

DEFENSE HEALTH PROGRAM

Justification of O&M Estimates

FY 1999 Amended Budget Estimates
Volume 1

DMIC QUALITY INSPECTED 2

February 1998

The Defense Health Program spans the globe to support the Department of Defense's most important resource--active and retired military members and their families.

Defense Health Program
FY 1999 Amended Budget Estimates
Operations and Maintenance

I. Description of Operations Financed: The Department of Defense (DoD) has two integrated medical missions: (a) to provide, and be ready to provide, medical services and support to the armed forces during military operations, and (b) to provide medical services and support to members of the armed forces, their dependents, and other beneficiaries entitled to DoD health care. The Defense Health Program (DHP) appropriation funding provides support for worldwide medical and dental services to the active forces and other eligible beneficiaries, veterinary services, medical command headquarters, specialized services for the training of medical personnel, and occupational and industrial health care. Included are the costs associated with the Civilian Health and Medical Program of the Uniform Services (CHAMPUS) which provides for the health care of eligible active duty dependents, retired members and their dependents, and the eligible surviving dependents of deceased active duty and retired members. The DHP provides funding for acquisition of capital expense equipment in support of military medical treatment facilities, training facilities, and programs.

The remaining portion of the DHP appropriation funds procurement of capital equipment in support of the DoD health care program in military medical treatment facilities and other health activities worldwide. It includes equipment for initial outfitting of new, expanded or altered health care facilities being constructed under major military construction programs: equipment for modernization and replacement of worn-out, obsolete, or economically repairable items; equipment in support of CHAMPUS and medical treatment facility information processing requirements; and equipment supporting programs such as pollution control, clinical investigation, and occupational/environmental health.

All of these activities are under the direction and control of the Assistant Secretary of Defense (Health Affairs) (ASD(HA)). The ASD(HA), as the DoD officer responsible for the effective execution of the Department's mission works through the Secretaries of the Military Departments to accomplish the Department's medical mission. The Assistant Secretary's responsibilities include developing a unified medical program and budget, and developing policies that will allow the Department to perform its medical mission effectively.

II. Force Structure Summary: The Department of Defense accomplishes its world wide mission by using the Defense Health Program (DHP) appropriation to support the eligible beneficiary population through a system of 115 hospitals and 471 clinics (FY 1997), and includes a workforce of 103,888 military and 42,297 civilian personnel. The number of hospitals decreases to 108 in FY 1998 and 102 in the budget year FY 1999. The civilian personnel workforce reflects a reduction of 4 percent each year. Within the DHP, the reduction of civilian and military end strength will be offset by decreased requirements from overall downsizing, contractor managed care personnel, and purchasing care under TRICARE support contracts.

**Defense Health Program
FY 1999 Amended Budget Estimates
Operations and Maintenance**

III. Financial Summary (\$ in Thousands):

This submission includes Operation and Maintenance (O&M), and Procurement funds. The requirements supported by this budget are the product of the continued refinement and application of the DHP's capitation-based methodology developed in cooperation with the OUSD Comptroller and ODPA&E. Capitation is one of the major components of the Department's managed care strategy. One of the unique aspects of the DHP's capitation model is that it considers all resources (i.e., both Operation and Maintenance funds and Military Personnel funds) used to produce the Department's health care services for eligible beneficiaries. Population estimates were taken from the Resource Analysis Planning System (RAPS) version 10.0.

The provision of health care in the DHP depends upon both O&M funds and military labor. A decline in either resource component (i.e. O&M and MILPERS), if not offset by an increase in the other component, reduces the DHP's ability to provide a consistent level of health care services to eligible DOD beneficiaries.

The financial requirements set forth in this budget considers the effects of force structure downsizing, Base Realignment and Closure (BRAC) plans, and the Quadrennial Defense Review. Other than major mission changes, there are three main factors that influence DHP funding requirements: (1) general inflation, (2) health services prices, or medical specific inflation, and (3) population composition and changes.

Detail By Sub-Activity Group: In-House Care - CONUS

I. Description of Operations Financed: This Sub-Activity Group provides for the delivery of patient care in the Continental United States (CONUS). This includes two broad functional areas: (1) Care in Defense Medical Centers, Station Hospitals and Medical Clinics, and (2) Dental Care Activities.

II. Force Structure Summary: Defense Medical Centers/Hospitals/Clinics represent the costs of providing medical care in DoD-owned and operated medical centers, station hospitals, medical clinics, and subordinate aid stations which are staffed and equipped to provide the full range of inpatient and ambulatory health care services. Includes medical center laboratories, alcohol treatment, clinical investigation activities and on-the-job training/education programs conducted at these facilities, federal sharing agreements, supplemental and cooperative care costs specifically identified to health care services received in a non-defense facility as a result of a referral or prearranged agreement. Excludes operation of management headquarters for TRICARE Lead Agents, dental activities, deployable medical units and other health care resources devoted exclusively to teaching. **Dental Care Activities** represent the costs of providing dental services through operation of hospital departments of dentistry, installation dental clinics, and Regional Dental Activities (laboratories). Excludes provision of dental services by units organic to Operating Forces units and deployable dental units operating in an active combat zone.

