LEGEND:

X = Published in Report.

* = Not published but maintained on microfiche in this office and selected offices in the Reserve Components.

1/ = Includes Displays on Reserve Technicians

2/ = Gains, Losses, Reenlistments/Extensions are only reported on members of the Selected Reserve and members in the Training Pipeline (T/PC = F, P, L, Q and U)

Effective: 1 October 1981

INTRODUCTION

This Report is produced from each Reserve Component's input to the Reserve Components Common Personnel Data System (RCCPDS) submitted under Report Control Symbols (RCS) DD-M-(M) 1147 and 1148. For more information about RCCPDS, please refer to DoD Instruction 7730.54

The primary objective of the RCCPDS is twofold, that is, it provides a: (1) standardized and (2) centralized data base containing personnel information on all members of the Reserve Forces. Established in this fashion, the system has become the official source for Reserve Component strength (in July 1975) and the official source for accession/loss/reenlistment information (in July 1976). The information summarized and displayed in this Report reflects the official DoD position and as such it forms the basis for manpower planning, strength accounting and budgeting throughout the Department. Additionally, the information contained herein may be released to individuals and agencies outside the DoD.

It is important to note that the reliability of this information is only as good as the sources from which it was drawn. Therefore, it is essential for each Reserve Component to continue the purification of their data. This action will be directly reflected in the quality of information in this Report.

NEWS

Selected Reserve Strength as reported on page 5 does not include Full-Time Active Guard and Reserve (FTS-AGR) personnel for the USNR and USMCR. The inside front cover includes these individuals.

USMCR FY82 Gains and Losses: Production of this FY Summary has been delayed to afford the USMCR time to produce an accurate file of their gains and losses for FY82. The USMCR attempted to do this but was unsuccessful. Since it is our responsibility to provide the most accurate information possible, the Defense Manpower Data Center was tasked to reconstruct the USMCR transation file by way of intricate monthly master file matching. The results of this reconstruction can be seen in the gain and loss tables. CAUTION: The G1, G2, L1 and L2 monthly totals may not add to the FY total columns due to the addition of these reconstructed records.

USNR TAR Records: Users should be aware that beginning with FY83 TAR personnel are to be accounted for in Selected Reserve totals. The December 1982 publication will reflect this change.

Publication Frequency: Users should note that this publication will now be distributed quarterly. Gains, losses and reenlistments/extensions will be "rolled up" year to date as we progress through the fiscal year. Monthly data will be available upon request.
