BLDG # 16210 Barracks

ROOM/AREA Hallway

A. Reduce/enhance lighting

1. Remove unneeded lamps or fixtures ✓
2. Reduce indoor lighting where illumination exceeds AEI recommended levels ✓
3. Increase daylighting X
4. Lower light fixtures X
5. Improve reflection and dispersion with light-colored ceiling and walls X

B. Improve lighting controls

1. Install occupancy controls to control lighting ✓
2. Install photocells to lighting near windows X
3. Install additional switches to control lighting arrangements X
4. Use time-clocks to shut off exterior building lights ✓

C. Improve lighting efficiency

1. Replace incandescent lamps in kitchen, hallway, and bathroom fixtures with compact fluorescent lamps X
2. Replace incandescent lamps in exit sign fixtures with LED fixtures ?
3. Replace incandescent lamps in exit signs with compact fluorescent lamps ?
4. Replace standard fluorescent lamps with energy-conserving lamps ✓
5. Replace standard fluorescent ballasts with electronic ballasts ✓
6. Replace existing fluorescent fixtures with new fixtures having efficient reflectors, electronic ballasts, and energy-conserving lamps ✓
7. Use more efficient lighting sources, i.e., upgrade from incandescent to fluorescent, from fluorescent to HID, from mercury vapor to high-pressure sodium, etc. ✓

LIGHTING SURVEY ECO CHECK-LIST

BLDG # 32035

ROOM/AREA Motor Pool

A. Reduce/enhance lighting

1. Remove unneeded lamps or fixtures X
2. Reduce indoor lighting where illumination exceeds AEI recommended levels ?
3. Increase daylighting X
4. Lower light fixtures X
5. Improve reflection and dispersion with light-colored ceiling and walls X

B. Improve lighting controls

1. Install occupancy controls to control lighting ✓
2. Install photocells to lighting near windows X
3. Install additional switches to control lighting arrangements X
4. Use time-clocks to shut off exterior building lights X

C. Improve lighting efficiency

1. Replace incandescent lamps in kitchen, hallway, and bathroom fixtures with compact fluorescent lamps X
2. Replace incandescent lamps in exit sign fixtures with LED fixtures X
3. Replace incandescent lamps in exit signs with compact fluorescent lamps X
4. Replace standard fluorescent lamps with energy-conserving lamps ✓
5. Replace standard fluorescent ballasts with electronic ballasts ✓
6. Replace existing fluorescent fixtures with new fixtures having efficient reflectors, electronic ballasts, and energy-conserving lamps ✓
7. Use more efficient lighting sources, i.e., upgrade from incandescent to fluorescent, from fluorescent to HID, from mercury vapor to high-pressure sodium, etc. ✓

ROOM/AREA Offices

A. Reduce/enhance lighting

1. Remove unneeded lamps or fixtures ✓
2. Reduce indoor lighting where illumination exceeds AEI recommended levels ✓
3. Increase daylighting X
4. Lower light fixtures X
5. Improve reflection and dispersion with light-colored ceiling and walls X

B. Improve lighting controls

1. Install occupancy controls to control lighting ✓
2. Install photocells to lighting near windows ✓
3. Install additional switches to control lighting arrangements X
4. Use time-clocks to shut off exterior building lights X

C. Improve lighting efficiency

1. Replace incandescent lamps in kitchen, hallway, and bathroom fixtures with compact fluorescent lamps X
2. Replace incandescent lamps in exit sign fixtures with LED fixtures X
3. Replace incandescent lamps in exit signs with compact fluorescent lamps X
4. Replace standard fluorescent lamps with energy-conserving lamps ✓
5. Replace standard fluorescent ballasts with electronic ballasts ✓
6. Replace existing fluorescent fixtures with new fixtures having efficient reflectors, electronic ballasts, and energy-conserving lamps ✓
7. Use more efficient lighting sources, i.e., upgrade from incandescent to fluorescent, from fluorescent to HID, from mercury vapor to high-pressure sodium, etc. ✓

ROOM/AREA Office

A. Reduce/enhance lighting

1. Remove unneeded lamps or fixtures X
2. Reduce indoor lighting where illumination exceeds AEI recommended levels X
3. Increase daylighting X
4. Lower light fixtures X
5. Improve reflection and dispersion with light-colored ceiling and walls X

B. Improve lighting controls

1. Install occupancy controls to control lighting X
2. Install photocells to lighting near windows X
3. Install additional switches to control lighting arrangements X
4. Use time-clocks to shut off exterior building lights X

C. Improve lighting efficiency

1. Replace incandescent lamps in kitchen, hallway, and bathroom fixtures with compact fluorescent lamps X
2. Replace incandescent lamps in exit sign fixtures with LED fixtures X
3. Replace incandescent lamps in exit signs with compact fluorescent lamps X
4. Replace standard fluorescent lamps with energy-conserving lamps ✓
5. Replace standard fluorescent ballasts with electronic ballasts ✓
6. Replace existing fluorescent fixtures with new fixtures having efficient reflectors, electronic ballasts, and energy-conserving lamps ✓
7. Use more efficient lighting sources, i.e., upgrade from incandescent to fluorescent, from fluorescent to HID, from mercury vapor to high-pressure sodium, etc. X

BLDG # 34910

ROOM/AREA WORK ORDER - CENTRAL HALL

A. Reduce/enhance lighting

1. Remove unneeded lamps or fixtures _____
2. Reduce indoor lighting where illumination exceeds AEI recommended levels _____
3. Increase daylighting _____
4. Lower light fixtures _____
5. Improve reflection and dispersion with light-colored ceiling and walls _____

B. Improve lighting controls

1. Install occupancy controls to control lighting _____ ✓
2. Install photocells to lighting near windows _____
3. Install additional switches to control lighting arrangements _____
4. Use time-clocks to shut off exterior building lights _____

C. Improve lighting efficiency

1. Replace incandescent lamps in kitchen, hallway, and bathroom fixtures with compact fluorescent lamps _____
2. Replace incandescent lamps in exit sign fixtures with LED fixtures _____
3. Replace incandescent lamps in exit signs with compact fluorescent lamps _____ ✓
4. Replace standard fluorescent lamps with energy-conserving lamps _____ ✓
5. Replace standard fluorescent ballasts with electronic ballasts _____ ✓
6. Replace existing fluorescent fixtures with new fixtures having efficient reflectors, electronic ballasts, and energy-conserving lamps _____ ?
7. Use more efficient lighting sources, i.e., upgrade from incandescent to fluorescent, from fluorescent to HID, from mercury vapor to high-pressure sodium, etc. _____
