of consonants in helium speech. R. L. Sergeant. 1967. [AD 660270](#)
- 502 Appearance of color for small, brief, spectral stimuli in the central fovea. D. O. Weitzman and J. A. S. Kinney. 1967. [AD 661155](#)
- 503 The visibility of colors underwater. J. A. S. Kinney, S. M. Luria, and D. O. Weitzman. 1967. [AD 661156](#)
- 504 Performance of the Farnsworth Lantern Test as related to type and degree of color vision defect. K. Laxar. 1967. [AD 668612](#)
- 505 Effect of isolation in a constant environment on periodicity of physiological functions and performance levels. K. E. Schaefer, B. R. Clegg, C. R. Carey, J. H. Dougherty, and B. B. Weybrew. 1967. [AD 694675](#).
- 506 Induced colors seen by a deuteranope. J. A. S. Kinney. 1968. [AD 668613](#)
- 507 Confusion matrix analysis for form perception. R. D. Engstrand and G. Moeller. 1968. [AD 668614](#)
- 508 Feasibility of using pulsed ultrasound for detection of presence of gas bubbles. J. H. Sutphen. 1968. [AD 671794](#)
- 509 Monaural loudness functions under masking. A. M. Richards. 1968. [AD 670756](#)
- 510 Stereoscopic acuity underwater. S. M. Luria. 1968. [AD 670500](#)
- 511 Personnel selection in the Navy: Proceedings of a Navy-wide workshop at the Submarine Medical Center, April 1967. B. B. Weybrew. 1968. [AD 671792](#)
- 512 Longitudinal study of dental calculus in humans in the antarctic. W. R. Shiller. 1968. [AD 668704](#)
- 513 Emergency dental treatments by medical officers on isolated duty. W. R Shiller. 1968. [AD 671776](#)
- 514 Physiological evaluation of British Mark VII Submarine Escape Immersion Suit during immersion. D. A. Hall, J. J. Nobel, and L. J. SantaMaria (ACED). 1968. [AD 668809](#)
- 515 Effects of tonal components in submarine sonar on signal detection and recognition. M. S. Harris, A. M. Richards, and G. R. Foley (USL). 1968. [AD 672892](#)
- 516 Relationship between static and dynamic stereo acuity. S. M. Luria and S. Weissman. 1968. [AD 671579](#)
- 517 Computation of continuous decompression schedules for deep sea dives. J. S. Robertson (Brookhaven National Laboratory) and G. Moeller. 1968. [AD 671857](#)
- 518 Breathing of pressure oxygenated fluids by submerged mammals. P. L. Hendricks. 1968. [AD 671793](#)

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 522 Enzyme concentration influences on activity measurements. D. V. Tappan. 1968. AD 673986
- 523 The code-copying capabilities of radiomen under simulated atmospheric noise conditions. A. M. Richards. 1968. AD 672893
- 524 Stress response in chronic hypercapnia. K. E. Schaefer, N. McCabe, and J. Withers. 1968. AD 679010
- 525 The response analysis tester (RATER) and logical inference tester (LOGIT) II. Additional pilot study data. J. W. Parker. 1968. AD 673996
- 526 A survey of fire prevention problems in closed oxygen-containing environments. V. D. Galasyn. 1968. AD 675817
- 527 Thermal evaluation of a polyvinylchloride exposure suit (Empress) and comparison with present submarine deck exposure suit. D. A. Hall and J. J. Nobel. 1968. AD 678375
- 528 Personal habits and diet in relation to periodontal health and oral hygiene status in submariners. A. D. Kropp and W. R. Shiller. 1968. AD 673416
- 529 Auditory fatigue following tone-burst trains. J. D. Harris. 1968. AD 674500
- 530 Taste thresholds in a submarine environment. W. R. Hutchinson and W. R. Shiller. 1968. AD 674501
- 531 Pulmonary and circulatory adjustment determining the limits of depths in breathhold diving. K. E. Schaefer, R. D. Allison, J. H. Dougherty, Jr., C. R. Carey, R. Walker, F. Jost, and D. Parker. 1968. AD 675815
- 532 A longitudinal study of N. Meningitis carriers in submarine crews. R. J. Reit and M. D. Smith. 1968. AD 675814
- 533
- 534 Circadian cycles of lactic dehydrogenase in urine and blood plasma: Response to high pressure. M. J. Jacey and K. E. Schaefer. 1968. AD 675070
- 535 The fungal flora of the submarine environment during prolonged submergence. W. C. Milroy. 1968. AD 676895
- 536 Saturation-excursion diving: Biochemical cycle functions in lactic dehydrogenase, lactate, and pyruvate responses. K. E. Schaefer, M. J. Jacey, C. R. Carey, and W. F. Mazzone. 1968. AD 678846
- 537 In vivo assessment of the solubility of tooth enamel during an FBM patrol. D. T. Zorn and W. R. Shiller. 1968. AD 676896
- 538 Taste thresholds to bitter compounds during a submarine patrol. J. W. Nesson and W. R. Shiller. 1968. AD \_\_\_\_\_
- 539 Dietary factors and related factors in FBM crew members. J. K. Summit and W. R. Shiller. 1968. AD 677039
- 540 The use of circumaural earphones in audiometry. J. D. Harris. 1968. AD 678918
- 541 Responses to the underwater distortions of visual stimuli. J. A. S. Kinney, S. M. Luria, and D. O. Weitzman. 1968. AD 678919
- 542 Judgments of distance under partially reduced cues. S. M. Luria and J. A. S. Kinney. 1968. AD 676387
- 543 Head positioning for the Panorex X-Ray machine. W. R. Shiller. 1968. AD 678376
- 544 Auditory feedback and helium-speech. J. F. Willott and R. L. Sergeant. 1968. AD 684773

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 545     Analyses of a variety of visual problems encountered during Naval operations at night. J. A. S. Kinney, S. M. Luria, and D. O. Weitzman. 1968. AD 686023
- 546     The threshold of the stapedius reflex to selected acoustic stimuli in normal human ears. L. J. Deutsch. 1968. AD 684774
- 548     The perception of pitch in a white noise mask. A. M. Richards. 1968. AD 684775
- 549     Salivary acid-base levels during exposure to an elevated carbon dioxide atmosphere. R. M. Lambert and W. R. Shiller. 1968. AD 684778
- 550     Extra-alveolar air resulting from submarine escape training: A post-training roentgenographic survey of 170 submariners. R. E. James. 1968. AD 685627
- 551     The underwater visibility of colors with artificial illumination. J. A. S. Kinney, S. M. Luria, and D. O. Weitzman. 1968. AD 684776
- 552     Dental calculus formation rate in a submarine environment. L. B. Piebenga and W. R. Shiller. 1968. AD 689985
- 553     Oral acidogenic bacteria in the Antarctic. P. Kasenchak and W. R. Shiller. 1968. AD 687873
- 554     Observations of intra-ocular pressure changes during an FBM patrol as measured by Schiotz Tonometry. J. G. Geisinger. 1968. AD 687689
- 555     The intelligibility of helium-speech as a function of speech-to-noise ratio. R. L. Sergeant and C. L. McKay. 1968. AD 684777
- 556     Performance effects of increased ambient pressure I. Helium-oxygen saturation and excursion dive to a simulated depth of 900 feet. B. B. Weybrew and J. W. Parker. 1968. AD 686024
- 557     Stereoscopic and resolution acuity with varying field of view. S. M. Luria. 1968. AD 685229
- 558     Light flashes, pupil size, and visual performance; an analysis of discomfort in the use of electro-optical aids. J. A. S. Kinney, L. T. Spitz, and S. M. Luria. 1969. AD 686025
- 559     Use of Snyder's caries activity test in oral hygiene. J. E. Wiseman and W. R. Shiller. 1969. AD 684779
- 560     Significant medical experiences aboard Polaris submarines: A review of 360 patrols during the period 1963-1967. D. D. Wilken. 1969. AD 851017
- 561     Salivary thiocyanate secretion during a fleet ballistic missile submarine patrol. R. P. Wray and W. R. Shiller. 1969. AD 687460
- 562     Mammalian adaptations to diving. M. B. Strauss. 1969. AD 687690
- 563     Effect of rapid eye movement (dreaming) sleep deprivation on retention of avoidance learning in rats. C. A. Pearlman. 1969. AD 687691
- 564     Maximum rate kinetic analysis applied to enzyme assay data. D. V. Tappan. 1969. AD 688115
- 565     Short term clinical evaluation of a clay containing dentifrice. W. R. Shiller. 1969. AD 687692
- 566     Effect on vision of repeated exposure to carbon dioxide. D. O. Weitzman, J. A. S. Kinney and S. M. Luria. 1969. AD 691402

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 567 Comparison of seven systems for air conduction audiometry from 8-20 KC/s. C. K. Myers and J. D. Harris. 1969. AD 691367
- 568 Maximum rate analysis of erythrocyte carbonic anhydrase in hypercapnic guinea pigs. D. V. Tappan. 1969. AD 690386
- 569 Underwater hearing in man: Sensitivity. P. F. Smith. 1969. AD 691403
- 570 Clinical evaluation of stannous fluoride when used as a constituent of a compatible prophylactic paste, as a topical solution, and in a dentifrice in Naval personnel: II. Report of findings after two years. F. P. Scola and C. A. Ostrom. 1969. AD 690043
- 571 The relationship of galvanic skin response to the emotion-evoking properties of words. A. D. Mangelsdorff and P. D. Shenfelt. 1969. AD 690387
- 572 A study of whole saliva and dental calculus in submariners. D. M. Kerr and W. R. Shiller. 1969. AD 690550
- 573 The effect on pulmonary functions of rapid compression in saturation-excursion dives to 1000 feet. J. H. Dougherty, Jr. and K. E. Schaefer. 1969. AD 691368
- 574 Speech intelligibility in a stationary multipath channel - Joint report with Navy Underwater Sound Laboratory. M. B. Sachs, G. J. O'Brien, R. L. Sergeant, and J. S. Russotti. 1969. AD
- 575 The relation of "duction" to dynamic stereoacuity. S. M. Luria and P. R. Kent. 1969. AD 693470
- 576 Monocular recognition of letters and landolt Cs in left and right visual hemifields. H. Markowitz and D. O. Weitzman. 1969. AD 689265
- 577 Self-preparation stannous fluoride prophylactic technique in preventive dentistry: Report after two years. F. P. Scola. 1969. AD 692998
- 578 Personal factors in dental disease prevention: I. A test to measure dental health knowledge. W. R. Shiller. 1969. AD 693471
- 579 Background and motivational characteristics of medical officer candidates for the submarine service. R. Hester and B. B. Weybrew. 1969. AD 695781
- 580 Decompression patterns developed by an interdependent electric analog. G. P. Todd. 1969. AD 697650
- 581 Visual acuity under water without a face mask. S. M. Luria and J. A. S. Kinney. 1969. AD 693472
- 582 "TRIC AGENT" urethritis: A report of the serological fluorescent antibody and associated findings. T. S. Kent. 1969. AD 692999
- 583 Step test of motivation to excel. J. H. Johnson. 1969. AD 692008
- 584 A diving casualty suggesting and episode of thoracic squeeze: A case report. M. B. Strauss and P. Wright. 1969. AD 700238
- 585 Discussion of disseminated intravascular coagulation in decompression sickness. J. A. Holland. 1969. AD 700239
- 586 Factors related to the failure of enlisted submarine school graduates to qualify. B. B. Weybrew and E. Noddin. 1969. AD 699599

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 587     The effect on respiratory dead space of prolonged exposure to a submarine environment. J. K. Gude and K. E. Schaefer. 1969. AD 700240
- 588     A preliminary investigation of the effects of near infrared radiation on visual performance. K. V. Laxar. 1969. AD 703613
- 589     Effect of vibration on performance with electro-optical aids to night vision. J. A. S. Kinney, S. M. Luria, and H. Markowitz. 1969. AD 700241
- 590     Electromyographic analysis of the biceps muscle following standard air dives using frequency analysis: A feasibility study. P. J. Whelan and T. N. Markham. 1969. AD 713622
- 591     Hearing loss in decompression. J. D. Harris. 1969. AD 703614
- 592     Some comparisons between visual and auditory neurophysiology. J. D. Harris and R. L. Sergeant. 1969. AD 697952
- 593     An efficient monaural procedure for the psychoacoustic calibration of earphones. J. D. Harris. 1969. AD 700242
- 594     Differential sensitivity for alternate interaural loudness balancing in the psychoacoustic calibration of earphones. J. F. Willott, C. K. Myers, and J. D. Harris. 1969. AD 700243
- 595     A monaural comparison of two circumaural earphones with a standard audiometric earphone. V. Morse and J. D. Harris. 1969. AD 699927
- 596     Performance effects of increased ambient pressure: II. Helium-oxygen saturation and excursion dive to a simulated depth of 1100 feet. J. W. Parker. 1969. AD 705389
- 597     The relationship of background variables to attrition in basic enlisted submarine school. E. Noddin. 1969. AD 703615
- 598     Displacement of oxygen curves and red cell cation exchange in chronic hypercapnia. K. E. Schaefer, A. A. Messier, and C. C. Morgan. 1969. AD 708394
- 599     Binaural interaction and laterality: Comparison of cortical evoked potentials produced by clicks and tone pip stimuli. M. S. Harris. 1969. AD 705390
- 600     An evaluation of dental calculus formation rate indices in antarctic personnel. W. R. Shiller and L. N. Magnuson. 1969. AD 705502
- 601     Effects of oral magnesium oxide on renal calcium excretion in crew members during a submarine patrol. C. T. Drake. 1969. AD 705391
- 602     An evaluation of three methods for unscrambling helium-speech produced at depths of 800 and 1,000 feet. J. S. Russotti. 1969. AD 705410
- 603     Effects of chronic hypercapnia on blood distribution in organs. K. E. Schaefer and G. T. Baker. 1969. AD 722659
- 604     Effects of chronic hypercapnia on blood volume, plasma volume, and red cell volume in relation to the submarine environment. G. T. Baker and K. E. Schaefer. 1969. AD 715628
- 605     Auditory sensitivity of the goldfish within the near acoustic field. R. R. Fay. 1969. AD 704088
- 606     Effect of stimulus size, duration and retinal location upon the appearance of color. D. O. Weitzman and J. A. S. Kinney. 1969. AD 698087

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 607     Sensory behavior of Naval personnel: Monaural/binaural minimum angle of auditory response. J. D. Harris and R. L. Sergeant. 1970. AD 709549
- 608     Underwater hearing in man: II. A comparison of temporary threshold shifts induced by 3500 hertz in air and underwater. P. F. Smith, R. Howard, M. S. Harris, and D. Waterman. 1970. AD 709550
- 609     Average age at death of scientists in various specialties. S. M. Luria. 1970. AD 706360
- 610     Effects of exposure to intense low frequency tones on hearing and performance. P. F. Smith, M. S. Harris, J. S. Russotti, and C. K. Myers. 1970. AD 707364
- 611     Subglottal pressure and air flow measures during vocal fry phonation. T. Murry. 1970. AD 711808
- 612     Effects of diving experience on visual perception under water. J. A. S. Kinney, S. M. Luria, D. O. Weitzman, and H. Markowitz. 1970. AD 706325
- 613     Decrease in initial perceived distortion with repeated exposure: Application for Navy diver training. C. L. McKay. 1970. AD 708026
- 614     Open sea, surface evaluation of submarine escape and immersion equipment. J. W. Parker, D. A. Hall, and J. J. Mellon. 1970. AD 709911
- 615     Pulmonary gas exchange and urinary electrolyte excretion during saturation-excursion diving to pressures equivalent to 800 and 1000 feet of seawater. K. E. Schaefer, C. R. Carey, and J. H. Dougherty, Jr. 1970. AD 709551
- 616     Characteristics of the submarine line officer: I. A factor analytical study of the officer candidate for the submarine service. B. B. Weybrew. 1970. AD 708029
- 617     Deep simulated submarine escape from 495 feet of seawater. D. A. Hall and J. K. Summit. 1970. AD 709912
- 618     Effect of intermittent exposure to 3% CO<sub>2</sub> on respiration. K. E. Schaefer, C. R. Carey, and J. H. Dougherty, Jr. 1970. AD 708030
- 619     Measurement of blood vessels in retinal photographs of submariners. J. A. S. Kinney, C. L. McKay, and A. P. Ryan. 1970. AD 708395
- 620     The Hills' alternative to decompression concepts: A critical review. R. Hester. 1970. AD 711809
- 621     Electrocardiography and cardiac monitoring aboard SSBN — 602 on patrol. M. A. Prosin. 1970. AD 712447
- 622     Experimental training for open-sea submarine escape. J. W. Parker and D. A. Hall. 1970. AD 709552
- 623     Duction, field of view, and improved stereoacuity for Navy divers. S. M. Luria. 1970. AD 716762
- 624     Human factors evaluation of submarine escape: IA. Individual and group escape with the British submarine escape immersion suit and the Steinke hood under conditions of side and tube egress. B. L. Ryack, R. L. Rodensky, and G. B. Walters. 1970. AD 718855
- 625     (U) Human factors evaluation of submarine escape: IB. Escape depth capability of the British Submarine Escape Immersion Suit and the Steinke hood under conditions of side and tube egress. B. L. Ryack, R. L. Rodensky, and G. B. Walters. 1970. (Classified). AD 517245L
- 626     A long-term clinical evaluation of a clay containing dentifrice in Antarctic Naval personnel. W. G. Richardson and W. R. Shiller. 1970. AD 716763