 FY 1999 Amended Budget Estimates
 Operation and Maintenance**

D. Reconciliation of Increases and Decreases: In-house Care - CONUS (Continued)

\$-136,985

- | | | |
|---|--|-------------|
| 4. Program Decreases | | -40,281 |
| a. Active Duty End Strength decreasing faster than anticipated due to the Defense Quadrennial Review (QDR) | | |
| b. National Mail Order Pharmacy | This program decrease represents a decrease in requirements for pharmaceuticals in CONUS Medical Centers, Hospitals and Clinics as a result of the introduction of the National Mail Order Pharmacy service. There is an offsetting cost increase in CHAMPUS/MCS Contracts for National Mail Order Pharmacy. | -53,000 |
| c. Deferral of maintenance contracts and reduced inventory levels to live within constrained program | | -14,904 |
| d. Refinement of definition for procurement of IM/IT systems has resulted in a decrease in O&M requirements | | -22,005 |
| e. This reduction represents a decrease in civilian workyears in CONUS medical and dental facilities as result of the continual reengineering of the MHS. | | -6,795 |
| 5. FY1998 Current Estimate | | \$2,892,051 |
| 6. Price Growth | | \$77,624 |

**Defense Health Program Appropriation
 FY 1999 Amended Budget Estimates
 Operation and Maintenance**

D. Reconciliation of Increases and Decreases: In-house Care - CONUS (Continued)

7. Functional Transfers		-1,300
a. Transfer of funds from the DHP to the Overseas Contingency Fund for Southwest Asia Operations (Southern Watch)		-1,300
8. Program Increases		\$42,868
a. Downsizing Small Hospitals	<p>This increase finances the purchase of in-patient care from the private sector and finances anticipated increases in out-patient clinic visits due to conversion of nine small hospitals to extended hour out-patient clinics. This increase is offset by a decrease in military downsizing effort of seventeen small hospitals that began in FY98. Downsizing the seventeen carefully selected small hospitals will reduce costs and will improve access to care and the quality of care provided to MHSS beneficiaries. Net savings of \$36M per year are expected beginning in FY01 when the conversions are complete</p>	+7,900
b. Reprogramming of resources from Other Procurement (OP) to Operations and Maintenance (O&M) reflecting implementation of revised guidelines for new facility outfitting requirements		+2,912

**Defense Health Program Appropriation
 FY 1999 Amended Budget Estimates
 Operation and Maintenance**

D. Reconciliation of Increases and Decreases: In-house Care - CONUS (Continued)

8. Program Increases (Continued)		
c. Dental Care Activities - CONUS		
Annualization of Reserve Dental Program	+16,464	
Increase to allow dental benefits for families of deceased Active Duty members in Active Duty Family Member Dental Insurance Plan	+19	
Increase represents one-time cost to modify Dental Contract to allow Dental Benefits for Families of Deceased Active Duty Members in Retiree Dental Insurance Plan	+20	
d. Initial Outfitting for various CONUS facilities (Navy)	+10,553	
e. Commercial Activities		
Provides seed money to conduct A-76 reviews mandated by the Quadrennial Defense Review	+5,000	
9. Program Decreases		-\$379,822
a. Reverse FY 1998 One-Time Congressional Increases		
Breast Cancer	-25,975	

**Defense Health Program Appropriation
FY 1999 Amended Budget Estimates
Operation and Maintenance**

D. Reconciliation of Increases and Decreases: In-house Care - CONUS (Continued)

9. Program Decreases (continued)		
b. Program decrease as a result of achieving lower cost prime vendor/ electronic commerce/DAPA pricing		-17,214
c. Nursing Contracts (Navy)		
Decrease in FY99 due to reduction of contracted nurses at the three teaching hospitals		-1,825
d. Initial Outfitting for various CONUS facilities (Army & AirForce) decrease from FY98 requirements		-23,753
e. Utilization Management		
This reduction implements the third phase of the MHS utilization management strategy designed to control the use of health care services while maintaining access to appropriate high-quality health care provided by the MHSS.		-34,126
f. Estimated savings related to Fitzsimmons Army Medical Center, closure as part of BRAC 95		-8,422
g. Population Impact		
This program decrease reflects the reduced level of effort associated with the decline in CONUS user population		-116,575

**Defense Health Program Appropriation
FY 1999 Amended Budget Estimates
Operation and Maintenance**

D. Reconciliation of Increases and Decreases: In-house Care - CONUS (Continued)

9. Program Decreases (continued)

h. National Mail Order Pharmacy

-72,000

This program decrease represents a decrease in requirements for pharmaceuticals in CONUS Medical Centers, Hospitals and Clinics as a result of the introduction of the National Mail Order Pharmacy service. There is an offsetting cost increase in CHAMPUS/MCS Contracts for National Mail Order Pharmacy.

i. Management Efficiencies

-79,932

This reduction reflects management efficiencies at CONUS medical and dental facilities.

10. FY 1999 Budget Request

\$2,631,421

**Defense Health Program Appropriation
FY 1999 Amended Budget Estimates
Operation and Maintenance**

IV. Performance Criteria and Evaluation Summary: In-House Care - CONUS

<u>Total US User Population (Average Manyears) (1)</u>	<u>FY 1997</u>	<u>FY 1998</u>	<u>FY 1999</u>	<u>Change FY98-99</u>

Detail By Sub-Activity Group: In-House Care - OCONUS

I. Description of Operations Financed: This Sub-Activity Group provides for the delivery of patient care Outside the Continental United States (OCONUS). This includes two broad functional areas: (1) Care in Station Hospitals and Medical Clinics, and (2) Dental Care Activities.

II. Force Structure Summary: OCONUS Hospitals and Clinics represent the costs of providing medical care in DoD-owned and operated station hospitals, medical clinics, and subordinate aid stations which are staffed and equipped to provide the full range of inpatient and ambulatory health care services. Includes alcohol treatment, clinical investigation activities and on-the-job training/education programs conducted at these facilities, supplemental and cooperative care costs specifically identified to health care services received in a **non-defense** facility as a result of a referral or prearranged agreement. Excludes operation of management headquarters for TRICARE Lead Agents, dental activities, deployable medical units and other health care resources devoted exclusively to teaching. **Dental Care Activities** represent the costs of providing dental services through operation of hospital departments of dentistry, installation dental clinics, and Regional Dental Activities (laboratories). Excludes provision of dental services by units organic to Operating Forces units and deployable dental units operating in an active combat zone.

