

CRS Report for Congress

FY2008 Appropriations for State and Local Homeland Security

Shawn Reese
Analyst in American National Government
Government and Finance Division

Summary

The Administration's FY2008 budget request could provide approximately \$2.02 billion for state and local homeland security assistance programs — \$985 million less than Congress appropriated for these programs in FY2007 (P.L. 109-295). Major proposed changes include the following: (1) the Administration does not request funding for LETPP; instead it requests that \$62.5 million of the \$250 million requested for SHSGP and \$200 million of the \$800 million requested for UASI be used for law enforcement terrorism prevention activities; 2) the Administration requests that EMPG and CCP be the only state and local programs funded using Section 1014 of the USA PATRIOT Act (P.L. 107-56), which guarantees each state a minimum of 0.75% of total appropriations for domestic preparedness programs; and 3) the Administration proposes that SHSGP be a discretionary program, but guarantees each state a minimum of 0.25% of total appropriations for SHSGP. This report will be updated when congressional actions warrant.

This report is an overview of the Administration's FY2008 budget request for the following 11 homeland security programs designed to provide assistance to state and local first responders — firefighters, emergency medical personnel, emergency managers, and law enforcement officers:

- State Homeland Security Grant Program (SHSGP),
- Law Enforcement Terrorist Prevention Program (LETPP),
- Urban Area Security Initiative (UASI),
- Port Security Program,
- Transit Security Program,
- Intercity Bus Security Program,
- Trucking Security Program,
- Buffer Zone Protection,
- Assistance to Firefighters (FIRE),
- Emergency Management Performance Grants (EMPG), and
- Citizen Corps Program (CCP).

The programs, which are intended to help state and local recipients enhance their preparedness for terrorist attacks and catastrophic events, are administered by the Office for Grants and Training (G&T) in the Department of Homeland Security (DHS).¹

The Administration's budget request includes structural proposals for some of these programs. First, the Administration does not request funding for LETPP; instead it requests that \$62.5 million of the \$250 million requested for SHSGP and \$200 million of the \$800 million requested for UASI be used for law enforcement terrorism prevention activities.² This could result in states being allocated \$187.5 million (versus \$525 million in FY2007) for SHSGP activities, and high-threat, high-density urban areas being allocated \$600 million (versus \$770 million in FY2007) for UASI activities. Second, the Administration requests that EMPG and CCP be the only state and local programs funded using Section 1014 of the USA PATRIOT Act (P.L. 107-56), which guarantees each state a minimum of 0.75% of total appropriations for domestic preparedness programs.³ Third, the Administration proposes that SHSGP be a discretionary program, but guarantees each state a minimum of 0.25% of total appropriations for SHSGP.⁴

Table 1, on the following page, compares the FY2007 appropriations and the Administration's FY2008 budget request for these programs.

¹ Programs not covered include general assistance programs that are authorized for a broad range of public safety activities, such as Justice Assistance Grants and Community Oriented Policing Services. Nor does this report track appropriations for bioterrorism preparedness and National Guard funding.
