INSPECTOR GENERAL INSTRUCTION 4205.1

SUBJECT: Acquisition Policy and Procedures Program

References: See Appendix A.

A. Purpose. This Instruction establishes policies, responsibilities, and procedures for the procurement of goods and services to include supplies, equipment, publications, furniture, and information technology hardware and software for the Office of the Inspector General, Department of Defense (OIG, DoD).

B. Applicability. This Instruction applies to Offices of the Inspector General, the Deputy Inspector General, the Assistant Inspectors General, Director of Administration and Information Management, Director of Departmental Inquiries, Director of Intelligence Review, and Deputy General Counsel (Inspector General), which is provided support by the OIG, DoD. For purposes of this Instruction, these organizations are referred to collectively as OIG components.

C. Scope. The OIG, DoD, will manage the acquisition process in accordance with public laws and Government-wide and DoD policies and regulations, to include other referenced information. By Memorandum of Understanding between the OIG, DoD, and the Defense Supply Services-Washington (now the Defense Contracting Command-Washington (DCC-W), reference a, the DCC-W shall provide contracting support for the OIG, DoD. These requirements may be processed manually or routed through the DCC-W Defense Automated Requirements Tracking System (DARTS), or its replacement. The procedures and guidelines in the DCC-W Acquisition Guide, reference b, shall be used for OIG, DoD, contracting actions processed under the authority of the DCC-W. The Guide is posted at <http://dccw.hqda.pentagon.mil/>. The OIG, DoD, will use procedures in reference c to contract for requirements that can be more efficiently and effectively procured through other contracting activities.

D. Definitions. See Appendix B.

E. Policy. It is OIG, DoD, policy to make acquisitions competitively to the utmost extent possible. Should other than full and open competition be required, a justification and approval document must be prepared and properly certified by the OIG component requesting the purchase. Goods and services will not be acquired unless proper justification and documentation are provided that confirms the requested item(s) are essential and are the most cost-effective means for satisfying the mission requirement. The OIG, DoD, personnel are not to commit the Government to any contractor or vendor for the delivery of any goods or services in advance of a formal contract signed by a duly appointed contracting officer. Individuals making such a commitment could become personally liable for the cost of the goods or services and may be subject to appropriate disciplinary action. The Government Purchase Card will be used to the maximum extent possible to purchase items costing less than the micropurchase threshold (currently \$2,500).

h. Submit the ROI via the Deputy Inspector General, DoD (who will review the report and consider rebuttals, and make additional recommendations if necessary), and the Inspector General, DoD, to the DFAS. a. Review purchase requests that pertain to sensitive information or resources of a sensitive nature.

b. Sign the checklist at Appendix C for requirements for private sector temporary personnel.

G. Procedures. The OIG, DoD, procures goods and services through three principal methods--the Government Purchase Card Program for micropurchases under \$2,500 (includes checkwriting accounts); the award of contractual instrument by the OIG, DoD, (DCC-W Contracting Directorate); or another DoD or Federal Agency awarding a contractual action or providing reimbursable services based on a Military Interdepartmental Purchase Request (MIPR) or other such transfer of funds.

1. **Government Purchase Card.** Procedures for the use of the commercial credit card to acquire supplies and services for Government purposes in support of the OIG, DoD, are outlined in reference d. IG Form 4100.33-3, Credit Card Request for Purchase of Supplies and Services (Figure 9, page 20), will be used for the purchase request of supplies and services by credit card.

2. **Contractual Actions.** For purposes of this Instruction and in accordance with reference a, the procedures and guidelines in reference b shall be used for contracting actions processed under the authority of the DCC-W.

3. **MIPR.** Procedures in reference b shall be followed. (**Note:** Procedures for processing Acquisition Requirement Documents for the purchase of IT resources are outlined in reference f.)

I. Property Control. Receipt of ordered supplies, equipment, furniture, IT resources, etc. will be accounted for under the provisions of references k and l.

J. Liability of Accountable Individuals. Volume 5, Appendix C, of reference e establishes that Certifying Officers are, in effect insurers of the public funds and are excusable only for losses due to acts of God or the public enemy. A presumption of negligence applies in all cases to Certifying Officers and Disbursing Officers, and these individuals bear the burden of proof in establishing the fault or negligence on their part. A Certifying Officer is pecuniarily liable for payments in accordance with the provisions of reference e. Pecuniary liability shall be one-twelfth of annual pay in the case of civilian employees. A presumption of negligence does not apply to Accountable Officials.

K. Requests for Relief from Liability. Requests for relief of liability shall be in the form of a memorandum from the accountable individual addressed to the servicing DFAS Center through the Certifying Officer and the requestor's chain of command. The request shall include a complete report of the circumstances resulting in the deficiency and a reference to the ROI. Volume 5, Chapter 6, Paragraph 061003, of reference e outlines the specific information required in the requestor's memorandum. It is the responsibility of the individual(s) requesting relief to dispel any doubt that the irregularity was not due to any fault or negligence on their part. Failure to provide all the information required could contribute to an unfavorable consideration of a request for relief.

L. Individual(s) Rights. Accountable individuals recommended for pecuniary liability must be afforded an opportunity to examine all evidence and to present in writing a rebuttal regarding the irregularity. Specific information (in addition to the information provided in the preceding paragraphs of this Instruction) regarding individual(s) rights and the investigation process is detailed in Volume 5, Chapters 6, 29, 30, 33, and Appendix C of reference e.

M. Effective Date. This Instruction is effective immediately.
