Information Dominance - the ability to use your information to decide and act faster than the enemy, whilst denying them the opportunity to do the same.

Technology Highway

The power of the internet

The ability of TCP/IP

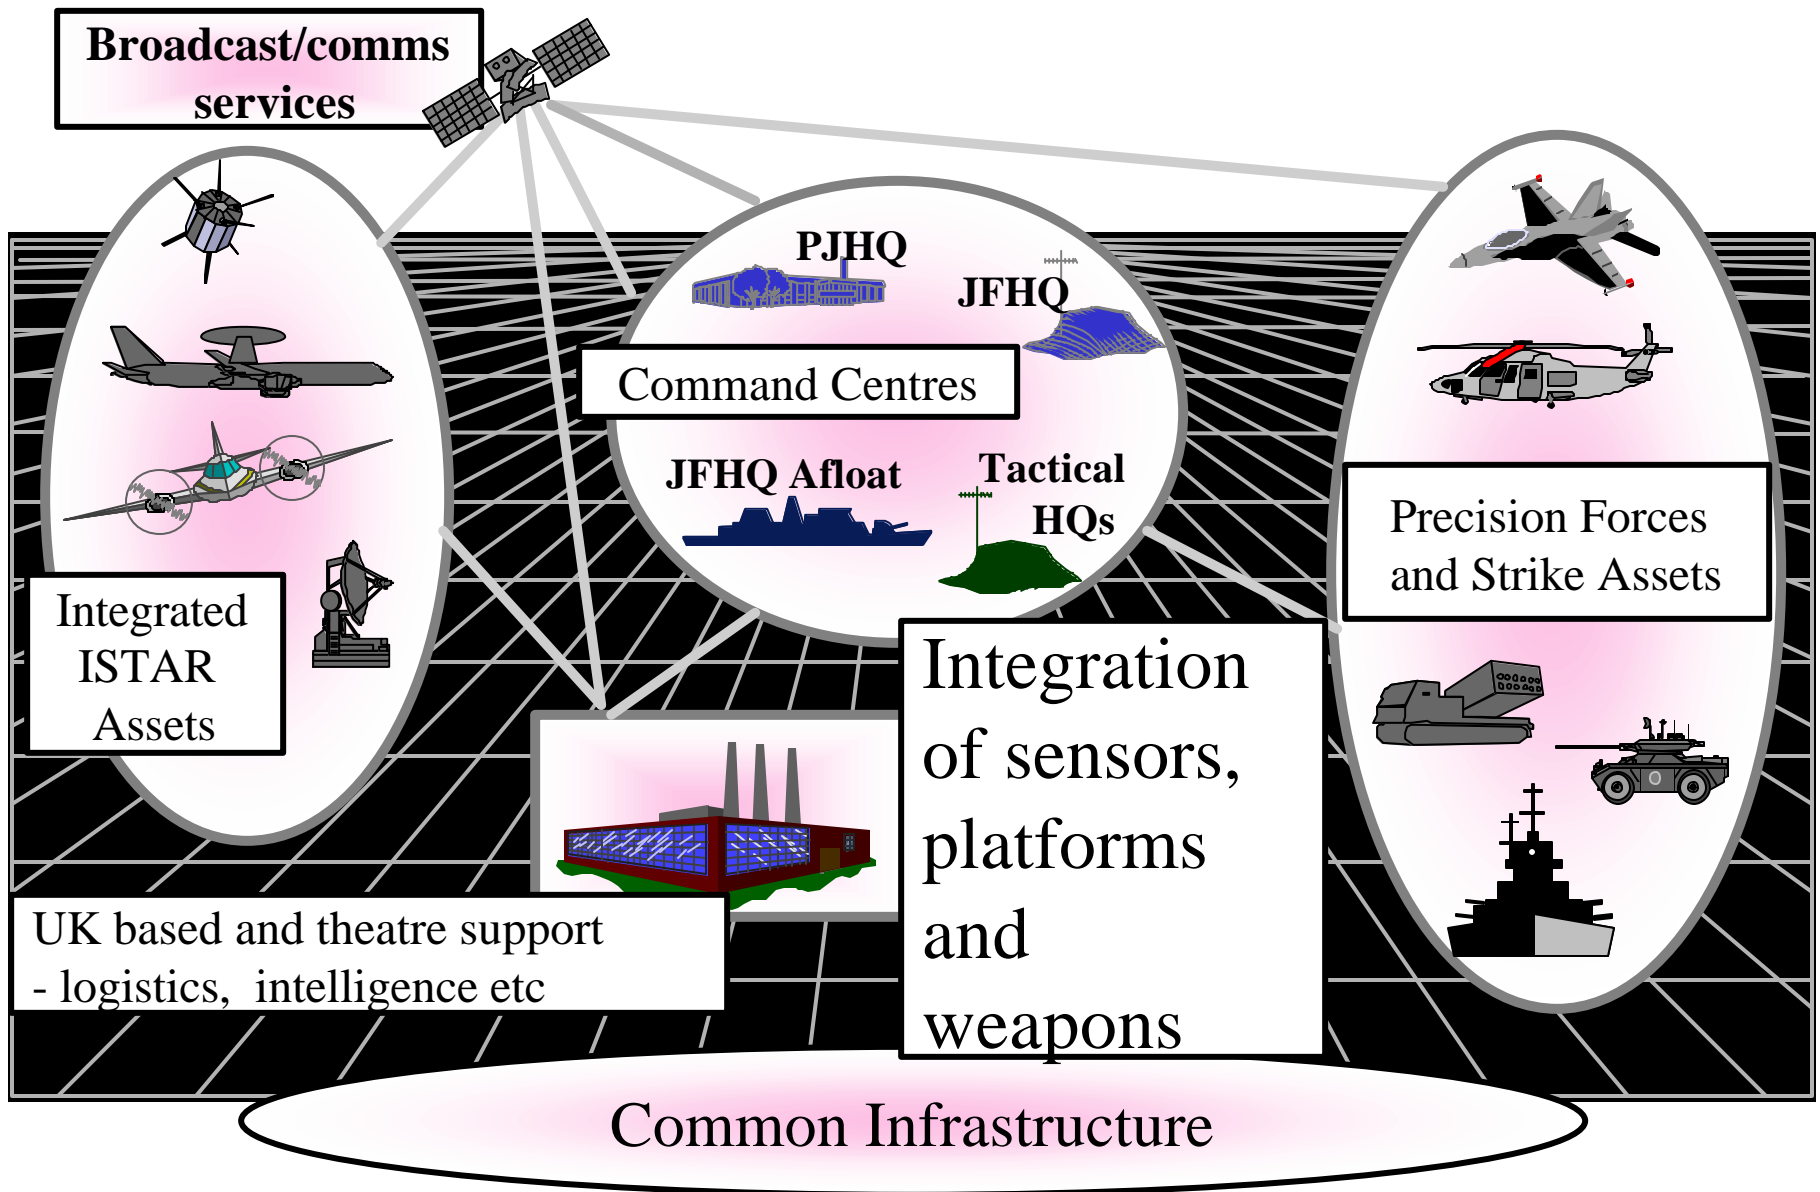

Large increases in bandwidth

Explosion in mobile computing

Use of HTML and XML

Search engines with advanced profiling techniques and in built intelligence

Network Centric Operations

In search of Information Dominance

The Shores of Doctrine

The Jungle of Technical Uncertainty

The Slippery Slope of Legacy Systems

The Dead Lake of Security

The Information Deluge Falls

The Sheer Cliffs of Coalition Interoperability

Summary

**Technology has many answers -
best if we knew the questions!**

**Technology is not the only
answer - people remain key.**

**Technology still has many
issues left to resolve -**
