BIBLIOGRAPHY ON LABOR AND WAGES

Following is a translation of bibliographical data appearing in Voprosy Truda (Labor Problems), No. 1, Nauchno-Issledovatel'skiy Institut (Scientific Research Institute), Moscow, 1958, pages 208-244.⁷

Soviet Literature¹⁾

Basic Legislation on Labor

On attracting young people, who have graduated from secondary general-educational schools, into industrial and agricultural production. Enactment of the Central Committee of the CPSU and the Council of Ministers USSR of 12 September 1957, No. 1112. - "Compilation of Enactments of the Government of the USSR," 1957, No. 13, Article 123.

Concerning payment of a one-time award and percentage raises according to years of service. Enactment of the Council of Ministers USSR of 2 March 1957, No. 234. - "Compilation of Enactments of the Government USSR," 1957, No. 4, article 43.

Concerning measures for the replacement of female labor in subterranean work and mining and in the construction of subsurface installations. Enactment of the Council of Ministers USSR of 13 July 1957, No. 839. - "Compilation of Enactments of the Government of the USSR," 1957, No. 8, article 81.

Concerning caring for writers, composers, artists of the descriptive arts, and their families by means of pensions. Enactment of the Council of Ministers USSR of 7 August 1957, No. 946. - "Compilation of Enactments of the Government of the USSR," 1957, No. 10, article 106.

Concerning payments of pensions for having worked a certain number of years. Enactment of the Council of Minister

1) Selective bibliography for 1957 (including November). Compilers: staff members of the Library of the Institute of Labor, M. I. Smirnova and K. A. Trofimova.

USSR of 2 March 1957, No. 233, "Compilation of Enactments of the Government of the USSR," 1957, No. 4, article 42.

On recomputing pensions payable to persons who receive state pensions and are members of the artel of the tradesmen's cooperative. Enactment of the Council of Ministers USSR of 27 May 1957, No. 582. - "Compilation of Enactments of the Government of the USSR," 1957, No. 6, article 66.

Concerning the order of wage payments to workers for the first half of the month. Enactment of the Council of Ministers USSR of 23 May 1957, No. 566 - "Compilation of Enactments of the Government of the USSR," 1957, No. 6, article 68.

Concerning the order of wage payments to workers temporarily employed by the Scientific and Technical Committees of the Councils of Ministers of the Union Republics for taking part in work connected with the adoption of new technology. Enactment of the Council of Ministers USSR in September 1957, No. 1080. - "Compilation of Enactments of the Government of the USSR," 1957, No. 11, article 115.

Concerning the order of preserving an uninterrupted high-quality work record in cases of transfer of work from one enterprise (institution, organization) to another. Enactment of the Council of Ministers USSR of 27 May 1957, No. 581. - "Compilation of Enactments of the Government of the USSR," 1957, No. 6, article 70.

Concerning tax rates for workers and employees receiving pay of up to 450 rubles a month. Enactment of the Council of Ministers USSR of 23 March 1957, No. 315. - "Compilation of Enactments of the Government of the USSR," 1957, No. 4, article 37.

Concerning work assignments of workers released by the Government in connection with a further improvement of the organization of the administration of industry and construction. Enactment of the Central Committee CPSU and the Council of Ministers USSR of 28 May 1957, No. 595. - "Compilation of Enactments of the Government of the USSR," 1957, No. 6, article 64.

Concerning improvement in providing workers and employees with the benefits accruing to them from state social insurance. Enactment of the Council of Ministers USSR of 28 January 1957, No. 79. - "Compilation of Enactments of the Government of the USSR," 1957, No. 3, article 22.

On regulating the wages of many engineering and technical workers engaged in building construction and on the safeguarding of the structures by specialists. Enactment of the Council of Ministers USSR of 17 April 1957, No. 428. - "Compilation of Enactments of the Government of the USSR,"

1957, No. 5, article 55.

On regulating the wages of sovkhos workers and of other agricultural enterprises of the Ministry of Agriculture USSR. Enactment of the Council of Ministers USSR of 22 August 1957, No. 1028. - "Compilation of Enactments of the Government of the USSR, 1957, No. 10, article 108.