III. Financial Summary (O&M \$ in thousands): In-house care (OCONUS)

A. Sub-Activity Group

	FY 1997 <u>Actuals</u>	FY 1998		FY 1999 <u>Estimate</u>
		Budget <u>Request</u>	Appropriation

a. Forward Deployable Labs (Navy)		-360
	Reduction represents one time start up costs for three forward deployed laboratories for the Pacific, Europe/Middle East/Africa and Central/South America theaters of operations	
b. Defense Medical Logistics Standard Support (Navy)		-1,278
	Impact of larger economic quantities due to improved DMLSS-W Pharmacy Medical/Surgical and Laboratory procurements	
c. Hospitals/Clinics - OCONUS		-500
	Initial Outfitting for various OCONUS facilities (AirForce)	
d. Dental Care Activities - OCONUS		-1,700
	Decrease reliance on In-house Dental due to increased reliance on Family Member Dental Plan (FMDP)	
e. Population Impact		-6,731
	This program decrease reflects the reduced level of effort associated with the decline in Overseas User population	

**Defense Health Program Appropriation
FY 1999 Amended Budget Estimates
Operation and Maintenance**

D. Reconciliation of Increases and Decreases: In-house Care - OCONUS (Continued)

8. Program Decreases (continued)

f. Utilization Management

This reduction reflects utilization management at OCONUS medical and dental facilities.

-3,366

g. Increased reliance on Military Personnel

Active Duty Military Personnel assigned at OCONUS medical and dental facilities are not decreasing as rapidly as the population supported, thus offsetting the requirement for operation and maintenance resources

-4,132

9. FY 1999 Budget Request

\$330,423

Detail By Sub-Activity Group: Private Sector Care - CONUS

I. Description of Operations Financed: This subactivity provides for all medical care received by DoD eligible beneficiaries in the private sector in the Continental United States. This includes: The Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) which is a world-wide health care cost-sharing program. Currently, the Department is transitioning to the managed care initiative, TRICARE. Most of the CHAMPUS program requirements are being absorbed into the Managed Care Support (MCS) contracts which are being implemented on a regional basis. Five of the seven MCS contracts have already been implemented and the last two contracts will begin in May 1998. The purchase of health care services from the Uniformed Services Treatment Facilities (also known as the Designated Provider Program) for enrolled eligible DoD beneficiaries is also part of this subactivity. Finally, this subactivity supports the emergency medical care and transportation for authorized beneficiaries and medically necessary non-emergency care for active duty personnel when care is not accessible from a military treatment facility.

II. Force Structure Summary: Approximately 7.7 million DoD beneficiaries are eligible to receive care under these various health care programs. There are ten civilian-operated Uniformed Services Treatment Facilities within the United States. Seven Managed Care Support contracts covering twelve Health Service Regions (HSRs) provide a uniform triple-option health care plan to eligible beneficiaries allowing them to enroll in the health maintenance organization (HMO) type plan known as TRICARE Prime, or utilize a civilian preferred provider network (TRICARE Extra), or remain with the Standard CHAMPUS benefit plan (TRICARE Standard). The Standard CHAMPUS program includes the Family Member Dental Program, Fiscal Intermediary processing costs, Continuing Health Education/Capitalization of Assets program, pipeline benefits costs incurred during the transition from Standard CHAMPUS coverage to Managed Care Support, Investigational Demonstrations (Breast Cancer) and the National Mail Order Pharmacy program. Emergency Medical Care for Active Duty personnel covers care received in any CONUS civilian health care facility.

III. Financial Summary (O&M \$ in thousands):

A. Sub-Activity Group

C. OP-32 Line Item (See Exhibit OP-32)

D. Reconciliation of Increases and Decreases **(Dollars in Thousands)**

1. FY 1998 President's Budget Request	\$3,954,838
2. FY 1998 Appropriated Amount	\$3,954,838
3. FY 1998 Program Increases	\$484,793
a. Revised CHAMPUS (Standard Benefits) Requirements	\$350,870

The CHAMPUS requirements are revised to reflect the deferred start dates for the Managed Care Support (MCS) contracts in Regions 1 and 2/5 to May 1998. This

**Defense Health Program Appropriation
FY 1999 Amended Budget Estimates
Operation and Maintenance**

(Dollars in Thousands)

D. Reconciliation of Increases and Decreases (continued)

increase includes changes in related benefits costs such as Fiscal Intermediary Claims Processing, Continuing Health Education/Capitalization of Assets Program costs, and pipeline benefits estimates.

b. National Mail Order Pharmacy (NMOP) Program \$53,000

The Department developed and contracted for a National Mail Order Pharmacy Program in order to fulfill requirements under TRICARE to provide pharmaceutical Prescription benefits for maintenance medications to all eligible beneficiaries. This contract begins in FY98.

c. Change Orders Associated with the CHAMPUS/MCS Programs \$55,500

As the CHAMPUS and MCS contracts programs are executed, Change Orders must be issued to resolve changes in allowed benefits and to update the supporting ADP systems. The FY98 President's Budget did not reflect any requirements for Change Orders. MCS Change Orders represent the bulk of the requirement at \$45.5 million.

d. Uniformed Services Treatment Facilities (USTFs) \$25,423

Based on the FY97 execution experience, this program has been increased to reflect the projected FY98 requirement of \$366.5 million. These increases are due to negotiated rate changes, active duty dependents in catchment areas being eligible to utilize these facilities, and the attrition rate of medicare eligibles not declining as rapidly as originally projected.