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 627 Short-term assessment of dental calculus formation rates in submarine personnel. F. E. Isabelle. and W. R. Shiller. 1970. AD 716764
- 628 Relationship of knowledge of biological effects of radiation and submarine crew member attitudes toward radiation hazards. J. A. Parent. 1970. AD 715629
- 629 Some considerations of establishing divers breathing gas purity standards for carbon monoxide. J. D. Bloom. 1970. AD 721680
- 630 Underwater vision. S. M. Luria and J. A. S. Kinney. 1970. AD 712595
- 631 Maximum permissible limits of contaminants for divers breathing gas: An overview. J. D. Bloom. 1970. AD 721681
- 632 The Stroop test in evaluating performance effects of Navy diving tasks: I. Stimulus exposure-duration effects. J. R. MacKinnon and J. W. Demarest. 1970. AD 722660
- 633 Improvement of divers' compensation for underwater distortions. J. A. S. Kinney, C. L. McKay, and S. M. Luria. 1970. AD 721682
- 634 An improved respiration magnetometer for laboratory and diving studies. W. S. Manuel. 1970. AD 722661
- 635 The effect of intermittent exposure to 3% carbon dioxide on acid base balance and electrolyte excretion. K. E. Schaefer, C. C. Morgan, A. A. Messier, and M. J. Jacey. 1970. AD 722662
- 636 The effect of chronic hypercapnia on oxygen affinity and 2, 3-diphosphoglycerate related to submarine exposure. A. A. Messier and K. E. Schaefer. 1970. AD 722663
- 637 An automated analysis of creatine phosphokinase not requiring dialysis. D. V. Tappan. 1970. AD 722664
- 638 Dental support for SeaLab III. W. R. Shiller. 1970. AD 718856
- 639 Problems of voice communication in the Navy: Regulation of vocal intensity at low fundamental frequencies. T. Murry. 1970. AD 718857
- 640 The effects of fleet ballistic submarine patrols on oral health. A. P. Belmont and W. R. Shiller. 1970. AD 716765
- 641 Effect of a submarine patrol on visual processes. H. Newmark and H. Beatty. 1970. AD 721683
- 642 (U) Evaluation of the present Royal Navy submarine escape system and investigation of its compatibility with U. S. submarine escape techniques. D. A. Hall, J. W. Parker, D. W. Klopp, T. N. Markham, B. L. Ryack, G. B. Walters, and R. L. Rodensky. 1970. (Classified). AD 519589L
- 643 Noise levels inside Navy diving chambers during compression and decompression. T. Murry. 1970. AD 722665
- 644 Human factors evaluation of submarine escape: 2A. Top egress with the British submarine immersion suit and the Steinke hood. B. L. Ryack and G. B. Walters. 1970. AD 730711
- 645 (U) Human factors evaluation of submarine escape: 2B. Top egress with the British submarine immersion suit and the Steinke hood. B. L. Ryack and G. B. Walters. 1970. (Classified) AD 517243L
- 646 Underwater blast injury - A review of the literature. N. M. Wolf. 1970. AD 722666
- 647 An exploratory study of the psychological effects of intermittent exposure to elevated carbon dioxide levels. B. B. Weybrew. 1970. AD 734124

# CHRONOLOGICAL LIST OF NSMRL REPORTS

- 648 Navy diver/swimmer vocabularies: Phonemic intelligibility in hyperbaric environments. T. Murry, R. L. Sergeant, and C. Angermeier. 1970. AD 731981
- 649 Specific phoneme intelligibility of words subjected to time-smearing distortion. R. L. Sergeant, J. S. Russotti, and H. S. Cooker. 1971. AD 734123
- 650 Phobia and counterphobia to submarines: A case history. M. P. O'Brien. 1971. \*\*\*
- 651 Sonar doppler discrimination in high noise environments. P. F. Smith and M. Koch. 1971. AD 734118
- 652 Biochemistry of submarine and diving stress: I. Lactate-pyruvate and redox state responses of blood and tissue in chronic hypercapnia. M. J. Jacey and K. E. Schaefer. 1971. AD 734120
- 653 Studies of voice communication in the Navy: Sentence predictability. T. G. Giolas, H. S. Cooker, and J. R. Duffy. 1971. AD 734121
- 654 Peripheral stimuli and stereoacuity for Navy divers working under water. S. M. Luria and J. A. S. Kinney. 1971. AD 731982
- 655 Effect of 90-day exposure to 1% CO<sub>2</sub> on acid-base status of blood. A. A. Messier, E. Heyder, and K. E. Schaefer. 1971. AD 746100
- 656 Species difference and tolerance to CO<sub>2</sub> in enzyme activity. K. E. Schaefer, E. Heyder, and A. A. Messier. 1971. AD 752968
- 657 The use of phase contrast microscopy in clinical dentistry. R. Brokaw and W. R. Shiller. 1971. AD 731983
- 658 Intersubmarine speech intelligibility levels. T. Murry and C. Strand. 1971. AD 734127
- 659 Biochemistry of submarine and diving stress: II. The effects of chronic hypercapnia on blood phosphofructokinase activity and the adenosine nucleotide system. M. J. Jacey and K. E. Schaefer. 1971. AD 731984
- 660 A review of the pathogenesis of skin bends. W. L. Dennison. 1971. AD 749317
- 661 Biochemistry of submarine and diving stress: III. Plasma creatine, creatine phosphate, and creatine phosphokinase responses to hypercapnia. D. V. Tappan. 1971. AD 734126
- 662 Biochemistry of submarine and diving stress: IV. Responses of blood lactate-pyruvate and redox state to chronic exposure to 3% CO<sub>2</sub>. M. J. Jacey, A. A. Messier, and K. E. Schaefer. 1971. AD 723122
- 663 An evaluation of the effectiveness of U. S. Navy diving treatment tables three and four compared to treatment tables five and six. D. W. Klopp and J. Larkin. 1971. **(This report not published)**
- 664 The visual evoked cortical responses as a measure of nitrogen narcosis. J. A. S. Kinney and C. L. McKay. 1971. AD 737208
- 665 Methemoglobin formation and red cell metabolism of guinea pigs during chronic hypercapnia. S. C. Wood and K. E. Schaefer. 1971. AD 731985
- 666 Characteristics of the submarine line officer: II. Patterns of motivation for volunteering for the submarine service. J. T. Giles, C. E. Collins, and B. B. Weybrew. 1971. AD 734119
- 667 Positional changes in mesio-angular impacted mandibular third molars during one year in young Naval personnel. W. R. Shiller. 1971. AD 732397

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 668     Hyperbaric oxygenation and corneal vascularization. R. J. Kaiser and D. W. Klopp. 1971. AD 732398
- 669     The visual evoked cortical response as a measure of stress in Naval environments: Methodology and analysis (1) slow flash rates. J. A. S. Kinney, C. L. McKay, A. Mensch, and S. M. Luria. 1971. AD 737209
- 670     Absolute distance perception under water and improvement through training. S. H. Ferris. 1971. AD 734125
- 671     Reciprocity calibration of microphones under high ambient pressures. R. L. Sergeant and T. Murry. 1971. AD 749318
- 672     Studies in Navy communications: Effect of word predictability on sentence intelligibility. J. R. Duffy, T. G. Giolas and R. L. Sergeant. 1971. AD 746118
- 673     Motion parallax and absolute distance. S. H. Ferris. 1971. AD 742078
- 674     Provisional medical statistics for personnel attached to nuclear powered submarines: FY 66-69. R. Hester. 1971. AD 894426L

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 688 Human factors evaluation of submarine escape: III. The effects of three types of charging connectors on disconnect time. G. B. Walters and B. L. Ryack. 1971. AD 905392
- 689 Psychological effects of prolonged exposure to sonar signals at an elevated intensity: I. Five days' exposure to signals at 85 dB. B. B. Weybrew and E. M. Noddin. 1971. AD 744938
- 690 Response variations of three types of microphones pressurized at 19 ATA. T. Murry and R. L. Sergeant. 1971. AD 750650
- 691 Psychological effects of prolonged exposure to sonar signals at an elevated intensity: II. Twenty-four days' exposure to signals at 85 dB. B. B. Weybrew and E. M. Noddin. 1971. AD 746103
- 692 Effects of elevated atmospheric CO<sub>2</sub> on acid-base balance at red-cell electrolytes of FBM personnel. D. A. Gortner, A. A. Messier, E. Heyder, and K. E. Schaefer. 1971. AD 752977
- 693 Variability among ten talkers of word intelligibility in noise. B. Kirk, S. Marks, and R. L. Sergeant. 1972. AD 746104
- 694 Apparent object movement produced by head movement under water. S. H. Ferris. 1972. AD 749319
- 695 Design considerations for a microphone-equipped mouthpiece for Navy diver communication. J. S. Russotti and R. L. Sergeant. 1972. AD 746105
- 696 The NSMRL hearing conservation-acoustic habitability study on own-ship active sonar. Staff of NSMRL (Aug-Sep 71). 1972. AD 523243
- 697 The intelligibility of processed helium speech at diving depths greater than 1,000 feet. T. Murry. 1972. AD 749320
- 698 (U) Effects of received active echo-ranging signals on passive sonar operators: An analysis of data obtained aboard USS GATO (SSN 615) (U). P. F. Smith. 1972. (Classified).
- 699 Mobile psychoacoustic laboratory. P. F. Smith. 1972. AD 757327
- 700 Speech intelligibility during exercise and normal and increased atmospheric pressures. T. Murry, E. J. Nelson, and E. W. Swenson. 1972. AD 749321
- 701 The intelligibility of hydrogen-speech. R. L. Sergeant. 1972. AD 749322
- 702 Studies of calcium and inorganic phosphorus levels in plasma and erythrocytes during acute and chronic hypercapnia. E. Heyder and K. E. Schaefer. 1972. AD 749323
- 703 Studies of enlisted submarine motivation: I. Some etiological factors related to devolunteering of submarine school candidates. E. M. Noddin. 1972. AD 749324
- 704 Effect of personal treatment of Navy subjects on a hearing discrimination task. R. O. Brown with C. K. Myers. 1972. AD 750651
- 705 Visual evoked responses for divers breathing various gases at depths to 1,200 feet. J. A. S. Kinney, C. L. McKay, and S. M. Luria. 1972. AD 749325
- 706 (U) Verification of a generalized value for recognition differential (NRD) in the passive sonar equation (U). J. S. Russotti. 1972. (Classified) AD 523295

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 707 Effect of electroacoustic characteristics of low fidelity circuitry upon speech intelligibility. J. Smaldino with J. D. Harris. 1972. AD 757326
- 708 Processing helium speech: Proceedings of a Navy-sponsored workshop. Aug, 1971. R. L. Sergeant and T. Murry. 1972. AD 757329
- 709 Masking as an indicator of neural fatigue: A preliminary study. S. M. Luria and A. P. Ryan. 1972. AD 752975
- 710 Improving absolute distance estimation in clear and in turbid water. S. H. Ferris. 1972. AD 752976
- 711 Accommodation and stereoacuity. S. M. Luria and J. A. S. Kinney. 1972. AD 757334
- 712 (U) Effects of received active echo-ranging signals on passive sonar operators: An investigation (U). P. F. Smith, J. S. Russotti, and R. Greeb. 1972. (Classified).
- 713 High pressure reaction vessel system: I. Installation, modification, and initial experiments. A. H. Smith and D. V. Tappan. 1972. AD 752978
- 714 Adaptation to displaced hearing: A non-proprioceptive change. H. H. Mikaelian, E. Piasetsky, and J. S. Russotti. 1972. AD 763393
- 715 Lack of bilateral generalization of adaptation to auditory rearrangement. H. H. Mikaelian and J. S. Russotti. 1972. AD 763397
- 716 Performance on the expanded time bearing plot as a function of bearing accuracy. G. M. Olson and K. V. Laxar. 1972. AD 759721
- 717 Studies of the effect of hyperbaric oxygen breathing on the rate of ethanol metabolism in man. J. R. Senior. 1972. AD 761144
- 718 Improving distance estimation under water: Long-term effectiveness of training. S. H. Ferris. 1972. AD 752979
- 719 Speech discrimination in noise and hearing loss at 3000 Hertz. T. Murry and P. G. Lacroix. 1972. AD 752974
- 720 Hearing loss at 3 kiloHertz and the CHABA "Proposed clinical test of speech discrimination in noise." C. K. Myers and C. Angermeier. 1972. AD 757337
- 721 A comparison of speech discrimination ability for simulated and real hearing loss at 3 and 6 kHz. R. L. Sergeant and T. Murry. 1972. AD 757338
- 722 (U) Study of human factors and relationship to WSE in submarine and anti-submarine warfare (U). G. Moeller, K. V. Laxar, S. M. Luria, D. O. Weitzman, and R. G. Engstrand. 1972. (Classified).
- 723 Eardrum displacement following stapedius muscle contraction. A. Yonovitz and J. D. Harris. 1972. AD 761145
- 724 Handedness and adaptation to distortions of size and distance under water. S. M. Luria, C. L. McKay, and S. H. Ferris. 1972. AD 759722
- 725 Differences in the speed of mentally processing displays containing information about "right" and "left." G. M. Olson and K. V. Laxar. 1972. AD 759723
- 726 Factors related to drug abuse in the submarine service: I. Selected demographic and psychometric data. B. B. Weybrew, J. A. Gessler, and E. M Noddin. 1972. AD 759724

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 727 Effect of low levels of carbon monoxide on visual processes: A preliminary study. S. M. Luria and C. L. McKay. 1972. AD 759725
- 728 The use of circumaural earphones for attenuating ambient noise in bone conduction audiometry. P. J. Alfonso and J. D. Harris. 1972. AD 759726
- 729 The effects of simulated breathholding dives in the dry and wet chambers on blood shifts into the thorax. K. E. Schaefer, R. D. Allison, C. R. Carey, and R. Strauss. 1972. AD 761146
- 730 Successful conditioning of the stapedius muscle. A. Yonovitz and J. D. Harris. 1972. AD 761178
- 731 Optical and visual tests on the Navy prototype hard hat diving system. J. A. S. Kinney, S. M. Luria, S. H. Ferris, and H. M. Paulson. 1972. AD 759727
- 732 The Bohr Effect in chronic hypercapnia. A. A. Messier and K. E. Schaefer. 1972. AD 763394
- 733 The longitudinal health survey: I. Description. R. N. Sawyer and J. H. Baker. 1972. AD 768311
- 734 Vision through various SCUBA facemasks. S. M. Luria, S. H. Ferris, C. L. McKay, J. A. S. Kinney, and H. M. Paulson. 1972. AD 763395
- 735 Pitch discrimination in background noises up to 95 dB SPL. V. A. Morse, M. A. Libby, and J. D. Harris. 1973. AD 763399
- 736 Diffusional and metabolic components of nitrogen elimination through the lungs: I. Effect of pressure. K. Muysers, U. Smidt, G. V. Nieding, H. Krekeler, and K. E. Shaefer. 1973. AD 768314
- 737 Factors related to drug abuse in the submarine service: II. Personality trait patterns as delineated by the Minnesota Multiphasic Personality Inventory. B. B. Weybrew and E. M. Noddin. 1973. AD 763401
- 738 Involvement of CO<sub>2</sub> and calcium stores in decompression sickness. K. E. Schaefer. 1973. AD 763735
- 739 A review of available heated wet-suit protection for divers and swimmers. F. P. Rentz. 1973. AD 768313
- 740 Improvement of absolute distance estimation under water: Use of monocular motion parallax. S. H. Ferris. 1973. AD 763396
- 741 Literature review of effects of helium on mechanics of respiration with clinical correlations. C. Lane. 1973. AD 769515
- 742 CO<sub>2</sub> effects on acid-base balance in air-saturation dives. B. A. Heavers, A. A. Messier, R. Montanti, and K. E. Schaefer. 1973. AD 769516
- 743 Mineral and electrolyte responses following severe decompression stress. E. Heyder and D. V. Tappan. 1973. AD 769517
- 744 Hematologic responses to severe decompression stress. M. J. Jacey, D. V. Tappan, and K. R. Ritzler. 1973. AD 769518
- 745 A feline head-holder and body-restrainer for use in chronic visual electrophysiological research. R. T. Bartus. 1973. AD 770870
- 746 The ear and hearing in aquatic and dysbaric environments. J. D. Harris. 1973. AD 775680

