REFERENCE AID

DIRECTORY OF THE USSR MINISTRY OF RAILWAYS

JPRS-UEA-89-006

7 MARCH 1989

[This reference aid is a general guide to the internal structure of the USSR Ministry of Railways, based on information available as of 15 February 1989. It identifies individuals who hold positions in the ministry apparatus, the 32 railroads, and the railroads' various divisions. On 1 January 1988 the ministry underwent a structural reorganization. Thus, an individual may still be listed with an old organizational unit if there has been no specific identification of him with the new unit. The primary source of information for appointments and releases of individuals is the Moscow newspaper, GUDOK, the organ of the USSR Ministry of Railways and the Central Committee of the Railroad Transport and Transportation Construction Workers Trade Union. This reference aid is prepared in three-column format. Column 1 shows the individual's position, column 2 identifies the individual, and column 3 lists the date the individual assumed or vacated the position. Dates are preceded by the abbreviations "ap" for appointed, "re" for released, "id" for identified, "co" for confirmed, and "de" for deceased.]

This is a U.S. Government publication; its contents in no way represent the policies, views, or attitudes of the U.S. Government. Users of this publication may cite FBIS or JPRS provided they do so in a manner clearly identifying them as the secondary source.

Foreign Broadcast Information Service (FBIS) and Joint Publications Research Service (JPRS) publications contain political, economic, military, and sociological news, commentary, and other information, as well as scientific and technical data and reports. All information has been obtained from foreign radio and television broadcasts, news agency transmissions, newspapers, books, and periodicals. Items generally are processed from the first or best available source; it should not be inferred that they have been disseminated only in the medium, in the language, or to the area indicated. Items from foreign language sources are translated; those from English-language sources are transcribed, with personal and place names rendered in accordance with FBIS transliteration style.

Headlines, editorial reports, and material enclosed in brackets [] are supplied by FBIS/JPRS. Processing indicators such as [Text] or [Excerpts] in the first line of each item indicate how the information was processed from the original. Unfamiliar names rendered phonetically are enclosed in parentheses. Words or names preceded by a question mark and enclosed in parentheses were not clear from the original source but have been supplied as appropriate to the context. Other unattributed parenthetical notes within the body of an item originate with the source. Times within items are as given by the source. Passages in boldface or italics are as published.