**Defense Health Program Appropriation
 FY 1999 Amended Budget Estimates
 Operation and Maintenance**

(Dollars in Thousands)

D. <u>Reconciliation of Increases and Decreases (continued)</u>		
4. FY 1998 Program Decreases		\$-467,924
a. Revised Managed Care Support (MCS) Contracts Requirements		\$-441,188
a. Emergency Medical Care for Active Duty Personnel		\$-12,836
c. Revised CHAMPUS program Requirements		\$-13,900
5. FY 1998 Current Estimate		\$3,971,707
6. FY 1999 Price Growth		\$154,750
7. FY 1999 Program Increases		\$546,725

The FY98 current estimate reflects the deferred start date for MCS contracts in Regions 1 and 2/5 based on the current implementation of May 1998. In the FY98 President's Budget the expected start dates for these contracts were November and December 1997 respectively.

Decrease reflects the FY97 actual execution and the effects of the declining active duty population eligible for emergency medical care.

Based on revised program projections, two programs funded under the CHAMPUS program decrease \$13.9 million from the FY98 President's Budget estimate. The Family Member Dental Program declines \$8.4M and the Expanded Cancer Demonstration Program declines \$5.5M.

**Defense Health Program Appropriation
FY 1999 Amended Budget Estimates
Operation and Maintenance**

(Dollars in Thousands)

D. Reconciliation of Increases and Decreases (continued)

\$429,025

- a. Full Year MCS Contract costs for Regions 1 and 2/5

Represents the full year MCS contract cost for Regions 1 and 2/5. FY98 costs include only five months of the total contract costs since the contracts will be implemented May 1998.

\$69,900

- b. National Mail Order Pharmacy (NMOP)

Increase reflects the full-year requirement for the contract.

\$23,800

- c. Change Order Costs for MCS Contracts

Costs for Change Orders associated with the MCS contracts will increase as two more contracts are implemented in FY98.

\$7,500

- d. Startup Costs for MCS Contract Region 11

The MCS contract for Region 11 will be renegotiated in FY99. Startup costs have been budgeted to cover the requirements of a new contractor based on prior experience.

\$15,500

- e. Pipeline Costs for MCS Contracts in Regions 1 and 2/5

Pipeline costs continue for these two MCS contracts into FY99. Most of the pipeline costs have already been incurred in FY98 since the contracts started in May 1998.

**Defense Health Program Appropriation
FY 1999 Amended Budget Estimates
Operation and Maintenance**

(Dollars in Thousands)

D. Reconciliation of Increases and Decreases (continued)

f. TRICARE Enrollment for Medicare Eligible Beneficiaries \$1,000

A one-time cost will be incurred in FY99 which will modify the existing MCS contracts to allow Medicare Eligibles to enroll in the TRICARE program. This cost will affect all contracts and be a one-year demonstration.

8. FY 1999 Program Decreases \$-701,767

a. Reduced CHAMPUS Program Costs \$-562,024

With all MCS contracts being fully implemented in FY98, the CHAMPUS standard benefits and related costs such as Fiscal Intermediary and Change Orders costs decrease. The standard benefits line for CONUS CHAMPUS costs is basically eliminated in FY99.

b. One-time Pipeline Requirements \$-128,420

Reflects the bulk of the one-time pipeline costs for MCS contracts in Regions 1 and 2/5. A small portion of this cost continues in FY99 and is reflected in program increases.

c. Emergency Medical Care for Active Duty Personnel \$-11,323

Reduction reflects the decline in Active Duty population resulting from the Quadrennial Defense Review personnel reductions. Projected Emergency Medical Care for active duty personnel should decrease accordingly.

Detail By Sub-Activity Group: Private Sector Care - OCONUS

I. Description of Operations Financed: This subactivity provides for all medical care received by DoD eligible beneficiaries in the private sector outside the Continental United States (OCONUS). This includes the following health care programs: (1) The TRICARE Overseas Program which covers the TRICARE Europe, TRICARE Pacific and TRICARE Latin America regions. This is a dual option program offering TRICARE Prime or TRICARE Standard to the eligible beneficiaries overseas. There are additional benefits for overseas beneficiaries who choose the TRICARE Prime option - these include waived copayments and deductibles for authorized medical care delivered by host-nation network providers. (2) This subactivity also supports the OCONUS emergency medical care and transportation for authorized beneficiaries and medically necessary non-emergency care for active duty personnel when care is not accessible from a military treatment facility.

II. Force Structure Summary: Approximately a half million DoD beneficiaries are eligible to receive care under these health care programs. The TRICARE Overseas Program includes health care services and Fiscal Intermediary processing costs. Emergency Medical Care for Active Duty personnel covers care received in any OCONUS civilian health care facility.