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 747 A method of recording and analyzing EEGs and VEPs from rats under hyperbaric conditions. S. H. Ferris and R. T. Bartus. 1973. AD 770871
- 748 RTLAB: A reaction time laboratory for the data general Nova minicomputer. G. M. Olson, G. Moeller, and K. V. Laxar. 1973. AD 780216
- 749 A compression-decompression schedule for producing dysbaric stress in mature rats. M. J. Jacey, D. V. Tappan, and J. J. Wojtowicz. 1973. AD 775869
- 750 A modified method of implanting monopolar cortical electrodes in large laboratory animals. R. T. Bartus and S. H. Ferris. 1973. AD 775870
- 751 Evidence for a possible memory impairment resulting from nitrogen narcosis in the rhesus monkey. R. T. Bartus. 1973. AD 775871
- 752 Human factors evaluation of submarine escape: IV. Evaluation of submarine escape and survival equipment Mark I, Mod O, for side and top egress with two disconnect systems. B. L. Ryack and G. B. Walters. 1973. AD 775681
- 753 Human factors evaluation of submarine escape: V. Disconnect time with four combinations of the Schrader Quick-Disconnect Air Fitting. G. B. Walters and B. L. Ryack. 1973. AD 780058
- 754 Aural detection performance over a 129-minute simulated sonar watch. J. Russotti and R. Greeb. 1973. AD 775683
- 755 Behavioral effects of nitrogen narcosis in the Rhesus Monkey. R. T. Bartus. 1973. AD 775663
- 756 Thirty-day, 60-foot air-saturation dive with rats: Effects on EEG and visually evoked cortical response. S. H. Ferris and S. A. Shaffer. 1973. AD 775664
- 757 Nitrogen narcosis and visual evoked responses in the unanesthetized cat. R. T. Bartus. 1973. AD 775683
- 758 Speed of comprehending submarine fire control displays: II. Further evidence of right-left differences. G. M. Olson and K. V. Laxar. 1973. AD 775872
- 759 Equivalency of sentence intelligibility lists for audiological assessments of Naval personnel and Navy voice communication systems. T. G. Giolas, J. R. Duffy, R. J. Duffy, H. S. Cooker, and R. L. Sergeant. 1973. AD 775684
- 760 Speed of comprehending submarine fire control displays: III. Processing information about "right" and "left" — A note on left handers. G. M. Olson and K. V. Laxar. 1973. AD 775685
- 761 Measures of evoked responses and EEGs during shallow saturation diving. J. A. S. Kinney, S. M. Luria, and M. S. Strauss. 1973. AD 775873
- 762 Identification of tasks sensitive to hyperbaria with determination of time interval effects on performance. G. Moeller and C. P. Chattin. 1973. AD 775686
- 763 Medical aspects of cold water immersion, A review. W. A. Tansey, III. 1973. AD 775687
- 764 Factors related to drug abuse in the submarine service: III. Characteristic biographical profiles and related data. B. B. Weybrew and E. M. Noddin. 1973. AD 777703
- 765 Excretion of minerals and nitrogen metabolites following exposure to increased air pressures (2 and 7 ATA). E. Heyder and D. V. Tappan. 1973. AD 780093

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 766 Urinary indicators of stress: Effects of exposure to simulated sonar noise for 8 to 23 days. D. V. Tappan, R. O. Madden, and M. J. Jacey. 1973. AD 780094
- 767 Visual characteristics of submarine school candidates, submariners and Navy divers: Information derived from the longitudinal health study. C. L. McKay and A. P. Ryan. 1974. AD 780095
- 768 The contribution of the poorer ear to binaural intelligibility. J. D. Harris and C. K. Myers. 1974. AD 780057
- 769 Visibility of colored targets in free-swimming SCUBA search. S. M. Luria and J. A. S. Kinney. 1974. AD 780096
- 770 Effects of repetition and dark adaptation on visual evoked responses in the rat. R. T. Bartus and S. H. Ferris. 1974. AD 780060
- 771 Cholesterol levels in submariners: A pilot study. L. W. Shivers. 1974. AD 780097
- 772 Animal saturation diving at simulated depths of 50 and 60 feet: Description of operation and environment. R. D. Murray, S. D. Stewart, E. Heyder, and G. M. Adams. 1974. AD A000964
- 773 Hemostatic alterations following severe dysbaric stress. M. J. Jacey, R. O. Madden, and D. V. Tappan. 1974. AD 787065
- 774 Biochemical responses of men to simulated air dives of 100 feet. D. V. Tappan and E. Heyder. 1974. AD 785066
- 775 Shallow habitat air dive (SHAD I): Thirty days at a simulated depth of fifty feet of seawater with excursions between 5 and 235 feet. G. M. Adams. 1974 (never published as an NSMRL report).
- 776 Shallow habitat air dive (SHAD I): Psychological screening of divers as subjects for long-duration saturation experimentation. B. B. Weybrew. 1974. AD A002707
- 777 Judgments of the visibility of colors made from an underwater habitat. J. A. S. Kinney and J. W. Miller. 1974. AD 786323
- 778 The visual evoked cortical potential as a measure of stress in Naval environments: (3) Response to pattern and color. J. A. S. Kinney and C. L. McKay. 1974. AD 786322
- 779 Underwater hearing in man: III. An investigation of underwater sound localization in shallow and noisy water. P. F. Smith, A. W. Yonovitz, and G. Dering. 1974. AD A000965
- 780 First apparent dissociation constant of carbonic acid,  $pK_1$ , in human serum and red cells. A. A. Messier. 1974. AD 786929
- 781 Metabolic and hematologic factors in chronic air saturation at 2.5 ATA. M. J. Jacey and D. V. Tappan. 1974. AD 786763
- 782 Effects of waxed dental floss inclusion in the regimen of oral hygiene of antarctic personnel. E. Fisher, R. G. Esquire, G. T. Eden, and M. A. Mazzarella. 1974. AD 786764
- 783 Polarizing filters and underwater vision. S. M. Luria and J. A. S. Kinney. 1974. AD A002711
- 784 Thyroid status of rats during simulated shallow-water saturation diving. D. H. Wood and W. A. Tucker. 1974. AD A000966
- 785 Hearing threshold shifts to high frequency tonal pulses. J. D. Harris. 1974. AD A000967

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 786 The longitudinal health study: A multiphasic medical surveillance program for USN submarine and diving personnel. W. A. Tansey, III. 1974. AD A002712
- 787 Eye movements during search for coded and uncoded targets. S. M. Luria and M. S. Strauss. 1974. AD A002713
- 788 Factors related to drug abuse in the submarine service: IV. Correlates of permissiveness of attitudes toward drug abuse. B. B. Weybrew and E. M. Noddin. 1974. AD A002714
- 789 Assessment of response to mass motivation for oral hygiene. R. G. Esquire and M. A. Mazzarella. 1974. AD A007419
- 790 Lenticular opacities and the evaluation of personnel for the Naval Nuclear Propulsion Program. P. R. Albert. 1974. (delayed in publication).
- 791 Effect of chronic hypercapnia on body temperature regulation. K. E. Schaefer, A. A. Messier, C. Morgan, and G. T. Baker, III. 1974. AD A007418
- 792 Clinical evaluation of an adhesive sealant in Naval personnel: One-year results. G. T. Eden and M. A. Mazzarella. 1974. AD A007420
- 793 Shallow habitat air dive series (SHAD I and SHAD II): The effects on visual performance and physiology. J. A. S. Kinney, S. M. Luria, M. S. Strauss, C. L. McKay and H. M. Paulson. 1974. AD A007104
- 794 International workshop on escape and survival from submersibles. C. F. Gell and J. W. Parker. 1974. AD A014871
- 795 Vision in the water without a facemask. S. M. Luria and J. A. S. Kinney. 1974. AD A007115
- 796 Biochemical responses to a 28-day interval between exposures to air at 6.7 ATA. E. Heyder and D. V. Tappan. 1974. AD A007421
- 797 Simplified procedure for identification of optimal test score cut-off points for non-rated submariner candidates. B. Weybrew and E. M. Noddin. 1974. ADA 020075
- 798 Clinical evaluation of an acrylic pontic "adhesively" bonded to uncut abutment teeth: 18-month results. G. T. Eden. 1974. AD A014855
- 799 Physiological stresses related to hypercapnia during patrols on submarines. K. E. Schaefer. 1979. AD A076226
- 800 The longitudinal health study: Visual characteristics of 750 submariners. J. A. S. Kinney, A. P. Ryan, S. M. Luria, H. M. Paulson, C. L. McKay, and M. S. Strauss. 1974. AD A014856
- 801 The use of hydrogen as an inert gas during diving: Pulmonary functions during hydrogen-oxygen breathing at pressure equivalents to 200 feet of sea water. J. H. Dougherty, Jr. 1974. AD A020046
- 802 Calcium, magnesium and phosphorus metabolism and parathyroid-calcitonin function during prolonged exposure to elevated CO<sub>2</sub> concentrations on submarines. A. A. Messier, E. Heyder, W. R. Braithwaite, C. McCluggage, A. Peck, and K. E. Schaefer. 1979. AD A076227
- 803 Transthoracic impedance cardiography: A survey. J. Saklad and K. E. Schaefer.
- 804 Carbon dioxide effects under conditions of raised environmental pressure. K. E. Schaefer. 1974. ADA 020472

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 805 Not published
- 806 Biochemical profiles of submariners: A longitudinal health study. D. V. Tappan, M. J. Jacey, E. Heyder, and W. A. Tansey, III. 1975. [AD A019920](#)
- 807 A comparison of two methods for dispersing whole human saliva for microfloral assay. J. F. Perrotta, R. G. Esquire, and S. D. Stewart. 1975. [AD A019921](#)
- 808 The effect of common therapeutic drugs on vision. S. M. Luria, H. M. Paulson, J. A. S. Kinney, C. L. McKay, M. S. Strauss, and A. P. Ryan. 1975. [AD A020346](#)

- 843 Not published
- 844 Comparison of eye movements over faces in photographic positives and negatives. S. M. Luria and M. S. Strauss. 1978.
- 845 Visual evoked cortical potentials in men during compression and saturation in He-O<sub>2</sub> equivalent at 400, 800, 1200, and 1600 feet of sea water. J. A. S. Kinney, R. Hammond, R. Gelfand, and J. Clark. 1978. AD A054334

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 846 Shallow habitat air dives I and II: Human hematological responses to compressed air saturation diving. R. D. Murray and M. J. Jacey. 1977. AD A054389
- 847 CO<sub>2</sub>-induced kidney calcification. K. E. Schaefer, S. M. Pasquale, A. A. Messier, and H. Niemoeller. 1979. AD A075623
- 848 Proliferation of pneumocyte II cells in prolonged exposure to 1% CO<sub>2</sub>. W. H. J. Douglas, K. E. Schaefer, A. A. Messier, and S. M. Pasquale. 1979. AD A075624
- 849 Biochemical and hematologic profiles of 1000 submariners. D. V. Tappan, M. J. Jacey, E. Heyder, and C. A. Harvey. 1979. AD A076225
- 850 Nitrogen narcosis measured by dual-task performance. L. A. Whitaker and M. S. Findley. 1977. AD A054388
- 851 Mental health of nuclear submariners in the U. S. Navy. B. B. Weybrew and E. M. Noddin. 1979. AD A068407
- 852 Leadership style flexibility. A. J. Schou and R. J. Biersner. 1977. AD A040456
- 853 Not Published.
- 854 Aseptic bone necrosis among U. S. Navy divers: Survey of 934 non-randomly selected personnel. W. L. Hunter, Jr., R. J. Biersner, R. L. Sphar, and C. A. Harvey. 1978. AD A058915
- 855 Implementing an exchange from nitrogen to helium in a large hyperbaric chamber. K. R. Bondi, D. D. Wray, and J. E. Jordan. 1977. AD A049273
- 856 Luminance thresholds of the water-immersed eye. P. F. Smith, S. M. Luria, and B. L. Ryack. 1978. AD A064244
- 857 The effectiveness of escape hatch illumination as an aid to egress from a submerged helicopter. B. L. Ryack, P. F. Smith, S. M. Champlin, and E. M. Noddin. 1977.
- 858 Phasic changes in bone CO<sub>2</sub> fractions, calcium, and phosphorus during chronic hypercapnia. K. E. Schaefer, S. M. Pasquale, A. A. Messier, and M. L. Shea. 1980. AD A086483
- 859 Human parotid gland alpha-amylase secretion as a function of chronic hyperbaric exposure. S. C. Gilman, G. J. Fischer, R. J. Biersner, R. D. Thornton, and D. A. Miller. 1979.
- 860 Not published
- 861 Carboxyhemoglobin levels during a submarine patrol. K. R. Bondi, K. R. Very, and K. E. Schaefer. 1978. AD A059091
- 862 The necessity for high frequency hearing in passive sonar listening. J. D. Harris, J. E. Kerivan, and J. S. Russotti. 1979. AD A077079
- 863 Decompression sickness and deep air diving. W. L. Hunter, Jr., G. B. Pope, and D. A. Arsu. 1978. (Appeared in FACEPLATE, pp 7-9, fall issue)
- 864 Cardiovascular risk factors in submariners. D. V. Tappan, L. W. Mooney, M. J. Jacey, and E. Heyder. 1979. AD A076224
- 865 Computer-aided medical diagnosis: literature review. W. Rogers, B. L. Ryack, and G. Moeller. 1979.
- 866 Effects of aspirin and dramamine on visual processes. S. M. Luria, J. A. S. Kinney, C. L. McKay, H. M. Paulson, and A. P. Ryan. 1979. AD A077297

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 867 Multiplicative effects on sentence comprehension for combined acoustic distortions. P. G. Lacroix, J. D. Harris, and K. J. Randolph. 1979. AD A081362
- 868 Effect of prolonged exposure to 0.5% CO<sub>2</sub> on kidney calcification and ultrastructure of lungs. K. E. Schaefer, W. H. J. Douglas, A. A. Messier, M. L. Shea, and P. A. Gohman. 1979. AD A075625
- 869 Tissue gas properties of noninvasively collected human parotid fluid. D. A. Miller, D. J. Styer, A. A. Messier, and K. R. Bondi. (Abstract, Undersea Biomedical Research 5:38) 1978.
- 870 Effect of long-term hyperbaric stress on ammonia metabolism in humans. S. C. Gilman, W. L. Hunter, Jr., L. W. Mooney, and R. J. Biersner. 1978.
- 871 The ability of color defectives to judge colored signal lights at sea. J. A. S. Kinney, H. M. Paulson, and A. N. Beare. 1979. AD A071931
- 872 Effects of high-frequency cue reduction on the comprehension of distorted speech. P. G. Lacroix and J. D. Harris. 1979. AD A081342
- 873 The NSMRL tri-word test of intelligibility (TTI). R. L. Sergeant, P. G. Lacroix, and J. E. Atkinson. 1979. AD A071930
- 874 Visual processes of smokers and nonsmokers at different ages. S. M. Luria and C. L. McKay. 1979. AD A082277
- 875 Swimming accuracy and consistency of SCUBA divers under conditions of low visibility. S. M. Luria. 1979. AD A071800
- 876 Evaluation of a portable recompression system (PRS): Life support, schedule adequacy and human factors. W. L. Hunter, Jr., J. W. Parker, J. E. Jordan, R. J. Biersner, S. C. Gilman, and K. R. Bondi. 1978. AD A058700
- 877 Effects of serum constituents and urinary metabolite excretion of repeated compressed air dives. E. Heyder and D. V. Tappan. 1981. AD A101637
- 878 Not published
- 879 Adaptation of a computer-assisted diagnosis program for use by hospital corpsmen aboard nuclear submarines. J. V. Henderson, G. Moeller, B. L. Ryack, and G. M. Shumaik. 1978. AD A156066
- 880 Psychiatric aspects of adaptation of long submarine missions. B. B. Weybrew and E. M. Noddin. 1979. AD A077080
- 881 Effect of 18-h watch schedules on circadian cycles of physiological functions during submarine patrols. K. E. Schaefer, C. M. Kerr, D. Buss, and E. Haus. 1979. AD A075626
- 882 Changes in serum ferritin and other factors associated with iron metabolism during chronic hyperbaric exposure. 1979. S. C. Gilman, W. L. Hunter, Jr., and L. W. Mooney.
- 883 Current submarine carbon monoxide and estimated carboxyhemoglobin levels and interpretation of their possible effects on mental performance and health risk. K. R. Bondi. 1978. AD A063274
- 884 Not published
- 885 Hand preference and the MMPI profiles of nuclear submariners. B. B. Weybrew and E. M. Noddin. 1979. AD A078099
- 886 Attempts to correct swimming errors. S. M. Luria. 1979. AD A067860