On confirming the conditions regarding premium payments to workers of construction organizations for fulfilling, on time or ahead of time, the planned placing into operation of the most important objects of construction, and the conditions regarding premium payments to managerial engineering and technical workers and employees of mechanization combines in building-construction for the fulfillment of the planned output. Enactment of the Council of Ministers USSR of 17 August 1957, No. 984. - "Compilation of Enactments of the Government of the USSR," 1957, No. 9, article 103.

Status of the order of assignment and payment of benefits arising from state social insurance. (Approved by the All-Union Central Council of Trade Unions on 5 February 1955) - Instruction on the order of passing out hospital leaflets (All-Union Central Council of Trade Unions and the People's Commissar of Health USSR. With alterations and supplements made by the All-Union Central Council of Trade Unions and by the Ministry of Health USSR in accordance with the decree of the Council of Ministers USSR of 22 January 1955, No. 113). Moscow, Trade Union Publishing House, 1957, 48 pages.

Reference Books, Collections and Standards

Unified standards and evaluations in building-construction and assembly work. For mandatory application as of 1 January 1956. Moscow. State Publishing House of Construction, 1957. (State Committee of the Council of Ministers USSR on matters of construction.

Section 2. Earth Works. 1st Issue. Mechanization and Manual Earth Works. 3rd issue, revised. 78 pages.

Section 4. Pile-Driving Operations. 3rd issue, revised. 37 pages.

Section 7. Tree-Planting Operations, 3rd issue, revised. 39 pages.

Section 8. Building and Industrial Constructions of Stone and Stoves for Dwellings. 3rd issue, revised. 40 pages.

Section 16. Trimming Operations. 1st issue. Finishing Operations. 3rd issue, revised. 24 pages.

Section 17. Interior Sanitary and Technical Operations. 1st issue. Heating, Water-Supply Line and Sewer System. 3rd issue, revised, 30 pages.

Section 20. Outside Water Supply Lines, Gas Conduits and Sewer Networks. 3rd issue. 47 pages with illustrations.

Section 23. Upper Structure of Intra-Plant and Approach Railroad Lines. 3rd issue, revised. 30 pages.

Section 24. Automobile Roads. 3rd issue, revised, 72 pages.

Section 27. Wooden Bridges and Pipes. 3rd issue, revised, 12 pages.

Section 32. Rigging Operations. 3rd issue, revised. 49 pages.

Section 33. Electric High-Power Installations. 4th issue. Installation of cable lines of a voltage up to 220 volts, 3rd issue, revised, 61 pages.

Section 38. Construction of Steel Structures and Parts. 1st issue. Manufacture of structural steel. 3rd

issue, revised, 39 pages.

Yekel'chik, M. S. Handbook of a Standardization Building Engineer. Compiled by M. S. Yekel'chik. Kiev, State Construction Publishing House UkSSR, 1957, 184 pages, one sheet of tables.

Bibliography at end of book.

Time Standards for Gold Forging /Stamping/ and Cutting of Bars. 2nd issue. Moscow. Transport and Railroad Publishing House, 1957. 44 pages with illustrations (Ministry of Railways USSR. Main Administration of Railroad-Machine Building Plants).

Norms for Technical Standardization of Operations on Gear-Milling Machines. (Revised issue). Moscow, (Coal-Technical Publishing House), 1957. 144 pages with illustrations.

Norms for Technical Standardization of Operations in Gas-Cutting of Ferrous Metals. Moscow, Coal-Technical Publishing House, 1957. 111 pages with illustrations.

Norms for Technical Standardization of Operations of the Mechanical Processing of Gear-Wheels and Data for Rating the Machines. Moscow, TsBTI, 1955. Issue stated to be of 1955. Ministry of Machine Building and Instrument Building USSR. State Union Planning-Technological and Experimental Institute "Orgmashpribor"). Two supplements to Typical Time Norms in the Mechanical Processing of Gear-Wheels.

Norms of the Preparatory-Concluding and Auxiliary Time for Mechanical Shops. Part 2. Serial Production. 2nd issue. Moscow, TsBTI, 1957. 215 pages with illustrations. (Ministry of Lathe Construction and Instrument Construction Industry USSR).