III. Financial Summary (O&M \$ in thousands):

	FY 1997		FY 1998		FY 1999	
	<u>Actuals</u>	<u>Budget Request</u>	<u>Appropriation</u>	<u>Current Estimate</u>	<u>Estimate</u>	<u>Estimate</u>
TRICARE Overseas Program	76,422	81,200	81,200	79,810	83,752	
Purchased Emergency Care (OCONUS)	17,284	18,673	18,673	16,513	15,228	
	93,706	99,873	99,873	96,323	98,980

 Operation and Maintenance

B. Reconciliation Summary - Private Sector Care - OCONUS

	<u>Change FY 1998/1998</u>	<u>Change FY 1998/1999</u>
Baseline Funding	99,873	96,323
Congressional Adjustments	0	0
Supplemental Request	0	0
Price Change	0	3,732
Functional Transfers	0	0
Program Changes	-3,550	-1,075
Current Estimate	96,323	98,980

C. OP-32 Line Item (See Exhibit OP-32)

D. Reconciliation of Increases and Decreases (Dollars in Thousands)

- 1. FY 1998 President's Budget Request \$99,873
- 2. FY 1998 Appropriated Amount \$99,873
- 3. FY 1998 Program Decreases \$-3,550
 - a. OCONUS Emergency Medical Care for Active Duty Personnel \$-2,160

Reflects the effect of the declining active duty population projected for overseas.

**Defense Health Program Appropriation
 FY 1999 Amended Budget Estimates
 Operation and Maintenance**

(Dollars in Thousands)

D. Reconciliation of Increases and Decreases (continued)

- b. TRICARE Overseas Program \$-1,390

- 4. FY 1998 Current Estimate \$96,323
- 5. FY 1999 Price Growth \$3,732
- 6. FY 1999 Program Increases \$829
 - a. TRICARE Overseas Program

- 7. FY 1999 Program Decreases \$-1,904
 - a. Emergency Medical Care for Active Duty Personnel

- 8. FY 1999 Current Request \$98,980

Reduction in FY98 requirements is based on the FY97 execution.

Based on prior years' execution, the program growth is projected to increase less than one percent over the prior year program. The effects of implementing the TRICARE Overseas Prime option are reflected in this requirement.

Reduction reflects the decline in active duty personnel based on the Quadrennial Defense Review.

DEFENSE HEALTH PROGRAM
FY 1999 AMENDED BUDGET ESTIMATES
OPERATION AND MAINTENANCE

Detail By Sub-Activity Group: Information Management

I. Description of Operations Financed: MAJOR SYSTEMS - The Chief Information Officer for the Defense Health Program provides planning, integration, program oversight, and policy formulation for the Military Health Systems (MHS). The MHS IM/IT Program focuses on the implementation of Defense-wide standards to ensure integration, interoperability, and commonality with DoD. Included in the IM/IT program are four major initiatives: Composite Health Care System (CHCS II) which supports new functions in the Computer-based Patient Record and integrate pertinent functions that currently exist, are in development or planned for more than 50 DoD and Service-specific legacy and interim migration automated information systems; Corporate Executive Information System (CEIS) designed to meet multilevel healthcare management needs by providing the opportunity to consolidate and integrate data from the legacy systems; Defense Medical Logistics Standard Support System (DMLSS) will support the MHSS in peacetime as well as wartime/contingency, standardize intra-hospital and corporate data and processes, reduce time that direct care providers and other health care personnel spend on logistics activities, and achieve integration and effective communication with other standard DoD systems; and the Theater Medical Information Program will support all echelons of care through integrating medical capabilities under a joint concept of operation to support seamless delivery of medical care. The goal is to provide a global medical information capability linking information databases that are accessible to the warfighter anywhere. **MINOR SYSTEMS** - Included in the IM/IT program are two minor initiatives: Health Standard Resources System (HSRS) is the MHS target system that will support all MHS standard resource management applications, functions, and reengineered business practices and the Tri-Service Infrastructure Management Program Office will establish and manage a standards-based infrastructure within the MHS.

II. Force Structure Summary: This program funds the costs of the development, deployment, and sustainment of the major and minor automated information systems in support of military medical readiness and promoting quality health care services to members of the armed forces, their families, and others entitled to DoD healthcare.

**DEFENSE HEALTH PROGRAM
FY 1999 AMENDED BUDGET ESTIMATES
OPERATION AND MAINTENANCE**

III. Financial Summary (\$ in Thousands):

A. Sub-Activity Group: Information Management

	<u>FY 1997 Actual</u>	<u>FY 1998</u>		<u>FY 1999 Current Estimate</u>
		<u>Budget Request</u>	<u>Appropriated</u>	
Major Systems	179,064	202,301	205,802	216,096
Minor Systems	30,851	20,028	13,527	58,275
Total	209,915	222,329	219,329	274,371

III. Financial Summary (Continued--\$ in Thousands):

B. Reconciliation Summary:

	<u>Change FY 1998 / FY 1998</u>	<u>Change FY 1998 / FY 1999</u>
Baseline Funding		
Congressional Adjustments	222,329	215,632
Supplemental Request	-3,000	0
Price Change	0	0
Functional Transfer	0	3,451
Program Changes	-3,697	55,288
Current Estimate	215,632	274,371

C. OP-32 Line Item: See OP-32 Exhibits for Major and Minor Systems.

D. Reconciliation Summary: Increases and Decreases

1. FY 1998 Budget Request

\$222,329

**DEFENSE HEALTH PROGRAM
FY 1999 AMENDED BUDGET ESTIMATES
OPERATION AND MAINTENANCE**

2. Congressional Adjustments		\$-3,000
a. PACMEDNET	+10,000	
b. Military Health Information Services	+ 7,000	
c. High Risk Automation	-20,000	
3. Total FY 1998 Appropriated		\$219,329
4. Program Decrease		-\$3,697
a. The FY 98 decrease is the result of revised funding guidance in the use of Defense Health Program Other Procurement funds. Revised guidance resulted in a decrease of O&M funds which migrated to the Other Procurement budget.		\$215,632
5. FY 1998 Current Estimate		\$3,451
6. Price Growth		-\$17,272
7. Program Decreases		
a. Reverse FY 1998 One-Time Congressional Increases		
PACMEDNET	-10,160	
Military Health Information Services	- 7,112	
8. Program Increase		+\$72,560
a. The increase is due to the re-baselining of the MHS information technology program to accelerate deployment of urgently needed information technology products. Automation is essential to support ambulatory data collection. As over half of our patient care is provided in an ambulatory mode, information to manage that care is essential if we are to achieve the utilization management goals for this program. Also, the managed care support (MCS) contracts mandate the contractors to use some of our automation systems to reduce MCS costs.		

