Integrating Training through a Bonded Star Knowledge Information Network

Joint Knowledge Development and Distribution Capability
Joint Management Office

Alex Hoover, Assessment Director

Jeff Krinock, Future Operations

Training Transformation (T2) Capabilities

JKDDC

(Preparing Forces Individually)

JFCOM Lead

- Provide continuous career-long development of joint knowledge through learning, education, and training
- Distribute knowledge to DoD personnel anytime, anywhere

JNTC

(Preparing Forces Collectively)

JFCOM Lead

- Provide units and staffs an environment for realistic joint exercises against aggressive, free-playing opposing forces with credible feedback
- Provide an integrated live, virtual, and constructive simulation environment, available 24/7, and link to real-world command and control systems
- Focuses collective training in four key areas: Horizontal, Vertical, Integration and Functional

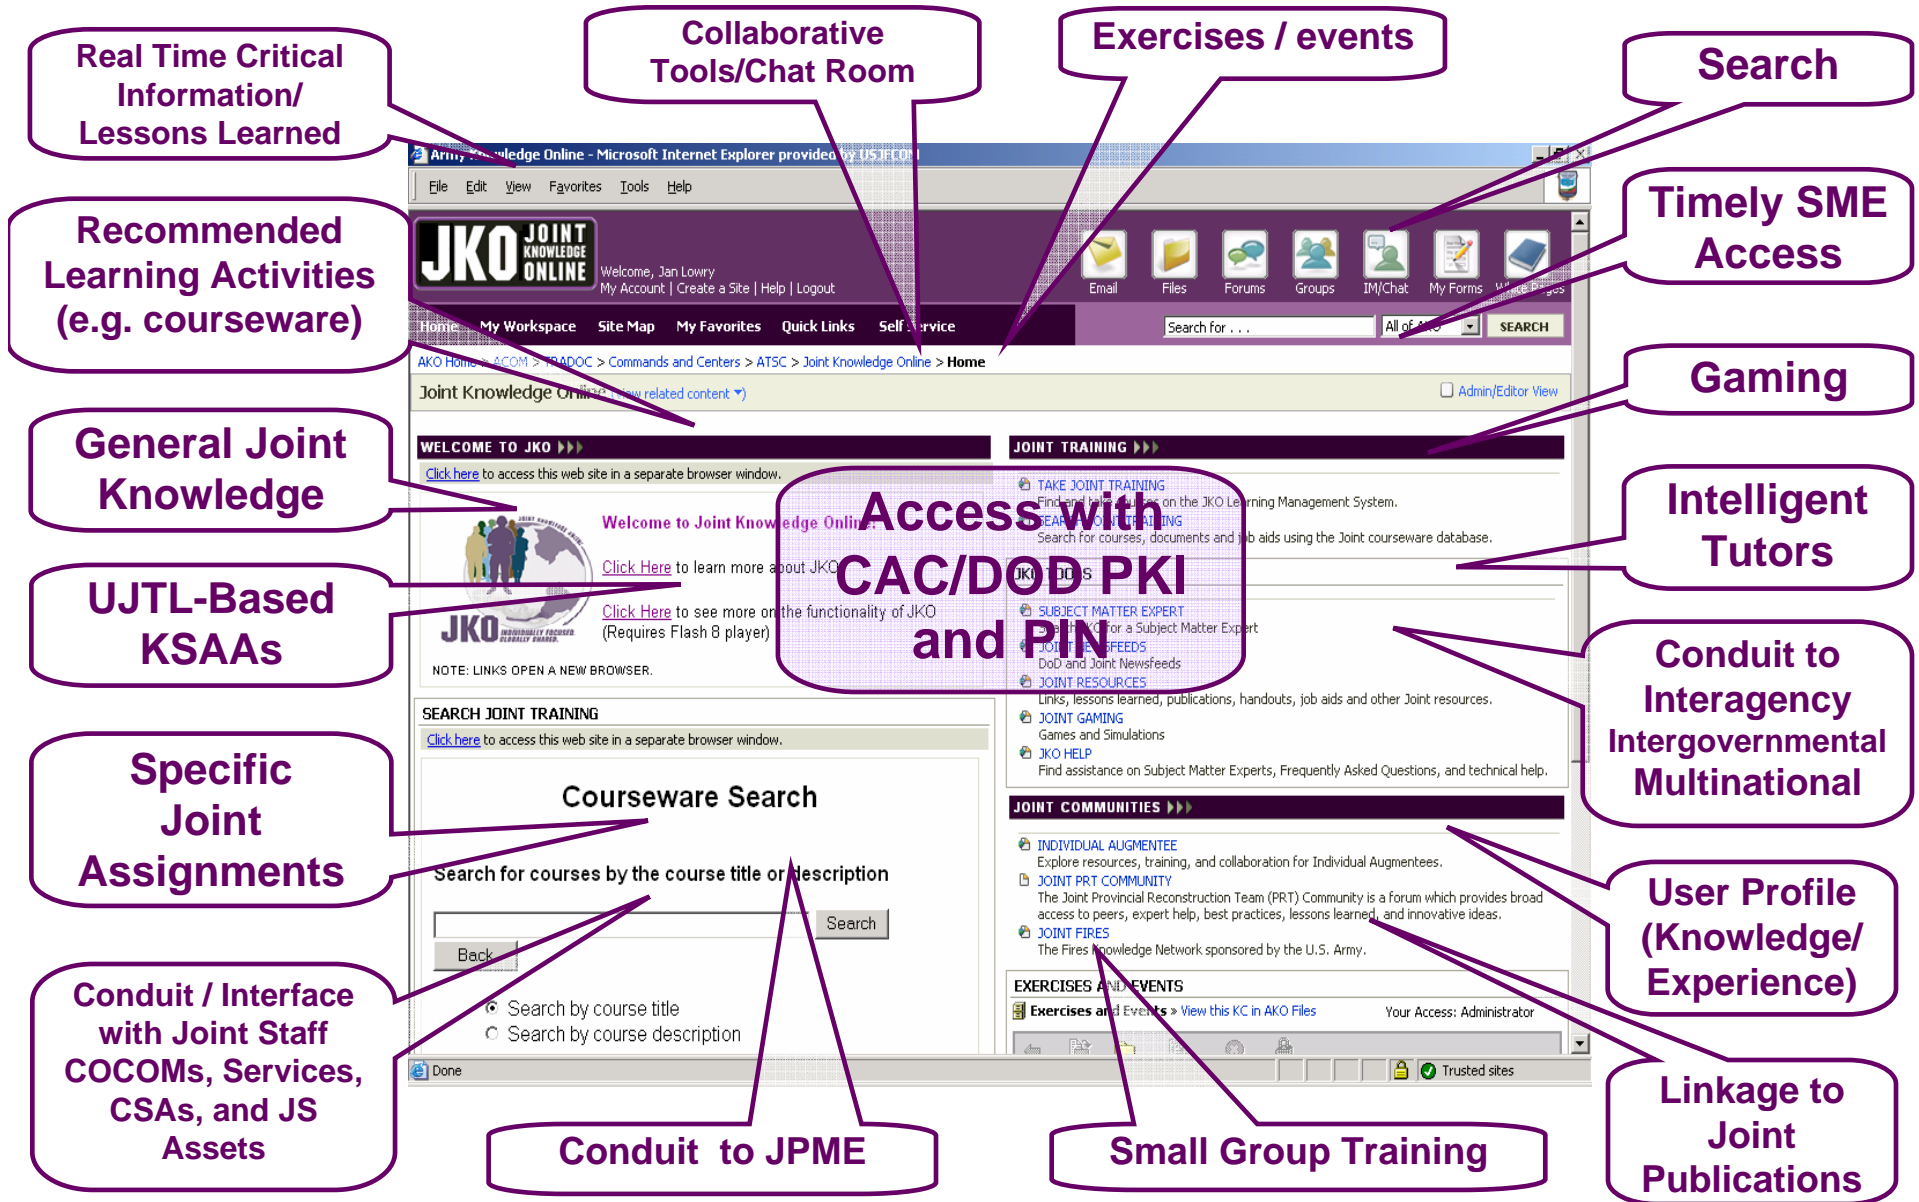

JAEC

(Assessing and Enabling the Force)