Bibliography pages 211-212 (45 titles).

Time Norms for Operations on Open-Hearth Furnaces. Moscow, Metallurgical Publishing House, 1957. 219 pages with illustrations; one sheet of diagrams. (All-Union Scientific Research Institute of the Organization of Production and Labor of Ferrous Metallurgy VNIIO-Chermet /Ferrous Metals/).

Time Norms for the Repair of the Equipment of Electric Power Stations and Networks. Moscow-Leningrad, State Electric Power Publishing House, 1957 (Ministry of Electric Power Stations USSR).

Collection 2. Repair of Turbogenerators and Exciters. 152 pages.

Collection 5. Repair of Radial-Axial, Rotating-Blade Shovel-Type Hydraulic Turbines, of the Control System and of Hydro-Mechanical Equipment. 110 pages.

Collection 6. Repair of Hydrogenerators. 49 pages.

Norms of Development and Evaluation of Basic Agricultural Operations by Workdays. Leningrad, Lenizdat, 1957. 99 pages. (Leningradskaya Oblast Administration of Agriculture).

Norms of Piece-Work Time and Manufacture of Dies for Local Industrial Enterprises. Under the general editorship of M. B. Bykhovskaya. Moscow. Russian State Publishing House of Local Industry, 1957. 169 pages with illustrations. (Ministry of Local Industry RSFSR. Standardization Research Stations for Labor of the Executive Committee of the City of Moscow).

Theses and Standards for Planned Preventive Repairs of Technological Equipment of the Textile and Haberdashery Industry. Ratified by the Ministry of Light Industry USSR on 23 May 1957. Moscow, 1957, 93 pages. (Central Scientific Research Laboratory of the Textile and Haberdashery Industry).

Model Time Standards for the Disassembly, Assembly and Repair of Tractors "S-80." Publishing House of the Ministry of State Farms USSR).

Model Standards of Development and Evaluation in Workdays for Subsidiary Work in Kolkhozes. Riga, Latvian State Publishing House, 1957, 22 pages.

Collection of Time Standards for the Repair of Automobiles. (Ratified by the Ministry of Petroleum Industry USSR). 3rd revised and supplemented issue; Moscow. State Fuel Publishing House, 1957, 466 pages with illustrations.

Collection of Time Standards in Forging and Welding Operations. Moscow, Automobile Transportation Publishing House, 1957. 134 pages with illustrations. (Ministry of Automobile Transport and Highways RSFSR. Central Standardization Research Station).

Collection of Labor-Expenditure Type-Calculations for Construction Operations. (For application in structures of the second group). Minsk, Publishing House of the CC Belorussian CP, 1956 (the data were issued in 1957). Ministry of City and Village Construction Belorussian SSR. Department of Labor, Wages and Work Cadres of the Central Scientific Institute Council).

Issue 1. Stone Constructions, 151 pages.

Collection of Time Type-Standards for the Repair of Equipment of a Mechanical Sawmill and Woodworking Establishment. Moscow, 1957. 32 pages. (Ministry of Construction of Metallurgical and Chemical Enterprises USSR. Administration of Labor Cadres and of Living Conditions. All-Union Central Standardization-Research Bureau VTsNIB).

Reference book of unified time standards. Cleaning and Washing of Sand Samples. Ratified by the Ministry of Petroleum Industry USSR on 16 August 1956. Moscow, State Fuel Technical Publishing House, 1957, 120 pages with illustrations (Gosplan USSR. VNII /All-Union Scientific Research Institute/ Burneft'. Central Bureau of Labor Standards).

Handbook of Time Standards for Welding Operations. (Ratified on 3 April 1956), Baku, Asiatic Petroleum Publishing House, 1957. 115 pages with illustrations (Ministry of Petroleum Industry Azerbaydzhan SSR. Standardization-Research Station).

Handbook on Standards of the Formulation and Order of Wage Payments, Premium Payments and Labor Protection of Workers, Employees and Specialists of Sovkhozes, Stables and Other Establishments of the Ministry of State Farms USSR. Part 2. Moscow, Publishing House of the Ministry of State Farms USSR, 1957, 336 pages.