DEFENSE HEALTH PROGRAM
FY 1999 AMENDED BUDGET ESTIMATES
OPERATION AND MAINTENANCE

9. FY 1999 Current Estimate

\$274,371

V. Personnel Summary: See the OP-5 Exhibits for Major and Minor Systems.

I. Description of Operations Financed: The Chief Information Officer for the Defense Health Program provides planning, integration, program oversight, and policy formulation for the Military Health Services Systems (MHSS). The MHSS IM/IT Program focuses on the implementation of Defense-wide standards to ensure integration, interoperability, and commonality with DoD. Included in the IM/IT program are two minor initiatives: Health Standard Resources System (HSRS) is the MHSS target system that will support all MHSS standard resource management applications, functions, and reengineered business practices and the Tri-Service Infrastructure Management Program Office will establish and manage a standards-based infrastructure within the MHSS.

II. Force Structure Summary: This program funds the costs of the development, deployment, and sustainment of the major automated information systems in support of military medical readiness and promoting quality health care services to members of the armed forces, their families, and others entitled to DoD healthcare.

III. Financial Summary (\$ in Thousands):

A. Sub-Activity Group: Information Management - Minor Systems

	FY 1997 <u>Actual</u>	FY 1998		FY 1999	
		Budget <u>Request</u>	Appropriated <u>Estimate</u>	Current <u>Estimate</u>	
Health Standard Resource System	5,591	4,795	2,907	7,724	14,079
Tri-Service Infrastructure Program	25,260	15,233	10,620	30,730	44,196
Total	30,851	20,028	13,527	38,454	58,275

**DEFENSE HEALTH PROGRAM
FY 1999 AMENDED BUDGET ESTIMATES
OPERATION AND MAINTENANCE**

III. Financial Summary (Continued--\$ in Thousands):

B. Reconciliation Summary:

	<u>Change</u> <u>FY 1998 / FY 1998</u>	<u>Change</u> <u>FY 1998 / FY 1999</u>
Baseline Funding		
Congressional Adjustments	20,028	38,454
Supplemental Request	-6,501	0
Price Change	0	0
Functional Transfer	0	616
Program Changes	24,927	19,205
Current Estimate	38,454	58,275

C. OP-32 Line Item: See Exhibit OP-32

D. Reconciliation Summary: Increases and Decreases

1. FY 1998 Budget Request	\$20,028
2. Congressional Adjustments	-\$6,501
a. High Risk Automation	\$-6,501
3. FY 1998 Appropriated	13,527
4. Program Increase	24,927

**DEFENSE HEALTH PROGRAM
FY 1999 AMENDED BUDGET ESTIMATES
OPERATION AND MAINTENANCE**

a. Increase supports modifications, enhancements, and deployment of various information technology products based on a baselining of the military health services system information technology program. Also, funds migrated from major systems to minor systems to support essential infrastructure required to implement medical automation throughout the MHSS.

5. FY 1998 Current Estimate \$38,454

6. Price Growth \$ 616

7. Program Increase \$19,205

a. Increase supports modifications, enhancements, and deployment of various information technology products based on a baselining of the military health services system information technology program. Also, automation is essential to support ambulatory data collection. As over half of our patient care is provided in an ambulatory mode, information to manage that care is essential if we are to achieve the utilization management goals for this program. Also, the managed care support (MCS) contracts mandate the contractors to use some of our automation systems to reduce MCS costs.

8. FY 1999 Current Estimate \$58,275

**DEFENSE HEALTH PROGRAM
FY 1999 AMENDED BUDGET ESTIMATES
OPERATION AND MAINTENANCE**

Detail By Sub-Activity Group: Education and Training

I. Description of Operations Financed: This sub-activity group provides resources for specialized skills, professional development, officer acquisition, and the Uniformed Services University of the Health Sciences (USUHS). The Specialized Skills program provides officer, enlisted, and civilian medical personnel with the skills and knowledge needed to perform specific jobs. The Professional Development program provides career officer and enlisted medical personnel with training and education to prepare them to perform increasingly complex responsibilities as they progress in their military careers. The Officer Acquisition program includes manpower authorizations, equipment, and associated costs specifically identified and measurable to the conduct of officer acquisition. The USUHS program provides for the education of military physicians and graduate education programs leading to masters or doctoral degrees in the biological sciences. For additional details, see the OP-5 Exhibit for each program.

II. Force Structure Summary: Specialized Skills training provides these required skills to the proper number of individuals in a phased manner so that each vacancy in the structure can be filled promptly with a qualified replacement. Professional Development resources provides education and training for career officer and enlisted medical personnel in broad professional development areas. Officer Acquisition resources provide tuition and other educational expenses for Health Professions Scholarship Program/Financial Assistance Program (HPSP/FAP) participants in accredited medical, dental, nursing, and certain allied health programs. The Uniformed Services University of the Health Sciences provides for undergraduate medical teaching operations, as well as a limited basic sciences program which is necessary to meet needed teaching requirements and provide graduate education to qualified military personnel assigned to the University for masters and doctoral programs in the biological sciences. For additional details, see the OP-5 Exhibit for each program.