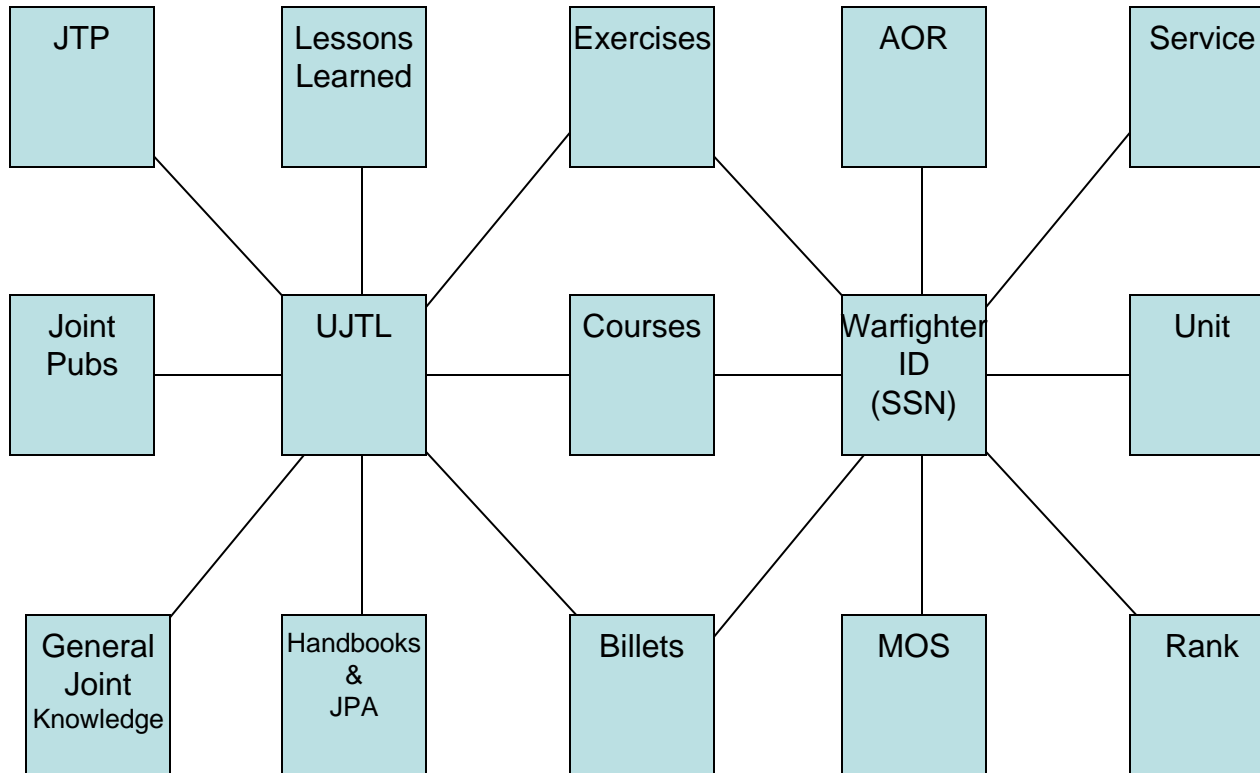

OSD and CJCS Lead

- Establish mechanisms to ensure Continuous improvement of force readiness and systematic assessment of plans, programs, and investments
- Provide assessment and enabling tools to support and guide capabilities development