Over-all time standards and time norms for Operations Concerning Placement on Horizontal Forging Machines and Bending on Horizontal Bending Machines. Second issue. Moscow, Railway Transportation Publishing House, 1957, 54 pages with illustrations (Ministry of Railways USSR).

Time Type-Norms in Forging Work. For oblast and rayon industrial enterprises. Kiev, 1957. 51 pages with illustrations. (Ukrainian Scientific Research Institute of the Local and Fuel Industry "Ukrniimesttopprom").

Time Type-Norms for the Sewing of Women's Garments of Staple Textiles and Men's Night-Shirts on Individual Orders in Ateliers and Workshops of Trade Cooperatives of the RSFSR. (Ratified on 10 December 1956), Moscow, KOIZ /Publishing House of Cooperatives/, 1957. Eight pages. (Council of Trade Cooperatives of the RSFSR - "Rospromsoviet").

Time Type-Norms for the Production of Furnace and Household Castings. Kiev, 1957. 76 pages. (Ukrainian Scientific Research Institute of Local and Fuel Industry - "UkrNIIMesttopprom").

Time Type-Norms for the Repair of Women's, Men's and Children's Outer Garments, of Women's Light Clothing, Linen and Head-Dresses. Ratified on 15 March 1955, Moscow, KOIZ, 1957. 19 pages (Council of Trade Cooperatives RSFSR - "Rospromsoviet").

Type-Production Norms for New Types of Work in the Construction of Industrial Furnaces and Pipes. Moscow, 1957. 28 pages. (Ministry of Construction of Metallurgical and Chemical Industrial Enterprises USSR. Administration of Work Cadres of Labor and Living Conditions. All-Union Central Standardization - Research Bureau VTsNIB).

Type-Production Norms for New Types of Electrical Installation Operations. Kuybyshev, 1957. 43 pages. (Ministry of Construction of Metallurgical and Chemical Industrial Enterprises USSR. Administration of Work Cadres of Labor and Living Conditions. All-Union Central Standardization-Research Bureau VTsNIB).

Technically Substantiated Time Type-Norms for Lathe-

Hand Operations In Repair and Production of Parts of Standard-Gage Locomotives in Locomotive Depots and Railroad Shops. (Ratified on 27 December 1956.) Moscow, Transportation and Railroad Publishing House, 1957. 200 pages. (Ministry of Railways USSR. Main Administration of Locomotive Establishments).

Increased Time Norms for Fitting and Assembly Operations in Repairs of Metal-Cutting Machines. Kiev, 1957. 139 pages. (Ukrainian Scientific Research Institute of Local and Fuel Industry. Ukrainian NIIMesttopprom. Standardization-Research Department of Labor).

Unified Work Norms for Basic Ventilation Operations in Coal Pits. Ratified on 14 December 1956. Moscow, Coal-Technical Publishing House, 1957. 22 pages with illustrations. (Ministry of Coal Industry USSR. Department of Organization of Labor, Technical Standardization and Wages. Central Standardization-Research Bureau TsNIB).

Unified Norms and Evaluations for the Assembly and Disassembly of Tower Cranes, for Transporting Them, for Constructing and Disassembling Tracks Serving the Cranes. For structures of the second group. Moscow, 1957. 20 pages; three sheets of tables (Ministry of Railways USSR. Administration of Road-Building and Installation Offices and Combines. Standardization Bureau).

Wages

Books and Articles of General Character

Wage-Scale Qualification Handbooks and Collection of Evaluations.

Temporary Wage-Scale Qualification Handbook of the Works and Trades of the Electrotechnical Industry. Moscow, TsBTI [Central Bureau of Technological Institution], 1957. (Ministry of Electrotechnical Industry USSR).

1st issue. Machine-Tool Operations (instrument-making and repairs). 125 pages.

2nd issue. Mechanical and Mechanical Assembly Operations. Production and Instrument Operations. 136 pages.

3rd issue. Mechanical Assembly Operations in the Field of Metal-Constructions, Welding, Forging and Stamping Operations. 112 pages.

4th issue. Foundry Operations. 56 pages.

