Note. Percent responding are Reserve members who answered the question. Evaluation incident rate indicates the percentage of members who experienced at least one of the behaviors during the 12 months before responding to the survey and who indicated their gender was a factor. The overall Cronbach's coefficient alpha = 0.76 (males = 0.75 and females = 0.76).

Note. Percent responding are Reserve members who answered the question. Sex Discrimination incident rate indicates the percentage of members who experienced Evaluation, Assignment, or Career discriminatory behaviors in the 12 months before responding to the survey (Q54) and who indicated they considered at least some of the behaviors experienced to be sex discrimination (Q55a). The overall Cronbach's coefficient alpha without the inclusion of Q55a = 0.89 (males = 0.86 and females = 0.89).

Note. Percent responding are Reserve members who answered the question. Sexual Harassment incident rate indicates the percentage of members who experienced Crude/Offensive Behavior, Unwanted Sexual Attention, or Sexual Coercion in the 12 months before responding to the survey (Q56a-p) and who indicated they considered at least some of the behaviors experienced to be sexual harassment (Q57). The overall Cronbach's coefficient alpha without the inclusion of Q57 = 0.94 (males = 0.95 and females = 0.94).

## PRIVACY ACT STATEMENT & INFORMED CONSENT INFORMATION

In accordance with the Privacy Act, this notice informs you of the purpose of the survey and how the findings of these surveys will be used. It also provides information about the Privacy Act and about informed consent. Please read it carefully.

**AUTHORITY:** 10 USC Sections 136, 481, 1782, and 2358. 14 USC Section 1.

**PRINCIPAL PURPOSE:** Information collected in this survey will be used to research attitudes and perceptions about gender-related issues, estimate the level of sexual harassment and unwanted sexual contact, and identify areas where improvements are needed. This information will assist in the formulation of policies which may be needed to improve the working environment. Reports will be provided to the Department of Defense (DoD), Department of Homeland Security (DHS), each Military Department, and the Joint Chiefs of Staff. Findings will be used in reports and testimony provided to Congress. Some findings may be published by the Defense Manpower Data Center (DMDC) or in professional journals, or presented at conferences, symposia, and scientific meetings. Data could be used in future research. Datasets without any identifying information may be analyzed by researchers outside of DMDC. Briefings and reports on results from these surveys will be posted on the Web: <http://www.dmdc.osd.mil/surveys/>

**ROUTINE USES:** None.

**DISCLOSURE:** Providing information on this survey is voluntary. Most people can complete the survey in 40 minutes. There is no penalty or loss of benefits to which you are entitled if you choose not to respond. However, maximum participation is encouraged so that the data will be complete and representative. Your survey responses will be treated as confidential. Identifying information will be used only by government and contractor staff engaged in, and for purposes of, the survey research. For example, the research oversight office of the Office of the Under Secretary of Defense (Personnel and Readiness) and representatives of the U.S. Army Medical Research and Materiel Command are eligible to review research records as a part of their responsibility to protect human subjects in research. This survey is being conducted for research purposes. In no case will individual identifiable survey responses be reported. If you answer any items and indicate distress or being upset, etc., you will not be contacted for follow-up purposes. However, if you indicate a direct threat to harm yourself or others within responses or communications about the survey, because of concern for your welfare, DMDC will notify an office in your area for appropriate action.

**SURVEY ELIGIBILITY AND POTENTIAL BENEFITS:** DMDC uses well-established, scientific procedures to randomly select a sample that represents the Defense community based on combinations of demographic characteristics (for example, Service, gender). This is your chance to be heard on issues that directly affect you. While there is no direct benefit for your individual participation, your responses on this survey **make a difference**. For example, results from previous surveys have played an important role in evaluating and developing policies and practices regarding general workplace respect issues as well as sexual assault, sexual harassment, and other gender-related issues. Individuals who are minors as per their state law are not eligible to participate in the survey.

**STATEMENT OF RISK:** The data collection procedures are not expected to involve any risk or discomfort to you. The only risk to you is accidental or unintentional disclosure of the data you provide. However, the government and its contractors have a number of policies and procedures to ensure that survey data are safe and protected. For example, no identifying information (name, address, Social Security Number) is ever stored in the same file as survey responses. Survey data may be shared with organizations doing research on DoD personnel but only after minimizing detailed demographic data (for example, paygrade and detailed location information) that could possibly be used to identify an individual. A confidentiality analysis is performed to reduce the risk of there being a combination of demographic variables that can single out an individual. Government and contractor staff members have been trained to protect client identity and are subject to civil penalties for violating your confidentiality.

## FREQUENTLY ASKED QUESTIONS

### What is Defense Manpower Data Center (DMDC)?

- DMDC maintains the largest archive of personnel, manpower, training, and financial data in Department of Defense (DoD). DMDC also conducts Joint-Service surveys including the Status of Forces Surveys, QuickCompass, and Human Relations Surveys for the Department of Defense. To learn more, visit the DMDC Web site.