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 887 Insertion loss of earplugs and earmuffs on an artificial head as a function of azimuth of the sound source. J. D. Harris. 1979. AD B039141L
- 888 The effects of earplugs and earmuffs on pitch discrimination in noise. J. E. Kerivan. 1979. AD B039142L
- 889 Optimum threshold-crossing and time window validation in threshold pure-tone computerized audiometry. J. D. Harris. 1979.
- 890 A comparison of two national standards for estimating audiometric threshold for pure tones. J. D. Harris. 1979. AD B039371L
- 891 NSMRL calibration of microphones at depth in dry hyperbaric chambers. J. D. Harris. 1979. AD A084331
- 892 Factor analysis of perceptual and cognitive abilities tested by different methods. J. A. S. Kinney and S. M. Luria. 1980. AD A083670
- 893 Biological effects of ultrasound and their relevance to the establishment of safety standards for the exposure of divers to intense ultrasound. J. A. Rooney. 1979. AD B039143L
- 894 The effects of pseudoephedrine and triprolidine on visual performance. S. M. Luria, H. M. Paulson, A. P. Ryan, and C. L. Schlichting. 1979. AD A083669
- 895 The effects of astigmatism on sensitivity to sinusoidal and square wave gratings. J. A. S. Kinney. 1980. AD A086936
- 896 Not published
- 897 Color defectives' judgments of signal lights at sea: A replication. J. A. S. Kinney, H. M. Paulson, and A. N. Beare. 1979. AD A080015
- 898 The X-chrom lens for correction of color deficiency. H. M. Paulson. 1980. AD A093031
- 899 Not published
- 900 Proem to a quantum leap in audiometric data collection and management. J. D. Harris. 1979. AD A072177
- 901 A comparison of a standard and a computerized adaptive paradigm in Bekesy fixed-frequency audiometry. J. D. Harris and P. F. Smith. 1979. AD A085535
- 902 Compatibility and laterality effects in directional informational displays. K. Laxar. 1979.
- 903 (U) Critical uses of Analog Audio Display in passive sonar. D. Gersch, J. S. Russotti, & J. Kerivan. (Classified).
- 904 Analysis of interim thermal stress limits for a portable recompression system. K. R. Bondi. 1979. AD A077035
- 905 The limiting effects of astigmatism on visual performance through periscopes. S. M. Luria, J. A. S. Kinney, C. L. Schlichting, and A. P. Ryan. 1979. AD A080017
- 906 Not published
- 907 Attitude changes during a cold weather combat exercise: An exploratory study. B. B. Weybrew, L. M. Dean, and E. M. Noddin. 1979. AD A077036
- 908 Noise dosimetry aboard a nuclear fast-attack submarine during four days of submerged operations. P. G. Lacroix, C. J. Eident, and W. Olivier. 1980. AD B045033L

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 909 Not published
- 910 Not published
- 911 Pulmonary function during shallow habitat air dives (SHAD I, II, III). J. H. Dougherty, Jr., R. L. Frayre, D. A. Miller, and K. E. Schaefer. 1979. AD A078343
- 912 Effect of intermittent exposure to 3% CO<sub>2</sub> on respiration, acid-base balance, and calcium-phosphorus metabolism. K. E. Schaefer, C. R. Carey, J. H. Dougherty, Jr., C. Morgan, and A. A. Messier. 1979. AD A075627
- 913 Binaural detection of sonar signals. J. E. Kerivan. 1980. AD A097911
- 914 Not published
- 915 Not published
- 916 Not published
- 917 History of military psychology at the U. S. Naval Submarine Medical Research Laboratory. B. B. Weybrew. 1979. AD A077405
- 918 The vision of submariners and national guardsmen: A longitudinal study. J. A. S. Kinney, S. M. Luria, A. P. Ryan, C. L. Schlichting, and H. M. Paulson. 1980. AD A093033
- 919 Not published
- 920 Not published
- 921 (U) Review of ISPE displays as described in the function of operational design. NSMRL Staff (J. A. S. Kinney, Ed.) 1980. (Classified). AD C021653L
- 922 Performance effects with repeated exposure to the diving environment. G. Moeller, C. Chattin, W. Rogers, K. Laxar, and B. Ryack. 1981. AD A117800
- 923 Underwater hearing conservation. P. F. Smith. 1985. AD A162380
- 924 Target size and correction for empty-field myopia. S. M. Luria. 1980. AD A093032
- 925 A comparison of underwater helicopter-escape lights. S. M. Luria, B. Ryack, and D. Temple. 1980. AD A099168
- 926 On the use of a three-words-per-item format in tests for the hearing of speech. J. D. Harris. 1980. AD A085536
- 927 A simple device for adding optical corrections to periscopes. S. M. Luria and J. A. S. Kinney. 1980. AD A083907
- 928 Effect of cueing on the accuracy of diagnosing diseases related to abdominal pain. K. D. Robinson, B. Ryack, G. Moeller, and W. Rogers. 1980.
- 929 Effects of astigmatism on visual performance through periscopes at night. S. M. Luria, J. A. S. Kinney, and C. L. Schlichting. 1980. AD A085295
- 930 A comparison of computerized audiometry by ANSI, Bekesy fixed-frequency, and modified ISO procedures in an industrial hearing conservation program. J. D. Harris. 1981.
- 931 Perceptual capabilities required to operate visual sonar displays. J. A. S. Kinney, S. M. Luria, and A. P. Ryan. 1980. AD A086484

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 932 Computer-assisted diagnosis of acute abdominal pain. J. V. Henderson and C. Black. 1980. AD A090164
- 933 Vitamin C. status of submariners. S. C. Gilman, R. J. Biersner, and R. D. Thornton. 1980. AD A094131
- 934 Interhemispheric asymmetries in visual evoked potential amplitude. C. L. Schlichting, D. F. Neri, and S. W. Kindness. 1980. AD A087265
- 935 Comparison of spatial summation and threshold versus retinal eccentricity functions in normal and deuteranopic observers. G. E. Geri and D. F. Neri. 1980. AD A099602
- 936 Not published
- 937 Aids for improving vision in white-out. C. L. Schlichting, S. M. Luria, J. A. S. Kinney, D. F. Neri, S. W. Kindness, and H. M. Paulson. 1980. AD A088726
- 938 Use of a computer-aided diagnosis system aboard patrolling FBM submarines: Initial at-sea trials. J. V. Henderson, B. Ryack, G. Moeller, R. Post, and K. D. Robinson. 1981. AD A099217
- 939 Effects of cold experience and training on administration of emergency medical treatment in the cold. W. Rogers, K. Laxar, and G. Moeller. 1980. AD A092970
- 940 Cold weather morbidity among U.S. Navy and Marine Corps personnel. M. L. Dembert, L. M. Dean, and E. M. Noddin. 1981. AD A111024
- 941 Various measures of the effectiveness of yellow goggles. J. A. S. Kinney, C. L. Schlichting, D. F. Neri, and S. W. Kindness. 1980. AD A093105
- 942 Not published
- 943 Hypothermia: An educational manual for instruction of the fleet duty corpsman accompanying personnel performing operations in cold water or cold weather. D. C. Arthur. 1980. AD A093091
- 944 Not published
- 945 Not published
- 946 Work and rest on nuclear submarines. A. N. Beare, R. J. Biersner, K. R. Bondi, and P. Naitoh. 1981. AD A097869
- 947 Contact lenses in extreme cold environments: Response of rabbit corneas. J. F. Socks. 1982. AD A115859
- 948 The pathophysiology, presentation, and triage of altitude-related decompression sickness associated with hypobaric chamber operation. D. C. Arthur and R. A. Margulies. 1982.
- 949 Visual characteristics of Navy divers. S. M. Luria, A. P. Ryan, J. A. S. Kinney, H. M. Paulson, and C. L. Schlichting. 1981. AD A100488
- 950 (U) Phase altered audio displays. J. E. Kerivan. 1982. (Classified). AD C027690
- 951 Operability evaluation of the ISPE control structure. A. N. Beare and G. Moeller. 1981. AD A101227
- 952 Relationships of personality factors and some social habits to cardiovascular risk in submariners. D. V. Tappan and B. B. Weybrew. 1982. AD A115881

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 953 Judgments of relative motion in tactical displays. K. Laxar, A. N. Beare, R. Lindner, and G. Moeller. 1981. AD A101606 (This was also published in a second version, 1983 - AD A129722)
- 954 Refinements of formulas for receptor sensitivity. J. A. Worthey and D. F. Neri. 1982. AD A114014
- 955 Surveys of lighting and working conditions in submarine sonar shack. J. A. S. Kinney, S. M. Luria, D. F. Neri, S. W. Kindness, and C. L. Schlichting. 1981. AD A100767
- 956 CO<sub>2</sub> retention and ECG changes in exercise during prolonged hyperbaric N<sub>2</sub>-O<sub>2</sub> breathing. K. E. Schaefer, J. H. Dougherty, J. M. Wilson, R. L. Frayre, and D. R. Knight. 1982. AD A125403
- 957 The relationship of visual evoked potential asymmetries to the performance of sonar operators. C. L. Schlichting and S. W. Kindness. 1981. AD A104116
- 958 Effect of rules and redundancy on the processing of abbreviations. W. Rogers and G. Moeller. 1984. AD A146802
- 959 Handedness in sonar operators. C. L. Schlichting. 1982. AD A122928
- 960 Depth perception with yellow goggles. J. A. S. Kinney, S. M. Luria, C. L. Schlichting, and D. F. Neri. 1981. AD A129574
- 961 Adjunctive treatment protocols for the computer-assisted diagnosis program. D. C. Arthur. 1981. AD B061361L
- 962 The relationship of job performance to physical fitness and its application to U. S. Navy submariners. B. L. Bennett and K. R. Bondi. 1981. AD A108198
- 963 Drugs exposed to extreme cold: The military perspective. M. L. Shea, R. M. DeBell, K. R. Bondi, and R. A. Margulies. 1981. AD A113544
- 964 The observation of psychopathology: Performance of corpsmen compared to experienced clinicians. K. Robinson, G. Moeller, and B. Ryack. 1983. AD A127938
- 965 Computer-assisted diagnosis program for acute abdominal pain. Seatrials 1982. Reference Manual. D. C. Arthur. 1981. AD B061360L
- 966 The F-M 100-hue test for assessing the effect of oxygen on color vision. H. M. Paulson and A. P. Ryan. 1981. AD A110426
- 967 Computer-assisted diagnosis program for acute abdominal pain. Seatrials 1982. Instructors Manual. D. C. Arthur. 1981. AD B061768L
- 968 Water requirements in military personnel working in cold environments and receiving arctic rations containing high salt levels. D. V. Tappan, M. J. Jacey, and E. Heyder. 1981. AD B063587L
- 969 Use of contact lenses for cold weather activities: Results of a survey. J. F. Socks. 1981. AD A110020
- 970 Cold weather goggles: I. Optical evaluation. S. M. Luria, D. F. Neri, J. A. S. Kinney, and H. M. Paulson. 1982. AD A111333

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 971 Time course of circadian periodicity changes in physiological functions on an 18-h work rest cycle during a submarine patrol. K. E. Schaefer, J. A. Messina, E. Haus, and K. R. Bondi (in review)
- 973 Not published
- 972 Multiphasic health profiles of Navy divers. M. L. Dembert, L. W. Mooney, A. Ostfeld, and P. G. Lacroix. 1983. AD A130377
- 973 Position paper: The toxic effects of chronic exposure to low levels of carbon dioxide. 1982. AD A115053
- 974 Computer-assisted diagnosis program for acute abdominal pain. Program Elements. D. C. Arthur. 1982.
- 975 Visual clarity with a black-and-white scene. J. A. Worthey. 1984. AD A141498
- 976 Improved methods for cyanide and thiocyanate measurements. R. DeBell, M. L. Shea, E. Heyder, and D. R. Knight. 1982. AD 113589
- 977 Cold weather field study of Marine Corps emergency medical treatment. K. Laxar, W. Rogers, and G. Moeller. 1982. AD A115057
- 978 Cold weather goggles: II. Performance evaluation. S. M. Luria. 1982. AD A114067
- 979 Filter stability, diagnostic consistency, and durability of the Farnsworth Lantern color vision test. H. M. Paulson. 1982. AD A115052
- 980 Workshop on pulmonary oxygen toxicity. Oct 27-28, 1981. R. G. Eckenhoff, C. J. Lambertsen, and J. W. Parker. 1983. AD A125821
- 981 Comparison of long-bone x-rays between U. S. Navy divers and matched controls. W. L. Hunter, Jr. and R. J. Biersner. 1981. AD A119885
- 982 Cold weather goggles: III. Resistance to fogging. S. M. Luria and D. F. Neri. 1982. AD A115898
- 983 The effect of the thermal conditions of training and testing on the performance of motor tasks measuring primary manual abilities. W. H. Rogers, E. M. Noddin, and G. Moeller. 1982. AD A118275
- 984 Improvement of visual detection during "whiteout". S. M. Luria. 1982. AD A116447
- 985 Shad-Nisat: A composite study of shallow saturation diving. R. W. Hamilton, G. Adams, C. A. Harvey, and D. R. Knight. 1982. AD A122622
- 986 A computer-based medical diagnostic/patient management system for isolated environments. K. D. Robinson, B. Ryack, G. Moeller, R. Post, and W. Schroeder. (Meth. Inf. in Med., Vol 22, No. 3, 1983). 1983. AD A134969
- 987 Influence of salt intake on fluid requirements of men working in the cold. D. V. Tappan, E. Heyder, M. J. Jacey, and P. H. Gray. 1982. AD B09662L
- 988 Nitrogen dioxide levels aboard nuclear submarines. K. R. Bondi, M. L. Shea, and R. M. DeBell (in Nov. 83 issue of J. Am. Ind. Hyg. Assoc.) 1983. AD A141497
- 989 Contrast sensitivity measured in low levels of red, white, and blue ambient illumination. D. F. Neri and J. A. S. Kinney. 1982. AD A119920
- 990 Desirable characteristics of underwater lights for helicopter escape hatches. S. M. Luria, B. Ryack, and D. F. Neri. 1982. AD A120510

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 991 Subjective preferences and detection ranges in sonar shacks under red and blue light. J. A. S. Kinney, S. M. Luria, and A. P. Ryan. 1982. AD A121366
- 992 Excursions to the surface as a component of emergency decompression from air or nitrox saturation exposures. R. G. Eckenhoff and J. W. Parker. 1982. AD A122946
- 993 Blood volume responses in partially dehydrated subjects working in the cold. D. V. Tappan, M. J. Jacey, E. Heyder, and P. H. Gray. 1984. AD B083570L
- 994 Predicting proficiency on visual sonar displays: Validation of a test battery. J. A. S. Kinney, D. F. Neri, A. P. Ryan, and C. L. Schlichting. 1983. AD A125059
- 995 The quantity of light produced by red and blue filters over light fixtures in sonar control rooms. J. A. S. Kinney. 1983. AD A124999
- 996 Cold weather goggles: IV. Optimal density. S. M. Luria. 1983. AD A127427
- 997 Carbohydrate metabolism in U.S. Navy submarine personnel. E. Heyder, L. W. Mooney, and D. V. Tappan. 1985. AD A154814

- 1022 ECG interpretation training program -Reference manual. S. F. Osborne and K. D. Fisherkeller. 1984. AD A141529
- 1023 Performance and preference on a sonar detection task under various colors of ambient illumination. D. A. Kobus and D. F. Neri. 1984. AD A142422
- 1024 Not published
- 1025 Computer-assisted diagnosis of chest pain — Adjunctive treatment protocols. S. F. Osborne. 1984. AD A145768
- 1026 Improvement of vision through the periscope: Background and proposed solutions. J. F. Socks and S. M. Luria. 1984. AD A146146
- 1027 Visibility of various target-background color combinations under different chromatic ambient illuminations. D. F. Neri, S. M. Luria, and D. A. Kobus. 1984.
- 1028 Management of irradiated and contaminated casualty victims. W. C. Milroy. 1984. (also in Emergency Medicine Clinics of North America, Vol. 2, No. 3, August 1984) AD A146682