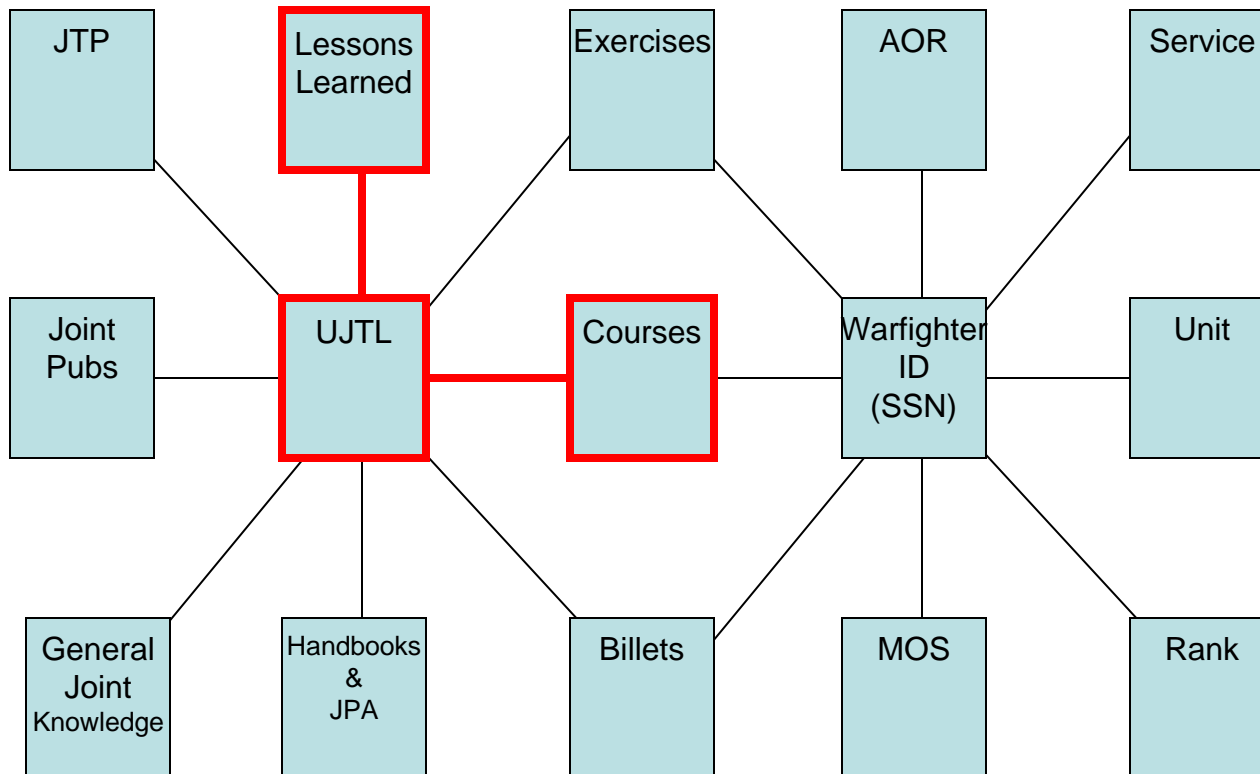

JKDDC Portal

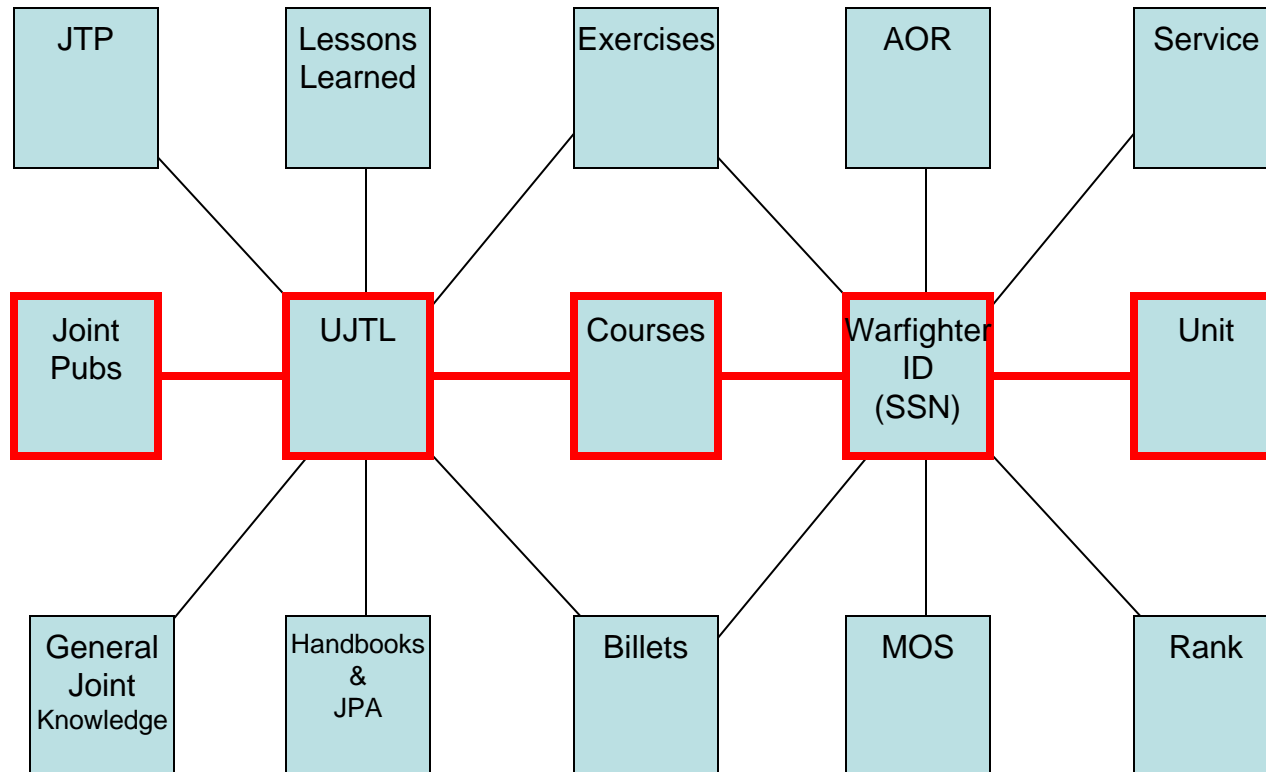

Information Schema