Detail By Sub-Activity Group: Education and Training - Specialized Skills

I. Description of Operations Financed: This Sub-activity Group provides support for worldwide medical education and training for active duty personnel, civilian medical personnel and students. This program provides officer, enlisted, and civilian medical personnel with the skills and knowledge needed to perform specific jobs. The program includes initial skills training, specialized skills training, skill progression training, and functional training.

II. Force Structure Summary: Specialized Skills resources provide training of active duty and civilian medical personnel. Each Service's medical mission is supported by an established job structure and each position within that job structure has been analyzed to determine the skill it requires. Specialized Skills training provides these required skills to the proper number of individuals in a phased manner so that each vacancy in the structure can be filled promptly with a qualified replacement. The training loads in the Specialized Skills program have been reduced to reflect DoD declining medical force levels.

**DEFENSE HEALTH PROGRAM
FY 1999 AMENDED BUDGET ESTIMATES
OPERATION AND MAINTENANCE**

Detail By Sub-Activity Group: **Education and Training - Professional Development**

I. Description of Operations Financed: This Sub-activity Group provides support for worldwide medical education and training for active duty personnel and students. This program provides career officer and enlisted medical personnel with training and education to prepare them to perform increasingly complex responsibilities as they progress in their military careers. This program provides education and training in such areas as leadership, graduate medical education, and continuing medical education. This program includes Enlisted Leadership Training, Fully Funded - Full Time Graduate Education, and Health Professions Education.

II. Force Structure Summary: Education and Training - Professional Development resources provides education and training for career officer and enlisted medical personnel in broad professional development areas. The total training loads in the Professional Development program have been reduced to reflect DoD declining medical force levels.

III. Financial Summary (\$ in Thousands):

A. Sub-Activity Group: Education and Training - Professional Development

	<u>FY 1997 Actual</u>	<u>FY 1998</u>		<u>FY 1999 Current Estimate</u>
		<u>Budget Request</u>	<u>Appropriated</u>

Detail By Sub-Activity Group: Education and Training - Officer Acquisition

- I. Description of Operations Financed:** This Sub-activity Group provides support for worldwide medical education and training for active duty medical personnel and students. This program includes the Armed Forces Health Professions Scholarship Program (AFHPS), the Financial Assistance Program (FAP) residencies, and other precommissioning professional scholarship programs. This program includes manpower authorizations, equipment, and associated costs specifically identified and measurable to the conduct of officer acquisition.
- II. Force Structure Summary:** Education and Training - Officer Acquisition resources provide tuition and other educational expenses for HPSP/FAP participants in accredited medical, dental, nursing, and certain allied health programs. The purpose of the Officer Acquisition program is to obtain adequate numbers of commissioned officers on active duty who are qualified in designated health professions.

III. Financial Summary (\$ in Thousands):

Detail By Sub-Activity Group: Uniformed Services University of the Health Sciences (USUHS)

I. Narrative Description: This Sub-activity Group provides for the education of military physicians and graduate education programs leading to masters or doctoral degrees in the biological sciences. The mission is to provide high quality, career dedicated military and Public Health Service physicians.

II. Description of Operations Financed: The Uniformed Services University of the Health Sciences provides for undergraduate medical teaching operations, as well as a limited basic sciences program which is necessary to meet needed teaching requirements and provide graduate education to qualified military personnel assigned to the University for masters and doctoral programs in the biological sciences.

III. Financial Summary (\$ in Thousands):

**Defense Health Program Appropriation
FY 1999 Amended Budget Estimates
Operation and Maintenance**

Detail By Sub-Activity Group: **Management Headquarters**

- I. **Description of Operations Financed:** This Sub-Activity Group comprises of three management headquarters functions which support delivery of patient care worldwide: Medical Commands, Regional Lead Agents, and TRICARE Management Activities (TMA). TMA includes the resources previously reported in FY97 in (a) Defense Medical Programs Activity (DMPA), and (b) TRICARE Support Office (TSO). The TMA will be responsible, in collaboration and with the support of the Services, for quality, accessible and affordable healthcare for members of the Armed Forces, family members, and others entitled to DoD healthcare.

- II. **Force Structure Summary.** **Medical Command Headquarters** includes costs of operating U.S. Army Medical Command, Army Medical Materiel Agency, and the Navy Bureau of Medicine and Surgery. **Regional Lead Agent Headquarters** includes the costs of operating the eleven regional lead agents. The Lead Agent's role and responsibility include coordinating the development and implementation of a regional, joint-service health plan and administering the Managed Care Support (MCS) contracts for all regions. **TRICARE Management Activity (TMA)** is responsible for all resources associated with the management of CHAMPUS benefit payments, and other CHAMPUS related programs such as Family Member Dental Program, Fiscal Intermediary contracts, Continuing Health Education/Capitalization of Assets Program (CHE/CAP), Change Orders resulting from the MSC contracts requirements, Mail Order Pharmacy programs, and the Expanded Cancer Demonstration program. TRICARE Management Activity also develops, maintains, and provides guidance for medical facility military construction projects throughout DoD to meet the wartime and peacetime mission of the MHS. TRICARE Management Activity also oversees and maintains the DoD Unified Medical Program resources for all medical activities.

Detail By Sub-Activity Group: Other Health Activities

I. Description of Operations Financed: This Sub-Activity Group comprises seven functions which support delivery of patient care worldwide: Other Health Activities, Military Public/Occupational Health, Veterinary Services, Examining Activities, Military Unique Other Medical Activities, Aeromedical Evacuation System, and Armed Forces Institute of Pathology (AFIP).