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 1029    Leakage into the Navy oxygen breathing apparatus when worn over spectacles. S. M. Luria and J. H. Dougherty, Jr. 1984. AD A147086
- 1030    Cardiorespiratory fitness and cognitive performance before and after confinement in a nuclear submarine. B. L. Bennett, C. L. Schlichting, and K. R. Bondi. 1985. (also in ASEM Nov 1985, 56: 1085-1091)
- 1031    Individual differences in chromatic brightness matching. S. M. Luria and D. F. Neri. 1984. AD A148882
- 1032    Guidelines for the use of color in SUBACS A displays. D. F. Neri and D. Zannelli. 1984. JOINT REPORT WITH NUSC. AD A148924
- 1033    Not published
- 1034    Not published
- 1035    Not published
- 1036    The relative effectiveness of red and white light for subsequent dark-adaptation. S. M. Luria and D. A. Kobus. 1984. AD A148883
- 1037    Calcium and vitamin D metabolism in submariners: carbon dioxide, sunlight and absorption considerations. D. M. Sack, M. Holick, and K. R. Bondi. 1986. AD A166292
- 1038    Evaporative heat loss in low velocity hyperbaric and hypobaric environments. N. Kakitsuba and K. R. Bondi.
- 1039    Effect of extreme peripheral light on dark adaptation. S. M. Luria and J. DiVita. 1984. AD A148923
- 1040    Effect of background/foreground color coding on detection in acoustic data. D. F. Neri, D. A. Kobus, S. M. Luria, S. Fan and D. Zannelli. 1984. JOINT REPORT WITH NUSC (Tech Report 7325)
- 1041    Effect of set size on color matching. S. M. Luria, D. F. Neri, and A. R. Jacobsen. 1985. AD A150899
- 1042    Effect of set size on color recognition. A. R. Jacobsen, and D. F. Neri. 1985. AD A150958
- 1043    Noise exposures in hyperbaric environments. P. F. Smith. 1984.
- 1044    Effect of set size on time to recall color coded information. A. R. Jacobsen. 1985. AD A155013
- 1045    Immediate visibility after red and white adaptation. S. M. Luria and D. A. Kobus. 1985. AD A156271
- 1046    Detection and recognition performance of sonar operators in a multi-modal task. D. A. Kobus, J. S. Russotti, C. Schlichting, G. Haskell, S. Carpenter, and J. Wojtowicz. 1985. AD A156211
- 1047    Not published
- 1048    Contact lenses on submarines. J. F. Socks. 1985. AD A156900
- 1049    Depression, anemia and vitamin B<sub>6</sub> nutrition in submariners. C. L. Schlichting, D. Styer, and R. D. Reynolds. 1985.
- 1050    Acceptability of low-level white lighting in control room at sea. S. M. Luria and D. A. Kobus. 1985. AD A156897
- 1051    Effect of background luminance on color-coding. A. R. Jacobsen. 1985. AD A159250

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 1052 Proposed transfer function technique for earphone analysis. J. S. Russotti, T. P. Santoro, and G. Haskell. 1985. AD A160054
- 1053 Physical activity aboard nuclear submarines as measured by pedometry. K. R. Bondi and J. H. Dougherty, Jr. 1985. AD A159231
- 1054 Surviving helicopter crashes at sea. B. L. Ryack, S. M. Luria, and P. F. Smith. 1986. (Also in Aviat. Space & Environ. Med., Vol. 57, p. 603-609). AD A171008
- 1055 Acceptability of low-level white lighting in the sonar room at sea. D. A. Kobus, and S. M. Luria. 1985. AD A159204
- 1056 Multimodal versus unimodal information processing of words. L. J. Lewandowski, S. Hursh, and D. A. Kobus. 1985. AD A160517
- 1057 Stimulus determinants of target detection in PBB displays. J. DiVita, and S. M. Luria. 1985. AD A160203
- 1058 Effects of bimodal presentation of stimuli and noise in target detection. L. J. Lewandowski, and D. A. Kobus. 1985. AD A160122
- 1059 (U)The effect of viewing angle on the detection of sonar targets. D. A. Kobus, and S. M. Luria. 1985. (Classified). AD C037583
- 1060 (U)Enhancement of sonar target detection by a computer algorithm . J. DiVita. 1985. (Classified). AD C038227
- 1061 Effects of color coding in GEOSIT displays I. Color as a redundant code. A. R. Jacobsen, D. F. Neri, and W. H. Rogers. 1985. AD A161107
- 1062 Body weight changes before and after submarine patrols. K. R. Bondi and A. N. Beare. 1985. AD A161144
- 1063 Temporary auditory threshold shifts induced by 25-minute exposures to intense tones in water. P. F. Smith and J. Wojtowicz. 1985. AD A162404
- 1064 Evaluation of periscope eyepiece modification at sea. S. M. Luria and J. F. Socks. 1985. AD A163038
- 1065 Identification of preferred response modality on visual perception and cognitive tasks of basic enlisted submarine school students. E. P. Knuckle and A. P. Ryan. 1985. AD A162788
- 1066 Frequency response and distortion measurement of headsets for use in auditory sonar displays. J. S. Russotti, G. B. Haskell, R. Neal, T. P. Santoro, and S. M. Carpenter. 1985. AD A163971
- 1067 Effect of cold training and wearing of gloves on manual performance in the cold: A comparison of pure ability and operational tasks. W. H. Rogers. 1985. AD A163893
- 1068 Evaluation of color sets for CRT displays. D. F. Neri, A. R. Jacobsen, and S. M. Luria. 1985. AD A163894
- 1069 Effects of color coding in GEOSIT displays II. Redundant vs non-redundant color coding. A. R. Jacobsen, W. H. Rogers, and D. F. Neri. 1986. AD A166263
- 1070 Effect of background luminance and ambient illumination on color discrimination in a CRT display. A. R. Jacobsen. 1986. AD A166297
- 1071 Visual acuity through emergency breathing masks. S. M. Luria and J. F. Socks. 1986. \*\*\*

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 1072     Effects of bimodal presentation of stimuli and noise on target identification. S. M. Luria and A. R. Jacobsen. 1986. AD A171805
- 1073     Effect of stimulus and task variables on response pictures and words. W. H. Rogers. 1986. AD A170993
- 1074     Physical fitness in a submarine community as determined by the US Navy Health and Physical Readiness Test. B. L. Bennett. 1986. AD A171020
- 1075     Bimodal information processing in a sonar task. D. A. Kobus and L. Lewandowski. 1986. AD A170991
- 1076     The appearance of the Cornsweet Illusion: Measures of perceived contrast and evenness of brightness. R. L. Growney and D. F. Neri. 1986. (Also in Perception and Physics, Vol. 39 (2), p. 81 - 86. AD A171009
- 1077     Longitudinal analyses of involuntary turnover characteristics within the submarine service: Non-nuclear trained enlisted personnel. K. J. Bryant. 1986. AD A171721
- 1078     Effect of contrast on target detection in PBB displays. J. DiVita. 1986. AD A171807
- 1079     Night vision, the periscope operator, and the future control room. S. M. Luria. 1986.
- 1080     Prediction of nuclear submariner adaptability from autonomic indices and Rorschach ink blot responses. B. B. Weybrew and H. M. Molish. 1986. AD A173745
- 1081     Stopping rules for audiological ascending test procedures - computer simulation evaluation. L. Marshall and T. E. Hanna. 1986. AD A173829
- 1082     (U) Organization of a data base for contact classification. K. Laxar, W. Rogers, and G. Moeller. 1986. (Classified). AD C043503

- 1108 Visual sensitivities under reduced oxygen. S. M. Luria and N. Morris. 1988. AD A195628
- 1109 (U)Auditory sonar: The importance of high quality channels in system design. T. Hanna, J. Russotti, and L. Marshall. 1988. (Classified). AD C042742
- 1110 CPDX - A decision support system for the management of acute chest pain - USER'S MANUAL. K. Fisherkeller, D. Southerland, and G. Moeller. 1988. AD A199348
- 1111 Effect of hypoxia on speech recognition in noise. L. Marshall. 1988. AD A193943
- 1112 Effects of exposure to suicide and proposed intervention strategies within the submarine service. K. Bryant, P. F. Giannandrea, and J. H. Wallace. 1988. AD B125309
- 1113 ABDX - Programmer's Manual. D. Southerland. 1988. AD B125190
- 1114 Evaluation of a new printing of pseudoisochromatic plates. S. M. Luria and D. Neri. 1988. AD A199590
- 1115 Symbolizing quantitative differences on color CRTs. M. McGranaghan. 1988. AD A198718
- 1116 CPDX Programmer's Manual. K. Fisherkeller, D. Southerland, and G. Moeller. 1988. AD B124529

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 1117 Discrimination and identification of modulation frequency using noise, tone, and tonal-complex carriers. T. Hanna. 1988. AD A197780
- 1118 A simple calibration procedure for color CRT displays. D. Neri. 1988.
- 1119 A severity index for evaluating abdominal pain. M. Solomon, K. Bryant, G. Moeller, D. Southerland, and B. Ryack. 1988. AD A199233
- 1120 Effects of exposure to intense tones in water while wearing wet-suit hoods. P. F. Smith. 1988. AD A201640
- 1121 Estimating noise levels within dry diving helmets due to external sources. P. F. Smith. 1988. AD A205018
- 1122 Temporary auditory threshold shifts induced by repeated ten-minute exposures to continuous tones in water. P. F. Smith, J. Wojtowicz, and S. Carpenter. 1988. AD A201729
- 1123 Hearing levels of 416 sonar technicians. L. Marshall and S. Carpenter. 1988. AD A201639
- 1124 Volatile organic components of air samples collected from vertical launch missile capsules. D. V. Tappan, D. Knight, E. Heyder, and P. K. Weathersby. 1988.
- 1125 BESTSRCH: An automated system for identification of GC/MS peaks. D. V. Tappan, E. Heyder, and L. Mooney. 1988.
- 1126 (U)Improved aural detection of sonar signals through filtering. T. E. Hanna and L. Marshall. 1989. (Classified). AD C044862
- 1127 Upward excursion limits from air saturation at 5 ATA. J. W. Parker. 1989. AD A206774
- 1128 Modulation-rate perception: Identification and discrimination of modulation rate using a noise carrier. T. Hanna. 1989. AD A207078
- 1129 Vitamin D status of submariners during patrol. C. L. Schlichting and D. J. Styer. 1989. AD A206776
- 1130 (U)Improved aural detection of sonar signals through shaping. T. E. Hanna and L. Marshall. 1989. (Classified).
- 1131 The use of nonmetric multidimensional scaling in organizing a sonar data base retrieval system. K. Laxar, G. Moeller, and W. Rogers. 1989. AD B132986
- 1132 Effects of bimodal displays on sonar target detection. T. J. Doll and T. E. Hanna. 1989. AD A214851
- 1133 Simultaneous and successive chromatic contrast: Elaboration of an opponent model. K. Laxar and B. R. Wooten. 1989.
- 1134 Simultaneous and successive chromatic contrast: Verification of the complimentary hue rule. K. Laxar, Miller, and B. R. Wooten. 1989.
- 1135 Anthropometric indices among US Navy submariners. L. W. Mooney, J. Bowman, and A. B. Callahan. 1989. AD A213556
- 1136 Accuracy of a computer based program for "classic" presentation of dental pain. K. Fisherkeller, and R. Beaudry. 1989. AD A211205
- 1137 Predicting visual acuity from detection thresholds. J. Newacheck, Haergerstrom-Potney, and Abrams. 1989.

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 1138 (U) Evaluation of two temporarily-based signal-processing techniques for auditory sonar. L. Marshall and T. E. Hanna. 1989. (Classified).
- 1139 (U) Effects of degree of noise correlation on passive sonar target detection using experimental auditory displays. J. S. Russotti and J. J. Wojtowicz. 1989 (Classified).
- 1140 Morphological features accompanying neural differentiation of neuroblastoma (N-2a) induced by reduced media serum availability. J. Rossi, III, A. A. Messier, and E. Heyder. 1989.
- 1141 Evaluation of a computer-assisted dental-diagnostic system by Navy hospital corpsmen. K. Fisherkeller and R. Beaudry. 1989. AD A214850
- 1142 Preliminary report on classification of transient sonar signals. T. E. Hanna. 1989. AD A211253
- 1143 A computer assisted program for the management of acute dental pain. User's Manual. K. Fisherkeller, C. Burgess-Russotti, S. Ralls, and D. Hamilton. 1989. AD A215451
- 1144 MEDIC - Chest Pain. A decision support program for the management of acute chest pain. User's Manual. C. Caras, D. Southerland, and K. Fisherkeller. 1989. AD A217469
- 1145 An investigation of the integrality of color-coded NTDS symbols. J. DiVita, D. Neri, and M. Shim. 1989. AD B140615
- 1146 MEDIC - Abdominal Pain. A decision support program for the management of acute abdominal pain. User's Manual. C. Caras, K. Fisherkeller, and D. Southerland. 1989. AD A214852
- 1147 CPDX - A decision support system for the management of acute chest pain - Version 3.0. Programmer's Manual. D. Southerland and K. Fisherkeller. 1989.
- 1148 ABDX - A decision support system for the management of acute abdominal pain. Version 3.0. Programmer's Manual. D. Southerland and K. Fisherkeller. 1989.
- 1149 Navigation performance using parallax range lights. K. Laxar and M. B. Mandler. 1989.
- 1150 Motor and cognitive performance do not change during a ten-week submarine patrol. C. Schlichting, D. Styer, and P. Gray. 1989. AD A218639
- 1151 The kinetics of dark adaptation in hypoxic subjects. D. Knight, K. Bryant, C. W. Ollayos, and S. M. Luria. 1989.
- 1152 (U) Analog audio, digital audio, and alarms on the AN/BQQ-5 sonar system: Sonar technicians' ratings. L. Marshall and M. Nash. 1989. (Classified).
- 1153 Field calibration of two types of microphones in hyperbaric air. Smith, P. H., Carpenter, S., and Green, J. 1990. AD A219477
- 1154 Effect of extraneous color-coded targets on identification of targets on CRT displays. S. Luria, D. Neri, M. Shim, and R. Bivenour. 1990. AD A219473
- 1155 Perception of temporal order of flashing lights as a navigation aid. S. Luria. 1990.
- 1156 A computer assisted program for the management of acute dental pain — Programmer's Manual. C. Burgess-Russotti. 1990. AD A242668
- 1157 Frequency of a flashing light as a navigational aid. K. Laxar and S. Luria. 1990. AD A221924

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 1158 A portable ECG recorder for shipboard use. B. Ryack. 1990.
- 1159 (U)1988 data from the submarine sonar technicians community: cues for auditory and visual detection and classification. L. Marshall, M. Nash, and C. Siebels. 1990. (Classified).
- 1160 Target detection on a waterfall display with the target bearing delineated with a straight edge. S. Luria, J. DiVita, and M. Shim. 1990.
- 1161 Preliminary investigations on the utility of saturation and brightness as redundant and non-redundant codes with hue in tactical displays. K. Van Orden, J. DiVita, and M. Shim. 1990. AD A240470
- 1162 A clinical test of a computer diagnosis program. S. Luria, D. Southerland, and D. Stetson. 1990. AD A242795
- 1163 The effectiveness of a color-saturation beacon as a navigational range indicator. K. Laxar and S. Luria. 1990. AD A239580
- 1164 Identification of color coded target lines of different orientations on CRT screens. S. Luria, D. Neri, and M. Shim. 1990.
- 1165 Contributions of envelope information to classification of brief sounds. T. E. Hanna. 1990. AD A242228
- 1166 (U) Identification of the bandwidth required for auditory sonar. L. Marshall. 1991. (Classified).
- 1167 The medical hazards of flame suppressant atmospheres. D. R. Knight. 1991. AD A239618
- 1168 A comparison of simulated parallax and single-station aids to navigation: Final Report. K. Laxar, S. Luria, and M. B. Mandler. 1991.
- 1169 (U) Sonar technician's ratings. M. Nash and L. Marshall. 1990. (Classified).
- 1170 The effect of blinking on subsequent dark adaptation. S. Luria. 1991.
- 1171 Narrowband and broadband envelope cues for aural classification. T. E. Hanna and Y. Masakowski. 1991. AD A248693
- 1172 A comparison of the usability of three versions of a computerized medical diagnostic assistance program for abdominal pain. E. Chouinard, B. Ryack, and D. Stetson. 1991. AD A248702
- 1173 Computer aided ocular assessment: Programmer's Manual. J. Newacheck. 1991. AD A249269
- 1174 Frequency of color names for colors generated on a CRT. J. Divita, D. Neri, and M. Shim. 1991. AD A259660
- 1175 An evaluation of alternative maritime tactical display formats I: Visual search. K. Van Orden, G. A. Osga, and J. Lauben. 1991.
- 1176 Effect on target detection of isolating the target bearing area on a waterfall display with a neutral filter. S. Luria, J. DiVita, and K. Johnson. 1991. AD A249268
- 1177 A clinical test of the computer-supported treatment and consultation for emotional crisis program (CATCEC). B. Ryack, E. Noddin, D. Stetson, and S. M. Luria. 1992.
- 1178 Pressurized submarine rescue: A manual for Undersea Medical Officers. C. Harvey, D. Stetson, A. Burns, P. K. Weathersby, J. Parker, and D. M. Mole. 1992. AD B167455