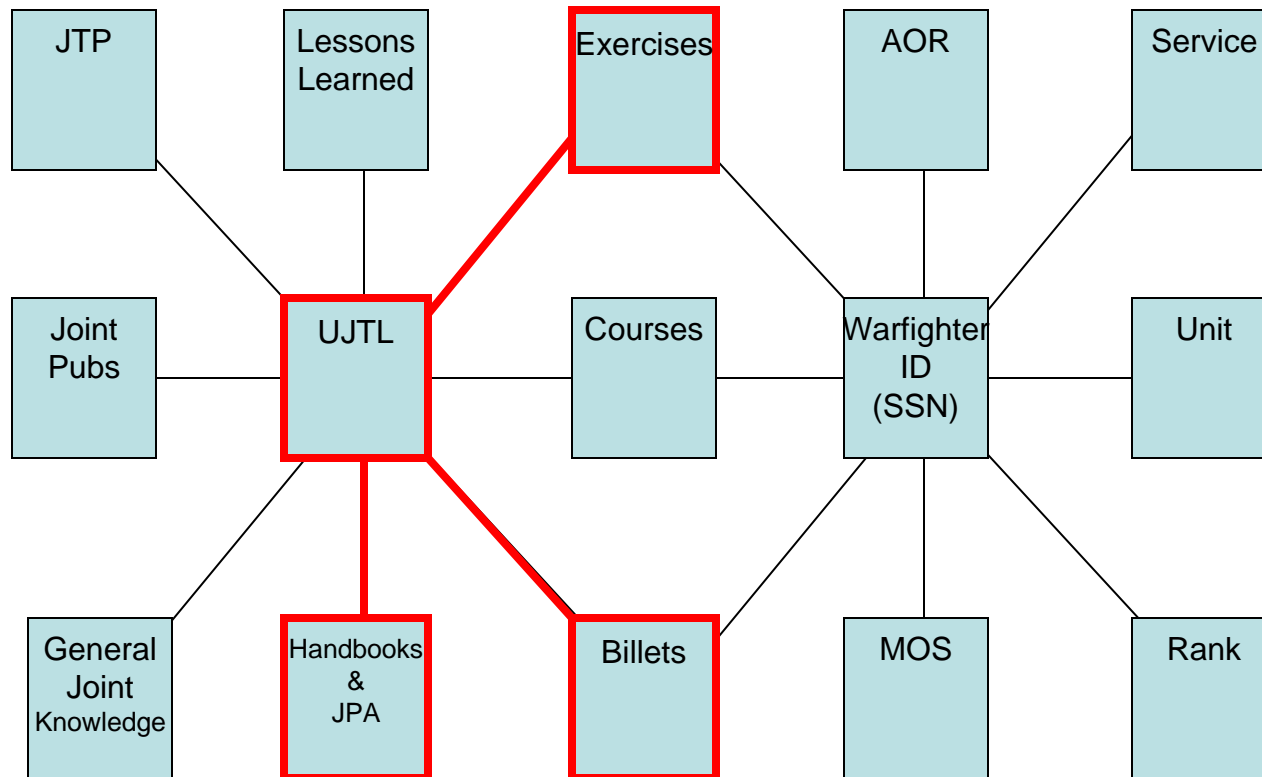

What courses might need to be updated based on this Lesson Learned we just wrote?