5th issue. Pattern-Making and Woodworking Operations. 32 pages.

6th issue. Preparatory Insulation and Wrapping-Winding Operations. 80 pages.

7th issue. Production of Insulating Materials. 40 pages.

8th issue. Finishing and Painting Operations. 51 pages.

9th issue. Auxiliary Operations: Power-Equipment, Mechanical Repair, Structural Repair, Transportation and Other Operations. 151 pages.

10th issue. Manufacture of Insulators. 114 pages.

11th issue. Manufacture of Cables. 144 pages.

Alphabetic index for the Wage-Scale Qualification Handbook. 31 pages.

Wage-Scale Qualification Handbook (temporary). Moscow, TsBTI, 1957. (Ministry of Machine Building USSR.)

1st issue. Machine Operations in Mechanical and Repair Shops. 222 pages with illustrations.

2nd issue. Mechanical, Copper-Shop, and Tin-Shop Operations.

3rd issue. Pattern-Work and Foundry Operations. 111 pages.

4th issue. Forging-Punching and Thermal Operations. (Individual and Serial Output). 52 pages with illustrations..

7th issue. Woodworking Operations. 40 pages.

11th issue. Manufacture of Parts from Plastics, of exact casting. 16 pages.

13th issue. Thermal and Electric-Power Operations. 46 pages.

14th issue. Control-process, transportation, and auxiliary Operations. 99 pages.

Wage-Scale Qualification Handbook (temporary) of Work and Trades of the Workers of Transportation-Machine Plants. Ratified by the State Committee of the Council of Ministers USSR on Problems of Labor and Wages. Moscow, 1957. (VPTI /All-Union Industrial Technological Institute/ of Transportation-Machine Building).

Title of issue 1-8: Wage-Scale Qualification Handbook (Temporary) of Work and Trades of Workers of Locomotive, Diesel-Engine and Railway-Car Construction Plants.

9th issue. Electric Power Economy. 135 pages.

10th issue. Auxiliary Labors. 216 pages.

Wage-Scale Qualification Handbook (temporary) of Work and Trades of Workers of Locomotive, Diesel-Engine and Railway-Car Construction Plants. Ratified by the State Committee of the Council of Ministers USSR on Labor and Wage Problems. Moscow, 1957 (VPTI of Transportation-Machine Building).

1st issue. Smelting and Foundry Operations. 147 pages.

2nd issue. Forging-Stamping and Cold Stamping Operations. 98 pages.

3rd issue. Rolling-Mill Operations. 48 pages.

4th issue. Machine-Tool Operations. 216 pages.

5th issue. Woodworking and Pattern-Making Operations. 108 pages.

6th issue. Manufacture of Metal Constructions, Layout /razmetochnye/ and Tin-Shop Operations and Electroplating. 100 pages.

7th issue. Welding Operations. 56 pages.

8th issue. Mechanical-Assembly and Painting Operations. 122 pages.

Wage-Scale Qualification Handbook for Workers... of Ferrous Metallurgy of the USSR. Ratified by the State Committee of the Council of Ministers USSR on Problems of Labor and Wages in VTSSPS. Moscow, Metallurgical Publishing House, 1957.

... of Cylinder Production. 19 pages.

... Occupied in Subterranean and Open-Bit Mining Operations, in Concentration and Sintering Shops of Enterprises. 135 pages.

... Pipe Casting. 19 pages.

... Ferroalloy output. 40 pages.

... Silver-Steel, Calibrating, Thermal Shops, Cold Rolling Mills, Wire-Drawing, Precision-Alloy and Forging-Punching Shops. 44 pages.

Wage-Scale Qualification Handbook for Workers Occupied in Subsurface Work and in Mine Pits Either in Operation or in the Process of Construction of the Don Basin (including the pits of the "Shakhtantratsit" Combine) and of the L'vov-Volynsk Coal Basin. Ratified by the State Committee of the Council of Ministers USSR on Problems of Labor and Wages on 14 December 1956, and on 11 January 1957. Moscow, Coal-Technical Publishing House, 1957. 60 pages. (Ministry of Coal Industry USSR. Department of Labor Organization, technical standardization and wages).