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 1179 An evaluation of alternative maritime tactical display formats II: Working memory. K. Van Orden, M. Capone-Williams, G. A. Osga, and J. Lauben. 1992. AD B169050
- 1180 An evaluation of the usability of the MEPSS prototype decision support program for abdominal pain with two user populations. E. Chouinard. 1992. AD A259388
- 1181 Trial of a computer based program for the diagnosis of abdominal pain in males. D. Perrotta and D. Stetson. 1992. AD A260496
- 1182 Statistically based decompression tables -VII: Selection and treatment of primary air and N<sub>2</sub>O<sub>2</sub> data. P. K. Weathersby, S.S. Survanshi, R. Y. Nishi, and E. D. Thalmann. (ALSO NMRI 92-85) 1992. AD A259090
- 1183 Analysis of kidney stones in the submarine force. D. Perrotta, J. Hyashi, and D. Dlugos. 1992. AD A261335
- 1184 The effects of digital sampling rate and bit quantization on passive auditory sonar target detection performance. J. S. Russotti, T. P. Santoro, T. E. Hanna, and J. J. Wojtowicz. 1993. AD A264265
- 1185 Characterizing noise fields in shipboard spaces. R. J. Sylvester. 1993. AD A264464
- 1186 A history of computer-assisted medical diagnosis at Naval Submarine Medical Research Laboratory. P. L. Perrotta and E. M. Perkins. 1993. AD A264479
- 1187 Conspicuity of aids navigation: I. Temporal patterns for flashing lights. K. Laxar and S. L. Benoit. 1993. AD A264626
- 1188 Evaluation of communication during active sonar transmissions with a speech-recognition model. L. Marshall, T. E. Hanna, C. V. Pavdovic. 1993. AD A275008
- 1189 The relative effectiveness of four color coding techniques for intensity coding on simulated advanced mine detection system (AMDS) displays. K. Laxar, J. DiVita, S. E. Gallagher, S. L. Benoit. 1993. AD A275196
- 1190 Storage stability of lithium hydroxide used in the submarine force. P. L. Perrotta, A. Davis, and A. McCarrick. 1993. AD A274990
- 1191 Evaluation of field clinical laboratory equipment for fleet marine services. P. L. Perrotta, C. Bolecek-Skeggs, E. M. Christ, and D. W. Hobson. 1994.
- 1192 Color recommendations for prototype maritime tactical displays. K. Van Orden and S. L. Benoit. 1993. AD B184953
- 1193 Psychiatric screening for the submarine service: Enlisted personnel. C. Schlichting. 1993. AD B184953
- 1194 Symbolology optimization and display assessment (SODA) project: minimum size for color coded NTDS and NATO symbols. K. Laxar and K. Van Orden. 1994. AD B188151
- 1195 Improvements to aural sonar: headphones and active filters. J. L. Benedetto, J. T. Harvey, T. E. Hanna, and J. S. Russotti. 1995.
- 1196 He-N<sub>2</sub>-O<sub>2</sub>: Isobaric shift and saturation decompression. C. L. Shake, P. K. Weathersby, B. G. Caras, and J. W. Parker. 1995. AD A292639
- 1197 Sonar headphone selection for optimum performance. An overview. J. S. Russotti. 1995.
- 1198 The effect of digital signal reversal on auditory target detection performance. J. S. Russotti, T. P. Santoro, J. Benedetto, and M. Kosakowski. 1996. AD B221679

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- 1199 Non-auditory effects of water-borne sound: subjective responses during underwater hearing conservation studies. C. C. Steevens and P. F. Smith. 1996. AD A313941
- 1200 Effect of digital recording parameters on discrimination features of acoustic signals in noise. T. P. Santoro, J. S. Russotti, and T. E. Hanna. 1996. AD A313583
- 1201 Nutrition evaluation and diet modification aboard submarines. C. L. Shake and C. L. Schlichting. 1996. AD A313584
- 1202 Conspicuity of aids to navigation: II. Spatial configurations for flashing lights. S. Wagner and K. V. Laxar. 1996. AD A315176
- 1203 Development of a hearing conservation standard for diving operations: Experiment I - Comparison of temporary auditory threshold shifts induced by intense tones in air and water. P. F. Smith, R. Sylvester, F. Baran, and C. C. Steevens. 1996. AD A322670
- 1204 Development of a general hearing conservation standard for diving operations: Research on hearing-conservation for exposure to noise in dry hyperbaric environments. I. Basic considerations and preliminary experiments. P. F. Smith. 1997.
- 1205 Biomedical review of US Navy submarine escape system: 1996. S. J. Frank, M. D. Curley, and S. J. Ryder. 1997.
- 1206 Reliability of the SUBSCREEN psychological screening inventory. D. W. Theriaque and C. Schlichting. 1997.

## CHRONOLOGICAL LIST OF NSMRL REPORTS

### MEMO REPORTS

- M 52-1      Comments on test of eye savers night driving glasses with double value interchangeable lenses. 1952. AD 640165
- M 52-2      Report on testing of 167 pairs of sunglasses. 1952. Never Issued.
- M 52-3      Infrapake sunglass lens. 1952. AD 639631
- M 52-4      A photometric survey of the red lighting installation on the USS TRIGGER (SS-564). 1952.
- M 52-5      Second photometric survey of the red lighting installation on the USS TRIGGER (SS-564). 1952. AD 639633
- M 52-6      Requirements for general purpose sunglasses for over-the-counter sale. 1952. U-22041
- M 52-7      "Optilite" dark adaptation goggles. 1952. AD 639634
- M 52-8      An animal respirator for use in electrically shielded rooms. 1952. ATI- 157989
- M 52-9      Analysis of colors used in Dvorine Color Perception Testing Charts. 1952. AD 639635
- M 52-10     Effect of illumination level and flash brightness in blocking alpha wave rhythm with light. 1952. AD 663646-
- M 52-11     The assessment of submarine candidates: Studies in progress. 1952. U-25361
- M 52-12     Effect on auditory acuity of short exposure to engine noise. 1952. AD 24346
- M 52-13     Report of two photometric surveys of red lighting on the submarine SSK-1. 1952. AD 639636
- M 53-1      Photometric survey of red lighting installation of the submarine U.S.S. ENTEMEDOR (SS-340). 1953. AD 663651
- M 53-2      Report on pre-production samples of flying goggles - Type II. 1953
- M 53-3      Report on testing and evaluation of Bausch and Lomb Neutral N-1,5 sunglasses. Visual Engineering Section. 1953. AD 13041
- M 53-4      Report on 77 pairs of general purpose Sunglasses. Visual Engineering Section. 1953. AD 663654
- M 53-5      Report on 44 pairs of general purpose sunglasses. Visual Engineering Section. 1953. AD 41488
- M 53-6      Notes on group pure tone audiometric techniques. Sound Branch. 1953. AD 24345
- M 53-7      Report on pre-production sample of flying goggles - Type III. Visual Engineering Section. 1953. AD 41487
- M 53-8      Design recommendations. Submarine Medicine Section. 1953. AD 663652
- M 53-9      A photometric survey of the lighting installation of the squadron ready room No. 1, U. S. S. WASP (CVA-18). 1953. AD 663655
- M 53-10     List of red filters for dark adaptation. Visual Engineering Section. 1953. AD 663656
- M 53-11     Memorandum on noise measurement. Sound Branch. 1953. AD 24347

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- M 53-12 A photometric survey of the red lighting installation on the submarine USS CAVALLA (SS-244), converted to K-2. Visual Engineering Section. 1953. AD 663657
- M 53-13 Report on calibration of Hecht-Shlaer Visual Adaptometer Filters. Visual Engineering Section. 1953. AD 663658
- M 53-14 Photometric survey of the lighting illumination installation of squadron ready room No. 2 on U. S. S. WASP (C"- 18). Visual Engineering Section. 1953. AD 663617
- M 53-15 Report on pre-production samples of flying goggles-type II (A.O. Co.). Visual Engineering Section. 1953. AD 41406
- M 53-16 Analysis of ambient noise. Sound Branch. 1953. AD 825163-
- M 54-1 A photometric survey of the red lighting installation of the USS T- 1, (SST-1). Human Engineering Section. 1954. AD 45374
- M 54-2 Effects of pressure on various units of USN USL Voice Communication System for underwater demolition teams. Sound Branch. 1954. AD 663659
- M 54-3 Report on general purpose sunglasses submitted by ship's store office (31 Pairs). Human Engineering Branch. 1954. AD 45373
- M 54-4 Revisions of the Navy Sonar Pitch-Memory Test. J. D. Harris. 1954. AD 44165
- M 54-3 Negative film on pressure-sensitive lacquer for projection teletypes. Human Engineering Branch. 1954. AD 40556
- M 54-6 Report on American Optical Company goggles number 88. Human Engineering Branch. 1954. AD 40560
- M 54-7 Evaluation of the attenuation characteristics of one type of ear-muff-helmet combination. Sound Branch. 1954. AD 45868
- M 54-8 Report on pre-production samples of flying goggles, type II (American Optical Company). Human Engineering Branch. 1954. AD 49301
- M 54-9 Engineroom noise levels on several presently operating fleet submarines. Sound Branch. 1954. AD 49320
- M 54-10 A report on pre-production samples of dark adaptation glasses (Pioneer Scientific Corporation). Human Engineering Branch. 1954. AD 55490
- M 54-11 A photometric survey of certain submarine radio rooms. Human Engineering Branch. 1954. AD 44136
- M 54-12 Report of tests concerning dry imitation vinegar. Physiology Branch. 1954. AD 663616
- M 55-1 Photometric survey of the red lighting installation on the submarine U.S.S. NAUTILUS (SSN-571). Human Engineering Branch. 1955. AD 69810
- M 55-2 Evaluation of waterless handcleaner SBS-30 submitted by Sugar Beet Products Corporation. Submarine Medicine Branch. 1955. AD 69300
- M 55-3 Field evaluation of submarine rescue and escape suits. Submarine Medicine Branch. 1955. AD 75556
- M 55-4 Development of carbon dioxide in the "pocket-aire" oxygen rebreather apparatus Model No. 1510. Submarine Medicine Branch. 1955. AD 76468

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- M 55-5 Report on pre-production samples of flying goggles type II (Rochester Opt. Mfg. Co.). Human Engineering Branch. 1955. AD 80248
- M 55-6 Report on pre-production samples of flying goggles type II (Am. Optical Co.). Human Engineering Branch. 1955. AD 83495
- M 55-7 Report on effect of increased atmospheric pressure upon intelligibility of spoken words. Sound Branch. 1955. AD 98590
- M 55-8 Report of effect of increased atmospheric pressure upon hearing. Sound Branch. 1955. AD 85597
- M 56-1 Exposure test of fluorescent paints to sun and salt water. Human Engineering Branch. 1956. AD 94563
- M 56-2 Evaluation of three waterless handcleaners. Submarine Medicine Branch. 1956. AD 663618
- M 56-3 Field evaluation of modified submarine rescue and escape suits. Submarine Medicine Branch. 1956. AD 663886.
- M 56-4 Survey of sound pressure level of USS NAUTILUS. Sound Branch. 1956. AD 663619
- M 56-5 Photometric survey of lighting installation on the submersible craft X-I (SSX-1). Human Engineering Branch. 1956. AD 108812
- M 56-6 Photometric survey of the red lighting installation on the USS SEAWOLF. Human Engineering Branch. 1956. AD 119107
- M 56-7 Photometric survey of the red lighting installation on the USS DARTER (SS-576). Human Engineering Branch. 1956. AD 134632
- M 57-1 A limited operational evaluation of dehydrated frozen peas and dehydrated frozen carrots. Submarine Medicine Branch. 1957. AD 663623
- M 57-2 The habitability program for submarines, airships, and certain other long duration military task units: Principles of analysis. Human Engineering Branch. 1957. AD 663625
- M 57-3 Color standards for "scarlet." Human Engineering Branch. 1957. AD 663626
- M 57-4 A search toward the primary auditory abilities. Auditory Research Branch. 1957. AD 146293
- M 57-5 The most efficient use of ears in submarine sonar. Auditory Research Branch. 1957. AD 825162
- M 57-6 Some trends in submarine selection data for 1956-57. Personnel Assessment Research Branch. 1957. AD 655648
- M 57-7 The calculation of relative energy in metameric matches. Vision Branch. 1957. AD 663630
- M 57-8 Relationship between the audiogram, contact detection and sonar operator performance. Auditory Research Branch. 1957. AD 813914
- M 57-9 Effect of skin diving on respiratory response to CO<sub>2</sub>. Physiology Branch. 1957. AD 663631
- M 57-10 Vision acuity: The professional vs non-professional examiner. Vision Branch. 1957. AD 663633
- M 58-1 Evaluation of service use of a prototype swimmer's rescue suit. Submarine Medicine Branch. 1958.

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- M 58-2      Limited field evaluation of the Milliport Field Monitor Kit aboard submarines. Submarine Medicine Branch. 1958. AD 663635
- M 58-3      A group automatic audiometer in a hearing conservation program. Auditory Research Branch. 1958. AD 663636
- M 58-4      Auditory damage of operating personnel aboard guided missile ships from short-duration high intensity noise. Auditory Research Branch. 1958. AD 663639
- M 58-5      A proposed specification for audiometer. Auditory Research Branch. 1958. AD 663637
- M 58-6      Energy integration in the ear. Auditory Research Branch. 1958. AD 663641
- M 58-7      Evaluation of omnitrainer (visual training device). Vision Branch. 1958. AD 663644-
- M 58-8      Report on a direct-current high-pressure xenon arc. Vision Branch. 1958. AD 663645
- M 58-9      Some trends in the submariner selection data for 1957-1958. Personnel Assessment Branch. 1958. AD 663638
- M 58-10     Noise levels in working area during run-ups of REGULUS 11. Auditory Research Branch. 1958.
- M 58-11     Effects of carbon dioxide as related to submarine and diving physiology. Physiology Branch. 1958. AD 664661
- M 58-12     Photometric survey of the red lighting installation on the USS SWORDFISH (SSN-579). Human Factors Engineering Branch. 1958. AD 664645
- M 58-13     Photometric survey of the red lighting installation of the USS GROWLER (SSG-577). Human Factors Engineering Branch. 1958. AD 664656-
- M 59-1      Bibliography of sensory deprivation, isolation and confinement. Personnel Assessment Branch. 1959. AD 489232
- M 59-2      Escapes from jet airplane cockpits. G. F. Bond. 1959. AD 639169
- M 59-3      Survey of the lighting installation in the USS TUSK (SS-426). Vision Branch. 1959. AD 639171
- M 60-1      Bibliography of sensory deprivation, isolation, and confinement. B. B. Weybrew. 1960.
- M 60-2      Recommendations of minimal red light levels on submarines. F. L. Dimmick. 1960.
- M 60-3      Multiple checkerboard acuity tester. I. Schwartz and S. M. Luria. 1960.
- M 60-4      (U) Effect on human ears of waterborne energy radiation from SQS-23 sonar signals (5kc to 137 SPL). (Classified). J. D. Harris. 1960.
- M 60-5      Underwater visual communication. F. L. Dimmick and J. A. S. Kinney. 1960. AD 639177
- M 60-6      Red lighting survey aboard the U.S. S. RANDOLPH (CVS-15). F. L. Dimmick, I. Schwartz, and S. M. Luria. 1960. AD 639174
- M 60-7      Evaluation of Dunbar-Knight Hearing Guard. C. K. Myers. 1960. AD 639180
- M 60-8      Evaluation of experimental model of submarine deck exposure suit. W. F. Mazzone, CDR, MSC, USN. 1960.