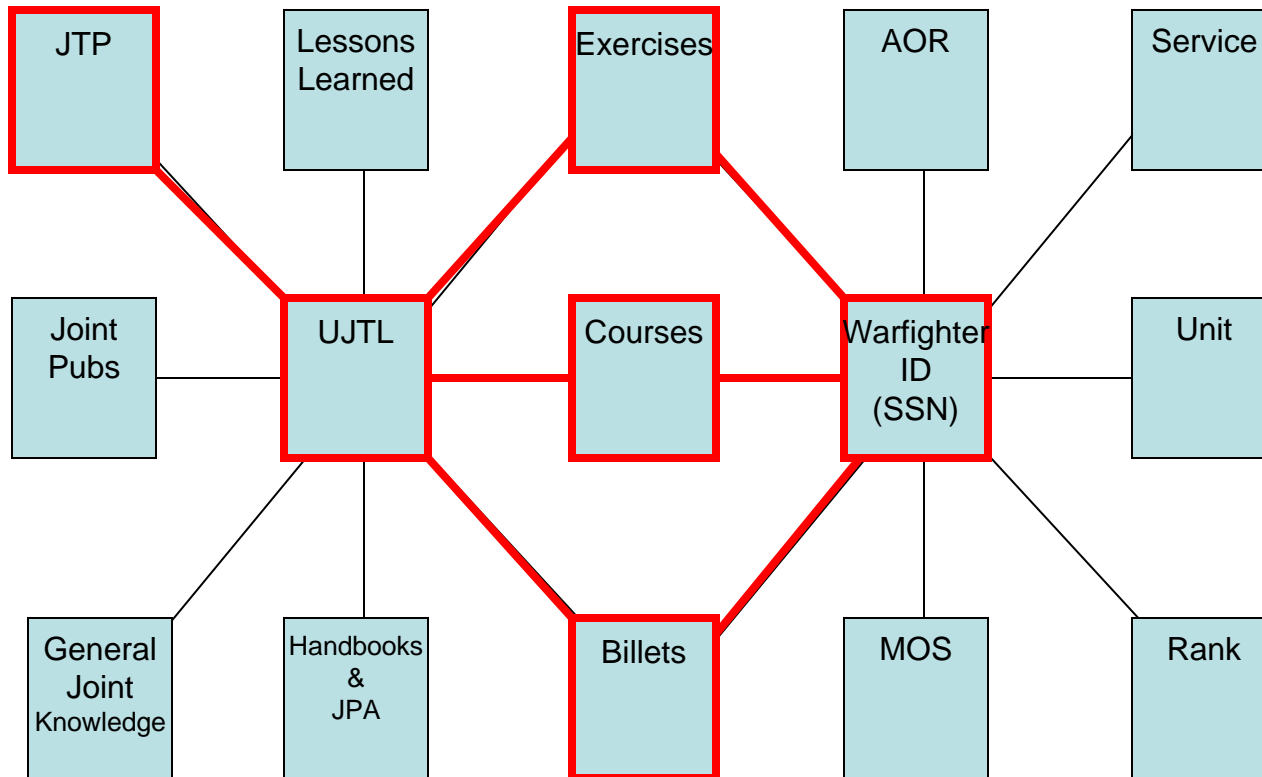

How many people in my unit have received training on Joint Pub 2-3 stuff in the last 3 months?

What handbook should I look at before I go be the JOC chief in exercise Multiple Conundrum 07? Oh, yeah, which checklist should I take with me as a “cheat sheet”?

How many of my people have been trained to the part of my JMET that applies to their billet?

Course Title	Joint Special Operations Task Force Course (JSOTF)
Description	This JSOTF course is level 1 of a 3 level program designed to provide basic background knowledge and comprehension of joint operations, Special Operations Forces (SOF), and JSOTF operations and responsibilities. The present CD-ROM based course is self-paced, interactive, computer-based, and stand-alone. This course is based on the assumptions that the individual is assigned, or about to be assigned, to a JSOTF HQ, is service specialty or branch qualified, but is not necessarily joint or SOF qualified. This course focuses on the JSOTF as a whole; what it is, what it does, and how it operates. This course offers an overview of command and staff functional areas and how the various functional areas relate and interoperate with each other. It also provides specific functional area information for the individual staff member, basic knowledge of SOF, component commands, and component units, to include their missions, capabilities and limitations. It also includes the generic organization of a JTF, JSOTF, and theater SOC with a brief description of what each staff organization does.