<http://www.dmdc.osd.mil/>

### What is the Human Relations Survey Program?

- Human Relations Survey is a DoD personnel program that features Web-based surveys sponsored by the Under Secretary of Defense for Personnel and Readiness [USD(P&R)].
- These surveys enable the DoD to regularly assess the attitudes and opinions of the DoD community - active duty and Reserve component members, and DoD civilian employees - on the full range of personnel issues.

### How do I know this is an official, approved DoD survey?

- In accordance with [DoD Instruction 8910.01](#), all data collection in the Department must be licensed and show that license as a Report Control Symbol (RCS) with an expiration date. The RCS for this survey is RCS# DD-P&R(QD)1947, expiring 12/31/2013.

### How did you pick me?

- DMDC uses well-established, scientific procedures to randomly select a sample that represents the Defense community based on combinations of demographic characteristics (e.g., Service, gender).

### Why should I participate?

- This is your chance to be heard on issues that directly affect you, including policies and practices regarding general workplace respect issues as well as sexual assault, sexual harassment, and other gender-related issues.

- Your responses on this survey ***make a difference***.

**How do I participate?**

- The survey will be available at this Web site around April 23, 2012. Currently you may (1) read the Privacy Act Statement, (2) verify contact information, and (3) provide e-mail address(es) so we can notify you when the survey opens.

**What is WGRSurvey@osd.pentagon.mil?**

- The official e-mail address for communicating with Reserve component members about Human Relations Survey surveys. "WGRSurvey" is short for Workplace Gender Relations Survey.

**Why am I being asked to use the Web?**

- Web administration enables us to get survey results to senior Defense leaders faster.

**Why are you using a .net instead of a .mil domain to field your survey?**

- The survey is administered by our contractor, Data Recognition Corporation, an experienced survey operations company. The survey collection tool starts on a .mil site within DMDC. Once you enter your ticket number you are redirected to a contractor site which uses a .net domain. This allows everyone to access the survey, even from a non-government computer.

**Do I have to answer all questions?**

- No, it is not necessary to answer every question. Within the survey screen, you have four control buttons: Next Page (->), Previous Page (<-), Clear Responses and Save and Return Later. Use these buttons to navigate through the survey or skip questions. Use the Save and Return Later button to give yourself flexibility to complete the survey at a convenient time. When you return to the survey Web site, enter your Ticket Number to get to the place in the survey where you had stopped.

**Why does the survey ask personal questions?**

- DMDC reports overall results, as well as by other characteristics, such as location, gender, etc. To complete these analyses, we must ask respondents for these types of demographic information.
- Analyzing results in this way provides Defense leaders information about the attitudes and concerns of all subgroups of personnel so that no groups are overlooked.
- Sometimes sensitive questions are asked in order to improve personnel policies, programs, and practices. As with all questions on the surveys, your responses will be held in confidence.

**Will my answers be kept private?**

- Your privacy will be safeguarded in accordance with the Privacy Act of 1974 (Public Law 93-579).
- All data will be reported in the aggregate and no individual data will be reported.
- We encourage you to safeguard your Ticket Number to prevent unauthorized access to your survey. In addition, to ensure your privacy, be aware of the environment in which you take the survey (e.g., take the survey when no one else is home, take care to not leave the survey unattended).

**Can I withdraw my answers once I have started the survey?**

- If you wish to withdraw your answers, please notify the Survey Processing Center prior to June 28, 2012 by sending an e-mail to [WGRSurvey@osd.pentagon.mil](mailto:WGRSurvey@osd.pentagon.mil) or calling, toll-free 1-800-881-5307. Include your name, Ticket Number and PIN.

**Will I ever see the results of the survey?**

#### ACTIVATION/DEPLOYMENT STATUS

Please read the following definitions carefully. When you see any form of the terms “activation” or “deployment” later in the survey, you can click on the words to recall these definitions.

In this survey, the term “activation” refers to the involuntary or voluntary call to active duty in support of a contingency of a National Guard/Reserve component member under the provision of 10USC 12301(a) (Full Mobilization), 10USC 12301(d) (Voluntary Active Duty), 10USC 12302 (Partial Mobilization), or 10USC 12304 (Presidential Reserve Callup). **It does NOT apply to members on full-time active duty (AGR/FTS/AR), members serving on full-time National Guard Duty, or members serving on State Active Duty.**

In this survey, the term “deployment” refers to the movement of a member (or unit), for duty purposes, to a location that would be considered outside normal commuting distance or time from the member's permanent duty station (i.e., the location where the member normally performs Inactive Duty Training [IDT] drills). Deployments can be to a location within the contiguous 48 states (CONUS) or to a location outside the contiguous 48 states (OCONUS).