# CHRONOLOGICAL LIST OF NSMRL REPORTS

## AD 639173

- M 60-9      Current trends of attrition in the enlisted basic submarine school. E. H. Ninow, LCDR, MC, USNR and J. J. Collins, LT, MC, USNR. 1960. AD 279623
- M 61-1      Informal notes on underwater listening to 250-millesecond pulses at 3.5 Kc. J. D. Harris. 1961. AD 279592
- M 61-2      Proposed military standard for glass and plastic plano lenses and visors, optical transmittance specs. for. H. M. Paulson. 1961. AD 279625
- M 61-3      Report of Operation Deepfreeze - 1960, Dental Officer. J. S. Lindsay, LT, DC, USN. 1961. AD 279626
- M 61-4      Lighting survey of U.S.S. BECUNA (SS-319). F. L. Dimmick, M. Siegel and M. M. Connors. 1961. AD 279624
- M 61-5      Noise survey and recommendations for U.S.S. SAILFISH (SS-572). J. D. Harris and C. E. Greene. 1961. AD 279627
- M 61-6      Cold weather facial protective device for Antarctic personnel. A. G. Nielsen, CAPT, DC, USN and M. J. Perlitsh, LT, DC, USN. 1961. AD 639170
- M 61-7      Airborne sound pressure levels aboard U.S.S. THEODORE ROOSEVELT (SSBN-600). 1961. AD 279488
- M 61-8      Development and evaluation of a swimmer's rescue suit. W. F. Mazzone, CDR, MSC, USN. 1961. AD 279419
- M 61-9      Temporary threshold shift following 60 hours of 3.5 Kc pulses at 90100 SPL. J. D. Harris. 1961. AD 266974
- M 61-10     Supra-aural cushions in audiometry. R. L. Sergeant and J. D. Harris. 1961. AD 639373
- M 61-11     Salient points in a broad hearing conservation program. J. D. Harris. 1961. AD 279152
- M 61-12     Effect of prolonged exposure of animals to high ambient pressures of air and synthetic gas mixtures: An abstract. R. D. Workman, G. F. Bond and W. F. Mazzone. 1961. AD 273570
- M 62-1      Steps toward an international audiometric zero. J. D. Harris. 1962. AD 279675
- M 62-2      Dental examination reliability. A. G. Nielsen, F. P. Scola and C. A. Ostrom. 1962. AD 290168
- M 62-3      Improved method for intra-oral polishing procedures. F. P. Scola and A. G. Nielsen. 1962. AD 290169
- M 62-4      Intradermal injection of 2-6 dichlorobenzenoneindophenol for the tissue level determination of ascorbic acid. S. Lindsay and A. G. Nielsen. 1962. AD 639239
- M 62-5      Some general comments concerning personnel selection for hazardous duty—after six years of research in submarine selection. B. B. Weybrew. 1962. AD 664657
- M 62-6      Procedures for adequate electroacoustical calibration of audiometers. J. D. Harris. 1962. AD 639243
- M 63-1      Lighting survey of U.S.S. TRINGA (ASR-16). J. A. S. Kinney and S. M. Luria. 1963. AD 639244
- M 63-2      Lighting survey of U.S.S. IREX (SS-482). S. M. Luria. 1963. AD 639245-
- M 63-3      Clinical evaluation of stannous fluoride, progress report. F. P. Scola, A. G. Nielsen and C. A. Ostrom. 1963. AD 826393

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- M 63-4      Inert gas components for space capsule atmospheres. G. F. Bond. 1963. AD 639204
- M 63-5      Lighting survey of U.S.S. ANGLER (SS-240). J. A. S. Kinney and M. M. Connors. 1963. AD 639178
- M 63-6      Field testing of facial protective device in Antarctica. A. G. Nielsen and T. N. Allensworth. 1963. AD 639179
- NM 63-7      Lighting survey of U.S.S. SABLEFISH (SS-303). M. M. Connors and J. A. S. Kinney. 1963. AD 640160
- M 63-8      Speech intelligibility in prolonged exposure to HeO<sub>2</sub>. R. L. Sergeant. 1963. AD 620545
- M 63-9      Lighting survey of U.S.S. SEA ROBIN (SS-407). M. M. Connors and K. Laxar. 1963. AD 640263
- M 63-10      Hyperbaric oxygenation bibliography current to 1963. 1963. AD 640167
- M 63-11      Lighting survey of U.S.S. SUNBIRD (ASR-15). M. M. Connors. 1963. AD 640469
- M 63-12      Lighting survey of U.S.S. HARDHEAD (SS-365). M. M. Connors. 1963. AD 640236
- M 63-13      Autonomic resiliency, subjective symptomatology, and submarine stress. B. B. Weybrew. 1963. AD 465219
- M 63-14      Oral health problems of submarine personnel and suggested program for their management. A. G. Nielsen. 1963. AD 640166
- M 64-1      Critical visual areas of explosive-actuated lens filter (ELF) system for prevention of flashblindness. K. V. Laxar. 1964. AD 442740
- M 64-2      Visual requirements failure by candidates reporting for basic submarine training. P. R. Kent. 1964. AD 640164
- M 64-3      (U) Temporary threshold shifts following underwater exposure to one second pulses at 3.5 kc. (Classified). P. F. Smith. 1964.
- M 64-4      Lighting survey of U.S.S. SEA OWL (SS-405). M. M. Connors and S. Weissman. 1964. AD 640168
- M 64-5      Copying degraded radio messages. P. F. Smith. 1964. AD 640030
- M 65-1      Selection of men for hazardous duty from indices of individual differences in autonomic nervous system reactivity. B. B. Weybrew. 1965. AD 624783
- M 65-2      Bekesy audiometer at 20 frequencies from 0.2 to 6 kc/sec. J. D. Harris. 1965. AD 624782
- M65-3      Visual requirement failure by candidates reporting for basic submarine training during 1964. P. R. Kent. 1965.
- M65-4      Report of DEEP FREEZE FOUR Dental Officer. J. J. Brown, CDR, DC, USN. 1965.
- M65-5      Report of DEEP FREEZE SIX Dental Officer. T. N. Allensworth, LCDR, DC, USN. 1965. AD 624780
- M65-6      Current problems in enlisted submarine physical examinations. J. C. Rivera, LCDR, MC, USN. 1965. AD 624779
- M65-7      Operational evaluation of various methods of visual dark adaptation aboard submarines. L. Van Genderen, LT, MC, USN. 1965. AD 474970
- M65-8      Noise survey of engine rooms of U.S.S. TRINGA. J. D. Harris and N. S. Naumoff, LCDR, MC, USN. 1965.

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- M65-9      Auditory fatigue underwater at 1900 cycles per second. P. F. Smith. 1965. AD 624753
- M65-10     Examination of noise levels from submarine prairie/masker installations. R. L. Sergeant. 1965. AD 470649
- M65-11     Underwater visibility of fluorescent and non-fluorescent paints. J. A. S. Kinney et al. 1965. AD 474972
- M65-12     Bone conduction, air conduction, and underwater hearing. P. F. Smith. 1965. AD 475575
- M65-13     Effects of the Cuban crisis upon attitudes related to war and peace. E. N. Epstein. 1965. AD 624793
- M65-14     Lighting survey of U.S.S. DOGFISH (SS-350). S. M. Luria and D. Weitzman. 1965. AD 625259
- M65-15     Evaluation of experimental polyurethane plastic submarine escape suits. W. F. Mazzone, CAPT, MC, USN. 1965. AD 477342
- M 66-1      (U) Effects of sonar transmissions on underwater divers: An attempt to establish auditory damage risk criteria for exposure to AN/SQS-26. P. F. Smith and P. G. Linaweaver, Jr. 1966. (Classified) AD 372234
- M 66-2      Observations on the use of supra-aura muffs in audiometry. C. K. Myers. 1966 AD 481466
- M 66-3      Bibliography of biological and/or biomedical effects of LASER radiation. G. A. Smithwick, LTJG, MSC, USNR and P. R. Kent, CDR, MSC, USN. 1966. AD 481463
- M 66-4      Studies of circadian cycles in human subjects during prolonged isolation in a constant environment using eight channel telemetry systems. B. R. Clegg and K. E. Schaefer. 1966. AD 632896
- M 66-5      Cockroach control on submarines: Field evaluation of Kepone Bait. D. J. Maraist. 1966. AD 481458
- M 66-6      Sound survey aboard YFNB-34. P. F. Smith. 1966. AD 481460
- M 66-7      (U) Human factors evaluation of the MK-66 control console (U). G. Moeller and B. L. Ryack. 1966. (Classified) AD 372235
- M 66-8      Examination of airborne noise levels from prairie/masker installation on U.S.S. COBBLE.K (SS-344). P. B. Hurley. 1966. AD 48145 9
- M 66-9      SEALAB 1: A personal documentary account. R. E. Thompson, LCDR, MC, USN. 1966. AD 635656
- M 66-10     Oral health of operating conventional submarine crews; A cross- sectional survey. W. R. Shiller, LCDR, DC, USN. 1966. AD 481380
- M 66-11     Residual nitrogen in medical officers participating in submarine escape training. L. Terry, LT, MC, USNR. 1966. AD 635595
- M 66-12     Exploratory study of a peer nomination technique with officer trainees in Basic Submarine School. R. Hester and J. Auwood. 1966. AD 486103
- M 66-13     Visual requirement failure by candidates reporting for basic submarine training during 1965. P. R. Kent, CDR, MSC, USN. 1966. AD 638610
- M 66-14     Management of toothaches by a medical officer aboard an FBM submarine. D. J. Jarzynski, LT, MC, USN. 1966. AD 638608
- M 66-15     A study of the attrition data for Basic Enlisted Submarine School in 1965. T. R. Collins, LT, MC, USN and J. C. Rivera, LCDR, MC, USN. 1966. AD 638609

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- M 66-16      Frequency shifts of a whistle blown in different gases. R. L. Sergeant. 1966. [AD 640378](#)
- M 66-17      Underwater hearing threshold measuring set. P. F. Smith. 1966. [AD 803335](#)
- M 66-18      Ten point weighting with IBM-805 test scoring machine. J. W. Parker and J. A. Auwood. 1966.
- M 66-19      Gingival health and oral hygiene aboard an FBM submarine on patrol. W. E. Powers, Jr., LT, MC, USNR and W. R. Shiller, CDR, DC, USN. 1966. [AD 647159](#)
- M 66-20      Study of progress of enamel caries in teeth of Naval personnel. W. R. Shiller, CDR, DC, USN and F. P. Scola, CAPT, DC, USN. 1966. [AD 646795](#)
- M 67-1      An evaluation for use in audiometry of the noise attenuation of three types of circumaural earmuffs. C. K. Myers. 1967. [AD 650097](#)
- M 67-2      Simple method for manipulation and repeated sampling from dialysis bags. D. V. Tappan. 1967. [AD 650711](#)
- M 67-3      Effect of width of movement of a masking stimulus at constant target separation. S. M. Luria. 1967. [AD 651674](#)
- M 67-4      Incidence of dental problems and their management on FBM submarine patrols. W. R. Shiller, CDR, DC, USN. 1967. [AD 651710](#)
- M 67-5      Visual requirement failure by candidates reporting for basic submarine training during 1966. L. J. Zgiobicki, LTJG, MSC, USNR and P. R. Kent, CDR, MSC, USN. 1967. [AD 819565](#)
- M 67-6      Oral health of operating fleet ballistic missile submarine crews: A cross-sectional survey. W. R. Shiller, CDR, DC, USN. 1967. [AD 657546](#)
- M 67-7      Suggestions for specifying acoustic couplers for calibrating insert earphones. J. D. Harris. 1967. [AD 663698](#)
- M 68-1      Improving the intelligibility of helium=speech produced in 13.13 times normal atmospheric pressures. R. L. Sergeant. 1968. [AD 666297](#)
- M 68-2      Proposed auditory damage risk criteria for the Navy. J. D. Harris. 1968. [AD 668703](#)
- M 68-3      Self-preparation stannous fluoride prophylactic technique in preventive dentistry: Report after one year. F. P. Scola, CAPT, DC, USN. 1968. [AD 668708](#)
- M 68-4      Laser-induced pathology of the rabbit retina: Comparison at three radiation wavelengths. P. R. Kent, CDR, MSC, USN, G. A. Smithwick, LTJG, MSC, USN, J. A. E. Spencer, LT, MC, USN, and L. J. Zglobicki, LTJG, MSC, USN. 1968. [AD 669117](#)
- M 68-5      Fluorescent antibody technique in the rapid identification of viral agents in submarines. J. A. Lee, LT, MC, USN. 1968. [AD 669000](#)
- M 68-6      Carbonic anhydrase analyses on the blood of subjects exposed to a helium-oxygen environment at seven atmospheres pressure. D. V. Tappan and M. J. Jacey. 1968.
- M 68-7      Carbonic anhydrase activity of erythrocyte ghosts. D. V. Tappan. 1968. [AD 671383](#)
- M 68-8      Conservative management of mandibular incisors with a large area of bone involvement: Report of a case. J. L. Giunta and B. W. Wisner. 1968. [AD 682473](#)
- M 68-9      Subject acceptance of stannous fluoride treatment. W. R. Shiller and F. P. Scola. 1968. [AD 673679](#)

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- M 68-10     Portable clinical suction device for use in hyperbaric chambers. J. J. Nobel. 1968. AD 674393
- M 68-11     Limitations on the use of circumaural earphones. R. W. Benson, K. K. Charan, J. W. Day, J. D. Harris, A. F. Niemoeller, W. Rudmose, E. A. G. Shaw, and P. Weissier. 1968. AD 672309
- M 68-12     Operational abstracts of research reports completed during the period 1 Jan to 1 Jul 1968. C. F. Gell. 1968. AD 842003
- M 68-13     Progress review for fourth quarter Apr through Jun 1968. J. W. Kohl. 1968. AD 841722
- M 68-14     Consideration of some Hi-Fi earphones for submarine sonar. A. M. Richards. 1968. AD 682474
- M 68-15     A systems analytical approach to assessment of human reliability. B. B. Weybrew and J. L. Kinsey. 1968. AD 848111
- M 68-16     Progress review for first quarter Jul through Sep 1968. J. W. Kohl. 1968. AD 847821
- M 68-17     Annual report of progress summaries, Research and Technology Resume DD-Form 1498 as of 15 Dec 1968. J. W. Kohl. 1968.
- M 69-1     Visual requirement failure by candidates reporting for basic submarine training during 1967. L. J. Zgiobicki. 1969. AD 852915
- M 69-2     Operational abstracts of research reports completed during the period 1 Jul 68 to 1 Jan 69. C. F. Gell. 1969. AD 861299 L
- M 69-3     Progress review for third quarter, FY '69, Submarine Medical Research Laboratory, Jan through Mar 1969. J. W. Kohl. 1969. AD 862154
- M 69-4     Magnetometer respirometer for laboratory and diving studies. W. H. Miller, T. L. Parrot, J. H. Dougherty, Jr., and K. E. Schaefer. 1969. AD 697649
- M 69-5     Progress review for fourth quarter, FY '69, Submarine Medical Research Laboratory, Apr through Jun 1969. J. W. Kohl. 1969. AD 861350 L
- M 69-6     Operational abstracts of research reports completed during the period 1 Jan 69 through 1 Jul 69. C. F. Gell. 1969. AD 861276 L
- M 69-7     A determination for the Navy of zero hearing level for speech. J. F. Willott. 1969. AD 697932
- M 69-8     Progress review for first quarter, FY '70, Submarine Medical Research Laboratory, Jul through Sep 1969. J. W. Kohl. 1969. AD 862326 L
- M 69-9     Progress review for second quarter FY '70 Submarine Medical Research Laboratory, Oct through Dec 1969. J. W. Kohl. 1969.
- M 69-10     Annual report of progress summaries, research and technology resume-DD Form 1498 as of 31 Dec 69. J. W. Kohl. 1969f. AD 869140 L
- M 70-1     Operational abstracts of research reports published during the period 1 Jul to 1 Jan 1970. C. F. Gell. 1970. AD 869145 L
- M 70-2     Tentative audiometric hearing threshold level standards from 8 through 18 kHz. J. D. Harris and C. K. Myers. 1970. AD 706324

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- M 70-3      Progress review for third quarter, FY 70, Submarine Medical Research Laboratory Jan through Mar 70.  
J. W. Kohyl. 1970. AD 872401 L
- M 70-4      Progress review for fourth quarter, FY '70, Submarine Medical Research Laboratory, Apr through Jun 1970.  
J. W. Kohl. 1970.
- M 70-5      Operational abstracts of research reports published during the period 1 Jan through 30 Jun 1970. C. F. Gell.  
1970. AD 904687 L
- M 70-6      A history and rationale of visual acuity standards for submariners. J. A. S. Kinney. 1970. AD 722657
- M 70-7      An investigation of the effects of a helium-oxygen breathing mixture on hearing in Naval personnel.  
D. Waterman and P. F. Smith. 1970. AD 722658
- M 70-8      Progress review for first quarter, FY '71, Naval Submarine Medical Research Laboratory, Jul through Sep 1970.  
1970. AD 882667
- M 70-9      Operational abstracts of research reports published during the period Jul through Dec 1970. C. F. Gell. 1970.  
AD 904688 L
- M 71-1      Evaluation of ophthalmic lenses for Department of Defense personnel. H. M. Paulson. 1971. AD 737207
- M 71-2      Progress review for third quarter, FY '71, NSMRL, Jan - Mar 1971. 1971.
- M 71-3      (U) Audiometric survey on USS TIGRONE (AGSS-419) underway during seven days of active sonar  
operations. J. D. Harris and P. G. LaCroix. 1971. (Classified - Appendix A and D). AD 901915L
- M 71-4      Reduction of audiogram shifts in sonar watchstanders when exposed to surface-ship echo ranging. J. D. Harris  
and P. G. LaCroix. 1971. AD 891860
- M 71-5      (U) Field evaluation of the effects on hearing and general habitability of own-ship echo-ranging during a  
submarine patrol. J. D. Harris and R. E. Croteau. 1971. (Classified - Appendix A) AD 904668L
- M 71-6      Operational abstracts of research reports completed during the period 1 Jan through 1 Jul 1971. C. F. Gell.  
1971. AD 904669L
- M 71-7      Progress review for fourth quarter, FY '71, NSMRL, Apr through Jun 1971. 1971.
- M 71-8      Progress review for first quarter, FY '72, NSMRL, Jul through Oct 1971. 1971.
- M 71-9      Operational abstracts of research reports completed during the period 1 Jul through 31 Dec 1971. C. F. Gell.  
1971.
- M 72-1      Quarterly report of progress for second quarter, FY 72, Oct-Dec 1971, NSMRL. 1972. (never published)
- M 72-2      Annual report of progress summaries, DD 1498, as of 31 Dec 1971, dated Jan 72.
- M 72-3      Progress review for third quarter, FY 72, Jan-Mar 1972, NSMRL. 1972.
- M 72-4      Progress review for fourth quarter, FY 72, Apr-Jun, 1972, NSMRL. 1972.
- M 72-5      Operational abstracts of research reports published during the period 1 Jan to 1 Jul 1972. C. F. Gell. 1972.
- M 72-6      Progress review for first quarter, FY 73, Jul-Sep, 1972, NSMRL. 1972.