II. Force Structure Summary: Other Health Activities includes central medical laboratories, medical service squadrons, Air Medical Department Field Procurement Offices, Health Services Data Systems Agency, Navy Healthcare Support Offices, and public affairs. **Military Public/Occupational Health** includes *public health* activities such as medical epidemiology and entomology, drinking water safety, monitoring hazardous waste disposal, food/facility sanitation, health promotion, community health nursing, medical intelligence, and *occupational health* activities such as assessment of workplace health hazards, employee health surveys, tracking exposure to physical, chemical, and biological stresses, development of preventive measures, epidemiological studies of occupational diseases, health hazard assessment of new materiel/weapons systems, and medical support to nuclear/biological/chemical surety programs. **Veterinary Services** supports the worldwide DoD veterinary mission and provides support to other specified federal agencies through activities such as care for government owned animals, clinical investigation support, control of zoonotic diseases, and wholesale food inspection. **Examining Activities** provides physical examinations and evaluations of medical suitability for individuals processed for accession to Active and Reserve Components through Military Entrance Processing Stations (MEPS) and DoD Medical Evaluation Review Board (DoDMERB). **Military Unique Requirements - Other Medical** includes a host of activities related to the size of military population, such as physiological training units, Defense Medical Standardization Board, drug abuse detection laboratories, Military Blood Program Agency, optical repair/fabrication laboratories, USAF Armstrong Laboratory, health facilities offices, medical logistics/support offices, Medical War-time Hospital Integration Office, Army Medical Materiel Activities, plans/operations/training, and Navy Medical Logistics Command. **Aeromedical Evacuation (AE)** includes costs of the aeromedical evacuation system incurred by Joint and Armed Services Medical Regulating Offices, Aeromedical Evacuation and Tanker Airlift Control Centers, AE squadrons and detachments, and aeromedical staging facilities. **Armed Forces Institute of Pathology (AFIP)** is the chief reviewing authority on diagnosis of pathologic tissue for the Armed Services; conducts experimental, statistical and morphological investigation; operates Armed Forces Medical Examiner System and DoD DNA Registry; and administers DoD drug testing quality control/proficiency testing and Clinical Laboratory Improvement programs.

**Defense Health Program Appropriation
FY 1999 Amended Budget Estimates
Operation and Maintenance**

Sub-activity Group: **Base Operations Support**

I. Description of Operations Financed: Base Operations (BASOPS) refers to the resources dedicated to the operation and maintenance of Defense Health Program (DHP) facilities. The DHP's BASOPS provides for facilities and services at military medical activities supporting active duty combat forces, reserve and guard components, training, military dependents, eligible retirees, and family members. The program consists of seven components:

Environmental - costs required to comply with environmental laws, regulations, criteria, and standards. This applies to manpower, training, travel, and supplies.

Minor Construction - all construction costs less than the statutory maximum amount for minor military construction projects as established by section 2805 of Title 10 U.S.C. in support of medical centers and other installations with a primary mission of health care.

Maintenance and Repair - costs required to execute maintenance and repair of utilities, buildings, other facilities, pavements, land, and grounds. This includes, but is not limited to, such things as repair of electrical circuitry, heating and air conditioning, water piping, and routine maintenance work such as caulking, painting, etc. in medical centers and other installations with a primary mission of health care.

Visual Information Systems - costs required to provide manpower, travel, contractual service, procurement of supplies and materials, expense equipment, necessary facilities and the associated costs specifically identifiable to visual information productions, services, and support.

Base Communications - costs required to provide base communication resources to DHP medical activities. This includes non-tactical, non-DCS base communications facilities and equipment systems that provide local communications worldwide to installations and activities.

Base Operation Support - costs required to provide comptroller services, ADP services, information activities, legal activities, civilian personnel administration, military personnel administration, printing and reproduction, installation safety, management analysis/engineering services, retail supply operations, supply activities, procurement operations, storage activities, transportation activities, physical security and police activities, laundry and dry cleaning, food services, and moral, welfare and recreation activities.

**Defense Health Program Appropriation
 FY 1999 Amended Budget Estimates
 Operation and Maintenance**

Real Property Services - Two new program elements were established in FY 1995 for CONUS and OCONUS costs. In previous periods, the costs were included within Base Operation Support program elements. As now defined, costs include purchased utilities, air conditioning and refrigeration, utility fuels, fire protection, crash rescue, snow and ice removal, entomological services, elevator maintenance/inspections, custodial services, refuse collection and disposal, sewer and waste systems, rental of real property, facility engineering and public works management, other installation engineering services and other annual service requirements performed in-house or by contract.

**Defense Health Program Appropriation
FY 1999 Amended Budget Estimates
Operation and Maintenance**

\$6,438

a. Beneficial Occupancies

Reflects increase in operating costs of ownership of additional plant value as a result of occupancy of new or expanded facilities. Utilities, engineering support, custodial, and base communications increases are required to support projects constructed under defense Medical, Japanese Facilities Improvement Program. In FY 99, this includes medical and dental clinics at Key West, Miramar, Camp Pendleton, Cappelodchino, JFIP projects in Yokosuka and Okinawa.

\$6,667

b. Maintenance & Repair

Provides resources to support critical maintenance and repair projects previously deferred due to fiscal constraints.

\$1,850

c. Base Communications

Reflects costs necessary to accommodate the proliferation of information management technologies including CHCS, Telemedicine, and ADS.

\$6,098

d. Real Property Services

Reflects programmatic adjustment necessary to address critical Real Property Services shortfall.

\$5,000

e. Commercial Activities

Provides seed money to conduct A-76 reviews mandated by the Quadrennial Defense Review

\$1,016,289