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- M 72-7      Operational abstracts of research reports published during the period 1 Jul to 31 Dec 1972. C. F. Gell. 1972.
- M 73-1      Progress review for second quarter, FY 73, Oct through Dec 1972. NSMRL. 1973.
- M 73-2      Annual report of progress summaries, DD 1498 as of 19 Jan 73.
- M 73-3      This number not assigned to an NSMRL report.
- M 73-4      Progress review for first quarter, FY 74, Jul through Sep 73. NSMRL. 1973.
- M 73-5      Operational abstracts of research reports published during the period 1 Jan through 31 Dec 1973. C. F. Gell. 1973. AD 006802
- M 74-1      Quarterly report of progress, NSMRL, Second quarter, FY 74 (Oct - Dec 1973). 1974. AD A006736
- M 74-2      Semi-annual review of progress for period Jan - Jun 1974, NSMRL. 1974. AD B006803
- M 75-1      Operational abstracts of research reports published during the period Jan through Dec 1974, NSMRL. C. F. Gell. 1975. AD B006804
- M 75-2      Semi-annual review of progress, NSMRL, 1 Jul through 31 Dec 1974. 1975. AD B006805
- M 75-3      Annual report of progress summaries, DD 1498s, as of 31 Dec 74. 1975.
- M 75-4      Application of an automatic level regulator to taped contacts in sonar detection research. B. F. Cole. 1975. AD A020043
- M 75-5      Semi-annual review of progress, NSMRL, 1 Jan through 30 Jun 1975. 1975.
- M 76-1      Semi-annual report of progress at NSMRL, July through December 1975. Publication Office. 1976.
- M 78-1      Operational abstracts of research reports published from 1975 through 1977. Publication Office. 1978. ADB033050L
- M 78-2      Annual progress review, Naval Submarine Medical Research Laboratory, June 1978. 1978.
- M 79-1      Operational abstracts of research reports published during 1978. Publication Office. 1978. ADB033823L
- M 79-2      Annual report of progress, Naval Submarine Medical Research Laboratory, review held Aug 1979. NSMRL Staff. 1979.
- M 80-1      On the effects of exposure to intense underwater sound on Navy divers? A report of a conference on the bio-effects of sound. P. F. Smith and W. L. Hunter, Jr. 1980. ADB046161
- M 80-2      Evaluation of a new spectacle frame for use aboard submarines. R. J. Kish, J. Dougherty, J. Davis, and K. R. Bondi. 1980. AD A090164
- M80-3      Operational abstracts of research reports published during 1979. Publication Office. 1980. AD B0 48976L
- M80-4      Computer assisted diagnosis of acute abdominal pain. J. V. Henderson and C. Black. 1980. AD A0 90164
- M80-5      Annual report of progress summaries, Research and Technology Resumes, DD1498, as of 31 Dec 79. 1980. AD B064229L
- M81-1      Operational abstracts of research reports published in 1980. 1981. AD B061752L

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- M81-2      Menu item preferences of the Marine Corps arctic ration (prototype): A controlled study. M. J. Jacey, E. Heyder, and D. V. Tappan. 1981. AD B062916L
- M81-3      Annual report of progress summaries, DD 1498s, as of 31 Dec 1980. 1981. AD B064227
- M82-1      Operational abstracts of research reports published in 1981. 1982. AD B064088L
- M82-2      The NSMRL Sound Suite. J. S. Finger.
- M82-3      Annual report of progress summaries, DD 1498s, as of 31 Dec 1981. 1982. AD B064228L
- M82-4      Measurement of the pulmonary blood flow (cardiac output) by the CO2 rebreathing method of Aarhi. D. R. Knight and K. R. Bondi. 1982
- M82-5      Sequential blood samples through an indwelling intravenous cannula. D. R. Knight and P. Walsky. 1982. AD B066528L
- M82-6      Hand volume determination by displacement of water. D. R. Knight. M. L. Shea, and K. R. Bondi. 1982.
- M82-7      Key technical considerations and procedural responsibilities of the W170 technician. R. K. Youkin and K. R. Bondi. 1982. AD B067453L
- M82-8      Sequential measurements of hematocrit, concentration of total plasma proteins, and concentration of hemoglobin in the blood. D. R. Knight and P. S. Walsky. 1982. AD B070785
- M83-1      Operational abstracts of research reports published in 1982 at NSMRL. 1983. AD B070550L
- M83-2      Annual report of progress summaries, DD 1498s, as of 31 Dec 1982. 1983. AD B076274L
- M83-3      Anthropometric indices among US Navy divers. M. L. Dembert and L. W. Mooney, with J. F. Jekel. 1983. AD A129622
- M83-4      Computerization of material safety data sheet information. M. L. Shea, C. J. Eident, T. P. Santoro, E. L. Megos, and D. Boessmann. 1983. AD A131992
- M84-1      Annual report of progress summaries, DD 1498s, as of 31 Dec 1983. 1984. AD B083000L
- M84-2      Operational abstracts of research reports published during 1983. 1984. AD B080875L
- M84-3      Not published.
- M84-4      Body burden of organic vapors: Trial measurements aboard a moored submarine. D. R. Knight, et al. 1984. ADA149698
- M84-5      Position paper: Feasibility of lowering oxygen concentrations aboard submarines in order to improve fire safety. D. R. Knight. 1985. ADA157397
- M 85-1      Operational abstracts of research reports published during 1984 at NSMRL. 1985. ADB095-267L
- M 85-2      Annual report of progress summaries. 1985. ADB095-238L
- M 86-1      The present consensus on human cholesterol levels and the need to evaluate the dietary effects on serum lipoproteins during submarine deployment. B. Bennett. 1986.

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- M 86-2      A review of the Naval Submarine Medical Research Laboratory's proposal to study the effects of lowered oxygen concentrations on submarine crews. D. Knight, and A. Callahan, editors. 1986.
- M 86-3      Low level white lighting: further evaluation at sea. Miller, M. & Luria, S. 1986.
- M 86-4      Unpublished.
- M 86-5      Effects of atmospheric contaminants under hyperbaric conditions with particular reference to vision. Luria, S.
- M 87-1      Review of a proposal to study the effects of 130 torr oxygen on submarines. Knight, D. R. & Callahan. 1987.
- M 87-2      A research plan for designing the nuclear submarine atmosphere to retard fires. Knight, D. R. 1987.
- M 87-3      Superoxide dismutase assay. Fisher, H., Messier, A., Heyder, E., & Callahan, A. B. 1987.
- M 87-4      LAPTOP Computer Review. Southerland, D., Moeller, G., Hamilton, D, and Perkins, E. 1987.
- M 87-5      Brightness contrast and character height of five flat-panel computer displays. Laxar, K. V., Neri, D. F., & Luria, S. M. 1987.
- M 88-1      Evaluation of the display format of Clarke's Trauma Program for wounds to the abdomen. Fisherkeller, K.
- M 88-2      Power plant fuel consumption: A linear and rule based predictive system. Bryant, K. f1988.
- M 89-1      Documentation for the computer based diagnostic program for dental injuries. Fisherkeller, K., Burgess-Rusotti, C., & Hamilton, D. 1989.
- M 89-2      A portable ECG recorder the shipboard use. Ryack, B. 1989.
- M 90-1      Withdrawn by Chief Scientist.

## CHRONOLOGICAL LIST OF NSMRL REPORTS

### SPECIAL REPORTS

- SP-65-1 Safety in laser operations. P. R. Kent, CDR, MSC, USN and G. A. Smithwick, ENS, MSC, USN. 1965. AD 826395
- SP-65-2 Frequency-response characteristics of an intercom system proposed by USN Underwater Sound Laboratory for use in maintenance and testing of an AN/BQS-6 sonar system. Auditory Research Division. 1965. AD 470651
- SP-65-3 Operational abstracts of completed research for the period 1 January to 1 July 1965. C. L. Waite, CAPT, MC, USN. 1965. AD 826398
- SP-65-4 Frequency-response characteristics of a militarized intercom system proposed by the USN Underwater Sound Laboratory for use in maintenance and testing of the AN/BQS-6 sonar system. Auditory Research Division. 1965. AD 470925
- SP-65-5 Frequency-response characteristics of an improved transistorized militarized intercom system proposed by the USN Underwater Sound Laboratory for use in maintenance and testing of the AN-BQS-6 sonar system. Auditory Research Division. 1965. AD 624755
- SP-65-6 Sonar operator alertness research apparatus: Description and use. Auditory Research Division. 1965. AD 477357
- SP 66-1 Operational abstracts of completed research for the period 1 July 1965 to 1 January 1966. P. G. Linaweaver, Jr., CDR, MC, USN. 1966. AD 82 63 97
- SP 66-2 Vertigo among divers, L. Terry, LT, MC, USNR and L. Dennison, LT, MC, USN. 1966. AD 635518
- SP 66-3 Operational abstracts of completed research for the period 1 January 1966 to 1 July 1966. J. L. Kinsey, CAPT, MC, USN. 1966.
- SP 66-4 Fourth quarter progress review for SMRL, J. W. Kohl, Editor. 1966.
- SP 66-5 First quarter progress review for SMRL, J. W. Kohl, Editor. 1966.
- SP 67-1 (U) Advanced diving system trials. P. G. Linaweaver, Jr., CDR, MC, USN. 1967. (Classified). AD 381218
- SP 67-2 Annual report of progress summaries (DD Form-1498) as of 31 Dec 1966. 1967.
- SP 67-3 Semi-annual report: Operational abstracts of research reports published during the period 1 Jul 1966 to 1 Jan 1967. J. L. Kinsey, CAPT, MC, USN. 1967. AD 826394
- SP 67-4 Summaries of research reported on during 1966. J. W. Kohl. 1967. AD 650911
- SP 67-5 Underwater test facilities for sensory research: Report of an exploratory conference. P. F. Smith. 1967. AD 651383
- SP 67-6 Progress review for SMRL for third quarter FY 66-67. J. W. Kohl. 1967.
- SP 67-7 History of training in submarine medicine. J. C. Rivera, LCDR, MC, USN. 1967. AD 651676
- SP 67-8 Semi-annual report: Operational abstracts of research reports published during the period 1 Jan 67 to 1 Jul 67. J. L. Kinsey, CAPT, MC, USN. 1967. AD 818020

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- SP 67-9      Progress review for fourth quarter FY 66-67. J. W. Kohl. 1967.
- SP 67-10     Toxic marine life. P. G. Linaweaver, Jr., CDR, MC, USN. 1967. AD 661144
- SP 67-11     Acute radiation injury: A review of the pathogenesis, clinical course, and treatment for submarine medical personnel. D. G. Publow, LT, MC, USNR. 1967. AD 660370
- SP 67-12     Guide for conservative treatment aboard FBM submarines. B. R. Geer, LT, MC, USN. 1967.
- SP 67-13     Progress review for first quarter FY 67-68 (Jul to Oct 67). J. W. Kohl. 1967.
- SP 68-1      Operational abstracts of research reports published during period 1 Jul 67 to 1 Jan 68. C. F. Gell, M.D. 1968. AD 825706
- SP 68-2      Annual report of progress summaries, Research and Technology Resume DD-Form 1498 as of 31 Dec 1967. J. W. Kohl, (Ed). 1968.
- SP 68-3      Peritoneal dialysis in quinine sulfate intoxication. T. N. Markham, LCDR, MC, USN, V. N. Dodson and D. L. Eckberg. 1968. AD 689932
- SP 68-4      Progress review for third quarter, Jan through Mar 68. J. W. Kohl. 1968. AD 834582
- SP 68-5      Five Year Plan for Submarine Medical Research Laboratory 1968-1974. C. F. Gell, M. D. 1968.
- SP 82-1      Five Year Plan for Fiscal Years 1983 - 1987, at NSMRL. 1982.
- SP 83-1      Proceedings of the Third Tripartite Conference on Submarine Medicine. France, United Kingdom, and the United States. Held at NSMRL May 9 and 10, 1983. 1983. AD A133150
- SP 83-2      Five Year Plan for Fiscal Years 1984 - 1988, at NSMRL. 1983.
- SP 84-1      Proceedings of the Submarine Atmosphere Contaminant Workshop at NSMRL, 7 and 8 Sep 1983. M. L. Shea. 1984.
- SP 84-2      Five year plan for Fiscal Years 1985 - 1989, at NSMRL. 1984.
- SP 85-1      Five Year Plan for Fiscal Years 1986 - 1990, at NSMRL. 1985.
- SP 86-1      Five Year Plan for Fiscal Years 1987 - 1991, at NSMRL. 1986.
- SP 87-1      Five Year Plan for Fiscal Years 1988-1992, at NSMRL. 1987.
- SP 87-2      Fibrous glass aerosols: A literature review. Lavery, B. R. 1987.
- SP 88-1      Five Year Plan for Fiscal years 1989 - 1993.
- SP 88-2      A GC/MS analysis for trimetholpropane phosphate on aircraft hoses. Tappan, D. V. & Heyder, E.
- SP 89-1      The B. A. P. PACOCHA (SS-40) collision: The escape and medical recompression treatment of survivors. Harvey, C. A. & Carson, J. 1989.
- SP 89-2      Command History, OPNAV Report 5750.1, Year 1988. Garges, L. and Monty, S. (Eds.). 1989.
- SP 89-3      Five Year Plan for Fiscal Years 1990 - 1994. Garges, L. and Monty, S. (Eds.). 1989.

## CHRONOLOGICAL LIST OF NSMRL REPORTS

- SP 89-4      Report on the workshop on the effects of combined fire products on human physiological and psychological performance. Callahan, A. B., Harvey, C. A., and Pohler. 1989.
- SP 90-1      Command History, OPNAV 5750-1, Year 1989. Monty, S. (Ed.). 1990.
- SP 90-2      Five Year Plan for Fiscal Years 1991 - 1995. Monty, S. (Ed.). 1990.
- SP 90-3      Proceedings sixth tripartite conference on submarine medicine and IEP B-52. Weathersby, P. K. and McNary, J. C. 1990.
- SP 91-1      Command History, OPNAV 5750-1, Fiscal Year 1991. Monty, S. (Ed.). 1991.
- SP 91-2      Five Year Plan for Fiscal Years 1992 - 1996. Monty, S. (Ed.). 1991.
- SP 97-1      NSMRL Cumulative Bibliography. Monty, S. (Ed.). 1997.
